OPPOSITION IS TO SEEK ZIONIST ADMINISTRATION CHANGE, MEETING REVEALS

'Back-to-Herzl' Meeting, Under De Haas, Formulates Plan; Dr. Wise Resigns from Administrative Committee

More light on the opposition movement said to be in existence within the ranks of American Zionists was shed at a meeting of the Back-to-Herzl movement held Tuesday night at the Hotel Breslin, under the chairmanship of Jacob de Haas. About thirty leading New York Zionists attended the meeting.

Strong dissatisfaction with the present state of affairs in Palestine, in the World Zionist movement and in American Zionism were expressed in the addresses delivered by Mr. de Haas, Robert Szold, Isaac Allen, Elias Ginsburg and others.

Hyman Siegel and Mr. Robins were the spokesmen for the group which demanded that the opposition formulate a constructive program to meet the pressing problems of the Zionist movement now, on the basis of which a new or renewed administration slate might be chosen at the forthcoming Zionist convention in Detroit during June. Mr. Siegel and Mr. Robins urged the opposition leaders not to confine their activity to mere criticism.

In reply to a question from the floor, Mr. de Haas confirmed the report current that Dr. Stephen S. Wise has resigned from the administrative committee and the executive committee of the Zionist Organization of America, although he retains his post of honorary chairman of the United Palestine Appeal.

Mr. de Haas also explained that although he is an opponent of the Jewish Agency idea, he believes that the new administration, when chosen, should not undertake a policy of repudiation

AGRO-INDUSTRIAL BANK TO BE CREATED WITH \$10,000,000 FUND

Merezhin Relates Interesting Details of New Plan; Soviet Government to Extend \$1,000,000 Credit Annually for Ten Years

(Jewish Telegraphic Agency)

Moscow, Mar. 28.—Interesting details concerning the new activities of the constructive relief plan on behalf of Russian Jews in connection with the \$10,000,000 fund which is to be created by American Jews, including the \$5,000,000 Rosenwald subscription, were related to the correspondent of the Jewish Telegraphic Agency by A. N. Merezhin.

The details will be published in tomorrow's issue of the Moscow Yiddish daily "Der Emes," Mr. Merezhin stated.

According to Mr. Merezhin the entire fund will be used exclusively to aid the farm movement for the Jewish masses. The most important of these institutions will be an agro-industrial bank, plans for which were prepared by the Agro-joint. The Agro-joint and the Comzet are to participate on an equal basis in the management of the bank, he stated. Negotiations between the Comzet and the Agro-joint are proceeding.

Among the conditions of this arrangement are the following: (1) That the agro-industrial bank will guarantee the repayment of the new credits by the set-

MOSCOW CHIEF RABBI'S SON FREED, TO GO TO PALESTINE; APPEAL AGAINST HIS EXILE

(Jewish Telegraphic Agency)

Moscow, March 28—Saadiah Maze, son of Dr. Jacob Maze, late Chief Rabbi of Moscow, who was held in prison on charges of Zionist activity, was released yesterday from prison by the Soviet authorities on the condition that he leave for Palestine. The conditions also specify that he must leave Russia within one month, via the port of Odessa, and that he must not return to Russia for at least three years.

The imprisonment of young Maze, who is a well known scholar and popular among Russian Jewry, was much discussed in Russia. The Moscow Kehillah appealed to the authorities against the exile order.

Representations for the release of Saadiah Maze were made to the Soviet embassies in several countries by representative Jews.

Mr. Maze when interviewed by the representative of the Jewish Telegraphic Agency stated that he was well treated while in jail.

(2) That the government will undertake to give \$1,000,000 annually for ten years for the same purpose; (3) That the rate of interest is to be increased from three to five percent.

Concerning the attitude of the Agro-joint, the agency of the American Jewish Joint Distribution Committee, toward the Comzet's plan of extensive Jewish colonization work in Bureya, Siberia, Mr. Merezhin stated "neither the pessimism nor the optimism of the Agro-joint will convince us. We hope that the time will come when the Agro-joint will finally participate in this work."

The Jewish Daily Bulletin learns that further substantial contributions toward the \$10,000,000 fund have been made. An announcement to this effect, we learn, is to be made soon by Mr. James N. Rosenberg.

The Jewish Daily Bulletin also learns that the \$10,000,000 fund, according to the intentions of its sponsors in the United States, is to be used exclusively along the lines of promoting agriculture among Russian Jews in those districts where Jewish colonies are already in existence. This fund is not to be used for any industrial purposes.

BARMAT TRIAL NEARS END; ACCUSED SAYS TRIAL WAS STARTED BY ANTI-SEMITES

(Jewish Telegraphic Agency)

Berlin, March 28.—The trial of the Barmat brothers, bankers who are accused of defrauding the German State Bank, is nearing its end.

In a plea presented today by Julius Barmat, one of the brothers on trial, he declared that the trial was instigated by the German reactionary elements for election propaganda purposes.

"Investigating Judge Kussman demanded that I betray to him the correspondence with President Ebert and Socialdemocratic leader Scheidemann. When I declined to do this, not being a provocateur, I was arrested, my business ruined," he exclaimed.

"The trial was instigated against me although I helped Germany and although I never gave any bribes and did nothing unlawful, except that I am a Jew."

NEW YORK FEDERATION

VOTES \$4,878,000 FOR 1928

BUDGETARY ALLOTMENTS

Budgetary allotments totalling \$4,878,002.66 for the maintenance of its ninety-one constituent agencies during 1928 were voted yesterday by the board of trustees of the Federation for the Support of Jewish Philanthropic Societies.

Gross budgetary requests totalled \$10,117,823 and the gross allowance as approved by the distribution committee of the Federation was \$9,318,706.04, according to an announcement by Felix M. Warburg, chairman of the board. The Federation allowance represents more than fifty-one percent of the gross allowance, the balance coming from city and state grants, legacies, trust funds, fees and other sources.

To raise the sum voted, Mr. Warburg stated, Federation must secure \$5,300,000 in pledges for 1928, the present assets of the Federation, as of January 1, being \$3,545,000, leaving a deficit for the year of \$1,750,000 to be secured in pledges. "The allowances," stated Mr. Warburg, "are made in the knowledge that they represent the minimum standards that this community expects of us in caring for our social problems. They do not include much additional educational and preventive work which the Federation agencies might do with increased support. We must appeal for adequate giving so that we may have an annual income sufficient for approved expenses."

POLISH JEWS MOURN LATE

**RABBI MEIR DON PLOTZKI;
LARGE CROWDS AT FUNERAL**

(Jewish Telegraphic Agency)

Warsaw, March 28—Large crowds attended the funeral of Rabbi Meir Don Plotzki, one of the outstanding Talmudic scholars in Eastern Europe and vice-president of the Union of Polish Rabbis, who died here yesterday.

The eulogy at the grave of the late rabbi was delivered by Rabbi M. Schapiro of Lublin, former member of the Polish parliament. The rabbi's widow was given a life pension by the Jewish community of Ostrowiec.

Orthodox rabbis in the U. S. and Canada were urged to arrange for memorial meetings in the synagogues to the memory of the late Rabbi Plotzki, in a statement issued by Rabbi Israel Rosenberg, chairman of the executive committee of the Union of Orthodox Rabbis.

In his statement Rabbi Rosenberg paid tribute to the late scholar. "Jewry throughout the world suffered an irreparable loss in the death of Rabbi Plotzki, who was one of the great minds in the exegesis of the Torah."

**ANTI-JEWISH RESTRICTIONS
IN TURKEY ABOLISHED, TURKISH MINISTER ASSURES JEWS**

(Jewish Telegraphic Agency)

Geneva, March 28—Tewfik Rashid Bey, Turkish Minister of Foreign Affairs, assured Z. Aberson, representative of the Council of Jewish Rights here, that the restrictions prohibiting Jews from travelling in the interior of Turkey have already been abolished. These restrictions were, the Minister stated today, of a "preventative character."

During the interview Tewfik Rashid Bey praised the intelligence and loyalty of Turkish Jews, "declaring that Turkey counts on their active cooperation for the welfare of our fatherland."

**COMMUNIST PRESS REPORTS
SPLIT IN MOSCOW KEHILLAH**

(Jewish Telegraphic Agency)

Riga, March 28—A split in the Jewish Community of Moscow is reported by the Yiddish Communist organ "Emes." The split, it says, is the result of the conflict between Rabbi Kleinimus, who is head of the old community, and the new Rabbi Fuchs. Both communities, according to the report, are selling matzoth for Passover in competition against each other.

Charities. received the largest budgetary award, \$731,308. Mount Sinai Hospital and its subsidiary groups, including the school of nursing, ladies' auxiliary and the social service department, heads the list for gross estimated expenditures, with \$1,788,302.

**TANGIERS JEWS OBJECT TO
HAVING STATUS OF NATIVES;
APPEAL DEMANDS JUSTICE**

(Jewish Telegraphic Agency)

Paris, March 28—The Jewish population of Tangiers set forth its objections to being considered and treated as African "natives" in an appeal submitted to the International Conference which is now in session here to regulate the status of Tangiers.

The conference was called as a result of the representations of the Governments of the United States and Italy, who declined to recognize Tangiers because of their objections to its statutes.

In a memorandum to the Alliance Israelite Universelle and the Anglo-Jewish Association the leaders of the Jewish community in Tangiers asked these bodies to support their appeal to the conference. The Jewish population in Tangiers numbers 50,000, ten thousand of whom occupy an important position in the trade and commerce of the country.

The Jews object to being treated like natives. The appeal demands reforms in the administration of justice. According to the present statute, it is impossible to appeal against a court judgment. The Jewish leaders demand that in cases of litigation involving more than 5,000 francs or in trials of criminal charges, an appeal court be established.

When a Jew appears before a native court, the judge is assisted by a Jewish associate judge who is chosen at random and is not compensated. The appeal demands that in every native court a permanent Jewish associate judge be appointed and that he receive remuneration.

According to the present statute, if a Moroccan appears before a mixed court which is competent to render judgment in cases where a foreigner is involved, the Moroccan may choose as the associate judge a Frenchman, Spaniard or an Englishman. The appeal of the Tangiers Jewish community demands that if a Jew is accused of a criminal offence, the presiding judge should always be Jewish and that the associate judge be Moroccan.

Nathan Kollin, chairman of the Committee on Religious Observance of the Young People's League of the United Synagogue of America, announced the subjects for the Israel Friedlander Essay Contests. The next contest will be on the following subjects: The Role of the Synagogue in Present Day Jewish Life; The Relation between the Synagogue and the Family; The Synagogue as an Historical Factor in the Development of Jewish Consciousness.

The three prizes offered for the best essay submitted are books of Jewish interest, in the amounts of \$25 for the first, \$15 for the second and \$10 for the third prize. The contest is open to all Jewish young men and women sixteen years and over, who reside in the United States or Canada.

COMMITTEE APPOINTED BY PALESTINE GOVERNMENT TO ADVISE ON COMMERCE

(Jewish Telegraphic Agency)

Jerusalem, March 28—A committee to advise the Government on matters of commerce and industry was appointed by the Palestine Government. The committee comprises the head of the Treasury Department, one of the directors of the Department of Trade and Agriculture and the assistant manager of the railway administration. The committee may coopt other members and will also seek the opinion of the public on the outstanding business questions of the country.

This move was intended to meet the public demand that the Palestine Government consult representatives of the population before promulgating trade legislation.

JEWIS NOT DISCRIMINATED AGAINST IN CANADA PLAN

(Jewish Telegraphic Agency)

London, March 18—At the meeting of the Board of Jewish Deputies, Mr. Rose reported on a letter received from a shipping company by an applicant who desired to emigrate to Canada under the Assisted-Passage Scheme. The company stated: "We have heard from the Canadian authorities that they are not able to accept you under this scheme, as reduced rates to Canada are not extended to people of Jewish faith."

The Law and Parliamentary Committee entered into correspondence with the company, and from a reply received, it appears that the letter was written under a misapprehension. The company states distinctly that the settlement plan does not in any way discriminate against Jews.

COMMUNICATION TO THE EDITOR:

Sir: In your issue of March 20, you publish that purports to be a report of a statement made by me at the dinner of the I.O.B.E. Wider-Scope Campaign—"I say with full realization of my utterance, that the Hillel Foundation are doing the only effective Jewish work among our student youth." I did not say that I could not have said that I do not believe it. What I sought to make clear and believe I succeeded in making clear, was that, while the Menorah has dealt largely, by not exclusively, with the cultural side of Jewish life, and the Avukah with the Nationalist consciousness of Jewish youth, the Hillel Foundation is seeking to touch the whole life of the Jewish student—that is to say, to serve the totality of the life of young Jews in American colleges and universities. That is rather different from the statement attributed to me. I believe that, if the Menorah had been its work fifteen years later, it would have done, and as I believe ought to have done, exactly what Hillel is seeking to do, namely, to deal with young Jewish men and women in colleges and universities in all their Jewish outlooks, relationships, needs. That the Menorah has done a significant work and the Menorah Journal is a most important and useful agency of the Jewish intelligentsia of America.

Faithfully yours,

Stephen S. Wise

JEWIS BEFORE IMMIGRATION COMMITTEE URGE THAT SEPA- RATED FAMILIES BE UNITED

Louis Marshall Pleads for Lessening
Hardships Under Present Law

(Jewish Daily Bulletin)

Washington, D.C., Mar. 28.—Bills pending before Congress providing for amendments to the Immigration act so as to allow the admittance, irrespective of the immigration quotas, of the wives and children under 21 of declarants or American citizens, were endorsed before the House Immigration Committee yesterday by representatives of Jewish and non-Jewish welfare organizations.

Louis Marshall, speaking on behalf of the American Jewish Committee, urged action on a bill admitting families and relatives of citizens without regard to the quota provisions of the Act of 1924. Mr. Marshall said that if the committee could not see its way clear to report such a measure, he would favor the bill introduced by Representative MacGregor of New York, allocating 50 percent of the quotas to members of the families of foreign-born citizens.

Mr. Marshall emphasized the sanctity of the family and declared the present immigration law places a great deal of hardship on naturalized citizens whose parents and children are barred from this country. All that is asked, he said, is modification of administrative aspects of the immigration law, without disturbing its general character.

A suggestion made by Representative Golden, of Pennsylvania, that the committee adopt a plan assigning all the quota to the relatives of foreign-born citizens was approved by Mr. Marshall.

Former Congressman Nathan D. Perlman sponsored the resolution of Congressman Dickstein as a solution to the present difficulties confronting Congress on immigration matters. He said the influx of aliens by the enactment of this resolution would not be great and that it would bring happiness and contentment to those American citizens who have their parents and children in foreign countries and who are prevented from joining their families by the restrictions of the immigration law. Mr. Marshall, Bernard G. Richards, executive secretary of the American Jewish Congress, and Max L. Hollander, Grand Secretary of the Independent Order Brith Abraham supported Congressman Dickstein's resolution.

The injustices of the present law were described by Mr. Richards as inhuman.

Miss Ethel Smith, speaking for the Woman's Trade Union League told the committee that the admission of wives and children as proposed would not accentuate the unemployment situation.

Others who endorsed the MacGregor bill were Mrs. Alexander Wolf, vice-president of the National Council of Jewish Women; Mrs. Harry M. Bremer of the National Board of the Young Women's Christian Association, Reed Lewis of the Foreign Language Information

HUNGARIAN GOVERNMENT RECOGNIZES THIRD PARTY, "STATUS QUO" COMMUNITIES

(Jewish Telegraphic Agency)

Budapest, March 28—A third legally recognized Jewish Community in Hungary is about to enter the field of Jewish life. Hitherto there have been two legally recognized Jewish communities in Hungary, the Orthodox and the Reform communities. The division between the two is complete in every respect. When the separation in Hungarian Jewry took place, a number of communities declined to join either the Orthodox or the Reform communities and termed themselves the "status quo" communities. These have for some time been demanding that the Government should give them full legal recognition and rights. The chancelleries of the Orthodox and Reform communities have up to the present been able to prevent such recognition being granted.

Count Bethlen, the prime minister, has now informed a delegation of the "status quo" communities that the Government will recognize their federation as a legal representative body of the Jewish population.

Count Bethlen, the prime minister, replying to a deputation from the Jewish high school in Debreczin, stated that he does not favor the idea of Jews establishing separate Jewish schools. The State schools give more possibility of a feeling of solidarity growing up between the Jewish and Christian students. Where such Jewish schools exist, however, he declared, they must receive the same rights and the same amount of assistance as the schools of other religious denominations.

OPPOSITION IS TO SEEK ZIONIST ADMINISTRATION CHANGE, MEETING REVEALS

(Continued from Page 1)

of an agreement once entered into.

Although the dissatisfaction embraces the state of affairs in the Zionist movement at large, the opposition is at present to concentrate on bringing about a change in the administration of the Zionist Organization of America and then to carry the fight to the Zionist Congress, according to plans formulated at the meeting.

It is proposed to call a conference of representative Zionists throughout the country to sound the call for the change and to prepare for the annual Zionist convention. The conference is to take place in Washington. The tentative date was set for April 15, which may be altered to April 29. The call to this conference, which will be signed by the opposition leaders reads as follows:

"Zionist affairs are in a perilous condition. The cry for a remedy is widespread and insistent. The need is urgent.

"Remedy is not possible without a far reaching change in the policy and administration of the Zionist Organization of America. To this end, a conference called by the undersigned will be held at Washington (place to be designated) on Sunday, April 15, 1928 at 10 a.m. You are invited to attend. Will you? Please send reply promptly."

Following a lengthy discussion a committee to work out a program of Zionist work to embody the views of the opposition was appointed. It consists of Robert Szold, Isaac Allen, David Surdut, Ephraim Ish Kishor, B. Epstein and Mrs. Caroline Greenfield.

The Jewish Daily Bulletin learns that the resignation of Dr. Wise was taken up at last night's meeting of the administrative committee of the Zionist Organization of America. The vote will be announced tomorrow.

UNITED JEWISH CAMPAIGN ISSUES PASSOVER APPEAL

A Passover appeal for continued cooperation in the relief efforts on behalf of European Jewry has been made to nine hundred rabbis throughout the country by David A. Brown, national chairman of the United Jewish Campaign. Expressing appreciation for their past work in this direction, Mr. Brown urged the rabbis to "lift up your voice in your congregation and outside to the end that every promise made shall be satisfied so that the life-saving and life-giving work set in motion by American Jewry may be continued unimpaired."

In his message Mr. Brown stated:

"The approaching Passover season links all Israel into a closer brotherhood. To you as Rabbi and Teacher of American Israel, I tender my heartfelt appreciation of the cooperation which you have consistently given to the great cause of relief to our brethren overseas.

"The need in Russia, in Poland, in Roumania, in Palestine, in all the countries where the Joint Distribution Committee is helping our brothers through constructive undertakings to help themselves, where the Joint Distribution Committee lends our aid to the continuance of cultural, religious work, to the care of the orphan and the healing of the sick—all these still require the helping hand of the Jews of America.

"Great and generous as has been the response in the subscriptions totalling \$20,500,000, and splendid as has been the payment in cash up to this time, almost \$11,000,000, it is necessary that every pledge that has been made to the United Jewish Campaign shall be paid in full, every subscription honored.

"I call upon you, therefore, as in the past, to lift up your voice in your congregation and outside to the end that every promise made shall be satisfied so that the life-saving and life-giving work set in motion by American Jewry may continue unimpaired."

RABBIS FIGHT COMMUNIST ANTI-PASSOVER CAMPAIGN

(Jewish Telegraphic Agency)

Minsk, March 28.—"All to the Seder" is the slogan of an appeal issued by the Minsk rabbis in opposition to the anti-Passover campaign which is now being conducted by the Jewish communists in White Russia.

The Yiddish communist daily, "Okt-yabr," complains that the pro-Passover campaign has even influenced the Jewish youth in White Russia, including members of the communist youth organizations. The workmen's cooperatives in Borissoff and in Mozir are selling Matzoth in large quantities. The paper demands that the anti-Passover campaign be intensified.

"Der Stern," Yiddish communist paper of Charkoff, reports that the condition of the Jewish artisans is growing worse. Hundreds of artisans are without work because of the increasing number of cooperatives. Immediate steps for the improvement of their condition are demanded by the paper.

Mount Sinai Hospital has under consideration the remodeling of one of its buildings to provide additional service for persons of moderate means, according to an announcement by Maurice Frankfort, acting president at the seventy-fifth annual meeting of the institution in the Blumenthal Auditorium of the hospital.

The United Hospital Fund contributed \$51,080.67, the largest sum received from this source by any general hospital. Another contribution of \$45,558 was received from the City of New York. Receipts applicable to current expenditures aggregated \$1,882,545.47, leaving a deficit for the year 1927 of \$106,726.56.

During 1927 the hospital cared for 12,989 patients, of whom 2,456 were in the Guggenheim private pavilion. The number of hospital days spent by patients in the institution was 392,492 and the number of consultations in the Lehman Dispensary was 229,875.
