## ZIONISTS REJECT SOLOWEITCHIK'S DEMAND

London, December 28 (Jewish Telegraphic Agency). The demand for dismissal of Leonard Stein, political secretary of the Zionist Organization, which accompanied Dr. H. Soloweitchik's resignation from the Executive, has been found "not justified" according to a statement by the Zionist Executive Committee.

In a statement issued by the Executive it is declared that Dr. Soloweitchik's demand for Mr. Stein's dismissal was considered at two meetings. The demand was rejected, Dr. Soloweitchik alone voting for it.

The Executive adds it regrets Dr. Soloweitchik's action but declines to enter into public discussion of its statement because it has bearing on the Zionist relation with the Government and other extrerhal bodies. The whole material relating to the resignation is being submitted to the Actions Committee, it is stated.

-----

Dr. Soloweitchik resigned because he said he found it impossible to share further the responsibility for the constant "sabotage" of the decisions of the Zionist Congress and of the Actions Committee, and in the "negligence of the movement". In particular, Dr. Soloweitchik charged that Mr. Stone, the politifal secretary has published incorrect text of the resolution opposing the Arab Agent and that sixteen days passed before the resolution was sent to the Colonial office.

## AUTHORITIES WILL NOT DEPORT EXCESS QUOTA IMMIGRANTS

Jewish Representatives Are Told By Commissioner Husband Deportation Is Not Contemplated For Humanitarian Reasons.

Washington, December 28 (Jewish Telegraphic Agency). The fate of approximately 2,400 excess quota immigrants, a large proportion of whom are Jews who had been admitted prior to November and charged to subsequent monthly quotas, has been decided in their favor. Deportation was feared in the cases of most of these immigrants because of the ruling of Federal Judge Knox that it was illegal to admit immigrants arriving in excess of a given month's quota and charge them to a subsequent month.

Following Judge Knox's decision officers of the Department of Labor expressed the opinion they would be obliged to call upon these aliens to leave the country and deport them if they would not leave voluntarily. The immigration authorities, however, have decided that "for humanitarian reasons they will take no action whatever toward deportation in view of the tragic circumstances that might result if it were attempted ~~after~~ these aliens had been admitted and established their domicile here.

This attitude of the immigration authorities towards these excess quota immigrants became known following a conference between M. D. Rosenberg, Washington representative of the Bnai Brith and of the Board of Delegates of the American Hebrew Congregations and Commissioner General of Immigration Husband.

Mr. Rosenberg has succeeded the late Simon Wolf as representative of these two bodies in Washington. He was accompanied by Rabbi Abraham Simon, a member of the Board of Delegates and President of the Central Conference of American Rabbis.

As it was explained this action was taken by Mr. Rosenberg for the purpose of forestalling possible deportation action by the Department.

## URGES BOYCOTT OF JEWS IN BUSINESS

Montreal, Dec. 28 (J. T. A.) A French newspaper publisher in this city is doing its utmost to infect French-Canadian citizens with the rabies of Judeo-Phobia, declared the Canadian Jewish Chronicle in an editorial in a recent issue.

It carries anti-Jewish articles of the most virulent type and even goes so far as to advise its readers to boycott Jewish places of business. It attempts to show that prominent Jews have made money in business in this city, but forgets to add that every industry headed by a Jew has not only helped to bring prosperity into the country, but has also served to provide work for thousands of non-Jews who might otherwise have swelled the ranks of the unemployed.

SAYS ANTISEMITISM IS "NON-EXISTENT" IN AMERICAN COLLEGES

"Zeta Beta Tau" Heac. Sees Increase of Jewish Student Activities.

Cleveland, December 28 (JEWISH TELEGRAPHIC AGENCY) The Ku Klux Klan will never be tolerated in American universities, declared Harold Riegelman of New York, National Executive of the Zeta Beta Tau fraternity in his annual report at the opening session of the twenty-fifth annual convention of the fraternity here.

Reviewing the history of the fraternity which was the first Jewish college society founded in America, Mr. Riegelman pointed to the large number of Jewish students taking part in college activities as proof of the fact that anti-Semitism is "non-existent" in American university life and that it could never thrive there.

"On the whole the status of Jewish college man is decidedly on the up grade," he reported. "Throughout the country the participation of Jewish students in both athletic and non-athletic activities has increased perceptibly and the lengthening list of campus honors accorded these participants is sufficient answer to those who view with skepticism the tolerance and liberality of the American college."

"The University man has marked preferences and certain prejudices. But he has a level head and is neither a knave or a fool. Consequently he has no stomach for the Ku Klux Klan or any of its implications."

Representatives of the fraternity from all over the country are attending its Silver Jubilee. Hon. Julius Kahn, Chairman of the House Military Committee, is Honorary President of the fraternity.

### MUSICIAN PLAYS HER WAY INTO THE COUNTRY

Regina Kohn, Held As Excess Quota Moves Board of Inquiry to Admit Her.

New York, December 28, (J.T.A.) - Regina Kohn, a teacher of music, literally played her way into the country when by her rendition of Schumann's "Traumerei" on her violin before a special Board of Inquiry at Ellis Island convinced the authorities that Regina Kohn was entitled to ~~xx~~ classification as an artist, and won her admission to the United States. She had been threatened with deportation because the Rumanian quota was exhausted when she arrived Monday on the Celtic. Miss Kohn is a Hungarian, but the part of Hungary in which she always lived is now occupied by Rumania and its habitants are classified as Rumanians under the immigration regulations.

Her case came up before the board Wednesday and Miss Kohn was informed by the Chairman that if she could play well enough she would be admitted as an artist, if not she would be deported. Feeling as if she had "one foot in America, the other in Europe," as she expressed it yesterday, she played the composition so ~~xxxxxx~~ artistically on a violin she had with her that she was told she could enter at once. So feelingly did she play that she broke down and wept in the midst of the piece, but controlled herself well enough to ~~the~~ finish.

She intends to open a studio here and possibly give concerts or go on the stage. She will live with her brother, Ignatz Kohn, at 1475 Second Avenue.
