## B'nai B'rith Convention Hears of Rapid Growth of Aleph Zadek Aleph

(Jewish Telegraphic Agency)

Cincinnati, Apr. 30.—A report by Sam Beber of Omaha, president of the Supreme Advisory Council, showing the remarkable growth of the Junior Order of Aleph Zadek Aleph, an address at the evening's banquet by Rabbi Samuel Goldenson of Pittsburgh on the "Solution of the Jewish Problem," and an outline of the work of the Committee on Good-will between Christians and Jews by Rev. Everett R. Clinchy, secretary of that committee, featured yesterday's sessions of the quinquennial convention of the International Order of B'nai B'rith.

Mr. Beber's report shows that the Junior Order had grown from four chapters and less than 100 members in 1924 to 116 chapters with a membership in excess of 3,000. The activities include athletics, oratorical contests, social service work and religious pro-

## New Jewish Hospital Opens in Central Jezreel Valley

(Jewish Telegraphic Agency)

Jerusalem, Apr. 30.—The Central Jezreel Valley Hospital for internal disease which will serve 26 Jewish settlements in its vicinity, was opened today not far from Kfar Yeladim in Upper Galilee. The hospital, which covers an area of 47 dunams, is equipped with the most modern equipment which together with the building cost \$60,000, of which \$25,000 was contributed by a committee of New York physicians and \$15,000 by the Jews of Shanghai.

Among the numerous guests present at the ceremony were representatives of the Palestine government and of the British army forces. (Jewish Telegraphic Agency)

Berlin, Apr. 30.—A talking film version of "God of Vengeance," the famous play of Sholom Asch, noted Yiddish playwright, in simultaneous Yiddish, German, English and French productions, is being prepared here by A. Granowsky, former director of the Yiddish Art Theatre in Moscow. "God of Vengeance" is Asch's best known work and has been translated into many languages.

## Zionist Executive Denies Offering Arabs Negotiations

(Jewish Telegraphic Agency)

Jerusalem, Apr. 30.—Azmi Nashashibi, editor of the English edition of the Arab paper "Falastin," who accompanied the Arab delegation to London, has cabled from London that Dr. Chaim Weizmann, president of the Jewish Agency, and of the World Zionist Organization, had offered to meet the Arab delegation for negotiations but that the latter had refused, saying that it would deal only with the Colonial Office.

(Jewish Telegraphic Agency)

London, Apr. 30.—Following inquiries by the Jewish Telegraphic Agency the Zionist Executive emphatically denied that either Dr. Weizmann or any other member of the Executive had directly approached the Arab delegation here for negotiations as was reported from Jerusalem. The Executive also declared that it had not made any suggestion of negotiations through the Colonial Office and says it considers the report of negotiations as "a gross untruth."

## Anti-Semitism in Mexico Only Economic; No Attacks Feared

(Jewish Telegraphic Agency)

Mexico City, Apr. 30.—There have been no anti-Semitic attacks in Puebla nor are the Jews there, or for that matter anywhere else in Mexico, in any danger of such attacks. For some time, however, certain Mexican papers have been filled with anti-Semitic agitation but this has now slowed down.

What anti-Semitic agitation is prevalent in Mexico is economic. Unknown persons have flooded the entire country with pamphlets that urge an economic boycott against the Jews. The beginning of the economic campaign against the Jews, which has thus far kept entirely under cover, was simultaneous with a letting up of the attack in other quarters.

There still is some fear on the part of the Jewish population which is a very small minority but no real danger of attacks is felt.

The above cable which has been published by all the Yiddish dailies is in response to an inquiry from the Jewish Telegraphic Agency to its correspondent as to the report in the "Chicago Forward" that a wave of anti-Semitism was spreading over Mexico. The "Forward" report was based on a letter received in its office from Mexico. The Mexican Consul-General in New York has not yet received a reply to his wire to the governor of Puebla in which he inquired, at the suggestion of the Jewish Telegraphic Agency, as to the facts in the case.

## Locust War Yielding Results But Campaign Will Last Until June as Crisis Near

(Jewish Telegraphic Agency)

Jerusalem, Apr. 29.—The anti-locust campaign is yielding positive results but due to the scattered centers of operation creating increased difficulties the campaign will probably be prolonged until June, it was officially announced today. The Jordan area is now clear of the pests. In Beersheba and the Ajaja area the campaign is nearing its peak while the Hebron and Jerusalem regions are already cleaned up.

In the Nablus area the pests have just started their hatching and 10,000 dunams are affected. The Samakh area is partially cleared but the Migdal, Rosh Pinah, Nazareth, Afulah, Acre and Gaza areas are still affected. The Transjordan campaign has been successful.

Up to the present time 2,648 tons of adult locusts have been destroyed and

## Hear Police Reorganization May Abolish Municipal Forces

(Jewish Telegraphic Agency)

Jerusalem, Apr. 30.—It is rumored here that as a result of the police reorganization plan being drafted by Inspector-General Dowbiggin the municipal police will be abolished and general police stations established everywhere in their place with a large British personnel. If the report is true it will particularly affect the police stations of Tel Aviv and the colonies. Such a plan would deprive the Tel Aviv police of their special uniforms and higher salaries paid by the Tel Aviv municipality. The present Tel Aviv police force consists of 20 British patrolmen in addition to local patrolmen commanded by a British inspector.

## Palestine Rabbis Urge Support for Balfour Golden Book

(Jewish Telegraphic Agency)

Jerusalem, Apr. 30.—A manifesto urging support for the Golden Book in memory of the late Lord Balfour and asking the synagogues and Hebrew schools to volunteer for active service in this "dual good deed of the redemption of the Holy Land and remembering the great figure of humanity who wrought mightily for the benefit of Israel" has been issued by Rabbis Kook, Meir, Aronson and Uziel.

Tel Aviv is leading in the number of inscriptions for the Balfour Golden Book. The Tel Aviv inscriptions include the communal council, the Ruttenberg works, the Anglo-Palentine Company and the Hadassah gymnasium. There are now 26 inscriptions from Palestine for the Balfour Golden Book.

## Says Interest of Agency Leaders in Palestine Will Soon Show Substantial Results

(Jewish Telegraphic Agency)

Jerusalem, Apr. 30—Owing to the fact that the Jewish Agency leaders are interested in the Palestine work substantial results from the Agency's efforts will soon be seen, declared Rabbi Aaron Teitelbaum, a member of the Agency's administrative committee, and a leader of the American Mizrahi, who came here after the Agency's London sessions and is now returning to New York to help in the Allied Jewish Campaign.

Rabbi Teitelbaum in his stay here found the Jews making progress and continuing in the upbuilding work despite their difficult position. He stressed the fact that the entire Jewish community was united in its indignation at the "dangerous separatist activities" of the Brith Shalom society which is "preventing the establishment of genuine peace in the country." He explained that the Mizrahi had urged the Zionist Executive in London to put a stop to these activities, particularly the collection of signatures for a petition to the High Commissioner urging commutation of the Arab death sentences.

The Mizrahi, he said, is energetically continuing its work of education, religion and colonization and is endeavoring to consolidate the Hittin and Neve Yacob settlements. The Hapoel Ha'Mizrahi (young Mizrahi), he pointed out, will comprise about 120 of a thousand families of workers as was decided at London.

Mrs. Felix M. Warburg will head the women's division of the New York Allied Jewish Campaign, it was announced yesterday by Chairman James N. Rosenberg. Associated with Mrs. Warburg, as an advisory committee to organize the Jewish women of the five boroughs for participation in a drive, which will begin shortly, to raise \$2,500,000 toward the \$6,000,000 which the Allied Jewish Campaign is raising nationally for the Joint Distribution Committee and the Jewish Agency for Palestine, will be the following:

Mrs. Paul Baerwald, Mrs. Alexander Kohut, Mrs. Henry Moskowitz, Mrs. Nathan Straus, Jr., Mrs. Sol Rosenbloom, Mrs. Jerome Hanauer, Mrs. Isaac Polstein, Mrs. Henry Itleson, Mrs. Arnold Gottlieb, and Mrs. Robert Szold.

Mrs. Warburg is inviting a number of women who are most active in social life and Jewish philanthropic endeavor to tea, at her home, next Wednesday afternoon, to confer with her on ways and means to secure the maximum co-operation of the Jewish womanhood of New York with the campaign. Headquarters of the women's division will be at the Hotel Biltmore, with Mrs. Newman Levy as secretary.

Paul Felix Warburg, who is one of the chairmen of Manhattan Borough for the New York Allied Jewish Campaign, will be the principal speaker at a meeting which will be held on Sunday evening in the auditorium of the Hebrew Ladies' Day Nursery, 521 Hopkinson Ave., Brooklyn, to organize Brownsville, East New York, New Lots and East Flatbush for the campaign. Heads of all Jewish organizations and presidents of synagogues in these sections will participate in the meeting.

Mr. Rosenberg also announced that organization of the Washington Heights and Inwood Committee of the campaign has been effected with the election of Louis P. Rucker as chairman. David M. Bressler, one of the national chairmen of the Allied Jewish Campaign, addressed the meeting at the Washington Heights Y. M. H. A. at which the Washington Heights and Inwood sections were organized.

Justice Albert Cohn has called a dinner-meeting of representative Jewish residents of the Bronx at the Concourse Plaza Hotel to organize that borough for the campaign. The speakers will be Judge Otto A. Rosalsky and Harry Glucksman.

## Rosenwald Offers \$50,000 for Hebrew Books for Congress Library if Equal Sum Raised

A sum of \$50,000 has been offered by Julius Rosenwald of Chicago on condition that an equal amount is raised, to be devoted to Hebraica and Judaica in the Jewish Division of the Library of Congress, for which there is at present a dire need.

There has been no substantial increase to the Jewish Division of the Library of Congress since the collection contributed by the late Jacob H. Schiff, though the demand for Semitic material is constantly growing, requests coming from various government departments, embassies, congress, the press and other agencies.

The government appropriation to the Semitic department is necessarily limited and if the \$100,000 fund is raised, it will be immediately turned over to the Library of Congress Trust Fund Board for the purpose of enlarging the Jewish Division.

According to a suggestion by Dr. Herbert Putnam, the Librarian of Congress, the fund of \$100,000 will be used in two ways during a period of ten years; \$50,000 to be applied to direct purchases and \$50,000 to constitute an endowment, the income from which should be applicable to expert service as is being done with other divisions of the library.

Dr. Israel Schapiro, head of the Semitic Division, as well as Congressman Meyer Jacobstein, Mrs. Florence P. Kahn, Congressman Emanuel Celler, Ben Golder and Rabbi Isaac Landman have conferred with Dr. Putnam and it has been agreed that contributions for the Semitic division are to be sent to Rabbi Landman, chairman of the committee, at 71 West 47th Street.

Kent on behalf of the Board of Trustees of the Museum. Another copy of the same portfolio has been acquired by the New York Public Library. Various other drawings of Jewish interest by the artist have been acquired by the Jewish Theological Seminary, the Library of Hebrew Union College of Cincinnati, and the library of the Y. M. H. A. of Newark.

## Protest Leads Democratic "Judea" Club to Change Name

As a result of protests made by the Brooklyn Jewish Ministers' Association against the use of the name "Judea" by a political club, the Judea Democratic Club of Brooklyn has decided to change its name. This was announced by Maurice Biederman, executive member of the club, who sent a letter to this effect to Dr. Israel Levinthal, president of the Brooklyn Jewish Ministers' Association.

The Brooklyn rabbis had adopted a resolution protesting against associating a religious group with a political club. In his letter to Rabbi Levinthal, Mr. Biederman declares that the use of the name "Judea" was never meant to describe a religious alignment, but since the use of that name has aroused resentment, the club has decided to change it.

### Survey Reveals Greater Boston Has Jewish Population of 140,000

(By Our Boston Correspondent)

Boston, Apr. 30—There are now approximately 140,000 Jews living in Greater Boston—85,000 in the city of Boston proper and 55,000 in the districts which are generally included in Greater Boston, such as Chelsea, Malden, Cambridge, Brookline, Everett, Newton, Quincy, Revere, Somerville and Winthrop. Of these the largest community in Boston proper is in the Dorchester section, which has 55,000 Jews. Chelsea has the largest Jewish community among the towns that surround Boston proper.

These figures, as well as other statistics dealing with Jewish communal activities in Greater Boston were made public Sunday night at a joint meeting of the Citizens' Committee of the Jewish Communal Survey of Boston and the members of the Associated Jewish Philanthropies at the Temple Ohabei Shalom, Brookline, when a report was given on some of the findings of fact and recommendations of the survey before a large and distinguished audience of about a thousand people. Louis E. Kirstein, president of the Associated Jewish Philanthropies, presided. The report was rendered by Mr. Kirstein and Judge J. J. Kaplan, chairman of the Citizens' Committee of the Jewish Communal Survey.

"Our organized Jewish philanthropies have in the past ten years grown from a budget of \$325,000 to approximately \$800,000," says the report. "There has been in this time no appreciable growth in the city's Jewish population though there has been, as the survey indicates, a different distribution of that population in various sections of the city and the surrounding cities and towns."

The survey was under the direction of the Bureau of Jewish Social Research of New York City, which for the past 12 years has made studies in the various Jewish communities throughout the United States. The director of the bureau, Dr. Samuel A. Goldsmith, was in charge of the survey.

In charge of the study of Jewish education and of the Federation organization itself was Dr. Solomon J. Loewenstein, executive director of the New York Federation for the Support of Jewish Philanthropic Societies. He was assisted by Dr. Leo Honor, who is assistant director of the Bureau of Jewish Education of Chicago. In charge of the family welfare study was Miss Frances Taussig, executive director of the Jewish Social Service Association of New York. She was assisted by Miss Emma Schreiber of the Bureau of Jewish Social Research. For the study of services given to dependent and neglected Jewish children, the Bureau brought to Boston Jacob Keps, director of the Jewish Home Finding Society of Chicago. Assisting him were Miss Gertrude Vitales and Dr. Robert Axol of the Bureau of Jewish Social Research. In the field of medical service, studies were made by

The question debated throughout the 1930 series was "Resolved, That the present immigration laws are beneficial to the American Jewry." The winning West Virginia team which upheld the affirmative on this question, was composed of Julius Cohen, Morgantown, W. Va.; Jerome Katz, Bluefield, W. Va., and Irving Hoffman, New York City. ## Michelson Wins London Physical Society Medal

(Jewish Daily Bulletin)

Chicago, Ill., Apr. 30—Professor Albert A. Michelson, famous University of Chicago scientist, and Nobel Prize winner, has been awarded the Duddell medal of the London Physical Society for 1930, he was notified yesterday by the British Consul in Chicago. The medal is awarded annually to the scientist who makes a notable contribution to "the advancement of knowledge by the invention or design of scientific instruments."

Dr. J. J. Golub, director of the Hospital for Joint Diseases of New York, and Dr. Haven Emerson, professor of public health administration of Columbia University.

According to the survey, the Boston Jewish community has shown a remarkable redistribution of its population. Years ago much of the community was centered in the North End, South End, West End with Roxbury as the leading section. Dorchester has now replaced Roxbury as the most populous Jewish section of Boston. According to the report, the Jewish population of Boston is apparently moving into districts that offer better housing facilities.

Among the recommendations contained in the report are:  
A single Jewish children's welfare society.

A more complete federation of the philanthropic work done by the Associated Jewish philanthropies.

More recreational and educational facilities for young Jewish men and women, particularly in the new communities of Dorchester and Mattapan, and the coordination of the present Jewish recreational and educational facilities.

grams. Reports on the Levi N. Levi Memorial Hospital and the National Hospital at Denver, both sponsored by the B'nai B'rith, were also presented.

Rev. Clinchy said that from 1925 to 1928 the major work of his committee was in the cultivation of relationships between Christians and Jews. Good will, he said, is now taken for granted. During the last twelve months, he reported, a second state was reached, that of understanding. "Good will and understanding between two peoples obviously is a two-sided proposition. It is fortunate that organized Christianity and Jewry are working together on the problems," declared Rev. Clinchy.

The solution of the Jewish problem is the same as that of a mother toward her child, love, declared Rabbi Goldenson in his address at the evening banquet for the delegates. He pointed out that "to have a problem is one thing, but to be a problem is quite another. We as Jews are a problem wherever we are, a problem to other peoples and to ourselves. The Jewish problem is the problem of the super-normal child capable of supernatural aspiration and as a result unique and different among the families of the world."

Rabbi Goldenson said "that there are those who believe the solution to the Jewish problem lies in assimilation as a way of ending it entirely but that, he said, cannot be done with human beings for "you are dealing with life itself. The urge to live stands in the way." Turning to those who would solve the problem by a territorial solution Rabbi Goldenson declared, "We must solve it here where we are. We must solve it where it arises. We must solve it as a mother solves the problem of her new baby, by love. We must accept the burden of our Jewishness by loving God, by loving our fellow men and by doing righteousness. The Jewish problem," he concluded, "will continue as long as we are loyal and dream dreams."

Bertram Pickard, international Quaker leader at Geneva, is chairman of the commission, and Marvin Lowenthal of Paris, contributing editor of the "Memorial Journal," is secretary. Rabbi David de Sola Pool of New York and Dr. Ariel Bension of Jerusalem are among the members of the commission.
