## GOVERNMENT INFORMS PAL- ESTINE JEWS IT WILL PERMIT BUILDING AT WAILING WALL

Bases Decision on Legal Opinion of  
Crown Officers

(Jewish Telegraphic Agency)

Jerusalem, July 24—The Palestine government will permit the Moslem religious authorities to carry out their building plans near the Western Wall of the Temple, commonly known as the Wailing Wall, the District Commissioner of Jerusalem has informed Rabbi A. J. Kook, Palestine Chief Rabbi.

In this communication, the District Commissioner declares that after receiving the legal opinion of the officers of the Crown, the government has decided not to object to the reconstruction, by the Moslems, of the Wall, south of the Wailing Wall, on condition that it is rebuilt to the extent of its former height. The government will likewise not object to the proposed opening which is now being made in this wall, provided that there will be no incursion, through this opening, into the pavement near the Wailing Wall, during the customary hours of Jewish worship there.

London, July 24—The Jewish Telegraphic Agency here learns, following inquiries at the Zionist Executive and the Colonial Office, that the decision of the Palestine government does not rest on the advice of the members of the Privy Council. The Palestine government probably has consulted its own law officers and is acting upon their advice.

## FAMOUS SURGEONS VISIT WARSAW JEWISH HOSPITAL

(Jewish Telegraphic Agency)

Warsaw, July 24—Members of the 7th International Surgeons Conference in session here interrupted the proceeding to pay a visit to the Warsaw Jewish hospital which is considered one of the best medical institutions in Eastern Europe.

The surgeons were particularly eager to witness the performance of rare operations by Dr. Aaron Solowitchik, who specializes in removal of cancer of the throat, growth of wild flesh on the brain, and tubercular kidneys.

The visiting surgeons expressed admiration for the work of the hospital

## JEWISH NATIONAL FUND OPENS SPECIAL CONFERENCE IN ZURICH

Delegates Approve Plan to Seek  
\$5,000,000 for Land Purchase  
in Two Years

(Jewish Telegraphic Agency)

Zurich, July 24—A program of work for the Jewish National Fund, Zionist land purchasing agency in Palestine, was submitted and approved at a special national fund conference opened here, prior to the first session of the 16th Zionist Congress.

An amount of at least £1,000,000, to be raised and expended during the coming two years, will be sought, according to a decision of the conference, which was opened by M. M. Ussischkin, head of the Jewish National Fund.

Mr. Ussischkin described the land purchase conditions in Palestine and stated that a danger has arisen recently through the organization of Arab groups formed for the purpose of buying land in Palestine. The purchase of land is now the outstanding problem. Although it is necessary to obtain government land, no miracles are expected. Land is necessary for the establishment of new settlements in the old colonies as well as to purchase the Gaza region. Purchases are

## EXCLUDE DISCOVERER OF NEW TUBERCULOSIS CURE FROM MEDICAL SOCIETY

Now That Method Is Recognized,  
Name of Jewish Physician Sup-  
pressed in German Press

(Jewish Telegraphic Agency)

Berlin, July 24—The triumph of a Jewish physician who suffered hard ships including expulsion from the Medical Society in the process of finding a new cure for tuberculosis is described by Deputy Moses, member of the Reichstag, and official physician of that body.

Dr. Max Gerson of Bielefeld, the Jewish physician whose new method of curing tuberculosis through diet was recognized a short time ago by the Berlin Medical Society, following approval given to him by the famous Sauerbruch clinic, was engaged in experimenting with this method for many years. He was denounced by his non-Jewish colleagues as a quack and was excluded from the medical association. Deputy Moses now relates. Dr. Gerson for many years, despite his poverty, continued to carry on his research work. Now that his discovery has received recognition, the German nationalist press suppresses his name, giving credit only to the Sauerbruch clinic. "It is high time, Deputy Moses declared, "that the entire world learned that Dr. Max Gerson was the unknown soldier of German science."

## JEWISH REGIONS SIMILAR TO THOSE OF UKRAINE MAY BE ESTABLISHED IN CRIMEA

Unification Made Possible by Decree  
Permitting Land Exchange

(Jewish Telegraphic Agency)

Moscow, July 24—Jewish regions in Crimea, similar to those established in the Ukraine, are now an eventuality to be anticipated, according to announcements made here. The possibility arises out of a decision of the Crimean Land Commissariat granting the Comzet, governmental department for settling Jews on the land, the right to exchange land with the government agricultural units now lying between the Jewish colonies in Crimea. Until now, Jewish regions in Crimea, long advocated by the Comzet, were impossible, because the colonies were split. The unifying venture is further made practicable through a new grant of ninety-five thousand hectares of land which can be used for exchange purposes. Fifty thousand hectares are already under Comzet jurisdiction, and preparations are under way to start settlements of Jews in 1930. The Agrojoint is digging wells there.

Hope is also laid on the land reform now going on in Crimea whereby the land taken from the Kulaks is being given to the Jews, thus supplying additional exchange possibilities. J. Golde, a member of the Comzet, has left for Crimea, in connection with this decision, to which great importance is attached.

Moscow, July 24—The praesidium of the Zik has decided to rename the city and region of Trotsky in the Leningrad district to Krasnogvardeisk and Krasnogvardieskiy.

## WOMEN'S ZIONIST BODY OPENS ZURICH SESSION

(Jewish Telegraphic Agency)

Zurich, July 24—Lady Samuel, the wife of Sir Herbert Samuel, opened the session of the Women's International Zionist Organization in the presence of 60 delegates, representing 21 countries.

Lady Samuel was chosen honorary chairman of the conference.

The Women's International Zionist Organization, which is organized along lines parallel to the World Zionist Organization, carries on specific pieces of work in Palestine in the field of education, particularly of women. Mrs. L. Freiman, of Ottawa, Canada, was given an ovation when she reported that the Canadian Hadassah and W. I. Z. O. maintained independently a girl's farm at Nahalal.

The sessions were addressed by Miss Henrietta Szold, Felix Rosenbleuth, Dr. Eder, and others.

### CONGRESS SUPPORTS ROU- MANIAN LEADERS' PROTEST AGAINST RELIGIOUS LAW

The Administrative Committee of the American Jewish Congress, acting on the request of the United Roumanian Jews of America and several other affiliated organizations has called the attention of the Roumanian Minister at Washington to the threatened wrong with which the Jews of Roumania are faced in the proposed enactment of a law which would break up the unity and undermine the authority of the Jewish communities in Roumania, it was announced by Bernard G. Richards, Executive Director.

In the communication sent on the subject it was pointed out that the proposed new legislation would tend to mar the better relations between all elements of the population in Roumania.

In the reply received yesterday from the representative of the Roumanian Government, the American Jewish Congress was assured that its representations on the subject would be given immediate attention.

It was announced also that a special committee of the American Jewish Congress which will go abroad will confer with European leaders about Jewish conditions in Europe and will take steps to enlarge the Geneva Bureau of the Council of Minorities, is made up of the following: Morris Weinberg, Chairman, Dr. Stephen S. Wise, Major Julius I. Peyser, Morris Dlugasch, Abraham Goldberg and Joseph Weiss.

The Jewish Daily Bulletin is requested to state that the news story in its issue of July 22 entitled: "Roumanian Jews here protest new religious law" is not in line with the spirit of the decision taken at the meeting of the United Roumanian Jews.

It is informed there was really no question of a protest but merely a friendly intervention with Prime Minister Maniu, to find a solution which will satisfy the Jewish needs.

### ORDER JOINS PROTEST AGAINST RELIGIOUS PERSECUTIONS IN RUSSIA

**Endorses Jewish Agency; Urges Peace  
Between Congress and Committee**  
(Jewish Daily Bulletin)

Philadelphia, July 24—That the Progressive Order of the West, whose membership is centered in the Middle West and West, will seek to extend its activities to the Eastern section of the country, was indicated here today at the final session of the 26th convention, when the delegates passed a resolution to have the Order seek an insurance license in New York State. The ways and means of achieving this were referred to the Executive Board. The Order at present has a special license to operate in Syracuse and has members in that city, and in New Jersey.

The delegates unanimously adopted a resolution strongly condemning the anti-religious activities of the "Yevsektsia" in Russia, and urging the American government to use its influence to have the acts of persecution cease. The resolution introduced by William H. Goldman, of St. Louis, is as follows:

"Whereas, over two million of our co-religionists in Russia are subject to the most outrageous interference in their religious belief and are deprived of every principle of religious freedom through the activities of the 'Yevsektsia,' who are preventing by force and other illegitimate means the practice of Judaism and Jewish religion; particularly that concerning the Jewish youth, who is compelled to be brought up in ignorance of Jewish traditions and learning; therefore,

"Be it resolved, that we, in convention assembled, solemnly protest against such intolerable and inhuman treatment of Jews in Russia, and join with other organizations in their mighty protest against such unbearable discrimination and mistreatment.

"Resolved, further, that a copy of this resolution be sent to the Secretary of State and the Chairmen of the Foreign Affairs Committees of the Senate and House of Representatives."

Another resolution adopted, urged the consolidation of the American Jewish Congress and the American Jewish Committee to promote "a united Jewry." It was stated by the sponsors of this resolution that in the event the negotiations now under way between the two bodies fail to materialize satisfactorily, the Order will continue its financial support to the Congress as in the past.

The Jewish Agency was endorsed and greater stimulus for Zionist activity among members, urged. The chairman of the Order's Committee on Jewish Activities was requested to give special attention to Zionist endeavor.

The convention voted financial and moral support to the Hias, Ort and Home's Tool Campaign and Denver Home for Jewish Children. The amount of financial support will be

determined by the incoming Executive Board.

A membership campaign was voted. A motion calling for construction of "center buildings" in various cities was defeated.

That the Order may eventually undertake construction of a sanatorium for its tubercular members was indicated by a resolution which was passed. A committee of five is to be appointed to work out plans for practical assistance and care for tubercular members, and this committee is to report back its findings, for action, to the 1931 convention, which the members voted, is to take place in Fort Worth, Texas. Louis Jaffie, of Chicago, headed the Resolutions Committee.

The matter of providing a contingency fund for the Grand Master, which brought about an acrimonious discussion, was revived, but Grand Master Joseph Schiller refused to consider the motion and forthwith adjourned the session.

Mr. Schiller, a resident of Chicago, was unanimously re-elected to his office, and other grand officers elected are:

1st Vice Grand Master, I. D. Goldberg, St. Louis; 2nd Vice Grand Master, J. D. Barnett, Chicago; 3rd, Morris Stein, Philadelphia; 4th, Samuel Fortas, Memphis, Tenn.; 5th, J. Jacobs, Fort Worth, Tex.; 6th, Samuel Maurer, New York; 7th, Jacob Zuckerman, Cleveland, O.; 8th, A. N. Marks, Kansas City; 9th, S. D. Frey, Syracuse, N. Y.; (no tenth on ballot); 11th, G. Hament, Baltimore; 12th, Joseph Kosakofsky, Shreveport, La.

Morris Shapiro, of St. Louis, was unanimously re-elected Grand Secretary, and the following were also re-elected: Grand Treasurer, Sol Goldman, St. Louis; Grand Beneficiary Treasurer, William H. Goldman, St. Louis; Grand Counsellor, Louis Jaffie, Chicago; and Committee on Finance, Max Gallant, Max Novack and M. I. Robbins, all of St. Louis.

# HIAS PLEADS FOR NEW SUPPORT FOR EMIGRANT WORK HERE AND ABROAD

President Calls Attention to Importance of New European Agreement

An appeal to American Jews to extend further support to the immigrant welfare work in the United States and abroad was issued by Abraham Herman, president of the Hebrew Sheltering and Immigrant Aid Society, in a statement announcing the agreement for three years signed by representatives of the Hias, Ica and Emig-dreht.

"All who are conversant with the story of Jewish migration in the years following the war and the effect upon it by the restriction of immigration into the United States, cannot place too high an estimate upon the work which has been done on behalf of Jewish migrants everywhere by the combined efforts of the three greatest Jewish immigrant aid organizations with which a large number of local bodies are affiliated. Not only has duplication of activities been avoided but the fusion has also made it possible for the work to be carried on on a much larger scale, reaching every one of the new immigration countries. As a result, the foundation for constructive development of new Jewish centers in Central and South American Republics has been laid and contacts have been established with Australia, South Africa and other countries in which possibilities for large Jewish immigration exists.—The decision of the conference in Paris to extend the agreement between the three organizations for another three years is the best evidence of the harmonious co-operation existing between them and which naturally reacts most favorably upon the lot of the unhappy Jewish wanderers," Mr. Herman said.

"The ratification of the decision of the Paris conference," he stated, "is dependent upon the support which American Jewry will give to Hias. Hias has no reserve funds and under the most favorable circumstances it is dependent as the saying goes, 'from hand to mouth.' With such limited means, it is very difficult indeed to develop a proper program of activities for three years and to commit itself to the obligations of the next three years.

"Not only does not Hias possess at present the funds that will be necessary in the very near future, but it is already facing now a deficit which threatens to increase as the months go by. The condition of the Jewish wanderers is more desperate than heretofore. While the number of Jewish immigrants who can come to this country is limited, the number of those who must leave their native countries is very large. The beneficent activities of the Hias combination cannot be over-estimated. In order that the work may be continued and be extended, it is absolutely urgent that American Jews who have at all times been ready to aid in the saving of their brethren shall immediately respond by generous contributions."

## J. D. B. NEWS LETTER

### Near-Eastern Notes

By J. T. A. Correspondents

Jerusalem, July 11—The referendum among the members of the two principal labor parties "Achdut Avodah" and "Hapoel Hazeir" in regard to their amalgamation is nearing completion. That the results of the referendum will be favorable to the union is clear, the proposal having been approved at conferences which took place in May and June, when a common platform was worked out.

A group of non-partisan laborites was formed in Tel Aviv, among whom are men prominent in the artistic and literary life of the country. They have issued an appeal to all unaffiliated workers to join the united Labor party.

All but the final count of the election returns for delegates to the 16th Zionist Congress showed a majority for the Labor Party, which this year placed a united ballot before the voters.

There were nine other lists, namely the Mizrahi, Revisionists, Yemenite Labor, Yemenite National Organization, Mizrahi Hatzair, Craftsmen, Democrat Zionists, and National Citizens Party.

Of the 25,599 votes counted, Labor received (together with Yemenites) 15,937 votes, Mizrahi 2,742, Revisionists 2,552, General Zionists 1,215, Democrat Zionists, 1,023, Yemenites 988, National Citizens Party 1,133, Mizrahi Hatzair 183, Craftsmen 159.

Beirut, July 11—Separation of the Christian majorities in Beirut and the Lebanon from the Moslem majorities of Damascus, Homs, Aleppo and Alexandretta, is being urged by unofficial French sources here, who say that the Moslem state, with its capital at Damascus, should be a constitutional monarchy under a Moslem prince, while the Lebanon should continue a republic with a Christian president.

Candidates for the Damascus throne are not lacking. The latest is the Prince Adil Ben Ayad who, it is claimed, is held in such respect in the Moslem world, that all parties would accept him. A "Frenchman," he is descended from the ancient Arab line of the Ommyyades. An ancestor of his was ambassador-extraordinary from the Bey of Tunis to Louis Philippe. His grandfather was naturalized as a Frenchman under Napoleon III, obtaining in recognition for the services rendered France, the medal of Grand Officer of the Legion of Honor. His mother, Princess Roukiah Fazil of Egypt, is the direct descendant of the great Mehmed Ali of Egypt. His wife is the niece of King Fuad of Egypt.

## FUR STRIKE IN NEW YORK CONCLUDED AS FEW OBEY CALL End of Strike Viewed as Collapse of Communism in Industry

The Needle Trade Workers' Industrial Union, made up of the Communist element that for a time controlled the cloak and suit and fur trades, has called off the fur strike it ordered June 11. Of the 10,000 in the industry, not more than 100 had quit their jobs.

The decision to end the strike came after a meeting of the Strike Committee in Webster Hall, where Joseph Boruchowitz, general manager of the union, said it had been deemed best to permit unemployed furriers to seek work. Strikes against individual shops, he said, might be called from time to time.

Charles Stetsky, general manager of the International Fur Workers' Union, affiliated with the American Federation of Labor, against which the strike was actually directed, hailed the decision as the formal end of Communist influence in the industry.

"Ben Gold, Aaron Gross and the rest of the wrecking crew now admit that the Communists no longer are a factor in the industry," he said. "The clean-up is complete. It is a matter of congratulation that so few honest furriers were misled or coerced into abandoning their jobs. At all times we had the situation well in hand."

Leaders of the Communist group partly blame the police for the complete collapse of their strike, several saying in the meeting that it was impossible "to beat the bosses, the Federation and the police working together."

Edward F. McGrady, who with Matthew Woll and Hugh Frawley of the American Federation of Labor, was assigned to clear up the Communist situation in the furrier's organization, predicted that the Communist organization will now crumble.

When asked why he aspired to the Syrian throne, had said that his Syrian friends think he is the only one fit to reign over Syria, where "monarchy is absolutely indispensable."

"This unhappy country, which during so many years was so badly treated by the Turks, suffered cruelly during the War," the prince who would be king is reported to have said. "It needs peace and tranquillity to heal the wounds and restore its wealth. Only a monarchy can give the Syrians this calm and tranquillity."

"France has done much for Syria. She must fulfill her mandate and then a treaty should be made between the two countries. Agitators for self-governing institutions are inciting Syrians against France and encouraging rebellion. If one day my ambitions are realized, I shall use every effort to make them love generous France, to which I am proud to belong."

"Aims which lead to progress in Syria will find in me a firm supporter. I want to bring happiness and justice to these people," the prince said.

## JEWISH NATIONAL FUND OPENS SPECIAL CONFERENCE IN ZURICH

(Continued from Page 1)

also necessary in the vicinities of the Rutenberg and Novomejsky concessions, he said.

About 100 delegates are in attendance. The presidium chosen consists of Mr. Ussischkin, Dr. Stephen S. Wise, Rabbi Meyer Berlin, Miss Henrietta Szold, Moses Wilkansky, Leib Jaffe and Mrs. Lillian Freiman of Ottawa. Mrs. Freiman was given an ovation when Mr. Ussischkin declared that the Palestine land problem would have been solved had the Zionist movement twenty Freimans within its ranks. The Freimans were instrumental in securing Canadian Jewry's pledge of \$1,000,000 for land purchase.

A lengthy discussion developed following the submission of Mr. Ussischkin's report. The Right and Left wings were divided on whether or not the purchase of land as private property in large areas is desirable from a general Palestinian point of view. The Labor delegate, Harzfeld, contended that large land purchases by individuals, mentioning Lord Melchett and others, were not desirable, as even large modern states are opposed to private land owners.

Rabbi Berlin defended the opposite point of view, declaring that any purchase of land by Jews in Palestine constitutes a redemption of the land.

Miss Szold, Mr. Wilkansky, Mr. Schen of London, participating in the discussion, Mr. Ussischkin argued in a spirit of compromise between the contending parties. Jewish land purchases by individuals are not to be frowned upon although National Fund purchases are to be preferred. He pointed out that only in the possessions of the Jewish National Fund is the land secured as the inalienable property of the Jewish people, while land privately purchased and owned may be inherited even by children who desert the faith of their fathers.

## LITHUANIA DECORATES JUDGE AARON J. LEVY

The Order of Gedeminas, Grand Duke of Lithuania, third class decoration, has been conferred on Supreme Court Justice Aaron J. Levy by the Republic of Lithuania.

The decoration, an elaborate gold cross and ribbon, which was sent to Justice Levy by the Lithuanian Consul General in behalf of his government, was accompanied by a proclamation signed by President Smetona and Premier Waldemaras, which recited that the decoration had been voted by the Lithuanian Parliament for meritorious services in connection with the recognition of Lithuania by the United States government.
