## ARAB EXECUTIVE CALLS OFF GENERAL STRIKE PLANNED FOR WEDNESDAY

Intended as Protest Against Harsh  
Sentences for Offenders;  
Boycott Continues

(Jewish Telegraphic Agency)

Jerusalem, Oct. 1.—The issuance of a call for a general strike by Arabs on Wednesday, October 2, was decided upon by the Palestine Arab Executive. The strike is intended as an expression of protest against the sentences imposed on Arabs found guilty of attacking and looting during the anti-Jewish disturbances, the Arabs considering the sentences to be harsh. The strike will also be a protest against Attorney General Norman Bentwich, whose dismissal is demanded by the Arabs.

Before learning that the Inquiry Commission had postponed its date of departure until the middle of October the Arab Executive had decided to await the arrival of the Commission before sending its delegation to London, although the Arab National League there urged the immediate despatch of the delegation.

The Arab representative before the Inquiry Commission has not yet been named, but it is reported that Abdul Hadi, one of the secretaries of the Arab Executive, will probably be appointed.

Jerusalem, Oct. 1.—The general strike proclaimed provisionally for Wednesday by the Arab Executive was called off. According to a report the Arab Executive is seeking another interview

## NEW ARAB ASSAULT RESULTS IN DEATH OF JEW IN JERUSALEM

Yemenite Jew Killed by Bullet Fired  
Through Window

(Jewish Telegraphic Agency)

Jerusalem, Oct. 1.—Sliman Mouhaz, 35, Yemenite shoemaker, died this morning at the Hadassah Hospital, as the result of a murderous assault perpetrated by an unknown Arab last night, when Mouhaz was peacefully at work at his home in the Shimon Ha'zadik quarter. A bullet, fired through the window at ten o'clock last night, entered his head at one temple and went out the other. His neighbors heard the shot, but owing to the curfew could not proceed to investigate what happened until five o'clock in the morning, when the victim was found lying in a pool of blood and rushed to the Hadassah hospital in a hopeless condition.

The victim lived as a recluse and was considered among the Yemenites as a man of learning.

## AUSTRIAN CHANCELLOR AS- SURES JEWISH RIGHTS WILL NOT BE INFRINGED UPON

Will Not Permit Violation of Law or  
Order, Schober Declares

(Jewish Telegraphic Agency)

Vienna, Oct. 1.—The new Austrian chancellor, Herr Schober, at a press reception stated to the correspondent of the Jewish Telegraphic Agency that the Jews of Austria and elsewhere may be assured that during his chancellorship as well as later there will be no attempt at infringing on the rights of the Jews in Austria or that the authorities will permit any violation of law and order. "I know that the Jewish population has confidence in me," the Chancellor stated, relating an episode of how some time ago a reader of a Jewish newspaper in Austria addressed a letter to the editor of the newspaper asking whether Schober was a Jew, to which the editor replied "To our regret, no."

The Chancellor further stated, "I had a conference with Robert Stricker, Zionist leader, who is well acquainted with my sympathies with the Zionist movement."

## COMPLETE ARRANGEMENTS FOR TRIAL OF PERPETRA- TORS OF HEBRON MASSACRE

Sentence Arabs Convicted of Looting  
Arab Lawyers Walk Out of  
Court in Demonstration

(Jewish Telegraphic Agency)

Jerusalem, Oct. 1.—Arrangements for the trial of the perpetrators of the Hebron massacre have been completed, although it has not yet been decided as to whether the District Court will sit in Jerusalem or in Hebron.

The examination of the Arabs who are accused of murdering the American student of the Hebron Yeshiva, Wolf Greenberg, has been postponed. His suspected assailant, Khalil El Jabri, is imprisoned. He will be held for another fortnight to permit further investigation. The trial of Sheik Markah was also postponed owing to the necessity of examining additional witnesses.

Two more Hebron Arab notables were arrested in connection with the murder of the Slonim family. One was released on the personal guarantee of Captain Partridge. An Arab suspected of the murder of the Reizman brothers was released for lack of evidence, after nine-year-old Judith Reizman, orphaned by her father's death in the massacre, became confused in her testimony. She testified she saw the accused pursuing her father and murder her grandmother. The child became confused on cross-examination.

## LITTLE RESPONSE IN MOSCOW TO COMMUNISTS' DRIVE FOR WORK ON ROSH HASHONAH

Only 1,000 Jewish Workers in 20 Factories Have Signified Intention  
to Remain at Work

(Jewish Telegraphic Agency)

Moscow, Oct. 1.—The campaign of the Jewish Communists, urging Jewish workers to go to work on Rosh Hashonah is finding little response among the Jewish workers.

With only a few days left before the High Holidays, only 1,000 Jewish workers in 20 factories in Moscow have registered, signifying their intention to work on Rosh Hashonah, the "Emes" reports today.

Because of the approaching High Holidays, Uman, Ukraine, is filled with Chassidim who are arriving from all parts of the country to visit the grave of Nachman Braslaver. The leaders of the local Braslaver Chassidim succeeded in publishing, with the permission of the Soviet authorities, Chassidic literature for the arriving visitors. The Jewish Communists protested against the grant of the permit, demanding the liquidation of the Chassidic shrine which they term a nest for religious activities.

**DECLARE UNFOUNDED REPORT  
OF KISCH RESIGNATION**

(Jewish Telegraphic Agency)

Jerusalem, Oct. 1.—The reports in the press abroad concerning the alleged resignation of Col. Frederick H. Kisch from the Zionist Executive were declared well informed circles here to be utterly unfounded.

It was explained that the reports probably had their origin in the temporary assumption by Harry Sacher of the negotiations with the Palestine government, especially in connection with the inquiry into the disturbances. Col. Kisch continues his general supervision of the work of the Executive, principally in the questions of security and the direction of the relief and reconstruction work together with Rabbi Meyer Berlin.

Another report concerning the refusal by Palestine government officials of a subscription from Attorney General Norman Bentwich to a British police fund is denied here. No such fund was organized by British officials in Palestine. A fund was organized by the wives of some of the officials to which Mr. Bentwich made a contribution, which was accepted.

**PROF. MICHELSON CON-  
TINUES TO HOLD HIS OWN**

(Jewish Daily Bulletin)

Chicago, Ill., Oct. 1.—Professor A. A. Michelson, noted scientist, who is gravely ill here with double pneumonia, continued to hold his own early this morning.

His physicians expressed the hope that the infection will not spread and that he will survive, pointing out at the same time that the crisis has not yet been passed.

Purchase of "The Milwaukee Sentinel" oldest daily newspaper in Wisconsin, by Paul Block, was announced. "The Sentinel" which is the only morning newspaper in Milwaukee, was established in 1827.

Mr. Block is owner and publisher of "The Pittsburgh Post-Gazette," "The Toledo Blade," "The Newark Star-Eagle," "The Brooklyn Standard Union" and "The Duluth Herald."

**USSISHKIN, PRESIDENT  
OF JEWISH NATIONAL  
FUND, ISSUES APEAL  
Says Answer to Recent Attacks Must  
Be Thrice Intensified Energy**

An appeal for greater work for Palestine was issued by M. M. Ussishkin, president of the Jewish National Fund, who is now in Jerusalem. The message addressed "To our comrades everywhere," was issued through the Jewish National Fund headquarters in New York. The message read:

"A terrible calamity has overtaken us. Our pioneer in Palestine was again attacked, the enemy intending to ruin and destroy what has been built. There have been sacrifices of men and money, but the building remains. The nation's answer, from the four corners of the earth, is—'Building proceeds.' Not only did we tie the future of our people with the building of our land, but we intertwined with it, what is more important, the honor of the nation. No adversary can stop the historic process, the prophetic idea of the 'Return of the Sons to Their Boundaries.'

"When, at the time of the war, Jemal Pasha, the chief of the Turkish army, tried to destroy our edifice—the answer given was the Balfour Declaration; after the first attack in April 1920, in Upper Galilee, and the heroic death of Trumpeldor and his comrades—our reply was the Chaluizim movement; after the Jerusalem riots on Passover, 1920—the confirmation of the Balfour Declaration at San Remo; after the organized attack in Tel Aviv and the Judean colonies in May, 1921—we answered by the acquisition and the settlement of our physical and spiritual fortress—the Valley of Jezreel—and the extension of Tel Aviv; after the attacks in Jerusalem in November of that year, our answer was given in the form of the building of new suburbs around Jerusalem; after the great economic crisis of last year, came the acquisition of the Valley of Sharon and the Valley of Acre, including Haifa Bay.

"And our answer to the new attacks will again be—build and work with thrice-intensified energy, with a maximum of speed and in far-widened area. More land and more people—men and land!—this is the demand of the nation and of the country.

"And something else might be learned from recent events. Wherever the soil was our own, and the settlement was dense, the place was saved. The entire Emek Jezreel and Emek Hasharon were hardly affected at all. The enemy was repulsed everywhere on his first attempt to attack. The same thing happened in Tel Aviv—the 100% Jewish city. In Jerusalem and Haifa the encounters were harsh because of the mixed population. The real catastrophe occurred in Hebron and Safed, where the Jewish population is comparatively small, and our youth likewise in small numbers. The agricultural settlements which have suffered, such as Castania, Hulda, and others, were small and isolated. This

should teach us to acquire and to build on joined and large areas.

"Now, our national land-purchasing institution, the Keren Kayemeth, must, as always, be the pioneer in the normal resumption of our building work. The traditional month of Tishri, is with us. I ask in the honor of our people, the acquisition of new lands and for a new Yishub; not a single Zionist without giving a portion of his time for the gathering of these contributions. Not merely should money be gathered, but every Jewish home must be told of what happened to us in our land, and of our future task.

"Our people finds itself on the parting of the ways. If we have the necessary inner strength, the last catastrophe may prove a blessing in disguise, so that in the near future, our enemies may seek peace with us, and say together with our arch-enemy, 'how goodly are thy tents, O Jacob, thy dwelling places, Israel.' Israel is an eternal nation, befitting the land as the land befits him.

"I call to work. I wish you a New Year of happiness and fruitful labor."

**SOCIAL SERVICE SCHOOL  
OPENS FALL TERM**

Seventeen American colleges and one in Canada are represented in the incoming class of students comprising the class of 1931 which begins work today at the Training School for Jewish Social Work, 71 West 47th Street. The new students were greeted at an informal luncheon yesterday at the school by Maurice J. Karpf, director, and Frances N. Harrison, assistant director.

There are twelve states and one Canadian province represented in the student enrolment, New York leading with eight. Ohio and Illinois come second with two each and the other sections sending one each are Minnesota, Texas, Massachusetts, Washington, D. C., Missouri, Maryland, Connecticut, Michigan, New Jersey and Quebec.

The new class consists of fourteen women and eight men, all of whom are graduates of recognized colleges. Among the fellowship winners are Miss Rose Max, graduate of Goucher College, Baltimore, awarded the \$1,000 prize given annually by the National Council of Jewish Juniors. Another fellowship winner is Miss Ruth Rosenbaum, graduate of St. Lawrence University, Canton, N. Y., who received the annual award of \$1,000 given by the Jewish Welfare Federation of Detroit.

Mr. Karpf announced yesterday that the incoming class will be the first to participate in the two-year course which has just been made effective.

Funeral services for Jacob Greenberg, treasurer of Beth David Hospital, who died September 7 in Germany, were held Tuesday afternoon in the Riverside Memorial Chapel, New York City. Burial was in Mount Carmel Cemetery.

Mr. Greenberg, who was forty years old, was born in New York City and for years had been interested in Jewish philanthropic activities. Before becoming treasurer, he was a trustee of Beth David Hospital for fourteen years. He was a member of the Grand Street Synagogue.

# **ZIONISTS RADIO GREETINGS TO: MacDONALD ENROUTE TO U. S. ON BERENGARIA**

**Express Confidence He Will Justify  
Faith of Jews in Britain**

The Zionist Organization of America today sent a message of greeting and welcome by radio to Ramsay MacDonald, British Prime Minister, who is now on his way to this country on the S. S. "Berengaria." Unusual interest has been aroused among the Jews of America on account of Mr. MacDonald's visit, due to the recent events in Palestine. The radio message expresses confidence in Mr. MacDonald that he will do all within his power to rectify errors of policy and administration in Palestine. The radio message, which was signed by Louis Lipsky, President of the Zionist Organization of America, read as follows:

"The Zionists of America extend a hearty welcome to you on the occasion of your arrival in America for the purpose of furthering friendship and mutual understanding between your great country and ours. We greet you as a distinguished exponent of liberalism in government and humanitarianism in social action. The Zionists of America know that the cause with which our life's ideals are bound up has a warm friend in you who have on various occasions given encouragement to the rebuilding of Palestine by Jews in accordance with the terms of the Mandate. At this time when the hearts of Jews the world over are grieved by recent events in Palestine it is a matter for rejoicing that at the head of the British Government is a man who will justify the confidence we feel in him and in his desire to do whatever may be within his power to rectify errors of policy and administration that have been revealed in Palestine."

# **UKRAINE COMMISSARIAT REFORMS HEBREW ALPHABET**

(Jewish Telegraphic Agency)

Moscow, Oct. 1.—The Hebrew alphabet lost five characters by a decree of the Ukrainian Commissariat of Education, acting upon request of the Jewish section of the Communist party.

The ancient alphabet has five double letters, for the sounds equivalent to ch, m, n, z, ph, the double being used only at the end of a word and called the final character. The Commissariat of Education now ordered the Yiddish language schools to eliminate from the reading and writing in the classrooms and in the publication of text books the "long chaf, long mem, long nun, long zadic, long phe."

# **JEWISH COMMITTEE BENEFICIARY IN MARSHALL WILL**

The editor regrets that in the report regarding the will dated 1921 of the late Louis Marshall, published in our issue of September 29th, statement of the fact that the American Jewish Committee, of which Mr. Marshall was President, is named as beneficiary of one-twentieth of the amount left by him to various philanthropic institutions, was omitted.

# **Z. O. A. TO START NATION- WIDE CAMPAIGN TO ENROLL 250,000 JEWS**

**Plan "Roll Call" as Political Action in  
Response to Present Palestine Need**

The answer of the Jews of America to the violent efforts to destroy Jewish constructive achievements in Palestine ought to be the enrollment of a vast array of Jewish men and women, whose very numbers will constitute a affirmation by American Jewry of its determination to proceed with the rebuilding of Palestine as the Jewish National Homeland. This was the decision taken at an extraordinary meeting of the National Executive Committee, held Sunday, at the Hotel Astor, New York, at which Rabbi James G. Heller, of Cincinnati, Chairman of the Executive Committee, presided.

It was understood that what was intended was not the regular membership enrollment of the Z. O. A., but the creation of a great source of energy which could stimulate public opinion toward favorable action for Palestine reconstruction.

The plan for the enrollment of 250,000 Jews is considered as an emergency measure. Every one who signs the "roll call" will pay a fee of \$2.00 which sum will include the Shchel membership fee in the World Zionist Organization. An answer to the "roll call" will also include an affirmation of faith in the Basle program and an endorsement of the purposes of the Balfour Declaration. The aim of this action is not financial income but merely the building up of a body of men and women in America who can be counted on to lend support and prestige to whatever action may be inaugurated by the Zionist Organization of America to make more secure the rebuilding of Palestine.

A number of nationally prominent Jews will make whirlwind tours from coast to coast; prominent local speakers will tour their regions; thousands of volunteers will be recruited to go from house to house, from office to office to secure the enrollment. The political effectiveness of this gesture and its necessity will be emphasized.

The "roll call" campaign will be inaugurated at once and will stop on January 1, 1930, by which time it is expected the goal of 250,000 will have been reached.

One of the actions of this program was the proposal that a so-called "roll call" be taken, whose purpose will be to make an active supporter of the Zionist movement every one who has hitherto passively sympathized but who has not been given the proper opportunity to affiliate with the Organization.

The principal speech in favor of the adoption of the "roll call" idea was delivered by Louis Lipsky, President of the Zionist Organization of America, who declared that "American Jews are anxious to show in concrete form their confidence in the Jewish future in Palestine. The hundreds of thousands of Jews who will be brought closer to the spirit and work of the

# **PALESTINE JEWRY SENDS NEW YEAR'S MESSAGE TO JEWS EVERYWHERE**

**Express Faith that "Our Land Will  
Be Rebuilt"**

(Jewish Telegraphic Agency)

Jerusalem, Oct. 1.—The Rabbinate and Jewish lay organizations here issued the following message on the occasion of the New Year through the headquarters of the Keren Kayameth Jewish National Fund.

"The Keneseth Israel, the Jewish community of Palestine, sends greeting for the New Year to all Jews throughout the Diaspora. We have full faith and confidence that our land will be rebuilt."

Chief Rabbi A. J. Kook, in his message, declared: "To our brethren in dispersion we send blessings for a happy, glorious year, a year for healing Zion's wounds, a year of multiplied zeal for the redemption of the Holy Land and upbuilding her ancient and newer wastes with the help of the Lord, the Rock of Israel and His Redeemer."

Col. Frederick H. Kisch, in a message on behalf of the Zionist Executive, declared: "In the first moment of our distress we received from Jews throughout the world, brought closer together through the unifying influence of the Jewish Agency for Palestine, help and encouragement which satisfied us both bodily and mentally. I hope and believe that in passing from relief activity to regular life and work Jewry at large will during the coming year, make the greatest possible effort to expand and strengthen the Jews' structure in Eretz Israel, so as to safeguard the Yishuv against further sacrifice, enabling through fruitful development to extend its harmonizing and stimulating influence among Jewries throughout the world."

# **UNTERMYER AND HARTMAN NAMED FOR SUPREME COURT**

Irwin Untermyer, son of Samuel Untermyer, was named by the Democratic Judiciary Convention as a Democratic candidate for Supreme Court Justice.

He was one of five chosen by the convention at Tammany Hall as candidates for election to the Supreme Court bench. He was named to succeed Justice Delehanty, who retires next year.

Justice Albert Cohn, who was appointed to fill the term of the late Justice Gibb, was also nominated.

Judge Gustave Hartman of the City Court was nominated, with four others, for the Supreme Court, 1st Judicial District, by the Republicans meeting in convention at the National Republican Club.

City Court Justice Hartman has been one of the few Republican vote getters in the Tammany strongholds. His term expires at the end of the year.

## ARAB EXECUTIVE CALLS OFF GENERAL STRIKE PLANNED FOR WEDNESDAY (Continued from Page 1)

with the High Commissioner before finally deciding to strike.

### Boycott Propaganda Continues

Jerusalem, Oct. 1.—Four Arabs were arrested in the Jerusalem bazaar for intimidating would-be Arab purchasers in Jewish shops. The charge against them will apparently be intimidation since there is no law obtaining in Palestine against boycott propaganda.

Jewish employees in an Arab cigarette factory were warned by Arab pickets to leave their work before they are forced to leave.

Jerusalem Jews were forced to go without meat at their meals today owing to a false report circulated among Jewish butchers yesterday that Arabs intended to attack them if they came to the slaughter house.

"Because you walk through the streets with uncovered arms, you brought down the anger of God. You are responsible for the riots and bloodshed in the Holy City!" This charge was hurled this morning by an old man in the Meah Shearim quarter when two American girls passed, wearing summer dresses. The old man brandished his cane, but cause no violence.

A declaration urging a boycott against Jews was not adopted by the Arab Executive at its last meeting, it is reported, owing to sharp differences which arose between Moslem and Christian members: The Moslems asserted that the boycott benefits Christian shopkeepers in the towns, since the Arabs, boycotting the Jews, are obliged to trade with them, but the Moslems are losing, owing to the Jews' refusal, in retaliation, to buy from the fellahen of the countryside.

The first meeting of the Zionist Executive with the reorganized executive of the Vaad Leumi was held this morning, after which Pinchus Ruttenberg, newly appointed member, called on the High Commissioner in behalf of the Vaad Leumi.

### Refugees Returning Home

Police arrangements were completed this morning enabling most of the Jewish refugees in Jerusalem to return to their homes by Tuesday evening. It is expected that all except those from Hebron, Motza and Givat Shaul will re-occupy their homes before Rosh Hashonah.

The Vaad Hair, Jerusalem Jewish council, has been requested to inform all refugees that the authorities consider that they may safely return home.

Except in Meah Shearim, where a small number of Jews are employed as street cleaners under a Jewish foreman, none of the Jews, numbering 60 laborers and 9 foremen, employed by the municipality immediately after the disturbances when Arabs were reluctant to work in the streets of Jewish quarters, are being retained in the employment.

## COMPLETE ARRANGEMENTS FOR TRIAL OF PERPETRATORS OF HEBRON MASSACRE (Continued from Page 1)

although she insisted throughout that she saw the accused with a knife in his hand.

During the hearing an important statement was made by an Arab doctor of the public health department, contradicting the statement of Dr. McQueen in connection with the mutilation issue. Contrary to Dr. McQueen the Arab doctor said that the bodies of the Hebron victims were not examined before burial because "the situation in the town on that day did not permit time for such examination."

Sentences ranging from six lashes to one month imprisonment were handed down on Arab youths who were found with various articles of furniture belonging to the Jewish settlers of the colony Beer Tuvia and Hulda. Fifteen Arabs were remanded for trial on more serious charges.

A plea on the part of the defense counsel that the anti-Jewish attack was "a revolution" and therefore the charge of theft during the riots is not sustainable, was ignored by the Judge.

Arab lawyers, as a demonstration, walked out of the court presided over by Land Commissioner Abramson, who is to decide which villages in the neighborhood of Artouf are liable to collective punishment. The lawyers contended that Abramson does not have jurisdiction in this matter, since many individuals from these villages already have been sentenced for looting.

The investigation is continuing despite the Arab lawyers' demonstration. It will continue for several days. Commissioner Abramson is of Jewish origin, the son of an apostate.

Any village found guilty of participating in the attacks and therefore liable to collective punishment, will not be allowed to file claims for compensation even on behalf of innocent persons who suffered from the raids of the troops, it was declared.

Because nearly a hundred Arabs are imprisoned in Gaza, accused of incitement and rioting, it is considered unsafe for the Jews to return to the towns for the present. Twenty British troops will be stationed at Gaza and ten at Beersheba. An airforce detachment is stationed near Gaza to assist the ground troops. One hundred soldiers stationed at Nazareth are being transferred to Haifa, which is becoming the headquarters of the northern division of the British troops. The soldiers will be temporarily quartered in Jewish public buildings in Haifa and Hadar Ha'Carmel.

Chief Rabbis Aaronson and Uziel called on the High Commissioner today regarding the question of security and the continued incitement of Arab agitators.

## RAISE \$1,600,000 IN DRIVE FOR MONTREAL HOSPITAL (Jewish Daily Bulletin)

Montreal, Oct. 1.—The final rally dinner of the Jewish Hospital campaign was held at the Mount Royal Hotel last night. The campaign was for funds to erect and equip a 200-bed hospital. The sum of \$1,600,000 was raised. Allan Bronfman and Michael Hirsch were joint campaign chairmen. Hon. L. A. Taschereau, Premier of the Province of Quebec, Alderman T. Holand, representing Mayor Camille Houde of Montreal, Sir Henry Grey formerly Surgeon-in-Chief, Royal Victoria Hospital, Maxwell Goldstein, Peter Bercovitch, S. W. Jacobs and Joseph Cohen, were the principal speakers. Six hundred people, all workers in the campaign, were present.

"I am most happy to say on behalf of the Government of Quebec that our contribution is \$300,000, \$2 per day per bed," stated the Premier. "This is no favor but what is definitely due to you. You have done your share and we are happy to cooperate with you."

Among the contributions were \$100,000 from the Silverman family, \$75,000 from the Bronfman and Aaron family, \$25,000 anonymous, \$25,000 Mark Workman, \$15,000 Mr. and Mrs. A. M. Vineberg.

In his address Peter Bercovitch expressed the desire that the same Jewish unity in the hospital campaign be shown when the problem of obtaining a separate panel for the education of Jewish children will arise again.
