JEWES BRIBED BALFOUR, CHURCHILL, KILLED KITCHENER, STARTED FRENCH, BOLSHEVIST AND SINN FEIN REVOLUTIONS, LORD DOUGLAS CHARGES.

LONDON, July 18, (Jewish Telegraphic Agency) The Earl of Balfour wrote a false bulletin about the Battle of Jutland during the World War so that an international ring of Jewish speculators could clean up on the New York and other stock exchanges, and Winston Churchill, while Lord of the Admiralty, committed treason, in return for moneys paid him by Jews, according to charges made by Lord Alfred Douglas, notorious associate of Oscar Wilde, in his libel suit against the London "Morning Post", now before court.

The "Post", which has an anti-Semitic history of its own, is being sued by Douglas because it printed a letter from the editor of the "Jewish Guardian", in which the editor had declared that Douglas's "Plain English" must no longer be a paying proposition if it is was being forced to invent such "vile insults" against the Jews.

Lord Douglas's counsel contended that the question whether the charges against the Jews made in "Plain English" were rubbish was not the point. The issue was solely, he said, whether the statement in the Post letter meant that the charges were due not to Douglas' belief in them but to selfish circulation reasons. If they were rubbish, he said, the Post itself made similar charges.

Among the charges against the Jews, which Douglas made in his paper, and which he reiterated at the trial, declaring that the Post had shared the same views, was that the Jews organized the French Revolution, the Bolshivist Revolution, the Sinn Fein movement - that they engineered the Versailles Treaty - that Wilson, Lloyd George and all of the world leaders were controlled by the Jews, and the Jews had murdered Kitchener. He was killed by the Jews because it was thought he might prevent the Russian Revolution, he said.

The chief witness for Douglas is Capt. Spencer of New York, who served in the British intelligence service during the war.

**PALESTINE "CAB" STRIKE CALLED OFF.**

JERUSALEM, July 18. (Jewish Telegraphic Agency) The strike of drivers of automobiles and horse-drawn vehicles was called off today following a promise by the municipality to give a definite answer within three days to the protest of the vehicle operators against lowering of the fares.

The strike so inconvenienced the population and tourists in Jerusalem and other cities that the authorities were constrained to announce they would reconsider the demand for a reduction.

Owing to the inadequate railway facilities, much of the traffic between Jerusalem and other parts of Palestine is carried by privately owned vehicles.

**HUSSEIN EXHORTS ARABS TO BE PATIENT.**

"London Times" Says Arab Congress Is Without Authority.

JERUSALEM, July 17, (Jewish Telegraphic Agency) The Executive Committee of the Moslem-Christian Union announces the receipt of a letter from King Hussein of Hejjaz in which he declares he will not sign the British-Arab protocol unless Great Britain agrees to nullify the Balfour Declaration.

The letter concludes with an appeal to the Arabs to have patience and confidence in him. (Hussein was recently the object of attack by Arab leaders because of his previous approval of the draft treaty excluding Palestine from the zone of Arab influence.)

-----

LONDON, July 17, (Jewish Telegraphic Agency) "The London Times" in an editorial today declares that "strictly speaking the Palestine Arab Congress has no authority to speak for the Arabs."

"Theoretically", the paper continues, "the British would be justified in ignoring the Arab Congress, but they must reckon largely with Arab opinion in Palestine."

"The Arab Congress has given nothing but an an exhibition of arrogance and political unwisdom. All told, it amounts to a demand that Britain and the League of Nations put aside all past projects for the development of Palestine and that Britain descend from the position of mandatory and accept the Arab Congress as the authoritative government," the "Times" concludes.

## HEAD OF ROUMANIAN CHURCH RAPS ANTI SEMITES.

BUCHAREST. July 3, (Jewish Telegraphic Agency) The Roumanian Metropolitan Primus has received in audience Chief Rabbi Dr. Nemierower and Deputy Dr. Fildermann, who made representations to him against the anti-Semitic agitation conducted by Prof. Cuza. They pointed out that in his latest writings and speeches, Prof. Cuza had alleged that the Rabbis demand the killing of Christians, and that he referred to the Jews as a whole as "children of Satan".

The Primus assured the delegation that he was taking action against these allegations. He reminded them that while he was still a bishop at the time of the Beilis trial, he had taken a strong attitude against the blood libel.

The Jewish religion, he said, was the first to pronounce against murder. He always sent representatives to Jewish ceremonies in order to show that he regarded the Jews as a brother people.

The Primus regarded the anti-Semitic movement not only as dangerous but that it has no basis whatsoever for its existence. The propaganda of hatred of which it consisted was un-Christian. The Jews were essential to the well being of the country. They were a patriotic element, and keeping them out of universities only made it impossible for them to come closer to Roumanian culture.

It was a mistaken policy to estrange the Jews. They should be drawn closer and made part of the Roumanian people. That was the only way to consolidate the country.
