Quebec Government Names 7 as Jewish School Committee

(Jewish Telegraphic Agency)

Quebec City, Apr. 25—The provincial government of Quebec today announced the names of the seven members of the Jewish School Commission, created in a recent enabling bill for a separate Jewish school system on the Island of Montreal. The commission will have power to negotiate for an understanding with the Protestant school leaders or to establish separate Jewish schools if an understanding is impossible.

The seven members of the commission are Edgar M. Berliner, A. Z. Cohen, Nathan Gordon, Rabbi H. Abramovitch, Dr. Max Wiseman, Michael Garber and Samuel Livingstone, with the latter as chairman. Mr. Livingstone, a mining

Reactionaries Urge Warning on Schechita Ban, Cemetery Desecrations Be Ignored

(Jewish Telegraphic Agency)

Berlin, Apr. 25—While the reactionary press protests against "the intervention of the American Jewish Committee and the Jewish Telegraphic Agency in German internal affairs" it urges the German states to disregard the letter from the foreign minister to the minister of the interior telling him that the American Jewish Committee and the Jewish Telegraphic Agency had called the attention of the German ambassador in Washington to the schechita ban in Bavaria and the reports of Jewish cemetery desecrations.

The Jewish press on the other hand reprints the letter and expresses satisfaction that the Foreign Office considers "the feelings of American Jews by recognizing that the schechita ban and the desecration of Jewish cemeteries is harmful to German prestige abroad." Although the Democratic press has so far not reprinted the letter it is known that in important political circles the warning that the Reich government sent to the German states is approved.

The "Voelkische Beobachter" in its Easter issue published the foreign minister's letter which pointed out that the German ambassador in Washington had received letters from the managing director of the Jewish Telegraphic Agency and from the president of the American Jewish Committee calling the ambassador's attention to the cemetery violations and the ban on schechita. As made public yesterday in New York by the Jewish Telegraphic Agency the letters from neither could be interpreted as intervention in German internal affairs.

Despite Recent Developments New General Restrictive Immigration Bill Unlikely

(Jewish Telegraphic Agency)

Washington, Apr. 25—Despite the surprising developments in the Senate in the last few days it is unlikely that Congress will adopt a new general immigration restriction bill applying to Europe, it is authoritatively learned here though the situation warrants considerable anxiety on the part of friends of immigrants.

It is thought that the Senate has been largely animated by a desire to show that it is grappling with the unemployment problem in adopting such drastically restrictive proposals, but even if the Harris bill, extending the quota system to South America and Mexico, together with its amendments affecting European immigration, is passed in the Senate it will probably be rejected in this form by the House and in the end all of the recent startling developments will be proved to be a bursted bubble although they will undoubtedly be the basis for possible further immigration restriction at the next session.

The Harris bill is confidently expected to pass by its supporters although its opponents express skepticism because of the opposition of the administration which feels that this

(Continued on Page 3)

Oppose Isaacs as Australia's Governor Because He Is Native

(Jewish Telegraphic Agency)

Melbourne, Apr. 25—Widespread opposition to the proposed nomination of Sir Isaac Isaacs, recently appointed Chief Justice of Australia, as governor-general of the Commonwealth of Australia, has been indicated here. The opposition is not in any way anti-Semitic but is based on the fact that former appointees, coming from England, have been regarded as an important link with Great Britain and a continuation of the policy of appointment of someone not an Australian is thought would ensure the naming of someone more disinterested than a native appointee.

The Australian Labor Party, following its declared policy to have an Australian appointed Governor-General, has recommended Sir Isaac, who climaxed a brilliant legal career of 30 years by his recent appointment as Chief Justice. Despite the outcropping of opposition to a local appointee, all the political parties pay tribute to Sir Isaac.

There is a feeling in some quarters that the recommendation that Sir Isaac be appointed was influenced by the Catholic majority in the Federal government since the British nominee is always a Protestant.

Luke to Testify for British Government at Mandates Body

(Jewish Telegraphic Agency)

London, Apr. 25—H. C. Luke, chief secretary of the Palestine government and acting High Commissioner during the riots, will accompany the representative of the British government before the Mandates Commission of the League of Nations which meets in June. Although he will not be the British government's representative—Dr. Drummond Shiels, under-secretary for the Colonies will act in that capacity—he will accompany him with a view to furnishing information to the Mandates Commission and reply to various questions as the person responsible for the government of Palestine during the disturbances.

Parliamentary circles consider it the most natural thing in the world for the Chief Secretary to accompany Dr. Shiels, while in Zionist circles the report has caused astonishment and great disappointment. In order to appear before the Mandates Commission in June, Mr. Luke's six months' leave of absence has been extended for a further period, but nothing definite can be said regarding his movements after the Mandates Commission's sessions.

Jerusalem, Apr. 25—H. C. Luke, chief secretary of the Palestine government and acting-High Commissioner during last Summer's disturbances, will represent the British government before the June session of the League of Nations Mandates Commission, according to the Arab paper "Falastin." The paper also says that after that he will return to his post in Palestine.

Court of Appeal Upholds Urphali's Death Sentence

(Jewish Telegraphic Agency)

Jerusalem, Apr. 25—The Palestine Court of Appeal today confirmed the death sentence of the Jewish merchant from Jaffa, Joseph Mizrachy Urphali, condemned to death for a second time by the lower court, April 3, following a re-trial which had been ordered by the Court of Appeal when it ruled out the evidence presented by the prosecution in the first trial. Urphali is now the only Jew sentenced to death as a result of last Summer's riots.

Urphali's re-trial followed a decision of the Court of Appeal on January 25, setting aside the verdict of the lower court. It was expected that a re-trial would mean an acquittal. He was found guilty of being implicated in the murder of two Arabs who were killed on August 25 when the Arabs attempted to invade Tel Aviv from a point just outside of Urphali's house in Jaffa. His counsel, Mordecai Eliash, has asked the Court of Appeal to request High Commissioner Chancellor to pardon Urphali.

Committee to Probe Economic Condition of Agriculturists

(Jewish Telegraphic Agency)

Jerusalem, Apr. 25—A committee to investigate the economic condition of agriculturists and fiscal measures that the government should take in relation to them has been appointed by Sir John Chancellor, High Commissioner of Palestine, it was officially announced here today. The committee consists of W. J. Johnson, deputy treasurer of the Palestine government, R. E. H. Crosbie, assistant district commissioner for the Southern district and an area officer to be nominated by the district commissioner in whose district the committee will sit. The committee will have two secretaries, J. Gress and V. N. Levy, both treasury officials.

Histadruth Members Barred from Unauthorized May Day Meetings

(Jewish Telegraphic Agency)

Jerusalem, Apr. 25—Members of the Histadruth, General Federation of Jewish Labor, have been instructed by the Labor Executive not to participate in any May 1 demonstrations sponsored by groups not authorized by the Histadruth. The instructions have been issued because it is felt that in the present situation demonstrations in areas of mixed population might be turned into disastrous provocative incidents.

Gruenbaum Denies Negotiating For United Minority Bloc

(Jewish Telegraphic Agency)

Warsaw, Apr. 25—A denial of the report in the local Yiddish daily, "Moment," that deputies representing minorities in the Polish parliament are negotiating for a united bloc in the forthcoming election, was issued here today by Deputy Isaac Gruenbaum, Jewish leader. He declared that no negotiations of any kind had taken place. Deputy Gruenbaum was reported to be representing the Jews in the parleys.

Religion Not Persecuted in Russia, Report of British Envoy to Soviet Shows

Religion is not directly persecuted in Soviet Russia, where thousands of churches are still functioning, but priests of religion are quickly shot or banished for the least act that the government regards as counter-revolutionary. The success of the anti-religious movement in Russia is due in a great measure to the fact that communism has become the new religion.

This is the gist of the confidential report of Sir Esmond Ovey, British Ambassador to Moscow, on alleged religious persecution in Russia which Foreign Secretary Henderson has persistently refused to publish. In spite of Mr. Henderson's refusal, however, the "Manchester Guardian" has just published a summary of the report, which yesterday's "New York Times" reproduces.

"Priests are automatically deprived of all civil rights—that is to say, they are not allowed to possess ration cards nor are they allotted to any housing space," the report says. "They have to shift for themselves or—as usually happens—they are fed and housed by their congregations. It has to be said that the majority of priests are well cared for. At the slightest sign of counter-revolutionary activity they are at once shot, imprisoned or banished to Siberia."

Managing Director of Jewish Charities of Chicago for 10 Years Tells of Ideals Consummated as He Prepares for Overdue Vacation

(Jewish Daily Bulletin)

Chicago, Apr. 25—Louis C. Cahn, for ten years managing director of the Jewish Charities of Chicago, who resigned recently to take his first vacation since the World War, today told the Jewish Telegraphic Agency in an exclusive interview how many of his ideals have been consummated in the past decade. In an earnest, kindly manner, which has earned for him the respect of thousands of social workers, both Jewish and Gentile, throughout the United States, Mr. Cahn told how Chicago's Jewish social activities have the reputation of being the most unified and best coordinated in this country.

Directors of the Jewish Charities, all men high in civic, commercial and financial circles of Chicago, know that to Mr. Cahn goes the credit for this splendid reputation.

Mr. Cahn was literally drafted for this position. Upon his return from a splendid record of social service work with the Red Cross, Mr. Cahn resumed his practice of law. His avocation, however, was social work. As a member of the board of directors of the Jewish Social Service, Mr. Cahn advocated a community study. His recommendation was adopted and he was named in charge of this work. More than \$25,000 was spent in the survey and after it was completed, the directors of the charities agreed that Mr. Cahn was the only man fully capable of heading the organization's activities. Whereupon, he gave up his

Jewish Deputy and Polish Justice Minister in Conflict

(Jewish Telegraphic Agency)

Warsaw, Apr. 25—A sharp conflict has developed between the Socialist Deputy in the Polish Parliament, Herman Lieberman, and Minister of Justice Stanislaw Car, which has caused a great sensation, because it has developed into a personal conflict.

Dr. Lieberman had published an article in the "Robotnik" Socialist organ, in which he sharply criticized Car's political activities, saying that the Minister insults the parliament. As a result of this Car sent a letter to Lieberman, the Premier and the Speakers of the Seim and the Senate, in which he declared that Lieberman attacked not only his political activities, but also him personally, for which Lieberman deserves to be slapped in the face.

In reply, Lieberman stated that he does not feel offended by the Minister's remarks and that Car's threats do not frighten him. For publishing this reply, yesterday's issue of the "Robotnik" was confiscated, but the order of confiscation was raised at Car's order.

Dr. Lieberman, who is one of Poland's leading lawyers, intends to sue the Minister for libel and an offense in print.

law practice and assumed the newly created position of managing director. Throughout the ten years of his service, Mr. Cahn has always emphasized coordination and unification. And he did not confine his activities to only the Jewish community, he is a prominent figure in Chicago—a man who is called upon whenever social problems arise. For years, he has been secretary of the executive committee of the Council of Social Agencies, an organization in Chicago composed of the leading social workers, executives and philanthropists of the city. He also is a member of the Cook County Welfare Council appointed by Anton J. Cermak, president of the Board of Cook County commissioners.

In 1923 Mr. Cahn accomplished what many consider the greatest piece of work of his career—consolidation of the two federations of Jewish social agencies in Chicago. The orthodox groups and the liberal elements were brought together under one organization working for their common good. This was a difficult task—how difficult, only those intimately connected with the negotiations realize. But Louis Cahn's kindness and steadfast course towards a common goal finally succeeded. It took years to accomplish that. And then, he began to work all over again, he was directing the social destinies of two widely diversified groups. And again he has proven his ability.

"In my efforts to coordinate the vari-

(Continued on Page 3)

Despite Recent Developments New General Restrictive Immigration Bill Unlikely

(Continued from Page 1)

bill would cause friction with Mexico and Latin-American countries, particularly since the State department is reported to have agreed to a plan with the Mexican government by which the latter will voluntarily restrict Mexican immigration. In any case this factor is expected to have much more influence with the House than with the Senate, though Chairman Johnson of the House immigration committee is confident that the Western hemisphere feature of the bill will be passed by the House.

The House, however, is expected to defeat the European restriction.

Reversing Self Senate Adopts Amendment Restoring National Origins Immigration Plan

(Jewish Telegraphic Agency)

Washington, Apr. 25—Making one sensational about face after another, the Senate yesterday by a vote of 37 to 36 adopted the amendment offered by Senator Swanson of Virginia, reversing the vote of last Monday repealing the National Origins plan, and restoring this plan. Senator Swanson in a statement to the Jewish Telegraphic Agency after the vote, said that the Senate is today expected to so perfect his amendment that the 150,000 immigrants admissible annually under the National Origins scheme will be cut to 82,000, thus restoring the National Origins plan in principle and cutting it in quantity.

The adoption of the Swanson amendment was followed by the adoption of an amendment to the Harris bill by Senator Harris himself reducing from the one and a half percent, as provided by the Norbeck National Origins repealing amendment, to one percent of the 1890 census the annual immigration quota, which means 80,000 admitted annually instead of the 120,000 provided by the Norbeck amendment.

National Socialists Plan to Oust Jews When They Control Germany

(Jewish Telegraphic Agency)

Berlin, Apr. 25—Every Jew will either be expelled from Germany or it will be made impossible for him to do business in Germany when the control of the Reich government passes into the hands of the National Socialists through the creation of a third German Empire, says an order from the highest party executive of the National Socialists to their local groups as published by the Central Union of German Citizens of the Jewish Faith.

3,000 Arab Workers in Jewish Colonies

(Jewish Telegraphic Agency)

Jerusalem, Apr. 25—There are over 3,000 Arab workers in the Jewish colonies, according to the Hebrew daily "Doar Hayom." These figures include 1,801 at Petach Tikvah, 465 at Hedera and 448 at Nes Ziona.

Senator Wagner to Assume Lead in Fight on Blease Voluntary Registration Bill

(Jewish Telegraphic Agency)

Washington, Apr. 25—Senator Robert Wagner of New York is expected to assume the leadership of the fight in the Senate on the Blease voluntary alien registration bill. He indicated today that he was in touch with national Jewish and other organizations opposed to the bill. Senator Wagner said that he was interviewing a number of Senators with a view to organizing the opposition in preparation for a strong fight on the proposed measure when it comes up for consideration and a vote on the floor of the Senate.

Both Senator Wagner and Senator Copeland have taken steps to prevent a repetition of the recent surprise vote when Senator Copeland frustrated Senator Blease's effort to obtain the bill's adoption without debate. It is known that the Progressive bloc of Senators, including Senators La Follette, Morris, Nye, Wheeler and Johnson, have expressed themselves as bitterly opposed to compulsory alien registration and Senator Wagner is hopeful that he will be able to demonstrate to them the dangerous character of Blease's voluntary registration bill.

Senator Wagner is furnishing them with material supplied by the American Jewish Committee.

New Jewish National Fund Headquarters to Be Dedicated

(Jewish Telegraphic Agency)

Jerusalem, Apr. 25—The Jewish National Fund has moved its headquarters into its own building, a new structure, facing King George Avenue, one of the leading thoroughfares of the city. The new headquarters is one of the few buildings in Palestine which has a central heating plant. The building will be dedicated shortly.

The decision of the Actions Committee of the Zionist organization to inscribe 5,000 names in the Golden Book as a memorial to Lord Balfour, is being received with enthusiasm by Jewry all over the world and the Jewish National Fund headquarters is making intensive plans for this effort which must be completed by the end of July to enable the August meeting of the Actions Committee to appropriate the funds.

The fourth volume of the Golden Book is now complete. This volume was manufactured in its entirety in Palestine and is specially devoted to the 25th anniversary of the Jewish National Fund. It contains 2,000 inscriptions.

Take Measures to Preserve Order During Arab Feast

(Jewish Telegraphic Agency)

Jerusalem, Apr. 25—Exceptional measures to preserve order have been taken by the government in connection with the Arab feast of Nebi Saleh when the Arabs annually gather at Ramleh from the southern part of the country. Speeches and the carrying of swords have been forbidden.

Resigning Head of Chicago Jewish Charities Tells of Ideals Realized in Work

(Continued from Page 2)

ous agencies of Chicago," he reticently stated, "I always insisted on giving recognition to every activity, regardless of the group which was sponsoring it."

That Mr. Cahn is a born diplomat has been shown time and again in the various factional disputes which arose before the consolidation and for some time afterwards.

When Mr. Cahn took over the directorship of the charities organization here, he was given carte blanche to go ahead and conduct the work as he saw fit. He remained a director, a unique situation, and still is a member of the board although he refused reelection as managing director at the annual meeting this year. Typical of his friendliness and kindly manner, Mr. Cahn would not let the opportunity pass without praising Samuel A. Goldsmith, who succeeds him as director of the Jewish Charities of Chicago.

"Mr. Goldsmith, he said, "is enthusiastic about the situation possibilities and work in Chicago. He is a good analytical, practical man and regards Chicago as the most interesting community in the United States. I am positive he will make a success of his work here." Mr. Cahn will leave for Europe at the end of June not to return before the middle of September. Upon his return he will aid Mr. Goldsmith in an advisory capacity and will also retain his directorship on the board, a position he has held since 1912.

General Jadwin Praises Jewish Work in Palestine

(Jewish Telegraphic Agency)

Jerusalem, Apr. 25—Admiration for the Jewish work in Palestine and particularly for the new type of Jew being developed here was expressed today by Major-General Edgar Jadwin, prominent American engineer, at a reception given him by the Jewish Agency. Major-General Jadwin stopped off in Palestine on his way to the United States from Tokio, where he attended an international conference of engineers.

Major-General Jadwin, who in 1929, was a member of the American Morgenthau Commission to investigate the treatment of the Jews in Poland, was prominently connected with relief plans for the stricken Mississippi Valley during the disastrous floods of 1927.

3 Arabs Get Death Sentence for Murder of Hebron Jew

(Jewish Telegraphic Agency)

Jerusalem, Apr. 25—Three of the four Arabs charged with the murder of Nachman Segal during last August's attack on the Jews of Hebron, were today sentenced to death, while a fourth was acquitted. One of those sentenced to the death penalty claimed that he was under 18. To ascertain the truth of his assertion, the Court ordered a medical examination and if his claim is justified, the death sentence will be commuted.

Quebec Government Names 7 as Jewish School Committee

(Continued from Page 1)

engineer, was born in St. Paul, Minn., and came to Canada in 1906. He was a pioneer in the silver fields of the Cobalt district. In 1924, the Quebec government delegated him to study the question of Jewish education.

Mr. Berliner and Mr. Cohen are prominent Montreal business men and communal leaders, the latter being a brother of Lyon Cohen, one of the leading Jews of Canada. Rabbi Abramovitch is the spiritual leader of the Shaare Hashomayim, the wealthiest congregation in Montreal. Mr. Gordon, a former reform rabbi, is now a member of the Montreal bar. Dr. Wiseman is the sponsor of the movement for a Jewish hospital and active in other communal activities, while Mr. Garber is a lawyer, active Zionist and a member of the separate Jewish school commission, an unofficial body which advocates separate Jewish schools.

Jewish Women Reported Seeking Clemency for Arabs

(Jewish Telegraphic Agency)

Jerusalem, Apr. 25—It is reported here that a number of Jewish women are confidentially collecting signatures to a petition to High Commissioner Chancellor, asking him to grant a pardon to the Arabs condemned to death for the murder of Jews during last Summer's riots. The Arab Executive has been urging a commutation of the death sentences, while the Arab delegation now in London has been trying to get similar action. The Privy Council recently declined to approve an appeal from these death sentences.

Los Angeles Sheltering Home Seeks \$155,000

(Jewish Daily Bulletin)

Los Angeles, Apr. 25—Marco H. Hellman, prominent banker and scion of a California Jewish pioneer family, has undertaken the general chairmanship of the drive for \$155,000 to complete the funds necessary for additional building for the Hebrew Sheltering Home for the Aged.

D. C. MacWatters, general manager of the Los Angeles Community Chest, on visiting the Home for the Aged, spoke highly in praise of the work being accomplished by this organization, according to Max Goldstein, Executive Director of the home.

A People's Story

Colorfully told by one of

ITS FAMOUS SONS

BORN A JEW

By BORIS D. BOGEN

BORN in the heart of Moscow in the cramped and vivid Moscow Ghetto Boris D. Bogen spent his boyhood and youth in a whole-hearted effort to free himself and his confreres from oppression and to bring about the dangerous renaissance of national sentiment among Jewish youth. Daring the hardships of emigration he became a part of the tragedy of unskilled labor in New York and finally raised himself to a position of prominence in the field of Jewish social work and education.

His splendid work with the United Jewish Charities of Cincinnati and his unique service during the reconstruction period after the war need not be recalled to any Jew. His story is frankly told and becomes an extraordinary comment on Jewry — its idealisms, generosity, faults, and courage. It is a book which will prove a challenge and an inspiration.

Religion is not directly persecuted in Soviet Russia, where thousands of churches are still functioning, but priests of religion are quickly shot or banished for the least act that the government regards as counter-revolutionary. The success of the anti-religious movement in Russia is due in a great measure to the fact that communism has become the new religion.

This is the gist of the confidential report of Sir Esmond Ovey, British Ambassador to Moscow, on alleged religious persecution in Russia which Foreign Secretary Henderson has persistently refused to publish. In spite of Mr. Henderson's refusal, however, the "Manchester Guardian" has just published a summary of the report, which yesterday's "New York Times" reproduces.

"Priests are automatically deprived of all civil rights—that is to say, they are not allowed to possess ration cards nor are they allotted to any housing space," the report says. "They have to shift for themselves or—as usually happens—they are fed and housed by their congregations. It has to be said that the majority of priests are well cared for. At the slightest sign of counter-revolutionary activity they are at once shot, imprisoned or banished to Siberia."

Managing Director of Jewish Charities of Chicago for 10 Years
Tells of Ideals Consummated as He Prepares for Overdue Vacation

(Jewish Daily Bulletin)

Chicago, Apr. 25—Louis C. Cahn, for ten years managing director of the Jewish Charities of Chicago, who resigned recently to take his first vacation since the World War, today told the Jewish Telegraphic Agency in an exclusive interview how many of his ideals have been consummated in the past decade. In an earnest, kindly manner, which has earned for him the respect of thousands of social workers, both Jewish and Gentile, throughout the United States, Mr. Cahn told how Chicago's Jewish social activities have the reputation of being the most unified and best coordinated in this country.

Directors of the Jewish Charities, all men high in civic, commercial and financial circles of Chicago, know that to Mr. Cahn goes the credit for this splendid reputation.

Mr. Cahn was literally drafted for this position. Upon his return from a splendid record of social service work with the Red Cross, Mr. Cahn resumed his practice of law. His avocation, however, was social work. As a member of the board of directors of the Jewish Social Service, Mr. Cahn advocated a community study. His recommendation was adopted and he was named in charge of this work. More than \$25,000 was spent in the survey and after it was completed, the directors of the charities agreed that Mr. Cahn was the only man fully capable of heading the organization's activities. Whereupon, he gave up his

Jewish Deputy and Polish
Justice Minister in Conflict

(Jewish Telegraphic Agency)

Warsaw, Apr. 25—A sharp conflict has developed between the Socialist Deputy in the Polish Parliament, Herman Lieberman, and Minister of Justice Stanislaw Car, which has caused a great sensation, because it has developed into a personal conflict.

Dr. Lieberman had published an article in the "Robotnik," Socialist organ, in which he sharply criticized Car's political activities, saying that the Minister insults the parliament. As a result of this Car sent a letter to Lieberman, the Premier and the Speakers of the Sejm and the Senate, in which he declared that Lieberman attacked not only his political activities, but also him personally, for which Lieberman deserves to be slapped in the face.

In reply, Lieberman stated that he does not feel offended by the Minister's remarks and that Car's threats do not frighten him. For publishing this reply, yesterday's issue of the "Robotnik" was confiscated, but the order of confiscation was raised at Car's order.

Dr. Lieberman, who is one of Poland's leading lawyers, intends to sue the Minister for libel and an offense in print.

law practice and assumed the newly created position of managing director.

Throughout the ten years of his service, Mr. Cahn has always emphasized coordination and unification. And he did not confine his activities to only the Jewish community, he is a prominent figure in Chicago—a man who is called upon whenever social problems arise. For years, he has been secretary of the executive committee of the Council of Social Agencies, an organization in Chicago composed of the leading social workers, executives and philanthropists of the city. He also is a member of the Cook County Welfare Council appointed by Anton J. Cermak, president of the Board of Cook County commissioners.

In 1923 Mr. Cahn accomplished what many consider the greatest piece of work of his career—consolidation of the two federations of Jewish social agencies in Chicago. The orthodox groups and the liberal elements were brought together under one organization working for their common good. This was a difficult task—how difficult, only those intimately connected with the negotiations realize. But Louis Cahn's kindness and steadfast course towards a common goal finally succeeded. It took years to accomplish that. And then, he began to work all over again, he was directing the social destinies of two widely diversified groups. And again he has proven his ability.

"In my efforts to coordinate the vari-

Despite Recent Developments New General Restrictive Immigration Bill Unlikely

(Continued from Page 1)

bill would cause friction with Mexico and Latin-American countries, particularly since the State department is reported to have agreed to a plan with the Mexican government by which the latter will voluntarily restrict Mexican immigration. In any case this factor is expected to have much more influence with the House than with the Senate, though Chairman Johnson of the House immigration committee is confident that the Western hemisphere feature of the bill will be passed by the House.

The House, however, is expected to defeat the European restriction.

Reversing Self Senate Adopts Amendment Restoring National Origins Immigration Plan

(Jewish Telegraphic Agency)

Washington, Apr. 25.—Making one sensational about face after another, the Senate yesterday by a vote of 37 to 36 adopted the amendment offered by Senator Swanson of Virginia, reversing the vote of last Monday repealing the National Origins plan, and restoring this plan. Senator Swanson in a statement to the Jewish Telegraphic Agency after the vote, said that the Senate is today expected to so perfect his amendment that the 150,000 immigrants admissible annually under the National Origins scheme will be cut to 82,000, thus restoring the National Origins plan in principle and cutting it in quantity.

The adoption of the Swanson amendment was followed by the adoption of an amendment to the Harris bill by Senator Harris himself reducing from the one and a half percent, as provided by the Norbeck National Origins repealing amendment, to one percent of the 1890 census the annual immigration quota, which means 80,000 admitted annually instead of the 120,000 provided by the Norbeck amendment.

National Socialists Plan to Oust Jews When They Control Germany

(Jewish Telegraphic Agency)

Berlin, Apr. 25.—Every Jew will either be expelled from Germany or it will be made impossible for him to do business in Germany when the control of the Reich government passes into the hands of the National Socialists through the creation of a third German Empire, says an order from the highest party executive of the National Socialists to their local groups as published by the Central Union of German Citizens of the Jewish Faith.

3,000 Arab Workers in Jewish Colonies

(Jewish Telegraphic Agency)

Jerusalem, Apr. 25.—There are over 3,000 Arab workers in the Jewish colonies, according to the Hebrew daily "Doar Hayom." These figures include 1,801 at Petach Tikvah, 465 at Hadera and 448 at Nes Ziona.

Senator Wagner to Assume Lead in Fight on Blease Voluntary Registration Bill

(Jewish Telegraphic Agency)

Washington, Apr. 25.—Senator Robert Wagner of New York is expected to assume the leadership of the fight in the Senate on the Blease voluntary alien registration bill. He indicated today that he was in touch with national Jewish and other organizations opposed to the bill. Senator Wagner said that he was interviewing a number of Senators with a view to organizing the opposition in preparation for a strong fight on the proposed measure when it comes up for consideration and a vote on the floor of the Senate.

Both Senator Wagner and Senator Copeland have taken steps to prevent a repetition of the recent surprise vote when Senator Copeland frustrated Senator Blease's effort to obtain the bill's adoption without debate. It is known that the Progressive bloc of Senators, including Senators La Follette, Morris, Nye, Wheeler and Johnson, have expressed themselves as bitterly opposed to compulsory alien registration and Senator Wagner is hopeful that he will be able to demonstrate to them the dangerous character of Blease's voluntary registration bill.

Senator Wagner is furnishing them with material supplied by the American Jewish Committee.

New Jewish National Fund Headquarters to Be Dedicated

(Jewish Telegraphic Agency)

Jerusalem, Apr. 25.—The Jewish National Fund has moved its headquarters into its own building, a new structure, facing King George Avenue, one of the leading thoroughfares of the city. The new headquarters is one of the few buildings in Palestine which has a central heating plant. The building will be dedicated shortly.

The decision of the Actions Committee of the Zionist organization to inscribe 5,000 names in the Golden Book as a memorial to Lord Balfour, is being received with enthusiasm by Jewry all over the world and the Jewish National Fund headquarters is making intensive plans for this effort which must be completed by the end of July to enable the August meeting of the Actions Committee to appropriate the funds.

The fourth volume of the Golden Book is now complete. This volume was manufactured in its entirety in Palestine and is specially devoted to the 25th anniversary of the Jewish National Fund. It contains 2,000 inscriptions.

Take Measures to Preserve Order During Arab Feast

(Jewish Telegraphic Agency)

Jerusalem, Apr. 25.—Exceptional measures to preserve order have been taken by the government in connection with the Arab feast of Nebi Saleh when the Arabs annually gather at Ramleh from the southern part of the country. Speeches and the carrying of swords have been forbidden.

Resigning Head of Chicago Jewish Charities Tells of Ideals Realized in Work

(Continued from Page 2)

ous agencies of Chicago," he reticently stated, "I always insisted on giving recognition to every activity, regardless of the group which was sponsoring it."

That Mr. Cahn is a born diplomat has been shown time and again in the various factional disputes which arose before the consolidation and for some time afterwards.

When Mr. Cahn took over the directorship of the charities organization here, he was given carte blanche to go ahead and conduct the work as he saw fit. He remained a director, a unique situation, and still is a member of the board although he refused reelection as managing director at the annual meeting this year. Typical of his friendliness and kindly manner, Mr. Cahn would not let the opportunity pass without praising Samuel A. Goldsmith, who succeeds him as director of the Jewish Charities of Chicago.

"Mr. Goldsmith, he said, "is enthusiastic about the situation possibilities and work in Chicago. He is a good analytical, practical man and regards Chicago as the most interesting community in the United States. I am positive he will make a success of his work here." Mr. Cahn will leave for Europe at the end of June not to return before the middle of September. Upon his return he will aid Mr. Goldsmith in an advisory capacity and will also retain his directorship on the board, a position he has held since 1912.

General Jadwin Praises Jewish Work in Palestine

(Jewish Telegraphic Agency)

Jerusalem, Apr. 25.—Admiration for the Jewish work in Palestine and particularly for the new type of Jew being developed here was expressed today by Major-General Edgar Jadwin, prominent American engineer, at a reception given him by the Jewish Agency. Major-General Jadwin stopped off in Palestine on his way to the United States from Tokio, where he attended an international conference of engineers.

Major-General Jadwin, who in 1929, was a member of the American Morgenthau Commission to investigate the treatment of the Jews in Poland, was prominently connected with relief plans for the stricken Mississippi Valley during the disastrous floods of 1927.

3 Arabs Get Death Sentence for Murder of Hebron Jew

(Jewish Telegraphic Agency)

Jerusalem, Apr. 25.—Three of the four Arabs charged with the murder of Nachman Segal during last August's attack on the Jews of Hebron, were today sentenced to death, while a fourth was acquitted. One of those sentenced to the death penalty claimed that he was under 18. To ascertain the truth of his assertion, the Court ordered a medical examination and if his claim is justified, the death sentence will be commuted.

Quebec Government Names 7 as Jewish School Committee

(Continued from Page 1)

engineer, was born in St. Paul, Minn., and came to Canada in 1906. He was a pioneer in the silver fields of the Cobalt district. In 1924, the Quebec government delegated him to study the question of Jewish education.

Mr. Berliner and Mr. Cohen are prominent Montreal business men and communal leaders, the latter being a brother of Lyon Cohen, one of the leading Jews of Canada. Rabbi Abramovitch is the spiritual leader of the Shaare Hashomayim, the wealthiest congregation in Montreal. Mr. Gordon, a former reform rabbi, is now a member of the Montreal bar. Dr. Wiseman is the sponsor of the movement for a Jewish hospital and active in other communal activities, while Mr. Garber is a lawyer, active Zionist and a member of the separate Jewish school commission, an unofficial body which advocates separate Jewish schools.

Jewish Women Reported Seeking Clemency for Arabs

(Jewish Telegraphic Agency)

Jerusalem, Apr. 25—It is reported here that a number of Jewish women are confidentially collecting signatures to a petition to High Commissioner Chancellor, asking him to grant a pardon to the Arabs condemned to death for the murder of Jews during last Summer's riots. The Arab Executive has been urging a commutation of the death sentences, while the Arab delegation now in London has been trying to get similar action. The Privy Council recently declined to approve an appeal from these death sentences.

Los Angeles Sheltering Home Seeks \$155,000

(Jewish Daily Bulletin)

Los Angeles, Apr. 25—Marco H. Hellman, prominent banker and scion of a California Jewish pioneer family, has undertaken the general chairmanship of the drive for \$155,000 to complete the funds necessary for additional building for the Hebrew Sheltering Home for the Aged.

D. C. MacWatters, general manager of the Los Angeles Community Chest, on visiting the Home for the Aged, spoke highly in praise of the work being accomplished by this organization, according to Max Goldstein, Executive Director of the home.

A People's Story

Colorfully told by one of

ITS FAMOUS SONS

BORN A JEW

By BORIS D. BOGEN

BORN in the heart of Moscow in the cramped and vivid Moscow Ghetto Boris D. Bogen spent his boyhood and youth in a whole-hearted effort to free himself and his confreres from oppression and to bring about the dangerous renaissance of national sentiment among Jewish youth. Daring the hardships of emigration he became a part of the tragedy of unskilled labor in New York and finally raised himself to a position of prominence in the field of Jewish social work and education.

His splendid work with the United Jewish Charities of Cincinnati and his unique service during the reconstruction period after the war need not be recalled to any Jew. His story is frankly told and becomes an extraordinary comment on Jewry — its idealisms, generosity, faults, and courage. It is a book which will prove a challenge and an inspiration.
