

CAN COMMUNITIES TAX THEIR MEMBERS FOR UP- BUILDING OF PALESTINE?

Interesting Question to Be Decided by
Bulgarian Court

(Jewish Telegraphic Agency)

Sofia, Apr. 20.—Has any Jewish community the right to impose a tax upon its members for the upbuilding of Palestine? A legal decision on this question will be rendered by the courts of Bulgaria in an interesting dispute which has arisen between the Jewish community of Philipolis and an individual of the community.

By a decision of the Bulgarian Zionist Federation, the Zionists in Bulgaria have determined to impose a Keren Hayesod tax on all Jewish rate payers to the Kehillah. Similar action was taken by the Jewish community of Philipolis, the second largest community in the country.

When, a short time ago, the mother of one of the community members who had refused to pay the tax died, the community refused to provide religious burial for her. The member submitted a complaint to the public prosecutor, contending that the tax was illegal and that the action of the community was contrary to the provisions of the law.

The matter will be brought to court and the decision is awaited with great interest.

Eighty delegations representing various Polish and Jewish organizations and groups participated in the funeral procession to the cemetery which is on the outskirts of the Jewish quarter. The socialist groups carried red flags.

ROUMANIAN SENATOR OPPOSES APPOINTMENT OF JEWISH OFFICIAL

Jassy Scene of Continuous Anti-Jewish
Excesses

(Jewish Telegraphic Agency)

Bucharest, Apr. 20.—A Jewish citizen of Roumania is not eligible to public office by reason of his faith, is the opinion expressed by Senator Steian during discussion on a question he raised in the Senate.

The Senator interpellated the government on why a Jew was appointed notary in the district of Turda. Senator Niemirower took exception to the raising of the question as the provisions of the Roumanian constitution give equal rights to all citizens irrespective of their religion, he argued. The only question to be considered in the appointment of notaries and other officials is whether or not they are capable.

Minister of Justice Cudalbu expressed agreement with the view of Senator Niemirower but stated he would investigate whether the notary whose appointment was questioned is qualified for the post.

Vienna, Apr. 20.—Alarming reports concerning continued anti-Jewish excesses in Jassy are contained in despatches received here from Roumania.

The despatches state that the anti-Semitic student riots have been taking place in Jassy during the last few days. The students have broken the windows in many Jewish homes, invaded cafes and beaten the Jewish patrons. Particularly severe were the riots on Stephan Street.

Bucharest, Mar. 31.—One of the Cuzist students at Jassy University named Chinciu, sent a complaint to the Public Prosecutor that Professor Rescanu shot at him with intent to kill. The Public Prosecutor came to the University today and questioned several students who were with Chinciu at the time. He also questioned Professor Rescanu.

Professor Rescanu published an open letter explaining what happened: "On March 29th," he writes, "while I was delivering my lecture, I was attacked by a group of young men armed with

FORD COUNSEL TO MOVE FOR MISTRIAL TODAY AS COURT SESSION REOPENS

Charges Against Woman Juror Turned
Over to U. S. Agents

(Jewish Daily Bulletin)

Detroit, Apr. 20.—A motion for mistrial threatened yesterday by Stewart Hanley, counsel for Ford in Aaron Sapiro's \$1,000,000 libel suit against him, is expected tomorrow when court, which had been adjourned owing to Senator Reed's illness, will be reopened.

The basis of the motion, according to Ford's counsel, is the alleged talkativeness of one of the women jurors. Adherence to the intention to take this step was the only statement available from any source after the eight attorneys involved gathered in the chambers of Federal Judge Fred M. Raymond for a secret conference with him immediately upon adjournment of court.

A gentlemen's agreement sealed their lips, said Sapiro, his counsel and the four lawyers who represented Ford. In the afternoon they met again with Judge Raymond, but the compact not to talk still was in force. Judge Raymond promised that today might bring developments.

Mrs. Cora Hoffman, eleventh juror chosen, wife of the proprietor of a hardware store, was the woman accused. Charges were filed against her by Ford counsel who acted upon reports of Ford detectives. She was

**BULGARIAN GENERAL LAUDS
PATRIOTISM OF JEWS**

(Jewish Telegraphic Agency Mail Service)

Sofia, Mar. 30.—General Lazarov, the
Commandant of the city of Sofia, speaking
this week at the annual festival of
the Jewish orphanage "Tzaritza Eleo-
nara" lauded the patriotism of the Jews
of Bulgaria.

"These little orphans are the living
evidence of the patriotism of our Jew-
ish citizens. The Jews of Bulgaria have
paid to the full their tribute of blood
to the country," the General declared.
"On the field of battle I learned to know
these brave Jews well. His Majesty
King Boris, the Minister for War, Gen-
eral Valkoff, I myself and all the offi-
cers and soldiers, companions in arms
of the parents of these orphan children,
thank you publicly for the interest you
have shown in this patriotic work, of
bringing up these children to become
patriotic and capable citizens."

**SPLIT THREATENS JEWISH
COMMUNITIES IN HUNGARY**

(Jewish Telegraphic Agency Mail Service)

Budapest, Apr. 7.—A special confer-
ence of the Jewish communities in
Hungary has been convoked here for
the purpose of dealing with the diffi-
culties which have arisen between the
Budapest Jewish community and the
Federation of Jewish communities in
Hungary.

The situation has become so critical,
it is feared, that unless the conference
succeeds in effecting a reconciliation
the Federation will break up.

Lazare Saminsky will sail on Saturday on
the majestic to conduct choral and orchestral
concerts in Paris and Vienna and to lecture on
Jewish music before the Institute of Hebrew
Studies in Rome.

This is the fifth consecutive season of Mr.
Saminsky's concerts devoted mainly to modern
secular and religious music. Mr. Saminsky is
director of music at Temple Emanu-El, New
York City and is also one of the directors of
the League of Composers.

DIGEST OF PUBLIC OPINION ON JEWISH MATTERS

[The purpose of the Digest is informative.

**Permanent Commission on Better Un-
derstanding Hailed as Noble Task**

The creation of the Permanent Commission
on Better Understanding, consist-
ing of nine representatives of the
Protestants, Catholics and Jews, to act
as an investigating and opinion making
body in matters of racial or religious
discrimination or slander, is viewed
by Dr. K. Fornberg, in the "Day," as a
new phase in the development of the
good will movement in America. Dr.
Fornberg writes in the issue of
April 19:

"Skeptics will ask: what can the
Commission accomplish? After all it
is but a commission of individuals. But
it should be borne in mind that these
nine persons who officially figure as in-
dividuals are nevertheless the spiritual
leaders and spokesmen of the greatest,
most influential religious organizations
and groups in the country. As regards
the aims undertaken by the Commission,
namely, investigation and opinion mak-
ing, after all what is needed is only
moral influence.

"These aims of investigation and
opinion making are, from the Jewish
point of view, the best and most useful
work the Commission could accomplish.
We doubt whether this Commission
will ever have occasion to investigate
unjust charges and slanders on the part
of the Jews against non-Jews. But
there can be no doubt that the unjust
attacks and charges against Jews, will
occupy, willingly or not, one of the
most important, if not the most impor-
tant, place in the activities of the Com-
mission. As the editor of the 'American
Hebrew' points out, Ford's anti-Jewish
campaign ought to be one of the first
subjects for investigation by such a
Commission. If it is possible for the
clever lawyer-Senator to declare in
court that 'this has nothing to do with
the Jewish people' it will be impossible
through such legal sophistries to evade
the issue before the bar of public
opinion."

ject the "Day" of above date, while ex-
pressing approval of the new good-
will Commission hopes it will be more

**WARSAW MUNICIPALITY
ASSIGNS 30,000 ZLOTYS FOR
WORK OF ORT SCHOOLS**

The municipality of Warsaw has as-
signed 30,000 zlotys, or \$5,000 for the
professional schools maintained by Ort
in Warsaw, the American Ort an-
nounced.

The Polish Ministry of Education
promised to subsidize in part Ort
schools in Poland.

The Ort has eight professional
schools in Warsaw and supports twenty-
five professional schools in Lodz, Bialy-
stok, Grodno and other Polish cities.

active than other bodies whose purposes
are similar. The paper says:

"Jews alone cannot create the neces-
sary sentiment in America on the sub-
ject of Roumania's anti-Jewish perse-
cutions and such a committee having
prominent Christians on it could arouse
enough public opinion to force Rou-
mania to take heed. However, there is
the committee on religious minorities,
which has been in existence for some
time and of which the honorary presi-
dent is Chief Justice Taft. But nothing
emphatic is heard from that Committee.

"Will the new Commission be only
an appendage to the other body, exist-
ing merely on paper? Will it be but
an additional form of competition in
the work of good will?"

"The purpose is unquestionably
worthy, but the method is subject to
criticism, and a little more information
on the subject would help much to place
the new commission in the proper light
before the public opinion of America."

The New York "Sun" terms the pro-
posed work of the Permanent Commis-
sion on Better Understanding "a noble
task" and observes:

"The distinguished Catholics, Protest-
ants and Jews who have formed them-
selves into the Permanent Commission
on Better Understanding are undertak-
ing a noble task. Their purpose is to
promote tolerance and good will among
all adherents of the principal religious
faiths professed in the United States.
It was peculiarly fitting that their plan
should be announced at this Easteride,
when the great Christian festival and
the first day of the great Jewish festival
of the Passover fall on the same day.

"The best assurance that this work
will be properly done lies in the char-
acter of the men who are back of the
movement."

**Urges Change in Relief Work for
Polish Jewry**

A proposal regarding the work of the
Joint Distribution Committee in Poland
is contained in the April issue of the
"Menorah Journal" in the second of a
series of two articles by Louis Fischer.
Mr. Fischer's first article caused con-
siderable discussion and brought a de-
nial of his statements from the leaders
of Polish Jewry. In the present ar-
ticle, he urges that "the crying need and
the most practical assistance which a
foreign Jewish organization can give is
preliminary occupational training to in-
dividuals who intend to emigrate," and
goes on to explain:

"Professional stratification is a
double cure. It fits Jews for emigra-
tion and it provides them; with a greater
measure of adaptability to modified
economic conditions at home. 'Occu-
pational training' for both these ends is
the slogan which should be written on
the banner of any committee or group
really concerned with alleviating the
situation of Polish Jewry. I grant it is
not a simple matter. But it is a million
times better than squandering money.

LEAGUE GETS REPORT ON EFFECTS OF ECONOMIC DEPRESSION IN EUROPE

**English Jews Welcome Ica-Hias
Agreement on Immigrant Aid**
(Jewish Telegraphic Agency Mail Service)

London, Apr. 15.—In the course of the report of the Joint Foreign Committee presented to the meeting of the Jewish Board of Deputies held on Sunday, it is stated that the attention of the Committee had been called to a report presented to the Advisory Committee of the League of Nations on the White Slave Traffic, in which it was stated that the non-fulfillment of the Minorities Treaties in certain countries of Eastern Europe, and more particularly the refusal of national rights to a large number of Jews and Jewesses who were entitled to them by Treaty had materially depressed the economic situation of Jewish women workers. These statements have been confirmed by evidence obtained in other competent quarters.

The Committee resolved that a full statement of the facts should be submitted to the League authorities who are dealing with the question of Staatenlose, men without a country. In regard to this question the Secretary reported that a plan for providing Staatenlose with passports which would assure them the right of free circulation and emigration had been drawn up by the League Transit Committee, and had been referred by the Council to a Conference which is to meet in August. The Committee has drawn up a series of amendments to the scheme which have been forwarded to the League for communication to the Conference.

London, Apr. 15.—The conclusion of an agreement by the three organizations, Ica, Hias and Emigdirekt was welcomed by D'Avigdor Goldsmid, presiding at the last meeting of the Jewish Board of Deputies here.

Mr. Goldsmid said that the Board was always deeply interested in the welfare of their brethren abroad and welcomed, therefore, the consolidation of the work of these three organizations. He was sure that this consolidation would result in substantial economies and he believes that it would do much to improve the position of the Jews at home and abroad.

for temporary relief. And it is simpler than attempting to help Jews who cannot possibly be helped as long as they remain merchants, or peddlers, or tailors or cobblers.

"Teach Jews to farm and they will be more welcome applicants for immigration. Teach them trades and machine work and the same end is attained, plus the added advantage of increasing their chances of obtaining employment in Poland.

"This is the concrete proposal that I would make to the J. D. C. Let it liquidate all its present activities in Poland and use its money for the training of Jews for emigration and for the teaching of new, un-Jewish professions."

HUNGARIAN GOVERNMENT CHARGED WITH EVASION OF NUMERUS CLAUSUS PROMISE

(Jewish Telegraphic Agency Mail Service)

Budapest, Apr. 3.—The question of the Numerus Clausus law in Hungary was raised by a number of democratic deputies at yesterday's session of the Chamber. Complaints were made that the Government was doing nothing to carry into effect the promise given to the League of Nations in Geneva, that the Numerus Clausus law would before long be withdrawn, and similar assurances given during the Parliamentary elections to the electorate.

Deputy Bela Fabian, one of the Jewish deputies, said that the speakers for the Government party during the electoral campaign had been very liberal with their promises. The electors had been urged to vote for the Government unity party, so that it should have an undisputed majority in Parliament, and the abolition of the Numerus Clausus law would follow. Now that the elections were over and the Government had a safe majority, there was no further thought for the abolition of the Numerus Clausus law.

IRRIGATION AND WATER SUPPLY WORKS PLANNED BY PALESTINE Z.O. EXECUTIVE

(Jewish Telegraphic Agency Mail Service)

Jerusalem, Mar. 30.—The Department of Agricultural Colonization of the Palestine Zionist Executive has a number of irrigation and water supply works under consideration which it is hoped will be carried out in the near future with the Keren Hayesod funds at the disposal of the Department.

The plans include the irrigation of 900 dunams of land at Daganja and Kinnereth, a small irrigation scheme at Nahafiel, the Yemenite suburb of Hederah; a similar small scheme for irrigation in the girls' training farm at Hederah; and water supply works at Shaaraim, the Yemenite suburb of Rehoboth.

Irrigation works are now in progress at Magdiel and Nahlat Jehuda.

It was Mr. Gimbel's first public speech, although he is seventy-one.

APPEAL TO JEWS OF PALESTINE TO HELP VICTIMS OF CRISIS

**Dr. Judah L. Magnes Heads Palestine
Relief Commission**

(Jewish Telegraphic Agency Mail Service)

Jerusalem, Mar. 30.—An urgent appeal for help for the sufferers from the crisis in Palestine has been issued here by the Relief Commission appointed by the Vaad Leumi, National Council of Palestine Jews. The appeal which is signed by Dr. J. L. Magnes, the chairman, and Jacobus Kann, treasurer, says:

"The National Council of Palestinian Jews has appointed a Commission to regulate the relief work throughout the country. Up to the present, such work was only done in Tel-Aviv with funds provided by the community and the Joint Distribution Committee, mainly in connection with the children and orphans in the schools and kindergartens. Bread was distributed, small loans were granted and attempts were made to initiate domestic and garden work of various kinds, in order to do away with the necessity for direct relief.

"But poverty and want have steadily increased. The Commission has been compelled to extend the scope of its work to the other cities of Palestine. The means at its disposal, however, are very limited and barely suffice for the more urgent cases. The Commission, therefore, appeals to the Yishuv, which in time of need, has always known how to mobilize its forces effectively, to fulfill this fraternal duty, the sacred duty devolving on all sections of the Jewish community, and assist the sufferers in the most generous manner possible to tide over the crisis. The commission calls upon the Jews in the towns and villages to give quickly. Our Jewish brothers the world over are awake to the needs of their fellow Jews. How much more should this apply to Palestine. The call is urgent. It must and shall be responded to!"

EXPERT TO MAKE DIETETIC SURVEY IN PALESTINE

A dietetic survey in Palestine as a preliminary step toward improving food conditions there has been undertaken by Miss Etta Sadow, Boston dietician, according to an announcement from the national headquarters of Hadassah, the Women's Zionist Organization of America. After the survey Miss Sadow will be responsible for the dietaries in the Hadassah Medical Organization hospitals throughout Palestine.

Miss Sadow will also take charge of the teaching of dietetics in the Hadassah Nurses' Training School in Jerusalem and at the same time will supervise the work of the Palestine School Luncheon's Committee, which provides hot lunches to children in five schools, and the Straus soup kitchens, which are supported by Nathan Straus.

The 1927 campaign of the Cleveland Bureau of Jewish Education to raise \$100,000 for carrying on the work of the bureau will be from April 25 to May 4, according to an announcement by Rabbi Abba H. Silver, president of the Bureau.

sticks, who broke open the door of my laboratory. In order to frighten them off I fired into the air and they left me alone. I am sure that only by this action was the laboratory saved from being wrecked. I have been Professor at the College for five years. I have succeeded in establishing for Jassy University the finest laboratory in the country, and I cannot believe that these young men represent the feelings of the students in the University."

Lectures have been stopped at all the colleges of the university and the authorities have taken strict measures to prevent any further disturbances. Military patrols have been placed in all the main streets.

The Jewish cemetery at Jassy has been broken into and a number of grave-stones have been demolished. The police are conducting investigations.

The Ford grocery stores probably will not yield the secret of their profitable operation upon a small margin to the Michigan Retail Dealers' Association, it was indicated yesterday.

David A. Brown, President of the General Necessities Corporation, who presided at the meeting of the retailers recently when Ford announced through the manager of his stores that the commissary would stop sales to the public, said yesterday he could make no progress looking to the inspection of the Ford grocery store system that had been promised the retailers.

"Since promising to show us their books, Ford officials have switched around and given us to understand we could not see them," Mr. Brown said. "The Ford Company has nothing original in its commissary system, and we are convinced its business methods in this particular are not sound. We believe they are losing thousands of dollars."

At a meeting today the retailers will decide on what further action is to be taken in the Ford matter.

According to a compilation made by the Chicago "Daily News", Julius Rosenwald, head of the mail order house of Sears, Roebuck & Co., heads a list of the ten wealthiest Chicagoans, with a fortune of \$110,000,000. The other nine are:

William Wrigley, Jr., \$50,000,000; Richard T. Crane, Jr., \$50,000,000; Samuel Insull, \$50,000,000; Marshall Field, Jd, \$50,000,000; Louis F. Swift, \$30,000,000; John J. Mitchell, \$30,000,000; Frank D. Sout, \$25,000,000; John B. Thompson, \$15,000,000 and James A. Patten, \$12,000,000.

Seven of the men listed above started with nothing and were self-made.

The \$600,000 United Hospital Fund, collected in the annual appeal for free medical aid to the city's poor, was distributed by Mayor Walker to the fifty-five hospitals providing this medical attention, at a meeting in his office at City Hall Tuesday.

The largest amount, \$57,580.67, went to Mt. Sinai, where the largest number art attended in the hospital's free department.

Beth Israel Hospital received \$12,346.75, the Hospital for Joint Diseases \$14,279.23, Lebanon \$10,796.16, Jewish Maternity Hospital, \$3,173.97 and the Brooklyn Jewish Hospital \$14,217.85.

questioned by Judge Raymond for 45 minutes Monday night and last night. J. Miller, a real estate dealer with whom she was alleged to have talked in a corridor outside the courtroom, was taken to the Federal Building.

It was understood that the affidavits filed against her by the Ford lawyers were turned over to the Federal Department of Justice which continued the investigation initiated by Judge Raymond through the officers of his court.

One of the causes cited by Hanley in requesting adjournment yesterday morning until tomorrow morning was the condition of Senator James A. Reed of Missouri, chief of the Ford counsel.

The Senator was said to have been stricken with an attack of acute indigestion as he returned to Detroit last Monday morning from his second trip to Washington since the trial started.

Meanwhile from no source was anything available as to the condition of Ford, reported to have been injured more than three weeks ago when his light motor car was knocked off the highway by a larger machine.

The automobile manufacturer was indicated as the next witness after Sapiro, and while his counsel maintained he never had been served properly with a subpoena, they promised to produce him in court when necessary, "God willing."

Gerhard Foreman, president of the Foreman National Bank, Chicago, Ill., was elected president of the Standard Club, Chicago's largest Jewish club. Other new officers are Henry N. Strauss, vice-president; Moses E. Greenebaum, Jr., treasurer and Daniel W. Fischell, secretary.

Many Jews have received appointments in the city administration by the new mayor of Chicago, William Hale Thompson. Leon Hornstein, who has held the office of second assistant corporation counsel, was re-appointed to that post. William D. Saltiel was named city attorney. Hyman E. Ritman was named assistant corporation counsel. Robert L. Levy, formerly U. S. Marshal, was appointed to the Zoning Board of Appeals. Herman Arvey was appointed chairman of the City Council Committee on Gas, Oil and Electric Light.

Dr. Nicholas Murray Butler will be the principal speaker at a dinner in honor of Judge Benjamin N. Cardozo, Chief Justice of the New York State Court of Appeals, to be given by the Columbia Law School alumni next Saturday at the Hotel Astor.
