PRELIMINARY WORK ON CONSTRUCTION OF HAIFA BAY HARBOR BEGUN

**Engineers' Statement Describes Plans;
Expect Work to Be Completed
in Three Years**

(Jewish Telegraphic Agency)

Jerusalem, Aug. 22—Preliminary operations on the construction of the Haifa harbor were started. It is expected that the work will be completed within three years, declares a statement issued by engineers Rendel, Palmer and Tritton, with whose consultation the Palestine government is constructing the harbor.

The two principal features will be the construction of breakwaters requiring a million tons of rock, and the dredging of two million cubic yards of sand in deepening the harbor and reclaiming the strip of land along the shore. The rock will be obtained from neighboring quarries.

Haifa was chosen for the harbor due to its potential value in serving the extensive hinterland of Transjordan and beyond, forming the best outlet to the sea by rail communication, the statement declares. Steamers are now forced to anchor half a mile offshore and lighters are employed to transport cargo and passengers to the jetty. This resulted in considerable losses in time and materials.

The breakwater will stretch about one and a half miles, parallel with the town front and will offer accommodation to two or three steamers as well as a number of lighters.

Complete railway and road facilities will be provided. The reclaimed strip of land will be utilized as follows: ten acres for coal storage and the remaining fifty-five acres for the expansion of business quarter of the city.

To meet the increasing tourist traffic an area near the harbor entrance will be deepened and moorings provided to enable 30,000 ton liners to safely enter the harbor and permit the passengers to disembark within the shelter of the breakwaters.

During last season 31 liners bringing more than 9,000 tourists called at the Haifa harbor.

COMMUNISTS AROUSED OVER HUNGER STRIKER'S DEATH

(Jewish Telegraphic Agency)

Moscow, Aug. 22—The death of Chaya Lipshitz, 25-year-old Communist of Kishineff, who died in the Clausenberg jail last week after a hunger strike of 42 days, has aroused Communists here. "The Soviet press here proclaims her 'the second victim of the Roumanian White Terror,' the first being Max Goldstein, who died in 1924 after a hunger strike of 62 days.

The Soviet press urges a workers' protest in connection with the death of Chaya Lipshitz.

ARABS PERPETRATE NEW ATTACKS ON JEWS IN JERUSALEM; AMERICAN AMONG VICTIMS

Zionist Executive Warns Against Further Demonstrations and Independent Action; Calmer Mood Necessary to Solve Problem, Says Acting High Commissioner; Has Nothing More to Add; Protest Demonstrations Planned in New York

(Jewish Telegraphic Agency)

Jerusalem, Aug. 22—Abraham Rosenbaum, a United States citizen, 80 years old, was among the victims of new Arab attacks on Jewish worshippers at the Wailing Wall, which occurred late Wednesday afternoon.

On his way to the Jewish place of worship, Mr. Rosenbaum was overwhelmed by a group of Arabs, who beat him and pulled his hair.

Five other Jewish residents of Jerusalem were assaulted during the day. A Jewish young man was stabbed near Talpith, Jerusalem suburb. A Jewish hospital nurse was among the victims in the Old City.

Jerusalem, Aug. 22—Abstention from independent action and the holding of further demonstrations by the Jews of Palestine was demanded in a cable despatched by the London Zionist Executive to the Zionist Executive here, conveying the assurance of the British government that it fully appreciates the deplorable character of the events of last Friday when the Arab demonstration descended upon the Wailing Wall area, which was followed by a series of attacks.

The London Zionist Executive further declares that it is anticipated that emphatic instructions will be sent by the London government to the governor of Palestine for energetic measures to be taken to safeguard the Jewish position at the Wailing Wall. The holding of further demonstrations and independent action by other organizations in Palestine may render more difficult the efforts of the Zionist Organization to obtain a satisfactory solution of the whole problem, the cablegram stated.

Jerusalem, Aug. 22—Acting High Commissioner Luke, in a written reply to the joint memorandum of the Jerusalem Zionist Executive and other Jewish organizations submitted to him during their interview on Sunday, declared

MANDELSTAMM, REVOLUTIONARY LEADER, DIES

(Jewish Telegraphic Agency)

Moscow, Aug. 22—Alexander Mandelstamm, revolutionary leader, known by the name Odyssey, died when he fell from a bridge. He was 51 years old.

Mandelstamm was imprisoned four times during the Czaristic regime and was also exiled to Siberia. Lately he was the editor of a Communist Russian daily, "Krestyanskaya Gazeta."

that he has nothing to add to what he had said during the interview.

At that time he stated first that the official communique of the government to which the Jewish delegation took exception was composed on the ground of the information then available, secondly, that the Jewish demands concerning the Wailing Wall will be given consideration and, thirdly, that it is necessary that a calmer mood prevail, otherwise the solution of the problem will be impossible.

The Palestine Arab Executive, anti-Zionist body, submitted a protest memorandum to the Palestine government for permitting the demonstration of Jewish youth before the Wailing Wall on Tisha B'ab, August 15. The executive asked the government to prosecute the Jerusalem Hebrew daily, "Doar Ha'yom," of which Vladimir Jabotinsky.

COMZET RULES SEASONAL SETTLERS WILL FORFEIT LAND IN JEWISH COLONIES

Agrojoint Chief Agronomist Lauds Decision of Soviet Government Agency

(Jewish Telegraphic Agency)

Moscow, Aug. 22—Those Jewish colonists who come to their land only during the season to cultivate it, living in the small towns for the rest of the year, will lose their fields, according to a decision of the Comzet, governmental department for Jewish land settlement.

Beginning October 1, the Comzet will institute strict control and will take away the land from those who do not reside on it continuously.

George Lubarsky, chief agronomist of the Agrojoint, praised the Comzet decision in an interview with the Jewish Telegraphic Agency correspondent. The colonists who reside partly in the colonies and partly in the small towns are menacing the normality of Jewish colonization and are not utilizing fully the land assigned to them, which could be utilized with better results by Jews desiring to settle in the colonies, staying there the whole year.

The Comzet overruled the suggestions of J. Larin in rejecting his project to include in the Jewish colonization plan the Taman Peninsula in the Kuban region, near Crimea.

Moscow, Aug. 22—An aeroplane to be named Bidjan will be built through Jewish contributions. A fund to secure the contributions was begun today.

**LEHMAN SEES NEW PEACE
ERA IN CLOTHING INDUSTRY**

Less strikes, more arbitration in disputes between employer and employee in the cloak and suit industry, setting an example to be followed by other trades, was predicted by Lieutenant-Governor Herbert H. Lehman.

Speaking at a luncheon Wednesday at the Ritz-Carlton Hotel, given in honor of Raymond W. Ingersoll, impartial Chairman, by the four factories, the first of its kind to be attended by representatives of the unions and the three employers' groups, the Lieutenant Governor, who was largely instrumental in settling the recent strike in the industry, forecast the beginning of a new era of sympathy and understanding, and the elimination of sweat shop conditions.

Lieutenant Governor Lehman lauded the services to the industry of Mr. Ingersoll, declaring the industry fortunate in having a man of his tact, imagination and vision as its impartial chairman.

Mr. Ingersoll sailed last night for Paris, whence he will go to Geneva as a representative of the Foyer du Soldat.

**SEEK CLOTHES FOR ELLIS
ISLAND IMMIGRANTS**

An appeal for an immediate supply of clothing needed for the men, women, and children detained at Ellis Island, was made by the National Council of Jewish Women through its department of Immigrant Aid and Education. Mrs. Maurice L. Goldman, National Chairman of the Department, stated that this appeal is made on the basis of a report from its Social Service representative at Ellis Island.

**MRS. STERNBERGER REPORTS
ON RUSSIAN JEWISH COLONIES**

Conditions in the Jewish colonies in Crimea as she observed them were described by Mrs. Estelle M. Sternberger, Executive Secretary of the National Council of Jewish Women, in a report to David A. Brown, national chairman of the United Jewish Campaign, upon her return from abroad where she visited Poland and Russia to study Jewish conditions. On her tour of the Jewish colonies Mrs. Sternberger was accompanied by agriculturists from the staff of the Agrojoint, the agency of the American Jewish Joint Distribution Committee.

"The colonists I saw in those places," Mrs. Sternberger says in her report, "were in striking contrast to the spirit of the Jews in the cities, where they are experiencing much difficulty in adjusting themselves to the new economic conditions. Accustomed to occupations allowing wide latitude for initiative, they are now compelled to accommodate themselves to occupations in which they are mere cogs."

"The despair for the future of the Jew in Russia, which this spectacle in the large cities arouses, is quickly dispelled when one tours the colonies. There the Jews move about with an air of freedom. They go about their tasks with zest and energy. They are not intimidated by the strain of physical labor, but exert their utmost strength in an atmosphere of independence. They feel that they are partners in the task of developing the riches and resources of agricultural Russia."

"Though millions of dollars have already been expended, many more millions are required to make it possible for the Joint Distribution Committee to give the colonists something more than tools and land. They must be aided in their aspirations for establishing schools and synagogues to assist them in living a well-rounded and happy religious, social and communal life," Mrs. Sternberger declared.

While in Warsaw, Mrs. Sternberger visited the Jewish School for Nursing, the only one in Europe, which was established there by the Joint Distribution Committee under the direction of Miss Amelia Greenwald of New York, and spent two days at the institution to familiarize herself with its workings. "I was gratified," she says, "to find it an institution which any American metropolitan city would prize. It is unbelievable that so much could have been accomplished with such meagre resources and facilities. The school can indeed be regarded as one of the most outstanding and enduring services of the Joint Distribution Committee to East European Jewry. I am confident that the influence of the school will extend far beyond the limits of Poland and Warsaw."

Rabbi Julius Frank, rabbi emeritus of the Temple Ohel Shalom, Reading, Pa., died of heart trouble, aged 67 years.

Rabbi Frank went to Reading on May 2, 1897. In 1916 he was chairman of an investigating committee of the general citizens' committee that looked after the welfare of the families of the men on the Mexican border.

**WALDEMARAS FETES U. S.
JEWISH DELEGATION**

(Jewish Telegraphic Agency)

Kovno, Aug. 22—A luncheon in honor of the delegation headed by Judge William M. Lewis of Philadelphia, representing the Federation of American Jews of Lithuanian Descent, was given by Prime Minister Waldeмарas. Prominent local Jewish leaders were present.

Jewish problems of Lithuania were discussed for three hours. A huge mass meeting was held last night, addressed by the members of the delegation, who left here to return to the United States.

**DR. S. BERNSTEIN, ZIONIST
EDITOR, SAILS FOR PALESTINE**

Dr. S. Bernstein, editor of "Dos Yiddishe Folk," Yiddish organ of the Zionist Organization of America, sailed for Palestine on the steamer Aquitania. He will remain abroad six weeks.

During his stay in Palestine, Dr. Bernstein was entrusted with the special mission of making arrangements with the Zionist Executive in Jerusalem by which American relatives may facilitate the entry of prospective Jewish immigrants to Palestine, even though they are not classified under the labor schedule or under the category of persons with means. This could be accomplished by a guarantee of the American relatives that the immigrants will receive a minimum amount for their livelihood. This is of special importance in the case of parents and elderly persons who are receiving support from America in the countries where they now reside and are desirous of settling in the Holy Land. Proposals to this effect have been made on previous occasions, but Dr. Bernstein was given the task to bring about a final agreement on the matter.

Before his departure, Dr. Bernstein was the guest of honor at a luncheon on this occasion under the auspices of members of the Administrative Committee of the Zionist Organization of America and a group of Hebrew and Yiddish writers. Harry Fierst acted as toastmaster.

**LEO M. GLASSMAN
RETURNS FROM RUSSIA**

Leo M. Glassman, a member of the staff of the Jewish Telegraphic Agency, returned to New York following a year's stay in Moscow.

Mr. Glassman was the Moscow correspondent of the Jewish Telegraphic Agency in Russia for that period. Previously he was associated with the editorial office of the "Jewish Daily Bulletin" in New York.

After the efforts of the American Embassy in Berlin had failed, Congressman Sol Bloom of New York succeeded in having the manager of the Kleines Theatre on the Unter den Linden remove two huge American flags which had been used to advertise a play entitled "Wet or Dry." The play was a satire on American life and the American flags were part of a theatre-front display during its run of three months.

Mr. Bloom showed the manager his card as a member of the House Foreign Relations Committee and explained that the display of the American flags for advertising purposes would be considered insulting to the national emblem in the United States.

JEWISH COMMUNISTS CAMPAIGN AGAINST HIGH HOLIDAY OBSERVANCE

Proclaim Second Day of Rosh Hashanah "Jewish Industrialization Day"
(Jewish Telegraphic Agency)

Moscow, Aug. 22—An intensive campaign against the observance of the Jewish High Holidays, beginning this year on October 5th, is under way under the leadership of the Jewish section of the Communist party.

"Red Rosh Hashanah" and "Red Kol Nidre Night" will be features of the campaign, which is designed to wean the Jewish working masses away from observing the traditional Jewish holidays. The original plan of declaring the Day of Atonement, October 15, as a compulsory day of labor for the Jewish workers, who are to give their day's earnings for the industrialization of the Jewish masses, was abandoned but a voluntary "Jewish industrialization day" will be proclaimed on the second day of Rosh Hashanah, October 6.

A decision to this effect was reached last night at a conference between Jewish Communist leaders and representatives of artisans' and workers' organizations in Moscow. After heated discussions, it was decided that the observance of the industrialization day by working is to be voluntary and that the earnings are to be given by the workers towards the fund required for the construction of a Soviet aeroplane to be named Bidjan. The Jewish section of the Communist party plans to carry out a registration of Jewish workers in the various factories and of the Jewish artisans, thus checking up on those who will not participate in the industrialization work.

JEWISH BOY SCOUTS TO CROSS SAHARA BY MOTOR

(Jewish Telegraphic Agency)

Paris, Aug. 22—Robert Gamzon and Michael Aghion, Jewish boy scouts, left here today for Northern Africa where they plan to cross the Sahara Desert by automobile. Their itinerary includes Tunis, Algeria and Morocco, and they expect to cover 8,000 kilometers.

GERMAN PRINCE FINED FOR ANTI-SEMITIC SLUR

(Jewish Telegraphic Agency)

Berlin, Aug. 22—Prince Lippe was fined three hundred marks by the court of Glogau for contempt of court. The prince addressed a message to the Glogau court president saying, "I congratulate you on your forthcoming appointment as president of the supreme court of Jerusalem."

Louis V. Aronson, of Newark, N. J., announced that he would contribute \$25,000 toward clearing the \$100,000 indebtedness on the Abraham, upon the condition that the balance of \$75,000 is raised. The announcement was made at a bon voyage dinner which a number of his friends tendered Mr. Aronson at the Presses Club before his departure for Europe. Upon this announcement the guests subscribed an additional \$22,000, leaving the balance of \$53,000 to be obtained.

J. D. B. NEWS LETTER

Denver Hospital Convention Opposes Information Service on National Appeals

By Our Denver Correspondent

Denver, Col., Aug. 22—Disapproval of the program of the National Appeals Information Service "to pass on the worthiness of all national philanthropic agencies making national appeals" featured the sessions of the twenty-fifth annual convention of the Jewish Consumptives' Relief Society held at the Brown Palace Hotel here. Over two hundred delegates attended the sessions.

The resolution on the National Appeals Information Service, which was unanimously adopted, read:

"Whereas a body of social workers organized under the auspices of the National Conference of Jewish Social Service as the National Appeals Information Service is attempting not only to pass on the worthiness of all national philanthropic agencies but to determine their policies, budgets and expansion program, and,

"Whereas the plans of the National Appeals Information Service have been drafted without consultation with representatives of the national agencies and, in consequence, their exclusion from the deliberations;

"Whereas the proposed plans constitute a loss of autonomy of the various national organizations and would place them in control of individuals not possessing the requisite training and experience in these specialized fields, and,

"Whereas the national budgeting scheme proposed by the National Appeals Information Service is a hazardous experiment which would cause irreparable injury to the national organizations, there, be it

"Resolved that the members of the Jewish Consumptives' Relief Society in convention assembled disapprove of the proposed plans of the National Appeals Information Service to control the policies or budget of our organization;

"Resolved that the Board of Trustees of the Jewish Consumptives' Relief Society are hereby empowered to use their best endeavors to counteract any plans to curtail or alter the traditional policies, functions or methods of fund raising of the Jewish Consumptives' Relief Society which in their opinion they deem necessary to the welfare of our patients;

"Resolved that the Jewish Consumptives' Relief Society is heartily in favor of coordinating the activities of the respective national anti-tuberculosis agencies but is firmly convinced that this can only be brought about in due time by concerted action of the respective organizations on their own initiative and without coercion, expressed or implied, by outside sources."

Dedication of the \$30,000 Texas Women's Pavilion was held in connection with the convention. Greetings from the office of the governor of

TUTTLE AIDS RABBIS' GROUP IN PROBLEM OF DESERTED WOMEN

Pledges Co-operation to Federation of Orthodox Rabbis

The office of the United States District Attorney will gladly cooperate with the Federation of Orthodox Rabbis of America, with headquarters at 198 E. Broadway, New York, in helping to solve the problem of Jewish women who were deserted by their husbands.

The matter is particularly acute in the cases of hundreds of Jewish women who reside in Europe and whose husbands have been lost track of in the United States. In addition to their economic plight because they have received no support for themselves and their children, these women cannot remarry, as they belong to the category known in Jewish religious law as "Agunoth," women whose husbands' whereabouts are not known. The problem of these women can be solved only by ascertaining the death of their husbands or by finding them and compelling them to give their deserted wives a formal divorce.

There are thousands of such women in Eastern Europe. The Rabbinate offices in various countries maintain special departments for the gathering of information about the lost husbands. These rabbinical offices are in touch with rabbinical offices in the United States, including the Federation of Orthodox Rabbis of America which maintains a special Agunoth Bureau. This bureau frequently invokes the aid of the authorities to compel missing husbands that have been found to fulfill their duty to the wives they deserted. In this connection the office of the District Attorney has been greatly helpful of late.

Mr. Tuttle, receiving a delegation of the Federation of Orthodox Rabbis, composed of Rabbi M. Eskolsky and Rabbi Neuman, assured them that his office would continue to cooperate with the rabbis in this social problem. Assistant U. S. Attorneys George Minzer and Edward Silver reported to Mr. Tuttle on hundreds of such cases disposed of.

HEBREW CHAIR AT BEIRUT AMERICAN UNIVERSITY

(Jewish Telegraphic Agency)

Jerusalem, Aug. 22—A chair for the study of the Hebrew language will be included in the School of Philology and History of the American University at Beirut this year.

The chair will be occupied by a Syrian Arab who is now completing a course with Prof. Horowitz at Frankfurt, Germany.

ADLER AND ROSENBERG SAIL FOR AMERICA

(Jewish Telegraphic Agency)

Paris, Aug. 22—Dr. Cyrus Adler and James N. Rosenberg left here today. They will sail on the Olympic for New York on their return from the Zurich Jewish Agency Council sessions.

J. D. B. NEWS LETTER

(Continued from Page 3)

Colorado, from Mayor B. F. Stapleton Ben Grimes, Dr. L. I. Miller, S. G. Rosenthal, I. Rude, and Henry Schwartz.

Plans were outlined for a financial campaign to raise \$50,000 for construction of a new kitchen and dining room at the sanatorium.

The history of the institution was traced. It began with a donation of \$500 of Denver; and from Joel E. Stone, district attorney of Jefferson county, the location of the institution, marked the opening of the meeting.

Rabbi David Lefkowitz of Dallas, Tex., presided over the dedicatory exercises. Speakers included Rabbi M. Faber, Tyler, Tex.; Dr. E. Friedman, Denver; Mrs. L. B. Rosenberg, Dallas; Edgar G. Goldberg, Houston; H. J. Schwartz, Denver; Harry Sigel, Dallas; and Rabbi Henry Barnston, Houston.

The x-ray department, provided by the Atlantic City, N. J., auxiliary was dedicated. An address was delivered by Mrs. Florence Shapiro, its president. The patients', ex-patients', and employee's tablet for equipping one floor of the hospital in memory of Dr. A. C. Spivak, its founder, was dedicated by A. Balayti, secretary to the superintendent. Dr. Lewis I. Miller dedicated the endowed rooms, beds, and windows.

Dr. Phillip Hillkowitz, president of the organization, presided over the business meeting.

New trustees elected as D. H. Krohn, \$1.10, and first consisted of six tents. Now it represents an investment of \$100,000 and houses more than 300 patients.

Plans were discussed considering the construction of a sanatorium in Orange county, N. Y., to aid patients from that section of the country.

Dr. A. S. Taussig, chairman of the medical advisory board, reported on the medical work going on at the sanatorium. He urged that an endowment be established to make possible original research by the institution.

Others who tendered reports of work accomplished were Ben Grimes, treasurer; S. G. Rosenthal, chairman of finance; H. J. Schwartz, building; D. H. Krohn, house committee; H. H. Frumess, industrial rehabilitation; Hyman Robinson, agriculture; Mrs. I. J. Kolinsky, instruction and recreation; Dr. Friedman, admission and dismissal; and Henry Rosen, executive director of the institution.

Roumanian Government's Communities Law Is an Imposition on Jews, Filderman Declares

Paris, Aug. 22—"What right has a Christian, government member or ordinary citizen, to say how many cults we Jews are allowed to have," stated Dr. William Filderman, discussing the recently promulgated Jewish communities ordinance enacted notwithstanding the protests of Jewish leaders in Roumania, in an interview with a representative of the Jewish Telegraphic Agency, on his arrival here from Zu-

rich. "If it is admitted that a minister can make a law then there is no more independence and no longer religious freedom left. One minister will today pass an excellent law and another will pass a bad one tomorrow. Religion will then be in the hands of the government, becoming a pawn in every minister's game. The same minister who decides that an infinite number of Jewish cults can exist and that for each cult an infinite number of communities will be established, soon after completely changed his decision, declaring that Jews are entitled to only three cults, without the power to constitute more than one community for each. It is being said that in England and America, Jews are entitled to constitute all the congregations they wish. While in America, the church and state are separated, the Roumanian church forms part of the constitutional system.

"The government member takes liberties with us which he would not take with other religious communities, therefore we claim that the Peace Treaties and the constitution have been violated, that religious freedom no longer exists in Roumania, and that we became religious slaves, at the desire of this or that other government member.

"Besides, how can the fact be explained otherwise that Jews unanimously protested, that all political parties in Roumania, the Liberals, the Socialists, the peasants, the Germans and Hungarian parties, as well as the press, protested against the Communities law. How can it be explained that certain deputies of the government party itself, also protested against the law? The statement that the Sephardic community and the Union of Synagogues asked for the law is only a brave attempt to bolster up the lie. The Union of Synagogues not only did not ask for the law, but associated itself with our protest, signing it. The Sephardim did not ask for anything when the law was published. They simply wrote that the law did not affect them, without approving of the law insofar as it concerns us. The Orthodox communities through their president, protested against the law. However, the Roumanian minister of education claimed to have a petition signed by 300 people. I believe that the signatures were false. Even if it is true, is it right to pass a law for 300 people when there are a million opposing it? It is not democracy but reaction.

"It is untrue that the majority in Jewish life in Roumania wish to oppress the minority. On the contrary, our statutes provide that the communities are obliged to satisfy the religious needs of every minority," Dr. Filderman declared.

Mayer S. Polloch, of Pottstown, Pa., died at the age of 68. He was a charter member of the Mercy of Truth Congregation of Pottstown. He gave a home for Jewish charity work in Atlantic City.

AMERICAN AMONG THE VICTIMS OF NEW ARAB ATTACKS IN JERUSALEM

(Continued from Page 1)

is the editor, for instigating the demonstration.

Jerusalem, Aug. 22—Here is the record of the Arab assaults in Jerusalem on Tuesday.

In the morning a Yemenite beadle, a Jewish school girl, and a student of the Yeshiva Torah Chaim were attacked and beaten with sticks. The building of the Yeshiva was stoned.

In the afternoon a 60-year-old Jew was beaten and wounded in the Old City. In the evening a Jew was wounded near the Nablu gate.

On Wednesday morning a group of Jewish workers riding on bicycles toward Mount Scopus were attacked by Arab shepherds.

It is apparent that Arab agitators are spreading rumors among the Moslem population that the Jews are attacking the Arabs and that they intend "to capture the Western Wall and the Mosque of Omar."

Among those beaten by the police during the funeral of Abraham Miz-rachi, 17-year-old Bukhara Jewish youth who died of wounds inflicted by Arabs, were Rabbi Jacob Berman, Miz-rachi school inspector, and Mr. Braudo of the staff of the Zionist Executive. Two sexagenarians were among the wounded.

Steps are under way for expressing the indignation of the Jewish population in New York City at the attitude of the Palestine government in the Wailing Wall controversy which resulted in the deplorable events.

A conference was held last night at the Pennsylvania Hotel, called on the initiative of the League of Zionist Revisionists. Another conference was called by the New York Zionist Region, of which Leo Wolfsohn is chairman. Representatives of all Jewish organizations, congregations and rabbinical bodies were invited to attend the meeting on Monday, August 26, at the Hotel Pennsylvania. A large Jewish demonstration in New York is being planned.

The will of Emile Berliner, inventor of Washington, filed for probate today revealed an estate valued at more than \$1,500,000. The petition shows that the inventor owned, had estate assessed at \$112,573 and had bonds, stocks and personal property estimated at \$1,050,000.

Under the terms of the will, Mr. Berliner left \$100,000 and the property at 1464 Columbia Road Northwest, to the Bureau of Health Education. Edgar M. Berliner and Herbert S. Berliner, both of Montreal, were excluded, the inventor pointing out that they had been amply provided for. The widow and four children, Mrs. J. Sanders, Louise B. Frank, Henry A. Berliner and Alice Blatin, all of Washington, share in the residue of the estate.
