JERUSALEM STREETS ARE NAMED AND NUMBERED; TOURIST VEXATION OVER New Suburb, Sanhedria, Will be Es- tablished Soon

(Jewish Telegraphic Agency)

Jerusalem, Apr. 23.—Following the naming of the streets of Jerusalem, the houses of the city are now to be numbered. This will remove a source of vexation to persons who, unversed in the topography of the Holy City, have hitherto had difficulty in finding their way about.

Preparations are being made for the establishment of a new Jerusalem suburb to be known as Sanhedria. The site chosen is that of the famous caves of the Sanhedrin between the Mount of Olives Road and the Bokharan quarter, in the vicinity of the new City Park and the government agricultural nursery. The suburb is intended for middle-class residents. The company which is floating the scheme has been founded by the Young Mizrahi Organization of Jerusalem.

Land has also been acquired for the building of a new suburb in the vicinity of the Shaarei Chesed residential quarter. The building will take place on an area of 130 dunams, the plans being drafted in accordance with the Greater Jerusalem development scheme. Orthodox Jews are mostly interested in this new suburb.

At the same time, title deeds have been issued to the Central Committee of Knesseth Israel to 67 dunams of land behind the Rehavia quarter in Jerusalem for the building of a suburb for the members of the Committee.

NO COMMUNISTS IN JEWISH TOWN IN WHITE RUSSIA

(Jewish Telegraphic Agency)

Riga, Apr. 23.—An interesting situation, throwing light on present conditions in Russia, is reported by the "Oktiabr," the Communist paper of Minsk. According to the report, there is not a single Communist in the township Saranda. The entire population is under the influence of the Zionists and the rabbis.

The Communist Party has, therefore, decided to domicile at least one Jewish Communist in the town, for the purpose of "attempting to release the youth from Zionist influence."

DR. NORDAU'S REMAINS ON WAY TO PALESTINE

(Jewish Telegraphic Agency)

Paris, Apr. 23.—Tribute was paid to the memory of the late Dr. Max Nordau at noon today at the Gare de Lyons when the remains of the late philosopher and Zionist leader were taken from Paris.

The body is accompanied by the widow and Mlle. Maxa Nordau, daughter, who recently returned from a lecture tour of the United States.

\$6,000,000 FOR U. J. C. DRIVE OF GREATER NEW YORK WILL BEGIN TODAY

United States Senators Endorse the
United Jewish Campaign

The New York drive for \$6,000,000 for the United Jewish Campaign will be launched tonight at the Hotel Biltmore and the Hotel Astor, where three dinners will be held. Two dinners for the Men's and Women's Division of the New York drive will be held at the Hotel Biltmore. The Brooklyn Division will launch its drive at a dinner at the Hotel Astor.

United States Senators James M. Wadsworth, Jr., and Royal S. Copeland, in letters to William Fox, Chairman of the drive, expressed their sympathy with the forthcoming campaign.

"This is just a line to wish you and your co-workers in the United Jewish Campaign in New York every possible measure of success," Senator Wadsworth wrote. "No one who realizes the plight in which so many poor Jewish people find themselves in certain portions of Europe can doubt for one moment that the \$6,000,000 undertaking is well worth while. The funds which you are about to raise will save thousands upon thousands of desperately poor people who, otherwise, I fear, are doomed to a bitter end."

"I am sure the response to your appeal for funds will be prompt and generous as is always the case when Jews are asked to help those who suffer."

Senator Copeland said in his letter: "I have seen with my own eyes how the Jews of Eastern Poland have suffered the terrible effects of the Great War."

"Three and a half millions of Polish citizens were driven out of their homes, every house was burned, the flocks and herds were driven away, and utter desolation followed. The suffering was beyond words to describe. I can never

FRENCH JEWS URGED TO AID IN UPHOLDING FRANC VALUE

(Jewish Telegraphic Agency)

Paris, Apr. 23.—The Jews of France were urged to make voluntary contributions toward the French treasury for the purpose of upholding the value of the franc, in an appeal issued by the Jewish consistory of France, signed by Chief Rabbi Israel Levi.

The Chief Rabbi has been appointed a member of the Social Committee for Aiding the Franc. The Committee includes Cardinal Du Bois, Archbishop of Paris, and the heads of other religious denominations.

The appeal, which will be read in the synagogues on Saturday, urges the worshippers to make contributions at the "shnodder," the voluntary contributions promised after the recital of the weekly Bible portion.

CONSIDER JEW FOR POST OF FINANCE MINISTER IN NEW POLISH CABINET

Witos, Leader of Peasant Party, Re-
ported to Favor Step

(Jewish Telegraphic Agency)

Warsaw, Apr. 23.—The appointment of a Jew to the post of Minister of Finance in the Polish Cabinet, which is now in the process of formation, following the resignation of the coalition government headed by Count Alexander Skrzyński, is a strong probability, according to a report of the local Yiddish paper, "Der Hajnt."

The newspaper reports that Wincenty Witos, leader of the powerful Polish peasant party, Piast, and former prime minister, in discussing the formation of the new cabinet, expressed the opinion to his political friends that the only solution of the financial crisis in Poland seems to rest in the appointment of a Jewish financier to the post of Finance Minister.

When told by his political friends that prior to the acceptance of such a post, the Jewish leaders would "ask their own conditions," Witos is reported to have replied, "Very well. It is necessary to satisfy the demands of the Jewish population. Besides, the demands of the Jewish population are indeed modest. It is necessary to abolish the Numerus Clausus. Let the Jews go to the universities. My peasants find it unnecessary."

The resignation of the coalition government followed a disagreement between the representatives of the national democratic party and the Left members of the cabinet, regarding the budget question.

EX-VICEROY TO BE KNOWN AS MARQUIS OF READING

(Jewish Telegraphic Agency)

London, Apr. 23.—The Earl of Reading, former Viceroy of India, on whom the King conferred the title of Marquis, assumed the name of Marquis of Reading today.

In conformity with British tradition, a Lord, when made marquis, has the choice of retaining the name under which he was known as Lord, or assuming a new title. The Earl of Reading chose the former course.

DR. WEIZMANN DENIES TRIP TO U. S. FOR PALESTINE LOAN

A message received from Dr. Chaim Weizmann by the Zionist Organization of America and given out by Louis Lipsky, chairman of the organization, states that the reports circulated recently that Dr. Weizmann is to come to this country very soon, in the interests of a national loan for Palestine, are without foundation.

It is understood that Dr. Weizmann is planning to come to America in the fall.

URGES STATE DEPARTMENT ACT ON COURT DECISION FOR ENTRY OF RABBIS' FAMILIES

(Jewish Daily Bulletin)

Washington, Apr. 23.—Pursuant to the decision of the United States Supreme Court in Rabbi Duner's case, Congressman Perlman conferred with Secretary of State Kellogg, requesting him to instruct all consuls abroad to issue visas to the wives and minor children of rabbis and ministers who arrived in America prior to July 1, 1924. The State Department has hitherto disregarded the favorable decision of the lower court, which has now been affirmed by the Supreme Court.

Many rabbis have been anxiously awaiting this decision in view of the consuls' refusal to issue visas to the rabbis' wives and children. Congressman Dickstein's bill to relieve the situation was passed by the House the same day.

The Supreme Court rejected the appeal of the Government in the case of Rabbi Jacob S. Duner, whose family the immigration authorities unsuccessfully had sought to exclude from the country. This action was taken on April 19. Rabbi Duner came from Poland prior to the passage of the quota law of 1924. His wife and children arrived after its passage. The Federal courts in New York refused to sustain the Government's contention to exclude them.

JEWISH PARTIES FORM BLOC FOR ROUMANIAN ELECTION

(Jewish Telegraphic Agency)

Bucharest, Apr. 23.—The majority of Jewish voters in Greater Roumania will cast their ballots at the forthcoming parliamentary elections in Roumania under the flag of unity, it was learned here today.

The National Jewish Bloc was formed, consisting of the Zionist and Zeire Zion groups in Bessarabia, the Jewish Unity Party in Bukovina, the National Federation and the orthodox group in Transylvania, and the national club of Old Roumania.

\$500,000 FOR PALESTINE NEEDED DURING APRIL

General Director of United Palestine Appeal Urges Payment of Pledges

Declaring that \$500,000 cash was required from American Jewry during April to meet the "most immediate and pressing needs" of the Palestine budget, Emanuel Neumann, National Director of the United Palestine Appeal, issued a statement calling upon contributors to the United Palestine Appeal for remittances upon their pledges, so that immigration and colonization work may proceed and the flow of new settlers to Palestine continue.

Mr. Neumann announced that Hermann Conheim, National Treasurer of the United Palestine Appeal, has remitted over \$1,100,000 to Palestine for the work of the Keren Hayesod, Jewish National Fund, Hadassah and the orthodox institutions of the Mizrahi, associated in the United Appeal. Of the \$500,000 required during April, \$200,000 has already been received, and efforts are being made to speed up collections throughout the country, so that the additional \$300,000 required for April can be sent to Palestine.

"The attention of the United Palestine Appeal administration has until now been directed to the organization and conduct of the campaigns throughout the country. This task is now rapidly approaching completion. Practically every state in the Union has been covered and campaigns have either been concluded or are in progress or have been definitely arranged to take place in the near future," Mr. Neumann's statement read.

"The work will now enter upon its second phase—an intensive effort for cash collections on account of the pledges obtained. This effort will be systematically and vigorously carried on without any relaxation in the work of the campaign proper.

"As it is, considerable sums have been received by National Headquarters and Hermann Conheim, National Treasurer, has already remitted to Palestine sums aggregating \$1,100,000 for the work of the Keren Hayesod, Jewish National Fund, Hadassah and the orthodox institutions of the Mizrahi. But in view of the urgent calls from Palestine which have reached us from the Zionist Executive, Dr. Weizmann and Mr. Ussischkin, President of the National Fund, it is imperative to speed up the collections at once.

"To meet the most immediate and pressing needs, we must receive at least \$500,000 in cash for the month of April. We have already received \$200,000 this month toward the \$500,000 required. Letters and telegrams are being sent by Dr. Stephen S. Wise, the Chairman, Mr. Conheim the Treasurer and by the Director of the Appeal to all the communities throughout the land, urging them to send in at least the additional \$300,000 required during the remaining week of this month.

"We are gratified by the progress of the campaign and confident we look forward to the realization of our goal."

DIGEST OF PUBLIC OPINION ON JEWISH MATTERS

[The purpose of the Digest is informative: Preference is given to papers not generally accessible to our readers. Quotation does indicate approval.—Editor.]

Calls for Action Against Anti-Zionist Persecutions

An appeal to the Jewish working masses of the world to organize for action against the anti-Zionist persecutions conducted in Russia by the Yevsekzia (Jewish section of the Communist party), is contained in "Erd un Arbet" ("Land and Labor"), of Kishinev, organ of the Hitachduth, Socialist-Zionist party of Roumania.

"We have seen," writes the paper "that the workmen of foreign countries intervened in behalf of the Socialist Revolutionists in Russia and the result was an abatement of the wild persecutions against them. Why then do we Jews remain silent about our brothers? The workers of the world must be informed regarding the persecutions in Russia against the Socialist-Zionists, the Poale Zion and Hitachduth. We must heed the call of our Jewish comrades who are suffering for an ideal. We must organize at once and take energetic measures to stop the persecutions."

Wants a Body Representative of World Jewry

The recent decision of the American Jewish Congress to take the initiative in reorganizing the Committee of Jewish Delegations in Paris, which has fallen into desuetude since its fruitful activities during the Versailles Peace Conference, is lauded by the "Lodzer Tageblatt," Yiddish daily of Lodz, Poland, but the paper feels that what the Jews need is a body that would be representative of world Jewry rather than of a number of Jewish organizations.

"So we are going to have again a committee of certain organizations, not a real representation of the entire Jewish people," the "Tageblatt" observes, adding, however: "At any rate the initiative of the American Jewish Congress is to be welcomed, for the present status cannot be permitted to continue. Let the question come up for discussion, let Jewish public opinion become once more interested in it, and perhaps eventually there will arise not a Committee of Jewish Delegations but an organization of the representatives of the people of Israel."

JEWES OF SOUTH AFRICA RAISED \$50,000 FOR RELIEF DURING THE PAST YEAR

(Jewish Telegraphic Agency Mail Service)
Johannesburg, Apr. 1.—The United South African Jewish Relief Reconstruction and Orphans Fund raised £10,938 during 1925, according to the report presented to the conference of branches held here.

The task entrusted to the Central Executive Committee by the last Conference, the report says, was to raise a sum of money, 75 per cent of which should cover the liability in connection with Givat Hamoreh, Children's Village in Palestine, and 25 per cent to go for reconstructive relief in Eastern Europe. The revenue from the branches in the past sixteen months was only £10,938, being short by £5,730 of the minimum sum required in order to enable South African Jewry to fulfill the obligations it had undertaken.

The report stated great progress had been made in the Givat Hamoreh. Practically all the buildings, with the exception of the synagogue, are now erected, and the 130 Ukrainian orphans orphans are being trained and educated with a view to their becoming proficient workers on the land and ultimately drawing from the land their means of livelihood.

We have remitted overseas in the period under review for reconstructive relief, the report states, a total of £1,900. This has been remitted to the Ort.

The Fund was inaugurated on January 27, 1915. The work was started on February 15, 1915. The Transvaal Fund received since its inception until it was absorbed in August, 1922, by the United South African Fund, £206,347. The United South African Fund received from August, 1922, to December 31, 1925, £81,771, a total of £288,118; other collections from various centres, the Cape, Rhodesia, Natal, etc., were about £200,000, or practically a total of very nearly half a million pounds.

CONFERENCE OF JEWISH EX-SOLDIERS IN GERMANY

(Jewish Telegraphic Agency Mail Service)

Berlin, April 10.—Ninety-two delegates from all parts of the Republic attended the conference of the Union of Jewish Soldiers who fought at the front, held here. Dr. Loewenstein, in opening the conference, recalled the memory of the 12,000 German Jews who had fallen in the war. Addresses were delivered on the political situation. Dr. Loewenstein has been reelected President.

The current issue of the "Schild," the organ of the Union of Jewish Soldiers at the Front, reprints a report which appeared in the "Berliner Zeitung" in 1881 of a meeting of Jewish ex-soldiers attended by over 2,000 members. The President, Herr Wolfberg, speaking at the meeting, said that to have 2,000 Jews who had seen service in the German Army out of a community of 60,000 was a complete repudiation of the anti-Semitic legend that Jews tried to evade military service.

COMMUNICATION TO THE EDITOR Asks Questions of Ica

Sir: Never before has the need of our co-religionists been greater than now. The Joint Distribution Committee has done its duty faithfully in presenting to American Jewry the true conditions abroad. At a time when every effort must be bent, every resource utilized, the better to assure success to a cause whose worth is indisputable, it is proper to seek aid.

Baron Maurice de Hirsch dedicated his fortune to humanity. The greatest benefactor of his age no man has ever equalled his devotion to his race.

The International Colonization Association received more than five million dollars annually to aid the suffering Jews of all nations.

When the help that is sought is so great, one naturally wonders, what is this fund, what is Ica doing to improve conditions?

It is amazingly difficult to find out anything about Ica. Save for the Fucylopaedic articles, there are but its reports, published annually. An examination of the latest report (I) which appears to be available was very disappointing. It fails completely to tell what Ica is capable of doing and is wanting in the following data, all of which is most important if any understanding is to be had of the operations of Ica:

1. The total amount expended for relief work.
2. The funds available for relief work.
3. The conditions under which this gigantic charitable trust fund is administered.
4. The names of those who administer it.
5. The method by which they acceded to the fund.
6. To whom the directors are responsible.
7. The cost of administration.

The question naturally suggests itself—is Ica doing all it can? American Jewry has a right to know.

NUMBER OF UKRAINIAN JEWISH STUDENTS LOWER. STATISTICS INDICATE

(Jewish Telegraphic Agency Mail Service)
Moscow, Apr. 2.—A report on the number of Jewish students studying in the universities in the Ukraine was submitted to the recent conference of Jewish students held at Kiev.

In 1923, the report says, there was a very large percentage of Jewish students at the universities. At the medical faculties they formed about 60 per cent to 75 per cent of the total number of students, in the medical schools, 60 per cent, in the polytechnics, 60 per cent, in the art schools, 60 per cent, and in the veterinary and agricultural institutes, 10 per cent to 20 per cent.

In the Medical Institute in Kiev alone the number of Jewish students was 2,000.

At present the number of Jewish students is much smaller. This is due not only to the new law regulating the admission of students to the universities which was passed in 1924, but largely to the fact that many of the students have left the universities on their own account and have taken up trading or manual labor, or have emigrated, the report states. Of the 2,000 students who were registered in 1920 at the Medical Institute at Kiev, only 600 took their finals. The rest had left even before the passing of the new law regulating the admission of students. Many were forced by circumstances to give up studying in order to return to their native towns to help maintain their families.

Nevertheless, the percentage of Jewish students is still very high. Of the 20,000 students at the university college in Kiev, there are over 6,000 Jews. The percentage of Jewish students at the individual faculties has decreased considerably. At the medical faculty, for example, the percentage has decreased from 72 per cent. in 1922 to 45 per cent.

suggested the names of Calvin Coolidge, Charles Evans Hughes, Louis Marshall, David A. Brown, Stephen S. Wise, John W. Herring and Lewis Browne. President Coolidge received serious consideration from the committee for his Omaha speech against bigotry, which was regarded as having done much to disarm the Klan, and thus indirectly of the greatest service to American Jewry. Because of his advocacy of tolerance expressed in a speech before the American Bar Association, which was regarded as of great service to the Jewish people, former Secretary of State Charles Evans Hughes was urged for the award. Louis Marshall, president of the American Jewish Committee, and David A. Brown, chairman of the United Jewish Campaign, were also recommended. Lewis Browne was mentioned for his book, "Stranger Than Fiction." Consideration was given the Rev. Dr. John A. Herring for his activities as chairman of the Committee on Good Will Between Jews and Christians.

The Gottheil Medal will be officially awarded to Rabbi Wise at a banquet of the Zeta Beta Tau Fraternity members at the Hotel McAlpin, Monday evening, May 10.
