## GOVERNMENT COMMISSION ASCribES RITUAL MURDER AGITATION TO HUNGARIANS Arrested Peasants Released; Real Culprits Said to Have Left Country

(Jewish Telegraphic Agency)  
Belgrade, Sept. 19.—The inciting of the ritual murder agitation in several towns and villages in the province of Banat, on the eve of the Jewish High Holidays was laid at the door of Hungarian agitators in the report of the special ministerial investigating commission.

The commission made public today the results of its investigation. It declares that there is no foundation for the assertion that there is a wide-spread anti-Jewish propaganda in Banat. Simultaneously, it was learned that a number of peasants who were arrested in connection with the agitation in Petrovo Selo have been released in the expectation that this will bring about a complete pacification of the population, which is predominantly Hungarian.

The authorities are reported to have decided to mete out severe punishment in an exemplary manner to a number of Hungarian students who are suspected of being the inciting element. It was stated, however, that those responsible for the agitation could not be apprehended as they have most probably fled to Hungary.

## URGES GERMANS TO CONDEMN CEMETERY DESECRATIONS

(Jewish Telegraphic Agency)  
Berlin, Sept. 19.—The leaders of German public opinion were urged to take vigorous action for condemning the method of anti-Semites employed during the past three years, when a war against the dead was waged by the desecration of Jewish cemeteries.

In an appeal published in the leading German newspapers today, Walter von Molo, German poet, protests in fiery terms against the cemetery desecrations which he terms "un-German and un-Christian." Von Molo urges the German nation to take vigorous steps against the wild practice.

The resolution demanded that a visa be granted immediately to the leader of the Zionist Revisionists.

## SETTLERS IN BUREYA GET GREATER AID FROM SOVIET THAN CRIMEA AND UKRAINE Commission Returning from Region Brings Report

(Jewish Telegraphic Agency)  
Moscow, Sept. 19.—The Soviet government grants greater aid to the Jewish settlers in Bureya than in the Ukraine or Crimea, according to a report brought back from the Bureya region by a commission which went to investigate conditions there. The commission was composed of two teachers and two students from Zhitomir. The result of their investigation is published in the "Emes," Moscow Yiddish Communist daily.

"The government aid to the Bureya transigrants is great. It cannot even be compared with the aid given to the transigrants in the Ukraine and Crimea. Everything is given the Bureya settlers on excellent terms," the commission's report states.

The "Emes" also publishes a letter from Jewish settlers in Yekaterina Nikolsk protesting against reports of bad conditions there. The situation is good, the settlers write.

There is no foundation for this report, according to the Lithuanian government.

## MEDABA MAYOR URGES TOURIST TRAFFIC TO MOUNT NEBO AFTER FUTTERER FEAT

Ask Palestine Government to Construct Road from Jerusalem to Nebo

(Jewish Telegraphic Agency)  
Jerusalem, Sept. 19.—Encouragement of tourist traffic by automobile to Mount Nebo was urged by the Mayor of Medaba, the nearest city to the mountain, following the accomplishment of Dr. A. F. Futterer, who reached the top of the Mount by automobile on Monday.

Following Dr. Futterer's accomplishment, the Mayor addressed a request to the Palestine government, asking that a road be constructed from Jerusalem to Nebo, which lies nine miles east of the Northern end of the Dead Sea.

Mount Nebo is believed to be the Pisgah of the Bible, from which, according to Deuteronomy, Moses, just before his death, surveyed the promised land. Dr. Futterer of the Los Angeles Bible Institute, has secured permission from the Palestine government to seek the Ark of the Covenant, which he believes to have been buried on Nebo following the destruction of the First Temple.

## URGE THE CREATION OF PERMANENT MINORITIES COMMISSION OF LEAGUE

Representations Made by Delegation  
of International Union of League  
of Nations Societies  
(J. T. A. Mail Service)

Geneva, Sept. 8.—The establishment of a Permanent Minorities Commission of the League of Nations to safeguard the interests of the National Minorities was urged on M. Zahle, President of the League of Nations Assembly, by a deputation which he received this afternoon of representatives of the International Union of League of Nations Societies, headed by Professor Aulard, the famous French historian, Sir Willoughby Dickinson, the Chairman of the Minorities Commission of the Union, and Professor Theodore Ruysen, the General Secretary of the Union. Dr. N. Feinberg, representing the Palestine League of Nations Society, was among the members of the deputation. Sir Eric Drummond, the Secretary General of the League of Nations, was present at the interview.

Professor Aulard, who acted as spokesman, submitted to M. Zahle, the resolutions adopted at the last Conference of the Union held recently at The Hague. The League of Nations, he declared in the course of his speech, has a staunch supporter in the League of Nations Union. Proceeding to outline the work of the Union on behalf of the minorities, he said that a great deal had been done in this direction, and in particular the Union had endeavored to establish peaceful relations between the majority and minority peoples. He drew special attention to the resolution adopted by the Union calling for the establishment of a Permanent Minorities Commission of the League of Nations. Such a Commission, he said, would increase

## NEED RENEWED ENTHUSIASM IN CULTURAL AND WELFARE WORK SAYS MRS. WARBURG

Sends New Year Greeting to Metropolitan League

A New Year's message to the members of the Metropolitan League of Young Women's and Young Men's Hebrew Associations was sent by Mrs. Felix M. Warburg. The letter, addressed to the Metropolitan League, read:

"It is indeed with great pleasure that I respond to your request to send a message of greeting to the members of the Metropolitan League for the New Year.

"My heartiest well-wishes to all of the constituent members of the Young Men's and Young Women's Hebrew Association and the Jewish Welfare Board. The activities and splendid progress of this affiliated group continue vitally to enlist my interest. There are certain inherent advantages in organizations of this kind, which in their very nature encourage a mutual understanding of one another's problems; they make it possible to share benefits derived from actual experiences and help to create a force of pioneers for social service which cannot help making its high purposes of inestimable value to the Jewish youth.

"I take for granted the physical, educational and intellectual programs fostered by such organizations, but these attainments must be steeped in certain idealism, in order to turn them into something finer than mere material assets. Life is rich in value when in its scope of daily living one includes thoughts of others and so let me hope that all centers are daily imbuing our young men and women with a consciousness of their responsibility to others, a sympathetic realization of the plight of our people in foreign countries, thus bringing about a better comprehension of these problems. I am sure that the necessary aid will then be forthcoming to alleviate these conditions. The Y. W. H. A. and Y. M. H. A. must be an increasing influence for good in Jewish life and affairs.

"I hope that the New Year will bring to all workers and members, faith, renewed enthusiasm, vigor in purpose—with splendid ultimate triumph."

the confidence of the minorities in the League of Nations and would promote world peace.

M. Zahle in his reply said that he appreciated the work done by the Union and he was grateful to the deputation for having acquainted him with the resolutions adopted by its Conference. He expressed his readiness to have the more important resolutions of The Hague Conference of the Union published in the official journal of the League of Nations Assembly.

## JEWISH HISTORICAL SOCIETY ESTABLISHED IN SOUTH AFRICA

Will Compile a History of South African Jewry

(J. T. A. Mail Service)

Cape Town, Aug. 20.—A South African Jewish historical society has been established with the intention of compiling a complete history of South African Jewry and its institutions. Branches of the society have been formed in the Cape Province, Transvaal, Orange Free State and Natal, and the activities of the society include the colony of Southern Rhodesia and the mandated territories of South West Africa.

In each centre the committees are engaged in research work in order to compile the history of the beginnings of Jewish life in their respective territories. Cape Town, the mother Jewish community, has entrusted the compilation of its history to Louis Herrmann, English master at the Cape Town High School.

I. M. Goodman, the Registrar of the South African Jewish Historical Society and editor of the South African Jewish Year Book, has visited Cape Town in connection with the forthcoming publication. He is visiting the larger centres of Jewish population for the same purpose.

The history will include articles on the Jew in public and civic life; the Jew in industry, commerce, agriculture, the professions; the Jew in art and literature, the Jewish woman; the Jew in mining and in finance; Jewish education; the Jewish ministry; the synagogues of South Africa; Zionism in South Africa; the Jewish Board of Deputies; the War Victims Fund; the Talmud Torah movement, the Jewish Guild movement, the Young Israel movement; the benevolent institutions of South Africa; and statistics of Jewish population in the provinces, cities, town and villages of South Africa. The book will contain a special article on South African Jewry's contribution in service and sacrifice during the great war.

While organized Jewry in South Africa dates only from 1841, there are records of individual Jews arriving in South Africa since 1670, eighteen years after the first white settlers arrived from Holland.

## J.D.B. NEWS LETTER

Canadian Notes

(By our Montreal Correspondent)

Montreal, Sept. 17.—With the opening of the schools and the High Holiday season, the Jewish community here is once again resuming its activities. Visitors from the surrounding districts came to Montreal, which has the largest Jewish community in Canada, and every available space was utilized for places of worship for Rosh Hashanah and Yom Kippur.

The Jewish school children have resumed their studies at the Protestant schools, at which little if any increase is noted in the enrollment, the only change being in the shifting of the Jewish population from the centre of the metropolis to the more distant parts of the city. As yet there is no indication that there will be any radical change in the position of Jewish children at the Protestant schools, but it seems likely that the Protestant Board of School Commissioners will come before the Quebec Legislature with a bill to claim the privileges they recently won by all the courts. Just what action will be taken by Jewish taxpayers who were interested in the recent Jewish school question here, it is difficult to say. As yet everyone seems to be marking time and none of the leaders are ready to make any comments.

The question which agitated a part of the Jewish community here, or rather those who adhere to laws of Kashruth, was whether or not the strike raging between the wholesale butchers and packing houses and the schochetim would be settled in time for the housewives to be supplied with fresh Kosher meat for the High Holidays. Because of the strike, Jewish housewives did without fresh kosher meat for several weeks. The schochetim were not satisfied with the agreement entered into by the Vaad Ha'air with the wholesale butchers and packing houses on their behalf, and demanded more payment on a different scale. A settlement was expected a few days ago.

Announcement has been made by the Hon. L. A. David, Provincial Secretary, that the Provincial Government has made a grant of \$125,000 towards the cost of erecting a new and up-to-date building for the Mount Sinai Sanatorium at Ste. Agathe, a constituent society of the Federation of Jewish Philanthropies here. In the last year the Quebec Government has been generous in its support of Jewish institutions. Last year it gave \$50,000 towards the erection of the Home for Old People, another constituent society of Federation, and which is now in

## \$3,500,000 REQUIRED BY JOINT DISTRIBUTION COMMITTEE TO COMPLETE 1928 PROGRAM

National Chairman Pleads for Renewed Collection Effort

The sum of \$3,500,000 will be needed by the Joint Distribution Committee to continue its program of relief and constructive work abroad up to the end of the year. The collection of this fund must be made immediately, according to a New Year call issued by David A. Brown, National Chairman of the United Jewish Campaign.

Early in May of this year Mr. Brown made an appeal for the collection of an emergency fund of \$3,000,000 to cover the work of the Joint Distribution Committee during the summer months. This appeal was the result of an emergency conference held in New York City on April 30 and its purpose was to safeguard the Committee against the experience of former years when the slowing up of collections during the summer months threatened the collapse of the most vital reconstructive activities abroad. In many parts of the country in answer to this appeal, local committees taxed their energy to the limit in order to collect the necessary amounts and when this was impossible, borrowed money from local banks, so that the Joint Distribution Committee treasury would be sure to receive the funds required. However, in other communities the collection efforts proved less successful. Altogether up to September 12, the actual amount collected and turned over to the J. D. C., was \$1,454,888, less than half of the budget requirement.

While the Joint Distribution Committee has tied during the summer months to carry out its program with the limited funds at its disposal, the offices both here and in Europe have been flooded with many new appeals for help from all parts of Eastern Europe. The situation in Russia owing to the poor harvest has become much worse than in previous years. Thousands upon thousands of Jews who can-

## 18 GRADUATE FROM HAIFA TECHNICUM

(Jewish Telegraphic Agency)

The examining commission includes representatives of the Technicum, the government and the Zionist Executive. The graduates will enter business life as architects and civil engineers. The diplomas will be signed by the Palestine government.

not hope for an opportunity to turn to agriculture in the near future, are experiencing greater hardships and suffering than in the preceding years. Constructive relief in the form of aid for artisans and workers, medical relief, cultural relief is imperative immediately if thousands of lives are to be saved, the call points out.

The general improvement in economic conditions in Poland due to the American loan and other causes has not yet made itself felt in the life of Polish Jewry. Traders, artisans, manual laborers, so-called white collar workers are all of them going through a period of economic adjustment and reconstructive help from this country continues to be their main hope. Needless to say, all social activities such as orphan care, medical work, cultural work, cannot as yet rely on local resources for support and thousands of Jewish orphans and dependents are anxiously awaiting our aid. What is true of Russia and Poland, is also true of Roumania, Bessarabia, Transylvania, Lithuania, and other parts of Europe where economic ruin has still left its impress on Jewish every day life, Mr. Brown states.

The United Jewish Campaign which in most communities was conducted on a three year collection basis, still has over seven million dollars outstanding in the form of pledges. A great part of this money is due by the end of the current year. With the passing of the summer months and the renewal of philanthropic activity in every community throughout the country it should require only effective organization and the energy of the driving force behind every campaign to collect the funds due and to bring to the treasury of the United Jewish Campaign the \$6,500,000 needed to the end of this year. With the period of depression over and the country entering upon an era of prosperity, this task can be more readily accomplished at the present moment, Mr. Brown declares.

**Congregation Emanu-El of Philadelphia, Pa.** elected Rabbi M. A. Lozowick its spiritual leader. The Rabbi resigned from the Hillside Hollis Jewish Center, Jamaica, L.I. to become the head of Emanu-El.

About a thousand people, among them the Mayor of Philadelphia and representative of leading Jewish organizations, attended the memorial exercises for Solomon C. Kraus, until his death Grand Master of the Independent Order B'nai B'rith, at the Adath Jeshurun Synagogue, Philadelphia. Addresses were delivered by Rabbi Max D. Klein, of the Adath Jeshurun Congregation, Rabbi B. L. Levinthal, friend for many years of the late Mr. Kraus, and Judge William M. Lewis, National Chairman of the United Palestine Appeal.

process of erection.

The new Mt. Sinai Hospital building will fill a much-wanted need in the community. The present building, erected fifteen years ago, was equipped to care for forty tubercular patients only and is now totally inadequate for the care of the present sixty-eight inmates of the institution. The cost of maintaining this sanatorium is borne by the Federation of Jewish Philanthropies and its budget last year was \$42,000. The Sanatorium is non-sectarian and receives from the Provincial Government a subsidy of \$1.34 per day per patient, for all inmates who have been in Canada for over five years.

The erection of a new building to house 100 patients, with a possible expansion for additional patients, is being planned. It is estimated the building will cost about \$250,000 when finished. Mr. Louis Salmon is the president of the Mount Sinai Sanatorium and Mr. Michael Hirsch the honorary president of the Federation of Jewish Philanthropies.

The Jewish community is also showing interest in the plans being made for a Jewish general and maternity hospital. The present Hebrew Maternity Hospital has been declared unfit for its purpose and is being closed, although the Board of Directors of the hospital are arranging to look after and help needy cases. At present some \$29,000 has already been pledged by members of local loan syndicates towards a Jewish general and maternity hospital, both of which are much needed in Montreal. The question of a Jewish general hospital has been raised again and again in Montreal but although plans have been formulated, nothing definite has been done. Now, with the closing of the Hebrew Maternity Hospital, it is hoped that a combined campaign for the two will bring results.

The question of Canada's attitude towards British and continental immigration is assuming prominence in official and non-official circles. The present visit of Lord Lovat, Under Secretary of State for Dominion Affairs and chairman of the Overseas Settlement Committee, is for the express purpose of making some arrangement between the Canadian Government and the British Government in regard to English settlers. In an address at Winnipeg recently, Lord Lovat declared: "The thing that we in Great Britain do not understand is the fact that Canada can bring in 51,000 immigrants from non-preferred countries annually and only 50,000 from the British Isles. Surely we are not entirely wrong in believing that Britishers could fill some of those jobs you have given to foreigners."

While in Ottawa Lord Lovat, as-

Street. He was associate chairman last year to raise money for the New York Federation for the Support of Jewish Philanthropic Societies.

Besides a contribution of \$50,000 by Mr. Marcus, others who gave a like amount were R. Sadowsky, S. R. Rosoff, Jacob Sperber, Joseph Durat, Max Goldstein, Harry Fischel; \$30,000 was given by Meyer Vesell, \$25,000 each by Saul Singer, Julius Schwartz, Abraham Gevirtz, S. N. Brimberg, Morris White, Abe Adelson, M. Weinstein, I. Gilman, E. Rubin, M. Aronson, Philip Weinstein, Jacob Granowitz, Morris Asinof, Samuel Kamlet, S. C. Lampert, Joseph Ravitch, Harry H. assisted by Mr. G. F. Plant, secretary of the Overseas Settlement Committee, and Mr. F. Skevington, representing the British Treasury, was in conference with the Hon. Robert Forke, Canadian Minister of Immigration and Colonization and other officials of the department. There is reason to believe, from rumors attending the results of this conference, that practical schemes for the stimulation of British immigration upon a much more liberal and comprehensive scheme will be adopted. Just how this will affect the policy of this country towards non-British immigration it is yet too early to say. A definite result of Lord Lovat's visit here, however, is the undertaking of the Canadian Pacific Railway to place 1,000 British families in Canada in five years, and to provide for the building of one hundred cottages by the Canadian Pacific for the use of British families. The latter will be selected and brought to Canada by the Department of Colonization and Development of the railway and secured in some farm work established in the cottages, and, after gaining the necessary experience, will be facilitated in settlement on their own farms.
