ANTI-SEMITIC STUDENT RIOTS OCCUR AT VIENNA UNIVERSITY

Fifteen Jewish Students Injured; Authorities Declare Preventive Measures Will Be Taken

(Jewish Telegraphic Agency)

Vienna, June 10—Fifteen Jewish students were injured, seven of whom are in a serious condition, in an attack perpetrated on Jewish students on the University campus on Saturday.

The attack occurred in the traditional "students' bummel." Members of the student Hakenkreuzer organization attacked the Jewish students with sticks and whips. The group was 500 strong and included, it was said, members of the Heimwehr. The police intervened too late to be of any help, arresting many on both sides.

Among the Jewish students injured are Dr. Tislowitz, Georg Klaus, Theodore Mark, Simche Gebel, Marco Kappeler.

Tourists who happened to be on the scene of the attacks expressed their disgust with the unseemly sight at the University, declaring they were ashamed of the "Aryans" perpetrating such attacks.

An announcement on the University gate placed by the authorities declared that the students guilty will be severely punished and that beginning next week measures of precaution will be taken against the admittance of unidentified persons to the University campus.

The police headquarters issued a statement denying the report that the police remained passive during the attack.

BAVARIAN DIET BARS RITUAL MURDER ACCUSATION DEBATE

(Jewish Telegraphic Agency)

Munich, June 10—A motion to hold a debate on the subject of ritual murder accusations was defeated in the Bavarian Diet by a majority vote on Friday.

The motion was introduced by the Hitler group which sought to strike out of the item of salary for Minister of Religions Goldenberger because he issued a statement during the Manau ritual murder agitation in which he declared that "the Jews were a part of the German nation" and that the ritual murder tale has no basis in fact.

TO NAME JUGOSLAVIAN AGENCY REPRESENTATIVES

(Jewish Telegraphic Agency)

Belgrade, June 10—A meeting of Yugoslavian Jewish representatives to name its members to the Council of the extended Jewish Agency was opened here. The Union of Jewish Communities and B'nai B'rith lodges in the country have sent delegates to the meeting here.

ANTI-JEWISH RIOTS IN POSEN, LED BY STUDENTS, FOLLOW LEMBERG EVENTS

Students in Street Demonstration Attack and Wreck Jewish Homes and Institutions; Police Intervention Stops Disturbance; Partial Students Strike in Some Universities; Declining General Strike, Warsaw Students Renew Demand for Numerus Clausus; Jewish Press Praises Government's Speedy Action; Events Planned as Political Move to Oust Government, Profanation Label Prepared in Advance

(Jewish Telegraphic Agency)

Posen, June 10—The anti-Jewish agitation, originating in Lemberg on June 2, when the libel of Jewish mockery at a Corpus Christi procession was made the pretext for anti-Jewish disturbances, re-echoed here on Saturday when serious anti-Jewish excesses were perpetrated.

Sunday passed without new disturbances and according to a report of the Polish Telegraphic Agency, 37 students of the University of Posen who participated in the anti-Jewish demonstrations and in the vandalistic acts were arrested by the authorities.

The outbreak followed a meeting held Saturday morning when the Posen students gathered to consider the Lemberg events. Sharp anti-Jewish resolutions were adopted and immediately thereafter a street demonstration was formed which became virtually an anti-Jewish crusade. Jewish homes, stores, restaurants, houses of worship and the headquarters of the Posen Kehillah were attacked and much damage caused. Two synagogues and the Jewish press pavilion at the All Polish Exhibition, now being held here, suffered the principal damage.

Martin Cohn, president of the Kehillah here, was compelled to ask for the intervention of the central authorities in Warsaw by long distance telephone. On his request Deputy H. Farbstein intervened with the Ministry of the Interior which immediately issued strict instructions to suppress the disturbances. The Posen police took energetic measures.

Among the Jewish institutions which suffered from the attack, mainly in the Jewish quarter, was the Jewish cooperative bank on Schister Street.

Warsaw, June 10—Notwithstanding the prohibition of the University authorities, the announced mass meeting of Polish students, called under the auspices of the Central Students' Committee, was held here Saturday afternoon. No riots occurred and no resolution for the proclamation of a general students' strike in all Polish universities was adopted. Instead, a resolution urging the introduction of a numerus clausus limiting the number of Jewish students in Polish universities was passed. Other resolutions asked the resignation of the present Minister of the Interior, General Skladkowski, for the punishment of some of the high officials of the Lemberg police and for the release of the students held for participation in the Lemberg disturbances.

A solidarity strike to support the demand for the release of the arrested Lemberg students was declared by the national democratic students in the universities of Cracow, Lublin and Posen. The students at the universities of Warsaw and Vilna declined to join the strike.

Lemberg, June 10—Convinced that the authorities were adamant in their decision to prevent further anti-Jewish riots the nationalist students decided to desist from holding further street demonstrations. Following the strict measures of precaution taken by the police no new student demonstrations were held Saturday or Sunday. The strike of the nationalist students at the university continues.

POLICE OFFICIAL, NOTORIOUS FOR WALL INCIDENT, REMOVED

(Jewish Telegraphic Agency)

Jerusalem, June 10—The British Police Inspector Duff, who gained notoriety on account of the part he played in the Wailing Wall incident last Yom Kippur and on several occasions afterward because of his brutal attitude, was transferred from his Jerusalem post, according to a report in the "Doar Ha'yom" today.

The inspector was given charge of the prison labor groups near Megiddo.

Last week the Vaad Lemni and the Vaad Ha'ir, two official Jewish bodies, presented a complaint against Inspector Duff to the Jerusalem commandant, because of his brutality during the Lag Bomer celebration here.

WEBB SYMPATHETIC TO PALESTINE WORK

(Jewish Telegraphic Agency)

London, June 10—The appointment of the Rt. Hon. Sidney Webb as Colonial Minister in the new Labor Cabinet was received with satisfaction in Zionist circles here.

Although there is no record of any public pronouncement by Colonial Minister Webb on the Palestine question, it is understood that he is very sympathetic to the Jewish colonization work in the country.

HEBREW UNION TEACHERS SCHOOL TO GRADUATE 16

President Frederick B. Robinson of the College of the City of New York will be the principal speaker at the fifth commencement exercise of the Hebrew Union College School for Teachers in New York City which will take place on Wednesday night, June 12th at the Temple of Congregation Emanu-El at Fifth Avenue and 76th Street. The subject of President Robinson's address will be "The Importance to America of Religious Education."

Sixteen young men and women will be graduated as teachers in the religious schools of New York City. The certificates will be awarded by Abraham N. Franzblau, principal of the school. Dr. Samuel Schulman, Chairman of the Governing Board, will deliver an address and Ludwig Vogelstein will bring the greetings of the Executive Board of the Union of American Hebrew Congregations which supplies the funds for the maintenance of the school.

A farwell banquet was tendered the graduates by the student body of the Hebrew Union College School for Teachers on Monday night, at the Park Plaza Hotel.

More than fifty graduates of the Hebrew Union College School for Teachers in New York City, representing classes from 1924 to 1929, were present at an organization meeting of the Alumni Association.

Plans were drawn to effect the organization of a Religious Education Association to comprise the religious schools of the metropolitan district.

Temporary officers of the Alumni Association were elected as follows: Norman Tischler, President; Carol B. Selig, Vice President; Jeanette Rosenblum, secretary; Ruth Bronstein, treasurer.

Members of Congregation Shearith Israel of Dallas, Texas, presented the dean of the local Baylor University School of Medicine with \$800 toward an endowment fund in honor of Rabbi Raphael Marsh Gold, rabbi of the congregation.

INCOMPLETE RETURNS INDICATE VICTORY FOR ZIONIST ADMINISTRATION

7,000 Votes Cast in New York, 25,000
Throughout County; Mizrahi
Gets 40% of New York Vote

Of the 35 to 40 delegates who are to represent American Zionists at the forthcoming Zionist Congress in Zurich, a large majority will go as the representatives of the administration of the Zionist Organization of America, early returns in the Zionist Congress elections held in the United States for the first time on Sunday, June 9, indicate.

According to reports received upon noon on Monday by the Zionist Election Board, headed by Dr. Nathan Ratnoff and Rabbi Wolf Gold, 7,000 votes were cast in Greater New York and about 25,000 throughout the country, including the 7,000. According to a preliminary count 40% of the vote in New York City was cast for the delegates representing the Mizrahi, Orthodox Zionist organization. Six tickets representing all shades of opinion in the Zionist movement competed in the elections. The right to vote was open to any Jew who is either a member of a Zionist organization, club or society or who paid at the poll the Shekel, that is a fee of 50 cents indicating affiliation with the World Zionist Organization.

The names of about 150 candidates were offered on the six tickets representing the Zionist Organization of America, the Mizrahi, the Hitachduth labor group, the Poale Zion, the Zionist Revisionists and the opposition group termed on the ballot, Herzl Zionists. Of the latter ticket only Judge Julian W. Mack was likely to have been elected, it was said.

A final meeting of the election board is scheduled to take place Tuesday afternoon at the headquarters of the Zionist Organization, 111 Fifth Avenue, when the result of the election will be ascertained.

SOVIET TO EQUAL ORT CON- TRIBUTIONS FOR DECLASSÉ

The Soviet government will equal whatever contributions are made for the industrialization of the declassed Russian Jews by the Ort, the Society for the Promotion of Agricultural and Technical Trades among the Jews of Eastern Europe. The arrangement was confirmed in a communication from V. V. Schmidt, vice-chairman of the Council of the People's Commissars, to Howard S. Cullman, national chairman of the Ort Campaign for Industrial Reconstruction.

The letter guarantees the Ort the financial and other assistance of the government, the industrial cooperatives, and the local Soviets, for all trade enterprises and artisan groups which will be supplied with credits, raw materials and equipment out of the Ort Reconstruction Fund. The letter was transmitted by Saul G. Bron, general manager of the Amtorg Trading Corporation, the official purchasing agency of the Soviet in this country.

GUGGENHEIM FOUNDATION MOVES TO FURTHER FRIEND- SHIP BETWEEN AMERICAS

\$1,000,000 Gift Announced for Ex-
change of Fellowships Between
U. S. and Latin America

The trustees of the John Simon Guggenheim Memorial Foundation announce a gift of \$1,000,000 from former Senator and Mrs. Simon Guggenheim to establish a system of exchange fellowships between the United States and Latin America.

The fellowships will be open to citizens of Bolivia, Brazil, Chile, Mexico, Peru, Argentina and the United States. They will be granted for independent research, training in the various professions and study of political, social and scientific problems. Their value will be \$2,500 for twelve months, plus a travel allowance. The first appointments in Latin-American countries will be made in Mexico next January.

In making this further gift to the organization he established in 1925, Mr. Guggenheim is looking toward a more intimate understanding between the republics of North and South America through the closer relationship of their scholars and professional men, as was advocated by the International Conference of American States in Havana in January, 1928.

"My brothers and I have long been engaged in commerce with many of the republics to the south of the United States," Mr. Guggenheim said in the letter accompanying his gift, "and we know there are no longer any important factors of economic isolation separating us. But a similar commerce of things of the mind, of spiritual values, is yet to be accomplished. It is Mrs. Guggenheim's and my hope that this new fund may assist in supplying that great need."

While fellowships offered by the Foundation have been available since its inception for study in any country of the world, the number of applicants has been so large that the creation of a distinct system reserved for Latin-Americans on an exchange basis came to be regarded as a necessary extension of the Foundation's work.

JEWESS BRINGS PLAGIARISM SUIT AGAINST O'NEILL

It has become known that Rosalie Georges Lewys, the plaintiff in the plagiarism suit brought against Eugene O'Neill, noted American, is a Jewess, her right name being Gladys Selma Lewis.

In the petition filed in the United States District Court, New York, Miss Lewys declares that O'Neill read her novel, "Temple of Pallas Athene," which she handed to him in 1927 when he was literary adviser of the Theatre Guild. The book was published in 1924 in a limited edition and Miss Lewys negotiated with the Guild for its dramatization.

The facts and the characters in her novel, she claims, are identical with O'Neill's most successful play, "Strange Interlude," and she asks \$112,000. Former Supreme Court Judge Cohan is her attorney.

JEWISH THEOLOGICAL SEMINARY GRADUATES 10 RABBIS; 35 RECEIVE DIPLOMAS FROM TEACHERS INSTITUTE

Dr. Adler Urges American Jewry to Unite in Palestine Work; Dr. Kaplan, Rabbis Hoffman and Solomon Receive Honoris Causa Degrees; Hope Expressed Ancient Ordination Authority, Semicha, Will Be Restored in Palestine

Ten Rabbis received degrees and thirty-five students of the Teachers Training Department and the Israel Friedlaender Extension Department, including 24 girls, received diplomas, at the annual Commencement exercises of the Jewish Theological Seminary at Town Hall, Sunday afternoon.

The degree of Doctor of Hebrew Literature was conferred upon Dr. Mordecai M. Kaplan of the Society for the Advancement of Judaism, and the degrees of Doctors of Divinity upon Rabbi Charles I. Hoffman of Newark, N. J., and Rabbi Elias L. Solomon of New York, all honoris causa.

The principal speakers of the occasion were Dr. Cyrus Adler, President of the Jewish Theological Seminary, and Rabbi Abraham A. Neuman, of Congregation Mikveh Israel of Philadelphia. Rabbi Charles I. Hoffman of Newark delivered the invocation and Rabbi Israel Goldfarb the closing prayer.

Those who received Rabbinical degrees were: Isadore Barnett, Philadelphia, Pa.; Abraham H. Fedder, Baltimore, Md.; Albert I. Gordon, Cleveland, Ohio; Harry Halpern, New York, N. Y.; Harry W. Katchen, Newark, N. J.; Nathan Kollin, Cleveland, Ohio; Isidore S. Meyer, New London, Conn.; Jacob Radin, N. Y.; Henry M. Rosenthal, Louisville, Ky.; Edward Schoenfeld, New York, N. Y. Charles M. Rubel of New York received the degree of Master of Hebrew Literature.

Announcement was made by Dr. Adler that arrangements have been concluded with the Teachers College of Columbia University whereby it will be possible for students of the Teachers Institute to obtain a Bachelor of Science degree from Columbia University and a Bachelor of Jewish Pedagogy degree from the Teachers Institute in five years by pursuing a combined course of study at both institutions.

Rabbi Neuman in his address pointed out that Semicha, ordination, requires, under Jewish law, that it be administered on Palestine soil. He expressed the hope, that with the upbuilding of Palestine and development of religious life there the authorized mode of Semicha would be restored, leading to the establishment of a Sanhedrin for an orderly and constitutional revision of some laws which require adjustment to present day conditions.

Dr. Adler, who has just returned from a trip to Palestine, devoted his address to a description of the educational and religious aspects of the country. His impressions of Palestine were prefaced by a call to American Jewry to merge their differences and lead the way to a reawakening of the collective conscience and the recreation of spiritual unity so that both may have a

strengthening influence on the work of rebuilding Palestine.

"We are but a small folk," declared Dr. Adler. "It behooves us as a mere matter of self protection not to allow differences of recent origin, or even of philosophies to divide us into hostile camps. We cannot afford it and the circumstances do not warrant it."

The great need in Palestine education and religious life is co-ordination, he declared. "Within the Jewish population of Palestine there exists every shade of thought from a-religion, the negation of Judaism and of all religion, to a most rigid observance and medieval dogmatism and mysticism. Each one of these attitudes is reflected in a school curriculum. One would suppose that already enough differences had been provided for, but there is yet another which is not reflected in the school system. The Yishub in Palestine represents every part of the globe and the synagogue reflects these geographical differences when there is no essential difference in belief or practice."

The result is, he said, that in a net-

Brith Sholom Opens Convention in Atlantic City

By Our Atlantic City Correspondent

Atlantic City, N. J., June 10—With an attendance of more than five hundred persons, of whom 223 are delegates representing 143 lodges, the Independent Order Brith Sholom formally opened its twenty-fourth annual convention at the Garden Theatre here Sunday afternoon. Since the full number of delegates designated to this convention is 327, an additional number are expected here Monday and Tuesday, Martin O. Levy, grand secretary, announced.

The greater part of the Sunday session was devoted to a memorial service for the late grand master, Solomon C. Kraus and his wife, Eva Mayer Kraus, both of whom died during the past year, and the reading of the acting grand master's message by A. Sigmond Kanengieser, of Newark.

Mr. Kanengieser reported that the "order is now officially classified as being in the 'millionaire class' of fraternal organizations since our reserves have passed the million dollar mark. We have every reason to feel right proud and rejoice in this splendid achievement."

"I am indeed sorry that our net figures for the year fail to record an increase in membership," further declared Mr. Kanengieser, "yet an analysis of the condition serves to indicate that its chief cause is the unfortunate economic depressions manifesting themselves in various parts of the country."

"It seems to me that the most important work before this convention is that of seeking ways and means to increase the membership of the order and to this end I direct your undivided thought and attention."

Mr. Kanengieser also recommended increased women's membership in the order, development of junior organizations for the Jewish youth and additional funds for the scholarship fund of the Order. In line with the latter recommendation, George Beldoe, president of Blumberg Lodge, of Brooklyn, on behalf of the lodge, presented a check for \$750 to go to this fund.

The acting grand master further recommended continued support for Jewish religious education and for Zionist endeavor.

Among the speakers who addressed the convention were Bernard G. Richards, executive secretary of the American Jewish congress; Daniel De Pryer, representing the city administration; Louis E. Levinthal, of Philadelphia, an executive board member of this Order and Charles J. Weiss, editor of the "Brith Sholom News." Mr. Weiss was appointed head of the resolutions committee and Judge Leopold Glass, head of committee on grand master's message. Rabbi M. Shapiro, of Atlantic City, delivered the opening prayer. The services of late Grand Master Kraus to the Order were eulogized and an engrossed

took further steps in their attempt to obtain release of the prisoners, but without success.

The Sunday morning edition of the Lemberg Yiddish daily, "Der Morgen," was confiscated by the authorities for the publication of a photograph showing the ruins of the Jewish high school wrecked by the students. The Friday morning edition of the "Kurier Poranny," rabid anti-Semitic organ, was confiscated for the publication of an inflammatory article against the Jewish population.

The Jewish students' organization here issued an appeal to the Jewish population to raise a fund for the reconstruction of the Jewish Student Home wrecked in the riots.

Warsaw, June 10—The view that the anti-Jewish excesses in Lemberg were a premeditated move on the part of the nationalist elements in their fight against the present Polish government, and appreciation of the government's uncompromising attitude to suppress the riots vigorously are stressed in the editorial comments of the Jewish press here.

The government, as well as the Polish liberal press, speedily and correctly estimated the character of the events in Lemberg. There is every reason to believe that the hoodlums and students and their aids will this time receive the punishment they deserve, says the Warsaw "Hajnt."

The "Moment" emphasizes the fact that it was due to the energetic counteraction of the Lemberg authorities that the criminal plans of the anti-Jewish elements were frustrated and that the shameful events of June 3 were not permitted to recur.

The Polish Jewish organ, "Nasz Przegląd," observes that the government found itself compelled to take up the fight under extraordinary irritating conditions. It is worthy of declaring *urbi et orbi* (to the people and to the world) that the government when faced with a test, placed the welfare of the state above all other considerations, even risking a bit of its popularity, the paper says.

The newspaper "Unser Express" sees in the Lemberg events the beginning of the election campaign of the national democratic party. The party has apparently decided to renew its old methods of anti-Semitic agitation for the purpose of achieving its political ends.

The labor organ "Volkzeitung" expressed the opinion that the speedy measures taken by the government were due to the fact that the disturbing elements, the national democratic party, are hostile not only to the Jews but to the government in power. The session of the League of Nations Council in Madrid this very week was likewise a prompting factor, the paper holds.

An interesting fact is disclosed by the labor organ. According to its report the executive committee of the Warsaw Kheibish is in receipt of threatening letters addressed by Catholic priests in

and bound copy of resolutions anent this, was presented to his son.

The convention is calm and no factionalism is apparent. It is believed that the only strife will come up during the election of grand master and from all indications the opposing candidates will be Mr. Kanegieser and Judge William M. Lewis of Philadelphia. Considerable discussion also is expected over a proposed amendment to the constitution that the grand master shall serve only two years.

Jewish Fraternity Is Recognized at Lafayette College

Easton, Pa., June 10—After years of effort by Jewish students to organize a fraternity of their own at Lafayette College, their labors appear to have been rewarded, for the Towers fraternity enjoyed all the rights and privileges of other fraternities on the campus during the college year which has just closed.

It is understood that several national fraternities are anxious to take in the Towers, and if this is accomplished, Jewish students and alumni of Lafayette will see a dream of many years come true.

Fifteen years ago the movement for a Jewish fraternity at Lafayette was started, but there was considerable opposition, both from the faculty and other bodies connected with the college, which is under supervision of the Presbyterian church. Efforts were made to organize a local fraternity, but nothing came of it. Two years a group of 15 of Jewish students at Lafayette met and organized the Towers fraternity. For a while this fraternity could not gain recognition, but by encouraging its members to participate in all college activities, including athletics, debating, glee club and college publications, recognition was finally won and the fraternity was permitted to have its photograph in the annual year book and was conceded rights and privileges afforded other fraternities.

The Collegiate Branch of the Union of Orthodox Jewish Congregations of America will hold a Sabbath celebration on Tuesday, June 18, at the Grand Street Boys' Clubroom. New officers will be installed. Joseph L. Freilich is the new president. Rabbi Herbert S. Goldstein and Congressman Sol Bloom will address the gathering.

charge of churches situated in the districts of Nowolipki and Nalewki, two quarters particularly populated by Jews, asserting that Jewish children damaged and profaned these churches. The newspaper says that it is not a mere coincidence that these letters, threatening reprisals, were dated June 1, two days before the Lemberg events which grew out of a similar pretext.

Moscow, June 10—The Soviet press is exploiting the Lemberg events for propaganda purposes. The papers use the events to point out how Poland persecutes for racial minorities in comparison to Russia.

work of schools ministering at the most to 2800 children, there are at least three types of education representing the views of the major factions of the Zionist organization, separate schools for the Yemenites, and outside various types of schools representing religious or political attitudes, extraneous to Palestine.

"The differences of the elders are being perpetuated among the children, and valuable as the educational work is, it does not promise a return to normative Judaism," he pointed out. The same divergencies, perhaps greater ones, are noticeable in the worship at the synagogues. There are however two factors of immense importance which serve as a bond of union between these diverse elements. They are the land and the language. "This common speech," he said, "which is used from the stately University growing up on the wonderful site of Mount Scopus down to the smallest kindergarten is the miracle of Palestine; this bond constitutes the strongest hope for unity in the future."

He called upon the Rabbinate and Teachers in the United States to see to it, that if a cut in the budget is necessary in Palestine, it shall not result in the non payment of the salaries of the teachers.

"It will take a mighty effort to rebuild Palestine economically and spiritually," he continued. "In this effort the Jews of America must play a great part. See to it, Rabbis and teachers, that there are Jews in America so trained and so guided by you that they will have the disposition to play this part. The many differences in Palestine must be healed. See to it that our differences in America are healed. It may be that the differences in Palestine are but the echoes of our differences and those of the other lands of the Diaspora. Certainly every quarrel here is reflected there. Do not for a moment imagine that Judaism may be permitted to languish in America and the small group in Palestine will keep it alive for you by proxy," he warned.

"Earnest efforts, sincere intelligent, no doubt capable of great improvement, are being made toward a realization of the ancient dream of Israel. Ours is the privilege to aid in the historic movement. Those of us to whom religion is uppermost will wish that the Palestine community shall be spiritually sound as it should be economically sound. To be of aid in this direction we must ourselves be spiritually sound. By contributing not only material help, but a sound Jewish spirit, we hasten the day when the Torah shall again go forth from Zion rebuilt." Dr. Adler stated.
