Smuts' Amendment to South African Quota Bill Rejected

(Jewish Telegraphic Agency)

Capetown, Feb. 19.—An amendment by General Smuts to the new immigration bill, which would have given each East European country a quota of five percent of the number of its immigrants who lived in South Africa in 1926, instead of limiting the quota to fifty immigrants a year, was defeated yesterday in the South African parliament, as a result of the opposition of Premier Herzog's party.

Both the Premier and Minister Malan stated that while they are opposed to more immigrants entering South Africa from Eastern Europe, they do not at the same time wish to limit immigration from the "Nordic" countries. Their attitude was strongly criticized by the Jewish deputies who supported General Smuts' amendment.

Russia Wars on Anti-Semitism Prevalent in Red Army

(Jewish Telegraphic Agency)

Moscow, Feb. 19.—David Schoichet, a soldier in the Red Army, committed suicide today because of anti-Semitic persecution. A special Red Army seminary has been established in Moscow to fight the increasing anti-Semitic tendencies among the soldiers. Each soldier is required to attend five seminary lectures to acquaint himself with the Soviet national minority policy as well as the background of anti-Semitism and the useful role of the Jews as workers and colonists.

Minsk Kehillah Leaders To Be Tried Soon on Serious Charges

(Jewish Telegraphic Agency)

Moscow, Feb. 19.—Moscow officialdom in commenting on the arrest last Saturday of practically all of the leaders of the Minsk Jewish community says that the rabbis were arrested not because they were religious leaders but because they had been maintaining secret connections with counter-revolutionary organizations abroad. The arrests should hence not be interpreted as anti-religious persecution. It is understood that those arrested will be tried shortly on an official charge of delivering anti-Soviet information abroad which is a serious accusation.

Two Jews Lose Mandates as Polish High Court Cancels Elections from Volhynia

(Jewish Telegraphic Agency)

Warsaw, Feb. 19.—The Polish Supreme Court, after hearing complaints of irregularities in elections, has cancelled the parliamentary elections held in March, 1928 in the province of Volhynia, thereby annulling the mandates of Deputy Wislicki and Senator Lazar Dal, two of the three Jewish candidates who were returned in the general election on the government ticket. Deputy Kirschbraun is now the only Jewish member of the government bloc in parliament.

It is expected that Wislicki and Dal will present their candidacies again in the new elections which will take place within three months. Twenty-two complaints of election irregularities were made altogether, and in three cases, including those of the two Jewish deputies, the election results were cancelled. The third parliament member, a leader of the government party, whose election was invalidated, was Prince Radziwill, the leader of the Polish aristocracy, president of the Sejm Committee on Foreign Affairs.

Copeland Foils Plan to Force Senate Report on Blease Alien Bill; Congressman Dickstein Attacks Registration Proposals in House

(Jewish Telegraphic Agency)

Washington, Feb. 19.—A manoeuvre of Senator Blease of South Carolina to force a report on his voluntary alien registration bill was nipped in the bud by Senator Copeland of New York yesterday afternoon by securing its recommitment to committee on unanimous consent, after Senator Blease had actually succeeded in having the bill favorably reported to the Senate by securing signatures for the bill from more than the necessary majority of eight of the twelve members of the committee through a poll vote conducted by himself among the committee's members.

Following the report of the bill, Senator Copeland moved for unanimous consent necessary under parliamentary procedure to recommit the bill, explaining that only four members of the committee, less than a quorum, were present at the meeting

Ukrainia to Effect Measures for Aid of Declassed Jews

(Jewish Telegraphic Agency)

Moscow, Feb. 19.—The president of the Ukrainian Central Executive Committee, M. Petrovsky, urged today that certain categories of Jewish ex-traders be reinstated in their election rights similar to the reinstatement decided on by the Central Executive Committee in Moscow for the Jewish ex-traders of Central Russia. He made his recommendation at a meeting of the Central Executive Committee's secretariat where a number of speakers established that the situation of the declassified Jews in Ukraina is more than catastrophic.

Petrovsky also emphasized the situation of the declassified Jewish youth, recommending that even those without election rights should be admitted to the factories. A member of the Central Executive Committee, M. Gorlinsky, suggested that the laws regarding voting rights be revised in favor of the Jewish declassified.

The recommendations of Petrovsky, and Gorlinsky were approved and the technical committee of the Central Executive Committee will work out the details for the reinstatement of the declassified Jews.

Arab Towns Contributing to Cost of Death Term Appeals

(Jewish Telegraphic Agency)

Jerusalem, Feb. 19.—The Arab relief fund has refused to finance the death sentence appeals before the Privy Council in London but Nablus and other towns are each contributing \$500 to defray the cost of the appeals.

where the decision to conduct the poll vote was made, and that he had been absent since he had no prior notice that the bill would come up for consideration.

Senator Blease was present in the Senate chamber, but offered no objection to the Copeland motion, which passed unanimously, evidently realizing that he had been caught in his attempt to get the bill on to the Senate calendar before a hearing or other consideration could be given it.

Following the bill's recommitment, Senator Copeland said that he would demand full hearings on it before further action is taken on it by the committee. Many telegrams were received by Senator Copeland protesting against the bill and urging him to oppose it. Congressman Dickstein also conferred with both Senator Copeland.

Police Fail to Clear Up Deaths of Safed Jews

(Jewish Telegraphic Agency)

Jerusalem, Feb. 19.—The police have failed to clear up the mysterious killing and wounding of several Jews from Safed who were sheltered in the police barracks after the massacre it was disclosed today by the Hebrew newspaper "Doar Hayom." On the Saturday following the massacre, says the "Doar Hayom," a trooper of the Transjordanian defense force boasted in the presence of Habib Hadad, a Sephardic Jew from Tiberias whom he mistook for an Arab, that at dawn he had fired on the Jews in the police barracks.

The trooper repeated the same story to another Jewish youth, continues the "Doar Hayom," who after drawing him out informed the police in Tiberias. The latter questioned the trooper but then released him. This week, six months after the event, the police held identification parades in various places without finding the trooper.

In view of the success attending the publication by the Head Office, Jewish National Fund in conjunction with the "Omanuth" Publishing Company of the Hebrew Youth Library comprising books in Hebrew dealing with all phases of Palestine life, movements, personalities, history and geography, it has been decided to issue a similar Library dealing with the same subjects but intended for children of ages between 10-12.

These books, too, will be pointed and illustrated but the language will be simpler and the contents adapted to the age of the readers. This Library is to be known as "Latalmid" and it is anticipated that it will meet with the same success that is attending the youth (Lanoar) Library.

50 American Chaltzim Leave for Palestine

The first American group of "chaltzim," which sailed yesterday on the "Mauretania" for Palestine, was honored by the Zionists of New York City Tuesday night at a farewell reception in the Jewish Club. The group consists of fifty men and women. Several hundred people were present at the reception.

The principal speakers were Dr. Shmarya Levin, Rabbi Stephen S. Wise and Rabbi Gold. Dr. Levin, in the course of his talk, expressed the opinion that six million Jews of Eastern Europe are doomed to perish. He advised the American "chaltzim" to "write good letters home, though without exaggerations," assuring them that no matter what hardships they may have to endure in Palestine as pioneers, they will nevertheless feel happy.

Dr. Wise expressed confidence that England has already recognized its mistakes in Palestine and will soon rectify them, and said that the Jews will not surrender under threats of force. "Palestine is not only a refuge for the Jewish homeless, but also, and more so, for Jewish homelessness," he said. Judge Bernard Rosenblatt presided at the reception.

Philadelphia to Take Lead in 25th Anniversary Celebration of Brith Sholom Order

(Jewish Daily Bulletin)

Philadelphia, Feb. 19.—The Jewish Community of this city will lead in the celebration of the twenty-fifth anniversary of the founding of the Independent Order Brith Sholom. It was in this city 25 years ago that 44 men came together in a private home, a stone's throw from Independence Square, and laid the foundation for what later became one of the outstanding Jewish fraternal orders in this country. Out of these 44, the Order grew rapidly until at one time it had as many as 52,000 members in lodges scattered throughout the land. Its present membership is approximately 25,000. Judge William M. Lewis, national chairman of the United Palestine Appeal, is Grand Master and Martin O. Levy is Grand Secretary.

The celebration in this city has been planned on an extensive scale. It is expected that similar celebrations will take place in a number of communities throughout the country where the Order has a large following. The celebration will begin this Friday evening with exercises in a number of synagogues and will continue until Tuesday evening, February 25, reaching its climax in the Brith Sholom Silver Jubilee Ball at the Elks Ballroom. Several thousand people, many of them coming from various parts of the country, are expected to attend this social function. United States Senator Royal S. Copeland of New York will deliver the keynote address at the Silver Jubilee Banquet at the

Mandates Commission Special Session Postponed to June

(Jewish Telegraphic Agency)

Geneva, Feb. 19.—Because of the British request made at the January session of the League of Nations Council for more time to prepare documents and other reports for the commission's examination, the extraordinary session on the Palestine situation, planned by the Mandates Commission for March, has been postponed until June. This became known yesterday as a result of a telegram from Marquis Theodoli, chairman of the Mandates Commission, to Sir Eric Drummond.

Hakoah, National Soccer Champions, Planning Three Foreign Tours at End of Season to South America, Australia, Europe

Three foreign tours, with approximately \$75,000 as the total gross proceeds, are contemplated by the National Champion Hakoah Soccer team at the end of the present season. Offers have been received by Dr. Max Krauss, president of the Hakoah All-Stars to tour Australia, South America and Europe in the middle of May, according to the Jewish Telegraphic Agency.

The Australian Football Association has sent the New York club an inviting offer of a three months tour of the continent with the promise of at least ten games in addition to other fixtures if time allows. Games will be played with clubs under the jurisdiction of the F.I.F.A. only as the Hakoah are forbidden by the Austrian Football Association and the U.S.F.A. to engage the outlawed Australian teams. If the Jewish club accepts the Australian offer they will leave New York on May 25th arriving in Australia about June 1st with a stay until the middle of August.

The second offer is for a tour of South America, coincident with the International football championship that will be competed for in Uruguay this summer under the auspices of the F.I.F.A. and in which the United States is expected to furnish representation. Leaving New York May 1st the Hakoah club would tour the countries of Uruguay, Paraguay, Argentina and Brazil. In Sao Paulo, Brazil, 25,000 Jewish sport followers are expected to witness the Hakoah in action should the tour materialize. Ten games for South America have been promised with the offer of \$37,000 as the Hakoah's share. The tour will take three and a half months.

A European tour of eight countries completes the offers that Dr. Krauss is considering. The tour would include six games in Poland with a guarantee of \$1,000 for each game; three games in Czechoslovakia with guarantees of \$2,000 or 60% of the gate proceeds for each; one game at Cherbourg with a well known amateur club, netting the Hakoah \$750 or 75% of the proceeds;

one game with the Vienna Hakoah without profit to the New York team; one amateur and one professional club as opponents in Paris with promises of \$1,700 for both games; one game with the famous M.T.K. club of Budapest and a match with the VAC club in the same city; one game in Switzerland and two or three games in Italy on the return to America.

In case the Hakoah decides upon the European tour they will exchange three of the present players for three forwards of the Vienna Hakoah. It is most likely that the club will make the South American tour, although Dr. Kraus would like to go to Australia. The British Dominion, incidentally, has guaranteed twice the proceeds of the South Americans.

Many considerations are preventing a hasty decision as to which of the countries the Jewish club will favor. One of these is the fact that four of the Hakoah players are being married soon. These are: Sternberg, Fisher, Wagner and "Ziggy" Wortman.

\$27,500,000 J. N. F. Insurance Written by Phoenix Company

The agreement between the Jewish National Fund and the Phoenix Insurance Company, under which the former benefits from insurance policies written under the terms of the agreement, has been consistently maintained since before the War and has lately been renewed with increased benefits for the Jewish National Fund. The Phoenix was willing to guarantee to the Jewish National Fund a minimum annual sum of \$25,000 and its confidence has been justified. While in 1925, insurance written under the agreement was for \$1,600,000 in five countries, it has increased to \$12,500,000 in 1929, in 17 countries. The total insurance business written under the arrangement amounts to \$27,500,000.

The National Fund has hitherto received, at no expense to itself whatsoever, the sum of \$165,000. The new agreement with the Phoenix Company provides for the progressive increase of the guaranteed minimum, which will gradually reach \$50,000 per annum. The Phoenix Insurance Company also invests in Palestine, in consequence of this arrangement, and the new Zionist headquarters in Jerusalem are being built as a result of financial assistance on favorable terms from the Phoenix.

By decision of the Zionist Congress, the Jewish National Fund is among Zionist institutions, given a monopoly of insurance propaganda. In the United States, the Order Sons of Zion has encouraged its members to insure themselves on behalf of the Jewish National Fund and lately, the Equitable Life Assurance Society of the U. S. A. has undertaken a plan for bequest insurance in favor of the National Fund. The Judea Life Insurance Company in the U. S. A. has many insurance policies in aid of the J. N. F.

New Terminology May Void

Bavarian Anti-Schechita Law

(Jewish Telegraphic Agency)

Berlin, Feb. 19.—The commission on legal terminology of the German Reichstag has adopted the motion of the Centrists to add to the paragraph on animal slaughter in the new book of legal terms a clause to the effect that schechita, the Jewish mode of animal slaughter, does not constitute cruelty to animals, and therefore is not punishable by law.

It is believed that in this way the recently passed Bavarian law which forbade schechita on the ground that it constituted cruelty to animals will become inoperative. This amendment to legalize schechita was first suggested by Minister of Justice Bell and the director of the German health ministry has also given his consent to it.

Copeland Foils Plan to Force Senate Report on Blease Alien Bill; Congressman Dickstein Attacks Registration Proposals in House

(Continued from Page 1)

and Senator Wagner as soon as he learned of the developments and Senator Copeland's motion to recommit followed this conference. It is understood that a number of Jewish organizations in New York, informed of the situation, are considering steps to cope with it.

(Jewish Telegraphic Agency)

Washington, Feb. 19—A discussion of alien registration was brought forward in the House of Representatives yesterday by Congressman Dickstein, who attacked the various bills introduced for this purpose. Describing the proposed registration legislation as a scheme to establish in America "the Czaristic system of the yellow ticket," Dickstein bitterly assailed the proposals.

Entering into a detailed analysis of the various registration bills, Dickstein acknowledged his indebtedness for much valuable information to Max J. Kohler of the American Jewish Committee. Along with other bills that he attacked as an indirect method of eventually bringing about compulsory registration was the bill of Congressman Cable of Ohio, termed voluntary by Cable, because it carries no penalty for non-registration.

Dickstein said "the only difference between the registration of aliens and the old Russian regime is that the Russian regime specified a yellow ticket. Now all you have to do in these bills is to specify a yellow ticket and you have the complete condition that they had in Russia. Heaven save us from this."

He also criticized the Congress leaders for not discussing immigration in proper time, pointing out that the bills were brought out in the last few days and that Congress, under suspension of the rules, steam-rolled and sometimes voted for inhumane measures that, had it really known about them beforehand, it would not have voted for. Dickstein pointed out the inevitable unhappy results flowing from a host of inspectors roaming throughout the United States to ferret out cases of alleged unlawful entry among seven million aliens, citing the experience of the government under the Chinese exclusion act where under-inspectors were guilty of oppression, blackmail, extortion and other undesirable activities. He pointed out, too, that immigration officials would become both prosecuting and judicial officers before whom the arrested aliens will be heard.

Continuing his attack, Congressman Dickstein said: "About 25 years ago. President Roosevelt, in one of his messages, said that not only must we treat all nations fairly but we must treat with justice and good-will all immigrants who come here under the law. President Roosevelt stated that it was a mark of low civilization and a low morality to discriminate against or in any way to humiliate the stranger

who has come to live with us and who is conducting himself properly.

"How far have we gone since these memorable words were uttered and how queer sounds today in the halls of Congress the words of gentlemen who are sponsoring this legislation. How far they have gone from American tradition and how this hurtful legislation is removed from the spirit of our American institutions.

"I therefore want to express my solemn horror at this new attempt to establish and erect barriers between our citizens and non-citizens, which will endanger relations with foreign powers and which will throw our entire alien relationship into turmoil, indifference and disregard. The attempt to register aliens will eventually result in registration of our own people, because how is anybody to tell whether or not a given individual is or is not an alien? And if we do that, what is to prevent this government from issuing passports to everybody, making them carry around with them cards with photographs to show that they have the right to live in this country?

"You see, you are reducing to the absurd this whole movement to register seven million people without any reason whatever."

During his address, Congressman Dickstein quoted from the Jewish Telegraphic Agency's interview with President Green of the American Federation of Labor, denying that the A. F. of L. favors compulsory registration. Many members interrupted Dickstein with questions during his speech.

Judea Life Arranges to Raise Capital and Surplus

A special meeting of the directors of the five inter-connected Judea companies, held at the Governor Clinton Hotel, approved the contract entered into between the Judea Industrial Corporation and the investment house of Moses & Company, Inc., whereby 130,000 shares of the new stock of the Judea Life Insurance Company will be sold to the public, according to a statement issued by the company.

The old stockholders of the Judea Industrial Corporation will first be given the opportunity to subscribe for over 100,000 shares of the new stock at the rate of three shares of the new issue for each share held in the Industrial Corporation.

The investment house will purchase and sell only part of the new stock; the remainder of the two hundred thousand shares authorized by the Insurance Department will be purchased by the Judea Industrial Corporation in connection with this financing. It is stated that this arrangement will assure the continued control of the Judea Life Insurance Company by the Judea Industrial Corporation and its wholly owned subsidiary, the Judea Insurance Company, Ltd., of Palestine.

The new capital and surplus will go to expand the insurance business in the many States where the company is favorably known but not now operating. The directors of the Judea companies at the meeting, some 36 in number, were enthusiastic over the new prospects for the company and its Palestine aims.
