VIENNA UNIVERSITY WILL STAMP OUT ANTI-SEMITES' TERROR, DEAN DECLARES

Will Take Action Against Hakenkreuz Members

(Jewish Telegraphic Agency)

Vienna, June 18—The anti-Jewish disturbances of the Hakenkreuz students has reached an intolerable stage and the University authorities are determined to put an end to them, the University dean declared at a press conference held at the University.

"It is impossible to further tolerate the terror methods of the Hakenkreuz members, who provoke acts of violence against the Zionist students who behave correctly, interfering with the studies of the great majority of the University students. The authorities have decided to energetically curb the restless elements and to accord full protection to the studious youth," he said.

35% OF EMPLOYEES IN PUBLIC WORKS TO BE JEWS

(Jewish Telegraphic Agency)

Jerusalem, June 18—Greater opportunities of employment for Palestine Jews will be available soon, according to plans formulated by the Palestine government, states a report in the Hebrew daily, "Ha-Aretz."

The plans concern the public works contemplated by the government in various parts of the country and have particular reference to the construction of the Haifa harbor. Of the number of workers who will be employed, 35% is to be reserved for Jews. Two quarrying groups will be organized in the Haifa harbor construction work, a Jewish and a non-Jewish group. This will be in the nature of an experiment. It was stated that the Zionist Executive proposed the allocation of 50% for Jewish labor.

ROUMANIAN STATESMEN AND LEADERS DECLARE THEIR VIEWS ON CURRENT JEWISH QUESTIONS

Equality and Economic Opportunity Are Established Facts, Anti-Semitic Disturbances Not to Be Tolerated Any More, They Declare to Jacob Landau; Forthcoming Recognition as Minority Creates Interest; J. T. A. Director Feted by Journalists

(Jewish Telegraphic Agency)

Bucharest, June 18—The views held by the statesmen and leaders of present-day Roumania on the Jewish question in the country and the various phases of the general situation as it affects the Jews, were presented in interviews and audiences granted to Jacob Landau, Managing Director of the Jewish Telegraphic Agency, during his stay here.

That the Jews of Roumania enjoy full equality before the law, accompanied by equal economic opportunities, was the opinion of Georgehe Buzdugan, jurist and a member of the Roumanian Regency Council, which governs the country during the minority of King Mihai. In an audience granted to Mr. Landau, the member of the Regency Council described the situation of the Jews of Roumania and their relation to the other parts of the population.

"There are, of course, many Jews in the country who have to carry on a difficult fight for their existence. I value the Jews as capable and industrious people. They are doubtless a valuable part of the population. The Roumanian people are tolerant and good natured folk. The incidents at the universities are of an inconsequen-

tial nature and do not deserve the attention given them. Such incidents occur in Hungary, in Austria and in Poland. In general, however, the Jews fare very well in our country and a number of the most important commercial and industrial enterprises are in their hands," Buzdugan stated.

"The best proof of this is the fact that following the world war tens of thousands of Jews from Russia and partly from Galicia came to Roumania and remained here," he continued. "I have many friends among the Jews. I have particular high esteem for Aristide Blank, the banker who is a remarkable personality, a man with a big heart and a philanthropist. The beneficence of his late father and his love for humanity are well known. I likewise am acquainted with a number of outstanding jurists, such as Filderman, Rosenthal and Valerian Birnberg, who are a credit to our bar and courts. The same may be said of other members of the Jewish community such as Oscar Kaufmann and the Berkovitz brothers," he stated. The member of the Regency Council also expressed his warm sympathy for the Zionist movement and his sincere appreciation of it.

In addition to the member of the Regency Council and Prime Minister Maniu, Mr. Landau visited a number of Roumanian political leaders, including representatives of the Liberal and Peasant parties.

Vintila Bratianu in an interview with Mr. Landau dealt specifically with the (Continued on Page 4)

TURBULENT MEETING HELD IN PARIS TO PROTEST AGAINST LEMBERG EVENTS

5,000 Present; Many Protest Against Speakers' Utterances

(Jewish Telegraphic Agency)

Paris, June 18—Turbulent scenes marked the proceedings of a meeting held here last night to protest against the anti-Jewish riots in Lemberg, Poland, on June 3.

Five thousand persons were present at the meeting which was addressed by Prof. Victor Basch, president of the League of Human Rights, Abbe Violet and Georges Pioch, noted French journalist.

Many in the audience protested against the utterances of the speakers. Prof. Basch traced the history of the anti-Semitic movement in Poland. Abbe Violet appealed to the Catholic youth to combat anti-Semitism and M. Pioch severely rebuked the Polish government. He stated that before the war the French people idealized the Poles but now they are bitterly disappointed.

M. Caillaux and Malvy Langevin, who were scheduled to speak, were not present.

25% CUT IN PALESTINE BUDGETS DUE TO INADE- QUATE INCOME FROM U.P.A.

Cut to Become Effective July 1st Upon Advice of U. S. Leaders

(Jewish Telegraphic Agency)

Jerusalem, June 18—A drastic cut to the extent of 25% in the budgets of all Zionist activities in Palestine, including the Hadassah medical work, was said to be contemplated as the result of advice received here from American Zionist leaders.

The cut in the budgets to become effective July 1 and is to be in force until the end of the financial year. The reason given for this step was said to be the inadequate income this year derived from the United Palestine Appeal collections in the United States. The measure will bring about a grave disarrangement in all Zionist activities in Palestine, it is feared.

GRAPHOLOGY IS LATEST STUNT EMPLOYED IN ANTI- SEMITES' PROPAGANDA

Claim Jews' Handwriting Distinctive;
Indicates Characteristics Ascribed
to Race

(Jewish Telegraphic Agency)

Berlin, June 18—Graphology is the latest fad in the anti-Semitic propaganda, judging by the prominence given in the German anti-Semitic press to assertions made by Hans Jacoby, said to be a graphologist, a Jew who specialized in the handwriting of Jews.

According to the claims of this "expert" all Jews have a handwriting peculiar to the race, no matter what script or language is employed. It is said to be distinct from the handwriting of Germans in particular and Norwegians in general. The handwriting of Jews has the character of Ahavser, the Wandering Jew, "of a restless and nomadic people, with the habits of blatant proclamation of feelings, abstract thought, lack of understanding of state needs, unrestrained lust for power, desire for financial domination and a revolutionary, state destroying impulse." The "expert" further asserts that the handwriting of Jewish women and children shows similar peculiarities.

In expounding this theory Jacoby gives what he describes as an analysis of the handwriting of famous members of the Jewish race. The handwriting of Karl Marx, he says, "is a master example of the Jewish lack of spirituality, an inner lack of conviction, crampedness and instability."

Ground for the new building of the Hebrew Children's Home will be broken on Sunday at Grand Concourse and 25th Street, it was announced at a meeting of the building fund committee held at the Park Royal Hotel, New York.

Of the \$500,000 fund required, \$85,000 have been subscribed.

LEMBERG PROFANATION LIBEL RENEWS BOYCOTT AGITATION

(Jewish Telegraphic Agency)

Warsaw, June 18—The Lemberg profanation libel, disproven and discredited by the authorities, has offered a new pretext for the national democratic press to renew its agitation for an anti-Jewish boycott in the economic field.

The party organs here gave wide publicity to a resolution adopted at a meeting of the Christian Working Youth Association, which voiced "a protest against the perfidious Jewish provocation against the Catholic religion," and sounded a warning to the Jewish population not to "attempt further provocation of the religious feelings of the Polish Catholics."

The resolution urged "the entire people to abstain from making purchases from Jewish merchants, giving preference to Christian manufacturers and traders."

JUDEA INDUSTRIAL CORP. SUES PAPER FOR \$400,000 FOR LIBEL

Libel suits against the editor and the publishers of the American Jewish magazine "The Vanguard," Zionist laborite, published in New York, were filed by the officers and directors of the Judea Industrial Corporation of New York, the parent body of the Judea Insurance Co., Ltd., of Jerusalem, and the Judea Life Insurance Company of New York, claiming a total amount of \$400,000 for damages said to have been caused the corporation by the publication of matter contained in the May 1929 issue of "The Vanguard."

The suits were filed, according to a report in the June issue of "The Vanguard," by Judge Jacob S. Strahl, Max Fanwick, Jacob Ish-Kishor and Samuel Mason, respectively president, vice-president, secretary and managing director of the Judea Industrial Corporation. The suits were filed individually, each of the four asking \$100,000 for damages suffered. Proceedings were also directed against the printers of the magazine, Up-to-Date Printing Company, Isaac Zaar, member of the staff of the "Jewish Morning Journal," is editor of the monthly.

In its May issue "The Vanguard" published what purported to be a report of a suit instituted by Alex Freilich, a shareholder and representing other shareholders, against the officers and directors of the company. "The Vanguard" in reporting the inauguration of the proceedings against it, declared that it "did not look for such a fight," but "since it has been started, 'we are frank to say that we welcome it.'"

"Jewish public opinion must be thoroughly satisfied that the noble national ideal is exploited for the good of Eretz Israel only," is at issue according to "The Vanguard."

New gifts to hospitals announced by the Jewish Research Foundation brought the total to \$1,235,000. A gift of \$50,000 goes to Southern Hospitals and \$30,000 to assist in a survey of Negro health under the auspices of Tennessee, Fisk University and the U. S. Public Health Service.

PROPOSE HADASSAH BECOME HEALTH DEPT. OF EXECUTIVE

(Jewish Telegraphic Agency)

Jerusalem, June 18—With the coming into existence of the extended Jewish Agency for Palestine, the Hadassah organization, which is carrying on medical and health work in the country with the aid of American Zionist women, is to be transformed into the health department of the Zionist Executive, according to a proposal formulated here.

The "Ha'Aretz" reports today that a proposal to this effect will be submitted to the forthcoming Zionist Congress in Zurich. When adopted by the Congress it will need ratification by the Hadassah convention, which meets in Atlantic City in September.

EINSTEIN'S VIEWS ON WAR DISAGREE WITH CENSOR'S

(Jewish Telegraphic Agency)

Prague, June 18—The views on war held by Prof. Albert Einstein are apparently not in agreement with the views of the Czechoslovakian censorship.

The pacifist organ "Wahrheit" published here in German, devoted an issue to a symposium of opinions by prominent personalities on the question of their attitude should war break out again. Einstein's reply, as well as those of others, did not pass the censor. Blank spaces indicated the expurgated replies.

PLAN INTERNATIONAL HOME FOR WOMEN EMIGRANTS

(Jewish Telegraphic Agency)

Danzig, June 18—An international home to shelter women emigrants who pass through here unaccompanied on their journeys overseas will be established here with the cooperation of Jewish, Catholic and Protestant women's societies.

This was decided upon at a joint conference just concluded here. It was found that the house of shelter was necessary to combat white slavery.

\$45,000 RAISED FOR TORONTO U. P. A. AT DRIVE OPENING

(Jewish Daily Bulletin)

Toronto, Can., June 18—The Toronto United Palestine Appeal inaugurated its campaign Sunday evening at a banquet held at the New Royal York Hotel. Fifteen hundred guests were present. The sum of \$45,000 was raised.

A. J. Frieman, president Zionist Organization of Canada; Dr. Jacob Sonderling, and Nahum Sokolow, were the speakers. Mr. Sokolow stated that in a recent interview with President Hoover of the United States, the President offered suggestions in matters relating to irrigation in Palestine.

The Hebrew Theological College of Chicago is now conducting a \$50,000 campaign for the erection of a library to house the collection of its volumes in Judaica and cognate learning. The campaign was launched at a dinner given by Barner Balaban, Rabbi Saul Silver, President of the Hebrew College, and Harry M. Fisher, addressed the gathering. Mr. Balaban pledged \$25,000.

Reorganization and New Propaganda
to Be Major Topics of Sessions

The readjustment of the Zionist Organization of America to the new situation in Jewish life will be one of the principal problems before the thirty-second annual convention of the Zionist Organization which will be held in Detroit, Mich., beginning June 30, according to an outline agenda of the convention issued by national headquarters.

Several hundreds of delegates will assemble at the Hotel Statler in Detroit for what is regarded as one of the most important gatherings held in the history of the Zionist movement in America. During the past several months a Committee on Inquiry, appointed by the national executive committee of the Organization, has been studying the various problems which face the Zionist Organization as a result of the approaching extension of the Jewish Agency. The findings of this committee will provide the basis for the discussion of the new methods that are to be adopted in the educational, cultural and propaganda work of the Zionists.

It has been the general opinion of Zionist leaders that with the division of responsibility for Palestine rebuilding work, that the Zionist movement should be able to devote itself to a greater extent to that phase of its ac-

JEWS IMPLORE POLISH PRESIDENT TO LOWER TAXES

(Jewish Telegraphic Agency)

Lutzk, Poland, June 18—A petition to Ignacy Moscicki, president of the Polish Republic, to lighten the burden of taxation which rests heavily on the Jewish middle classes was voiced by a delegation of the Lutzk Jewish population when it welcomed the president on his visit here.

The president is now on a tour of the Polish part of Volyn, where he is meeting with enthusiastic receptions by the general and the Jewish population.

The Lutzk delegation implored the president to look into the taxation question which makes the existence of many Jewish groups intolerable. The president asked that a memorandum be submitted to him concerning the matter. He visited the historic synagogue here and received from the hands of a rabbi's delegation a Holy Scroll as the gift of the Jewish community.

SEPHARDIC COMMUNITY LOSES SUIT AGAINST ROUMANIAN ACADEMY

Value of Currency Mentioned in Will
of Jewish Philanthropist Disputed
(Jewish Telegraphic Agency)

Vienna, June 18—Currency mentioned in the terms of a will making a bequest to a charitable or communal institution is the point of dispute between the Sephardic community of Vienna and the Roumanian Academy of Sciences. The fight which just came up in the civil court here, was lost by the Sephardic community but will be taken to a higher court.

The question involves a bequest made in the will of the late Jewish philanthropist and millionaire, Elias, who appointed the Roumanian Academy of Sciences as executors of his will, which contained the provision that the executors pay to the Sephardic temple in Vienna an annual amount of 10,000 Kronen and to the Sephardic school an annual sum of 15,000 Kronen. The Academy offered to make payment at the value of the old Krone, which would be the value of one Austrian schilling, the present currency. The Sephardic community instituted proceedings against the Roumanian Academy, asking for payment for the past three years, since the will became effective, an amount of 65,000 schillings.

The civil court rendered a decision rejecting the claim of the Sephardic community, declaring that only a physical person and not a judicial person may claim payment at revaluation rates.

PLAN TO EMPLOY JEWS ON WHITE RUSSIAN RAILWAYS

(Jewish Telegraphic Agency)

Moscow, June 18—Plans for giving a large number of Jews employment on the White Russian railways have been formulated by the White Russian railway commissariat. Jews will be employed as workers and also as officials.

Particular attention will be given to increasing the number of Jewish students in the technical railway schools where they will be qualified for the work. Training as engineers will also be given, it is announced. Very few Jews are now employed on the railways in White Russia.

Moscow, June 18—Mrs. Estelle M. Sternberger, executive secretary of the National Council of Jewish Women in the United States, arrived here. Mrs. Sternberger is proceeding on a tour of the Jewish colonies.

VANDERVELDE TO ADDRESS POLISH ZIONIST CONFERENCE

(Jewish Telegraphic Agency)

Warsaw, June 18—Emile Vandervelde, Belgian statesman and socialist leader, will be the principal speaker at a Zionist labor conference which will be opened here on June 22 under the slogan: "For working Palestine."

Mr. Vandervelde came to Warsaw at the invitation of the Polish Socialist Party.

internal situation and the policies pursued by the various Jewish groups in the country. He was not in favor of a national Jewish policy in the country, the former Prime Minister said. He sharply criticized the local politics of the Roumanian Zionists, saying: "From a general humanitarian point of view I understand and appreciate the Zionist movement. I realize why Jews support a movement which aims to settle in Palestine those who cannot find sufficient means of livelihood in their home countries. However, I would be accused of anti-Semitism were I to advise the Jews to emigrate to Palestine. Only a few Roumanian Jews have gone there. The majority desire to remain in the country. It is therefore necessary for them to pursue a Roumanian and not a Zionist policy. When the Zionists come to the Roumanian parliament they run into the danger of any day being reminded to go to Palestine," he said.

"I cannot conceive why Roumanian Jews do not prefer, as do western European Jews, to regard themselves as Roumanians of the Jewish faith," the former Prime Minister continued. "The Jewish leaders in Old Roumania are in agreement with this view, while the Zionists are erecting unnecessary walls between themselves and the Roumanian citizenry, making their position more difficult and reducing their possibilities for an equal political and economic participation in the life of the country. I respect the talents, the diligence and the practicality of the Jews and I regret to see them pursue a policy which increases the field of disagreement with their environment. This prevents their adaptation as the Roumanian people will see in them not citizens of Roumania but of other countries," he said.

Former Government Member Duca stated in an interview with Mr. Landau that all Roumanian parties are against anti-Semitism as a policy and resent the occurrence of anti-Jewish excesses. The result of the Oradea Mare excesses brought about a sound reaction on the part of the Roumanian public which has definitely turned against those who organized the excesses. Cuza and his party have lost their influence considerably. Virtually they are no longer important, having no following to speak of, he said.

Duca further inquired of Mr. Landau concerning Palestine, displaying a lively interest in Palestine and Zionism.

Minister of Foreign Affairs Mironescu, in an interview with Mr. Landau, stated that he was satisfied that the position of the Jew in Roumania is stabilizing. "Our government will prevent any anti-Semitic disturbances in the universities or on the railways. The Jewish population will not be exposed to mistreatment in the future since the government is determined to energetically continue the present policy."

Mr. Landau was the guest of honor at a banquet given by Roumanian

HEBREW UNIVERSITY STARTS SUMMER PROGRAM

The American Advisory Committee announces that the summer term of the Hebrew University opened on Sunday, May 12th. The Faculty of Humanities, until now holding sessions in the city proper, has been moved to Mount Scopus. Professor S. Klein, who has been on leave since the academic year 1926-27, is returning to occupy the Chair on Palestinianology.

Professor Louis Ginzberg of the Jewish Theological Seminary of New York and Mrs. Ginzberg left Palestine on May 10th after spending the winter in Jerusalem, where Professor Ginzberg lectured at the Hebrew University on "The Evolution of the Halacha" and "Relations Between the Halacha of Yerushalmi and Babil."

Announcement is made by the Hebrew University that Mr. George Hyman of New York has been appointed Assistant Registrar. Mr. Hyman is a graduate of Columbia University, and was a special student in the Jewish Theological Seminary in New York. Besides his duties at the University, Mr. Hyman is engaged on a piece of research for the International Institute of Education of Teachers' College, Columbia University.

An Organization of University Workers has been formed at the Hebrew University, and held its first meeting on May 12th. The Organization includes besides the office and library staffs, the laborers engaged in the construction of the new buildings. Dr. Judah L. Magnes, the Chancellor of the Hebrew University, and Dr. Hugo Bergmann, the Director of the Hebrew National and University Library, were the guests of honor at the first meeting. Representatives of the Workers' Federation of Palestine, and workers in national and communal institutions, as well as representatives of the Students' Organization of the University were also present.

Julian J. Obermann of the Jewish Institute of Religion in New York gave two lectures at the University.

journalists before his departure. Among those present were Mr. Stoika, editor of the Roumanian telegraphic agency, Rador; the president of the Journalists' Syndicate, Joneacu, and representatives of the newspapers, "Cuventul," "Adeverul" and "Dimineata." There were also present representatives of the Jewish press, including the newspapers "Egalitatea," "Curierul Israelitei" and others.

The entire Roumanian press devoted front page space to Mr. Landau's interview with Prime Minister Maniu. The statement contained in the interview that the Jewish population of Roumania will be recognized as a Jewish minority enjoying equal rights with the majority population attracted wide and favorable comment. Similar interest was displayed by the minority organs. The correspondents of the Austrian, Hungarian and Polish newspapers telegraphed lengthy accounts of the interview which was the talk of the day in Roumania.

tivities which had been neglected during the past eight years, when Zionists concentrated on providing the budget for Palestine rebuilding.

At the present time a similar inquiry is being conducted by the World Zionist Organization, and the problem of Zionist reorganization will be discussed at the Congress. "Although it is recognized by Zionist leaders that the motive power for Palestine reconstruction work will have to continue to emanate from the Zionist constituency, it is felt that a new type of propaganda will have to be employed which will take into account the larger sphere of influence of the Zionist movement," a statement from Zionist headquarters declares.

Another of the issues that will come up for action before the Detroit Zionist convention is the increase of membership dues in the Organization. According to a decision of the national executive committee it will be recommended to the convention that dues be raised in order to provide the organization with larger revenue for cultural and educational work.

The convention will also consider a new constitution for the Zionist Organization. The convention in Pittsburgh last year voted for the appointment of a special constitutional committee, which has been meeting throughout the past twelve months. Its report includes a number of administrative changes of great importance for the general structure of the Organization.

The Detroit meeting will also discuss the various problems that will be presented at the Zurich Congress. Among these will be the extension of the Jewish Agency, the structure of the Agency, the program of Palestine rebuilding, and coordination between the various Zionist institutions.
