AGENCY QUESTION CAUSES RIFT IN BERLIN KEHILLAH COUNCIL

**Liberals Leave Meeting, to Render
Appointment of Representatives to
Agency Committee Invalid**
(Jewish Telegraphic Agency)

Berlin, June 14—Not all leaders of the non-Zionists in Germany have been won over to the Jewish Agency point of view, it became apparent when a vote on the question caused a rift in the Berlin Kehillah Council.

At a meeting of the Council held Wednesday evening, Dr. Ismar Freund announced the decision of the Kehillah Board to delegate two representatives to the special committee now being formed for the purpose of designating German Jewry's representatives on the extended Jewish Agency. The delegates appointed are Gerson Simon, vice-president of the Kehillah Board, and Herr Kleemann, bank director. The liberals, representing the Reform Jewish element in the Council, protested against the decision and, declaring that they were not consulted on the matter before, left the hall, so that the decision might be invalid.

Dr. Freund explained that the Kehillah Board took the decision because it considered the question of the Jewish Agency as a matter affecting the fate of entire Jewry and the cultural interest of humanity.

London, June 14—An estimate of the Jewish Agency as it stands since the ratification in Berlin by the Zionist General Council of the agreement for constituting the Agency, seen through the eyes of the "Near East and India Magazine," said to be close to the

(Jewish Telegraphic Agency)

London, June 14—The Palestine government has liquidated the outstanding debt of the Tel Aviv municipality, according to a report received here. The debt amounted to £30,000.

ITALIAN ROYAL ACADEMY HONORS JEWISH SCIENTISTS

(Jewish Telegraphic Agency)

Rome, June 14—The Jewish scientists, Alessandra de la Seta, professor of archaeology at the University of Rome, and Carlo Foa, professor at the Milan University, are among the three receiving this year's prizes awarded by the Royal National Academy. The prizes are considered the highest award to which scientists can aspire.

The Academy numbers 118 national members, of whom 13 are Jews and 115 corresponding members, of whom 12 are Jews.

JEWISH BODY URGES AUSTRIA TO INTERVENE IN HOTEL AND RESORT DISCRIMINATIONS

**Wants Government to Withdraw the
Licenses of Those Refusing Admit-
tance to Jewish Guests**
(Jewish Telegraphic Agency)

Vienna, June 14—Government action against anti-Jewish discrimination in Austrian resorts and hotels was urged in a memorandum submitted to the Chancellor's office by the Union of Austrian Jews.

The Union urged the government to declare invalid the anti-constitutional decisions adopted recently at numerous Austrian resorts prohibiting "non-Aryans, Jews and Semites" from stopping at those places. The memorandum recites the names of the resorts which recently adopted such resolutions and requests the government to issue a general order that the licenses of hotels and innkeepers who refuse admittance to Jewish guests be withdrawn.

ROUMANIAN JEWISH PARTIES CANNOT AGREE ON JOINT PROGRAM; PROPOSAL FAILS

**Union Rejects Move for Unity Among
All Parties**

(Jewish Telegraphic Agency)

Bucharest, June 14—Dr. William Filderman, champion of Jewish emancipation in Roumania, was re-elected president of the Union of Roumanian Jews at the organization's annual meeting here several days ago. Other members of the board were re-elected.

Unity among the Jewish parties in Greater Roumania appeared as distant as ever before, when a proposal seeking such unity was rejected by the conference.

Dr. Adolf Stern introduced a motion to the effect that all Jewish parties be invited to agree on a joint program on the understanding that the Jewish population groups in the Old Kingdom and in the new provinces declare themselves an ethnic minority, eliminating the expression "national Jewish minority." This proposal was rejected, the conference deciding that the program of the Union of Roumanian Jews is sufficient for the defense of individual as well as collective Jewish interests in the country, as is established in the Constitution of Roumania and in the provisions of the Peace Treaty.

Oslo, June 14—By a vote of 88 to 21, the bill for the prohibition of the slaughter of animals for food was adopted by the Odelsting. The bill now goes to the Lagting.

ROUMANIAN GOVERNMENT AIMS FOR REAL DEMOCRACY; EQUAL OPPORTUNITY TO JEWS

**Prime Minister Maniu, in Interview
with J. T. A. Managing Director,
Describes Policy**
(Jewish Telegraphic Agency)

Bucharest, June 14—"My government is endeavoring to inaugurate in Roumania an era of real democracy in which Jews, along with the other elements of the population, are to have an opportunity to develop and advance on an equal basis," Julius Maniu, Prime Minister in the Roumanian government, stated to Jacob Landau, Managing Director of the Jewish Telegraphic Agency, in an interview with him.

"Free Roumania sends its greetings to free America," the Prime Minister said at the outset of his description of the Cabinet's policy. According to the program proclaimed by the government at the recent Roumanian union celebration held at Alba Julia, a bill for the enactment of a minorities law in Roumania will soon be introduced into parliament. When the law is enacted the opinion of all those, including the Jews, concerned will be sought through a questionnaire, the Prime Minister stated in reply to the question as to whether the Jews in Roumania are regarded as a national or a religious minority. The Jewish leaders are not yet decided among themselves on the question, he said.

Some of the questions which have been agitating Jewish and Roumanian public opinion in recent years were raised during the interview and the Prime Minister expressed his opinion concerning them. Asked about the school situation, with special reference to the action of the previous Liberal government which closed the Jewish schools, Maniu stated that the closing of the Jewish schools by the previous government was not an anti-Semitic act, since all religious and minority schools were closed at the time. If the Jews of Roumania are desirous of opening their own schools they will encounter no difficulties on the part of the government. The government is even prepared to subsidize such schools. An amount of 25,000,000 Lei has been allotted by the government for all minority schools in the country.

**TO MARK 70th BIRTHDAY
OF I. O. B. B. PRESIDENT**
(Jewish Daily Bulletin)

Cincinnati, June 14—October 19th of this year will be the occasion for special functions in many of the lodges of the Independent Order B'nai B'rith, with a national membership of close to 70,000, when Alfred M. Cohen, President of the Order, attains his seventieth birthday.

Following the resolution adopted at the annual convention of District No. 2 at Akron, Ohio, to honor Senator Cohen on this occasion, attention of the fraternal order's membership was drawn to this date and preparations have already begun in various parts of the country to mark the date as a feature in the lodges' activities.

Crowning a career of civic leadership, active interest in Jewish affairs and a long affiliation with the B'nai B'rith, Senator Cohen was chosen President at the Grand Lodge meeting in 1925.

Alfred M. Cohen was born October 19, 1859 in Cincinnati. He is President of the Board of Governors of the Hebrew Union College, has served two terms in the Ohio State Senate and was twice Presidential elector.

**RABBIS TO PRAY FOR
BALFOUR'S RECOVERY**

Rabbi Leo Jung, president of the Rabbinical Council of the Union of Orthodox Jewish Congregations of America, urged all members of the Rabbinical Council to offer a prayer on Shebuoth "for the recovery and well-being of the Earl of Balfour, friend of Israel and of the Land of Israel."

**COURT OF APPEALS SOON
TO RENDER DECISION IN
CASE OF CLEVELAND CENTER**

To Decide If Orthodox Congregation
Can Be Converted Into Conservative
(Jewish Daily Bulletin)

Cleveland, June 14—A decision in the celebrated Jewish Center case, involving the question as to whether an Orthodox Jewish Congregation, formed as such, may, subsequently, by a later board of directors, be transformed into a Conservative house of worship, is expected soon in the Court of Appeals here.

A hearing on the case was held this week and both sides submitted their arguments. The controversy arose several years ago due to the dissension in the membership of the Jewish Center, some Orthodox members objecting to the inauguration of the Conservative ritual introduced by Rabbi Solomon Goldman. The question revolves around the following points: whether a charter and constitution and funds secured for the purpose of furthering Orthodox Judaism creates a trust of the property involved and may be used only for such purposes.

The decision will be rendered by Judges Kent W. Hughes and Charles L. Justice of the Third District Appellate Court and Roy H. Williams of the Sixth District Appellate Court.

**JEWS SECEDE FROM
EASTERN STAR IN N. J.**
(Jewish Daily Bulletin)

Newark, N. J., June 14—This city appeared today to be the center of action in the fight that has developed in this state in the Order of the Eastern Star over a ritual amendment adopted three years ago and which the Jewish members claim makes it impossible for them to continue in the Order.

It became known last night that Divinity Chapter of this city, which has been in existence for six years, has broken away from the state chapter and formed a new organization. Its membership by unanimous vote has decided to return the charter to the grand chapter. This is the first step in the secession of the Jewish membership from the Order.

A total of twenty-one lodges is said to be contemplating withdrawal from the Order. It is believed that the nucleus of the new organization will be the All-Around Social Club, an organization of past and present officers in New Jersey, most of them Jews.

Mrs. Rose Meyerhoff of Palisades Park stated to the press: "It is their affair and they may do what they wish in the matter," referring to the Jewish membership.

Atlantic City, N. J., June 14—George W. Kite, Most Worthy Grand Patron Order of the Eastern Star, refused to comment on the report that 22 chapters of the state organization, announced their withdrawal from the body at a meeting in Asbury Park. He said that inasmuch as he had not been officially notified of the action, he would make no statement concerning it.

EDWARD A. FILENE'S APPOINTMENT TO HOOVER CABINET REPORTED AND DENIED

"Am Not a Candidate for Political Office," Filene Says in Boston
(Jewish Daily Bulletin)

Washington, June 14—The forthcoming appointment of Edward A. Filene, prominent Boston industrialist and philanthropist, interested especially in labor questions, to the Hoover cabinet to succeed Secretary of Labor James J. Davis when the latter retires, was forecast as a certainty in reports current here.

It was declared that under the arrangement between President Hoover and Secretary Davis, Mr. Davis had agreed to remain in his post only for one year and early relief from his duties would be welcomed by him. In other quarters the report of Mr. Davis's forthcoming retirement was denied.

Boston, June 14—The possibility of Mr. Filene's succeeding Secretary of Labor Davis in the Cabinet was denied by him in a statement to newspapermen here when his attention was drawn to the persistent reports from New York and Washington.

"I am well known as a Democrat and Mr. Hoover can find hundreds of Republicans better than me. I openly supported Mr. Smith by word and deed. I am not, never have been, nor do I intend to be a candidate for any political office," Mr. Filene declared.

**ZIONISTS URGED TO MARK
HERZL DEATH ANNIVERSARY**
(Jewish Telegraphic Agency)

London, June 14—The twenty-fifth anniversary of the death of Theodor Herzl, founder of the Zionist movement, will be commemorated by Zionist bodies throughout the world. An appeal sent out by the Zionist Executive here declared:

"The Executive of the Zionist Organization desire that the forthcoming twenty-fifth anniversary of the death of our immortal leader, Theodor Herzl, shall be commemorated in an impressive manner by all Zionist bodies throughout the world. The Executive feel that in view of the fact that a quarter of a century has now elapsed since the founder of the Zionist Organization passed away, the celebrations should assume a more imposing character than has hitherto been the case. They also attach very special importance to all memorial gatherings being held on the actual day of the Jahrzeit, Tammuz 20th—July 28th, so that there may be a world-wide demonstration of devotion to the Jewish national movement, which owes its organization to the creative energy of Herzl."

The Executive propose to commemorate the anniversary on July 28th at a special gathering to be held in Zurich on the eve of the forthcoming Congress. A very large number of guests from various parts of the world, including leading representatives of all Zionist bodies, are expected to be present.

ZION COMMONWEALTH OVERCOMES ITS FINANCIAL DIFFICULTIES IN PALESTINE

Bankruptcy Danger Averted by Aid of U. S. Group; Purchasers to Receive Title Within Year

(Jewish Telegraphic Agency)

Jerusalem, June 14—The American Zion Commonwealth, land purchasing agency, incorporated under the laws of the state of New York, and operating in Palestine in conjunction with other Zionist agencies, has solved its financial difficulties which threatened its existence for the past several years. The danger of bankruptcy proceedings against the company was averted when the district court confirmed a settlement reached between the creditors and the company, Theodore van Vriesland, treasurer of the Zionist Executive in Jerusalem and plenipotentiary for the company, stated to the Jewish Telegraphic Agency.

The solution of the company's financial problems, which arose following the collapse of the land boom in 1926, was made possible thanks to the intervention of all Zionist bodies working in Palestine and especially due to the aid given by a group of American Zionists headed by David Freiberger, New York attorney. This group provided a loan of \$250,000 to the American Zion Commonwealth, Mr. van Vriesland stated.

The special committee in charge of solving the American Zion Commonwealth problems is now proceeding to survey the possessions of the company in Palestine and to parcel out the Commonwealth lands. All those who purchased Commonwealth land will receive their deeds within the next twelve months, Mr. van Vriesland stated. The majority of purchasers are in the United States.

Mr. van Vriesland explained that the company still has an indebtedness of £130,000 Sterling in mortgages and £25,000 to other creditors, which must be paid within three years from the sales of land to purchasers in the United States. "We expect that the company, gradually emerging from its involved state, will inspire confidence in its clients to fulfill their obligations by paying off the past installments on the land purchased. The company is doing everything possible to fulfill its part of the contract," he declared.

HEBREW UNION TEACHERS SCHOOL GRADUATES SIXTEEN

Sixteen graduates were awarded diplomas at the fifth commencement exercises of the Hebrew Union College School for Teachers held Wednesday night at Temple Emanu-El, New York.

Dr. Frederick B. Robinson, president of City College, was the principal speaker. Ludwig Vogelstein, chairman of the executive board of the Union of American Hebrew Congregations, Dr. Samuel Schulman, chairman of the joint committee for the school, and Abraham N. Franzblau, principal, addressed the graduates. The subject of Dr. Robinson's address was "The Importance in America of Religious Education."

FIGHT FOR REPEAL OF NATIONAL ORIGINS CLAUSE LOST IN SENATE

To Be Resumed at Regular Congress Session, Nye Says (Jewish Daily Bulletin)

Washington, June 14—The fight for the repeal of the national origins law was lost in the Senate yesterday by a vote of 43 to 37.

Pursuant to the Presidential proclamation, the law will go into effect on July 1. The vote was taken on the motion of Senator Nye to take up for consideration the bill for the repeal of the national origins law which was previously rejected by the Senate Immigration Committee.

Following the vote, Senator Nye announced his intention of continuing the fight at the next regular session of Congress which will convene in December. The fight will be dropped for the rest of the present special session. He expressed confidence that considering the narrow margin by which his resolution was defeated, repeal will be ultimately carried during the next regular session, if determined efforts are made between now and then by the opponents of the national origins to arouse sentiment against the plan. He, together with others, will devote himself from now on to arousing such sentiment, he said.

The closing debate preceding the vote favoring the repeal was led by Senator Walsh of Massachusetts, who made a warm speech in favor of repealing the national origins plan, and Senator Norbeck of South Dakota. With disposition of this much disputed issue no further immigration questions are expected to be raised during the present special session. However, the storm clouds which have already gathered during this session definitely point to the strong efforts which will undoubtedly be launched during the regular session for the registration of aliens.

KAMINEFF LIKELY SOVIET AMBASSADOR TO LONDON

(Jewish Telegraphic Agency)

JEWISH EDUCATION ASS'N ANNOUNCES PRIZES

Prizes to the best pupils of the Talmud Torahs and other Jewish schools will be awarded this year by the Jewish Education Association, Saumel Rottenberg, Vice-President of the Association and chairman of the Committee on Prizes, announced in a letter to the principals of those schools. Prizes will be awarded to pupils for attendance records and high ratings, rating in effort, conduct and progress.

A prize will also go to all schools with a register of 75 or more.

LEAGUE COUNCIL COM-PROMISES ON MINORITIES PROTECTION PROCEDURE

Averts Controversy by Increase of Council Members and More Publicity for Minorities Grievances

(Jewish Telegraphic Agency)

Madrid, June 14—The Council of the League of Nations, in session here, faced with the problem of making real the protection of the rights of the national minorities, one of the League's functions, reached a compromise and averted what threatened to be a serious difference of opinion which might have affected the prestige of the League in Europe.

Following several private sessions when the report of the Committee of Three was considered, the Council, without acrimony but rather with something approaching enthusiasm, adopted the compromise offered by Baron Mineichito Adatchi, Japanese delegate and one of the Committee of Three. The original report of the Committee of Three, consisting of Sir Austin Chamberlain, Baron Adatchi and Senor Quinones de Leon, recommended to the Council to reject the plan sponsored by Senator Raoul Dandurand of Canada and Foreign Minister Siresemann of Germany to give the minorities more direct access to the League Council in the presentation of their grievances and to assure speedy and public handling of the problems.

Under the compromise, the Council agreed to empower its president, in exceptional cases, to increase the membership of the sub-committee to investigate minorities' complaints from three to four. Under the same plan more frequent meetings to deal with the minorities' grievances are to be held by the committee and the publication of the major part of its decisions, thus providing greater publicity, is to be insisted upon. In six points of a minor nature, the procedure was changed by the compromise. No decision was taken on the other proposals, their sponsors being free to bring the matter up at a later date.

Senator Dandurand of Canada recommended the acceptance of the Adatchi compromise plan, although admitting that it did not go nearly so far as he would like to have seen it. Dr. Stresemann went on record as accepting the Adatchi plan merely in the character of a temporary substitute for some plan whereby minorities either would have direct access to the Council with their grievances or a plan whereby any complaining minority should be guaranteed a representative present wherever its complaint came up. Nicholas Titulescu, former Foreign Minister of Roumania, August Zaleski, Polish Foreign Minister, and Sir George Grahame, British Ambassador to Belgium, all endorsed Baron Adatchi's proposal.

Nicholas Titulescu, in endorsing the compromise stated that his acceptance is based on the understanding that the principles set forth in the London report of the Committee of Three have been recognized. The Council advised

try and the Jewish schools may benefit from this fund. The government, however, is unable to undertake the maintenance of the minority schools since the public schools maintained by the government are open to all. Special teachers for religious training in the public schools for the particular group of pupils in attendance may be appointed, he stated.

To the question why the Jewish communities in Roumania receive a subsidy from the government in the amount of 10,000,000 Lei for religious purposes at a time when, in accordance with their proportion to the general population, they are entitled to an allotment of 60,000,000 Lei per annum, the Prime Minister replied: "It all depends which principle is applied, whether it is the proportion of the population, the proportion of the budget of the Jewish institutions in comparison with the budgets of other religious communities, or the principle of participation in the payment of taxes." The Prime Minister added that in this regard he expects suggestions from Roumanian Jewish leaders. He has, he said, a sincere appreciation of the constructive and valuable participation of the Jews in the development of the country.

Concerning the recent reports that the Roumanian authorities have ordered the dissolution of the local Kehillah boards in various cities, the Prime Minister denied these reports, declaring differences of opinion, leading to controversies between groups, prevail within the Jewish communities and between various Jewish leaders concerning the Kehillah problems. He hopes that the matter will enter a new stage of development after the new communities law will have been promulgated.

The Prime Minister admitted the probability that there are about 200,000 Jews in Bukovina who were not granted Roumanian citizenship and are therefore in the status of "men without a country" suffering much hardship from this. He explained, however, that this was not due to anti-Semitism. The general regulations obtaining in those districts complicate naturalization proceedings, but they are applicable to Jews and non-Jews alike. He expressed the hope that the new citizenship law will offer greater facilities for naturalization and will solve many of these problems.

The Prime Minister pointed out, not without satisfaction, that since his government is in power no anti-Semitic student disturbances occurred in Roumania. This is further proof of the maxim that freedom and order go well together. He made this statement in reply to the question whether there was any truth in the report that his government permitted the reopening of the Roumanian student organizations which were closed by the previous Liberal government. The Prime Minister admitted that this was the fact, but explained that the dissolution

taking action on this matter. August Zaleski took the same view as the representative of Poland. Due to the demand of Senator Dandurand, a large number of documents, including the minutes of all private sessions of the Council on the minorities' question, as well as the London report of the Committee of Three, was released yesterday to the press. The release of these documents constitutes an important change from the policy of strict secrecy which was adhered to before by the League Council in all matters pertaining to the minorities' question.

CHARITY REQUESTS IN WILLS PROBATED

Montefiore Home, the Home for Aged and Infirm Hebrews and the New York Guild for Jewish Blind, New York, get \$1,000 each, and the Federation for the Support of Jewish Philanthropic Societies, \$500, by the will of Julius Lichtenstein, offered for probate Tuesday, disposing of an estate of \$800,000. The testator, who was more than 80 years old, died Thursday of injuries suffered when he was struck by an automobile on June 2.

The sum of \$25,000, to be distributed among charities selected by the widow, Mrs. Leah Askin, was left by Samuel Askin, chain clothing store owner, in a will probated Tuesday.

The will of the late Rear Admiral Louis M. Josephthal disposed of personal property worth between \$600,000 and \$1,000,000. No bequests were made for charity. Ten thousand dollars for an annual trophy for the State Naval Militia to be known as the Josephthal Trophy were provided.

of the students organizations by his predecessor was a reactionary measure. "When we permitted the student organizations to reopen we impressed upon them the fact that we will not stand for any disturbances. Our warning to the students was not a mere phrase but was earnestly meant. There actually have been no disturbances at the universities," he declared.

In parliament yesterday the Prime Minister was questioned in an interpellation introduced by the Social Democratic deputy, Pistiner. The deputy inquired whether the Prime Minister stands by his statement made to the Jewish Telegraphic Agency director that only private minority schools will be subsidized by the government and that the government will not undertake to maintain public schools for the national minorities pupils, as is provided in the Constitu-

British Colonial Office, is contained in the current issue of the magazine.

The main difficulty in the way of the Zionist Congress ratifying the Agency pact, writes the "Near East and India Magazine," is the unwillingness of non-Zionists to accept the provision that should one of the parties withdraw from the Council of the Agency the Zionist Organization automatically reassumes the responsibilities. Further, the non-Zionists wish that the Agency executives be transferred to Palestine, which European Zionists regard as tending to reduce the Zionist movement to a Palestine philanthropy, the magazine writes.

A very possible sharp divergence of views of European and American Jews on the Jewish Agency, is seen by the writer of the article. Since America will provide most of the new money, from the American Jewish viewpoint it is only right that the new views will be very fully and sympathetically considered. However, if they go to impossible lengths in damaging the Zionist ideal, manifestly the plan for the Agency will break down and the Zionist Organization will resume its role as the representative of the Jewish people, the British magazine declares.
