They are going abroad principally to investigate emigration problems and conditions as they affect this country. He will travel as a special representative of the U.S. government.

IMMIGRATION BARS TO BE KEPT UP, SAYS JOHNSON.

NEW YORK, April 24, (Jewish Correspondence Bureau) Congress will continue to restrict immigration, according to Albert Johnson, chairman of the House Committee on Immigration, who defended the present immigration law in a speech last night before members of the American Defense Society at the Hotel Biltmore.

"Congress will not turn the immigration question over to a commission," he said, "with power to increase or decrease the flood. The United States has too many Federal commissions now, and a commission with power to feed near-serf laborers into the mines and mills would be the worst commission of all".

He defended the Quota system as productive of the best results.

LOUIS H. LEVIN DEAD.

BALTIMORE, April 23, (Jewish Telegraphic Agency) Louis H. Levin, Executive Secretary of Associated Jewish Charities, died yesterday after a long illness. A lawyer by profession, he devoted the greater part of his latter years to Jewish philanthropic work.

AMALGAMATED BANK GROWS.

NEW YORK, April 23, (Jewish Correspondence Bureau) The Amalgamated Bank, opened April 14 by the Amalgamated Clothing Workers of America at 103 East Fourteenth Street, has already outgrown its capital and office facilities and both are being increased, the directorate announced yesterday. An increase from \$300,000 to 450,000 has been voted in capital and surplus, they stated, and two more floors have been leased.

Present resources were given as \$970,000, with 1,900 depositors, compared with the \$560,000 and 800 depositors recorded the opening day. The \$150,000 new stock issue is expected to add several hundred to the 1,000 shareholders.

Birth Control Advocate Will Take Chicago Rabbinate.

NEW YORK, April 24, (Jewish Correspondence Bureau) Rabbi Louis A. Mishkind, who resigned from Tremont Temple because the temple authorities refused to allow Mrs. Margaret Sanger to speak on birth control there, held the meeting Sunday morning in the Free Synagogue at 205 West 163rd street, where Mrs. Sanger addressed a large audience.

Seymour Mork, president of the Tremont Temple Board of Trustees, said yesterday that Rabbi Mischkind's resignation has been accepted and that the rabbi has received a call to Chicago.

PRESIDENT HARDING IN FAVOR OF SELECTIVE IMMIGRATION SYSTEM.

WASHINGTON, April 23, (Jewish Correspondence Bureau) Senator Thomas Sterling of South Dakota, prominent Republican member of the Senate Immigration Committee, conferred with President Harding yesterday concerning the immigration situation, it has been learned by your correspondent, who interviewed the Senator today about the conference.

The Senator stated that he had informed the President of a bill which he intends to introduce at the next session of Congress for selective immigration, whereby an independent commission of five members would be appointed by the President to handle the immigration problems.

Senator Sterling stated that he had only given the President a general idea of his proposed bill and had not gone into the details concerning it. The President expressed himself in favor of a selective system of immigration as a permanent plan and as a general theory, the Senator said.

Senator Sterling recently came into prominence as probably the most active Republican member of the Senate Immigration Committee. Senator Colt, the Chairman of the Committee, has reached an advance age and cannot apparently be as active as Senator Sterling.

Under the proposal of Senator Sterling for his new bill which he expects to introduce, within certain limitations the commission would determine what percentage of immigration would come in, in a given year, from each country.
