ANTI-JEWISH DISTURBANCES RENEWED IN ROUMANIA

New University Term Marked By Clashes At Bacau and Klausenberg.

Bucharest, September 7 (Jewish Telegraphic Agency). Anti-Jewish disturbances broke out simultaneously in two places in Roumania this week. In Bacau student disciples of the anti-Semitic agitator, Professor Cuza, invaded en masse a hall in which a Jewish students' dance was being held and attacked the guests. The police, according to eye-witnesses' reports, received here, worked in cahoot with the mob, arresting Jews who attempted to fight back their assailants. Among those taken into custody are two officials, Solomon Rascal and Carl Meyerowici. Deputy Christo Vianu, liberal, who witnessed the attack issued a statement following the disturbance demanding the release of the officials. He confirms that the police favored the assailants. A thorough investigation of the attack and drastic punishment for the offenders is promised by the Minister of Justice, who hurried to Bacau on receiving reports of the disturbance.

With the beginning of the new semester at the University of Klausenberg, the rector Jacobovici has promised police protection to the Jewish students who were routed from the campus. The Minister of instruction, in view of the disturbances, has announced he will facilitate the issuance of passports to Jewish students who desire to study in foreign countries.

The government is still timorous about opening all of the universities on account of the fear of more trouble. The league of Non-partisan Students has issued a memorandum appealing to the authorities to open "the universities before we become gray".

**BRITISH CHIEF RABBI FEARS FOR SAFETY OF RUSSIAN JEWS.**

LONDON, Sept. 5, (Jewish Telegraphic Agency) "The earth is still reeling like a drunken man" declares British Chief Rabbi Hertz in his Rosh Hashona message to the Jews of Britain. He in general paints a gloomy picture of conditions affecting Jewry throughout the world.

"Nearly five years have passed since the close of the most devastating of wars. The earth is still reeling like a drunken man. The inhabitants thereof are bereft of reason by the poison gas of racial antagonisms in a world that was nearly destroyed by hate, and is seeking to save itself by hate, and Israel is the greatest sufferer in these distracted days.

"The forces of reaction and race hatred everywhere have joined hands in the unholy work of reviling and slandering the Jew. We are back once more in the Dark Ages. New Jewish massacres and on an unprecedented scale are openly advocated and systematically planned.

"The Russian monarchists declare that in the event of their regaining power they will slaughter every Jewish man, woman and child in that land. Western Jews do not sufficiently realize the infinite danger that hovers over four million of our brethren in Russia."

**JEW MUST BE BETTER CITIZEN THAN ALL, SAYS LORD ROTHSCHILD.**

LONDON, Sept. 7, (Jewish Telegraphic Agency) Lord Rothschild presided at Leeds at a meeting called to reestablish the local branch of the Anglo-Jewish Association.

Those spreading anti Semitism contend, Rothschild said, that the Jew is incapable of becoming a good citizen. "We must prove to the world that this is a gross libel. We must prove that the Jew cannot only be a good citizen but can be a better citizen than anyone" he insisted.

D'Avigdor Goldsmid who also spoke said that the Anglo-Jewish Association has existed for 52 years and in all of that time had played an active part in Jewish affairs of the British Empire.

The Association, he said, takes a great interest in Palestine, having pledged to support the British Government in the execution of the mandate and to do all possible to assist in the development of the Jewish Homeland.

## FORWARDERS OF MONEY TO RUSSIA DENY "EMES" CHARGES

Moscow, Sept. 3 (J. T. A.) The EMES organ of the Jewish communists in an article in a recent issue charges that in the forwarding of money sent from America to Russia through unofficial banks or persons, the receiver stands to lose from a third to a half the sums because the checks are otherwise uncashable.

The EMES declares that only the "Idgescom" and American Industrial Corporation founded by the Amalgamated Clothing Workers of America pay out remittances in full and in dollars.

The Jewish Telegraphic Agency of New York has put this matter up to several of the private agencies forwarding moneys to Russia. The American Express Company in a statement to the J. T. A. categorically denies the charges. The Company declares "we have received a large number of payees' receipts which indicate that payments are being effected promptly and for the full amount ordered".

The Cunard Steamship line declares that it does not forward its money by checks at all, but that the money is sent by mail through the Soviet State Bank. The Cunard also incloses a payees receipt indicating the full cashing of the money sent.
