### Troops Guard City During Congress Sessions; Jews Attacked by Homegoing Anti-Semitic Students

(Jewish Telegraphic Agency)

Jassy, Dec. 3.—A resolution demanding the introduction of a numerus nullus barring Jewish students from the Roumanian universities and colleges was unanimously adopted at the Roumanian Students' Congress which opened here yesterday under the chairmanship of Alexander Cuza.

A strong military detachment patrolled the city in order to prevent anti-Jewish excesses on the part of the students.

Five thousand students are participating in the Congress. On their way to Jassy, the students mistreated a number of Jewish passengers in the trains. Several Jewish passengers were

injured, among them the brothers Chaimovitch.

At the Medical College of the University of Bucharest, excesses against the Jewish students were committed. The Jewish students were ejected from the lecture hall.

Vienna, Dec. 3.—The homegoing of the five thousand Roumanian students who participated in the Jassy congress was marked with anti-Jewish excesses along the Roumanian railway lines.

At the railway stations Focsany, Buzeu and Ploesti, Jewish passengers were brutally beaten and robbed and then thrown out of the trains.

In the Bucharest University, five Jewish students were fatally injured during the lecture of Professor Pelastra. The victims were taken to the hospital.

## BRITAIN NOTIFIES U. S. COMMERCE DEPARTMENT OF LOAN FOR PALESTINE

(Jewish Daily Bulletin)

Wash., Dec. 3.—A loan, sought by the Palestine Government for the purchase and construction of communications, was announced in London as having the guarantee of the British Treasury, according to details just received at the United States Department of Commerce.

The full text of the announcement reads as follows:

"A memorandum has been issued by the British Government giving particulars of a loan to be raised by the Palestine Government, which is to be guaranteed by the British Treasury, according to advices from the American Consulate General in London. This loan will total \$4,500,000 (about \$21,825,000), divided as follows: railway construction, £1,640,000 (about \$7,950,000); harbor works, £1,115,000 (about \$5,407,750); other development works, £745,000 (about \$3,383,250); and purchase of existing railway and other capital assets from the British Government, £1,000,000 (about \$4,850,000).

"It is explained that when Palestine was occupied by the Allied Forces during the war the country was in a neglected condition. Roads other than those constructed by the military, were practically non-existent; the telegraph

## NO RELIEF FROM SUNDAY CLOSING LAW IN SIGHT FOR LITHUANIAN JEWS

Sejm Administrative Commission Votes to Keep Law Operative (Jewish Telegraphic Agency)

Kovno, Dec. 3.—The chances for relief for Lithuanian Jewish merchants from the compulsory Sunday rest law became less likely when the administrative commission of the Lithuanian Sejm took a step contrary to the promises of the Lithuanian government.

At yesterday's meeting of the commission, representatives of the Lithuanian Peoples' Party introduced a motion that the present Sunday closing law remain in operation in Kovno. The motion was carried by a vote of 7 to 2.

Leaders of the Jewish population and of various Jewish organizations have unanimously urged the Club of Jewish Deputies to fight in the general Sejm session against this decision.

Anti-Semitic agitators in three Lithuanian towns, Vilki, Salant and Plite, were on trial for inciting propaganda. Ten of the agitators were sentenced to prison.

## RUSSIAN COLONIZATION WORK POINT OF CRITICISM IN COMMONS WHEN PALESTINE LOAN IS DEBATED

### Subject Brought Up by Lt. Com. Kenworthy Who Contrasts Action of Soviet Government with That of British

(Jewish Telegraphic Agency)

London, Dec. 3.—The Jewish colonization work in Soviet Russia was brought into the discussion in the House of Commons of the Palestine government \$4,500,000 loan, by Lt. Com. Kenworthy.

During the debate, Kenworthy taunted the British government, declaring that "the wicked Bolsheviks are giving land to the Jews in Crimea for nothing. The Soviet government is also lending money for that purpose. However, I believe that the call of Palestine is too strong to the Jews for the Russian colonization to have any

effect. Nevertheless, Russia's action is such a contrast to the action of the British in Palestine, that it constitutes a slight danger to the Zionist effort," he said.

Major Ormsby Gore, Understate Secretary of the Colonial Office, interjected that the Crimean land is given free because it is confiscated. "We are not confiscating land in Palestine," he said.

Kenworthy replied that Mr. Ormsby Gore was misinformed. The land in the Crimea was not confiscated but was former crown property. "The British government has also former Ottoman crown property in Palestine, but is not putting it to the best use," he stated.

(Jewish Telegraphic Agency)

Vienna, Dec. 3.—The excitement which has prevailed in the Roumanian senate following the address of accusation against Roumanian anti-Semites delivered by the aged Senator, Rabbi Zirelson, has not abated, despatches received here via Hungary state.

At yesterday's session of the Senate Metropolit Piemen of the province of Moldawa, replying to Rabbi Zirelson, charged that the Jews dominated the province of Moldawa. "This is particularly true in the towns where the Roumanians feel like aliens in their own country," he said.

**POLAND'S VICE-PREMIER WELCOMES JEWISH NEWS-PAPERMEN'S SYNDICATE**

New Elections May Be Held in Poland in April  
(Jewish Telegraphic Agency)

Warsaw, Dec. 3.—Jewish newspapermen in Poland will be treated on an equal footing with others, according to a promise made by Vice-Premier Prof. Bartel to a delegation representing a newly formed syndicate of Jewish newspapermen.

The delegation was headed by Abraham Goldberg, editor of the Warsaw daily Yiddish paper, "Hajnt", who was elected president of the new syndicate. The Vice-Premier declared that it would be folly to suspect him of anti-Semitism. "Any racial hatred is alien to me and I have many friends among the Jews," Prof. Bartel stated.

Deputy H. Farbstein conferred yesterday with Vice-Premier Bartel on several current questions, including the question of Jews submitting corpses to the Medical College of the University, as demanded by the anti-Semitic students. Professor Bartel admitted that the supplying of corpses is a matter which belongs entirely to the university authorities and that no students group should be burdened with it.

Warsaw, Dec. 3.—New parliamentary elections are likely to take place in Poland during the month of April, it was learned today from reliable sources.

The possibility is that the present Sejm will be dissolved by the Pilsudski government as a result of the conflict now existing between the government and the Sejm on the question of the press law. It is expected that the Sejm, at its next week's session, will vote to annul the decree promulgated by Pilsudski, establishing a state censorship of the press.

A delegation of English Labor M.P.s, including Members Becket and Sheppard, which is now touring Poland, visited a number of Jewish labor unions. The delegation left yesterday for the Eastern provinces to make a study of the problem of the national minorities there.

**Urges Application of Charity Chest Idea to All Industries**

The extension of the charity chest principle to all the industries in New York is urged in the "Jewish Tribune" (Nov. 26), by Alex A. Bernstein, chairman of the Distribution Committee of the Fur Industry Charity Chest. Speaking to the interviewer of the "Jewish Tribune," Mr. Bernstein stated: "In the Fur Industry Charity Chest we have found a mechanism, a method of handling our problem, that is easy and that is more effective than any previous device. What would you say to an organization or industry that doubled its income and that at the same time increased its efficiency and decreased its expenses?"

"And that's why I feel confident that Charity Chests for the different industries are bound to come. Among other things they can actually educate the giver to give. There is no clouding of issues. The Charity Chest, because of its control, influences people to give more than they ever gave before its establishment. And, the most important feature is that it gives judiciously and with a gradual approach to ideal giving."

"Before there was a Charity Chest, every business man was approached by solicitors. If he was in a good mood he gave some money without inquiring too deeply into the status of the particular institution he was helping. If his breakfast did not agree with him he was apt to turn down the solicitor even when the cause was a very worthy one. Not only was the business man careless of the merits of the institutions to which he contributed, but at the end of a year he was left with a sense of having been annoyed."

"But there was something even more striking."

"The solicitor who follows the path of least resistance naturally goes to the man who is a known giver, with the result that the generous man is hounded to death, while the selfish non-giver completely escapes."

"In an organized community where everyone knows everyone else such a condition becomes impossible. The Charity Chest of the Fur Industry completely eliminates all these annoyances."

"It's nothing more than a systematization of the procedure. Organizations are notified that they will receive no individual gifts but must direct their appeal to the Charity Chest. At any rate they find it out for themselves. Members of the Chest pledge themselves to refer all solicitors to the Charity Chest. Of course every member has the privilege of designating the major part of his contribution. That's how the Chest has made its members

**GEN. PERSHING TO SPEAK AT CHRISTIAN MASS MEETING FOR JEWISH RELIEF**

General John J. Pershing will speak at the mass meeting called by the American Christian Committee for Jewish relief which will be held at the Cathedral of St. John the Divine, Sunday night. Louis Marshall, Bishop Manning, Dr. S. Parkes Cadman, president of the Federal Council of Churches of Christ in America and Major General John F. O'Ryan will also address the gathering.

In accepting the invitation of the American Christian Committee, General Pershing, who postponed his return to Washington in order to be present at the meeting tonight, stated that he was deeply interested in this work, especially because it is national and international in its scope.

Rev. Edward Lawrence Hunt, director of the American Goodwill Union, who is in charge of the field work of the American Christian Committee has arranged the mass meeting.

The following invitation was sent out by Rev. Hunt.

"The epic of American generosity by our fellow citizens of Jewish faith who are raising \$25,000,000 for our destitute brothers in Eastern Europe has inspired some of the Christians in America to ask the high privilege of having a little part in this great adventure.

"As Director of America's Goodwill Union, I have been asked by the American Christian Fund for Jewish Relief to give part of my time to this work. I have arranged for the meeting in the Cathedral Sunday night.

"This meeting should be epoch-making. A Roman Catholic, A Congregational Minister, a Jew, and a Bishop will speak from the pulpit of the foremost Episcopal Church in America. Such a gathering was never held in this or any other country.

"My purpose in arranging it is twofold. Far more important than the raising of funds is the promotion of Goodwill within our own country. This is our supreme need today.

"As you know that the publicity value of this meeting will depend largely on the attendance and as it is difficult to get people to attend a Sunday night meeting in New York, may I take the liberty of asking your earnest cooperation to help fill the place to overflowing Sunday night? You will know best how to get a large number of your friends to attend."

The next annual convention of District No. 4 of the Independent Order of B'nai B'rith will be held in Long Beach, Cal., with delegates attending from the Pacific Coast states and British Columbia.

literally free from solicitors and the expenditure of time it involves.

"Do you wonder," Mr. Bernstein said in conclusion, "that I insist upon the need for other industries to take up this idea of a common Charity Chest? There are too many philanthropic institutions in New York. The only way to help matters is by accepting the Charity Chest universally."

**NON-ZIONIST TAKES EXCEPTION TO PRITCHETT REPORT**

Exception to Dr. Henry S. Pritchett's report on Palestine was taken by A. L. Saltzstein of Milwaukee, Wis., a member of the Executive Board of the Union of American Hebrew Congregations.

In a telegram to the "Jewish Daily Bulletin", Mr. Saltzstein declares:

"I have read in the 'Bulletin' extracts from Dr. Pritchett's report on Palestine. I believe his report is prejudiced because he gives no credit for the wonderful work accomplished by the Jews. I was in Palestine in March 1925 for three weeks, driving over all accessible area owned by Christians, Arabs and Jews. Not being a Zionist, I made my observations with non-Zionist eyes, but with an unprejudiced mind. I conversed with many types of Arabs and Christians. They spoke of the Jews in Palestine in the highest terms. The farming colonies operated by the Jews, their children's farms, their schools and hospitals are all far superior to others in Palestine. The new settlers deserve much credit for their heroic work in making garden spots out of waste land with a stoney bottom."

**RABBI AARON TEITELBAUM RETURNS FROM EUROPE**

**FUR CHARITY CHEST DRIVE RAISES \$360,000 AT OPENING**

Contributions of \$360,000 were announced by the Campaign Chairman, Motty Eitingon, at an executive committee meeting of the Charity Chest of the Fur Industry, held yesterday. The pledges that were received at the Eitingon Testimonial Dinner, held at the Pennsylvania Hotel on November 30th, showed that a number of contributors had increased their subscriptions over last year.

This was particularly noteworthy in view of the lengthy strike period through which the industry had passed during this year.

Two thousand dollars were pledged by the Salesmen's and Buyers' Club through its president, Leon Apfelbaum, and \$1,000 was pledged by the Salesmen's Club of the Fur Dressers and Dyers through its president, E. Luntz.

Among the larger pledges received were: \$25,000 from Eitingon-Schild Co. and A. Hollander & Son; \$15,000 for Motty Eitingon and Aaron Naumberg; \$10,000 for Cantor & Angel and Jos. Steiner & Bros.; \$7,500 for Kruskal & Kruskal; \$5,500 for Alex A. Bernstein and Herman Gabbe; \$5,000 for Albert Hershkovits & Sons and Russek's.

The removal of Leon Trotzky from politics continues, an Associated Press despatch from Moscow stated.

The former Soviet War Minister, already having lost some of the choicest positions in the Russian Government because of his views in opposition to the powers now ruling, has been removed as head of the Dnieper Ostroy Hydro-Electric Power Works, a state enterprise.

M. Rukhimovitch, Vice President of the Supreme Economic Council, succeeds Trotzky.

**HUNGARIAN PREMIER  
ON JEWISH QUESTION  
AND NUMERUS CLAUSUS**

(Jewish Telegraphic Agency Mail Service)  
Budapest, Nov. 17.—"I am deeply moved by the differences between Christians and the adherents of the Jewish faith," declared Premier Count Stefan Bethlen, speaking today to an audience of 1,500 members of the Budapest Citizen Party at which he announced his program for the Parliamentary elections. The Premier was supported by the President of the Citizen Party, Ex-Minister of Finance, Tibor von Kallay.

"The Jewish community," the Premier continued, "has gained its rights under the law, and this legally acquired right must not be diminished. The Government feels that it is its duty to suppress every attempt at incitement which appears to be directed towards arousing enmity against Jews and Judaism and to take all possible measures to punish those engaged in such incitement.

"Here," the Premier went on, "we come to the problem of the Numerus Clausus. I want to speak frankly and openly on this matter. The only way in which it is possible to bring about a reconciliation in matters where differences have become acute is to tell the truth. The Minister of Education made it clear a year ago in Geneva that the Numerus Clausus is only a transitional institution which has been made necessary by the existing economic and social conditions of the time, which, however, cannot remain permanently. He added that immediately the situation changed the Numerus Clausus would automatically lapse. It was objected at the time that the Minister said one thing in Geneva and another thing in Budapest. I see that I must therefore assume the responsibility for it that the matter will proceed in the way he indicated. The Numerus Clausus is, indeed, only a transitional institution. But on the other hand no one ought to run away with the idea that it has been brought about only by a senseless and purposeless anti-Semitism. Had that been so this Government would have ended it

**GROWTH OF ANTI-SEMITISM  
IN YOUNG COMMUNIST  
MOVEMENT IN RUSSIA**

(Jewish Telegraphic Agency Mail Service)  
Riga, Nov. 17.—The growth of anti-Semitism among the Young Communist groups in Russia is commented on by the editor of the "Cosmolskaya Pravda," the organ of the Young Communist League in Russia. Owing to our lack of control, the editor writes, there is noticeable an ever-growing movement on the part of a certain part of our youth in an anti-social direction. Hooliganism, drunkenness, profligacy and anti-Semitism are on the increase.

A member of the Central Executive Committee of the Soviets, writing in the same paper, is of the same opinion. Drunkenness, hooliganism, individualistic tendencies and anti-Semitism, he writes, are growing. The youth suffers from them especially and it deprives them of all interest in politics.

long ago. But we have here in Hungary, a hunted, Christian middle-class, tortured and suffering, deprived of all its possessions, herded together in masses in district quarters, come here from all parts of the country and they are rightly very seriously concerned about the future of their children. This middle-class is afraid that it will die out if it is not assisted in its fight for existence. This anxiety may be without foundation or not, but that it exists is a fact with which anyone who occupies a position such as mine must reckon, whether his name be Bethlen or something else.

"Where is the solution? It certainly is not in an intervention from abroad which Hungarian Jewry, thank God, has realized. Such intervention could only pour poison into the problem. The real solution can only be found in the economic life of the country. The Government must start a movement in association with the leading circles in society aiming at an opportunity for the sons of the middle-class to earn their livelihood. This is a very big problem and the Government takes upon itself the task of preparing a full program in regard to this matter."

system was derelict; a railway system existed, but only one line was strictly adapted to the military needs of the two armies, and that was seriously damaged in the course of the fighting.

Government buildings, where they existed, were in many cases unsuitable or in a bad state of repair; harbor facilities were practically non-existent. Extensive schemes of construction and repair were, therefore, necessary in order to enable the Government to carry out its proper functions and to re-establish commercial and agricultural life in the territory."

Mr. and Mrs. Paul M. Warburg, with a contribution of \$15,000, and Simon Guggenheim, with a contribution of the same amount, led Thursday's list in the tenth anniversary campaign of the Federation for the Support of Jewish Philanthropic Societies, for \$475,000.

Frederick Brown, General Chairman of the drive, made public an additional list of contributions, but there was no further tabulation toward the grand total. The latest announced figure was \$4,189,579.

Among the contributions were Franklin Simon & Co., \$7,500; Mrs. David M. Hyman, \$5,000; Sol R. Guggenheim, \$5,000; Casimir Stralem, and Mr. and Mrs. Morris Fatman, \$4,000 each; Mr. and Mrs. Moses J. Stroock, \$3,500; Mr. and Mrs. Paul Baerwald, \$3,500; Frank D. Wolf, \$3,450; I. Randolph Jacobs & Co., \$2,600, and \$2,500 each from Mr. and Mrs. Albee J. Goodhart, Harry Barth and Mrs. Albert J. Steigitz.

Among the \$2,000 contributors were Frederick M. Warburg, Mrs. L. S. Stroock and Mr. and Mrs. Jacob S. Heller.

The \$100 dinner idea, inaugurated two years ago by the Federation, will be employed again this year by the ready-to-wear trade. The dinner will be a testimonial to Jack Mack, division head for cloaks and suits, and to John Block, division head for the dress industry, and will be held at the Hotel Pennsylvania on Sunday evenings, Dec. 19.

The Lawyers' Committee is planning a testimonial dinner to Sol M. Stroock, President of the Federation, at the Hotel Astor on Dec. 12. The next reports in the campaign will be made at a breakfast dinner at the Hotel Pennsylvania on Dec. 13.
