**ZIONIST ADMINISTRATION  
HEADED BY LOUIS LIPSKY  
ELECTED AT FINAL SESSION**  
Struggle Persists to End; Jewish  
Agency Only Good Beginning,  
Wise Says  
(Jewish Daily Bulletin)

Pittsburgh, July 4.—Swept by emotion bordering on hero worship, a majority of the delegates to the thirty-first annual convention of the Zionist Organization of America, ignoring the opposition charges and overlooking the recommendations of the judges' committee, returned to office the Zionist administration, with slight modifications, headed by Louis Lipsky as president. The presidential office under the newly amended constitution is shorn of administrative duties, it being confined only to the shaping of the organization policies.

Before the nomination was presented, Rabbi Max Heller of New Orleans read a statement in behalf of a committee representing a delegates' caucus, in which the nomination was urged. "We unreservedly commend the reelection of Louis Lipsky, not only because of the universal acknowledgement of his outstanding qualities of leadership, but because there is no other man in American Jewry who can fill his place. We wish the world to know that we have no cause to distrust much less to replace him."

Erza Shapiro of Cleveland, who presented the nomination in behalf of the nominations committee, termed Mr. Lipsky "the man who has risen from the ranks of Zionism," a "democratic Prince in Israel."

In his address at the close of the convention, the re-elected president expressed his gratitude to the majority of the delegates for the loyalty to him that they have manifested and declared that he had been determined not to accept re-election, but that developments at the convention compelled him to do so. He was glad, he stated, that the turbulence had come about at

**\$15,500 RAISED FOR  
BALFOUR FOREST FUND  
AT LONDON DINNER**  
700 Attend First Jewish Gathering  
Ever Held at Guild Hall  
(Jewish Telegraphic Agency)

London, July 5.—Subscriptions amounting to \$15,500 were made toward the Balfour Forest fund, at a dinner held in the Guild Hall here. The Lord Mayor of London was among the 700 distinguished guests, including Lord Birkenhead, Lord Melchet, the Marquis of Reading, Sir Herbert Samuel, James Rothschild, Col. George S. Symes and Major Shuckburgh of the Colonial Office. Major Nathan presided at the gathering, the first Jewish gathering to be held in the Guildhall.

In a message received from Lord Balfour, who was prevented from attending because of illness, he declared he was profoundly touched by Anglo-Jewry's action, not only as an evidence of goodwill toward him but as a token of loyal cooperation of Anglo-Jewry and the British people in the fulfillment of this great enterprise. Messages were received from David Lloyd George and Lord Plumer, High Commissioner of Palestine.

The Marquis of Reading, Chief Rabbi, Dr. J. L. Hertz, the Lord Mayor and Henry Mond, son of Lord Melchett, addressed the gathering.

**FAMINE FEARED IN THE  
JEWISH COLONIES IN  
THE CHERSON DISTRICT**  
Relief Until Spring Urgent; Crimean  
Crop Good

(Jewish Telegraphic Agency)

Moscow, July 5.—Famine is expected in the Cherson colonies this winter, unless immediate relief measures are taken, declares the "Emes," Communist Yiddish ally, in its issue today.

The Jewish Telegraphic Agency correspondent in Moscow returned to report from a tour of the colonies. He found the Cherson district in great distress, the colonists living on short rations from the city. The fields are entirely parched through lack of rain. There is no hope for the settlers except from outside relief.

In Odessa and the Krivoy Rog districts the situation is a little better. Outside help is also necessary there until the spring crop is reaped. The crop in the Crimean colonies has good prospects.

**STATEMENT ON THE TULIN  
INCIDENT AT CONVENTION  
MADE BY RABBI SILVER**  
Jacob Fishman, in Rejoinder, Says  
Statement Did Not Determine  
the Issue

The Tulin incident, said to have determined the outcome of the Zionist convention in Pittsburgh, was the subject of a communication from Rabbi Abba Hillel Silver, mentioned on the convention floor in this connection, to the Jewish Daily Bulletin.

In a telegram to the Jewish Daily Bulletin on July 5, Rabbi Silver declared:

"In your issue of July 5 your report of the Pittsburgh Zionist Convention reads that Abraham Tulin had stated to me that the reason Lipsky had declined to run again for president was because he does not dare to run, for if he runs the judges will have the district attorney on his trail. This is absolutely false. Nor did I make any such statement to Jacob Fishman.

"Whatever I stated to Fishman was in strictest confidence and in the nature of an inquiry. Fishman undertook to speak to Lipsky about it privately. He proceeded, however, to vio-

Witnesses called by the Executive, declared that they recognize Tillinger as a teacher of the Roman Catholic religion in German schools in Lemberg. Tillinger is to be confronted with the witnesses.

NEW YORK AND PHILADELPHIA  
HEBREW SCHOOL CHILDREN ON  
LIBERTY BELL PILGRIMAGE

2,000 Students Participate in Independence Day Ceremonies

(Jewish Daily Bulletin)

Philadelphia, July 5.—Two thousand Jewish children representing the Hebrew schools of New York and Philadelphia made a pilgrimage to the Liberty Bell yesterday in celebration of Independence Day.

The pilgrimage to the Liberty Bell was undertaken under the auspices of the Jewish Education Association of New York and the Associated Talmud Torahs of Philadelphia. Before the departure for Philadelphia, a ceremony was held in the Pennsylvania Station, New York, presided over by Jonah J. Goldstein, Chairman of the New York Committee of the Jewish Education Association. The program included the presentation to the City of New York of a scroll containing a Hebrew translation of the Declaration of Independence. Arthur W. S. Hilley, Acting Corporation Counsel of New York, accepted the scroll.

The ceremonies in Philadelphia were held in Independence Square. Ben Rosen, director of the Associated Talmud Torahs, presided. Richard E. Weglein, president of the City Council of Philadelphia, accepted the Hebrew translation of the Declaration presented to the city of Philadelphia.

In his address before the gathering at the Liberty Bell, Bernard Semel, honorary secretary of the Jewish Education Association, urged "Jewish education is a paramount duty to us, not only as Jews but as Americans."

LOAN FUNDS TO AID SOUTH  
AMERICAN IMMIGRANTS

The establishment of loan funds for Jewish immigrants in Argentine and Brazil was one of the results of the visit of the Hias-Ica-Emigdirect delegation to South America, a report received by the Hebrew Immigrant Aid Society of America states.

The loan bank in Buenos Aires will begin activities with a fund of \$10,000 and the one in Rio de Janeiro will have a starting capital of approximately \$2,000. Monies will be advanced from these funds to Jewish immigrants to aid them in buying tools and implements, starting them in business and giving similar assistance. One half of the capital has been contributed by Hias-Ica-Emigdirect and the other half given by the local committees in the two countries.

The new Beth Israel Hospital in Boston, Mass., will be dedicated during the week of July 23. Albert A. Ginsberg is president of the hospital association.

ENTIRE ADMINISTRATION  
OF CHALUTZ COLONY IN  
RUSSIA IMPRISONED

30 Settlers Exiled to Siberia; Persecutions Threaten Its Dissolution

(Jewish Telegraphic Agency)

Moscow, July 5.—The entire administration, including the chairman, of the Chalutz colony Mishmar, in the Jankoy region, were arrested by the Soviet secret police. They have been imprisoned at Simferopol.

Thirty colonists have been arrested during the past few weeks and exiled to Narym, Siberia. The secret police has been raiding the colony at least once every week during the night.

If the persecutions continue, the colony will probably dissolve during the summer. The authorities demand that the colony accept no new colonists without the sanction of the local Comzet, as a result of which the number of colonists has dwindled.

Mishmar is considered the best collective settlement in the entire Crimea, among both the Jewish and non-Jewish colonies. The government often sends farming students to the colony to study methods of agriculture. Mishmar is the only surviving Chalutzim colony in Crimea.

## OPPOSITION LEADERS COMMENT ON OUTCOME OF ZIONIST CONVENTION

**Robert Szold and Jacob De Haas Air Views; Mrs. Szold Refuses Statement before Board Meeting**

Robert Szold, Jacob de Haas and Mrs. Robert Szold when interviewed by the representative of the Jewish Daily Bulletin on the outcome of the Pittsburgh convention, said:

Mr. Szold: "The results, purpose and temper of the Zionist convention have been made public. If the known facts do not speak out loudly enough to be heard by the whole Zionist world, no comment of mine can add anything to the situation."

Mr. de Haas: "I am entirely satisfied with the outcome of the convention. It has demonstrated exactly that which I contended would happen when in March I joined the present opposition, namely, that vest-pocket districts, proxies, an administration controlled board of elections plus an administration controlled board of credentials would assure the administration a complete victory."

Mrs. Szold: "As an individual I should welcome the opportunity to express my reaction to the results of the Zionist convention. Since, however, anything that I say would be taken as the reaction of the National Board of Hadassah, I am unwilling to make any statement until after a National Board meeting."

Administration leaders could not be reached as this issue goes to press.

## SEEK MARSHALL'S AID FOR RUSSIAN ORTHODOX JEWS

(Jewish Telegraphic Agency)

Vilna, July 3.—Louis Marshall, president of the American Jewish Committee, will be asked to aid in securing help for Orthodox Jews in Russia.

Rabbi Grodzenski of Vilna has been invited by the Lubavitcher Rebbe to participate in a conference with Mr. Marshall in Paris, with the aim of securing aid.

About thirty members of the graduating class will be among the first students in the new Yeshiva College, recently chartered by the State University, which will open in the fall.

The opening prayer was made by Rabbi C. Bloch of Jersey City. Dr. S. R. Safir, principal of the Academy, awarded the diplomas and Dr. B. Revel, president of the Yeshiva and the Yeshiva College Faculty, addressed the graduates.

## STATEMENT ON THE TULIN INCIDENT AT CONVENTION MADE BY RABBI SILVER

(Continued from page 1)

late a confidence and to spread a rumor for political ends. If I had wished to make a statement to the convention or to a caucus I could have done so without the assistance of Fishman.

"When I learned of the pernicious spread of the rumor, I requested some of the leaders of the administration and especially Lipsky to put a stop to it. I also requested Lipsky not to permit his final decision in the matter of being drafted for the presidency to be influenced by it. He promised to do so. This was 4:30 Tuesday morning. At 8 o'clock I left for Cleveland to officiate at a funeral of one of my members.

"That evening Lipsky telephoned me from Pittsburgh and told me that the matter had not been kept from the floor of the convention and that my name had been bandied about considerably. He also informed me of the vote of the convention on the new constitution and of his decision to permit himself to be reelected to the presidency. He asked me to be one of the vice presidents. I told him that in view of what had transpired I could not accept the office. I promised, however, to help him in the hard year ahead of him."

Commenting upon Rabbi Silver's telegram, Mr. Fishman declared: "Rabbi Silver is doubly mistaken. First I want to deny categorically that the statement he had made to me was in any way confidential. Second, I insist that Rabbi Silver attributed to Mr. Tulin exactly the words I quoted. However, this was not the determining factor of the convention decision to draft Mr. Lipsky. This decision was based upon an open statement that Mr. Tulin had made at a caucus of the opposition.

"Furthermore, I never spread Rabbi Silver's statement to me, though it was not confidential. As a matter of fact, I had left the hotel immediately after my talk with Rabbi Silver and returned about 3:30 in the morning to discover, to my amazement, that Rabbi Silver's statement of Mr. Tulin's remarks had become public, evidently because Rabbi Silver had himself repeated the remarks to a number of delegates. I had nothing to do with it except to confirm, after it had become public, that Rabbi Silver also said the same words to me."

## SYNAGOGUE INVADED BY POLISH VANDALS

(Jewish Telegraphic Agency)

## URGE CONTINUED AID FOR TRADE SCHOOLS IN SOVIET RUSSIA

**Need Funds to Strengthen Position of Existing Schools and to Establish Others**

During the year 1927, eighty-five per cent of the budget of the Jewish trade schools in Russia was covered by the government and other local sources. The contribution of the Joint Distribution Committee toward the support of these schools amounted to ten per cent of the budget.

The importance of the Joint Distribution Committee's aid for the existence of the Jewish trade schools in Russia is pointed out in a report submitted to David A. Brown, National Chairman of the United Jewish Campaign. According to the report the greater part of the Joint Distribution Committee contribution, \$32,000 out of a total of \$55,000, was used to feed and clothe the pupils.

The Joint Distribution Committee, in cooperation with the Ica, Ort and Oze, subsidizes thirty-one Jewish trade schools in Russia of which four are in Minsk, four in Odessa, three in Kiev, two in Chernigov, two in Gomel, the remaining sixteen being scattered over a wide territory, mainly in the Ukraine. During the past year the schools had an enrollment of 3,829 pupils of whom 2,886 were boys and 943 girls. The majority of the pupils, 3,175, were Jews with 654 non-Jews in attendance. Of the total of 3,289, 1,893 were inhabitants of the cities and towns where the schools are located, the others having come from small towns that afforded no facilities for learning trades. In 1927 these schools graduated 492.

While in 1924 the Joint Distribution Committee contributed fifty per cent of the entire budget, its support at present is only ten per cent. The government's subsidy in 1924 amounted to only thirty-eight per cent while today it covers eighty-five per cent of the budget of the schools. The schools are however, not yet in a position to purchase new machinery, tools, pay their teachers full salaries, and make necessary repairs on buildings and the Jewish population has found it impossible to increase the number of trade schools in Russia at present, the report declares.

The present situation of Jewish trade education in Russia places before the outside organizations, such as Joint Distribution Committee, Ica and Ort, the problem of the upkeep of pupils coming from outlying districts; assistance to weak schools to strengthen their position; the introduction of additional classes in new trades in the existing schools; and increasing the number of trade schools in Russia, the report urges.

# ZIONIST ADMINISTRATION HEADED BY LOUIS LIPSKY ELECTED AT FINAL SESSION (Continued from Page 1)

this time and hoped that the outcome will put an end to the "triviality and vulgarity" which had been shown. In concluding his address, Mr. Lipsky appealed to the administration and opposition forces to forget personal rancor and hatred and to strive for unity and harmony in the Zionist movement.

Due to the chaotic condition of the convention, the resolution concerning the Jewish Agency was the only matter pertaining to Palestine which was considered. Two resolutions on the subject were presented and adopted, one on behalf of the Resolutions Committee by Samuel Markowitz and the other by Leo Wolfson on behalf of a special committee on the Jewish Agency. Both expressed satisfaction with the report of the Jewish Agency Commission, the difference in the two texts being that the first resolution expressed adherence to the Weizmann policy while the second, expressing satisfaction, embodied the reservations adopted by the Fifteenth Zionist Congress with regard to the Jewish Agency.

Dr. Stephen S. Wise, who spoke for the adoption of the second resolution, reiterated his stand, declaring that the Jewish Agency report is "merely a good beginning." He insisted that Great Britain's obligation was to change its attitude in conformity with its undertaking in the Balfour Declaration. When in Berlin at the meeting of the Actions Committee, the speaker declared, he will go into the matter in greater detail and will insist on safeguarding the interests of a Jewish Palestine and the high ideals of Zionism.

Maurice Samuel and Abraham Goldberg, defending the Agency plan, spoke for combining the two resolutions. Bernard G. Richards participated in the discussion.

Israel Mereminsky, speaking in behalf of the Palestine Labor Federation, criticized the Jewish Agency report, expressing fear that it contains danger for the work of the Jewish National Fund as the agency purchasing Palestine land as the inalienable property of the Jewish people. The attitude of the Agency Commissioners in general, he stated, may jeopardize the national social character of the Palestine up-building work.

An organization budget for a period of sixteen months was adopted, calling for the expenditure of \$180,266. A resolution submitted by a group of delegates to encourage the work of various women's groups along other lines than those of the Hadassah medical work was tabled on the recommendation of the Resolutions Committee.

An administrative Committee of forty members, which will, according to the amended constitution, elect a governing council of seven was chosen. Fifteen members of the Administrative Committee were elected as members of a Finance Committee, with representatives from all parts of the country, headed by Abraham Liebowitz of New York. At the demand of the opposition delegates, the vote on the Administrative Committee members was taken on each nominee separately. The opposition, including Dr. Stephen S. Wise, voted against the election of Maurice Samuel, Abraham Goldberg and other outstanding members of the Lipsky regime. All nominees were elected by a majority.

The members elected to the Finance Committee are Abraham Liebowitz, chairman, Philip J. Schotland, Newark; I. D. Morrison, New York; Philip Watenberg, New York; Irving Rosenzweig, New York; Morris Weinberg, New York; Jacob H. Cohen, Brooklyn, Max Teicher, New York; Max Shoolman, Boston; B. Horowitz, Chicago; I. E. Goldberg, Hartford; Louis Topkis, Wilmington; Nathan Goldstein, Springfield; Oscar Berman, Cincinnati.

The Administrative Committee includes, besides the above members of the Finance Committee, William B. Leaf, Philadelphia; Louis E. Levinthal, Philadelphia; Mrs. Archibald Silverman, Providence, R.I.; Prof. Gustave Klausner, St. Louis; Harry Medinets, Perth Amboy, N. J.; Harry Friedberg, Kansas City; Morris Cohen, New Britain, Conn.; Rabbi James G. Heller, Cincinnati; Dr. A. Coranik, New York; Jacob Fishman, New York; Abraham Goldberg, New York; Jonah J. Goldstein, New York; Herman G. Robbins, New York; Dr. Israel Goldstein, New York; Dr. Abraham J. Rongy, New York; Dr. David J. Kaliski, New York; Maurice Samuel, New York; Dr. Nathan Ratnoff, New York; David Freiburger, New York; Morris Eisenman, New York; Max Blumberg, New York; Nelson Rutenberg, New York; Max Perlman, New York; Herman Bernstein, New York; Judge Gustave Hartman, New York and Adolph Edlis, Pittsburgh.

An Executive Committee of 150 members, headed by Elihu D. Stone, United States Assistant District Attorney at Boston, as chairman was elected. Stormy scenes occurred when the election of the chairman of the National Executive took place. When the name of Mr. Stone was proposed by the nominations committee, hisses and boos were heard in the section of the hall where the opposition was seated. Mr. Stone took a leading part in the caucuses where the draft Lipsky movement was advocated. One of the delegates placed the name of Dr. Stephen S. Wise in a nomination from the floor as a counter candidate. Dr. Wise, in declining the nomination

amidst the noise which prevailed, called forth a storm of protest when he appealed again to the presiding chairman, Max Schuiman of Chicago, "to protect me from rowdiness."

His nomination as a rival to Stone was an "insult," he declared.

David R. Radovsky of Fall River, Mass., protested vigorously demanding, in an appeal to the chairman, that "the big men in this convention behave as well as the small men." Rabbi Max Heller of New Orleans, honorary vice-chairman of the convention, vigorously rebuked the presiding chairman for allowing Dr. Wise to insult the convention twice by using the term "rowdies." Dr. Wise acted "as the naughty child of the convention," the former president of the Central Conference of American Rabbis declared.

In his remarks made later on the subject of the Jewish Agency, Dr. Wise referred to this rebuke and declared that he "hoped to be a better child at the next convention."

The name of Dr. Mordecai M. Kaplan was several times placed in nomination for the chairmanship of the National Executive Committee, although Dr. Heller continually protested that Prof. Kaplan had told him before his departure for New York that he would not accept office and that he would advise his friends not to join the administration. Mr. Stone was elected to the post by a majority of 136 to 79.

Morris Rothenberg, Judge William M. Lewis and Max Schuiman were elected Vice-Presidents. Isaac Meister was named Treasurer.

Mr. Morris Rothenberg presided at the concluding session.

## CZECH JEWS WARNED NOT TO SPEAK HUNGARIAN

(Jewish Telegraphic Agency)

Bruenn, July 3. — The Jews of Czechoslovakia must speak Czech or Hebrew, but never Hungarian, says a proclamation displayed with other propaganda material at the exhibition of Present Day Culture in Czechoslovakia in the pavilion arranged by the Narodni Jednota, the Czech organization for the protection of Czech minorities in the border zones.

The proclamation threatens to take action against the Jews if they are found speaking Hungarian.

Frank Horowitz, American Jewish painter has sailed for Russia.

Mr. Horowitz will visit the Jewish colonies in the Crimea and the Ukraine, painting a series of studies of the life of the Jewish colonists.
