## NUMERUS CLAUSUS STIRS POLISH JEWS' IRE.

Report Anti Semite Slated For Foreign Minister.

WARSAW. June 22, (Jewish Telegraphic Agency) Jewish organizations of Poland have "declared war" on the entire present Cabinet as the result of the approval of the numerus clausus by the education commission of the Sejm. They are particularly indignant because of the support given the measure by the Minister of Education, Glombinski.

The Zionist Congress which is meeting here at present adopted resolutions bitterly condemning the act of the Education Commission, and the Jewish Sejm Club announced it would fight every inch against the proposal of Premier Witos and his Cabinet.

According to rumors current here, the anti-Semitic leader Roman Dmowski is being considered for the position of Foreign Minister.

## REPORT HAINISCH PLANS TO RESIGN AUSTRIAN PRESIDENCY.

VIENNA. June 22, (Jewish Telegraphic Agency) Although his term does not expire until the fall of 1924 President Hainisch of Austria is contemplating resigning from the presidency this fall, according to reports current in political circles here. President Hainisch is said to be weary of his position.

Among the candidates mentioned to succeed him is Dr. Wisenkirchner, the Speaker of the Parliament, a member of the Christian Socialist Party. Another spoken of is Dr. Binghafer Pangerman, an outspoken anti-Semite. The most likely successor seems to be the former Premier Dr. Johan Schober, who is not an adherent to any particular party.

In view of Austria's need for international financial assistance, it is not believed that any outspoken anti-Semite such as Pangerman will be given the position.

President Hainisch is ranked as a friend among Jews, his aged mother being of Jewish descent.

Lachman was a very wealthy merchant with business connections in England and America. His wife was a very beautiful woman, and his daughter had many admirers. The family are supposed to be the victims of an anti-Semitic crime.

**NEW LITHUANIAN SEJM AT WORK.**

KOWNO, June 12, (Jewish Telegraphic Agency) The new Lithuanian Sejm held its first meeting on June 5th. The first work was the election of the Praesidium, which is composed of one Christian Democrat, M. Tumenas, Chairman, one People's Socialist, Vice-Chairman, one Christian Labor, Secretary, and one People's Socialist, Second Secretary.

After discussions with the People's Socialists the Jewish deputies voted in favor of their candidates. The Jewish deputy Garfunkel has been elected a member of the Mandates Commission. There are rumors that the Russian and German deputies (three) are leaving the minorities' bloc to join the bloc of the Right Parties.

Negotiations are proceeding between the People's Socialists and the Christian Democrats for the establishment of a Coalition Government. The People's Socialists are demanding three seats in the Cabinet, including the Ministry for Education.

The Christian Democrats have agreed to grant them two seats, of which the Ministry for Education is not one. Agreement has been reached between the two parties that the President of the Republic shall be a Catholic.

The establishment of the Coalition does not seem likely at the moment. The People's Socialists demand the closing down of private banks and the prohibition of the sale of timber abroad. It is believed that Government circles are already making arrangements for closing down the private banks (chiefly Jewish). The People's Socialists are also demanding certain privileges for the co operative societies. All these demands hit the Jewish trading population of the country.

### RABBIS' BAN ON JEWISH CORPSES CAUSES BAPTISMS, IS CHARGE.

WARSAW, June 20, (Jewish Telegraphic Agency) The action of the Warsaw Rabbinate in refusing to authorize the use of Jewish corpses for dissection work in the medical schools has led to a vigorous protest by the Jewish students who charge that the attitude of the rabbis will drive many medical students to baptism.

The Polish medical schools, the students point out, will not permit Jewish students to practice dissection on Christian corpses. The Jewish students will thus have no other recourse in view of the Rabbis' ruling but apostacy, they aver.

**"LAND--OUR ONLY SURETY" SAYS DR. J.L. MAGNES OF J.N.F.**

ERUSALEM, June 1, (Jewish Telegraphic Agency) Presiding at a public meeting in Jerusalem on the last day of May, Dr. J. L. Magnes, the well-known American preacher, who has been in Palestine for eight months, said that "at a time when no one knew what the morrow would bring forth, and the Jewish National Fund announced that it had acquired 100,000 dunams of land in Palestine."

"That at least was a sure basis. Whatever else occurred, whatever new changes were introduced, we could say we possessed land. That land was available for immediate colonization, and it was the foundation for further redemption of the land. More land awaited us; the Jew of the world must come forward and help to secure its passing into the hands of the Jewish people, but the start for that movement must be made in Erez Israel. Jerusalem must show the way.

"This stirring call commenced the big Drive for Geulah-Ha arez which has been organized in aid of the Jewish National Fund. The Jews of Palestine are expected to make a great rally for the redemption of the land, the most popular object of their efforts."

Dr. Magnus was supported by Dr. J. Klausner, Dr. Mohilever, grandson of the famous Rabbi Samuel Mohilever, Rabbi Menachem Levi, representing the Persian Jews of whose sufferings in Persia he gave a heart-rending account and Mr. D. Avisar, representing the Sephardim. At the close of the meeting portions of the new Palestine film of the Jewish National Fund were exhibited for the first time.
