Gift is Earmarked for Hadassah;
Judge Mack Establishes Prize in
Philanthropist's Honor

The sum of \$100,000 was contributed to the United Palestine Appeal by Nathan Straus on the occasion of his eightieth birthday, according to an announcement by Herman Bernstein yesterday. The gift to the United Palestine Appeal was earmarked by Mr. Straus for the Hadassah Medical Organization and is to be administered by Miss Henrietta Szold, the American member of the Palestine Executive.

This gift of Mr. Straus's makes the amount he has contributed to Palestine during his lifetime more than \$1,500,000, which includes a recent gift of \$250,000 for a health center in Jerusalem and \$75,000 for a health center in Tel Aviv.

Mr. Straus is honorary chairman of the New York United Palestine Appeal. In his letter announcing the gift, he stated:

"It is a source of great satisfaction to my dear wife and myself to announce that on the occasion of my eightieth birthday I have given the Hadassah Medical Organization, in answer to the United Palestine Appeal, the sum of one hundred thousand dollars.

"It is to be used along the lines of my health and relief institutions in Palestine and is to be supervised and administered by Henrietta Szold, the American member of the Palestine Executive. She knows the true needs of Palestine and is pre-eminently qualified to judge how the money contributed by us on this special occasion can best be utilized.

"The ideal of a reconstructed Jewish Homeland has been one of my chief thoughts and concerns for many years. I could therefore find no better means of expressing my gratitude to God who has preserved me for eighty years than

ROUMANIAN STUDENTS CHARGE GOVERNMENT WITH COMPLICITY IN TRANSYLVANIAN EXCESSES

Claim Authorities Lent Support; Demand Fulfillment of Promises; Colleagues
Threaten Unless Convicted Students are Released; Protest
Meeting is Held in Paris

(Jewish Telegraphic Agency)

Bucharest, Jan. 31.—Sensational accusations directed against the Roumanian government in connection with the anti-Jewish excesses in Transylvania were made in a statement published by the Christian Students League in the "Cuvintul."

According to the statement of the Christian Students League, the government supported the Oradea demonstration which was aimed against Jews and Hungarians. Prior to the congress, the government made far-reaching promises to the student leaders but later when the scandal aroused wide attention, the

government denied everything, the statement declares.

The faculty of the school of philosophy at the Bucharest University urged the government to withdraw the punitive measures taken against the students. Now the students urge Understate Secretary Tartarescu to fulfill the promises made, otherwise the students will declare a strike and reveal all the facts in connection with the Transylvanian excesses, the statement declares.

Paris, Jan. 31.—A large meeting to protest against the anti-Jewish excesses in Roumania was held here last night.

Henri Torres, well known attorney who was Sholom Schwartzbard's counsel, presided over the meeting which was addressed by several prominent speakers.

ANTI-SCHECHITA AGITATION IN POLAND ASSUMES SERIOUS ASPECT, MOVEMENT SPREADS

Several Organizations Move to Press
Legislation

(Jewish Telegraphic Agency)

Warsaw, Jan. 31.—The agitation for prohibition of the schechita, the Jewish method of slaughtering animals, is assuming serious proportions, it became clear as action in this direction was undertaken by several organizations with the support of the popular newspaper, "Goniec Polski."

The newspaper, in supporting the campaign for the prohibition of the schechita, reports that the Society for the Prevention of Cruelty to Animals prepared a memorandum and submitted it to the Minister of the Interior, Skladowski, who is the president of the society, and to Marshal Pilsudski, who is an honorary member, demanding the complete prohibition of the schechita.

The National Organization of Polish Women has issued a call to a nation wide conference to press this demand. Simultaneously it was announced that a conference was also called for February by the anti-Semitic organization, Rozwoj. According to the report, the measure will also have the support of the so-called Christian labor unions. A characteristic feature of the situation is that the agitation is carried on not only by the nationalists.

In Jewish circles it was pointed out today that the purpose of the tumult raised in this connection is to oust Jewish merchants and workers from the meat industry.

Bucharest, Jan. 30.—An appeal to Roumanian students to secure the release of their anti-Semitic colleagues who were arrested for participation in the anti-Jewish excesses in Clausenburg was published by the newspaper "Cuvintul."

The paper declares that the arrested students have gone on a hunger strike. If the students do not act quickly, they will soon be acting for corpses and "Jews will rejoice and scoff at Roumanian students. If the law will not give us justice," the paper continues, "we will show that Roumanian students can obtain justice, even if it is a fight to the last man."

GERMAN TO PUBLISH BOOK SHOWING HEBREWS ORIGIN- NATED ART OF WRITING

Urges German Expedition to Join
American in 1929

(Jewish Telegraphic Agency)

Berlin, Jan. 31.—The sending of a German expedition to the Sinai Peninsula to cooperate with the expedition of Boston University to further inquire into the meaning of the tablets found by Sir Flinders Petrie is being urged by Professor Hugo Grimme, who claims to have deciphered the inscriptions on the tablets. The expedition would join the Boston expedition in 1929.

The opinion expressed by Professor Grimme, with the support of new evidence found in Asia Minor that the Sinai tablets are probably the oldest form of writing, thus showing that the ancient Hebrews were the originators of the art of writing, has aroused wide attention here. Professor Grimme announced that he will soon publish a book on the subject.

Professor Grimme repeated his belief in his interpretation of the Sinai tablets at a lecture which was attended by the Prussian Minister of Education, Becker, representatives of the foreign office, noted Egyptologists and Orientalists and several rabbis. Professor Mitrowski and Mr. Broditz, president of the Central Union of German Citizens of the Jewish Faith, were also present.

KEREN HAYESOD INCOME

IN 1927 TOTALLED \$494,288;
AMERICA'S SHARE \$247,500
(Jewish Telegraphic Agency)

Jerusalem, Jan. 31.—Figures of the income of the Keren Hayesod during the year 1927 have just been published here. The figures show that during 1927 the fund received less than in the previous year, the decline being attributed to the fact that remittances for 1927 had been forwarded earlier. These advance remittances included sums from America and the \$50,000 gift of Bernard Barou.

During 1927 the income of the Keren Hayesod totalled \$494,288, while in 1926 it was \$595,589. American contributions totalled \$247,500 in 1927 while in 1926 \$332,411 was transmitted.

Other countries generally sent more during the previous year than in 1926, particularly South Africa, Germany and Roumania. China, which sent \$80 in 1926, forwarded \$3,694 during the past year. Australia, whose contribution in 1926 was \$121, increased the amount to \$5,023, New Zealand which made no remittances in 1926, forwarded \$2,600 last year.

DEMAND CAMOUFLAGE HONOR FOR PROF. ALEXANDER CUZA

(Jewish Telegraphic Agency)

Bucharest, Jan. 30.—A demand that Jassy University be renamed Cuza University in honor of Jan Cuza, first king of the United Roumanian principalities, is being made by followers of Alexander Cuza, anti-Semitic leader, who was recently pensioned off by the government.

The followers of the anti-Semitic leader are making the demand in the belief that propaganda for Cuza and his policy will be furthered by the change in the name of the university, due to the fact that his name is the same as that of the former King "n-

by making this gift to Palestine.

"Today I have received congratulatory messages on my birthday from people throughout the world. They have expressed their good wishes and the high regard which they have for my work. ZEIRE ZION CONVENTION HELD IN PHILADELPHIA; PLAN \$100,000 CAMPAIGN

(Jewish Daily Bulletin)

Philadelphia, Pa., Jan. 30.—A plea to the various factions within the Zionist movement to lay aside all partisanship and form a united front was voiced by Louis Lipsky, president of the Zionist Organization of America, at the opening session of the seventh annual convention here of the Zeire Zion of America and Canada.

"We are not opposed to the formation of parties within the movement," Mr. Lipsky declared. "These add content and substance to the movement as a whole, but we must guard against those forms of partisanship which result in internal strife. This is especially true at this time when we must have a united front with which to meet those from without in the interest of Palestine."

More than fifty delegates from various parts of the United States are attending the convention. Dr. David Bethlachim called the convention to order and handed the gavel to Dr. David Robelski, president of the Zeire Zion Organization. In his address Dr. Robelski pointed to the seriousness of the situation in Palestine and of the duty facing the American Zionists. L. Segal, general secretary of the Jewish National Arbeiter Verband, greeted the convention on behalf of his organization. Abe Goldberg spoke for the Jewish National Fund and the Histadruth Ivrit. Professor Chayim Fine-man of the Poale Zion Organization and Max Rhoads of the Avukah spoke. Chaim Arlasarof, Palestine labor leader, greeted the convention.

An effort to raise not less than \$100,000 for the various institutions in Palestine, a program of expansion including an attempt to reach the American Jewish youth with a view of interesting them in the platform of the Zeire Zion, the formation of a group of 100 members each to contribute \$100 a year for a period of five years, the money to be used to purchase land in Palestine in the name of the organization and the present status of the Zionist movement in and outside of Palestine were the salient points considered on the second day of the convention.

A report of A. Levy, general secretary, showed that \$53,000 were forwarded to Palestine during the past year. Dr. A. Coralnik, Sol Friedland and A. Homlin addressed the session.

Harry Greenstein, president of the Young Men's and Young Women's Hebrew Association of Baltimore has been appointed executive director of the Associated Jewish Charities. He will assume his duties in May, succeeding H. Joseph Hyman.

CONDITION OF PALESTINE INDUSTRY IS IMPROVING

(J. T. A. Mail Service)

Jerusalem, Jan. 5.—Conditions in the larger industries in Palestine are improving gradually. The new Customs Tariff has given a considerable impetus to a number of these industries.

Messrs. Karama Dick and Salty have established a special section in their cigarette factory at Haifa for the manufacture of cigarettes for Trans-Jordan. The capital of the company has been increased to £150,000. The company is affiliated with Maspéro Freres, Ltd., the well known cigarette manufacturers of Egypt and Palestine who recently purchased the Matossian concern.

The Matzoth factory of the Grands Moulins de Palestine resumed work in the first week of November, and is preparing unleavened bread for export.

The "Shemen" Oil Factory has increased the number of workers engaged in the factory owing to the increasing demand for its produce since the institution of the new customs tariff.

The Palestine Cement Company ("Nesher" Ltd.), have acquired a large motor boat capable of transporting 300 tons of cement. This boat is destined to transport local cement to Syria and Cyprus. The price of local cement has risen by 200 mills per ton since November 4.

About two hundred workers are engaged on the Jordan works under the Rutenberg plan. Though the number of laborers engaged in industry has increased, the conditions of the labor market continue to be very unfavorable in the Jaffa and Haifa Districts and it is feared that the number of unemployed will increase in the winter.

(Jewish Daily Bulletin)

Detroit, Jan. 30. — That American Jewry will have to go on helping the Jews of Eastern Europe for at least another five years was the declaration made in Detroit on Sunday to delegates of the Michigan Constructive Relief Conference by Morris Waldman, who presented a report on conditions in Poland.

The call for the continued relief effort was seconded by David Brown.

Fred Butzel acted as chairman of the conference, William Friedman welcomed the delegates.

Meyer L. Prentiss, leader of the relief campaign in Detroit, submitted a report showing that Michigan had raised \$233,000 of the \$380,000 pledged. The amount raised, sixty-two per cent. of the pledges, was declared by Mr. Brown to be one of the best records of the States.

Resolutions adopted by the conference called upon the communities to immediately raise all outstanding pledges and wherever possible to increase the amounts raised.

ROTHERMERE'S CAMPAIGN ROUSES ANTI-JEWISH AGI- TATION IN CZECHO-SLOVAKIA

(J. T. A. Mail Service)

Prague, Jan. 13.—Reporting to the Jewish National Council of Czechoslovakia, which was in session here, the President of the Council, Dr. Lucwig Singer, said that the Nationalist Jews of the Republic had, in spite of all opposition, shown themselves to be an important political factor in the country. They had shown this also in Slovakia, where the Rothermere campaign for the restoration of territory to Hungary had led to an agitation against the Jews. The Jewish National Party had proved its strength in the last Municipal elections, when it had secured the election of a number of Jewish members to the municipalities.

Reports were also submitted on the position of the Hebrew and Yiddish schools in the country, the affairs of the Jewish communities, the various interventions made for the purpose of obtaining their legal rights for Jews, securing pensions for Jewish State officials, the organization of Jewish students, and the combating of anti-Semitism.
