

## JEWISH COLONIZATION ASSOCIATION FULFILLED PLEDGE TO JEWISH REFUGEES AND CANADIAN GOVERNMENT, PARIS ICA HEADQUARTERS DECLARES

Ica Officials Repudiate Accusations of Irregularities (Jewish Telegraphic Agency)

Paris, Oct. 27.—The Jewish Colonization Association has fulfilled its pledge to the Russian Jewish refugees stranded in Roumania, to the Roumanian Government and to the Canadian Government, it was declared in a statement issued today by the headquarters of the Ica here to the representative of the Jewish Telegraphic Agency in reply to the accusations made in connection with the recent action of the Canadian Government.

"The information which was published concerning the admission of Jewish refugees into Canada is misleading," the statement says. "The facts are the following. In October, 1923, the Canadian Government granted a special privilege to the Jewish Colonization Association, allowing it to select on its own responsibility and send to Canada those Jewish refugees who were stranded in Roumania. The selection was made under the supervision of a special inspector from Paris who was, for twenty years, chief of the Ica's emigration department in Russia.

"All Jewish emigrants sent to Canada were bona-fide refugees. Because of the delay in transportation, the Roumanian Government extended permission to the refugees to remain in the country. The Canadian Immigration office in Bucharest postponed its closing until the end of October owing to this delay.

"The last group of refugees sails from Trieste for Canada on November 3rd and consists of 300 to 400 persons. The Jewish Colonization Association has thus completed the removal of all refugees, fulfilling the terms of the agreement with the Canadian Government.

"Roumania now being cleared of all refugees admissible under the agreement with Canada, the Jewish Colonization Association," the statement continues, "endeavored to obtain permission to use the remainder of the visas, approximately 2,000, for stranded emigrants. However, the

## 25 JEWISH COLONIES WILL BE ESTABLISHED DURING 1925

(Jewish Telegraphic Agency)

Moscow, Oct. 27.—During the year 1924-1925, not less than 25 new Jewish colonies, each consisting of 150 families, will be established in the districts of Ekaterinoslav, Kherson and Odessa, according to the statement of Mr. Sudarsky, Vice-President of the Central Council of the National Minorities in Ukraine.

Only the inhabitants of the districts of Kieff, Podol, Tchernigoff and Poltava will be settled in the new colonies. The inhabitants of the other regions will have to await the next distribution of land.

A strip of 6,000 desiatin has been allotted in the district of Mozir for the organization of a number of smaller Jewish settlements.

## JEWS IN ENGLAND VOTE NOT AS JEWS BUT AS ENGLISHMEN

Will Vote Against Anti-Semitic Candidates, Regarding Anti-Semitism Bad For the Country.

(Jewish Telegraphic Agency)

London, Oct. 27.—"The Jews of Great Britain as a community have no particular sympathy for any of the political parties; they vote not as Jews, but as Englishmen," declared Mr. Henriques, President of the Board of Jewish Deputies at its monthly meeting.

In wishing success to the various members of the Board who are now seeking election to Parliament, President Henriques stated, "There is no occasion for a Jewish vote in Great Britain. The Jews of England have no particular grievances, enjoying absolute freedom and, having the franchise, it is their duty to use it for the general welfare of the country, as well as their own welfare.

"The best evidence that there is no particular Jewish vote in the country is the fact that the Jewish candidates are distributed almost equally among the three political parties which represent the opinion of the country.

Answering the question as to what should be the attitude of the Jews in a constituency where the candidate is anti-Semitic, President Henriques stated that if the voters regard anti-Semitism as bad for the country, they are entitled to vote against the candidate.

## MEXICAN JEWISH ORGANIZATIONS WILL ISSUE STATEMENT ON IMMIGRATION POSSIBILITIES

Call Mass Meeting to Consider Problem

(Special Despatch to the Jewish Daily Bulletin)

Mexico City, Oct. 27.—Steps with regard to the spreading of correct information as to the possibilities for Jewish immigration into Mexico have been taken by a number of local Jewish organizations as a result of the fantastic rumors circulated in America and Europe.

That "it is necessary to inform Jews who plan to emigrate to Mexico of the true conditions existing in this country" was the unanimous resolution adopted at the mass meeting of the principal organizations of Western Jews held here. The mass meeting elected a Committee consisting of two representatives of each organization. The Committee was charged with the task of preparing a statement of immigration possibilities to be published in the press of Europe and America. The draft of the statement is to be submitted to each organization.

Opinions vary as to what the statement of Mexican Jews will be—a warning or a welcome to Jewish refugees.

## JEWISH DEPUTIES WILL SUBMIT STATEMENT ON JEWISH QUESTION IN POLAND

(Jewish Telegraphic Agency)

Warsaw, Oct. 27.—A statement with regard to the solution of the Jewish problem in Poland will shortly be read in the Polish Sejm by a representative of the "Kolo", the club of the Jewish deputies in the Polish Parliament.

The "Kolo" is now deliberating on what is to be included in this statement of Jewish demands.

The Polish Government recently issued a statement that in its new attitude toward the National Minorities in the country, it would like to see the Jewish question settled, but is prevented from doing so because the Jewish representation in the Parliament is not united on the question.

## CLEARING HOUSE NEEDED TO INVESTIGATE BREACHES OF JEWISH "MINORITY RIGHTS," SAYS JUDGE MACK

Jewish Congress Discusses Problem of European Jews

"There is an absolute need of some central Jewish bureau at which complaints could be registered, through which these complaints could be investigated and the necessary steps taken for their disposal,—a sort of clearing-house, particularly for the investigation and righting of alleged wrongs committed in connection with the Minority Rights Treaties", was the burden of Judge Mack's remarks in reporting to the Executive Committee of the American Jewish Congress his observations of the last sessions of the Committee of Jewish Delegations held in Carlsbad.

Judge Mack further asked that the American Jewish Congress obligate itself in addition to moral support and co-operation, to a subvention of at least \$15,000 a year.

Preceding Judge Mack's report, Dr. Stephen S. Wise, President of the American Jewish Congress, who presided over the meeting, submitted a report of the Congress's activities during the past six months. Dr. Wise summarized his report by saying, "Our work in aiding in the securing of an asylum in Canada for five thousand of our homeless wandering brethren; our fight against the Klan which is finally beginning to bear fruit; our intervention with Prince Bibesco, the Roumanian Ambassador, against the Jewish excesses in that country; our efforts in ameliorating the Salonica Sunday discriminatory law; the placing on the preference quota list of the immigrants now stranded in the various European ports and concentration camps due to the enactment of the Johnson Bill; and, finally, our contribution towards initiating the call for the creation of the Emergency Committee on Jewish Refugees, that has set as its task the solving of the whole tragic problem of Jewish immigration—present a record of accomplishments to which we can point with just pride."

Mr. William Topkis of Delaware, added his plea to that of Judge Mack's that the Congress adopt a more harmonious and more helpful policy towards the Committee of Jewish Delegations.

The Committee then listened to an extended report prepared by Dr. A. J. Rongy, a member of the Administrative Committee, who attended as a Congress delegate the Carlsbad Relief Conference. Dr. Rongy stated that the economic conditions of the Jews in Russia is unbearable.

Hundreds of thousands of them would be willing to leave the country if they had only the means to do so. The poverty and misery that exists there is indescribable and unless some measures of relief are adopted quickly, millions of our people are doomed to extinction. The people over there cannot understand how American Jewry permitted

## DAILY DIGEST OF WORLD PUBLIC OPINION ON JEWISH MATTERS

### The Refugees Must Be Taken to Palestine

Recurring again to the subject of the stranded refugees in the European ports which is occupying much space in the Yiddish press, the Day, of Oct. 24, says that an effort must be made to settle the refugees in Palestine.

"The question as to who is to be blamed for Canada's decision to bar further immigration of refugees to her shores does not interest the refugees. Whether the trouble was caused by the Ica or by the Jews of the U. S. or by the Government of Canada does not help to alleviate the situation. The refugees ask: What shall we do now?"

"The only ones who can give an answer to this question are the Ica and the other organizations that assumed the responsibility for the refugees when the agreement with Canada was made.

"Canada has locked her doors to the refugees. Where can they go? There is at present only one hope for the Jews and that is, Palestine. The Jews have a right to demand that Palestine be kept wide open for the unfortunate refugees.

"Undoubtedly the Palestine Government will not shut the refugees out, even though her colonization policy is opposed to this. There are times when programs and policies of state must be ignored to make room for ordinary humanity.

"The refugees must be taken to Palestine and settled there. The Jews of America must help to carry this through. It was partly the passive attitude of American Jewry that caused the closing of Canada's doors to the refugees. Now is the time for them to do their bounden duty."

## PRESIDENT COOLIDGE PRAISES JEWISH PHILANTHROPY IN RADIO SPEECH TO FEDERATION DINNER

### \$500,000 Raised At Table to Cover Federation Deficit

"The Jewish people have always and everywhere been particularly devoted to the idea of taking care of their own," declared President Calvin Coolidge, in his speech over the radio, addressing the \$100 dinners given by the Federation to Support Jewish Philanthropies in the City of New York at the Pennsylvania and Waldorf-Astoria Hotels Sunday night.

"This federation is one of the monuments to their independence and self-reliance. They have sought to protect and preserve that wonderful inheritance of tradition, culture, literature and religion which has placed the world under so many obligations to them. In their efforts to serve their highest ideals they will always be helpful to the wider community of which they are a part. In the work of this federation they are rendering a service not only to their own people, but to the entire community. Along with that precious service they are settling up an example of successful, practical, helpful business administration which deserves all commendation. It may well be an inspiration to every charitable institution of the land.

"I want you to know that I feel that you are making good citizens, that you are strengthening the Government, that you are demonstrating the supremacy of the spiritual life and helping establish the Kingdom of God on earth."

The cover charge for the dinner was \$100; every \$100 went intact into the treasury of the Federation, the expense of the dinner being defrayed entirely by an anonymous donor.

The keynote speech was delivered by Mortimer L. Schiff, who dwelt particularly on the fact that charity is described by the Jewish people with the Hebrew word, "Zedakah," which means both charity and justice. Felix M. Warburg, Supreme

## OUR FOREIGN NEWS LETTER

### Amsterdam International Adopts Important Resolutions on Emigration and Immigration Problem

(Cable letter from our Amsterdam Correspondent, B. de Vries)

Amsterdam, Oct. 27.—Important resolutions concerning immigration and emigration problems of workers were adopted by the Emigration Conference of the National Federation of Trade Unions held recently at Prague. Thirty-seven delegates, representing Austria, Belgium, Czechoslovakia, Denmark, France, Germany, Holland, Hungary, Italy and Palestine, were present. Special attention was given to the emigration of Jewish workers. The Conference adopted the following resolution:

The Conference instructs the Executive of the I. F. T. U. to continue its research into this question, in order that a final solution may be reached as soon as possible.

In the meantime, the Conference considers that the following measures are necessary:—

1. The organization of the international labor market by regulating emigration and immigration.
2. Agreements between the various trade union national centres which are interested in the question, under the supervision of the I. F. T. U.
3. The establishment of equality of treatment of all workers, without distinction of nationality.
4. The conclusion of mutual agreements between countries of immigration and countries of emigration, these agreements laying down the rights and duties of the workers' organizations in these countries.
5. Compulsory membership of immigrant workers in the organizations of the countries of immigration.

6. The collection of the I. F. T. U. of all the material obtainable on this question, and the distribution of this material to the affiliated countries by the I. F. T. U. in its publications.

7. The establishment in every country of national and district joint bodies, which shall undertake to regulate the recruiting and emigrating of workers: labor delegates must be appointed on these bodies.

8. The creation of an international office for Immigration and Emigration, which shall be competent to collect information and to give advice in all proposals for regulating emigration.

9. This international office should be connected with the International Labor Office.

In view of the urgency of the problem, the Conference calls upon the Executive of the I. F. T. U. to use the utmost despatch in settling the question, so that the national federations may have an opportunity of expressing their views, and some future conference may be able to:—

- a) to lay down guiding principles for regulating emigration and immigration;
- b) to determine the constitution of the various bodies created to carry out the regulations."

## CONFERENCE DEMANDS CONVERSION OF SYNAGOGUE INTO CLUB

(Jewish Telegraphic Agency)

Moscow, Oct. 27.—The fate of the Great Synagogue of Kieff was discussed at what is being termed the Jewish Non-Partisan Workingmen's Conference held in Kieff yesterday.

The Conference passed a resolution asking the Ukrainian Zik, the Communistic Central Executive Committee, to turn the Great Synagogue, built in Kieff by the Jewish millionaire, Brodsky, into a central workingmen's club.

"The mere fact that the millionaire, Brodsky, built the synagogue, proves the close relationship between capital and religion", speakers at the Conference stated.

## ROSENWALD DENIES KLAN IS RESPONSIBLE FOR HIS RESIGNATION AS PRESIDENT OF SEARS ROEBUCK

(Jewish Telegraphic Agency)

Chicago, Oct. 27.—Mr. Rosenwald denies the report published by the "World" today to the effect that the sluggish progress made by Sears' Roebuck Company in the past three years was due to the boycott of its goods by the Ku Klux Klan which was aroused by the action of Mr. Julius Rosenwald in expending millions of dollars for the betterment of the Negroes, and that the resignation of Mr. Rosenwald from the presidency of Sears Roebuck a few days ago was due to the pressure directed by the Ku Klux Klan.

Mr. Rosenwald in his telegram to the Jewish Telegraphic Agency states, "Not a scintilla of truth in report referred to in your telegram. No evidence of harm from that source has been noticeable in the slightest degree (Signed) Julius Rosenwald."

## KLAN STARTS NATION-WIDE BOYCOTT AGAINST JEWS

The Ku Klux Klan has launched a nation-wide economic boycott against all who are not members of the "Invisible Empire", particularly against the Jews. This is the information issued by Henry P. Fry, former Klansman of the Klan.

Mr. Fry discloses that a scheme has been put into operation whereby merchants not belonging to the K. K. K. will be boycotted.

A directory is being published by the T W K (Trade With Klansmen) Publishing Co. of Washington, D. C., in which will appear names of Klan merchants. Each subscribed to this directory will receive one copy together with a card bearing the letters T W K to be exhibited by Klan merchants in their stores and other places of business as a guarantee that the merchant is a 100 per cent American. The T W K directories are to be used to distinguish merchants who belong to the K. K. K. from merchants who do not.

This scheme is prompted by the motive to spread and develop the boycott to a point when "100 per cent Americans" will deal exclusively with members of the Klan.

the relief work to cease. "American Jewry," he asserted, "must have been misled or deliberately fooled otherwise, it is incomprehensible how they could have allowed the relief work to stop at such a critical period."

The reports submitted aroused a very earnest and serious discussion on the part of the members present. At the suggestion, therefore, of Mr. Joseph Baroness, it was decided to convene a special meeting of the Executive Committee some time in November for the express purpose of discussing and taking action on these reports.

During the course of the meeting, Mr. Nathan Straus, Honorary President of the Congress, arose to remark that the closing of the Joint Distribution Committee was an inadvisable and unwarranted act.

## REPORT ON JEWISH IMMIGRATION TO MEXICO INCORRECT, ACCORDING TO HIAS

The New York Times of Saturday, Oct. 25, printed the following telegram from Mexico:

"A group of Jewish colonists from Austria, Germany, Russia, Roumania and Bohemia, refused admission to the United States, have come to Mexico. Their expenses were advanced by a Hebrew synagogue in New York. It is said they will remain here until admission to the United States is arranged."

The colonists say they came to Mexico because of statements made by General Calles, President-elect, that he personally favored Jewish immigration.

A second group, now held at Ellis Island, New York, will also be brought to Mexico. Jews in New York City have promised to pay all their expenses until they are entitled to enter the United States."

According to inquiries made by the Jewish Daily Bulletin, officers of the HIAS American Emergency Committee on Jewish Refugees, no Jewish emigrants have been diverted from New York.

## BREVITIES

Mayor Hylan praised the charitable work of the Independent Order of the Free Sons of Israel, which celebrated its seventy-fifth anniversary last night at the 102d Regiment Armory, at 26th Street and Fort Washington Avenue. There were 1,000 persons in the army when the Mayor began his brief address.

"The purpose of your organization is to help humanity, and it is the desire of the present Administration to help people along humanitarian lines and to make life as agreeable as possible for every one in this great city," said Mayor Hylan.

A plea for tolerance and brotherhood was the keynote of a patriotic sermon delivered in Temple Beth-El, Fifth Ave. and Seventy-sixth Street, yesterday morning by Dr. Joseph Saul Kohnfeld, who recently resigned as Minister to Persia. Dr. Kohnfeld left today to become rabbi of the Collingwood Avenue Temple, Toledo, Ohio.

Dr. Cyrus Adler, president of the Jewish Theological Seminary of America, 581 West 124th Street, announced last night at the opening exercises of the institution that the generosity of Felix M. Warburg and Abraham Schiff had enabled the seminary to acquire the adjoining property, 57-59 West 124th Street, where the library of the Jewish Theological Seminary will be built.

The "Bnai B'rith", Chicago, is now launching a "New Members" campaign. Its purpose is to increase the total membership from 5,000 to 7,500 in honor of the seventy-fifth birthday of the International President, Mr. Adolph Krauss, which will be celebrated in the spring. Mr. Krauss has been president of the International Order for the last 25 years.

2,250 persons were sent by the Fabre Line, the average fare paid was \$60 which is about fifty per cent of the standard price. The Holland American Line, in spite of insinuations, carried only four refugees; the Cunard Line carried 102, the Canadian Pacific 200," the statement concluded.
