## ARAB STRIKE ENDS UN- EVENTFULLY; GOVERNMENT TOOK SAFETY MEASURES

Military and Police Were Ordered to  
Fire at Least Sign of Disturbance

(Jewish Telegraphic Agency)

Jerusalem, Oct. 17.—The Arab general strike in which Arab and Christian Moslems participated, ended uneventfully last night. That the strike has ended was announced by Propseey, secretary of the Arab Executive, in a statement to the correspondent of the Jewish Telegraphic Agency. Propseey declared that the end of the strike included Transjordan where considerable agitation occurred, the results of which are not yet known.

While the one day general strike was uneventful, the correspondent of the Jewish Telegraphic Agency learns that the Palestine government had warned the Arabs that the least disturbance would be dealt with summarily. The military and the police had been ordered to fire at the first indication of trouble.

The Arab strike, in which the Arab boatmen participated affected the landing of passengers. While the steamer Alesia, bringing 550 passengers, including 400 Chaluzim, pioneers, successfully landed its passengers Tuesday, the steamer Anchor was obliged to proceed to Beirut to discharge 40 Chaluzim, while the Adria, which arrived yesterday with 170 passengers, was forced to wait until today in order to land them.

Disregarding the advice of the Jaffa District Commissioner the Jews of Jaffa opened their shops yesterday.

Except for the closed Arab shops,

## NOT TO APPLY DEATH SENTENCE, ARAB PAPER SAYS

(Jewish Telegraphic Agency)

Jerusalem, Oct. 17.—A report in the "Yarmuk," Arab newspaper, declares that the court has ordered that the criminal code, entailing death sentence for crimes arising out of the recent disturbances in Palestine, shall not be applied. The report was issued, it is believed, in order to quiet the prisoners and their families.

## HONOR VIENNA KEHILLAH PRESIDENT ON BIRTHDAY

(Jewish Telegraphic Agency)

Vienna, Oct. 17.—President Hainisch, Prime Minister Schober, and other members of the Cabinet joined in the felicitations extended to L. Pick, President of the Vienna Kehillah, on the occasion of his seventieth birthday today.

Delegations of medical organizations and from 94 Jewish organizations called to congratulate the septuagenarian.

## INTERPELLATION ON JEWISH SITUATION IN HUNGARY IS SUBMITTED TO GOVERNMENT

Asks Whether Hungary Will Grant  
Own Population Protection It De-  
manded for Palestine Jews

(Jewish Telegraphic Agency)

Budapest, Oct. 17.—"Is the Hungarian Government willing to accord the Jewish population in the country the same protection which its delegate M. Apponyi, demanded for Palestine Jewry at the League of Nations session in Geneva?" This was the sense of an interpellation introduced in Parliament yesterday by the Social Democrat, Peyer. A reply is expected from the Government next Thursday.

Commenting on the interpellation the Liberal press states that it will precipitate a discussion of the Jewish situation in Hungary and will bring out that the Jewish population is unprotected against persecution.

## TRIAL OF PHILIP HALSMANN, CHARGED WITH PATRICIDE, RESUMED IN INNSBRUCK

Ministry of Justice Refuses to Dis-  
miss Case

(Jewish Telegraphic Agency)

Vienna, Oct. 17.—The trial of Philip Halsmann, charged with the murder of his father, was resumed in the Innsbruck Court, the Ministry of Justice having refused to dismiss the case. The youth was previously sentenced to ten years imprisonment by an Innsbruck jury. An appeal was granted on the contention that there were on the jury men belonging to the anti-Semitic party.

It now rests with the State attorney to decide whether, in the light of new evidence, the case should be carried on.

The principal testimony against Philip Halsmann was that of a mountain boy who claimed he saw Philip push his father into a ravine while the two were on a walking trip in the Tyrol Mountains.

## HAROLD WIENER LEFT ES- TATE TO LONDON SYNAGOGUE

(Jewish Telegraphic Agency)

London, Oct. 17.—The entire estate left by Harold Wiener, British barrister who was killed during the first days of the Palestine riots, was bequeathed to the Spanish and Portuguese Jews' Congregation of London, according to his will which has just been probated. Property owned by the late Mr. Wiener in England, amounts to over £25,000, in addition to which he had a large estate in Palestine.

Previous reports that Mr. Wiener, who was known as a friend of the Arabs, had left £10,000 for Arab institutions were without foundation.

## PALESTINE GOVERNMENT COMMUNIQUE ON SAIED OUTBREAK ERRED

Failed to Report It as Anti-Jewish  
Attack, Haifa Trial Reveals

(Jewish Telegraphic Agency)

Haifa, Oct. 17.—An important revelation that the government communique on the Saied outbreak was inaccurate was made during the trial of three Arabs accused of the murder of the Jewish mechanic, Isaac Mamaan by Police Commandant Farraday. The original report said that disturbances had broken out, but did not mention that it was an anti-Jewish attack. This was evidently due to the mistaken belief that Mamaan, the first Jew killed, was a Moslem because he spoke Arabic when he lay wounded and groaning in the street. Farraday said that he did not know that the High Commissioner had placed blame on the Jews also for the riots, although he stated that Sir John had asked a Jewish deputation whether it was true that the Jews were responsible which they denied.

Searches in Arab houses in Saied yielded scores of knives and daggers, Farraday said. Only one revolver, which had not been used, was found in a Jewish house.

## QUIET IN HUNGARIAN UNIVERSITIES; JEWS ABSENT

(Jewish Telegraphic Agency)

Budapest, Oct. 17.—Comparative quiet following the anti-Jewish student attacks of the last few days, prevailed at the Hungarian universities since Jewish students remained away from their classes in fear of renewed attacks although they had been promised protection by the authorities.

In the Technical Institute of the Budapest University, 25 Jewish students attempted to enter their classes. They were beaten and thrown out by anti-Semitic students despite warnings against attacks made by the Rector.

## VAAD LEUMI FORMS NEW RELIEF COMMITTEE

(Jewish Telegraphic Agency)

Jerusalem, Oct. 17.—A new relief committee has been established under the direction of the Vaad Leumi, National Council of Palestine Jews, following the transfer of the relief work among the sufferers in the disturbances carried out by the Jewish Agency. The executive of the new committee is composed of Rabbi Ostrowsky, Isaac Eliashar, leading merchant, Mrs. Norman Beitwisch, wife of the Attorney General, Rabbi Blau, Mr. Zavaiv representing the Agudath Israel, Dr. Yaski of the Hadassah and Haim Solomon, acting head of the Vaad Leumi during the outbreak.

Arrangements have been made to prevent the interruption of the food supply to the refugees during the transfer.

OVER 200,000 TREES PLANTED  
IN BALFOUR FOREST.  
LORD MELCHETT REPORTS

Tells of Progress at London Cer-

emonies in Honor of Sir

Charles Batho

(Jewish Telegraphic Agency)

London, Oct. 17.—Two hundred and eight thousand trees have already been planted on 600 dunams in the Balfour Forest in Palestine in the afforestation project undertaken by the Jewish National Fund. Lord Melchett reported on the progress thus far at the ceremony held yesterday at the Mansion House, the residence of the Lord Mayor of the City of London, to present a certificate of the Golden Book to Sir Charles Batho, former Lord Mayor of London. The names of the Guildhall, the Lord Mayor and the Sheriffs of the City of London were inscribed in the Golden Book of the Jewish National Fund in Palestine to commemorate the banquet held in the Guildhall in July 1928 in aid of the Balfour Forest. Due to the illness of Sir Charles Batho, the Lord Mayor of London received the certificate in his name.

In reporting on the present status of the Balfour Forest, Lord Melchett declared it is undesirable at this time, due to the Palestine disturbances, to proceed with the planting but he emphasized the necessity of continuing the afforestation work in Palestine. He expressed the hope that within the coming year, the entire 40,000 dunams comprising the Balfour Forest will be planted.

Other speakers were Major H. L. Nathan and Nahum Sokolow who recalled that at the same Mansion House in the 1880's, a protest meeting was held against anti-Jewish riots in Russia. Mr. Sokolow praised England's hospitality and justice and said he is glad to have Palestine in the great system of a great Empire.

At the suggestion of the Lord

LACK OF CONFIDENCE IN PALESTINE ADMINISTRATION  
HAS GRAVE REPERCUSSIONS

By Pierre Van Paassen

(Copyright, Jewish Telegraphic Agency, Inc.)

Cairo, Oct. 17.—Though Palestine Jews have never lost for a single moment their determination to carry on the redemption of the national homeland nor faith that Great Britain will stand by her solemnly guaranteed pledge to facilitate the rebuilding task, the present situation of uncertainty and insecurity of life is threatening the gravest consequences as the country on the whole has not confidence in the local administration and is convinced that the case is being prepared for the forthcoming Commission of Inquiry to show the Jews and Arabs are equally responsible.

The personnel of the commission and the terms of reference make it undesirable that Jews appear at all, in the growing estimation of many leading financiers, businessmen and industrialists, as the upshot is bound to be a whitewashing of the local administration, in their opinion.

Though mass attacks have not been repeated in the country in general, isolated cases of stabbing and shooting continue, creating a feeling of insecurity. This is having a repercussion on the resumption of business and the return of normalcy. The theatres of Tel Aviv, Haifa and Jerusalem were allowed to reopen, but they remain empty. The old lively spirit has fled to Aviv where thousands of the youths spend their evenings at the seashore singing and dancing, has not returned, in spite of the lifting of the curfew restrictions. Businessmen generally are talking of pinched conditions, especially among the middle class. The hotels were hardest hit as the tourist influx is beginning to lag.

The failure of the local government to immediately legitimize the Jews arming themselves in their own communities, on the ground that no community was attacked where the Arabs knew that arms existed, has created the greatest disappointment in all circles. It has had this result that arm smuggling on a large scale has been initiated. The colonists and the townspeople by the score affirm that they are determined to arm themselves as they have been attacked three times in seven years and no guarantee exists at present that this will not be repeated in the future.

If the Government persists in disarming them, many prefer resistance and a fair fight with the British patrols and police to having their throats slit by Arabs while they are asleep. There is a hopeful subcurrent that

Mayor a telegram was despatched to Lord Balfour, tendering him congratulations on the progress of the forest. The telegram was signed by Lord Melchett and the Lord Mayor. Messages of felicitation were received at the ceremony from Lord Balfour and M. M. Ussishkin, head of the Jewish National Fund.

such drastic action will be unnecessary as the British and world opinion, it is believed, will enforce justice for the Palestine Jews.

Lord Melchett's reassuring message that he is certain Great Britain will do what is right by the Palestine Jew has somewhat restored confidence. Expectation is high that American Jewry will shortly pronounce decisive word after its spokesmen have conferred with MacDonald. On the other hand, Palestine Jewry is confident that if a hundred thousand more Jews are allowed to enter the country within the next few years attacks will never be repeated, and the Arab peasants and merchants will see ere long that the Jews are benefactors to the country and that they themselves are the greatest beneficiaries. After this, intrigue and false propaganda of a handful of landlords, who are simultaneously the religious chiefs, becomes ineffective.

This is discernible already, as the sheikhs of the Jordan Valley came to Jerusalem on Sunday to express regret, furnishing the Government with the names of those among them who participated in the riots, against whom charges will be laid. The sheikhs, who were four in number, voluntarily declared that the Jews were their benefactors and teachers, as well as healers of disease.

The unexpected appearance of the sheikhs caused the Mufti to redouble his efforts for anti-Jewish propaganda in Syria and Egypt where the Arab press is printing fantastic despatches from Jerusalem about Jewish attacks, atrocities, pillage, burning and the desecration of holy places, in an attempt to arouse the indifferent Moslems of the surrounding countries to rally to the aid of their Palestine brethren. The Egyptians were hitherto completely uninterested in Palestine affairs, relying on the assurance of the British Government that the holy places will be inviolate and well protected. Agitation was carried on by Palestinian Moslem students at Alazar, the great Mohammedan university at Cairo.

## PUBLIC PROSECUTOR, A MOSLEM, ABSENT FROM COURT, CAUSES ADJOURNMENT OF SHEIK'S TRIAL

### Defense Seeks Postponement; Court Rules Other Cases Await Verdict Whether Markah Incited Mob to Massacre

By Gershon Agronsky

(Staff Correspondent, Jewish Telegraphic Agency)

Jerusalem, Oct. 17.—The trial of Sheik Taleb Markah, charged with being the chief instigator of the Hebron massacre, was adjourned this morning owing to the non-appearance, supposedly on account of illness, of the government prosecutor, El Alami, a Moslem, from whose hands the judges on Wednesday practically took the conduct of the case, owing to his evident indifference to the prosecution. Some observers expressed the opinion that the illness may be "diplomatic." In the meantime, the court is endeavoring to arrange for another government prosecutor.

The defense attempted to secure postponement of the case, but Judge Corrie intimated that this is not practicable, since other Hebron cases await the disposition of this one.

A widowed survivor of the Hebron massacre, testifying that Taleb urged a mob who slaughtered her husband and son to "finish her" and a man in the Slonim house who was saved when the butchery occurred because he lay under a heap of dead and wounded were the two principal witnesses yesterday against the sheik. The woman, Sultana "Guzlan," on cross-examination, told of the gruesomeness of the slaughtering and recalled the manner of the killing of her husband and son. She escaped to a balcony, an assailant hot on her heels. Already wounded, she begged the assailant to spare her. Taleb, standing below a knot of villains, shouted: "Kill her. Be done."

Exactly how the woman was saved is unclear to her. She appeared in court bandaged after having spent weeks in the hospital.

Her evidence was punctuated by heart-breaking sobs, especially as the defense counsel attempted to break her down and confuse her, until the merciful judge took the unhappy woman under his wing, reprimanding the counsel for trying to turn the grim evidence into a joke. Under the fire of the cross-examination, her evidence somewhat contradicted her deposition before the examining magistrate, but the testimony on the whole was most damning to the accused.

Ephraim Sokolower of the Hebron Yeshiva, described the scene at the Slonim house where the butchery lasted more than fifteen minutes. He sought shelter in the Slonim house, which was considered safe, after two persons were killed in his own house. He would have met his death here, but was overlooked because of the numerous bodies.

Although the prosecution rested its case yesterday, several witnesses who testified the day before were recalled and new witnesses were called. When the proceedings began the defense counsel put the "Palestine Bulletin" cited for contempt of court for calling

the testimony of Hebron Assistant Police Superintendent Cafferatta "wonderful." The judge pointed out that the "Bulletin" says "remarkable." The counsel further objected that the "Bulletin" refers to Taleb as a "ringleader," whereupon the judge said it is a common failing of newspapers to omit the word "alleged" but he asked the journalists to be more careful.

An Arab police officer of Hebron testified that he made the rounds of Jewish houses on Saturday morning and ordered them to lock their doors and windows and stay indoors. The counsel asked what the order meant, at which the judge reproved him, sarcastically asking the counsel: "What would it mean to you?"

A strong attempt to discredit the witnesses by quibbling words was discouraged by the judges. The witness, Moshe Kastel, was confused and slightly discredited on the point whether he saw Taleb before or after the closing of his store. Israel Labi testified he saw Taleb in the street and heard him say: "Having slain some Jews, let us kill others." The public prosecutor, who is a Moslem, was noticeably passive all day and did not attempt to draw out the witnesses. The judges themselves raised questions whenever a point was not clear.

The judges denied the defense counsel permission for another cross-examination of the Jewish woman, Mazal Mizrach, ruling that a full cross-examination had previously been made.

### RESUME TRIAL OF ARABS CHARGED WITH MURDER OF SAFED JEWISH MECHANIC Arab Demand for Change of Venue Not Granted

(Jewish Telegraphic Agency)

Haifa, Oct. 17.—The trial of the three Arabs, accused of the murder of Isaac Mamaan, Jewish mechanic of Safed, was resumed yesterday in the Criminal Assizes Court following an interruption Friday when the Arab counsel withdrew.

Chief Justice Sir Michael MacDonnell, the presiding judge, was greatly touched by the testimony of the widow of the murdered man. Upon the completion of her testimony that her dying husband named the three accused as his assailants, she turned to the court, asking that it find the fourth assailant, Ahmed Topish, who escaped. The widow, who was dressed in mourning, broke down several times while on the stand, particularly when the cross-examiner asked her questions relating to her life with the murdered man, to whom she had been married for twenty years.

By face and by name, Mrs. Mamaan

### Visa Rules Cause Overlapping of Two Immigration Laws

By Our Washington Correspondent

Washington, Oct. 17.—The fact that visas issued to aliens seeking to enter the United States are valid for four months has caused an overlapping of the old immigration act, based on the census of 1890, and the national origins act, which became effective July 1, 1929, it was stated orally by J. J. Kunna, of the Bureau of Immigration, Department of Commerce.

Some aliens arriving in this country in July, August, September, and October, have been coming in under the old quota, although the new one is now in effect, for they were issued visas before July 1, Mr. Kunna pointed out. The situation may continue for some time, since an alien merely must leave his own country within four months of the time he acquired his visa, to be permitted to enter this country, Mr. Kunna said. "Thus if an alien leaves just short of the time of expiration of his visa, and his journey takes a number of months or is interrupted, he may enter the United States six or eight months, or even longer, after obtaining his visa, it was stated.

Another unusual situation is caused by the length of time a visa is good, according to Mr. Kunna. It is possible, he said, for a nation with a small immigration quota and a small number of applicants for visas to surpass another nation with a large quota and a much larger number of applicants, in the number of persons admitted to this country during a single month.

Mr. Kunna cited the case of Great Britain and Germany. Under the old law it was the usual thing for Germany to supply more immigrants than Great Britain, for the respective quotas were about 51,000 and 34,000, he says. This was true despite the fact that Germany's waiting list was slightly less than her quota, while that of Great Britain was larger.

### ROSENWALD CO-ADMINISTRATOR OF CHARITABLE FUND

Julius Rosenwald, one of the outstanding philanthropists in America, was chosen, with former President Calvin Coolidge and former New York Governor Alfred E. Smith, to administer a large charity fund left by the late Conrad Hubert, flashlight manufacturer.

In his will disposing of a fund of more than \$8,000,000, the late Mr. Hubert provided that three-quarters of the residue of his estate should be placed in a fund for charitable, educational and religious institutions; the fund, he directed was to be administered by three representative men of prominence. Mr. Coolidge, a Protestant, Mr. Smith, a Roman Catholic and Mr. Rosenwald, a Jew, were chosen and accepted. It was learned yesterday that they have been meeting in New York once a month since July to discuss matters relating to the fund.

identified the three accused, corroborating the testimony of preceding witnesses that Mamaan remained conscious, repeating several times the names of his attackers, asserting that the man who escaped stabbed him, while the others, who are now on trial, prevented him, Mamaan, from escaping.

Other witnesses included a nurse on the staff of the Hadassah hospital at Safed where Isaac Mamaan, mortally wounded, was taken and where he died. Subjected to a brutal cross-examination, she steadily adhered to her original testimony that Mamaan was conscious and named his assailants.

The application of the Arab lawyers for a change of venue on the ground that Justice Litt, who is sitting with Chief Justice MacDonnell, is disqualified because he expressed an opinion during the proceedings, has apparently received no consideration, inasmuch as no change of venue has occurred.

## GERSHWIN TO BASE OPERA ON "THE DYBBUK"

George Gershwin, one of the outstanding composers of modern jazz music in America, known especially for his "Rhapsody in Blue" and "Americans in Paris," is to write an opera based principally on S. Ansky's "The Dybbuk." It is expected that Mr. Gershwin will write the opera to be produced at the Metropolitan Opera House.

Mr. Gershwin stated that he had not definitely decided on the writing of the opera but if he did, he would probably choose "The Dybbuk." The drama, played throughout Europe, was produced in New York in the last few years in Hebrew, Yiddish and English, attracting a wide audience and receiving highest acclaim from the critics.

## HOME TOWN REJECTS REISIN DUE TO PALESTINE VIEWS

(Jewish Telegraphic Agency)

Moscow, Oct. 17.—The ire of the Communists against Abraham Reisin for his attitude with regard to the Palestine events, leading to his resignation from the staff of the New York Communist daily, "Freiheit," has extended to his birthplace, Koidanov. The local Jewish school in Koidanov, which had been named for Mr. Reisin has now decided to drop his name.

## PROTESTS JEW'S ATTEMPT TO CHANGE NAME TO LOVETT

(Jewish Daily Bulletin)

Cambridge, Mass., Oct. 17.—Charles W. Lovett of Lynn, Mass., appeared in the Cambridge court today to protest against the petition of Julius Youdelowitz of Malden, Mass., to have his name changed to Lovett.

Charles W. Lovett is a former New England Governor of the Rotary Clubs. Youdelowitz is a graduate of Harvard University.

The hearing will be resumed tomorrow.

aim greatly exceeded the quota, he asserted.

Under the national origins clause, Germany's quota, in round numbers, is 26,000 and Great Britain's is 66,000, according to Mr. Kunna. The latest available figures show that Germany has about 44,000 on the waiting list and Great Britain about 141,000. Yet it is still possible for Germany in some months to supply more immigrants to the United States than Great Britain.

Visas can be issued to 10 per cent of a nation's quota in one month. Mr. Kunna said, which would be 2,600 for Germany and 6,600 for Great Britain. If Germany used up the full 10 per cent of her quota for each of four consecutive months, July, August, September and October, for instance, she would have obtained 10,400 visas in that period, Mr. Kunna pointed out. If all the Germans who received visas in that period decided to come to this country in October, as they could do because the visas are good for the four months, the total for that one month would be 10,400, said Mr. Kunna.

If Great Britain, during the same four months, used up her full 10 per cent, but the persons obtaining visas left for the United States upon receiving them, her total number of immigrants for October would be 6,600, or 3,800 less than Germany's total for the month. Mr. Kunna stated. Germany would, therefore, lead the immigration list, although Great Britain has a quota more than twice as large as Germany and a waiting list more than double the quota.

the strike was not apparent in Haifa, the Jews continuing their business, and troops not being in excessive evidence.

The strike did not affect the Tiberias region where the Arabs and the Jews conducted business as usual.

Arab workers reported for work in the Jewish orange groves in Petach Tikvah, as well as at their jobs in the construction of the road which the government is building from Petach Tikvah north. Arabs also reported for work in Rishon Le Zion, Rehoboth, Zichron Jacob, Hedera, Afula, Nahalal and other colonies. It is further reported that the quarrying works at Athlit were in full working order on the day of the strike.

(J. T. A. Mail Service)

London, Oct. 4.—The Jewish National Fund for Great Britain and Ireland sent to Palestine a sum of \$15,500 for the amelioration of the Haifa Bay area. The amount was received by the Jewish National Fund as the first instalment of the loan of \$25,000 which it has obtained from the Norwich Union Life Insurance Company, pledging its income for the next six years. The loan was raised, as Leopold Schen the president, explained at the Jewish National Fund Conference held last week at the specific request of the Jewish National Fund headquarters in Jerusalem. "The interest we are paying," he said, "is less than the bank rate today. We are to repay this loan in twelve six-monthly instalments, beginning eighteen months after the date of signature."
