ALL RUSSIAN DIVISIONS PLANNING OFFENSIVE AGAINST GOVERNMENT

London, February 6 (Jewish Telegraphic Agency). The Riga correspondent of the London Daily Mail reports that the All-Russian divisions of the Red Army (those containing no Tartars, Mongolians and others) are planning an offensive against the Communist Government. This offensive, the Mail States, would start in April. In anticipation of the movement the report asserts, the government is concentrating Tartar and Mongolian divisions in Moscow. Revolts are expected also in the Ural garrison, Siberia, Caucasasia and Kronstadt.

The revolting garrisons are cooperating with the Ukrainian troops who are planning a massacre of the Jews. The Baltic press reports serious anti-Semitic risings throughout Charkow, also in the provinces of Podolia and Herson. Circulars bearing the reported death message of Lenin, "Kill the Jews!" are being circulated broadcast throughout the Ukraine. The Odessa press reports many arrests and declares the situation to be dangerous.

Paris, February 6 (Jewish Telegraphic Agency). Nearly 2,000 victims of the United States Restrictive Immigration Laws are scattered throughout European ports of embarkation, living under deplorable conditions as they wait for the new quotas to open up in America. In Cherbourg there are 450 quota victims. Their position is somewhat better than those of victims in other ports, the shipping companies having agreed to pay for their maintenance, recognizing that their predicament arises through no fault of their own. In Antwerp 200 are stopping in Red Star hotels under conditions which are described as deplorable; Bremen harbors 285, including 15 who were rejected at Ellis Island because the Russian quota had been filled by the time they arrived in America; 716 are residing in the hostel of the Baltic-American Line, where conditions are fair. The OZE and the ORT, relief organizations, have established a kindergarten and school in Constantinople for 200.

HUNGARIAN SOCIALISTS WANT ENGLISH ROYALISTS ON THROWN

Budapest, February 6 (Jewish Telegraphic Agency). A delegation including the Hungarian Socialists Peidl and Garami, and the Liberal, Professor Vambery, son of the noted Orientalist, who was so friendly to Theodor Herzl, left today for London to negotiate a program for Hungary with the newly created English Labor Government. The delegation is unanimous in its determination to ask England that there be no understanding with Hungary unless Regent Horthy's Government guarantees freedom of citizenship and the recognition of the workers' unions. Vambery in addition will ask that a member of the English Royal Family be placed on the Hungarian throne and that Regent Horthy, who is an admiral, be given a post in the English admiralty. Hungarian socialists are in accord with Vambery in this request. The fact that King George is Vambery's godfather is expected to add additional force to his request.

REMORSEFUL AFTER CONVERTING FATHER TO CHRISTIANITY

Warsaw, February 6 (Jewish Telegraphic Agency). Considerable scandal has developed here over the converted Jewess Lilia Wojciechowski, who being anxious to hide her Jewish origin had her 71 year old father baptised just before his death and while he was unconscious. Her father, Raphael Felsenkranz, was the editor of an important insurance periodical. Lilia was at once remorseful and immediately summoned a rabbi, but her father died before he could perform a re-conversion ceremony. Mr. Felsenkranz's family protested against the plans for burial in a Christian cemetery, but because he had been baptised he could not be buried in a Jewish cemetery. The body remained unburied for six days, when the rabbinate intervened and the Bishop consented to the burial in a Jewish cemetery, which will take place tomorrow.

JEWISH SOLDIER'S GHOST PROTESTS CHRISTIAN BURIAL

Warsaw, February 6 (Jewish Telegraphic Agency) There appeared before the Kehillah (Jewish Community) a few days ago the sexton of a Christian cemetery in Czenstochow and told a story of a ghost which seems to have foundation in fact. The sexton told the members of the Kehilla for a number of nights in succession there appeared to him in a dream a dead soldier who complained that though he was a Jew he had been buried in a Christian cemetery. The apparition threatened to strangle the sexton unless he informed the Kehillah. After hearing the sexton's story, Rabbi Asch convoked a meeting of the elders of the community. When the elders assembled a Jewess from a neighboring town came before them declaring that on the previous night her son had appeared to her in a dream to tell her that he had been buried with Christian ceremony in Czenstochow, urging her to obtain a reburial. The elders investigated at the military hospital and discovered that during a recent Bolshevik invasion a wounded soldier had been brought to Czenstochow and had died in the hospital. In the absence of documents of identification, he was buried in a Christian cemetery. The mother produced proof of identity and the authorities have accordingly ordered reburial in a Jewish cemetery.

ZANGWILL DELIVERS MESSAGE TO JEWS ON EVE OF DEPARTURE

New York, February 6 (Jewish Telegraphic Agency). Israel Zangwill delivered a message to the Jews of America before sailing today on the S. S. Paris. Mr. Zangwill's message was given at a banquet in his honor tendered by Mr. & Mrs. S. C. Lampert at the Hotel Majestic.

"This is my farwell address", said Mr. Zangwill. "I want to say that I share the sympathy of the whole world at the death of former President Wilson. Mr. Wilson was defeated partly by the dark and Machiavellian forces of Europe and partly by your own Constitution, which I likened to a wooden battleship which does not permit you to have a plenipotentiary abroad.

"His death makes a great breach in American life.

"I am going to criticize you on your immigration and reparations policy. America is facing a critical turn in her fortunes, just as critical as in 1914 when Germany declared war on practically the whole world. The moment is critical because your country is being attacked, undermined and sapped by a score of ignorant prejudices which will surely ruin her, if suitable steps are not taken.

"There prejudices are destroying all the ideals America has stood for and the hope she offered to humanity with outstretched hands. America is following the evil courses of Europe. There is no excuse for a restricted immigration policy. That will bring you merely to a narrow nationalism. There is no excuse, I say. You could tuck every European country, with the exception of Russia, into the United States. Do remember that you are not a country, but a continent. The ideas that are applied to countries cannot be applied to continents. I blame you for your isolationist stand in regard to reparations. Why don't you interfere and get the thing settled. As it is you are dabbling in it in a half-hearted way."

Mr. Zangwill, before he completed his farwell speech, read a message to the Jews of America. He said in part:

"The Jews of America in trying to be good Jews cannot help being good Americans. America is founded and inspired on the Old Testament. When Jews try to imitate bad Americans and the rottenness that comes from within your own borders, then they become bad Jews. In a word my message to American and other Jews is this: You must not be a negative body. You must affirm your ideals whenever and wherever you can."
