TRUDKREDIT MEMBERS ADOPT RESOLUTION FAVORING LIQUIDATION

Government Promises Other Aid to
Members of Largest Jewish
Cooperative

(Jewish Telegraphic Agency)

Moscow, Mar. 23—Despite the opposition of some members, a resolution was adopted at a meeting of Jewish artisans, members of the Trudkredit, endorsing the government's order to liquidate the largest cooperative of Jewish artisans in Soviet Russia.

At a meeting of Jewish artisan members, some speakers opposed the liquidation of the Trudkredit, urging the necessity of maintaining a Jewish credit organization. However, a resolution endorsing the liquidation was adopted.

Assurance that the artisans belonging to the Trudkredit would be aided from other sources was given at the meeting by a government representative, who declared that the artisans would be registered in other credit organizations where the same aid would be continued for them.

The Trudkredit is being liquidated on the charge that the executive of the cooperative misused the privileges granted to the institution by the Soviet Government. Recently, a delegation of Jewish artisans of Moscow appeared before Krylenko, assistant State's attorney of the Soviet Union, asking him to liquidate the cooperative.

PALESTINE MUNICIPALITIES CALL CONFERENCE AGAINST AUTONOMY INFRINGEMENT

Jaffa Municipality Leads the Protest
Against Recent Ordinance

(Jewish Telegraphic Agency)

Jaffa, Mar. 23—A movement throughout Palestine against the withdrawal of municipalities' autonomy is being organized. An all-Palestine conference of municipalities and local councils to protest against infringement of local autonomous government was called by the Jaffa municipality.

The action of the Jaffa municipality is taken against the recently promulgated ordinance authorizing the High Commissioner of Palestine to appoint the entire administration of Palestine municipalities. This power was vested in the High Commissioner in the event that he finds such a drastic measure necessary.

The ordinance authorized the High Commissioner to cancel any decisions applying to the municipalities, substituting other rulings, and to dismiss the mayor, councillors and clerks of the municipalities, appointing others, if necessary, the entire administration of the municipalities.

DIRECTOR OF PALESTINE LAND DEPARTMENT TO STUDY U.S. LAND TITLE SYSTEM

Says Survey Will Remove Difficulties
of Jewish Acquisition of
Crown Lands

(Jewish Telegraphic Agency)

Paris, Mar. 23—The American system of land title guarantee will be the subject of study by Moses Dunkahn, assistant director of the Land Department of the Palestine Government, who is here on his way to London and America.

Unable to speak in his capacity as civil servant, Mr. Dunkahn declined an interview. He did say, however, that the Palestine government is earnestly endeavoring to complete the land survey and has appointed able officers to this end.

Asked whether the absence of a land register is what hinders the acquisition of crown lands by the Jews, Mr. Dunkahn declared that while the court decisions never destroy the bona fide of titles, still, the survey completion will remove all difficulties. He added that the dispute between the Arabs and the Jewish colonists of Hebron over the right of a strip of land is a purely legal matter.

FIRST SHIPMENT OF PASSOVER MATZOTH ARRIVES IN MOSCOW

Five Cars Bring 4,000 Pud; Quantity
Admitted Depends on Funds from
Abroad

(Jewish Telegraphic Agency)

Moscow, Mar. 23—The first shipment of matzoth for Russian Jews for the forthcoming Passover holiday, is expected to arrive here tomorrow. Five carloads containing 4,000 pud are en route.

The quantity of matzoth which the Soviet Government will permit to be brought into the country depends on the funds available from abroad, and no limit has been set, according to an agreement reached on the quantity to be admitted and the duty to be imposed. A duty of 50 kopeks per kilogram was set.

In specifying a 50 kopek per kilo duty, a mean was struck between the 5 kopek duty on bread and the 2 rouble luxury duty on cake. At first the Soviet Government set the sake tariff for matzoth. An appeal by the Berlin committee formed to provide the Russian Jews with matzoth, made through Ambassador Krestinsky, urged that the duty be reduced to that for bread. The Soviet Government replied, decreasing the duty to 80 kopeks. As this was considered still too high, Rabbi Leo Back, acting for the German committee, appealed for further reduction.

PARIS COMMITTEE REPORTS ON MARRANOS' RETURN TO JUDAISM

Tells of Two Neo-Jewish Communities
in Portugal

(J. T. A. Mail Service)

Paris, Mar. 5.—Conditions among the Marranos in Portugal was the subject of a survey by the Pro-Marrano Committee here which published its findings in the "Paix et Droit," the organ of the Alliance Israelite Universelle. There are two neo-Jewish communities in Portugal, it reports, one in Oporto and the other in Braganza. The community at Oporto has been presented with a Scroll of the Law by the Jewish Community of Leghorn. The Central Committee of American Rabbis is assisting the Braganza Community with an annual grant of \$500.

A Marrano paper, "Ha-Lapid," ("The Torch"), is being published, as well as many religious books.

The Portuguese Marranos Community of London has set itself the task of lending a helping hand to Marranos in Portugal who desire to return publicly to the doctrines and practices of their Jewish forefathers. The London Committee has assisted financially in the establishment of a Jewish Community in Portugal, which, being nearest to the Marrano settlements in Northern Portugal, is regarded as likely to exercise the desired influence most effectively. The Oporto Synagogue was consecrated on July 1st, 1927. It serves not only as a house of worship for the Jewish residents in Oporto, but is attended by Marranos from other parts of the country who wish to become personally acquainted with various aspects of Judaism.

Braganza, where the second congregation is situated, has a population of seven to eight hundred crypto-Jews. Services have also been held at Vila-

rhino, whose five hundred inhabitants are nearly all crypto-Jews. "Ha-Lapid" serves as a link between the scattered Marranos and spreads among them a knowledge of Judaism and of the chief events of the present-day Jewish life. Its editor, Captain Barros Basto, has also published a Portuguese translation of the prayer book, which is reintroducing among the Marranos the traditional Jewish prayers that have been lost to them during the centuries in which they have had to conceal their adherence to Judaism in fear of their lives. The Spanish and Portuguese Congregation in London has presented the two scrolls of the Law which are in use at Oporto.

MOVES AGAINST PROPOSED CALENDAR REFORM

(Jewish Daily Bulletin)

Washington, D. C., Mar. 23.—Efforts to prevent the proposed change in the calendar are being waged by the magazine "Liberty," published here under the editorship of Charles S. Longacre.

In a special issue devoted to the proposed calendar change, the magazine emphasizes the necessity of preserving the present weekly cycle. The proposed reform, creating a wandering Sabbath, is opposed by leading Jewish organizations and other seventh day observers.

In its effort to bring pressure to bear against the joint resolution of Congressman Porter requesting the President to propose the calling of an international conference for the simplification of the calendar, "Liberty" urges the securing signatures to a petition to the Senate and the House of Representatives, requesting "not to recommend the calling of an International Conference by the President of the United States, or the acceptance by him of an invitation to participate in such a Conference, for the purpose of revising the present calendar, unless a proviso be attached thereto, definitely guaranteeing the preservation of the continuity of the weekly cycle without the insertion of blank days."

New Quotas Under National Origins Plan Proclaimed Effective by Hoover

By Our Washington Correspondent
Washington, Mar. 23—Immigration to the United States will be restricted to 153,714 by the National Origins plan which was declared effective as of July 1, of this year by President Hoover in the proclamation he issued yesterday. Under the previous quota system, entries totalling 164,667 were permitted.

Unless Congress at its special session acts on the opinion expressed by President Hoover in his acceptance speech and subsequently that the National Origins clause is unworkable and unfair, and votes to throw out the clause, changes will be wrought in practically all the quotas. The number of immigrants from northern and western Europe are reduced in the new quotas by more than 15,000. An increase of 4,215 is effected from southern and eastern Europe. Poland gets an increase in its quota of 542 while Russia's quota is increased 536, Austria 628 and Italy 1,957. These countries' quotas were sharply reduced when the basis was changed from the 1910 census to the 1880.

The outstanding change in the quotas will be an increase of 31,714 for Great Britain and northern Ireland and a reduction of 25,270 in the German quota.

The proclamation issued by President Hoover, declaring the National Origins clause effective July 1, 1929, which was accompanied by a statement from the President, reiterating his opposition to the plan, outlined the method of applying the National Origins plan as follows:

"Whereas, it is provided in the Act of Congress approved May 26, 1924, entitled 'An Act to limit the immigration of aliens into the United States, and for other purposes,' as amended, and Joint Resolution of March 4, 1927, entitled 'Joint Resolution to amend subdivision (b) and (c) of Section 11 of the Immigration Act of 1924, as amended,' and the Act of 1924, as amended, and the Joint Resolution of March 31, 1928, entitled 'Joint Resolution to amend subdivisions (b) and (c) of Section 11 of the Immigration Act of 1924, as amended,' that—

"The annual quota of any nationality for the fiscal year beginning July 1, 1929, and for each fiscal year thereafter, shall be a number which bears the same ratio to 150,000 as the number of inhabitants in continental United States in 1920 having that national origin (ascertained as hereinafter provided in this section) bears to the number of inhabitants in continental United States in 1920, but the minimum quota of any nationality shall be 100." Sec 11 (b).

"For the purpose of subdivision (b) national origin shall be ascertained by determining as nearly as may be, in respect of each geographical area which under section 12 is to be treated as a separate country (except the geographical areas specified in subdivision (c) of

Moscow, Mar. 23—The trial of the Russian worker Trofimov who murdered his fellow worker Bolsheiminkov "because he was a Jew," in a Soviet factory in Pskov, has been postponed until the end of March. The date of the trial was originally set for March 10th.

PLEAD FOR CIVIL MARRIAGE LAW IN MARYLAND

(Jewish Daily Bulletin)

Annapolis, Md., Mar. 23—Passage of the "civil marriage" bill was urged by a group of clergymen and laymen who appeared before the Senate Committee on Judicial Proceedings. The measure has passed the House of Delegates and is now before the Senate. Introduced by Delegate Seymour Phillips, the bill would add justices of the peace to those who could perform the marriage ceremony.

Among those who attended the hearing in the Senate chamber were Rabbi Morris S. Lazaron, of the Baltimore Hebrew Congregation, and B. H. Hartogensis, Baltimore attorney.

Rabbi Lazaron pointed out that the bill would not interfere with the present religious ceremonies in the State. He said the question involved went beyond the matter of religious consecration of marriage rites and into the relation of church and State.

Such officials shall, jointly, report to the President the quota of each nationality, determined as provided in subdivision (b), and the President shall proclaim and make known the quotas so reported. Such proclamation shall be made on or before April 1, 1929. If the proclamation is not made on or before such date, quotas proclaimed therein shall not be in effect for any fiscal year beginning before the expiration of 90 days after the date of the proclamation. After the making of a proclamation under this subdivision the quotas proclaimed therein shall continue with the same effect as if specifically stated herein, and shall be final and conclusive for every purpose except (1) in so far as it is made to appear to the satisfaction of such officials and proclaimed by the President, that an error of fact has occurred in such determination or in such proclamation, or (2) in the case provided for in subdivision (c) of Section 12. An annual scholarship for study abroad was provided at Yale University by Gertrude Harold and Walter Hochschild in memory of their father, the late Berthold Hochschild, with an endowment fund of \$3,000. A year's study in Germany is made available by the fund through the Committee on Foreign Study and Travel, it was announced by Marcus M. Marks, chairman.

An information campaign will be conducted by the Jewish Court of Arbitration over the radio from Station WOV, New York, it was announced by Dr. Samuel Buchler, President of the organization.

Twenty-five constituent organizations of the Council of Young Israel took part in the reception at the Level Club, Saturday night.

Latvia 236, Lithuania 386, Poland 6,524, Roumania 295, Russia 2,784.

"All quotas hereby established are available only for persons who are eligible to citizenship in the United States and admissible under the immigration laws of the United States," the proclamation continues.

"The immigration quotas assigned to the various countries and quota-areas are not to be regarded as having any political significance whatever, or as involving recognition of new governments, or of new boundaries, or of transfers of territories, except as the United States Government has already made such recognition in a formal and official manner."

Representative Tilson, Republican House leader, expressed the opinion that Congress would sustain the President's opinion that the National Origins clause of the immigration law is unworkable and unfair.
