ANTI-SEMITIC EXCESSES OCCUR IN BESSARABIAN TOWN, BUDAPEST HEARS Synagogue Demolished, Many Injured in Ismail

(Jewish Telegraphic Agency)

Budapest, Sept. 21.—Anti-Jewish excesses occurred in Ismail, Bessarabia, states a report from Kishinef published today by the "Pester Lloyd."

The synagogue of Ismail was demolished and several scores of Jewish inhabitants were injured when a mob of peasants who gathered for the fair started an anti-Jewish demonstration.

The agitation was started by an assistant notary public named Solovenko, who delivered an inciting speech to the assembled peasantry, telling them that it was Jews who are responsible for the bad economic situation in Roumania and for the poverty of the peasantry.

DR. WEIZMANN TO ARRIVE IN U. S. OCTOBER 14

Dr. Chaim Weizmann will arrive in America in time to attend the first meeting of the Zionist National Executive Committee to be held at the Pennsylvania Hotel, New York, on October 14, according to an announcement made by Louis Lipsky, president of the Zionist Organization of America.

The meeting of the Executive Committee will probably be the occasion for the first official discussion of the plans of the Jewish Agency, as far as the Zionist view of the matter is concerned. Dr. Weizmann is coming here primarily in the interest of preliminary planning for the organization of the Jewish Agency.

Elihu D. Stone, Assistant United States Attorney General for Boston, chairman of the Executive Committee, will preside at the Executive Committee meeting.

TURKISH PHARMACIST LAW AFFECTS MANY JEWS

(Jewish Telegraphic Agency)

Constantinople, Sept. 21.—Many Jewish owners and clerks of pharmacies have been adversely affected by the pharmacist law recently passed by parliament. It is even asserted that the law is directly aimed at the Jewish pharmacists.

In an open letter to Khemal Pasha, published in several Turkish newspapers, one of the Jewish pharmacists draws the attention of the Angora government to the irregularities committed by the authorities to the detriment of thousands of Jewish families in the enforcement of this law.

BUDAPEST CITY COUNCIL UNANIMOUS IN REQUEST FOR NUMERUS CLAUSUS REPEAL Parliamentary Lobby Thinks Law Will be Abolished at Least in Capitol

(Jewish Telegraphic Agency)

Budapest, Sept. 21.—The repeal of the numerus clausus law limiting the general number of students to be admitted to the colleges and universities, particularly affecting the Jewish students, was asked in a unanimous resolution adopted yesterday by the Budapest city council.

The motion was introduced by the Jewish councillor, Pakats. It demanded that the numerus clausus law be repealed and that universal freedom of study be restored at least in the colleges and schools of the nation's capital.

Only a small group of councillors belonging to the anti-Semitic Christian Socialists left the city hall before the vote was taken.

In parliamentary circles the belief was expressed that Count Klebelsberg will now be compelled to abolish the numerus clausus at least in the Budapest colleges as the government party headed by Budapest Mayor Rikpa has turned against the Bethlen numerus clausus policy and voted for the motion.

VLADIMIR JABOTINSKY OBTAINS PERMISSION TO ENTER PALESTINE State Colonial Department Unaware of Difficulties Interposed

(Jewish Telegraphic Agency)

Jerusalem, Sept. 21.—Vladimir Jabotinsky, leader of the League of Zionist Revisionists and recently elected vice-president of the Judea Life Insurance Company, Ltd., was granted a visa by the Palestine government to enter the country.

London, Sept. 21.—It was stated here on good authority that the Colonial Office was unaware of the difficulties encountered by Mr. Jabotinsky in obtaining a visa to enter Palestine. Any conditions made by the Palestine Immigration Department were on its own responsibility.

BEGIN VOTERS REGISTRATION FOR TRANSJORDANIAN COUNCIL (Jewish Telegraphic Agency)

Jerusalem, Sept. 21.—The registration of voters for the Transjordanian Legislative Council were begun the first of September, it was officially stated.

Owing to political rumors, registration at first proceeded slowly, but is now progressing.

HOOVER HAILS RUSSIAN COLONIZATION AS OUTSTANDING HUMAN ENGINEERING PIECE Expresses Opinion in Communication to James N. Rosenberg

Hailing the movement of the Russian Jews to the land as "one of the outstanding pieces of human engineering in the world to day," Herbert Hoover, in a letter addressed to James N. Rosenberg, chairman of the American Jewish Joint Agricultural Corporation, paid tribute to "the practical idealism of the Jewish people."

Commending to his fellow-countrymen "the remarkable enterprise of Jewish regeneration on the land," Mr. Hoover takes the occasion to express his admiration for Julius Rosenwald who, some months ago, contributed \$5,000,000 to promote Jewish agriculture in Russia. The message from Mr. Hoover is in reply to a letter from Mr. Rosenberg describing the effort now under way to complete the fund of \$10,000,000 for the continuance and extension of the Jewish farm settlement work in Russia.

"For the past five years I have followed its (the Jewish farm settlement work in Russia) progress with keen interest," Mr. Hoover wrote. "It is one of the outstanding pieces of human engineering in the world today. The settlement of over 100,000 Jews on a million acres of land is a tribute to the practical idealism of the Jewish people."

"There is no industry more important than agriculture. It has been cause for special gratification to me that the Jews of Eastern Europe should have turned to it in large numbers as soon as the opportunity presented itself to them to become productive and self-supporting tillers of the soil, because the director of the colonization work in Russia, Dr. Joseph A. Rosen, was during the famine period in that country a most valuable member of the staff of the American Relief Administration. I have watched with sympathy and admiration the fruition of his labors in building up these Jewish settlements."

TO PUBLISH HEBREW TEXT BOOK IN LATIN CHARACTERS

(Jewish Telegraphic Agency)

Jerusalem, Sept. 21.—The first Hebrew textbook in Latin characters will appear shortly. It is by Itamar Ben-Avi, chief editor of the "Doar Hayom" who last year published the first Hebrew book in Latin characters.

The textbook is intended for the initial stages in the study of the Hebrew language and is illustrated.

BERNARD BARON

ESTABLISHES \$250,000

TRUST FOR CHARITIES

Marquis of Reading, Chairman of

Board, to Distribute Fund in 20 Years

(Jewish Telegraphic Agency)

London, Sept. 21.—Bernard Baron, well known Jewish philanthropist who began his career as a cigar maker in New York, working at the same bench with Samuel Gompers, has created a trust fund for his charitable contributions.

With a sum of \$500,000 Mr. Baron established the fund to make bequests during the next twenty years. The Marquis of Reading was chosen chairman of the board which will administer the fund.

JEW ASSIGNED BY U. S. ARMY TO JOIN BYRD EXPEDITION

(Jewish Daily Bulletin)

Freeport, L. I., Sept. 21.—The honor of being the first enlisted man ever chosen to represent the United States Army on an exploring expedition has fallen to Staff Sergeant Benjamin Roth of the Sixty-first Aero Squadron of the United States Army Air Service. He has been designated by the War Department to join Commander Byrd's Antarctic Expedition and will leave with the Commander's party on Oct. 1.

Sergeant Roth, who has been in the army fourteen years, is an expert on air-cooled airplane motors.

A dinner was given in his honor last night by the Freeport Lodge of the Elks, of which he is a member.

If you are pleased with the Bulletin tell your friends to subscribe.

BESSARABIA JEWS ASK

J. D. C. FOR SUPPORT FOR CULTURAL INSTITUTIONS
Bad Crop Afflicts Jewish Colonies There

A plea for help in rebuilding the cultural and health institutions of the Jewish farmers in Bessarabia, who have suffered considerably in recent years due to bad crops, has reached the office of the United Jewish Campaign through the Joint Distribution Committee office in Berlin.

The Jewish colonies in Bessarabia, which prior to the war was Russian territory, were considered among the best established by Russian Jews in the last century. During the war, however, and the changes of government, the colonies went through a period of great depression, and the crop failures of recent years have affected not only the farmers but also the traders and artisans who are economically dependent on the colonies. The work of the Joint Distribution Committee, and later that of the Joint-Ica Foundation, have in a large measure reconstructed the economic life of the Jewish farmers. They are however, not yet in a position to take care of hospitals, bathhouses and schools and the situation in the colonies, according to the memorandum submitted, is such that for the next year or two at least, the establishment and maintenance of such institutions will depend entirely on Joint Distribution Committee support.

During the visit of Dr. Bernard Kahn to Bessarabia, the colonies presented their needs, which include the establishment of bathhouses, schools for the Jewish children, physicians in the smaller colonies, medicine relief and libraries.

CAMPAIGN IN MAINE

FOR HOME FOR AGED

(Jewish Daily Bulletin)

Portland, Me., Sept. 21.—A campaign for funds and members throughout the state for the Portland Home for the Hebrew Aged, which is expected to cost about \$75,000, will be launched after the holidays. The site was selected and land purchased in June 1927. As a result of the campaign, construction of the building is expected to begin shortly.

With the Jewry of Maine in urgent need of such a building, it is expected that the campaign for funds to pay for the building and members to maintain the institution will be successful.

Solomon C. Kraus of Philadelphia who died July 29 at Atlantic City, left bequests of \$2,000 each to the Englewood Sanitarium for the cure of tuberculosis, the Federation of Jewish Charities, the Hebrew Orphan Home, Mt. Sinai Hospital and the Jewish Hospital. The bulk of the estate, believed to be close to \$1,000,000, was left to members of Mr. Kraus' immediate family, according to the will, just probated in Philadelphia.

CANADIAN ZIONISTS

REMIT \$40,000 FOR THE JEWISH NATIONAL FUND

Kern Hayesod Income Was \$16,327 During August

(Jewish Telegraphic Agency)

Jerusalem, Sept. 21.—The amount of \$40,000 was remitted by Canadian Zionists for the Jewish National Fund. This sum was on account of the million dollars pledged to the Keren Kayemeth during the visit of M. M. Ussishkin to Canada last year.

The Keren Hayesod income for August amounted to \$16,327. This is the lowest monthly sum received by the Keren Hayesod since 1923.

Tel Aviv, Sept. 21.—Land in the Abukishak district has been purchased by a group of Tel Aviv Jews. The land will be utilized for orange plantations.

A new colony near Tel Aviv is now being established by Germans. Fifty young settlers are to occupy the colony.

Warsaw, Sept. 21.—A campaign for \$150,000 in the interests of the Jewish National Fund was started by the Fund delegation which is now visiting Poland.

Members of the delegation, Messrs. Bistrizki, Herzfeld, Schapiro and Rabbi Esrachi, have now started on a tour of the larger cities and towns in the Republic in the interests of the campaign, which is gaining impetus as enthusiasm grows.

A feature of the campaign will be the securing of 500 inscriptions for the Golden Book of the Jewish National Fund. The general feeling is that the campaign will meet with a considerable measure of success as a wider circle of the old guard in Polish Zionism is taking an active interest in the effort.

FRENCH PREACHER, VISITS

PALESTINE, PRAISES WORK

(Jewish Telegraphic Agency)

Jerusalem, Sept. 21.—Pere Dieux, well known French preacher of Paris, who is now here heading a pilgrim group, visited Tel Aviv, Petach Tikvah and the Jewish settlements in the Emek.

In a letter to Col. Frederick H. Kisch of the Jerusalem Executive, the preacher expressed the favorable impression made upon him by the Jewish colonies. He plans to publish his impressions of the Jewish upbuilding work on his return to Paris.

Mark L. Gerstle of San Francisco was awarded the Distinguished Service Medal of the United States War Department for "exceptionally distinguished and meritorious service" during the war, according to the citation, which accompanied the medal.

During the war Mr. Gerstle served as captain, and later as major in the quartermaster corps. He was stationed at Fort Mason. His "distinguished service" according to the citation, consisted of "purchasing, handling and inspection of clothing and equipment."

ROMANIA PROHIBITS ENTRY OF J. T. A. BULLETINS IN ANY LANGUAGE

No Reason Given for Action Taken at
Instigation of Ministry of
Foreign Affairs

(Jewish Telegraphic Agency)
Czernowicz, Sept. 21.—The entry and circulation of the Bulletin of the Jewish Telegraphic Agency in any language has been prohibited in Rumania, according to the "Buletinul de Import-Export" No. 24, which published the text of a circular issued by the General Direction of Customs No. 165466. No reason is given for the prohibition.

The circular states: On the ground of a communication from the Police Direction and the General Siguranta, on the intervention of the Ministry of Foreign Affairs, we ask you to prohibit the entry and circulation in this country of the Bulletins of the Jewish Telegraphic Agency in any language. You will in consequence take all measures which you consider necessary. The circular is signed by Director Ch. T. Cristea and Chief of Service Vas. C. Vrana.

Jacob Landau, managing director of the Jewish Telegraphic Agency, in commenting upon the despatch of the order issued by the Rumanian authorities declared:

"The order of the Rumanian authorities comes as a complete surprise. The Jewish Telegraphic Agency at all times has been anxious to present the Jewish developments in Rumania accurately and objectively. It has always striven to give both sides of the question and has in every circumstance demonstrated an earnest desire at fair reporting of the facts.

"This was conclusively proven by the fact that despite the Jewish Telegraphic Agency being seriously impeded in the gathering of Jewish news in Rumania by the limitations imposed by the censorship which still exists there, the Agency has at all times been ready to present the official point of view of the government, whenever it placed its own interpretation on the events. The

(Continued on page 4)

SACHER, CHAIRMAN JERUSALEM ZIONIST EXECUTIVE, HERE

Harry Sacher, prominent Palestinian lawyer and member of the Palestine Zionist Executive, arrived in New York on the steamer Mauretania Thursday night.

Mr. Sacher has come here for preliminary discussions on the question of the Jewish Agency.

During his visit he will also take up financial questions with the administration of the Zionist Organization of America.

YOM KIPPUR USHERED IN SUNDAY AT SUNDOWN

On Sunday evening, September 23, Yom Kippur, the Day of Atonement, will be ushered in.

J.D.B. NEWS LETTER

Facilitating Jewish Minorities Protection Through League

(By our Geneva Correspondent)

Geneva, Sept. 9.—As a community the Jews have no international organization, and nearly all the important Jewish societies which interest themselves in the work of the League of Nations are local and national in the sense that they are British or French or German, as the case may be. Mr. Lucien Wolf declared in a memorandum which he submitted here to Sir Eric Drummond, the Secretary-General of the League of Nations, on behalf of the Joint Foreign Committee of the Board of Deputies of British Jews and the Anglo-Jewish Association, asking for the right of national societies to petition the Council in view of the special limitations recently imposed on the scope permitted petitions relating to the execution of the Minorities Treaties.

Previously to 1923, the memorandum says, national associations enjoyed precisely the same access to the Council as international associations and an examination of the use they made of this access shows that it was of substantial advantage to the Council; this was so far recognized that national societies were invited to become members of various standing commissions appointed to advise the Council on certain important branches of its work; the original intention of the rules as shown by the statement of the Secretary-General when the question was first brought before the Council in July 1923 was not to apply exclusion to national associations but only to international associations; the grounds on which exclusion was eventually voted has nothing to do with the relative merits of the two categories of associations, but related to a constitutional principle which applied equally to both and it was for this reason alone that both were excluded; it follows that when the exclusion was modified in favor of international associations the modifications should in fairness have been extended to the national associations; that this was not done can in the circumstances only be ascribed to an oversight; the disability thus created is a special source of embarrassment to the Jewish community.

The Joint Foreign Committee, the memorandum proceeds, trusts that the Council may see its way to restore the equality of international and national associations so far as their access to the Council is concerned.

If the Council, Mr. Lucien Wolf further says, resolves to adhere to the exclusion of national associations, my Committee ventures to suggest that a definition shall be adopted of the type of international association to which

(Continued on page 4)

PROHIBIT NEW DEBORAH SANITARIUM BUILDING ON HOPATCONG SITE

Would Lessen Property Value of
Popular Summer Resort,
Reason Given

(Jewish Daily Bulletin)

Trenton, N. J., Sept. 21.—Following two hearings on the proposal, the State Board of Health yesterday denied the application for the establishment of the Deborah Sanitarium in Hopatcong Borough, by the Deborah Jewish Consumptive Relief Society. This action was taken despite the fact that groundbreaking ceremonies were held about three months ago.

William A. Dolan who represented the borough contended that it was a popular summer resort with millions of dollars invested and the proposed sanitarium would lessen property values. Among other reasons cited by opponents of the plan was one to the effect that the State Department of Conservation and Development was going ahead with plans for making a public park a short distance from the proposed sanitarium site.

Tax Commissioner Louis A. Fast of Newark, an officer of the society and Milton M. Unger, also of Newark, who gave the site for the new hospital, urged that the permit be granted. Mr. Fast assured the health board that everything would be taken care of in the way of sanitation and safeguarding the public.

CHILDREN'S WEEK BRINGS JOY TO POLISH JEWISH CHILDREN

(Jewish Telegraphic Agency)

Warsaw, Sept. 21.—Children's week now being observed in the Republic of Poland is bringing some of its joys to Jewish children as well.

A committee headed by Madam Pilsudski, the wife of Marshal Pilsudski, and Madam Moscicki, wife of the president, was formed with the participation of Rabbi Schorr, former Senator Truskier, the president of the Jewish Merchants Association and the Jewish banker, Raphael Szereszowski.

A children's delegation, including five Jewish children, was received yesterday by Madam Moscicki at the Royal Castle, the residence of the president.

PALESTINE WITHDRAWS BARS ON RUSSIAN IMMIGRANTS

(J. T. A. Mail Service)

Jerusalem, Aug. 29.—As a result of the representations made by the Zionist Executive, the Palestine Government has cancelled its previous instructions to the British Consuls abroad to extend Palestine visas to Russians only if they produce a permit to return to Russia.

The American Jewish Year Book, edited for the American Jewish Committee by Harry Schneiderman, has just been published by the Jewish Publication Society. The present volume represents the thirtieth yearly publication since its first issue of 1899.

HOOVER HAILS RUSSIAN COLONIZATION AS OUTSTANDING HUMAN ENGINEERING PIECE

(Continued from Page 1)

ish agricultural communities.

"During the unhappy times of war and post-war stress, the Joint Distribution Committee, which represented the Jewish citizens of America, co-operated earnestly, effectively and generously in the various aspects of European relief work with which I was associated. I am indeed happy to commend to the attention of our fellow-countrymen the remarkable enterprise of Jewish regeneration on the land.

"When Mr. Rosenwald made his large contribution some months ago, I wrote him expressing my admiration both of the undertaking and of the generosity. I should be quite willing, if Mr. Rosenwald has no objection, and if it would serve your purpose, that you should make use of the letter I then wrote him or of this message."

Mr. Hoover's message was written in reply to the following letter from Mr. Rosenberg: "Though I hesitate at this time to intrude on you, the need of your help for a cause which deeply concerns many of us prompts and, I hope, justifies this letter."

"As you have kept constantly in touch with the Jewish farm settlement work in Russia, I hardly need to draw your attention to the fact that in the past five years over one hundred thousand Jews have settled on over a million acres of land in Russia, and have become self-supporting tillers of the soil. It is needless for me to go into details, for this work was initiated and, indeed, made possible six years ago through your friendly offices and invaluable aid and cooperation when the Russian famine feeding was being conducted under your direction.

"Since that time we have proceeded steadfastly with this reconstructive effort, but our funds have become exhausted. In these circumstances Mr. Julius Rosenwald, as you know, has pledged five million dollars towards the continuance of the work, provided others equal his five million dollars with a like sum. Somewhat over two millions of this remaining five millions of dollars have now been pledged but there still remain almost three million dollars to be provided. Time presses, for unless this large sum is fully raised at an early date, the favorable opportunities for settlement on the fertile lands desired may be lost.

"In these circumstances I turn to you. Every appeal that we have made in the past to you has met with such helpful and generous response that I take the liberty of hoping you will make an answer to this letter expressing your views about this work and that you will consent that your answer be made public. Such a statement from you will, at this juncture, be of inestimable aid to us."

J. D. B. NEWS LETTER

(Continued from page 3)

access may be granted under the rules, and, more particularly, it shall be stated whether the qualification "international" is intended to refer to the structure and organization of such associations, or to scope and character of their work. In this connection it should be borne in mind that there are many so-called international associations which have no international organization and very little concern with the work of the League of Nations, while on the other hand there are important private national associations which are exclusively engaged in international work and are consequently deeply interested in the proceedings of the League.

A point made in the memorandum relates to the modification of the original exclusion resolution of the Council under which minorities' petitions were exempted from the operation of the exclusion rule. This has been interpreted, the memorandum says, to mean that only petitions dealing with "infractions, or danger of infraction" of the minorities' treaties may be communicated to the Council under the existing procedure. The Joint Foreign Committee ventures to ask for a ruling of the Council establishing that petitions shall be at liberty to deal not only with "infractions and dangers of infraction" arising from oppressive action in the countries bound by minorities' treaties, but also with the more remote, but perhaps not less real, dangers involved in interpretation and developments of the procedure for the execution of the guarantee of the treaties, the incidence of which in regard to the effective protection of minorities may not always have been exactly calculated.

Due to decreasing membership and inactivity which has resulted from the absence from Elmira of the younger Jews who are attending college, the Elmira Y. M. and W. H. A. building which was recently rebuilt at a large cost, will be converted into an educational and social center for the use of the Elmira Hebrew Free School and the members of the city's Jewish Orthodox synagogues.

The Y. M. and W. H. A. will not be dissolved. The directors of the association were prompted to abandon the clubhouse and use it for more urgent needs.

The play "In the Balance," by Miss Leah Zeve of Dallas, Texas, has been awarded the first prize in the play contest conducted by the National Council of Jewish Women, through its Department of Religion and Religious Education, of which Mrs. A. S. Kohler of Savannah, Georgia, is national chairman. The second prize was awarded to Mrs. Samuel Mantel of Indianapolis for her play, "Rebecca Graetz."

These plays will be produced by Council Sections during the coming year.

Mr. Rosenberg, when asked to make public the letter from Mr. Hoover to Mr. Rosenwald, to which reference is made in the correspondence, declared that he was waiting for Mr. Rosenwald's consent before releasing that message for publication.

ROMANIA PROHIBITS ENTRY OF J. T. A. BULLETINS IN ANY LANGUAGE

(Continued from page 3)

files of the Jewish Telegraphic Agency service disclose a great number of official Rumanian government statements, denials and counter denials.

"The step of the Rumanian authorities is still more surprising in view of the fact that some time ago George Cristiano, Rumanian Minister to the United States, when he heard that I might visit Rumania during my European trip, handed me a personally written letter in which he recommended me most warmly to Prince Dimitri Ghika of the Ministry of Foreign Affairs in Bucharest, at the same time praising most emphatically the fairness of the Jewish Telegraphic Agency service.

"The action would be understandable while not excusable if the Rumanian government had further tightened the censorship on Jewish news from Rumania, but the placing of an embargo on Jewish news from all over the world is indeed not only a puzzle, but seems rather a harsh and unjustifiable measure inflicted upon the Jews of Rumania who are thus isolated from the stream of Jewish life everywhere."

The Israel Friedlander classes with centers in various sections of New York City will begin registration on Wednesday evening, September 26.

The Friedlander classes form the Extension Department of the Teachers Institute of the Jewish Theological Seminary of America and offer a series of courses that aim to give Jewish young men and women a liberal Jewish education. The courses include elementary and advanced Hebrew, Jewish history, the Bible, Talmud, Palestine, Jewish songs and melodies, Jewish customs and ceremonies, Pedagogy and Jewish club leadership. Those who successfully complete the course in club leadership are awarded a certificate entitling them to act as leaders of Jewish boys' and girls' clubs. Those who complete the course in Pedagogy are awarded a certificate entitling them to teach Sunday School.

The centers where registration will be held are 34 Shuyevant St., Sept. 26, Oct. 1 and Oct. 15; Bronx Y. M. H. A., 1511 Union ave., Sept. 26 and Oct. 1, Y. W. H. A., 91 West 110th st., Sept. 27 and Oct. 2, Y. M. H. A.: 14th ave. and 50th st., Brooklyn, Sept. 27, Oct. 2. Registration begins at 8 p.m.

A campaign to raise \$100,000 for the equipment of the new Jewish Sanitarium for incurables now completed at E. Forty-ninth Street and Rutland Avenues, Brooklyn, is to be launched, according to an announcement by Chairman of the Building Committee for the sanitarium. The building, which will be dedicated on Oct. 14, will cost \$250,000. Mr. Blumberg stated.

The seven wards and twelve private rooms, will house 325 beds.
