## PALESTINE QUESTION CAUSES SHARP CLASH IN AMSTERDAM INTERNATIONAL EXECUTIVE

**Jewish Socialists Block Creation of  
Palestine Commission as British  
Labor Leader Threatens to Resign**  
(Jewish Telegraphic Agency)

Brussels, Aug. 6.—Jewish Socialists of the anti-Zionist kind were in sharp clash with pro-Zionist, non-Jewish labor leaders at the session here of the Executive Committee of the Amsterdam International, over the Palestine question. The proposal of Emile Vandervelde, Belgium Socialist statesman who recently returned from a visit to Palestine, that the International creates a special commission for Palestine affairs was the center of the storm. Action was blocked by the opposition of the Jewish socialists until a special conference of all Socialist leaders, which was called for Thursday, undertakes a thorough discussion of the matter.

The clash occurred between Arthur Henderson, president of the International, first British Labor member to receive cabinet rank, serving in the Coalition Government in 1915, and Fritz Adler, secretary. Mr. Adler said the Poale Zion, Zionist Socialists, are playing too prominent a part in the International compared with the other parties. Their independent actions are unconstitutional, introducing chaos and trouble into the Palestinian problem, he stated. Mr. Adler also criticized Socialist leaders who are aiding in the creation of a special Palestinian commission and asked whether the leaders can join a commission outside the scope of the International.

In the stormy debate which followed, Abramovich of Russia and Bauer of Austria, supported Adler.

President Henderson declared that

## SYNAGOGUE COMPOSITIONS' AUTHOR DIES IN PALESTINE

(Jewish Telegraphic Agency)

Jerusalem, Aug. 6.—Cantor Jacob Guzman, author of many synagogue compositions, died here yesterday at the age of fifty-three. Death resulted from cancer. He was formerly chief cantor of Moscow.

## SLIGHT EARTHQUAKE IN PALESTINE; NO DAMAGE

(Jewish Telegraphic Agency)

Jerusalem, Aug. 6.—A slight earth tremor was felt in Palestine at 5:45 Sunday morning. No damage was caused.

## HUNGARIAN JEW SUES GOVERNMENT FOR INDEMNITY FOR FALSE IMPRISONMENT

**Found Innocent after Spending 31  
Months in Prison**

(Jewish Telegraphic Agency)

Budapest, Aug. 6.—Oscar Kassirer, an Hungarian Jew who was sentenced in 1920 to five years imprisonment at hard labor but found innocent by the Hungarian courts following long litigation, has started suit against the Hungarian government, demanding an indemnity of 80,000 Pengoes.

The indemnity is demanded for the thirty-three months he spent in prison. He was sentenced on the charge of sedition when he, a victim of the anti-Jewish terror of the Awakening Magyars, declared, in a conversation with another passenger on a street car, that "the terror of the Awakening Magyars must stop." Kassirer had just left the hospital where he was taken, with other Hungarian Jews, following a beating by the Awakening Magyar rioters. Kassirer, while in prison, appealed against the sentence and the case was carried to the Court of Appeals, which annulled the original decision a short time ago.

## 3 HE'CHALUZ LEADERS FREED FROM PRISON; GO TO PALESTINE

Moscow, Aug. 6.—Three leaders of the Chazulim Palestine pioneer movement in Russia, arrested and exiled to Kostroma, were freed on the condition that they proceed to Palestine.

The three released prisoners, Aaron Zirlin, Samuel Friedman and David Sosinsky, who were members of the disbanded Chazulim colony Tel Chai in Crimea, arrived here today under special guard, after spending ten months in Kostroma. They will be allowed to go to Palestine. They are expected to sail from Odessa on Wednesday. Mr. Zirlin is a member of the central committee of the pioneer organization.

## POLISH JEWS PRAYED FOR SAFETY OF FLIERS

(Jewish Telegraphic Agency)

Warsaw, Aug. 6. — In many synagogues and houses of worship special prayers were offered Friday night and Saturday for the safety of the Polish trans-Atlantic fliers, Majors Idzikowski and Kubala, whose adventure on the Marszałek Pilsudski kept the entire population in great suspense.

## JEWISH SETTLEMENTS IN THE BUREYA DISTRICT DAMAGED BY THE FLOOD

**Alarming Reports Reach Ozet; Re-  
newed Heavy Rains Make  
Situation Critical**

(Jewish Telegraphic Agency)

Moscow, Aug. 6.—Alarming reports as to the situation along the Amur, in Bureya and Chabarovsk have been received by the Ozet, the society sponsoring the Bureya Jewish colonization, the representative of the Jewish Telegraphic Agency was officially informed.

The situation has become worse, more settlements being flooded. Because of renewed heavy rains the situation is critical, especially in Chabarovsk.

The experimental fields of the Jewish settlement in Bira were not flooded, according to a report published in the "Emes," Communist Yiddish daily, prior to the receipt of the Ozet report.

All the roads built by Jewish workers in Yekaterine Nikolsk district have been washed away, as have the haystacks in the fields. Work on the land has been temporarily discontinued.

As the waters of the Bira are flowing at the rate of thirty miles an hour, the boat communicating with Tichonkoye and Bira could not go against the current. Attempts are being made to send a higher powered boat.

Although the Bira settlements do not seem to be in danger, damage to Jewish settlements is great because the hay was lost. The continuous rain has also caused the work of building a lumber camp to be discontinued. This had provided many of the Jewish colonists with work.

## SOVIET ALLOWS HILFSVEREIN TO WORK IN RUSSIA

(Jewish Telegraphic Agency)

Moscow, Aug. 6.—The Soviet Government will permit the Hilfsverein der Deutschen Juden, the German Jewish body for relief work, active before the war in Jewish philanthropic and Cultural work, to carry on its activity among the Jewish colonists in Soviet Russia.

It was stated here, on good authority that, based on this decision, the Comzet, government department for settling Jews, will conclude a special agreement with the Hilfsverein to begin cultural and welfare work in the colonies.

Rabbi Solomon Goldman of the Cleveland Jewish Center arrived here.

TEL-AVIV WORKERS COUNCIL  
CHARGED WITH EMBEZZLEMENT

(J. T. A. Mail Service)

Jerusalem, July 16.—The Poale Zion has published a leaflet in which serious charges are brought against the members of the Jaffa-Tel Aviv Workers Council Secretariat. They assert that the Secretariat did not prevent acts of embezzlement of certain sums given to the Council for the purpose of distribution of relief doles to the unemployed during 1926 and 1927.

In connection with this charge the Poale Zion presented a resolution at the recent sitting of the Council that the Secretariat should be dismissed but the resolution was rejected by a majority.

NICHOLAS II REGARDED  
POGROMS AS NATURAL

(J. T. A. Mail Service)

Paris, July 25.—Czar Nicholas II regarded pogroms as a natural phenomenon, according to an article on the Czar by the publicist, Ernest Judet, appearing in "L'Oeuvre." M. Judet quotes a number of letters written by the Czar to his mother.

In one of the letters, written after the 1905 rising, he wrote: "I do not believe that everything that is now going on in Russia is due to the Russian people. The labor strikes are organized by the Polish and Jewish engineers. The world accuses us of making pogroms, but I believe that the pogroms are a natural appearance. The Jews wish to dominate over Russia and over the Russian Czars. We defend ourselves. The Minister of the

KRUPSKAYA, LENIN'S WIDOW,  
DEFENDS TEACHER ACCUSED  
OF ANTI-SEMITISM

Polemic Going on between Her and  
Communist Youth Organ

(Jewish Telegraphic Agency)

Moscow, July 10. — An interesting polemic is now going on in Moscow between Madam N. Krupskaya, widow of Lenin, and the "Comsolskaya Pravda," Communist youth organ. The controversy concerns the case of a woman teacher whom the Moscow press accused of spreading anti-Semitism among the children in her school. Madame Krupskaya undertook the defense to prove that the teacher is not an anti-Semite.

The "Comsolskaya Pravda," in a lengthy article, cited a number of facts which occurred in the school under the direction of Madame Polotayeva. According to the paper, anti-Semitic propaganda was spread not only among the school children but also among their parents.

Madame Polotayeva is not the only anti-Semite in the school, she has surrounded herself with a staff of similarly minded teachers, the paper stated. "A very comical situation arose when the teachers of Madame. Polotayeva's school assembled one day and complained to each other concerning the Jews," the paper related. "Suddenly one of the staff, Miss Sonia Rubinstein rose to declare that she is one of the 'Zhids.' The teachers then offered their apologies."

Madame Krupskaya published an article in the "Pravda," Communist daily, in which she states that Madame Polotayeva is not responsible for the anti-Semitism prevailing among the children attending her school. The children come mainly from a vicinity where anti-Semitism is strong in the homes she stated.

ROSH HASHANAH BEGINS  
THIS YEAR ON SEPTEMBER 14

The High Holiday season this year will begin on Friday evening, September 14, when Hosh Hashanah will be ushered in. The Day of Atonement falls on Monday, September 24. Succoth, the Feast of Tabernacles, begins on September 29.

Funeral services for Oscar T. Luning, late philanthropist of Oakland, Cal. were held last week. Mr. Luning, 65 years old and a native of San Francisco, was the son of the late S. T. Luning, prominent business man and financier in the early days of San Francisco.

Since his retirement from active affairs, Mr. Luning had devoted much of his time to philanthropic work, contributing generously to the Pablosa hospital and maintaining several private charities.

Interior, Trepov, is fighting well. He is doing a holy work. But the Minister Witte is courting the favor of the enemies of Russia, the Jews."

154 STUDENTS REGISTER  
AT HEBREW UNIVERSITY  
FOR SUMMER SEMESTER

Lauds Calibre of Students; Library  
Receives Many New Gifts

One hundred and fifty-four students were registered at the Hebrew University in Jerusalem for the summer semester, according to information given out by the American Advisory Committee for the Hebrew University, of which Felix M. Warburg is chairman.

In the Institute of Jewish Studies 67 men and 20 women are pursuing courses. There are ten men and two women students in the Institute of the School of Oriental Studies and five men and two women in the preparatory school, as well as a thirty-seven students in other schools taking work in this department.

Eighteen men and seven women students are attending the Institute of Chemistry and 20 men and 3 women the Institute of Mathematics, besides 24 from other departments.

(J. T. A. Mail Service)

Jerusalem, July 16.—Prof. E. A. Speiser, of the University of Pennsylvania, who has just completed his course of lectures on the Introduction to comparative Philology, gave his opinion of

(Continued on page 4)

SOCIAL AGENCIES EXTEND  
AID TO RURAL COMMUNITIES

The Jewish farmer and his family have been neglected by the Jewish social service agencies in the cities, declared Mrs. Elmer Eckhouse, National Chairman of the Department of Farm and Rural Work, of the National Council of Jewish Women in outlining the work of the Council in this field. Through the intervention of the Council's Rural Department, social agencies in some cities are beginning to take account of the needs of the neighboring Jewish farmers' families.

A year ago the question facing the Farm and Rural Department was: Whose responsibility is the Jewish social service case in the rural district; what agency should assume the burden of responsibility of the relief work? Today, as a result of the comprehensive program of the Farm and Rural Department of the National Council of Jewish Women, slowly but surely the large city is beginning to realize the need of extending its welfare program out in the rural districts.

"For nearly two years the National Council of Jewish Women has been the only Jewish agency doing family case work in all its various phases, in the rural districts. We are now serving seventy-five rural families, twenty-five cases having been referred to us for investigation by outside agencies." Mrs. Samuel Capitan of Bridgeport, Connecticut, has been chosen. Vice-Chairman of the National Department.

# COMZET TO EXTEND AID TO JEWISH SETTLERS IN THE BAD CROP REGION

Colonists to Receive Seeds and Allowance of 12 Roubles per Acre as Government Loan

(Jewish Telegraphic Agency)

Moscow, Aug. 6.—Efforts to assist the Jewish colonists in the Crimea and the Ukraine who suffered as a result of the failure of their crops will be made by the government.

The colonists, who suffered losses will receive seeds and an allowance of twelve roubles per acre as a loan from the government, made through the Comzet. As a condition for this loan, the settlers must sign an agreement that the forthcoming crop will be sold to the government.

The Comzet, in instructing its branches with regard to this loan, states that the contract is not to be compulsory. The crops of ninety-two hundred hectares of the 17,000 cultivated by Jewish colonists in the Yevpatoria and Jankoy districts have already been contracted for in this way. Three thousand hectares of this area are cultivated under the auspices of the Ozet and 6,200 under the Agrojoint.

## SAN FRANCISCO PREPARES FOR COMMUNITY CHEST DRIVE

(Jewish Daily Bulletin)

San Francisco, Aug. 6.—Preparations for the fourth annual campaign of the Jewish National Welfare Fund will be conducted this week. It was announced by Judge M. C. Sloss, chairman of the organization's board of directors, who said the drive for funds this year will be made from September 17 to 26.

The fund created four years ago under the direction of the late Moses A. Gunst for the extension of organized educational and welfare work among Jews of the world, will be distributed under four classifications, Judge Sloss said.

Needs of these groups, which comprise national, educational, philanthropic, religious and international agencies are to be studied during the coming week by the budget committee, headed by Leo J. Rabinowitz, and its findings will determine the goal of the campaign.

"Jewish centers in America, Europe, Palestine and distant Asia have received aid," Judge Sloss said in stressing the merits of the welfare fund.

Judge Sloss pointed out that the Jewish National Welfare Fund has taken over the campaigns of thirty-five Jewish Organizations which conducted independent appeals annually in San Francisco, thereby materially reducing collection expenses. He said San Francisco was the pioneer community in this plan of philanthropy.

## J.D.B. NEWS LETTER

### League Seeks Ways to Help Men Without a Country

(By Our Geneva Correspondent)

Geneva, July 16.—At its last sitting, the Advisory and Technical Committee for Communications and Transit of the League of Nations, examined a number of questions connected with migration, including the issue of passports to persons with nationality and transit cards to oversea emigrants, two matters which had been studied by the Third General Conference on Communications and Transit. These measures will affect a large number of Jews in the category of "Staatenlose" (men without a country).

This Conference has adopted, in connection with the question of identity documents for persons without nationality, a series of recommendations based on the work of a committee of experts and an alternative draft put forward by the British delegation. By these recommendations, the General Conference requested the various Governments to accord, by the issue of a uniform type of documents, travelling facilities to persons without nationality or of doubtful nationality in consequence of the world war or for causes arising directly out of the war. For this purpose it was proposed that a document identical with the international booklet type of passport recommended by the Passport Conference in May 1926, but bearing certain special indications, should be issued to the said persons under the title of "Identity and Travelling Documents."

The issue of an identity and travelling document would not affect the status or the nationality of the holder, would confer no right of protection on the diplomatic and consular authorities of the country issuing it, and would not entitle the holder to claim such protection. The various Governments were not asked to modify in any way the laws and regulations governing the conditions of admission to, and residence and establishment in their respective territories, and no change would be made in the resolutions adopted, or the agreements concluded or to be concluded concerning Russian and Armenian refugees and other similar classes of refugees. In order to visa the document, each Government would be free to adopt such provisions as it might deem necessary. The Governments would be entitled, when issuing the document, to strike out in exceptional cases the reference to the return of the holder to their respective territories.

The period of validity of an identity and travelling document would be six months as a rule, but the Government issuing the document would be entitled, if it thought fit, to extend its

(Continued on page 4)

## AMERICAN JEWISH WORK WILL LONG BE REMEMBERED SAYS SOVIET HEALTH COMMISSAR

States Jewish Colonization is Stamp ing Out Nervous and Other Chronic Diseases Among Jews

Tribute to American Jews for the part played by them in the rebuilding of the physical as well as the economic life of Russian Jews, was paid by the People's Commissar of Health, M. Semasko, on the tenth anniversary of the establishment of the Commissariat. A cabled interview with the Commissar was received by the United Jewish Campaign and released by David A. Brown, National Chairman.

"Jewish colonization in Russia is stamping out the nervous and other diseases that were chronic among Jews and is infusing new blood into the settlers which will undoubtedly affect the Jews as a nation," M. Semasko stated. "Centuries of miserable existence in overcrowded ghettos under fear and oppression have left their traces in the physical and psychic make-up of the Russian Jews. Now for the first time in their history the Russian Jews are sapping physical strength from the soil, sunlight and fresh air and we now see the vital human forces within them renewed and regenerated. The transformation is amazing.

"Happiness and freedom are erasing the lines of suffering from the faces of the aged colonists who find themselves on the soil after a lifetime of weary buffeting about. The new generation that moulds itself in the Jewish colonies will suffer no more from rheumatism, tuberculosis and other diseases caused by ghetto life.

"There are still, however, urgent needs among the colonists that require immediate attention," he continued. "In some places, too, many people live under one roof. In other places the water supply and sanitary conditions are still insufficient. Clinics are needed. More houses and more agricultural implements would ease both the work and living conditions of the colonists. They must not be allowed to suffer for lack of such necessities. In this colonization work initiated and generously supported by the Soviet Government the part played by American Jewry is of the utmost significance.

"The support of American Jews in this great movement of putting new life-blood into the Jews of Russia will long be remembered in this country," he concluded.

## JEWISH IMMIGRATION TO MEXICO CONTINUES

(Jewish Telegraphic Agency)

Mexico City, Aug. 6.—Jewish immigration to Mexico continued during the months of July and June.

In July, 10 Jewish immigrants arrived, while 120 came the preceding month. The greater number of the immigrants came from the Ukraine.

# 154 STUDENTS REGISTER AT HEBREW UNIVERSITY FOR SUMMER SEMESTER (Continued from page 2)

the work which is being accomplished at the Hebrew University, in an interview with the representative of the Jewish Telegraphic Agency.

"The lectures have been to me a source of real and undisguised pleasure. The students showed for the most part an interest in the subject which was a great inspiration to the lecturer.

"It would be difficult to find elsewhere in the world a group of twenty young men and women who, without previous work in a similar field, could follow a course of by no means easy lectures with equal intelligence and understanding. Their thirst for knowledge is both laudable and encouraging. Under judicious guidance and with an adequate distribution and absorption of their energies, the local students should before long be the equals of the best in the long established universities of Europe and America. It is this fine human material that to my thinking, will play the principal part in the speedy and satisfactory development of the Hebrew University in Jerusalem."

New gifts to the Hebrew University Library were announced. A collection of socialistic pamphlets (880 in German and 200 in Russian), dating from the end of the nineteenth century were sent by Jacob Raskin. Almost all Russian and German socialist leaders have contributed towards this collection. Among the pamphlets are included many first prints.

Abraham Almaliach presented to the Library three letters, one a letter which the Rabbis of Tunis sent in the year 1863 to the Alliance Israélite, describing the suffering of the Jews in Tunis and appealing for assistance. The two other letters were written by the Ashkenazic Rabbis in Hebron in 1827. These deal with the sending of delegates of the Hebron community to the Diaspora.

Charles L. Richards, vice-president of the American Association of Museums presented to the Library all his writings on the relationship of art to industry and craft. Samuel Guy Inman, Secretary of the Committee on Cooperation in Latin-America presented the Library with his writings dealing with American problems. Reinhold Cohn presented the Library with a collection of books on Sociology and Chemistry.

Prof. D. Heller, Budapest, sent to the Library, a collection of works of Hungarian Jewish authors. Emmanuel Hertz of New York presented to the Library the valuable work *Poli Synopsis Criticon Scripturae* London 1671, in five volumes.

Through the intervention of Ignacio Bauer, of Madrid, the Library has become a member of the Spanish Biblio-

## J. D. B. NEWS LETTER

(Continued from page 2)

validity or to issue a new one through its officials at home or its representatives abroad, when the original document had expired. The authorities of the country in which the holder of the document happened to be might, in similar conditions, issue a new one, but in both cases the authority issuing a new document would be required to withdraw the one which had expired.

The Advisory and Technical Committee decided that the Governments should be requested to state what effect has been given to the recommendations summarized above.

During the same sitting the Committee took note of the communications received from the Governments in reply to the international draft model agreement in connection with transit cards for overseas emigrants. This agreement had been drawn up by the Committee of Experts in December 1926, and submitted for remarks to the various Governments. Most of the replies were favourable to the agreement. Nevertheless, a number of reservations having been made by the Governments of Germany and Great Britain, the Committee requested the Council of the League of Nations to ask the Committee of Experts previously consulted to draw up a new report on the question, which would be communicated to the Governments and would serve as a basis for discussion at a second European Conference entrusted with the drafting of a definite international agreement on the subject.

Bernard M. Baruch will not be in a position to take an official position in the Smith campaign organization.

John J. Raskob, Chairman of the Democratic National Committee, had planned to ask Mr. Baruch to take charge of the farm belt activities as Chairman of the Farm Committee, with headquarters in the Middle West. Mr. Baruch cabled from Paris that he would be available the middle of August to give his personal services on Smith's behalf.

The World states that he has learned whatever aid Mr. Baruch gives to the Smith campaign will be given in a non-official capacity.

Requests amounting to \$21,000 for public institutions were made in the will of Mrs. Fannie Rothschild Mack, who died on July 23 in New York City. She left an estate of more than \$200,000.

Montefiore Hospital and Beth Abraham Home for Incurables, are to receive \$5,000 each; New York Guild for Jewish Blind, Jewish Board of Guardians, Irving Home for Cardiac Children, New York Probation and Protective Association and the Surprise Lake Camp, each \$2,000, and Mother Alphonse Lathrop, O. S. D., of the Servants for Relief of Incurable Cancer, \$1,000.

philes and has received all their publications.

Joseph Fischer, Copenhagen, sent to the Library a portrait and two manuscripts of the well-known Danish Jewish writer Aron Goldschmidt.

## PALESTINE QUESTION CAUSES SHARP CLASH IN AMSTERDAM INTERNATIONAL EXECUTIVE

(Continued from page 1)

they were justified in assisting in a commission organized by a section of the International and threatened to resign from the chairmanship of the International if this work were forbidden.

A special conference of all Socialist leaders is to be convened for Thursday by M. Vandervelde, Henderson and Leon Blum of France for a thorough discussion of the matter.

The question of anti-Semitism among Polish Socialist workers was raised by Joseph Kruk, Jewish Socialist leader of Poland. Citing the May Day collisions between Polish and Jewish demonstrators, he demanded that the International establish the unity of all nationalities in working Poland. Niedzelski, leader of the Polish Socialist Party, P.P.S. stated that they are striving to create closer relations with the Jewish Socialist Party Bund. In many towns the P.P.S. voted to assist the Jewish schools, he stated.

The Polish Jewish question was also raised in the special Polish commission. Otto Bauer and M. Grimm of Switzerland, Fenner Brockway of England and others supported the resolution for unity among Polish labor parties, which was carried with instruction for bringing the unity about.

Mrs. Edith Harris, mother of Dr. Louis I. Harris, New York, Commissioner of Health, died on Friday in Mount Sinai Hospital following a long illness. She was seventy-two.

Executive directors of Jewish Community Centers and Y. M. and Y. W. H. A's in twenty eastern cities are participating in the second annual Institute in Jewish Center Work held under the joint auspices of the Training School for Jewish Social Work and the Jewish Welfare Board in the Federation Building, New York City.

Dr. David Snedden, professor of Education at Columbia University, delivered an address on "Social Foundations of Community Center Activities," at the Monday morning session. Charles Nemser, executive director of the Y. M. and Y. W. H. A. of Philadelphia, spoke on "Factors Determining the Jewish Center Program." The Institute will continue until August 16.
