JEWISH CO-OPERATIVE BANKS IN WARSAW REGION HOLD CONFERENCE

Sensational Charges Against Administration Made
(Jewish Telegraphic Agency)

Warsaw, Oct. 4.—Sensational charges against the administration of the Jewish Cooperative banks in the region of Warsaw were made at the annual conference of the Association of Jewish Cooperative Banks.

One hundred and eight delegates representing 35,000 members of the banks attended the conference. The banks were established with the aid of the American Jewish Joint Distribution Committee.

The banks have now a capital of two and a half million Zlotys, four million Zlotys deposits and two and a half million Zlotys of a credit capital from the Central organization of the Jewish cooperative banks, also a government credit of one million Zlotys.

During the first half of 1928 the banks have granted loans to the amount of 30,000,000 Zlotys.

During the discussion of the annual report some of the speakers made sensational charges against the administration. It was asserted that members of the Zionist organization were given special privileges by the administration in credit facilities. It was likewise asserted that a large loan was granted to a certain private person in Warsaw and that this was not repaid. The greatest impression was made by the charge that members of the administration have concluded an agreement with a certain European life

Czech Head of Secret Police Arrested in Vienna on Disorderly Conduct
(Jewish Telegraphic Agency)

Vienna, Oct. 4.—Liquor and anti-Semitism drove Jan Haismann, Commandant of the Secret Police of Prague and head of the Propaganda Department of the Czech Ministry of the Interior, to such a frantic state that he came in contact with the law.

A man under the influence of intoxicants was arrested in the Vienna streets for molesting Jewish passersby. He refused medical examination shouting he would not submit to a Jewish doctor. He spent the night in jail, making violent anti-Jewish outcries. In the morning he was identified as Jan Haismann of the Prague Secret Police and head of the Czech propaganda department. His release was immediately ordered.

MOSLEM ARABS PLAN HUGE DEMONSTRATION BEFORE WAILING WALL TODAY

A large number of the demonstrators is expected to proceed to the Wailing Wall to voice a protest against what is termed by the Moslem agitators as the "Jewish aspiration to seize the Wall, a part of the Mosque of Omar.

In telegrams despatched to the kings of Iraq, Persia, Afghanistan, Hejaz, Yemen and Egypt and to Moslem bodies in Syria, India and other Moslem countries the cry is raised that the Moslem ownership of the Mosque of Omar is endangered and the Moslems are urged to help in its defense.

GOVERNMENT ASSURES VIENNA JEWISH POPULATION ORDER WILL BE KEPT

(Jewish Telegraphic Agency)

Vienna, Oct. 4.—The Jewish population of Vienna which was apprehensive of the results from the expected clash on Sunday between the Nationalists and Socialists, has received the assurances of the Austrian government that peace and order will be maintained during the demonstration of the Heimwehr.

The Heimwehr, a nationalist organization has repeatedly denied that anti-Semitism is one of its planks. Simultaneously, an official statement was made public declaring that the purpose of the Heimwehr is "to inculcate the Christian Nationalist conception."

SOVIET GOVERNMENT WOULD PERMIT HEBREW SCHOOLS, LUNATCHARSKY SAYS Obstacle is Difference of Opinion Among Jews

(Jewish Telegraphic Agency)

Moscow, Oct. 4.—The Soviet government would permit the establishment of state schools with Hebrew as the language of instruction, in accordance with the Soviet law, provided the Jews would agree among themselves, declared Soviet Commissar of Education Lunatcharsky in an interview granted Israel Chipkin of the Jewish Education Association of New York, who is now on a visit here. The chief obstacle, Lunatcharsky continued, is the difference of opinion that prevails among the Jews. He is confident, however, that the Jews will solve the problem to their own satisfaction.

The Soviet law permits religious worship and instruction in supplementary schools provided the children have previously completed the prescribed two years attendance at the state schools. Parochial schools are, however, forbidden.

A complaint that Chedorim and Yeshivas flourish in Soviet Russia is contained in an article published by the "Emes," Yiddish Communist daily. The

**CHIEF RABBI LOEW COMPLETES
50 YEARS IN RABBINATE**

(J. T. A. Mail Service)

Budapest, Sept. 17.—Rabbi Immanuel Loew, the famous Hebrew scholar, Chief Rabbi of Szegedin and one of the two representatives of the Jewish faith in the Hungarian Upper House, has just completed fifty years of office as rabbi. Rabbi Loew is a descendant of the legendary Chief Rabbi of Loew of Prague and a son of the famous Rabbi Leopold Loew, whom he succeeded fifty years ago as Chief Rabbi of Szegedin, the second city of Hungary.

Rabbi Loew refused to allow any special celebrations in honor of the event, but during the Friday night service in the synagogue at Szegedin Dr. Frankel delivered an address, praising Rabbi Loew's work.

Chief Rabbi Loew is the author of a large number of learned works, which were issued in 1900 in a collected edition. Among the best known of these is his "Flora of the Jews" and "Fauna of the Jews."

A few years ago his name was thrown into the limelight throughout the whole Jewish world, for reasons other than his scholastic achievements. He was accused by a Hungarian journalist of having given him an interview condemning the Horthy regime in Hungary. He was arrested on a charge of high treason and was for a long time kept in solitary confinement in his home. Eventually, however, it was proved that the statements made against him were invented, and his name was cleared. A violent controversy had been raging meanwhile in Hungary, many important personalities in public life rallying to his defense.

**DEMAND ACTION FOR JEWISH
PHYSICIANS SEGREGATION
AT CONFERENCE**

(Jewish Telegraphic Agency)

Warsaw, Sept. 19.—The Association of Jewish Physicians in Poland has published an open letter in the press, drawing public attention to the anti-Jewish discrimination practiced at the Medical Conference held a few weeks ago at Ciechocinek.

"It is unbelievable," the statement says, "that such a thing could happen. Doctors were invited to attend the Conference, and when they came, they found that they had been divided into two sections, according to faith and origin. One section was accommodated in the main banquet hall and the Jewish doctors were put into the smaller hall. We cannot allow this occurrence to pass in silence or with a shrug of the shoulders. It is a blatant manifestation of anti-Semitism and Chauvinism, an assault upon the most elementary principles of humanity. We demand that the Medical Association, which cannot approve of this anti-Semitic attitude on the part of a few individuals, should take action in the matter. Public opinion and the Democratic press have already condemned this attempt to segregate the Jewish doctors. We now wait for the Polish doctors as a body to condemn it and remove the stain upon Polish science, so that the Ciechocinek scandal may be relegated to oblivion."

**HONOR JEWISH SCHOLAR
ON SEVENTIETH BIRTHDAY**

(Jewish Telegraphic Agency)

Tel. Aviv, Oct. 4.—Mendel Wohlman, noted scholar, was honored on the occasion of his seventieth birthday at a banquet given last night.

Many prominent in Jewish life in Palestine were present to pay tribute to Wohlman, who was praised for his originality and studies in Biblical history and geography. Wohlman came to Palestine from Poland in 1925. Among the speakers were Rabbis Uziel, Aronson and Liachover, Dr. Kaufman and Hausner, Polish Commercial Attache.

FUR CHARITY CHEST**BUDGET APPROVED**

A budget of \$422,000 for 919 institutions was approved by the Board of Directors of the Charity Chest of the Fur Industry at a meeting held at the Fur Merchants Club. The Directors approved the recommendations of the Distribution Committee of that organization.

The chairman of the Distribution Committee, Alex A. Bernstein, stated that the present budget represented a reduction from that of last year which was \$470,000. He explained that this reduction in the 1928 budget was due to the business depression in the trade at this time.

**MOSCOW JEWISH MERCHANTS

SPECULATION CHARGES**

(Jewish Telegraphic Agency)

Moscow, Oct. 4.—A Jewish manufacturer, Funk, and fifteen of his associates were given prison sentences on charges of speculation brought against them. Funk was sentenced to five years imprisonment and confiscation of his property. His bookkeeper was sentenced to four years, his lawyer, Falk, to one year. Thirteen of his associates received prison terms of from one to three years. Eight of these were granted amnesty and released.

**BOLIVIA HONORS KAUFMAN,
AMERICAN MINISTER**

David E. Kaufman, of Towanda, Pa., United States minister to Bolivia, was given the grand cross of the order "Condor De Los Andes", an Associated Press despatch from La Paz states. In making the presentation, the foreign minister declared that the decoration was merited by Mr. Kaufman's demonstration of friendship for Bolivia and his efficient labors to promote her relations with the United States.

Mr. Kaufman is the first American to receive the grand cross. The only other foreigners holding the decoration are the Japanese emperor, the king of Belgium, Premier Poincaré of France, and Cardinal Gasparri, papal secretary of state.

GOVERNOR SMITH PROMISES STATE INVESTIGATION OF MASSENA INCIDENT

American Jewish Congress Makes Public Dr. Wise's Inquiry and Mayor's Reply; Apology Not Considered Adequate

A thorough investigation of the incident at Massena was promised by Governor Alfred E. Smith in a letter to Dr. Stephen S. Wise, president of the American Jewish Congress. Governor Smith's letter read:

"Albany, Oct. 3, 1928.

"Dr. Stephen S. Wise,
"President of the American Jewish Congress.

"Dear Dr. Wise:

"I have not heard before this hour when your message reached me of the rumor of ritual murder which developed on Jewish Atonement Day at Massena, St. Lawrence County.

"As Governor of the State I cannot believe that this libelous myth has been resurrected and credited even for a moment by any one connected with the service of the state or any other civil service division. I can hardly believe that either the Mayor of Massena or a state trooper summoned a Rabbi to a police station on a religious holiday in connection with an absurd ritual murder charge to account for the disappearance of a child, which, I learn, was found again within a few hours of its disappearance.

"I wish to assure you that I will see to it as the Governor of the State of New York that this matter be investigated in the most thorough manner as to the connection of the state trooper. I have, however, no control over the Mayors of villages. The Public Officers Law provides means of making charges against them.

Sincerely yours,

Alfred E. Smith."

The American Jewish Congress made public yesterday a letter received from Mayor W. Gilbert Hawes of Massena. The letter read in part:

"I regret exceedingly that this misunderstanding has arisen. I hold no ill feeling against the Jewish people of this community and I know that there is no local prejudice or hostility. Our community has been co-operating in a common civic and industrial endeavor here and I hope that the exceedingly pleasant relations which have prevailed here in the past may continue without interruption.

"If I am chargeable with any act or word in this matter which has been offensive to the Jewish people I certainly regret it."

Under date of September 29, Dr. Wise addressed the following letter to Mayor Hawes, the text of which was made public by the American Jewish Congress.

insurance company for insuring the bank members. The amount of \$100,000 was mentioned as "a bribe" for putting this agreement into effect. Late at night the public discussion was interrupted and an executive session was called. It was reported later that the conference has decided to take cognizance of the administration's explanation. A new executive committee for the Warsaw region was chosen.

(J. T. A. Mail Service)

Warsaw, Sept. 20.—A complaint that applications for credits to Jewish co-operatives are attended to very tardily and are frequently rejected has been made to Dr. Garbuszynski, Director of the State Economic Bank, by a delegation of representatives of Jewish credit organizations in the country. The delegation submitted to the Director figures showing that the attitude towards the Jewish credit institutions is most unsatisfactory.

Dr. Garbuszynski replied that a number of applications which had been submitted to the provincial departments of the Bank had not yet reached the central office in Warsaw, and this accounted for much of the delay. He promised that all credit applications would be favorably considered and in close contact with the Federation of Jewish Co-operatives in Poland.

The thirty-first annual meeting and harvest festival of the National Farm school will be held Sunday, October 7 at the school, Doylestown, Pa.

Henry Morgenthau, Jr. Replies to Quoted Report of Rochester Convention

Communication to the Editor:

Sir:

I have read with a great deal of interest the report quoted in the Jewish Daily Bulletin on Wednesday, October 3rd, which gives an interesting and accurate version of the events at the Democratic Convention at Rochester in which my name was associated with rumors concerning a likelihood of my nomination for Lieutenant Governor. The facts were not as stated in the report which you quote from "The Day," nor were any such statements made as contained in the report of "The Day." The facts were quite contrary.

For several weeks prior to the convening of the Democratic Convention at Rochester, Mr. Franklin D. Roosevelt of Dutchess County, where I also have my home, advocated my candidacy for Lieutenant Governor if the convention decided to select their candidate for Governor from New York City. On Monday, October 1st, I was very much surprised and pleased to learn that a conference of the leading Democrats held that morning had taken up and submitted to the newspaper correspondents that I had been the choice of this conference for the position of Lieutenant Governor providing that they could not prevail upon Governor Roosevelt to run for Governor. In the early hours of Tuesday morning, Governor Smith finally secured the consent of Mr. Roosevelt to run for Governor. Under the circumstances that we both come from the same county, there was no question of my running on the ticket with Mr. Roosevelt. Several days previous I had telegraphed Mr. Roosevelt that if he did decide to run, I strongly urged him to insist on Colonel Jacob A. Looman as his running mate. No one was more delighted, than I at the choice of Franklin D. Roosevelt and Colonel Looman for the position of Governor and Lieutenant Governor respectively. I believe that this combination of Roosevelt and Looman will sweep in on one of the greatest majorities that the State has ever known.

The other imputations that I hold anti-Zionist views contained in the story of "The Day" is equally untrue. I do not believe that I have never taken any official part in the Zionist movement or participated in any of their conferences. I nevertheless view with the friendliest interest and sympathy the efforts of the Jews who have gone to Palestine to re-establish themselves, particularly in agricultural pursuits. I am the publisher of the American Agriculturist, a farm journal, and I realize that no movement is as deserving of commendation as the effort to bring the Jews into close association with the soil in order that they may derive their income from agriculture. No Jewish cause commands a greater or greater degree of interest in this country than the project of assisting the great mass of Jews of Poland, Roumania and other countries in Eastern Europe to settle upon the land in Palestine and become self-supporting through agriculture. I do not see eyes for eye with men who are so-called Political Zionists, but I feel deeply that the success of the Palestine movement will result in the highest prestige and honor of the Jewish community.

The National Council of Jewish Women and the League for Jewish Women are among 28 national religious, social and welfare organizations which have been placed on the "blacklist" of the National Society of the D. This was revealed by Mrs. Mary Perley MacFarland, wife of the general secretary of the Federal Council of Churches of Christ in America, in announcing her refusal to appear before the D.A.R. board on charges of harming the society.

NEW YORK JEWS UNITE TO HONOR ALLENBY

pecially to the Zionists working for the rebuilding of the Holy Land. General Allenby has endeared himself for all the names of Lord Balfour and Lord Allenby are recorded in golden letters in the history of the Jewish people, the veteran of history, whose dream and hope of centuries were realized through Great Britain's act of historic justice, as expressed through the Balfour Declaration and made possible through the genius and heroism of Field Marshall Allenby.

Lord Allenby's services were contrasted with Emperor Titus of Rome by Rev. Z. H. Masliansky, who said: "Two thousand years separate the opening of the gates of Jerusalem by Titus, the Roman, and the opening of the gates by Lord Allenby, the Britisher. The first one brought devastation and chaos to Jerusalem. With Allenby's coming, Palestine was restored and revitalized."

The official greetings of the Zionist Organization were conveyed by Judge William M. Lewis, of Philadelphia, Vice President of the Organization, who said that Allenby's name was "linked up with the destiny of the Jewish people."

In concluding, Judge Lewis said that "no welcome extended to Lord Allenby can exceed in genuine affection, in noble tribute and in deep gratitude that which I have the privilege of extending in behalf of the Zionist Organization of America. We hail you as a military genius, a distinguished diplomat, a pioneer of the spirit, and as the liberator whose achievement will, we pray, make possible the realization of the lofty visions of the Jewish prophets of old."

Nathan Straus, aged philanthropist, and Louis Marshall, noted jurist, also greeted Lord Allenby. Mr. Straus, despite the advice of his doctor, attended the reception because he wanted to express his admiration for the liberator of Palestine. Mr. Marshall emphasized the important part that Lord Allenby had played in modern Jewish history and declared that "the names of Lord Allenby and Lord Balfour will be cherished by every right-minded Jew throughout the world, the one for the freeing of the Holy Land from the Turks, the other for the Balfour Declaration, which declared Palestine a National Homeland for the Jewish people."

In his address, Lord Allenby emphasized the great future which looms up for Palestine as a country. Commenting upon the Palestine campaign and the participation of Jewish soldiers in the liberating of that country, Lord Allenby said:

"I had the honor of commanding several Jewish battalions, and I also had, before these Jewish battalions were raised, many Jewish soldiers un-

paper cites instances in a dozen cities where there are Chedorim and Yeshivas. The Yeshiva in Nevel has three hundred students; in Smolovitch there are five Chedorim, Talmud Torahs and a Yeshiva, the paper declares. The Chedorim flourish frequently at the expense of the government Yiddish schools because the workers send their children to the traditional Jewish religious schools.

The paper alleges that the Melandim, teachers in the Chedorim, "whip the children regularly twice a month." It charges that many teachers in the government Yiddish schools observe Jewish rites and have their children circumcised although they are Communists.

der my command. Judge Maccabeus could not have fought better than they did. Their courage and patriotism for the cause for which they fought was distinguished; they realized it was not only the cause of Judaism but of humanity."

Lord Allenby concluded by expressing his appreciation of the cordiality of the reception tendered to him by the Zionist Organization of America.

A telegram of greeting was sent to Lord Allenby by the Organization of Jewish Legionnaires of America. The message read: "We, the Jewish Legionnaires of America who participated in the Palestine campaign under your great leadership in the World War, do extend our heartiest welcome and salute your Lordship. At the same moment allow us to express through you our deep sorrow and protest against the English government in Palestine who allowed the deplorable incident at the Wailing Wall on the Day of Atonement which wounded deeply the hearts of world Jewry."

Quotas totaling \$5,000,000, running all the way from \$1,000 to be raised by the florists' division to \$1,000,000 by the bankers and brokers, were accepted Tuesday night by 140 leaders of as many industries and professions at a dinner at the Hotel Plaza, New York City, to complete organization plans for the forthcoming campaign by the Federation for the Support of Jewish Philanthropic Societies.

The dinner meeting was called by Arthur Lehman, associate chairman of the Federation board, to enable the leaders in the various industries and professional groups constituting the Business Men's Council of the Federation to meet Frederick M. Warburg, well-known associate chairman of the campaign, and Dudley D. Sichel and Samuel D. Leidesdorf, who will be associated with Mr. Warburg in the direction of the money-raising effort. Mr. Warburg, who is in his early thirties, is the eldest son of Edw. M. Warburg, chairman of the Federation board.

GOVERNOR SMITH PROMISES STATE INVESTIGATION OF MASSENA INCIDENT

(Continued from page 1)

"September 29, 1928
"His Honor, the Mayor,
"Massena, New York.

"My dear Mr. Mayor:
"There has come to me a most shocking story from your community, to the effect that as a result of the temporary loss of a child, a charge was brought against a Jewish resident of your city, with the implication that the child had disappeared as the result of a Jewish 'ritual murder.'

"I am informed that the state trooper who originally made the charge stated that you had been consulted before calling the rabbi of the community to the police headquarters.

"I trust that for your sake that story is not true and that you will find it possible to deny it. In any event, I need hardly point out to you what a hideous thing it is that this ancient and unspeakable libel should be resurrected in our country, with all the incalculable damage that it might do as a result of misunderstanding.

"Taking it for granted, as I do, that you desire as far as possible to repair the hurt that has been done, I most earnestly suggest to you that you do whatever may be necessary not merely to contradict the base rumor of ritual murder, but point out in addition that no intelligent, decent person has ever again any credence to this charge which has been exposed whenever made, wherever made, and laid to rest time and again by the heads of the Christian churches.

"I should be very glad indeed to have a full statement from you covering the entire affair and also word with respect to the course that you intend to pursue.

"I am
Sincerely yours,
(Signed) Stephen S. Wise
President of the American
Jewish Congress."

The letter of the mayor was not considered adequate apology by the American Jewish Congress.
