**Measures to Stabilize Palestine Situation  
and Pave Way for Experts'  
Commission, He Says**

The stabilization of economic conditions in Palestine through the appropriation of an emergency budget of \$140,000 for the relief of unemployment and the reorganization of all Zionist activities in Palestine along lines of greater coordination and efficiency, will result from the decisions made by the recent meeting of the Actions Committee, General Council of the Zionist Organization, declared Louis Lipsky, president of the Zionist Organization of America, on his return Friday from London, where he attended the Actions Committee meeting.

In a statement to the "Jewish Daily Bulletin," Mr. Lipsky outlined the work of the Actions Committee.

"The General Council of the Zionist Organization," he declared, "met in London to consider the economic problems of the Jewish National Home in Palestine. The report submitted by the Zionist Administration in Palestine gave indication of a grave unemployment situation in the cities, especially in Tel Aviv, due to the unusually large Jewish immigration of 1925, which had not been absorbed. This immigration, numbering about 40,000, had come into the country filled with hope but provided with inadequate means and not equipped to undertake pioneer industry or commerce and unfitted largely for agricultural pursuits. While their means lasted, the Jewish cities of Palestine experienced all the convulsive activity of a boom period. Houses were built, land was bought, petty industries and trading were initiated. Many of the new settlers came from Poland. They had left behind them in the land of their nativity property and bank resources upon which they expected to draw in case of need. The economic collapse of Poland brought about a financial crisis in Palestine, which soon spread to all the Jewish communities.

"To meet this situation, which was not of its creation, the Zionist Administration attempted to absorb those

## JEWISH COLONIZATION WORK IN RUSSIA PROCEEDING SUCCESSFULLY ACCORDING TO SCHEDULE, WARBURG DECLARES ON HIS RETURN TO MOSCOW

**American Jews Will Be Asked to Extend Work, Chairman of American  
Jewish Joint Distribution Committee States**

(Jewish Telegraphic Agency)

Moscow, May 20.—American Jews will be asked to make further investments in the work to settle Jews on the land in Russia, according to a statement issued here today by Felix Warburg, chairman of the American Jewish Joint Distribution Committee, upon his return from an inspection tour of the new Jewish settlements.

The Warburg party returned today following an inspection of the settlements in the three main colonization districts.

"I am satisfied and proud of the per-

manent foundation which was laid by the colonization work for the happiness and self-respecting, healthy life of the colonists, which will be possible here, probably within the near future," Mr. Warburg stated when interviewed by the representative of the Jewish Telegraphic Agency here.

"The sources of existence for the Jewish population in the small towns in Russia are becoming scarcer. The number of those who are anxious to settle on the land is steadily increasing. I am glad to observe that the work of the first three years of the Joint Distribution Committee in the colonization plan has gone along according to schedule. This is entirely satisfactory. To see the colonists in their homes, secure and contented, with hope revived and with good chances for the farms to start repayments, is a joy as well as a vindication of the plan of Dr. Joseph A. Rosen," Mr. Warburg continued.

"When I return home I hope to persuade American Jewry to invest further in this practical, humanitarian work. All I can say in the meantime is that the value of this colonization work cannot be overestimated. Therefore, every assistance American Jews can give to this work ought to be encouraged, in the first place, by paying the pledges toward the United Jewish Campaign without delay. Our obligations here must be met and time cannot wait," Mr. Warburg stated.

## COL. WEDGWOOD PROTESTS AGAINST EXCLUDING JEWS FROM PALESTINE FORCE

(Jewish Telegraphic Agency)

London, May 20.—The question of Palestine Jews' participation in the country's military defense forces was raised yesterday in the House of Commons by Col. Josiah Wedgwood.

Replying to Col. Wedgwood's question whether Jews are admitted to the fighting service in Palestine and Transjordan, Col. Amery stated that 37 Jews served in the Transjordanian forces in 1926. Jews are not recruited for the air force and the armored car service in Palestine, but they are employed as civilians.

Col. Wedgwood then asked the secretary: "How long is this insulting exclusion of Jews going to continue?" To this Colonel Amery replied that no such exclusion exists. The Jews are serving in the local forces but in the British force recruited in England, they serve as civilians, he said.

## INTERNATIONAL FORUM TO HEAR REPORT ON ANTI-JEW- ISH EXCESSES IN ROUMANIA

(Jewish Telegraphic Agency)

Berlin, May 20.—Complaints against the Roumanian government for tolerating the continued anti-Jewish excesses and mistreatment in Roumania will be brought before an international forum at the end of May, when the Federation of League of Nations Societies in Europe will come into session.

On the agenda of the conference there is a report of the general secretary of the Federation concerning the anti-Semitic excesses in Roumania.

M. Dyzenhoff, former mayor of Tel Aviv, will represent the Palestine League of Nations Society at the conference. There will also be representatives of the Jewish League of Nations Societies in Bulgaria, Czechoslovakia and Austria.

## COMMUNISTS ARE URGED TO SPEAK YIDDISH AT JEWISH GATHERINGS IN UKRAINE

(Jewish Telegraphic Agency)

Moscow, May 20.—Members of the Communist party who are able to speak Yiddish must address Jewish meetings in this language, according to a decision of the control commission of the Communist party in the district of Proskurov.

The decision was the result of complaints submitted by Jewish artisans. The artisans accused Jewish communist leaders of neglecting to employ the Yiddish language when asked to do so. They related an incident when a Communist speaker was asked to address the gathering in Yiddish because many in the audience were unable to understand Russian. The speaker replied that those who did not understand Russian might leave the hall.

### **The Consolidation of Temples Emanu-El and Beth-El**

The consolidation of Temples Emanu-El and Beth-El in New York is commented on by the "American Hebrew" and the "Jewish Tribune" in their issues of May 20.

Predicting that the consolidation of the two houses of worship will bring a new force of progress in American Jewry, the "American Hebrew" offers the suggestion that the merged congregations be named The Great Synagogue. The paper writes:

"We suggest that the consolidated congregations, Temple Emanu-El and Temple Beth-El, be named the Great Synagogue. The amalgamation of these two historic congregations merges two great spiritual forces and offers unlimited possibilities for Judaism. The new congregation possesses theological and lay leadership of the highest order. These, backed by the material assets of the two organizations, make it possible to carry through a congregational program unequalled anywhere else in the world. The influence of its activities should radiate not alone in the great metropolis and its environs but throughout the nation; and echoes of its achievements in the cause of Judaism will bring inspiration and courage to many congregations and individuals in other lands. From every point of view, the consolidation of Emanu-El and Beth-El has brought into possession of American Israel a new force of untold, latent power for the progress of Judaism. The traditions of both congregations, the united aspirations of the future of both, ought, in fact, make this congregation 'The Great Synagogue' of America."

The "Jewish Tribune" says:

"In deciding to approve the proposed merger with Temple Emanu-El, the members of Temple Beth-El of New York City showed not only prudence, but courage as well. Itself the result of a merger in 1874, it had played a prominent role in the New

Vienna Hakoah, a team of which is now touring the United States. The Hakoah was joined in extending the invitation by the Vienna Football team. Negotiations are now under way with sport clubs in Germany to make arrangements for matches.

### **ARREST ARAB BANDITS WHO ATTACKED REV. PETTIT** (Jewish Telegraphic Agency)

Jerusalem, May 20.—Three Arab bandits were arrested by the police yesterday, on the charge of being connected with the attack on the party of the Reverend Pettit.

It developed that the three are suspected of a number of attacks on the Jerusalem-Nablus road.

York community, its pulpit having been occupied by some of the most distinguished rabbis of modern times, such as Max Lilienthal, Kaufman Kohler, and the present incumbent, Samuel Schulman.

"Viewed from the angle of achievements and position, therefore, the merger of the two temples is really a union of equals and not by any means an absorption of the weak by the strong, and we therefore see much to commend the suggestion that the new organization bear a name which shall indicate this, or a new name."

### **Jewish Book Week**

The Jewish Book Week, which was recently proposed by Rabbi S. Felix Mendelsohn through the columns of the "Jewish Daily Bulletin" and which, according to reports, will be observed by Jews throughout America this week, has called forth the approval of the Anglo-Jewish press.

The "American Hebrew" of May 20 writes:

"Tired though we are of the multitudinous weeks... Jewish Book Week titillates our somewhat calloused sense of appreciation. Although we are born Jewish, we must not take it for granted that our Judaism will somehow reach us by absorption. Back of our religion are thousands of years of cultural development and objectives. Jewish philosophy and wisdom from Biblical times through the commentators of the middle ages and the eclectic sages of today forms an interesting body of thought for the modern student. In the light of Jewish history we can see our own guiding destiny far more clearly. The excuse can no longer be offered that the right sort of material is not available in English."

The "Jewish Press" of Omaha, Nebraska, endorses the sentiments expressed in an editorial of the Chicago "Sentinel," wherein it was declared: "The Protestant churches of America have a certain week in the year which is known as Religious Book Week. We believe that we can well follow their example and observe a Jewish Book Week. It seems to us that the week following Lag B'Omer, which is known as the 'Scholars' Festival,' would be a very fitting occasion for Jewish Book Week. Let the Rabbis of America devote their sermons on the Sabbath following Lag B'Omer to the Jewish book. Let them on this Sabbath point out the historic role of the book in Judaism and urge the people to continue to buy and read good Jewish books. Because of the proximity of Lag B'Omer to confirmation Rabbis could also urge Jewish parents to buy Jewish books as gifts for confirmants."

The following remarks are made editorially in the May issue of the "Jewish Forum," which presents a symposium on the subject by rabbis, Jewish editors and communal leaders:

"We are of the opinion that once a

# CZECHOSLOVAKIA RABBIS BRING LIBEL SUIT BASED ON ELECTION DIFFERENCES

(Jewish Telegraphic Agency Mail Service)

Prague, May 7.—The trial began here today in a libel action brought by the Agudist Rabbis, Weber and Hirschner, against Dr. Emil Margulies and Dr. Ludwig Singer, leaders of the Jewish People's Party in connection with the last Parliamentary elections.

Dr. Margulies, it was alleged had proposed at a meeting of the Jewish National Council, that a proclamation should be issued against those who had prevented the formation of a united Jewish bloc for the elections. He had said that a group of clericals who thought only of their own position had sold themselves to the authorities and had put up a separate list only to prevent the Jews of Czechoslovakia from obtaining their proper Parliamentary representation. On the order of the enemies of the Jewish people who sought to destroy the independence of the Jewish people, they had disrupted the unity of the Jews of Czechoslovakia.

Dr. Singer who was accused of having made similar statements at a meeting of the Prague City Council, said that he did not accept responsibility for the report of his speech as it had appeared in the Press and he was acquitted.

Dr. Margulies, on the other hand, accepted full responsibility for his statements and pleaded justification.

Dr. Solomon, who was called as a witness said in the course of his evidence that the Vice-Governor of the Province of Carpatho-Russia had given the candidate of the Jewish Economic Party a sum of 100,000 Kronen for his election expenses. The candidate, however, had gone over to the Jewish bloc and had returned the money to the Vice-Governor, giving Dr. Margulies a facsimile photograph of the receipt. Dr. Solomon added that a further sum of 150,000 Kronen had been given by the Vice-Governor of the Jewish Economic Party in order to run an opposition list of Jewish candidates and to split the Jewish vote.

At this point the proceedings were adjourned.

child possesses a little library of its own, it will develop a taste for more books. The dearth of useful Jewish books in English makes the private ownership of a Jewish library all the more imperative. The various methods of building up such libraries and acquiring the necessary Jewish knowledge suggested in the symposium should therefore be carefully noted."

The editor of the "Jewish Independent" of Cleveland observes:

"If Jewish Library Week were made a part of the program of all Jewish Religious Schools, it would help to intensify the love of learning that should never depart from the People of the Book. In cities that have well organized Bureaus of Jewish Education, the plan might be more readily worked out."

# STOCKHOLDERS CELEBRATE OPENING OF JUDEA LIFE INSURANCE COMPANY

**American Jews Largest Buyers of Insurance; Capital for Palestine to Be Provided Through New Channel**

Eight hundred stockholders attended the inauguration meeting of the Judea Insurance Company Thursday night. Judge Jacob S. Strahl, president of the company, announced that every insurance policy accepted by the company will name as beneficiary the Eretz Yisroel Endowment Fund, Inc., for an additional policy amounting to 5% of the sum insured. This is possible at a premium rate comparing favorably with the old line companies. The board of directors of the Fund will be nominated by the Keren Hayesod, Jewish National Fund, Hebrew University and the Vaad Leumi, the National Council of Palestine Jews. Statistics point to Jews in America as the largest buyers and sellers of life insurance, auguring well for the success of the Judea Life Insurance Company, whose operations will bring large funds into Palestine on both an investment basis from premiums and capital as well as through naming Palestine Funds as beneficiaries of policies, Judge Strahl stated.

Others who addressed the gathering were Morris Pike, actuary of the company, Samuel Mason and Professor S. B. Ackerman of New York University. Col. Francis R. Stoddard, Jr., former Superintendent of Insurance of the State of New York, is general counsel to the company, which is a subsidiary of the Judea Insurance Company, Ltd., of Palestine, doing business in Palestine, Egypt and other countries of the Near East. Both companies are owned by the Judea Industrial Corporation of New York City.

Sir Wyndham Deedes, former Civil Secretary of Palestine, has the distinction of being the first Christian policyholder of the Judea Life Insurance Company, it was announced at the meeting.

Sir Wyndham Deedes purchased a \$10,000 policy a few days before his departure for England.

He designated the Palestine Light-house for the Jewish Blind in Jerusalem as his beneficiary.

# MORTIMER L. SCHIFF GIVES \$75,000 TO Y.M.H.A.

A contribution of \$75,000 from Mortimer L. Schiff and smaller contributions amounting to \$9,000 put the campaign of the Young Men's Hebrew Association for \$1,500,000 for a new building at Ninety-second Street and Lexington Avenue beyond the \$1,000,000 mark. The total now is \$1,025,950.

Mr. Schiff's donation brought the total contributed to the Y. M. H. A. by the Schiff family to \$469,500, according to Judge Joseph M. Proskauer, president of the organization. Others of the family who have contributed to its support, he said, were the late Jacob H. Schiff, Felix Warburg, Mrs. Jacob H. Schiff and Frederick M. Warburg.

# PARIS "FIGARO" ATTACKS SHOLOM SCHWARTZBARD (Jewish Telegraphic Agency)

Paris, May 20.—An attack on Sholom Schwartzbard, accusing him of Soviet sympathies, was published by the Paris newspaper, "Figaro". The paper alleged that Schwartzbard had relations with the Soviet government. Schwartzbard addressed an open letter to the newspaper, denying categorically this allegation. In publishing the denial, the "Figaro" repeated its accusation, adding that Henry Torres, Schwartzbard's counsel, has always defended Communists and that his defense of Schwartzbard is inspired by the Soviets.

Dr. Jacob Mann, Professor of History at the Hebrew Union College, will lecture at the Hebrew University of Jerusalem during the academic year 1927-1928. The services of Dr. Jacob Mann have been loaned by the Hebrew Union College to the Hebrew University of Jerusalem for the entire year. capable of labor in public works, but it had been provided with insufficient means. Several thousand workmen from the cities were transferred to agricultural labor in the old Jewish colonies which, in spite of the crisis in the cities, were in a prosperous condition. These remedial efforts did not avail to stem the tide of the growing unemployment. The Zionist administration was forced to begin the payment of doles in Tel Aviv, Haifa and Jerusalem and Afula. There were over 5,000 dole takers supported to the extent of granting them from 25 to 50 piastres a week per person.

"The Zionist Executive, headed by Dr. Chaim Weizmann, proposed first, to undertake at once to do away with the dole system in Haifa, Jerusalem and Afula by providing, in cooperation with other agencies, public works to absorb about 3,000 workmen. It was agreed that efforts should be exerted also in Tel Aviv so that not later than October 1st the dole system should be abolished. In the meantime, an emergency budget of 140,000 pounds is being provided, which will probably be augmented by an emergency loan which will enable the Zionist Organization to investigate conditions and propose a new plan of work which will make impossible the recurrence of economic crises.

"To that end a special Zionist committee has been appointed with ample powers to undertake at once the co-ordination of all Zionist activities, the preparation of the budget for the year 1927-28, and the submission to the next Zionist Congress, which is to be held in August in Basle, a reorganization plan for adoption. On this committee are two Americans, Samuel J. Rosensohn and Emanuel Neumann. The other members are Harry Sacher, S. Schocken, Berthold Feiwel and Dr. Kasteliansky.

"These preparations are intended to pave the way for the larger International Commission of experts, who, under the leadership of Sir Alfred Mond, Felix Warburg and Dr. Lee K. Frankel, are to undertake a thorough investigation of Palestine conditions, to submit its report later in the year to the Council of the Jewish Agency. The sending of this Commission was made possible through the agreement reached in America by Louis Marshall, representing the non-partisan Jewish group, and Dr. Chaim Weizmann, representing the Zionist Organization," Mr. Lipsky concluded.

A detailed report of the deliberations of the Actions Committee will be rendered by Mr. Lipsky at the special Palestine conference which takes place today at the Hotel Pennsylvania.

A synagogue will be erected in Dallas, Texas, by the Central Orthodox Congregation. The cost is estimated at \$150,000.

Sophie Irene Loeb, chairman of the Child Welfare Committee of America, and Judge Algernon I. Nova, president of the Brooklyn Hebrew Orphan Asylum, will be the principal speakers at a public meeting to be held Sunday afternoon at the Brooklyn Hebrew Orphan Asylum, at which the problem of child welfare in Brooklyn will be discussed.

The meeting is being held in connection with the campaign of the asylum to place approximately 300 orphans in foster homes in Brooklyn and Long Island.

Nine thousand dollars from Samuel Untermyer headed the additional contributions reported Wednesday to Judge Joseph M. Proskauer, chairman of the Y. M. H. A. \$150,000 Building Fund Campaign, at a luncheon of workers held at the Biltmore Hotel.

The new contributions announced included \$250 from Chief Justice Benjamin N. Cardozo, of the New York State Court of Appeals, \$1,000 from Adolph Lewisohn, and \$500 from former Supreme Court Justice Samuel Greenbaum.

The total reported yesterday was \$30,600, bringing the total thus far to \$941,950.

The names of more than thirty thousand contributors to the Federation for the Support of Jewish Philanthropic Societies will be included in the Federation's membership list which will be published this Spring, according to an announcement by Sol M. Stroock, president of the organization.

Two years ago, when the last membership list was issued, it contained 25,000 names of persons who contributed a total of \$4,000,000 toward the support of the ninety-one affiliated agencies of the Federation. In announcing the decision to publish the book again this year, Mr. Stroock estimated that the Federation includes agencies performing more than eighty per cent of the Jewish social service in New York and that the Federation has raised upwards of \$2,000,000 for this work during the ten years of its existence. By 1926 the amount raised had increased to \$4,720,000 and the number of contributors has passed the 30,000 mark.

The book will contain, in addition to the membership roster, a financial chart showing the growth of the Federation; an accounting of the distribution of funds to the individual institutions; a listing of the members of the Business Men's Council, and a description of the work of the constituent societies.

## RECORD OF FIVE JEWISH ASSEMBLYMEN PRAISED BY CITIZENS' UNION

Five Jewish Assemblymen are among those praised for their records in the New York State Assembly by the Committee on Legislation of the Citizens' Union, which deals with the records of Assembly members from Manhattan and the Bronx.

The strongest approval accorded by the committee to any member for his services in the Assembly went to Samuel H. Hofstadter, Republican Assemblyman from the Fifteenth Manhattan District. Last year too the highest honors from the Citizens' Union went to Mr. Hofstadter, who is one of the youngest members of the lower house at Albany.

"Exceptionally well equipped and useful member; able on the floor and in committee, handling several important bills well and making one of few genuinely good records among city members," is the appraisal of Mr. Hofstadter, in the report made public by the Committee.

Maurice Bloch, minority leader, is praised as "tireless, effective, consistent and able," but a little too prone to partisanship. Meyer Altman of the Seventeenth, Maurice F. Cantor of the Eleventh and Samuel Mandelbaum of the Fourth, receive approval for "above average" service.

## BREVITIES

The news of a large bequest to English and American universities by Lady Henry, who died in London recently, will shortly be officially announced the "Daily Sketch" understands.

A sum said to be £250,000 is left for the establishment of scholarships at the Universities of Oxford, Cambridge, Yale and Harvard. It is further understood that the scheme under which the scholarships are given provides for facilities at the American universities to be open to British students and those at Oxford and Cambridge to American students.

Lady Henry was the daughter of Leonard Lewishohn.

The Keren Hayesod has just published Hebrew translation of the addresses delivered by Earl Balfour during his tour of Palestine in 1925. A Yiddish edition is to appear shortly. For the first time the Keren Hayesod has published a pamphlet in Arabic, using Hebrew letters. It is intended for the Jews in North Africa and Asia.
