WASHINGTON HIGH OFFICIAL REPLIES TO 'DAYS' CHARGES IN CHARLES LEVINE MATTER

**Speaks for Kellogg; Postmaster General
 New Ridicules Charges Racial
 Consideration Caused Attitude**

A statement concerning the case of Charles A. Levine, owner and passenger of the Columbia on its trans-Atlantic non-stop flight to Germany, was issued by United States government officials to a representative of "The Day," the Yiddish daily which criticized President Coolidge and members of his cabinet for their failure to mention Levine's name in their congratulatory messages to Ambassador Schurman. The statement was issued to the newspaper representative by a high government official in the name of Secretary of State Kellogg.

"Levine's name was not mentioned because he was considered as a passenger. Notwithstanding the fact that everyone appreciated Mr. Levine's courage in undertaking the flight, we felt that the official congratulations belonged to the aviator. Later, when it was learned that Mr. Levine had helped navigate the airship on its flight, recognition was expressed in the congratulations to both. It is regrettable that this incident was given a false interpretation. It must be clear to everyone that this attitude in no way represents an act of discrimination against Levine for any reason whatsoever," the statement declared.

The statement also pointed out that in the telegram of President Coolidge to President von Hindenburg, Le-

FELIX M. WARBURG, BACK FROM WORLD TOUR, TELLS OF CONDITIONS IN RUSSIA AND PALESTINE

**Defers Discussion of Future Plan Until He Reports to Committee;
 Julius Rosenwald Arrives on Same Steamer**

Felix M. Warburg, chairman of the American Jewish Joint Distribution Committee, arrived Friday afternoon on the steamer Aquitania, from a trip around the world. Julius Rosenwald arrived on the same steamer. Mr. Rosenwald stated that while in London he met Dr. Chaim Weizmann.

Mr. Warburg, when interviewed by a representative of the Jewish Telegraphic Agency, gave his impressions of his visit to Palestine and Russia. When asked about his plan for a ten year program for work in Palestine and Russia, which was reported in cable despatches, Mr. Warburg said that he would not care to make any statements at present before he renders his report to the Joint Distribution Committee.

"After a trip of six months duration it is difficult to give in a few words the impressions gathered from so many countries in regard to so many different problems," Mr. Warburg said. "We have admired nature's beauty in many moods in many countries, and have seen the struggle to work out economic problems under all kinds and forms of government."

"Among the countries re-visited I was impressed with the improvements in Athens and Palestine. In the latter country I found, under the admirable administration of Lord Plumer, the problems between Arab and Jew rapidly diminishing and some of the farms getting on a successful business basis. If the enthusiastic support which has made the development so far possible continues, I feel that in that corner of the world which has inspired so many religions and so many people a successful and comfortable Colony can be worked out. It is not a proposition which can develop by itself, and it will need financial support to overcome the difficulties which many years of neglect under former governments have, no doubt caused. In addition to

the working out of financial problems, I am very hopeful that the University which is gradually taking shape, thanks to the generous support which it has received from a few sources, will form a centre of education and inspiration in matters Jewish, and that the other departments not connected with the Jewish studies will help the country and the development of Jewish minds," Mr. Warburg said.

"My trip through Russia, from Vladivostok to Moscow, from Moscow to the Black Sea and back to Moscow and Leningrad, and then through Poland to Berlin, was all terra incognita for me, and, while I was prepared to find things very different from what sensational writers and partial observers have told the world, I did not think that one could see as much of this enormous country and meet so much kindness and readiness to show you what their new thoughts and principles aim at. I am principally interested not in business but in the development of new colonies, especially those for the benefit of the Jewish population formerly condemned to live in the 'Pale' now permitted to live elsewhere and also on the farms."

"Through the efforts of the Jewish Colonization Association in Paris, who repopulated such farms abandoned in consequence of famines and civil war, and through the efforts of the Joint Distribution Committee, which has established about 139 new villages in the districts around Kresno-Rog and Chernov, and the Crimea, about 130,000 Jews are living and supporting themselves decently on farms. We spent three weeks studying the results of this enterprise, and were more than encouraged to see that those people who live on the farms in their third year begin to repay as they should, the loans made to them. The details about this encouraging enterprise it will be my privilege to report to our Committee, and I will not go into that at the moment."

"We have stopped and seen quite a number of cities in Siberia which we passed through during a trip lasting about two weeks," he said. The riches of their country and forests, fields and water power, not to mention furs and metals, is tremendous, and it ought to be only a question of organization and management somewhat different from what they have now to produce most gratifying results. The courtesy shown everywhere was extraordinary; from

JEWISH N. F. ACQUIRES NEW LAND IN JEZREEL VALLEY

American Orthodox Leaders Are Welcomed in Palestine
(Jewish Telegraphic Agency)

Jerusalem, June 17.—A new land purchase in the Valley of Jezreel was made by the Jewish National Fund.

The Fund acquired an area of 9,272 dunams. The land will be used to establish a settlement of Orthodox workmen, members of the Ha'poel Ha'mizrahi organization.

Rabbi M. S. Margolies, honorary president of the Union of Orthodox Rabbis in the United States and Canada, who is visiting Palestine, made an inspection of the Mizrahi schools in Jerusalem. He also visited the colonies, accompanied by Rabbi Aaron Teitelbaum, president of the Central Relief Committee. Rabbi Margolies expressed his satisfaction with the conditions prevailing in the colonies.

(Jewish Telegraphic Agency Mail Service)

Jerusalem, June 3.—A party of American Orthodox leaders including Rabbi M. S. Margolies, Honorary President of the Union of Orthodox Rabbis of America, Harry Fischel and Rabbi Aaron Teitelbaum, Secretary of the Central Relief Committee, arrived here yesterday. Rabbi Margolies will spend some time in Palestine. The party also includes Rabbi Jacob W. Kedeheim, a member of the Union of Orthodox Rabbis.

A reception in honor of the guests was given on Thursday evening at the house of Chief Rabbi A. I. Kook. Leaders of the Jewish religious community, members of the Mizrahi World Centre and other associations, were present.

The ceremonies marking the laying of the cornerstone of Temple Adath Israel, Bronx, N. Y., will be held this afternoon.

STATISTICS REFUTE CLAIM OF ANTI-SEMITES; JEWISH POPULATION IN GERMANY 500,000

(Jewish Telegraphic Agency Mail Service)

Berlin, June 2.—The entire Jewish population of Germany, including Prussia, numbers about 500,000 souls, according to the latest figures compiled by the Economic Statistical Section of the Jewish Scientific Institute here, based on the general census taken in 1925. This figure reveals that the Jewish population of Germany is showing a tendency to decrease, as compared with the figures of the census taken in 1910. The decrease specially affects Prussia, where the number of Jews was estimated in 1910 to be about 450,000. There are at present 172,672 Jews living in Greater Berlin, according to the same data, showing that the Jewish population of Berlin has increased since 1910 by 28,697 souls.

These figures came as a surprise, because the anti-Semitic press of Germany contends that there are more than a quarter of a million Jews in the capital of Germany and that the influx of Jews from Eastern Europe has been tremendous. The figures reveal that the increase of the Berlin Jewish community is partly due to a natural increase of the population and partly to the immigration of Jews from the Eastern provinces of Germany as well as from the cities which have been annexed to the neighboring countries.

The Jewish population of Berlin is 4.3 per cent of the total population of the capital, against 3.9 per cent in 1910.

JEWISH SHOPKEEPERS IN UKRAINE SUFFER HARDSHIPS

(Jewish Telegraphic Agency Mail Service)

Riga, May 31.—The Ukrainian newspapers just received here report that a great number of summonses are being issued daily against the shopkeepers, mostly Jews, in the various cities of Ukraine, for not adhering to the fixed retail prices enforced by the local authorities, following the policy of lowering the cost of living.

In Kiev alone during the last few days not less than one hundred shopkeepers have been tried and heavily fined. To enable the police to control the dealings of the shopkeepers, the authorities of the Kiev district have instructed all traders to keep in a prominent place in their shops a book of complaints to be available for all customers.

The private shopkeepers, who are successfully competing with the State controlled cooperative stores, are subjected to heavy taxation, and as a result of this a number of shops have been closed down, increasing the number of unemployed.

Louis Blum, eighty-three, retired tobacco importer and oldest member of the Harmonie Club, died Wednesday while at luncheon in the club dining room.

He was a charter member of the Harmonie Club which he helped to organize in January, 1866. He retired from business twenty years ago.

Moses Ottinger, father of Attorney General Albert Ottiger, left an estate appraised at \$1,300,454 gross and \$1,229,406 net. Mr. Ottinger, who died Nov. 16, 1925, left a total of \$29,000 in charitable and educational bequests.

At the final session of the convention Tuesday evening resolutions dealing with youth activities, cultural activities, finance and budget will be received and discussed.

Ten charities will receive \$1,000 each by the terms of the will of Sam Bernard, the comedian who died May 16 on his way to Europe. It was disclosed when his will was filed at the Surrogate's office. The bulk of his estate, which is expected to total about \$300,000, goes in trust to his widow, Mrs. Florence Bernard, and his son and daughter, Sam Bernard, Jr., and Roselind Bernard.

The charities receiving bequests are the Mount Sinai Hospital, the Jewish Aid Society, the Actors Fund, the Montefiore Hospital, the Beth Israel Hospital, the Home of Sons and Daughters of Israel, the Home for the Destitute Blind, the Hospital for Deformative and Crippled Children, the Hebrew Orphan Asylum and the Jewish Theatrical Guild.

PALESTINE HAS WESTERN STANDARDS OF LABOR

(Jewish Telegraphic Agency Mail Service)
 Geneva, June 1.—A report on labor conditions in Palestine, submitted to the International Labor Conference here, states that "labor legislation in Palestine is as yet in its infancy through a commencement has been made during the past twelve months."

"The difference between Jews and Arabs cause great difficulties on all labor questions," the report continues. "The Arab population is accustomed to primitive conditions and, generally speaking, an Arab working for an employer of his own race receives a wage much inferior to that given to a Jew by a Jewish employer."

"Measures for the institution of uniform conditions of labor would probably be helpful in improving the relations between the two elements of the population."

"In spite of the prevailing difficulties, the Palestine labor organizations have continued to be active and to carry out experiments which make the country an excellent observation field. The General Confederation of Jewish Workers has set up various technical branches and social service institutions. These are run on a mutual aid basis, and provide for accident insurance and sickness insurance. Generally speaking, it may be said that the conditions of life and labor of Jewish workers tend to approximate to those prevailing in the west in such matters as standards of living, average pay, and the length of working hours," the report states.

(Jewish Telegraphic Agency Mail Service)

"The new building of the library which is now being erected will cost \$35,000."

JEW AND ARABS COOPERATE IN MUNICIPAL ELECTIONS

(Jewish Telegraphic Agency Mail Service)
 Haifa, May 22.—The final results of the Municipal elections at Haifa, made public today, show a decisive victory for the Hassan bey Shukri group which opposed the list of the Arab Executive. This group, consisting of Moslems and Christians, was supported by the Jewish community of Haifa and obtained six seats on the Municipal Council while its antagonists, led by Abdel Rahman, the former Mayor, got only two, the Mayor himself not being returned.

Following the example of Jerusalem and other cities, only one Jewish list was submitted here. No polls were necessary for the Jewish candidates and both Mr. David Cohen of the Workers' Council and Shabtai Levi were returned unopposed.

The Christians and Moslems were divided into four competing groups with 10 Christian candidates, for four Municipal seats, and nine Moslem candidates, for four seats.

After the election results were announced Hassan bey Shukri, who is one of the strongest candidates for the Mayorality, visited the Haifa Workers' Council. He thanked them for their support in the Municipal elections and promised to assist the workers in their demands. He further declared that the elections brought about a rapprochement between the Arabs and the Jews.

Jaffa, May 21.—The Jewish community of Jaffa published an appeal calling on all Jews to vote for the Arab list headed by Youssef Dajani and Assem bey Said.

Youssef Dajani and his associates published an election appeal in Hebrew. They promise to cooperate with the Jews, "to take care of the water supply, to improve the harbor, reform education, reduce expenditure."

Altogether four lists of candidates, containing 28 names, were submitted by the Moslem and Christian voters here. One of the lists includes the partisans of the Arab Executive.

The two Jewish candidates will be returned unopposed.

SWISS JEWS' UNION REFUSES GRANT FOR KEREN HAYESOD

(Jewish Telegraphic Agency Mail Service)
 Zurich, June 1.—A motion that the Union of Swiss Israelitic Communities make a contribution of one thousand francs toward the Keren Hayesod was rejected at the annual meeting of the Union held here in the presence of 40 delegates, representing 17 communities affiliated with the Union. The reason for the refusal to grant the subsidy was stated to be that the Union has not at its disposal the funds to contribute for Jewish national purposes.

The convention simultaneously voted a subsidy of one thousand francs for the Emigdirekt, the United Jewish Immigration Committee.

A report submitted to the convention showed that the Orthodox Jews in Switzerland suffer greatly as a result of the Schechina prohibition. The practice of importing Kosher meat from abroad met with great difficulties due to the fluctuation of prices.

WARBURG, BACK FROM WORLD TOUR, DESCRIBES PALESTINE AND RUSSIA

(Continued from Page 1)

the Japanese Sea to the Black Sea, to Leningrad, and to the frontier we have been permitted to go and see whatever we pleased.

"I wish more people could have an opportunity of satisfying themselves about the earnestness of these people, and the Government who try to work out their still very knotty problems. Surely their finance ideas are different from ours, but things are changing every day, and it has been a wonderful experience to see how they are trying to satisfy the masses and educate them, though that during this time of evolution some people have to go through painful processes of readjustment cannot be denied, but, after seeing the treasures, not only in the Crown Jewels, but the riches of the country, and after admiring such galleries as the Hermitage of Leningrad, one feels that the feeling for the beautiful and the things worth while in life have not been forgotten in that country. It is to be hoped that in their relationship with other nations such readjustments can soon be achieved which will be satisfactory to all sides," Mr. Warburg concluded.

New regulations, scheduled to go into full effect next Dec. 1, which would bar naturalized Canadians from traveling between their Canadian homes and places of employment in the United States, were attacked in a letter to President Coolidge, made public by Representative Emanuel Celler of Brooklyn.

Albert Lorsch, founder of the precious stone business of Albert Lorsch & Co., Inc., left an estate appraised at \$3,190,350. He gave \$5,000 each to the Hebrew Orphan Asylum, Mount Sinai Hospital and the United Hebrew Charities, \$2,000 to Montefiore Home and \$1,000 each to the Home for Aged and Infirm Hebrews, the Hebrew Technical Institute and the Educational Alliance.

WASHINGTON HIGH OFFICIAL REPLIES TO "DAY'S" CHARGES IN CHARLES LEVINE MATTER

(Continued from Page 1)

vine's name was mentioned together with Chamberlin.

The representative of "The Day" was also granted an interview by Postmaster General Harry F. New. Mr. New denied that any racial or religious considerations influenced the attitude of the government toward Mr. Levine. If Mr. Levine was a Catholic, a Protestant or a Mohammedan, the situation would not have been different. The charge that Mr. Levine's religion or race had anything to do with the matter is absolutely baseless, Mr. New stated.

Mr. New indicated that the attitude of Mr. Levine was caused as a result of the controversy now pending between the government and Mr. Levine in the war material transactions, although he refused to state what the nature of the difference was. The Postmaster General stated that the entire matter still rests in the hands of the Attorney General's office.

The former Senator from Indiana ridiculed the charge that he was an anti-Semite. Jews were always among his closest friends in Indianapolis, he stated. Many of his friendships, dating back to his school days are with Henry Cohen, S. E. Rowe, Wolf Sussman, Ralph Bamberger and many other Jews who are prominent in business and social work. Besides, there are in the post office department thousands of Jews who serve the government and whose services are just as satisfactory as that of all other employees of the department, he stated.
