## ALLEGED ANTI-SEMITISM IN AMERICAN COLLEGES IS ARGUMENT OF HUNGARY

**Before Discriminatory Law Is Abolished Jews Must Help Restore Hungary's Power, Is Demand**  
(Jewish Telegraphic Agency)

Vienna, May 17.—The argument that discrimination against Jewish students is also being practiced in American colleges and universities was employed in the Hungarian parliament when the question of the desirability of abolishing the numerus clausus was debated.

The argument was used by Stefan Haller, replying to Deputy Gal. Gal concluded his address by declaring that the talk of a consolidated Hungary will remain a false phrase as long as the anti-Jewish numerus clausus law is in force. The Italian government, which eagerly admits Jewish students from Hungary to the universities, terms them Hungarians and the achievements of these Hungarian Jewish students in Italy are a step in the direction of perfecting an Italian Hungarian understanding.

In reply Deputy Haller stated that American universities are also adopting the numerus clausus principle and are gradually reducing the number of Jewish students. Before the numerus clausus is abolished, Hungarian Jews should employ more Christians in their enterprises and should also exercise their influence abroad with a view to revising the treaty of Trianon.

## JEWISH SCHOOL ISSUE FAILS IN QUEBEC ELECTIONS; TWO JEWISH CANDIDATES WIN

**Bercovitch Defeats Fitch on Question; Election Outcome Will Raise Issue in Many Communities**  
(Jewish Daily Bulletin)

Montreal, May 17.—The Liberal Party, headed by Hon. L. A. Taschereau, was returned to the Quebec Legislature, carrying along with it two Jewish members, both of Montreal. The Liberals gained seventy-six out of eighty-six seats in the province. Peter Bercovitch, K. C., St. Louis Ward, and Joseph Cohen, K. C., St. Lawrence Ward, are the two Jewish members elected.

The issue of separate Jewish schools in the province was fought out in the election.

Louis Fitch, K. C., Conservative candidate, opposing Bercovitch's reelection on the ground that Bercovitch did not represent the Jewish interests in the school question, lost by 463 votes.

Fitch made the issue of his campaign the demand of separate Jewish schools. The question was brought up two years ago when Montreal Jewish taxpayers claimed representation on the Protestant Board of School Commis-

## SALONICA JEWS ALARMED OVER INTENSIVE ANTI- SEMITIC CAMPAIGN

(Jewish Telegraphic Agency)  
Salonica, May 17.—Anti-Semitic propaganda is being continued here by forces interested in fomenting political unrest.

Within the last six months, anti-Semitic pamphlets have been distributed three times. In a pamphlet distributed this week, the Salonica Jewish community is accused of conspiring with the Bulgarians and Serbs against Greece. The anti-Semitic campaigners demand the expulsion of Jews from Salonica and the confiscation of their property as a means of revenge for the persecution of Greeks in Russia. This agitation has caused great alarm among the Jewish population here.

## SUGGESTS ORGANIZATIONS CONFERENCE TO SELECT JEWISH AGENCY LEADER

**Jacobus Kann, Dutch Consul in Jerusalem, Discusses Problems of Near Future**  
(Jewish Telegraphic Agency)

Jerusalem, May 17.—A conference of elected representatives of all important Jewish organizations interested in the upbuilding of Palestine is advocated by Jacobus H. Kann, Dutch Consul in Jerusalem and well known Zionist leader.

When interviewed by the representative of the Jewish Telegraphic Agency, Mr. Kann explained the purposes of such a conference. This would lead to the election of one person who would exercise sufficient authority with the Palestine Government as well as the Jews, he said. "It seems to me," Mr. Kann declared, "that the Jewish Agency must be embodied in one person of high standing who would enjoy the confidence of the Palestine Government and of all important Jewish organizations which are interested in Palestine."

Asked what he thought of the Commission which will soon come to Palestine, Mr. Kann declared: "I hope that the Commission will recommend the appointment of experts who shall have to reside in Palestine, and who will deal with immigration and colonization, credit-facilities and housing, philanthropy and education."

"The work which is done in Palestine must be free of politics and should lay the greatest stress on the economic development of the country."

"The Jewish Agency as well as the experts should be advised by local boards. The Palestine Government should be invited to undertake a maximum development work," Mr. Kann concluded.

**MICHIGAN STATE ENACTS  
KOSHER FOOD MEASURE**

(Jewish Daily Bulletin)

Detroit, Mich., May 17.—Governor Fred Green signed a bill last Friday making it a punishable offense to sell or offer for sale any meats or meat products as "kosher" which are not so in accordance with the strict requirements of the Jewish dietary laws as observed by Orthodox Jews.

The new law provides a penalty of a maximum fine of \$500 or four months imprisonment for any butcher, restaurateur or delicatessen store operator who attempts to sell non-kosher food as kosher. A second section in the measure makes it unlawful for merchants to sell non-kosher along with kosher foods unless they display a sign at least four inches in height reading: "Non-kosher meat sold here." This section is described by friends of the measure as the "teeth" on which the new law depends for its enforcement.

The bill passed the House of Representatives of the State Legislature two weeks ago and the Senate last week. Both houses passed the bill by a unanimous vote.

The new Michigan kosher food law is similar in content to the laws now in force in New York and Pennsylvania which upon appeal were reviewed and declared constitutional by the United States Supreme Court. Michigan's law, however, is described as "more explicit".

The Chief Rabbi Onderwyzer of Amsterdam, president of the Holland Rabbinical Conference, in a letter to Dr. Bernard Drachman, president of the Jewish Sabbath Alliance of America, requested that he draw for them a bill bearing on the kosher question similar to the ones recently passed in New York and California.

The Chief Rabbi explained that it was necessary to enforce the observance of Kashruth by law in Holland. The Government of Holland has given assurance that such a law would be passed without difficulty.

**PALESTINE FOOTBALL  
TEAM TO COME HERE**

Opera Director Also to Sail for U. S.  
(Jewish Telegraphic Agency)

Jerusalem, May 17.—A Palestine Jewish football team is to play in America soon if arrangements undertaken to be completed. Alieser Yellin, head of the Maccabee football players, sailed yesterday for America to make the necessary arrangements. Mr. Yellin will also represent the Palestine teachers' publishing enterprise.

It was also announced today that Mr. Golinkin, founder and director of the Palestine Hebrew Opera, will soon sail for America. Due to the economic conditions in the country, the players of the Hebrew Opera Company are leaving for other places and there will be no opera here next season. Mr. Golinkin will seek funds in America to reopen the Palestine Opera.

The celebration is being sponsored by the Brooklyn chapter of Hadassah, the Women's Zionist Organization, in recognition of Mr. Straus' latest gift to Palestine, the Nathan and Lina Straus Health Center for all races and creeds.

Mr. Straus will make his first public address since his return from Palestine at tomorrow's celebration.

Mrs. Irma L. Lindheim, national Hadassah president, and Dr. David de Sola Pool, rabbi of the Spanish Portuguese Synagogue, will be the speakers. Mrs. Adolf Slomka, president of the Brooklyn Hadassah chapter, will preside.

**20,000 PEOPLE VISIT WAILING  
WALL DURING PASSOVER**

(Jewish Telegraphic Agency Mail Service)

Jerusalem, Apr. 21.—Twenty thousand people visited the Wailing Wall during this Passover week, it is stated. Excellent order prevailed, although there were large crowds of pedestrians in the Old City on the occasion of the Easter and Nebi Musa holidays.

The Klan candidate in the election for mayor of Montgomery, Ala., was defeated. William A. Gunter, for the past twelve years mayor of the city, was re-elected to the office over J. Johnson Moore, the Klan's candidate. Moore's campaign was championed by Bibb Graves, Governor of Alabama, who went to office four months ago. The vote was more than two to one in Gunter's favor.

Ralph Jonas was elected President of the Brooklyn Chamber of Commerce for the third year at the annual meeting Monday night. His election was unanimous, as was the election of the other officers, including William K. Swartz as Treasurer.

Rabbi Solomon Foster of Newark, was unanimously elected president of the Clergy Club of that city. The object of the club, as set forth in the constitution, is "the promotion of the principles of equality, fraternity and mutual good will among the members."

Labbi Foster is the initiator of the movement for the organization of the Club.

**DIGEST OF PUBLIC OPINION  
ON JEWISH MATTERS**

[The purpose of the Digest is informative. Preference is given to papers not generally accessible to our readers. Quotation does not indicate approval.—Editor.]

**Deputy Gruenbaum's Opinion of the  
American Jewish Congress**

Deputy Isaac Gruenbaum, who was recently in America on the invitation of the American Jewish Congress whose session at Washington he addressed, has on his return to Poland summarized his opinion of the American Jewish Congress in two articles appearing in the Warsaw "Hajnt" of April 26 and April 29.

Deputy Gruenbaum's opinion is that while the American Jewish Congress "once had brilliant moments, when it stood in the very center of Jewish life in America," it is today merely a medium for two purposes: to protest against anti-Jewish acts in Europe and as a platform for Jewish leaders of Europe to describe the problems and the conditions of European Jewry. This change, in Mr. Gruenbaum's estimate, is due to the indifference of the Jewish masses on the one hand, and the refusal of the Marshall group to participate in the work of the Jewish Congress, on the other. We read:

"Marshall and his group left the Congress and the wide masses lost their interest in it. With great difficulty it was decided at Philadelphia not to dissolve the Congress. The Zionists remained loyal to it. The same thing happened in other countries. It was the same with the Committee of Jewish Delegations. But all those organizations in Europe had a concrete purpose, a daily fight in behalf of Jewish rights. The American Jewish Congress practically lost its content.

"It appears that one purpose—the creation of a tribunal—was clearest in the minds of the leaders of the Congress movement. Dr. Wise incessantly emphasizes that the Congress gives the opportunity to prominent Jews in Europe to speak to American Jewish public opinion and to Americans. He mentioned at every opportunity that from this platform spoke Zangwill, Anita Mueller and, lastly, I.

"The need of such a tribunal has so far been displayed most convincingly through the polemic, the dissatisfaction, called forth both by Zangwill and by me. Zangwill and I expressed opinions which at once aroused differences, and resulted in attention to problems, in searching for answers to stated questions, in viewing well known subjects from totally new angles."

In conclusion Gruenbaum discusses the future of the American Jewish Congress and makes the following suggestion: "The process of consolidation in American Jewry is taking place along religious lines, which carries with it the danger that Jewish life in America will be broken into at least three religious sects. Zionism must oppose this process. The American Jewish Congress is the most suitable instrument for this

## FELIX M. WARBURG IS HONORED BY JEWISH COLONISTS IN RUSSIA

Name Colony For Famous American Jewish Philanthropist; United Jewish Campaign Headquarters Receives Detailed Cable Report of Warburg Party's Inspection Tour in New Settlements

(Jewish Telegraphic Agency)

Moscow, May 17.—Recognition for the service and philanthropy of Felix M. Warburg, chairman of the American Jewish Joint Distribution Committee, was expressed by one of the new Jewish settlements in the Ukraine, at solemn exercises held yesterday.

Djankoy, a settlement adjacent to the colonies Novy Put and Novaya Zarya, near Krivoy Rog, was renamed Felix Warburg.

Mr. Warburg laid the cornerstone for the first intermediate school in the Jewish colonies, established at Novy Put.

A report of the events during Mr. Felix M. Warburg's visit to the Jewish colonies in the Ukraine, was made public yesterday by the National Headquarters of the United Jewish Campaign on the basis of a cable received yesterday from Moscow by David A. Brown, national chairman.

Mr. Warburg and James H. Becker, accompanied by Dr. Bernard A. Kahn

purpose, provided, of course, that it would be considerably strengthened."

Objection to the statements and the tone of Deputy Gruenbaum is voiced in an editorial of the "Jewish Daily News" of yesterday. Writing under the caption "Guests Who Insult," the paper asserts American Jewry does not want advice of outsiders regarding its problems and charges Gruenbaum with ingratitude for hospitality shown him on his American visit. The articles in the "Hajnt," the editorial declares, "are written in a tone that is insulting to American Jews, whom the writer looks down upon, as one who descends from higher spheres to the world of low creatures."

"The doors of American Jewry," we are told, "are open wide for guests and visitors of all kinds. In his simple, good-natured and rustic fashion the American Jew extends a hearty welcome to those who come here, and we fail to see the politeness of those guests who, upon leaving these shores, repay us with insults. Such guests should, before they undertake to teach us, first, learn to behave like cultured, decent people. The guests must know that we do not invite them in order that they may teach us wisdom and good behavior. We believe, and we have a right to believe, that we can take care of our own affairs and do not need the advice of Dr. Gruenbaum and others. There is another thing we uncultured ones would like to tell Dr. Gruenbaum and his friends which they will not like perhaps. American Jews have never boasted about their gifts, they took the duty which fell on them as earnestly as they could have and never bragged. But it is becoming somewhat irritating when they come to us with requests for money and give us abuse in return."

and Dr. Joseph A. Rosen, on their arrival in the colonies of the Cherson district, where the new Jewish "autonomous region" was recently established, were given a tremendous ovation by the Jewish settlers whose entrance upon a new permanent livelihood as productive workers on the soil was made possible by the aid of the American Jewish Joint Distribution Committee, of which Mr. Warburg is the chairman.

The travellers came from Moscow first to the Cherson settlements, and thence to the colonies of the Krivoy-Rog district, where they were received with equal enthusiasm. The inhabitants of Novy Put and Novaya Zarya, both recently established settlements in this section, expressed the desire to have their colonies renamed in honor of Mr. Warburg. In Novy Put the visitors officiated at the laying of a cornerstone for a high school, one of the significant first landmarks in the effort for the establishment of a modern educational system for the children of the twentieth century Jewish pioneers on the Russian steppes.

The establishment of schools and other facilities for an adequate community life goes hand in hand with the agricultural and economic aid provided by the Joint Distribution Committee, which operates in Russia under the name of Agro-Joint, with the official sanction and cooperation of the Russian government. The agricultural colonization program was begun a little over two and a half years ago when the great spontaneous "back to the soil" movement took start among the Jews of Russia, as an escape from the dwindling trading occupations of the city and the crushing political proscriptions leveled against this class under the new economic organization of the country. Its purpose was to give organized direction and support for expansion to what has been hailed by authoritative social students as an epochal new development offering revolutionizing potentialities for the future economic structure of Jewish life in Eastern Europe. More than 10,000 families have already taken up farmsteads in the Ukraine, White Russia and Crimea, on vast virgin tracts comprising over 700,000 acres whose prewar value is estimated at over \$12,000,000. In addition to the free gift of the land, the government furnishes free transportation and free lumber for building, and tax and military service exemption for the first three years.

The aid provided by American subsidies through the Agro-Joint includes loans to settlers to enable them to make the transition from the cities to the interior and to build them homes, purchase of farm implements, seed and live-stock, well drilling and road building, organization of farm cooperatives, and the maintenance of agricultural experiment stations and a staff of field

## ORTHODOX LEADERS SAIL FOR PALESTINE

A party of Orthodox leaders including Rabbi M. S. Margolies, who recently celebrated his seventy-fifth birthday; Harry Fischel and Rabbi Aaron Teitelbaum, secretary of the Central Relief Committee, sailed last night on the Berengaria for Palestine. Rabbi Margolies will spend some time in Palestine. He is accompanied by Mrs. Margolies.

Before his departure Mr. Fischel stated that he intends to make a large contribution to traditional Jewish institutions in Palestine.

The party was joined by Rabbi Jacob W. Redelheim, a member of the Union of Orthodox Rabbis, and Rabbi of Congregation Agudath B'nai Eretz Israel, Henry Street, New York. Rabbi Redelheim lived in Palestine twenty-five years ago, before he came to America.

A kosher kitchen was provided for the party on the steamer.

## PUBLISH EDUCATIONAL MAGAZINE IN PALESTINE

(Jewish Telegraphic Agency Mail Service)

Jerusalem, Apr. 27.—The Association of Hebrew Teachers in Palestine has resumed publication of "Hachinuch", its bi-monthly magazine, under the editorship of Dr. M. Gluckson, the editor of the "Haaretz". The latest issue contains articles on Achad Ha'am, the Pestalozzi centenary, the youth movement in the schools.

experts to supervise instruction of the colonists in their new vocation. The work of the Agro-Joint is under the direction of Dr. Joseph A. Rosen, a noted American agricultural scientist, who carried out the agricultural relief program of the American Relief Administration during the great famine in the Volga region in 1921-22. Dr. Rosen is accompanying Mr. Warburg and his party on their tour of the colonies.

With 100 new settlements already established, thousands of more families, according to Dr. Rosen have registered their desire to take up land and are anxiously waiting to be enabled to go. Further development of the work depends, however, on the amount of money which the Agro-Joint will have at its disposal. The J. D. C.'s appropriation for Russia calls for \$2,000,000 for this year, of which \$1,500,000 is for agricultural purposes.

Whether this sum will actually be forthcoming depends on the payment of pledges made to the \$25,000,000 United Jewish Campaign, all other resources of the J. D. C. being now exhausted. With the spring season now at its height, when the ground must be prepared for sowing, it is particularly vital that the funds for carrying on the work should be assured, and the campaign leaders have been compelled to issue an emergency call urging local leaders throughout the country to borrow on funds pledged to the state and city drives, to make the minimum amounts urgently needed not only for Russia but for all of Eastern Europe available for the transmission to Europe at the earliest possible moment.

sioners and no discrimination against employing Jewish teachers in Protestant schools. At the same time the question of the legality of establishing separate Jewish schools was taken up.

The School Act of 1903 which gave right to Jewish children to attend the Protestant schools in the province was declared unconstitutional by the Montreal Protestant Board of School Commissioners. The case came up before the King's Bench. The Supreme Court allowed the School Act constitutional but declared it gave the Jews no right to representation on the Board. This was appealed against. The case comes up before the Privy Council in London in July.

The defeat of Fitch will not affect the bringing up of the question in July, although disappointment is felt by Jewish voters favoring the separate Jewish schools.

The case will also decide the legality of the other communities to establish separate schools for non-Catholics and non-Protestants.

## RAMSAY MACDONALD RETURNS TO ENGLAND

J. Ramsay MacDonald, former Labor Premier of Great Britain, accompanied by his daughter Ishbel, sailed last night on the Berengaria for London.

Mr. MacDonald came to America at the invitation of the "Jewish Daily Forward" to address the mass meeting arranged to celebrate the thirtieth anniversary of the paper. Due to his illness, shortly after his arrival, the former Prime Minister was unable to speak at the meeting.

During their stay in this country, Mr. MacDonald and his daughter were the guests of Miss Lillian D. Wald of the Henry Street Settlement.

### BREVITIES

Hyman Rosensohn, president of the Hebrew American Typographical Union, No. 83, New York, and active in the Jewish labor movement, particularly in the Jewish Typographical Union, for over thirty years, died yesterday in Atlantic City, N. J.

The property used as The Saratoga Springs Jewish Community center of Saratoga Springs, N. Y., was sold by the city of Saratoga Springs at a tax sale held in the Finance Office. Unpaid taxes on this property are listed at \$1,563.04. There is a dispute regarding the tax on this property pending.

Felix S. Cohen, son of Professor Morris R. Cohen of the philosophy department of City College, former editor of "The Campus", undergraduate newspaper, and leader of the last campaign against compulsory military training, was not on the list of new members elected to the City College Chapter of Phi Beta Kappa.

The fraternal order made public by Professor Arthur Dickson, secretary of the chapter. Cohen was among the three students graduated with "Magna Cum Laude" honors last June. The minimum specifications for these second highest college honors are, according to the college register: "grade A (excellent) in 60 per cent of the student's credits, 'with no grade below D (passing grade).'"

Luciani and Jackson, the two other "Magna Cum Laude" students, and twenty-six other men of the graduating class of June, 1926, were elected, twenty of whom were "Cum Laude" men, the others graduating without honors. Cohen's name was the only one stricken from the list of forty-four candidates from four graduating classes.

The election broke the deadlock which was developed in the chapter last Spring when there was opposition to the election of Cohen.

## SAYS PALESTINE NEEDS STABILIZATION POLICY

(Jewish Telegraphic Agency Mail Service)

Berlin, Apr. 30.—The policy in Palestine for the next two or three years will have to be one of stabilization, declared Kurt Blumenfeld, president of the German Zionist Federation, who has just returned from a visit to Palestine. Conditions have improved, he said. The Palestine Government is ready to assist industry by providing facilities in the matter of customs duties, etc. What is now needed is capital and credits. The unemployment problem will be solved as soon as possible. It must be remembered however, that about 2,500 of the 8,000 unemployed were unemployables.

The crisis of the Fourth Aliyah, he stated, is not a crisis of the workers. Yet there is an unfair attempt being made to break the back of the agricultural labor movement in Palestine in connection with the efforts to overcome the economic crisis. The workers, in agriculture as in industry are animated with the desire to assist in the upbuilding work.

After an interval of three years, the work in Palestine has now re-started. Despite the crisis, progress is being made in all directions. The crisis is only a crisis of the towns, of the "Fourth Aliyah," which has brought more people into the country than it could absorb. But agriculture has consolidated itself. Eight of the new colonies are already able to maintain themselves. Cattle-breeding has developed extensively. The orange crop this year has been excellent and has been sold in the foreign market at high prices. Experts are of the opinion that there are great possibilities for the orange-growing industry in Palestine. It is not intended, however, to confine the Palestine plantations to orange growing. Experiments are being made in growing bananas, grapes and grape fruit, he declared.

### JEWISH COMMUNAL ACTIVITIES

The \$1,500,000 Young Men's Hebrew Association building fund was increased by \$47,800 Monday, it was announced at a workers' luncheon at the Hotel Biltmore. This makes the total of contributions thus far received \$881,501.

Among the contributions announced were: \$15,000 from Louis S. Levy; \$10,000 from Adolph S. Ochs; \$6,000 from George Blumenthal, and \$2,500 from Abram I. Elkus.

Charleston, South Carolina, launched its United Palestine Appeal Campaign on Sunday night. Contributions amounting to \$2,000 were received. Samuel Rittenberg, chairman of the drive, presided at the opening banquet.

The Cleveland Zionist District will give a banquet on May 25th in honor of Louis Lipsky. Rabbi Abba Hillel Silver will be one of the principal speakers at the banquet. Aaron Garber is chairman of the committee.

ship of Joseph Feuchtwanger, chairman of Zone 7 of the Board of Finance, have organized a committee to raise funds for support of the Union. An appeal has been issued to all congregations in Chicago asking for support. This appeal makes the statement that "The time has passed when we can discuss who should support the Union. There is great danger that the work will go to pieces if each congregation does not see its duty clearly and does not accept it cheerfully."

The plan of the Chicago congregations for the raising of its quota is to assess their members 10% of their dues to the local congregations.

Three Baltimore congregations, Congregation Keneseth Israel and Rodeph Shalom, Philadelphia, Temple Emeth of Ardmore, Okla., and the Hebrew Benevolent Congregation of Atlanta, were among those who have already taken steps to attain their share of the fund.

## HERE TO GET FUNDS FOR VIENNA JEWISH PAPER

An attempt to raise a fund for the continuance of the "Wiener Morgenzeitung", the only daily Jewish paper published in the German language in Central Europe, is being made by Herr Richard Schubar, manager and member of the editorial staff of the paper, who is on a visit to the country.

A committee, including Judge Julian W. Mack, Joseph Baroness and Phillip Wattenburg, have undertaken to assist in this effort.

In explaining the important function performed by the "Wiener Morgenzeitung", Mr. Schubar painted a picture of the anti-Semitic movement in Central Europe, and stated that an aggressive campaign of enlightenment to counteract the poisonous attacks of the anti-Semites is required.
