WEIZMANN POLICY FAILED, REVISIONISTS CHARGE; DEMAND RESIGNATION

Revisionist Executive Calls General Council Demands Inadequate
(Jewish Telegraphic Agency)

Paris, Sept. 16—That the policy of Dr. Chaim Weizmann and his Executive in the Zionist movement has been "clearly demonstrated a complete failure," is asserted in a statement issued by the Executive Committee of the World Union of Zionist Revisionists. The resignation of Dr. Weizmann and his committee is demanded in the statement, which declares the demands formulated by the Zionist General Council are "inadequate."

The Revisionist Union further states that it has abstained from demanding Weizmann's resignation because it was anxious to preserve Zionist unity but all proposals of the Revisionists for united action have been turned down on the ground that the Revisionists had declined to be represented on the Jewish Council.

BELGRADE SEPHARDIC COMMUNITY HEAD DIES

(Jewish Telegraphic Agency)
Belgrade, Yugoslavia, Sept. 16—Dr. Solomon Alkalay, president of the Sephardic Jewish community of Belgrade, died here today.

The late Dr. Alkalay was one of the leading gynecologists of Europe and rendered distinguished services as an army physician during the World War. He was president of the Yugoslavian section of the Sephardic World Organization and president of the Belgrade lodge of the Independent Order B'nai B'rith.

With his brother, Rabbi Alkalay, Chief Rabbi of Yugoslavia, he was a delegate to the first Zionist Congress. He had always been an active Zionist worker.

The Yugoslavian press today contains many laudatory statements on the late Dr. Alkalay.

NEW UNEASINESS IN JERUSALEM AS CURFEW IS PARTIALLY LIFTED

Jewish Agency Objects to Withdrawal of Troops Until Danger Entirely Passed
(Jewish Telegraphic Agency)

Jerusalem, Sept. 16—Considerable uneasiness is felt in Jerusalem, especially in the Old City, tonight, the first night that the curfew has been partially lifted, being extended from 6 P. M. to 9 P. M. The uneasiness is felt owing to a report that Moslems warned Christians to chalk crosses on their houses to distinguish them from Jewish houses. The police authorities have minimized these rumors.

It is understood that the Jewish Agency is making strong representations against the reduction of troops in the country before the investigation is conducted by the Commission of Inquiry and the Jewish High Holidays have passed.

Jerusalem, Sept. 16—The reorganization of the military protection brought to Palestine by the British authorities, following the outbreak of the Arab riots, has created uneasiness in certain localities.

The military authorities declared that the detachments will, from now on, be centralized at a few points, patrolling the country in mobile units instead of permanent patrols. Particular uneasiness was felt at Athlit where the Arab workers at the harbor excavation are in possession of explosive materials. The administration of the

LADY GOLLANZ SUC- CUMBS TO STROKE

(Jewish Telegraphic Agency)

London, Sept. 16—The misfortune which came to the home of Sir Herman Gollanz with the death by suicide of his son, Leonard, a week ago, remained to add to the grief of the aged rabbi and scholar. Lady Gollanz succumbed today to the stroke she suffered when she learned of her son's untimely death.

Sir Herman, who is seventy-seven years old, is lying seriously ill in a hospital. His wife's death is the third bereavement that has come to him in the last week. Several days ago his sister Emma died.

MARMAGGI, PAPAL NUNCIO, RECOGNIZES JEWISH RIGHTS TO WAILING WALL

Views, Said to Be Shared by Pope Expressed in Warsaw
(Jewish Telegraphic Agency)

Warsaw, Sept. 16—The rights of the Jews to the Wailing Wall have been declared as fully justified by historical and sentimental considerations in an interview granted to the press by Monsignor Marmaggi, Papal Nuncio here.

The Wailing Wall, he said, is the oldest historical relic of the Jewish race. The Nuncio spoke with sympathy of the Jewish work in Palestine and expressed the hope that peace will be established soon in the Holy Land which, he said, contains many places which are deeply venerated by the entire Christian world.

This interview was welcomed by the Jewish population here in view of the present situation in Palestine and particularly so since it is stated that these views are shared by the Vatican.

GRAND MUFTI SOUGHT ENTRANCE TO SYRIA DAY BEFORE PALESTINE RIOTS

Refused Visa; Purpose Either to Organize Demonstrations or Create Alibi
(Jewish Telegraphic Agency)

Jerusalem, Sept. 16—The correspondent of the Jewish Telegraphic Agency here learns that the Grand Mufti of Palestine applied for a visa to Syria the day before the riots occurred in Jerusalem. The application of the Mufti was refused by the French Consulate here owing, probably to the Mufti's participation in inciting Syrian Moslems against the French.

The object of the Mufti's frustrated mission to Syria, it is believed, was either to organize the demonstrations which occurred in Damascus and were suppressed by the French, or to establish an alibi during the disorders.

CONAN DOYLE SUES SLATER FOR £250 ADVANCED BY HIM

(Jewish Telegraphic Agency)

London, Sept. 16—A piquant quarrel whose setting is in the British courts, is now in progress between Oscar Slater, who was released recently after eighteen years imprisonment on a murder charge, and Sir Arthur Conan Doyle, one of the principal protagonists in the fight for his release during that entire period.

Conan Doyle has initiated court proceedings to recover 250 pounds from Slater. Conan Doyle guaranteed 1,000 pounds to defray the expenses of Slater's trial, 700 pounds of which were raised through subscriptions among the Jews. Despite the fact that Slater received 6,000 pounds, he has refused to pay the balance due Doyle.

AGUDATH ISRAEL CONGRESS DECIDES NOT TO JOIN JEWISH AGENCY AS LONG AS IT INCLUDES CULTURAL WORK IN ITS PROGRAM

Appeals for Limiting Agency Work to Political and Economic Questions; "Unbelieving" Zionists and Non-Zionists Rebuked

(Jewish Telegraphic Agency)

Vienna, Sept. 16—The Orthodox Jewish masses in Eastern and Central Europe insofar as they are represented by the Agudath Israel will not join the extended Jewish Agency for Palestine as long as this body will include in its program cultural and educational work in Palestine. A decision to this effect was reaffirmed by the Agudath Israel World Congress in session here at its meeting Sunday afternoon, when the matter came up. The delegates, while standing, accepted with applause the report submitted by Jacob Rosenheim of Frankfurt, one of the leaders of the Agudath Israel, containing the opinion of the Rabbinical Council, the supreme body of the organization, declaring that the Agudath Israel will not join in the extended Jewish Agency because the Agency includes in its work cultural and educational activities to which the Orthodox leaders cannot agree and which they cannot support in accordance with their religious convictions.

The resolution further declared that hitherto the Jewish Agency has taken no steps to secure the cooperation of the Agudath Israel. In view, however, of the shattering events in Palestine, the Agudath Israel Congress appeals for the last time to "our brethren of the Jewish Agency" to take into consideration the conscientious objections of the Orthodox Jewish masses and by limiting the jurisdiction of the Jewish Agency to economic and political questions, without extending support to cultural activities, enable Agudah members to participate in the economic and political tasks of the Agency. The Agudath Israel would be ready to join the Jewish Agency if it should be transformed into a neutral body on religious questions with guarantees that the religious laws will be respected. As long as this has not occurred and the Agudath Israel is outside of the Jewish Agency, the Agency cannot be regarded as representing in Palestine the Orthodox Jewish masses. At the same time the Agudath Israel considers it as a sacred religious duty to appeal to its membership to pursue and continue with devotion the work for the upbuilding of Palestine in accordance with the Commandment of Yishub Eretz Israel.

Dr. Pinchas Kohn, president of the Organization, sharply criticized the Zionists and the present form of the extended Jewish Agency, which, he said, represents "a Torah-less people and a Torah-less country." In a similar vein were the addresses of Rabbi Sankiewicz, who stated he spoke in the name of twenty-three Palestine rabbis, and of other rabbis, delegates from various countries, who arraigned the "Apikorsim" (unbelieving) Zionists and non-Zionists.

Although this resolution was passed

with what seemed to be unanimity, there were many delegates who continued to urge another approach to the question. In particular, Rabbi Neustadt appealed against "politics" in relation to Palestine and cooperation with the Agency. He was interrupted by other delegates who stated that the speaker is perhaps no Zionist, but he is also not an Agudist.

During the discussion on Palestine, Rabbis Horowitz and Blau of Jerusalem reported on the situation in Palestine. They described the Arab atrocities and read messages concerning the situation there, emphasizing that the Jewish population, without regard to group, defended Jewish honor. They laid emphasis on the need for increasing the work of the Agudath in Palestine just because it is probable that the organization will not participate in the Jewish Agency. The delegates Elrman, Wrescher and Hollaender also demanded an increase of Palestine work and urged the creation of an Agudah bank in Palestine.

The Congress also concerned itself with the question of the Agunoth, the Rabbinical Council submitting a resolution pressing its readiness to institute research into the religious law to solve the question of those women whose husbands have disappeared and who cannot remarry without a divorce or concrete evidence of the husband's death. Monday afternoon the Congress discussed organization and finance questions. The sessions are expected to be concluded Tuesday night following a discussion on the Schechita and on the question of Smichah, ordination of rabbis.

The Vienna police increased the number of guards in the Jewish quarter of Vienna where many of the delegates are stopping. During the last few nights the delegates coming home were annoyed by Hakenkreuzler.

Two night ago a group of Hakenkreuzler attacked a group of Agudah delegates, following which the police arranged for a stronger guard at the Agudath Congress. The president of the Lodz Kehillah, Minzberg, who is attending the Congress, intervened with the Polish embassy in Vienna.

FIRST CLAIM FILED FOR DEATH OF YESHIVA STUDENT

(Jewish Telegraphic Agency)

Jerusalem, Sept. 16—Steps toward filing the first claim for compensation in the death of one of the students of the Hebron Yeshiva, slain in the Arab massacre, were begun today by the father of Harry Fraumen.

The claimant, Mendel Fraumen of Chicago, arrived in Jerusalem today. His son, Harry, was a British subject, having been born in Hamilton, Ont., Canada.

ASKS EXTENSION OF TIME LIMIT TO PRESENT CLAIMS FOR LOSS IN ARAB ATTACKS

Jewish Legal Commission States One Month Time Limit Too Short
(Jewish Telegraphic Agency)

Jerusalem, Sept. 16—The one month time limit for the presentation of claims for losses suffered during the Arab outbreak is considered too short by the Jewish legal commission here and it is understood that the commission has made representations to the Attorney General for an extension of time.

It is physically impossible to lodge all claims for compensation within this period in many cases, such as those of the seriously wounded of Hebron, it is pointed out. It is understood that the government is reluctant to extend the time in order that the proceedings shall not be drawn out, but it is intimated that claims in special cases will be accepted later.

(Jewish Daily Bulletin)

Washington, Sept. 16—Paul Knabenshue, American Consul General at Jerusalem, forwarded to the State Department here an official notice of the Palestine Government specifying that claims for losses suffered in the Palestine outbreak must be filed within one month.

Claims in regard to destruction of or damage to property or as to loss of life must be made within a month from the occurrence of the loss or injury and should be addressed to A. Abramson, Commissioner of Lands, Government Offices, Jerusalem.

Application for damages should contain the following particulars:

1. Name of town, village or colony in which loss suffered.
2. Name of section or haret of town or village or colony.
3. Name of street.
4. Name of applicant in full.
5. Particulars of property destroyed or damaged or injury suffered.
6. Value of property in detail.
7. Date of destruction or damage to property or injury suffered.

The notice further states that compensation is payable only where a collective fine is levied.

The Consul General suggested that

RAID VILLAGES IN SEARCH FOR LOOT

(Jewish Telegraphic Agency)

Jerusalem, Sept. 16—A military detachment led by Harrington, superintendent of the Jerusalem police, this morning raided Teiba and other neighboring villages, searching for loot. Teiba is situated thirty kilometers north of Jerusalem and is believed to be the concentration point of Bedouins from across the Jordan, suspected as among the attackers of Atrath and other Jewish settlements.

A fight between Bedouins and military patrols in northern Palestine, near Hattin, resulted in sixteen dead and many wounded among the Arabs. They were dispersed, and cattle stolen from Jewish settlements recovered.

MANDATORY POWER'S FULL COOPERATION FOR PALESTINE PEACE AND RECONSTRUCTION WORK DEMANDED BY JEWISH LEADERS

Impressive Meeting Held in New York Sunday; Memory of Louis Marshall Honored; Warburg, Lipsky, Wise and Others Speak; British Attitude Called Vacillating; Charge Balfour Declaration Turned into Scrap of Paper by Luke; Demand Dismissal of Luke and Keith-Roach

The full cooperation of Great Britain as the Mandatory Power for Palestine in the restoration of peace and the continuation of peaceful reconstruction work in Palestine was the keynote of addresses delivered by Zionists and non-Zionists at a meeting held Sunday at Town Hall, New York City, under the auspices of the Zionist Organization of America, on the occasion of the return of the Jewish Agency leaders to the United States. The memory of Louis Marshall was honored at the meeting, where much of the proceedings were devoted to tributes to the late leader.

Two thousand were present, and about three thousand were unable to gain admittance.

Unusual interest was aroused in the meeting due to the fact that this is the first time since the Arab outrages in Palestine took place that the leaders of Zionism in America have had an opportunity to give their views to the American Jewish public. All those who spoke at the meeting were in London during that time, participating in the political negotiations with the British Government. Mr. Lipsky, Dr. Wise and Mr. Warburg returned from Europe last week.

Among others who spoke at the meeting were Herman Bernstein, who presided, Morris Rothenberg, vice-president of the Zionist Organization, Judge William M. Lewis of Philadelphia, chairman of the United Palestine Appeal, and Judge Bernard A. Rosenblatt.

During the course of the meeting, a cablegram was read from Gershon Agronsky, representative of the Zionist Organization of America in Jerusalem, which gave high praise to Paul Knabenshush, United States Consul-General in Palestine, for his cooperation with American-Jewish citizens during the riots.

In his speech opening the meeting, Mr. Bernstein paid tribute to Louis Marshall, of whom he said that "all American Israel mourns this great leader, whose death is an irreparable loss to all world Jewry." The audience then rose in memory of the departed leader.

Tragedy in Palestine Challenge to Civilization

"The tragedy that befell the Jewish people in Palestine," Mr. Bernstein said, "is a challenge to civilization. It is particularly a challenge to Great Britain, who solemnly gave the Balfour Declaration to the Jewish people and upon that basis solemnly took the Mandate over Palestine from the League of Nations, with the approval of America and the sympathetic endorsements of the American Presidents—from the great idealist, Woodrow Wilson, to the great humanitarian, Herbert Hoover."

Mr. Bernstein then introduced Morris Rothenberg, who returned on the S. S. Berengaria on Friday. In a speech which was greeted with frequent applause as he demanded the removal of a number of Palestine officials. Mr. Rothenberg said in part as follows:

"It seems unbelievable that the Jews who came into Palestine with the word Shalom (peace) on their lips, who carried out their work molesting no one, bringing health and healing into the land; who opened their hospitals, their clinics to Arab children, curing them of blinding diseases, whose doctors and nurses delivered Arab wives of their newly-born and taught Arab mothers hygienic standards in the caring of their youth; who rid the infected water supply of Palestine from fever, who caused new schools to be opened, and who enriched the Arabs through land purchases, that those Jews should have been foully murdered by those whom they aided."

"As to the Arabs, we have on every occasion both by word and deed made manifest our desire to live in peace with them. If they will not permit themselves to be led astray by selfish agitation, they will learn that, far from doing them any injury, our coming into the land will benefit them and their children."

Devoting himself to the Palestine government officials, Mr. Rothenberg demanded the removal of some of them, saying:

Demands Removal of Luke, Keith-Roach, Grand Mufti

"Those men in Palestine who have been known for years to be out of sympathy with our work no longer belong there, and ways should be found to remove them from Palestine. Keith-Roach (District Commissioner in Jerusalem) has no business in Palestine. The former Acting High Commissioner H. C. Luke has no place in the Palestine administration. At the present time they should step aside. If they are found guiltless by the Commission of Inquiry, the Jewish people will be glad to acknowledge the fact. But in the meantime they must not be allowed to taint the atmosphere of the investigation."

"I say moreover that it is nothing short of criminal that the Grand Mufti is yet permitted to exercise power."

The next speaker was Judge William M. Lewis, who returned on Friday on the S. S. George Washington, having spent some time in Palestine and then attended the Zurich Zionist Congress. He agreed with Mr. Rothenberg with respect to High Commissioner Luke, saying that "after the conversation I had with him, even if one drop of blood had not been shed in Palestine,

I would say that he was unfit to be Acting High Commissioner."

Warburg Asks Policy of Peace and Reconstruction

Felix Warburg paid tribute to the late Louis Marshall for his work in uniting Zionists and non-Zionists into the Jewish Agency for the rebuilding of Palestine. In the course of his address, Mr. Warburg said:

"This meeting is of extraordinary importance and takes on an aspect quite different from what some of us had foreseen. The homecoming members of the new Agency were to report on the happily accomplished union of all shades of Jewry for the further upbuilding of Palestine. It was expected that the outstanding figure to receive the thanks of his admirers was to have been Louis Marshall, the untiring champion of the Jewish cause. The ship on which he had planned to return has reached the port, but our beloved friend has reached his haven of rest and did not return with us as we hoped."

"We who have seen his happy smile, his satisfaction at the accomplished united front of all kinds of Jews from all kinds of countries, and we who have seen the united confidence in the arrangement which he worked out with such patience during many months, we do not complain that he has found that glorious apotheosis of a wonderful, rich life."

"But can we spare him? No. Can we do without him? We must try! Not one man nor a few can take and fill his place, but in unity is strength, and if we want to be worthy of his leadership, his ideals, his confidence, his friendship, we can only do one thing: carry on the causes that were dear to him."

"It is too bad that coinciding with his sickness, so unexpected but unavoidable, that other blow should have struck us, the terrible, cruel blow of vicious violence in Palestine. Dear Marshall, death was unavoidable. What self-sacrificing medical care could do, Dr. Libman and his colleagues and friends have done, and we thank them heartily."

Palestine Disaster Could Have Been Avoided

"The other blow could have been avoided. That danger was foreseen by many, and the parties responsible were warned, and warned us themselves. In contrast to many others, I have no ill feeling for the Arab population; the best among them feel ashamed of their agitators and as in all nationalities the good and fine are held responsible for the evil doers among them. Surely we Jews know how it feels to be blamed continuously whenever a wrong is laid at the door of one among us

HARRY GUGGENHEIM NAMED UNITED STATES AMBASSADOR TO CUBA

**Official Announcement of Appointment
Made by White House**
(Jewish Daily Bulletin)

Washington, Sept. 16—The White House announced the appointment to-day of Harry F. Guggenheim, president of the Daniel Guggenheim Fund for the Promotion of Aeronautics, to succeed Noble Brandon Judah of Chicago as Ambassador to Cuba.

Mr. Guggenheim, who is a graduate of Pembroke College, Cambridge, England, was a member of the Committee of Experts which met in Brussels in February 1927 to study the economic consequences of any limitation of air armament which would include civil aeronautics. In 1928 he served as the United States delegate on the Inter-American Commission of Commercial Aviation at the third Pan-American conference held in Washington.

The son of Daniel Guggenheim, he is President of the Daniel Guggenheim Fund for the Promotion of Aeronautics founded by his father in 1926 with a \$2,500,000 grant. The fund which has been active in almost every phase of aeronautics has given more than \$1,200,000 to various universities and engineering societies for academic instruction and for research in aeronautical problems.

Mr. Guggenheim was an official and director in several copper companies from 1913 to 1923 and from 1916 to 1923, a member of the firm of Guggenheim Brothers.

During the war he served as naval aviator in the foreign service of the United States Aviation Forces in France, England and Italy, with the rank of Lieutenant Commander. He is a member of the American Society of International Law and of the American Institute for Mining Engineers. He is forty years old.

SOVIET PROCLAIMS COLLECTIVIZATION DAY OCT. 4; COINCIDES WITH YOM KIPPUR

Jewish Section of Communist Party Urges Colonists to Be at the Tractor on Yom Kippur
(Jewish Telegraphic Agency)

Moscow, Sept. 16—While Jewish workers were urged to observe a special industrialization day on the second day of the Jewish New Year, the Jewish colonists are to observe a "collectivization day" on Yom Kippur. A proclamation of the government declared October 14 as "collectivization day" for the entire country. All workers are to be in the fields on that day.

The Jewish Section of the Communist Party, which conducts propaganda against the Jewish religion, issued a proclamation to the Jewish colonists urging the colonists "not to make any ceremonies and to be at the tractor on Yom Kippur."

Under a seven column headline: "Against God, Yom Kippur for Collectivization," the Emes, Communist Yiddish daily, devotes a full page to its anti-holiday campaign, calling for the conversion of more synagogues into workmen's clubs.

When an anti-religious demonstration with 5,000 participating took place in Kiev, a proclamation was issued declaring: "Brothers, Jews, a pogrom is being prepared in Kiev. Down with anti-Semitism. Hands off the Jews."

The proclamation was signed by the Ozet, Jewish society for land settlement. The Jewish Communists, however, maintain that the Zionists and not the Ozet issued the call, desiring to bring about clashes at the demonstration, which passed peacefully, the marchers proceeding to the Petrovsk synagogue, which they occupied with their Red banners.

Moscow, Sept. 16—Jewish workers in the shoe factory in Briansk broke up a meeting and precipitated a fight when the question of working Rosh Hashonah and Yom Kippur, the earnings to go to the Bira Bidjan fund, arose. While the factory administration remained neutral, a group of religiously inclined workers attacked the atheists.

Reports indicate that the anti-religious campaign in Russia will fail, due to the inability of the provincial Communists to organize. This is indicated even by the "Emes," Moscow Communist Yiddish daily.

ARREST ZIONISTS IN SOVIET RUSSIA

(Jewish Telegraphic Agency)

Moscow, Sept. 16—The functioning of a Zionist organization in Yevpatoria was discovered with the result that many members were arrested. The prisoners were accused of carrying on anti-Soviet activities.

Abraham Kinkin, 64 years old, was arrested and sentenced to three months in jail by the Klinzer Jewish Court for conducting a Cheder. Zusie Tusman was sentenced by the same court to a 300 rouble fine on a similar charge.

BIDJAN COLONY DENIES IT IS AFFECTED BY SINO-RUSSIAN WAR

Jewish Bank and Kassas Bankrupt in Harbin, Soviet Reports; Tense-ness Among Jews
(Jewish Telegraphic Agency)

Moscow, Sept. 16—A quieting telegram signed by ninety-three Jews, the entire colony of Amurzet in Bidjan has been received here by the Ozet in which denial is made that the Sino-Russian conflict has affected the colony.

Amurzet is so near the Manchurian border that Jewish settlers can see the Chinese. The colonists left the settlement a few days ago, fearing the warfare. Every one has now returned and is continuing the field work. "We feel calm, please do not believe rumors," the telegram states.

Moscow, Sept. 16—The Jewish bank and all Jewish kassas in Harbin are bankrupt, a Soviet report here states. The difficulties, it is declared, are due to the liquidation of the Far Eastern Bank controlled by the Soviet which supplied the Jewish kassas with credit.

Shareholders and depositors are besieging the doors of the bank for money. Tens of thousands of dollars will be lost, it is anticipated.

Nervousness and tensify pervades the Jewish community in Harbin. The Jews are afraid that pogroms are inevitable if the White Army evacuates the city before the Red Army enters. Such an eventuality is anticipated in Harbin if the Sino-Russian dispute is not settled soon.

EMERGENCY FUND TOTALS \$1,074,322

Contributions totalling \$1,074,322 have so far been received by the Palestine Emergency Fund, the headquarters of the Fund announced.

Jewish refugees numbering 8,360 are being cared for by the central relief committee in Jerusalem, until such time as the Palestine authorities can guarantee that the towns and colonies from which they fled during the Arab riots are adequately safeguarded against further outbreaks.

Col. Frederick H. Kisch informed David A. Brown, that a reconstruction committee has been set up which is functioning separately from the relief committee. One of the first projects taken up by the reconstruction committee is the provisional establishment in Jerusalem of the Hebron Yeshiva. He added that the Vaad Leumi—the Jewish National Council of Palestine—had agreed with the Emergency Fund Committee not to sanction any separate appeals for funds being made in America or elsewhere by any Palestine institution.

Mr. Brown explained that this action had been made necessary because of the large number of cables from Palestine institutions, other than those maintained by the Zionists, to the Emergency Fund Committee, for special appropriations.

LIFTA ARABS HOLD GRAND MUFTI RESPONSIBLE FOR THREATENED BANKRUPTCY

Quarrying at Standstill Due to Stop of Jewish Building; Demand Mufti Supply Money or Work
(Jewish Telegraphic Agency)

Jerusalem, Sept. 16.—The Arabs of Lifta, the first village to attack the Jews of Jerusalem, Motza and other towns, will look to the Grand Mufti to provide money or employment, according to trustworthy accounts of a meeting held on Friday.

Quarrying, which was one of Lifta's principal occupations, is at a standstill, owing to the temporary cessation of the Jewish building industry. The Lifta villagers now hold the Grand Mufti responsible for their threatened bankruptcy, he presumably having urged them to precipitate the attack.

Opposition to the Moslems of Gaza are preparing a memorandum to be submitted to the government against the head of the Moslem Supreme Council.

The Arab delegation which was to have gone to London will not proceed there until the arrival of the Commission of Inquiry, according to the Arab paper "El Carmel."

HONDURAS ARABS PROTEST "MASSACRE" OF BRETHREN

(Jewish Telegraphic Agency)
San Pedro de las, Honduras, Sept. 16.—The Sociedad Union Palestina of this city has registered its protest against the "massacres" perpetrated against the Arabs of Palestine in the following proclamation issued under the signature of its President, Jacobo D. Kattan, and Secretary, Elias C. Juya:

"In the name of justice we protest energetically against the massacre of all our Arab brethren in Palestine and we strengthen their attitude against the Jewish invasion and pretense and demand the annulment of the Balfour promise."

The protest has been forwarded to the League of Nations, Prime Minister MacDonald of England, the High Commissioner of Palestine and King Fuad of Egypt.

Mexican Jews Hold Protest Meeting
Mexico City, Sept. 16.—All Jewish organizations here participated in a mass meeting Thursday evening to protest the massacre of the Jews in Palestine.

Resolutions were adopted in which England was criticized and its laxness charged with responsibility for the occurrences.

Eight thousand persons contributed to the relief fund for the Palestine victims.

A resolution mourning the passing of Louis Marshall was adopted.

FRENCH AVIATRIX MAKES WORLD RECORD

Paris, Sept. 16.—Lina Bernstein, French aviatrix, established the world's record for light aeroplane flying, in a record flight from Istres to Cairo.

MERCHANTS ATTEMPT TO END MUTUAL ARAB JEWISH BOYCOTT

Executive to Bring in All Chazulim Holding Immigration Certificates
(Jewish Telegraphic Agency)
Jerusalem, Sept. 16.—Attempts to bring about an end to the mutual Arab-Jewish boycott are being undertaken by merchants here. A prominent Jewish merchant applied to the Zionist Executive to arrange an urgent conference on the present commercial situation in the country.

Jerusalem, Sept. 16.—The Zionist Executive has decided to bring into the country within a few weeks all Chazulim, pioneers, who are now in possession of immigration certificates. They number between seven and eight hundred. A special fund will be obtained for this purpose.

The Alliance Israelite Universelle and the Pica (Palestine Colonization Association) have suggested to their representatives here to associate themselves with the relief and reconstruction activities, the Jewish Telegraphic Agency understands.

The Jewish Colonial Trust board has authorized A. E. Hoofien, head of the Anglo-Palestine Company here, to place himself and the banks of the company at the disposal of the reconstruction committee.

42 JEWS HELD IN ACRE ON MURDER CHARGE

(Jewish Telegraphic Agency)
Jerusalem, Sept. 16.—Charged with murder by premeditated shooting, forty-four Jews have been imprisoned in the citadel of Acre, where Vladimir Jabotinsky and nineteen of his co-defendants of Jerusalem were confined in 1920. Their release on bail is impossible before a magistrate decides under which charge they shall be held.

This forty-four men were captured in the flour mill of Haifa during the riots.

They are reported to be in excellent spirits and do not complain against the ill treatment which they suffer at the hands of the wardens. They are being supplied with food by the workers of the Haifa kitchen.

PRESENTS PLANS FOR CONSOLIDATING TEL AVIV FINANCES

(Jewish Telegraphic Agency)
Tel Aviv, Sept. 16.—The full plan for consolidating the finances of Tel Aviv was presented by Acting Mayor Rokah of Tel Aviv to the Town Council last night.

The Palestine government is writing off the municipality's indebtedness of £75,000, the Palestine Executive £60,000 and the Hadassah £1,000.

The Anglo-Palestine Company is likewise cancelling £8,000 owing it in interest for a loan.

The Council will also receive a loan from the government of £40,000, to be repaid within seven years at 6½ per cent interest and a loan from the Anglo-Palestine Company of £50,000 at 6 per cent, repayable in ten years. Urgent debts of the Town Council are being discharged with these sums.

WARN SHEIKS WILL BE HELD RESPONSIBLE FOR VIOLENCE OR ROBBERY OF JEWS

"Door Ha'Yom" to Resume Publication; Two Arab Dailies Barred from Mails
(Jewish Telegraphic Agency)
Jerusalem, Sept. 16.—Sheiks of the quarters of the Old City neighboring the Jewish quarters will be held responsible for any violence or robbery against the Jews declared District Commissioner of Jerusalem, Keith-Roach, to a delegation of the Vaad Leumi, National Council of Palestine Jews.

The District Commissioner advised the Jews of the Georgian quarter, where the assault began on August 23 to return to their homes in view of the protection afforded by the police post near the Damascus Gate.

Mr. Keith-Roach said he was unable to promise patrols in other parts of the city before the arrival of the new British constables, but he undertook to break up the boycott propaganda conducted by the Arab youth in front of Jewish shops.

It is understood the "Door Ha'Yom" will probably be permitted to appear on Tuesday, following representations made by the Zionist Executive that the poem by Reuveni appeared in the paper before the editors agreed to refrain from publication of articles and other material likely to prolong the conflict.

The government barred from the mails of Palestine two provocative Arab dailies, "El Shura" and "El Ah-rar." One of the papers is published in Egypt, the other in Syria.

Dismissal of Norman Bentwich, highest Jewish official in the Palestine government, is demanded by the Arabs of Nabulus in a memorandum to the High Commissioner urging the appointment of a non-Jew in his stead. Mr. Bentwich is a member of the Government Executive Council.

TO EMPLOY JEWISH LABOR IN ROAD CONSTRUCTION

(Jewish Telegraphic Agency)
Jerusalem, Sept. 16.—Jewish labor will be employed in the construction of roads which are being undertaken by the Department of Public Works.

The Director of Public Works confirmed to the representatives of the Zionist Executive that the road north of Petach Tikvah, the Mescha-Afula Road and the Hadar Ha'Carmel Road will be constructed by Jewish labor.

CALL MEETING TO AID ARAB JEWISH CONCILIATION

(Jewish Telegraphic Agency)
Paris, Sept. 16.—"Peace in Palestine and a Jewish-Arab reconciliation" is the aim of a meeting called for Tuesday by the International Anti-anti-Semitic League, of which Prof. Albert Einstein is honorary president and Bernard Lecache, chairman.

Placards posted urge "all free men, everyone who loves Jews and Arabs" to come. Speakers will be Ferdinand Buisson, chairman of Parliament; Professor Langevin, Pierre Bonard, journalist, and Daladier, radical leader.

PROMPT POLICE ACTION PREVENTED UPRISING OF TRANSJORDANIAN TRIBES

Sheik, Seeking Mufti, Invited to Coffee at Police Station and Kept 8 Days
(Jewish Telegraphic Agency)

Jerusalem, Sept. 16—A possible uprising of the Transjordanian tribes was prevented in the early days of the Palestine disturbances by the prompt action of the Jerusalem police, according to a circumstantial account obtained by the Jewish Telegraphic Agency today from authoritative sources.

Mithgal Pasha, leading sheik of the Ben Sakhr tribe in Transjordan, accompanied by the President of the Moslem Supreme Council, Amin, and a number of other sheiks, was seen in the Old City the day the riots broke out. They were asked by a police officer whether they were bound and Mithgal Pasha said, "To see the Mufti."

Thereupon the police officer "invited" him to have coffee at the police station, where Mithgal and his party remained eight days, until the authorities considered it safe to return him to Transjordan. His son, becoming anxious, proceeded toward Amman, accompanied by 150 riders, fifty on horses and 100 on camels, demanding to know where his father was. He gave no trouble when he was told his father would be released in due course.

ASK REDOUBLED EFFORTS FOR KEREN HAYESOD

(Jewish Telegraphic Agency)

London, Sept. 16—Redoubled efforts in order that the Palestine emergency funds shall not curtail the normal contributions to the Keren Hayesod, are being undertaken. The Palestine Foundation Fund here issued the following statement today:

"The disturbances in Palestine led to spontaneous relief campaigns in numerous countries, with the result that the Keren Hayesod's own work was necessarily kept in the background. The consequences have made it imperative that the Keren Hayesod work be set in motion immediately. The continuity of the normal work is now in danger and must be secured. The Executive and the Board of Directors have empowered the General Secretary, Leo Hermann, to organize the necessary work from London in full contact with the Executive in Jerusalem and take all necessary measures. The Keren Hayesod committees are requested to communicate until further notice directly with London."

Leo Jaffe, managing director of the Keren Hayesod, is leaving Palestine for Europe in order to participate in the Fund's campaigns.

Advised that complete and final payment for the Cleveland Jewish Orphan Home new buildings must be paid to the contractors by October 1st, Columbus Ohio, which pledged \$60,000 to the new building fund, forwarded its final check to Max E. Meisel, of Cleveland, the campaign treasurer, and is the first community in the sixteen states of the middle west to find a place on the honor roll for 100 per cent attainment in collections.

Children of the Orphan Home have occupied the new buildings since the opening of the November 3rd. The Jewish Orphan Home was founded in 1868 by the B'nai B'rith of Districts Nos. 2 and 6.

STREAM OF TRIBUTES TO MARSHALL UNDIMINISHED

The stream of tributes paid to Louis Marshall, who died last week in Zurich, continues undiminished. The following are among those which continue to pour in:

The Iota Theta Law Fraternity, legal fraternity, adopted the following resolution:

"Whereas: It is with a sense of deep personal loss that we, brother Jews and fellow lawyers, are bereaved and downcast by the death of our beloved exemplar Louis Marshall.

"Whereas: His life was replete with noble resolution, staunch righteousness, human kindness and his wisdom that was, and continues to stimulate the finest impulses of our hearts.

"Whereas: He leaves with us a tradition in keeping with the ideals of our race and profession that challenges and demands that we strive and conquer for the aid of our unfortunate suffering brethren so that a new hope may grow in their hearts.

"Be it resolved, that the Iota Theta Law Fraternity in conclave assembled, do with bowed heads and sorrowed hearts, herewith solemnly dedicate ourselves to the ideals for which so nobly stood our departed brother, Louis Marshall, so that our finest tribute to his spirit shall be the lives we shall henceforth live."

Oscar Leonard, Washington, D. C.—"The loss of a closest kinsman could not be felt more than I feel the loss of Louis Marshall. I had the privilege of working with him from time to time and I know his devotion. Last time it was my privilege to be with him in Atlanta, Ga., where he came to address the B'nai B'rith convention. He was full of life and good fellowship. His hopes for Israel were great. In his presence one felt that every fiber of him was Jewish. He attributed it to the love his mother had instilled in his heart for his people.

"It is for the living to honor the memory of this great Jew by redoubling their efforts in behalf of the causes he cherished. The Jewish Agency is almost orphaned in a time of crisis with Louis Marshall gone. It is for his friends to help in this hour of great need and deep sorrow."

Louis Weiss, Acting Nasi of the Order Sons of Zion—"In common with Jewry the world over, and particularly the Zionist element, of which our Order is a component part, we mourn the death of Mr. Marshall. The crowning achievement of his distinguished career, the consummation of the Jewish Agency, will long stand as a memorial to his efforts for a stronger and more united Jewry. Our Order will remember him as a leader in Israel's ranks and as one who concluded his life as an ardent champion of a restored Zion."

Rabbi Solomon Goldman, Chicago—"So death has claimed Louis Marshall. The roar of the lion has been still. He, who at 70 displayed the courage and fearlessness—the voice and manner—of youth, has fallen. It is hard to adjust one's self to this bit of news. We had not yet begun to

URGE ANTI-JEWISH LABOR BOYCOTT IN PALESTINE

Propaganda Aimed at Jews Continues in Country
(Jewish Telegraphic Agency)

Jerusalem, Sept. 16—Anti-Jewish boycott propaganda is continuing in the country. An appeal to Arab employers was distributed in the streets declaring:

"The basis of national independence is economic independence. Therefore we ask imperatively in the name of the nation to perform a light duty not costing you any money, namely, to dismiss all Jewish employees immediately and employ Arabs in their stead, whose work will be more beneficial to you than the work of Jews who were not admitted by European nations because of their maliciousness and contrariness to those who had given them hospitality. The strongest people despise those who trust the Jews. As the Koran says: 'Those who befriended them are of themselves.'"

The appeal was signed: "A section of the Arab artisans of Jerusalem" and was printed by the Moslem Orphanage press.

Mrs. Emanuel S. Davis, of New York, has joined Hadassah, the Women's Zionist Organization, as executive secretary, it was announced. Mrs. Davis has had extensive experience as an executive, organizer and lecturer on cultural and educational subjects. She is a consultant in progressive educational methods and is active in Jewish communal work. She is head of the cultural committee of the Jewish Center in Eighty-sixth Street, of which her husband is administrator.

Mrs. Davis is a native of Scotland, a graduate of Barnard, and had a membership in the Phi Beta Kappa organization, and has lived in this country since 1906.

think of Louis Marshall as an old man. So diversified and multiplied were his responsibilities to the very last, that to most of us he was in the prime of life—in the midst of an endless career of leadership and service.

"The keynote to Mr. Marshall's personality, we feel, was his profound Jewishness. Nothing Jewish was alien to him. That which promised to help maintain and continue the Jewish heritage struck a responsive chord in the big heart of this great man."

(Jewish Telegraphic Agency)

Jacob de Haas—London, Sept. 16—"Louis Marshall united in himself most of the multicolored strands of Jewish life. As a faithful believer in the virtue and necessity of democracy, I was more often opposed rather than in agreement with the deceased's theories and practices. This did not prevent my expressing at all times the belief that Louis Marshall was devoted to Jewish causes and conscientiously followed the path he believed to be right to the best interest of his people.

"He symbolized all the struggle and striving in American Jewry. In many ways he was its master as well as its servant. That his death came at Zurich following there what he no doubt regarded as the crowning effort of his career as a Jewish leader, seems sad. It is a fitting climax, such as his strong nature demanded of fate."

who is accused of wrong. Therefore, I have not lost confidence in the future and the happy life of everybody in that fascinating little inspiring corner of the earth called Palestine. Let Moses's idealism influence his adherents to unselfish devotion to the oppressed. Let the followers of Jesus live up to the beautiful teaching of "love thy neighbor," and let the example of discipline, simplicity and unselfish devotion imbue again and again the pupils of Mohammed. There is room not for all the adherents of all these religions, but for all who live there to become the shining example of the best of their kind.

"We have not reached that point by a long way. The cruel deeds of the past weeks cannot be forgotten and must be prevented to that they will not happen again—people who live on agitation for trouble must be eliminated.

"Once all three parties agree to agree and help each other and understand, and not fear each other, they can live happily if they work toward that goal. It will not be reached by itself.

"In the last words of Marshall at the last meeting, which he hopefully and cheerfully attended for the cause of Palestine at the meeting of the administrative committee at Zurich, he stated that he had hopes that the suggestion that every member of the large council would be placed in charge of some activity in the administration of Palestine, be it for the health, the education, the civic work, etc. He moved that everybody be appointed to such activity, and it was carried.

"I have followed that mandate, and promptly worked out such committees in the major points, guided by him. I did not think then that this suggestion, which I followed as I have followed so many he made to me, would be his last will.

"Today I ask you to pledge yourselves to help carry out his will, that everybody consider himself bound to work for the practical ideals, not to dream, of cooperation with our neighbors in the many fields of activity where Christian, Jew and Mohammedan agree cheerfully. Let us join hands for better things in Palestine and elsewhere. Health, education, cooperation in transportation, markets, the fight against elements, malaria, etc., are everybody's problems. Let us continue our efforts jointly in as many directions as a joint committee until we take the same pride in the same things.

"The Mandate government in Palestine is investigating what weakness caused this immense suffering. Surely the people in charge of affairs, while too many were absent on all sides, erred when they permitted the Arab demonstrations at the place devoted since Roman times to Jewish worship. That was inexcusable. As some pa-

pers misunderstood my former statement, I repeat clearly:

"I have absolute trust in the fair investigation which will be made in Palestine, and we will do all in our power to see that fair information will be given.

"Then if the danger in spots is removed and watched, let us proceed to carry on in this manner: No politics, but freedom in cultural, social and economical development, and live and let live for all—as they say, for the good of all, for the detriment of none.

"In that spirit, I feel, Louis Marshall would want us to carry on; no wailing, no weeping, but energetic, steady, loyal progress. Let us pledge ourselves to that by a silent rising vote."

Britain Evasive, Lipsky Charges

That Great Britain has been evasive in carrying out the Mandate entrusted to it by the League of Nations was the charge made by Louis Lipsky, president of the Zionist Organization of America. During the course of his address, Mr. Lipsky said:

"There is none of the primitive lamentation usual in Jewish habits in our own attitude toward the outrageous attacks made upon Jewish life in Palestine. They are incidents of the return to Zion. They are part of the struggle for self-emancipation. Through such happenings the national spirit is purified, invigorated, developed. We mourn those who have fallen, and comfort those whose grief is personal. In the mourning there is a note of determination, of consecration to the great purposes in the movement."

The Grand Mufti in Jerusalem, and Supreme Head of the Moslem Council, was accused by Mr. Lipsky of having been responsible for most of the outrages.

"The Grand Mufti held secret meetings with his silent cohorts, whispered words of advice, gave form and authority to incendiary calumnies and sat back in his chair of ecclesiastic state awaiting results.

"When the outbreaks actually began in Palestine, the country found itself with a few lukewarm Arab policemen, a few whirling aeroplanes and a growing feeling of impotence and confusion. The aggressive acts of the Arabs were called Moslem religious fury outraged by the magnified happenings at the Wailing Wall.

Luke's Attitude Outrageous

"The attitude of the Acting High Commissioner was an outrageous independency. His malevolent adhesion to his stupid interpretation of what was happening stamp him not only as a criminally negligent administrator; he proved himself unfit to hold any office representative of the dignity and honor of Great Britain.

"We are still a people of peace, no matter what injustice may be done to us. It is through peace and under-

Athlit Salt Works asked for special guards. The special guard stationed at Beth Alpha was removed.

A report received here from Cairo states that a group of 200 prominent Egyptian Arabs are preparing to come to Palestine for the purpose of bringing about a reconciliation between the Jews and the Arabs. Among the Egyptian Arabs, there is reported to be a growing feeling of dissatisfaction with the Grand Mufti of Jerusalem who is held responsible, by the Egyptian leaders, for the Palestine troubles. Dissatisfaction is also expressed by the Egyptians with the alleged failure of the Grand Mufti to fully account for funds raised there for the purpose of repairing the Mosque of Omar.

A Hebrew supplement to the "Palestine Weekly," an English publication, was confiscated by the authorities yesterday. The supplement contained an open letter to the High Commissioner by Itamar Ben Avi, Hebrew publicist and co-editor of the "Doar Ha'yom," the Jerusalem Hebrew daily which was suspended by the government, complaining against its suppression. It was reported that the Palestine authorities contemplate action against the writer.

The Jaffa police officer, Nassar, to whom Jewish lawyers objected as an investigator, was ordered to suspend his investigations.

Jerusalem, Sept. 16—The steamer "Asia" arrived at Jaffa this morning, bringing 205 Chazulim immigrants, tourists and returning residents. Among the 205 are 94 pioneers, 42 immigrants, 32 tourists and 37 returning residents.

ASKS EXTENSION OF TIME LIMIT TO PRESENT CLAIMS FOR LOSS IN ARAB ATTACKS

(Continued from Page 2)

American citizens who have sustained losses as a consequence of the disturbances may deem it desirable to obtain the services of local attorneys in connection with the preparation and presentation of their claims to the commissioner.

The Department of State will supply such American citizens with a list of attorneys in Jerusalem, Jaffa, Tel Aviv or Haifa whom the department believes to be reputable attorneys.

SCHOOL SERVICES TO HONOR MARSHALL

A call to all principals of Talmud Torahs and other Jewish schools in New York City has been issued by the Jewish Educational Association above the signatures of Israel Unterberg, President, and Bernard Semel, Honorary Secretary, calling upon the schools to hold fitting memorial exercises for Louis Marshall on the day of the funeral. Schools are urged to emphasize to the children "those phases of Mr. Marshall's public career which reveal his proud Jewishness, and unflinching devotion to his people and his faith."

standing that we expect to build Palestine to the glory of Jewish life and the benefit of the world.

"But that does not mean that a policy of peace should be built upon the giving away of rights, upon excessive acquiescence in unfair demands, or in not being prepared to take up arms vigorously in self-defense.

"Great Britain has at no time vigorously defended the justice and right contained in the purposes of the Mandate. It never attempted to justify the Jewish National Home in a public manner. It expected to muddle through with compromise, concession and evasion with the hope that in the process of time the distorted picture of intention would assume equitable form.

"It is against this policy that we protest. The lesson of the 'disorders' is plain. The Mandatory Government must begin over again frankly and honestly. It is called upon to make the Mandate a force for the reality of the Jewish National Home. Words will not comfort or encourage us. It is a change of heart and of courage that is demanded of that great Power which, under the leadership of that distinguished statesman, Lord Balfour, achieved a new lustre in history when it issued the declaration in favor of the Jewish National Home.

"The time has come for us to say to Great Britain, if the Mandate means a National Home, tell it to the Arabs not to the Jews.

"The Mandate given under the aegis of Balfour has become a Mandate to be given to Mr. Luke, to be crumpled up and thrown aside.

"The Jewish people register their protest not only in Downing Street but in Washington and Geneva against turning the mandate into a scrap of paper. I am sure when we show the facts, the justice of our acts, of our intentions, the good we are building, there is no civilized nation which will fail to say to Great Britain: 'Come to the bar and defend yourself against this just indictment of your actions.'

Cable Lauds Services of U. S. Consul

A cablegram was then read by the chairman which had just arrived from Jerusalem, which evoked tremendous applause when high praise was given to Paul Knabenshue, United States Consul-General in Palestine, for his cooperation with American Jewish citizens in the Holy Land.

The cablegram was sent by Gershon Agronsky, representative of the Zionist Organization of America, who denied that Mr. Knabenshue had not been entirely helpful during the crisis in Palestine and said that the Consul-General deserved a vote of gratitude from the Jewish people.

The cable reads in part as follows: "The United States Consul General was extremely helpful during the crisis in Palestine and showed an acute awareness of the gravity of the situation which he repeatedly reported to Washington. He did everything in his

power to protect American nationals, to which end he initiated a joint action with the consular corps which resulted in the restoration of telephones to the consulates, which the authorities had first allowed to be cut off.

"Mr. Knabenshue's own position is best shown by the fact that the Consulate was unguarded until the third or fourth day of the riots. In one instance when the Consul brought back from Haifa thirty boys attending the Biram School, which included fourteen Americans on an excursion to Metuliah, the Consul displayed energy, resourcefulness and knowledge of the threatened danger. He did all in his power to protect and assist two thousand American citizens throughout the country.

Judge Bernard A. Rosenblatt was the next speaker who described the Balfour Declaration as "a holy contract" between the Jewish people and Great Britain, which the justice-loving British people would never dishonor. He declared that the Jewish Legion which had fought under General Allenby had helped give the Arabs seven-eighths of the land of Palestine and all that the Jewish people were asking for their share in the reapture of the land from the Turks was the opportunity to develop the land to the mutual advantage of Jews and Arabs.

Wise Calls for Investigation of Palestine Officials

The final speaker on the program was Dr. Stephen S. Wise, Rabbi of the Free Synagogue, who was given a huge ovation when he went to the rostrum. During the course of his speech, in which Dr. Wise said that there must not be an investigation of the recent Palestine riots by the Palestine Government but an investigation of the Palestine Government officials themselves, Dr. Wise declared:

"If they have not lost faith in Palestine, shall we lose heart in the Diaspora? That is the question we are asked to ask ourselves at this moment.

"Certain things must be made clear. I am tempted to believe that they have been made clear this afternoon. There have been no 'disorders' in Palestine, unless 'disorders' is used in a new sense. There has been no 'race war' in Palestine. There have been attacks and assaults; there have been mutilations; there has been violence and there has been destruction. It is possible for us to say that all this has been made possible by a negative, neutral, non-cooperative attitude of the British Government which has been twisted and tortured by the Palestine Government into sanction and acquiescence in anything that the wrongful leaders—and only some leaders—of the Arabs have chosen to do.

"There was no offending on the part of the Jews. The offense came from some Arabs. The offending came from a gentleman whom I refer to as his unholiness, the Mufti of Jerusalem, and finally from the Palestine Government which was charged with responsibility

for life and property of the Jewish people.

Answer to Arab Decimation Jewish Immigration

"There has been decimation of Jews by Arabs. The answer to Arab decimation is Jewish immigration. There must be no investigation by the Palestine Government. There must be an investigation of the Palestine Government. I do not quite see why the British Government should make the mistake—and I don't believe that it will—of identifying itself with the Palestine Government, seeing that the Palestine Government has carefully refrained from identifying itself with the British Government for ten years.

"The 'Daily Mail' tells Great Britain to give up the Mandate. The Mandate for Palestine has not cost Great Britain one shilling. On the contrary we Jews are paying year by year, instalments of the pre-war Turkish debt. We have an answer to make to the 'Daily Mail' and to the 'Daily Express'. You say to England: Give up the Mandate. We answer: You, England, dare not give up the Mandate. England made a covenant with the Jewish people; England made a covenant with the League of Nations; England made a covenant with honor itself when she took upon herself the Mandatory for Great Britain. To abandon the Mandate now would be fatal to the prestige of Great Britain."

"An Arab Palestine is a threat to Great Britain and the world. A Jewish Palestine is an asset to Great Britain and the world."

In concluding, Dr. Wise paid tribute to the late Louis Marshall, of whom he said:

"No more devoted, passionately loyal, greater Jew has lived in generations than Louis Marshall. Now I turn to you and say as I conclude: Let the valiant, the unwhitstandable spirit of Marshall guide us that we may be just, that we may be wise, and deal self-respectingly with our problem and remember whatever else happens; Israel lives and Zion will become the Jewish National Home."

ish Agency. The Zionist General Council also adopted a program of political demands which has "eliminated the most essential requirements" rejecting the demand for Jewish military and police units and for a free Jewish immigration to the country.

"Under such conditions it is the duty of the Union of Zionist Revisionists to warn the Jewish public that a most threatening situation has arisen, undermining even the hope cherished by Jewry throughout the world that the terrible lesson of the Palestine outbreak might at least serve as a turning point towards a better political future. Demands which fall short of our actual needs and an Executive obviously incapable of any political energy can only lead to further perhaps irreparable failures," the Revisionists declare.
