WARBURG, ON BEHALF OF AMERICAN MEMBERS OF JEWISH AGENCY URGES BRITAIN TO REVOKE ORDER SUSPENDING IMMIGRATION TO PALESTINE

Revocation of the order of suspension of immigration to Palestine is urged upon the British government in a statement addressed by Felix M. Warburg, chairman of the Administrative Committee of the Jewish Agency. The statement was handed to the British Ambassador, Sir Ronald Lindsay, today in Washington with a request to transmit it to his government.

The statement made public through the Jewish Telegraphic Agency was authorized at a special meeting of the American members of the Administrative Committee of the Jewish Agency held at the offices of Mr. Warburg. Among those present there were Bernard Flexner, Judge Julian Mack, Louis Lipsky, Baruch Zuckerman, Morris Rothenberg, Judge William Lewis, David M. Bressler, Solomon Loewenstein, Alexander Kahn, James N. Rosenberg, Mrs. Robert Szold, Gedaliah Bublick, and Rabbi Aaron Teitelbaum.

The Jewish Agency, according to the Mandate of Palestine, has to advise and cooperate with the Administration of Palestine in such economic, social and other matters as may effect the establishment of the Jewish National Home and the interests of the Jewish population in Palestine, according to article 4 of the Mandate.

Last August in Zurich, the Jewish Agency was enlarged. The non-Zionists, under the leadership of the late Louis Marshall and Felix M. Warburg, joined the Agency, the membership being equally divided between Zionists and non-Zionists. It is on behalf of the Administrative Committee of this enlarged Jewish Agency that Mr. Warburg handed the statement to the British Ambassador, the text of which reads as follows:

3,143 Certificates Asked

"We are informed by the office of the Jewish Agency for Palestine that, in conformity with its customary prac-

tice, the Executive of the Jewish Agency submitted in regular form applications for immigration certificates for the half year schedule, April through September 1930, amounting to 3,143; that on April 5, the Chief Immigration Officer of the Palestine government officially informed the Executive that following consideration of their schedule by the High Commissioner and Executive Council, he had authorized the issuance of these certificates. On May 14 the Executive of the Jewish Agency was informed by the Chief Secretary of the Palestine government that the High Commissioner had directed that the certificates of immigration which he had approved on May 12 be suspended, pending the results of Sir John Hope Simpson's inquiry.

Decision Surprising

"This surprising decision, we are reliably informed, followed instructions

Another Cemetery Is Desecrated in Germany

(Jewish Telegraphic Agency)

Berlin, May 22—The Jewish cemetery in the Ratbeil Strasse in Frankfurt was desecrated today and five tombstones demolished. At Sensburg in East Prussia a synagogue was desecrated during the night and the altar damaged.

GENERAL STRIKE PROTESTING IMMIGRATION BAN COMPLETELY EFFECTIVE AS THOUSANDS OF JEWS DOWN TOOLS, QUIT SHOPS, LEAVE FARMS QUIETLY

(Jewish Telegraphic Agency)

Jerusalem, May 22—Aeroplane hovered over Jerusalem and other large centers of population such as Tel Aviv and Haifa today when promptly at twelve o'clock the Jews in every part of the country, heeding the call of the Jewish National Council, the Zionist Executive and the Chief Rabbinate for a general strike, laid down their tools, deserted shops and offices and farms and factories.

The streets of Jerusalem were thronged with homegoing Jewish crowds responding unanimously to the call of protest against the suspension of immigration. The general strike was completely effective. Also Arabs employed by Jews ceased work promptly at noon.

Few Arabs or policemen were in sight. British constables were posted as guards at all public buildings.

Brandeis-Mack Group Defines Terms on Which It Will Resume Active Z. O. Work

(Jewish Telegraphic Agency)

Washington, May 22—Complete reorganization of the Zionist Organization of America is proposed in a statement signed here today by Justice Louis D. Brandeis in which he outlines the terms on which he and his followers would be prepared to resume an active interest in the Zionist movement. The other signatories to this statement are Judge Julian W. Mack, Jacob de Haas and Robert Szold.

The statement was issued following a conference between the signatories and a committee of the Zionist Organization of America consisting of Rabbi James Heller, chairman of the administration committee of the Zionist Organization of America, Dr. Israel Goldberg, David Freiberger and Dr. Nathan Ratnoff. The meeting took place this morning in the office of Justice Brandeis and the statement issued was in reply to overtures made at the meeting in Washington on March 26 by the Zionist committee.

An interim regime to be in charge of the Zionist Organization until December 31, 1930 to consist of neutrals (excluding any member of the present executive or of the Brandeis group) to be elected at the Zionist convention in June is one of the proposals. The statement represents the first concrete indication of the Brandeis group

strike, joined in it. Posters of the Agudath calling on Orthodox Jewry to join the rest of the Jewish community were hastily placarded throughout the city.

Vaad Leumi Delegation Protests

(Jewish Telegraphic Agency)

Jerusalem, May 22—A protest against the suspension of immigration and a demand that the order be reconsidered and that henceforth no restriction on the free immigration of Jews based on political grounds should be made were presented to High Commissioner Chancellors by a delegation of the Jewish National Council consisting of Ben Zvi, Joseph Meyuhah, David Yellin, Myer Dizengoff and Rabbi Ostrowsky.

Simpson Sees Colonel Kisch

Sir John Simpson, pending whose inquiry immigration has been suspended, today expressed a wish to call on Col. Frederick Kisch, chairman of the Palestine executive of the Jewish Agency.

Roumanian Peasant Stabs and Kills Jewish Merchant

(Jewish Telegraphic Agency)

Bucharest, May 22—Hersch Heger, a Jewish merchant, was stabbed to death today by a peasant from the village of Rina. The attack was without provocation. After his arrest the peasant declared he had committed the murder to "demonstrate my adoration and reverence for Cuza," the leader of the anti-Semitic group in Roumania whose recent election to Parliament has been the signal for a revival of anti-Semitic excesses in all parts of the country.

In a number of other villages Jews were reported attacked by peasants.

New England Zionists and American Jewish Congress Protest Immigration Stoppage; Jewish Workers' Groups to Act Monday

(Jewish Telegraphic Agency)

Boston, May 22—The New England Zionist Region, at a special meeting of its Administrative Committee here yesterday, adopted a resolution protesting against the suspension of Jewish immigration into Palestine. The resolution declares that this suspension is a direct violation by Great Britain of the intent and purpose of the mandate and of its solemn pledge to facilitate the establishment of a Jewish National Homeland in Palestine. The resolution furthermore states that this act is particularly flagrant as the demand for additional Jewish labor in Palestine had been officially recognized by the government just prior to this suspension by its issuing 3,300 immigration certificates to the Executive of the Jewish Agency in Jerusalem.

"Jews go to Palestine as of right, and not on sufferance," the New England Zionists declare. "The suspension of Jewish immigration is a clear breach of faith and trust by England to meet a political exigency. This the world cannot condone. We appeal to the conscience of all mankind to uphold the solemn pledge made in good faith to the Jewish people."

A protest meeting against the Palestine immigration ban has been called for Monday evening, May 26th, at Cooper Union, Manhattan. The meeting will be addressed by prominent trade-union leaders and representatives of the National-Socialist movement. The organizations which have issued a joint call for the meeting are: National Workers' Committee for the Organized Jewish Workers in Palestine; Poale Zion Central Committee; General Executive Board of the Jewish National Workers Alliance; and Zeire Zion.

A resolution condemning the action of the British Colonial Office in suspending Jewish immigration into Palestine, adopted by the Administrative Committee of the American Jewish Congress, was forwarded yesterday to

all its affiliated central and national organizations and cooperating committees in different parts of the country. The resolution, sent out by Bernard S. Deutsch, President of the Congress, is to form the basis of action on the part of the various organizations associated with the Congress.

"A Jewish National Home, the doors of which are shut against Jews, is not a Jewish National Home," declares the resolution, "and the unreasonable restriction or suspension of Jewish immigration into Palestine plays into the hands of the enemies of the peaceful and prosperous development of the country, and strikes at the very heart of the great aspirations of an historic and sorely-tried people whose national hope has won the good will of enlightened public opinion within all the great nations of the world. We stand behind the Jewish Agency in all its endeavors to bring about the recall of the suspension of Jewish immigration to Palestine."

Jews Who Go to Colonies Will Get Part of Harvest

(Jewish Telegraphic Agency)

Moscow, May 22—Instructions to continue sending new Jewish settlers from the small towns into the agricultural colonies with the promise that those who agree to migrate will be given a part of the harvest crop from the fields prepared and sown by the Comzet and the Agro-Joint have been issued to the Ukrainian and White Russian branches of the Comzet by the Russian Comzet, the government department for settling the Jews on the land.

In order to increase the income of those already in the colonies the Comzet also decided to establish this Autumn a number of factories for weaving rugs and textiles and for making gloves and socks. These factories, which will be opened in the Yankov and Yevatoria regions, will give employment to Jewish women during the long Winter months when there is no field work.

Zionist Organization Shows That 3,143 Suspended Immigration Certificates Were Justified by Palestine's Economic Needs

(Jewish Telegraphic Agency)

Jerusalem, May 22—Indications that the British government's order suspending immigration to Palestine had a political and not an economic motive are seen in the publication of the figures and facts on which the executive of the Zionist Organization based its demand for 3,143 immigration certificates and which were granted by the Palestine government only to be suspended a day later by the British Colonial Office.

A statement of the executive of the Zionist Organization just published reveals that the executive had made application to the Palestine government to place at its disposal for the six months beginning April 1, 1930, 3,143 certificates for new immigrants, 2,509 for men and 634 for women. This application was based on an exact estimate of additional Jewish labor required in all branches of Palestine industry.

Explaining the need for 3,143 certificates the figures presented to the government by the executive showed that 2,645 workers were needed in industrial and constructional work. Of this number 30 were to be women. For agricultural labor 825 workers were needed, 121 of which were to be women.

The Z. O. executive emphasized these needs by giving a detailed list of the projects in which the needed workers were to be used and the number of workers to be allocated to each project.

The 2,645 workers for industrial and construction work were needed for the following public and building works:

Emergency Fund	495
Other Building Works	320
Buildings in Settlements of the Jewish Agency	100
Buildings in Other Settlements	150
Road Making in Interest of Security	240
Municipal Works	60
Palestine Potash Ltd.	50
General Government Works	840
Railway Workshops and Harbor	390
	<hr/>
	2,645

The 825 workers needed in agricultural undertakings were divided as follows:

New Plantations	325
Palestine Colonization Association Works	430
Settlements in Galilee	30
Women Workers' Settlements at Nes-Ziona	40
	<hr/>
	825

From this total of 3,470 were subtracted 910 persons who became unemployed in the course of the current period as well as new immigrants of the previous schedule. This reduces the total to 2,560. By adding 383 female domestic workers and 200 relatives the figure of 3,143 is reached.

Detroit Goes Over Top in Allied Jewish Campaign

(Jewish Telegraphic Agency)

Detroit, May 22—Detroit, the first city in the country to conduct a drive for the Allied Jewish Campaign, has over-subscribed its quota of \$305,000 by \$20,000 within ten days of the beginning of the canvass, it was announced today by Henry Wineman, chairman. Mr. Wineman termed the campaign the biggest triumph in fund-raising among Detroit Jews.

The victory luncheon was addressed by Adolph Finsterwald, chairman of the special gifts committee; Aaron de Roy, campaign treasurer; Meyer Prentiss, chairman of the steering committee; Clarence Engass, chairman of the general solicitations committee; Fred Butzel, president of the Detroit Community Union and Tracy McGregor, president of the Detroit Community Fund.

Artisans' Property Not to Be Confiscated Even If They Do Not Pay Government Tax

(Jewish Telegraphic Agency)

Moscow, May 22—The property of artisans is not to be confiscated even if they are unable to meet the government taxes, it was decreed in an order issued today by tax collectors throughout the Soviet Union by the Council of Labor and Defence, the highest economic body in Russia. The order also instructs the tax collectors not to over-tax the artisans, especially in White Russia and Ukraine.

The order further says that the children of artisans should be registered for jobs at the Soviet labor exchange bureaus with the same privileges as children of labor union members. This order, by means of which thousands of Jewish artisans will benefit, aims to improve the artisans' industry which the Soviet is now beginning to consider an important part of the Soviet industrial plan.

Jewish Women Pledge \$6,000 to New York Campaign

Describing the work of the Joint Distribution Committee and the Jewish Agency for Palestine, as a great social experiment bringing rebirth to Jewish life, James Waterman Wise aroused the 300 delegates at the annual all-day session of the Federation of Jewish Women's Organizations in Tremont Temple, the Bronx yesterday morning, to enthusiasm for the Allied Jewish Campaign.

Following Mr. Wise's speech, representatives of the individual organizations rose to assure the chairman of the meeting, Mrs. David E. Goldfarb, president of the Federation, of contributions and support. More than \$6,000 was pledged then and other organizations agreed to announce their contributions at a coming rally of the Women's Division of the campaign. The contributions included \$1,000 from Mrs. Harry Fischel, \$1100 from the Ladies' Auxiliary of the Jewish Consumptive Relief Society, \$454 from the Sisterhood of Rodof Sholem, \$381 from the Women's Association of the West Side Synagogue and \$350 from the Sisterhood of Orach Chaim.

Unified Hebrew Curriculum Plan of Rabbis in South

(Jewish Telegraphic Agency)

Savannah, May 22—Plans for a unified program of Jewish activities in the South were launched here today at the first convention of Orthodox rabbis and laymen of seven Southern states. Greetings to the convention were given by Mayor Gordon Saussy of Savannah.

Rabbi Nathan Rosen of Congregation Jacob is presiding over the convention, the chief work of which will be standardization of curricula for Hebrew schools affiliated with Orthodox congregations throughout the South. Delegates are in attendance from Georgia, Florida, North and South Carolina, Alabama, Tennessee, Kentucky and Louisiana.

Ask English Translation of Talmud Ritual in Mikveh Case in Cincinnati

(Jewish Telegraphic Agency)

Cincinnati, May 22—After hearing protests by Jewish residents of the Avondale section against the location of a "mikveh" or ritualistic bathhouse of orthodox Judaism there, the Zoning Board of Appeals has requested Louis Rubenstein and David Falk, attorneys for Bernard Pepinsky, representing various orthodox congregations desiring to build the bathhouse, to bring an English translation of the religious ritual as prescribed in the Talmud, so that the board may be able to judge whether the "mikveh" is a business or religious matter. The zoning laws of Cincinnati prohibit business in residence areas.

Those who appeared against the "mikveh" were Mrs. J. Walter Freiberg, past president of the National Federation of Temple Sisterhoods, Samuel Ach, former County Treasurer, Frank Wolpa and Mrs. Leopold Strauss Wolpa.

The "Mikveh Association," which is trying to erect the ritual bathhouse in an exclusive residential section inhabited by many of Cincinnati's leading Jews, is composed of representatives of practically every orthodox synagogue in Cincinnati and was incorporated as a non-profit making corporation by Hirsch Manischewitz, president. Many orthodox Jews of Cincinnati have of late years moved to the hilltop from the western section of the basin of the city, where they have been bathing in the only "mikveh" now in operation here, located on Mound Street.

Noted Astronomer Dead at 61

(Jewish Telegraphic Agency)

Strasburg, May 22—Berthold Cohen, noted astronomer and director of the observatory here, died today at the age of 61. He was the author of the "Beginning Epoch of the Jewish Calendar".

Dickstein's Amendment to Harris Bill Rejected

(Jewish Telegraphic Agency)

Washington, May 22—The House Immigration Committee today refused to adopt an amendment offered by Representative Dickstein to the Harris bill to establish an additional quota for Mexico instead of charging this quota against the existing one of 150,000 annually of immigrants admissible under the immigration law, which would reduce the rest of immigration about 2,000, the estimated Mexican quota.

New Danger of Locust Plague as Swarms Invade Country

(Jewish Telegraphic Agency)

Jerusalem, May 22—Renewed danger of a locust plague in Palestine is seen with the appearance of fresh swarms. Emergency measures are being taken to prevent the spread of the pests. A police motor truck equipped with wireless has been pressed into service to report on the progress of the hoppers thus enabling the locust-fighters and their weapons to be moved to strategic points to deal with the oncoming invasion.

Jewish Religion Suffered Little in Bukhara Since Soviets Took Control

(Jewish Telegraphic Agency)

Old Bukhara, Russia, May 22—The Jewish religion in Bukhara has suffered little under the Soviet regime. This is the conclusion reached after an investigation by the Moscow correspondent of the Jewish Telegraphic Agency.

In the Samarkand district alone there are 32 synagogues while there are only 8,000 Jews. Six of the nine pre-Soviet synagogues in Old Bukhara still exist while the other three have been converted into various cultural institutions by the Communists. All religious customs are strictly kept by the Jews as in the past but their children are attending Soviet schools, where they are being educated in Soviet's anti-religious spirit.

The 24 Jewish Soviet schools are attended by 2,760 Jewish children. The language of instruction is Russian or the local native tongue but in none of the schools is Yiddish or Hebrew used, the latter being entirely prohibited. As in other parts of the Soviet, Hebrew schools are non-existent.

Hebrew, once the pride of the Bukharian Jews, is rapidly disappearing. Only small groups of the younger people still understand the ancient tongue. No kosher meat is available here, the Jewish population confining itself for the most part to vegetarian dishes or poultry.

Cleveland Jewish Publisher, Daniel Wertheimer, Dead

(Jewish Telegraphic Agency)

Cleveland, May 22—Daniel S. Wertheimer, publisher of the "Jewish Review and Observer" in this city, died yesterday at the age of 70. He was born in Cleveland and spent all his life here. In 1890 he bought the "Jewish Review" and since then had been president of the Wertheimer Publishing Company. In 1900 he bought the "Hebrew Observer" and merged it with the "Review." For more than 20 years he was a trustee of the Euclid Avenue Temple.

Adopt Program for Hebrew Congregations Convention

(Jewish Daily Bulletin)

Philadelphia, May 22—The program for the next biennial convention of the Union of American Hebrew Congregations which is to be held in Philadelphia in January, 1931, was formulated at a meeting of the Program Committee of the Union at the Locust Club here. Rabbi Samuel H. Goldenson of Pittsburgh was appointed keynote speaker for the convention and Judge Horace Stern of Philadelphia was asked to read a paper on "The Synagogue and Its Relation to the Community."

Among the members of the Committee who were present at the meeting were: Ludwig Vogelstein of New York; Rabbi George Zepin, secretary; Dr. Julian Morgenstern of Cincinnati; Judge Horace Stern; Rabbi Louis Wolsey of Philadelphia; Rabbi Samuel H. Goldenson of Pittsburgh.

La Guardia Charges Bias to Jews in Consular Service

(Jewish Daily Bulletin)

Washington, May 22—Representative LaGuardia of New York City yesterday in the House charged that Jews are discriminated against by the State Department in making appointments to the foreign consular service. Specifically the Congressman charged that Jewish graduates of Columbia University in New York City who pass the written examinations or the foreign service are rejected on oral examinations before the personnel board.

"Young men whom I know," said Mr. LaGuardia, "have been rejected by the board, are brilliant and anxious to serve their Government in the Foreign Service, but no matter how high their standing in the written examinations, they have been unable to get by the board."

The charge was made by Rep. LaGuardia while the House was considering a bill introduced by Representative Linthicum of Maryland, providing for the grading and classification of clerks in the foreign service and readjusting rates of compensation. Several members took issue with Rep. LaGuardia, but the latter declared that he knew the facts and that there could be no question whatever as to discrimination.

Arab Delegation to Make Wide Tour of United States

(Jewish Telegraphic Agency)

Chicago, May 22—A tour of the Middle West and a trip to Washington is planned by the Arab delegation from Palestine which arrived here this week from New York. The delegation, which consists of Emir Ardel Arslan and Issak Bandak, will cover an itinerary including Milwaukee, Michigan City, Grand Rapids, Detroit, Flint, Mich., Saginaw, Toledo, Cleveland, Akron, Cincinnati, Pittsburgh and a number of cities in West Virginia, Kentucky and Tennessee. The Arabs will return to New York after visiting Washington and later Boston.

Warburg Says Immigration Ban Only Temporary But Britain Must Allay Feeling

Confidence that the stoppage of Jewish immigration into Palestine was only temporary, and that the British Government had not changed its policy with regard to facilitating the establishment there of a Jewish homeland, was expressed by Felix M. Warburg, chairman of the Administrative Committee of the Jewish Agency for Palestine, at a luncheon by Zionist leaders of this city to James N. Rosenberg, chairman of the New York Allied Jewish Campaign at the Hotel Biltmore yesterday.

"However, the Jews have a right to ask prompt action of the British Government to relieve the situation, and to allay the tense feeling of the Jewish people everywhere," Mr. Warburg declared.

"On the other hand, the Jews must show that they have a real interest in Palestine, and that they are backing up that interest not merely by speeches and by resolutions, but by giving money for its upbuilding. The larger their financial sacrifices for the sake of Palestine, the larger will be their influence with the British Government."

Support for the work of the Jewish Agency, through contributions to the Allied Jewish Campaign, Mr. Warburg said, would have a wholesome effect on the morale of the Jews in Palestine. "It will show them that the Jews of America are with them, and will give them strength to go on with their work," he said.

About forty Zionist leaders, all of whom are taking active part in the New York Allied Jewish Campaign, including Mrs. Robert Szold, national president of the Hadassah, and Mrs. Rose Jacobs, chairman of Hadassah's Palestine Committee, participated in yesterday's luncheon to Chairman Rosenberg. The host was Morris Rothenberg, vice-president of the Zionist organization of America and one of the national chairmen of the Allied Jewish Campaign. Optimism as to the outcome of the New York "drive" which will officially begin next Tuesday was expressed by all of the speakers.

German-Jewish War Veterans to Be Settled on Land

(Jewish Telegraphic Agency)

Berlin, May 22—At a meeting of the Federation for Jewish Land Settlement in Germany, Franz Oppenheimer reported that the Federation has bought a stretch of land in Grossgablow near Cottbus, and that the Berlin Kehillah has contributed one-hundred thousand marks to begin the settlement on the land of former German-Jewish soldiers who fought in the war.

This, declared Oppenheimer, is the beginning of a far-reaching plan for Jewish land settlement which aims to establish a large number of Jews upon German soil. He declared that the Federation expects the German government to support the plan.

No General Stoppage of Immigration to Palestine Shiels Tells Commons

(Jewish Telegraphic Agency)

London, May 22—There has been no general stoppage or prohibition of immigration to Palestine but owing to a misunderstanding, the schedule of 3,300 persons had been approved by the High Commissioner for the six months period ending September 30 which included the 950 persons whose admission has been sanctioned with the advice of the Colonial Office.

This was the reply of Dr. Drummond Shiels, under-secretary for the Colonies today in the House of Commons to Sir Archibald Sinclair's question of "isn't it contrary to the terms of the Mandate that the government should stop immigration? On the other hand if the economic capacity of Palestine is insufficient to absorb 3,300 immigrants why did the High Commissioner grant them?"

Dr. Shiels also pointed out that the British government had taken the position that in view of the criticism in the Shaw Commission's report and the subsequent mission of Sir John Simpson it was desirable that pending the receipt of Sir John's report further arrivals be in the meantime restricted. Accordingly, he said, it had been decided to confine the issuance of certificates for the present to 950 but no certificates had been cancelled nor has any final decision been reached regarding the labor schedule covering the whole period up to next September.

The situations on which the demands for certificates were based, Dr. Shiels explained, were works of a temporary nature. "We have been attempting to carry out the policy of the 1922 White Paper of allowing immigrants to Palestine only in accord with the economic capacity of the country," Dr. Shiels said that the present restriction should be interpreted as "ordinary discretion" so that "we should not be accused of having made mistakes that the Commission says we made in the past." He pointed out that about 2,000 people would be affected by the restriction but he said there was no reason why they should be ultimately affected.

Indian Moslems Restive If Arab Demands Not Met

(Jewish Telegraphic Agency)

London, May 22—Unless the demands and claims of the Palestine Arabs are met it will be difficult to keep in check the Moslems of India, declared a resolution adopted today by the council of India's Moslem Federation, as reported by Reuters. The resolution pointed out that if the Arabs' demands are not complied with, feeling among the Indian Moslems would become more grave and it would be more difficult to control the masses. The resolution also urged Lord Irwin, the Viceroy, to place the Moslem's views on the subject before the British Cabinet.

but the latter visited him today at the government house. Sir John will meet representatives of all groups tomorrow. He plans extensive visits over the country but unlike the Shaw Commission will not hear evidence.

Vaad Hair Issues Proclamation

A proclamation issued today by the Vaad Hair, Jewish municipal council, declared "today's stoppage serves as an energetic expression before the entire civilized world of our pain and humiliation, to mobilize our nation's forces and to redouble the peaceful effort while waging the battle against the denial of the Jewish people's elementary right to immigrate to Palestine."

While the Jewish populace has walked out on a general strike the Hebrew press urges the mobilization of all Jewish forces in the hour of trial. The "Ha'Aretz" declares "the Jews are not a negligible factor in the world. Let the national will be mobilized in Palestine and the national forces outside. We must win through!"

The "Doar Hayom" exclaims: "We shall defend ourselves. We have no other Jewish homeland." The "Davar," commenting on the last announcement of the government says: "Great Britain made a treaty with Arab despots for the preservation of Britain and their rule at the expense of the Jewish masses of the world and the Arab masses of Palestine. This cannot stand. We do not know how to break this pact

but we know we must break it or lose our birthright."

The Arab press differs on the implications of the immigration suspension. The "Meraat Al Shark" is surprised that the Jews "are making so much noise for such a little thing". The paper declares that the Jews "are crying before they are hurt. What will they say if the government entirely prohibits immigration. Meanwhile we Arabs see the country going from us. Allah save us!"

The "Falastin" describes the immigration stoppage as "the destruction of the Jewish hopes of building a Jewish national home. The Zionists realize that their hopes are blighted with the cessation of immigration."

Zionist Confidence in Britain Breaking, Lipsky Declares; Mandate Vindicated

The order of the British Colonial Office suspending Jewish immigration into Palestine, which has aroused the condemnation of Jews throughout the world and which is the cause of the general Jewish strike in Palestine today, is called a "dastardly violation" of the Mandate granted to Great Britain by the League of Nations in an official statement issued by Louis Lipsky, president of the Zionist Organization of America, in which he expresses the views of American Zionists with regard to the action of the British Government.

The confidence which Zionists have reposed in the British Government is on the verge of breaking, Mr. Lipsky declares, saying that the only way for Britain to regain the confidence of millions of Jews is to order, without delay, the opening of the doors of Palestine. Pointing out that the suspension of the 3,300 immigration certificates is a purely political move and has nothing to do with the economic situation in Palestine, Mr. Lipsky emphasizes the fact that High Commissioner Chanceller had already approved the issuance of these certificates as economically justifiable.

It was said at Zionist headquarters yesterday that unless Great Britain changes its course with respect to Palestine, that drastic action will be taken by the Zionists of America, in consonance with Jews throughout the world.

Vienna Zionists Cable Protest to League

(Jewish Telegraphic Agency)

Vienna, May 22—A protest resolution was cabled to the British government and the League of Nations by a meeting of thousands of Zionists here today protesting against the "continuous infringement of the Palestine Mandate and particularly the immigration stoppage." The meeting was organized by general Zionists Revisionists, Radicals and labor people and was attended by the executive of the Jewish community.

Keren Hayesod Appeal Says Upbuilding Work Must Go on Despite Difficulties

(Jewish Telegraphic Agency)

Jerusalem, May 22—The work of upbuilding in Palestine will not be suspended for one minute but will continue under all conditions despite all difficulties, declared an appeal sent out today by Dr. Arthur Hanke and Leib Yaffe, members of the board of directors of the Keren Hayesod, the financial instrument of the Jewish Agency, to all committees and workers of the Keren Hayesod throughout the world.

The appeal said "a difficult hour is upon us. The Jewish people of Palestine and of the Galuth (outside of Palestine) are shaken to their very depths and indignant at the edict suspending immigration which threatens the vital nerve of the movement. The Jewish people the world over have voiced their protest and demands but this is not enough."

"The whole world must know that not for a moment shall we suspend the work of upbuilding in Palestine but we will continue despite all conditions and all difficulties. Our strength lies in ourselves, in our work. It is more than ever incumbent upon ourselves to show the world what Palestine means to our people. Not for one moment will our work be interrupted but it will be carried on with greater devotion and redoubled energy."

"The increased activities of the Keren Hayesod will not merely widen its scope but convince the world and the Jewish people that it must not give way. No power on earth can destroy its hope and its aspirations. It is impossible to arrest the work of the restoration of the land to its destiny. Let everyone be at his post ready to do his work. Let our deeds lend strength to our protest. Our grief will pass but the Keren Hayesod which is financing immigration and settlement must be prepared for action."

Polish Jewry Excited at Palestine Immigration Ban

(Jewish Telegraphic Agency)

Warsaw, May 22—A conference of all Jewish communities in Poland will be called here to protest against the immigration stoppage in Palestine. The Polish rabbinate has adopted a resolution of protest too. Poland, one of the world's greatest centers of Jewry, is tremendously excited over the ban. Protest meetings are being held everywhere and resolutions are pouring into national Zionist headquarters in Warsaw.

Rep. Bloom's Daughter Will Be Presented at Court

(Jewish Telegraphic Agency)

Washington, May 22—Miss Vera Bloom, daughter of Representative Sol Bloom of New York, is so far the only Washington girl to be announced as among those to be presented at the Court of St. James May 27. With her mother she sailed for Europe weeks ago and will be joined by Representative Bloom when Congress adjourns.

See Great Loss to England If Chaim Weizmann Resigns

(Jewish Telegraphic Agency)

London, May 22—The loss to Great Britain of the friendship of the Jews is likely by the probable resignation of Dr. Chaim Weizmann, president of the Jewish Agency, as a result of the situation created in the Zionist movement by the suspension of immigration to Palestine declares the "Manchester Guardian" today.

Pointing out that Dr. Weizmann "throughout has staked everything on his loyalty to the British government and has defended it stoutly on hundreds of platforms at great risk to himself against the Revisionists (opposition to the Weizmann regime) and other critics," the "Guardian" says "his position is rapidly becoming impossible and hints have even been heard of his resignation as head of the Zionist Organization."

"It is hard to imagine the Zionist Organization without Weizmann, for the whole movement is his creation. Under any new hands this international organization will certainly be far less friendly to this country. No sooner had we cured the cancer of Ireland in our international relations than the indication of MacDonald makes a worse one of Jewry."

WARBURG, ON BEHALF OF AMERICAN MEMBERS OF JEWISH AGENCY URGES BRITAIN TO REVOKE ORDER SUSPENDING IMMIGRATION TO PALESTINE

(Continued from Page 1)

issued by the Secretary of State for the Colonies to the High Commissioner, who had heretofore sanctioned the certificates on the basis of the economic situation of the country and the need for additional labor immigrants. We are advised likewise, that a communique of the Palestine government states that this order is invoked in the interest of the non-Jewish communities of Palestine.

Action Aroused Indignation

"This action has aroused the indignation and evoked the most profound concern of the Jewish people throughout the world. It has created, not alone among the Jews of Palestine and of Europe, but among the Jews of the United States of America, a most unfortunate impression that the decision to revoke the authorization sanctioned by the High Commissioner as recently as May 12, has been made on political grounds. To millions of Jews this decision seems contrary to the spirit and terms of the Mandate and inconsistent with the assurances granted by His Majesty's government with respect to Jewish immigration. Furthermore, we respectfully submit that since May 12 when the High Commissioner approved these immigration certificates, the conditions of Palestine have not so altered as to justify such a suspension of the permits.

Will Not Reduce Unrest

"Nor does the report of the Shaw Commission of Inquiry itself, with many of the conclusions of which the Jewish Agency finds itself in complete disagreement, and with respect to which the Jewish Agency has been and is prepared to offer authoritative information, contemplate provisional measures of the character now taken. It is feared in many responsible quarters that the suspension of the immigration certificates now directed, will fail to relieve the spirit of unrest in Palestine. Rather it embitters the Jewish population in Palestine and throughout the world, which deems the Jewish people deprived thereby of the very essence and substance of the Mandate—reasonably to increase its members by immigration, and to be 'in Palestine of right and not on sufferance.'

Serious Labor Shortage

"Finally, in view of the serious shortage of labor, the demands for construction on public and on Jewish works, as well as by reason of the requirements of the Jewish Agency program and that of other bodies engaged in economic, agricultural and other undertakings in Palestine, immigration in excess of the permits authorized is urgently required at this very time.

"In these circumstances we are constrained to present to you the sense of indignant protest of the Jews of the United States, who, whether as Zionists or non-Zionists are associated with

the enlarged Jewish Agency, against the measures now put into effect. This message is addressed to you, in behalf of the American members of the Administrative Committee of the Jewish Agency by whom I am directed to urge upon His Majesty's government a reconsideration of the action taken and a revocation of the order of suspension. We believe that this appeal to the traditional justice and fairmindedness of the British people and government, will meet with an equitable response."

Myer Brown Again Heads Jewish Workers' Alliance

(Jewish Telegraphic Agency)

Montreal, May 22—Resolutions calling for an enlarged program of cultural activities among members, the creation of study groups with courses in Jewish history, literature and the Socialist labor movement, a renewal of the movement for Hebrew and Jewish departments in public libraries and the introduction of Hebrew and Jewish subjects in the public school curricula in cities where the Jews live in compact masses, were adopted at the concluding session of the annual convention of the Jewish National Workers' Alliance of the United States and Canada.

Palestine resolutions adopted greeting the beginning of the Cholutz (pioneer movement) in the United States, pledged active support to the Jewish National Fund and urged complete devotion to the success of the campaign for the Jewish workers in Palestine.

Myer Brown was reelected president and Louis Segal was again chosen general secretary. Other officers are Dr. M. Applebaum, vice-president and N. Zvirin, treasurer. The delegates agreed to aid financially the sanitarium at Los Angeles, at Denver, the Deborah Hospital, the Folk Schools and Peretz Schools in Montreal and the Jewish Teachers' Seminary.

DeRoy Leaves \$23,000 for Jewish Philanthropies

(Jewish Telegraphic Agency)

Pittsburgh, Pa., May 22—Pittsburgh charitable and welfare organizations have been bequeathed \$23,000 by the will of Abram J. DeRoy, senior partner of a jewelry firm, who died in France recently.

The bequests range from \$200 to \$10,000, the largest donation going to the Jewish Family Association for the establishment of a free loan fund to be used in making loans to poor families without security or interest. The Guskys Orphanage, received \$2,000, as did the Rodef Shalom Congregation. Other institutions benefitting by the will were the Jewish Philanthropic Association, Montefiore Hospital, Union of Hebrew Congregations of Cincinnati, the Jewish Home for the Aged, and various others.

Chile Can Absorb 1,500 Jews Annually If They Know Trade, Survey by Hias Indicates

Chile can absorb between 1,000 and 1,500 Jewish immigrants annually, provided they know a trade, according to a report rendered to Hias by J. Lutzki, of Buenos Aires, who was sent to Chile by the Hias and other Jewish immigrant aid societies to study the possibilities of Jewish immigration there and report thereon.

Chile, reports Mr. Lutzki, has a total population of nearly four and a half million and is the only South American country that practically does not restrict immigration. The country is steadily growing and conditions are becoming more and more economically sound. There is no unemployment among skilled workers. There is a great demand for tailors who can earn between 20 and 30 Chilean pesos daily (which is considered a good wage) and for hat-makers, electricians, plumbers, ladies' tailors, upholsterers, bricklayers and others engaged in the building trades, all of whom can earn good wages as well. The climate of Chile is one of the best in the world, the atmosphere being practically dry.

Mr. Lutzki found that there are already in Chile between 1,000 and 1,200 Jewish families, of whom 200 are of Sephardic descent. Eight hundred families live in Santiago, the capital, which has a general population of 600,000, and the remainder are distributed in other cities. 99 per cent of the Jews are in business, the oldest settlers holding prominent places in the commercial world. The new arrivals, who are the friends and relatives of the older settlers, are engaged in peddling, mostly selling goods on the weekly instalment plan. There are practically no Jewish workmen to speak of. The remaining 1 per cent is composed of professional men, such as lawyers, doctors, engineers; these are the children of the early settlers.

Notwithstanding the small size of the Jewish community, it is well organized for religious, cultural, social and philanthropic purposes. In Santiago a Jewish Center which will cost around 1,000,000 pesos is being completed. In Valparaiso, which is the principal port of the country, and the second largest city, with a general population of 250,000 and which has 80 Jewish families, plans for erecting a central building are also being made. Mr. Lutzki had several conferences with the leaders of the Santiago and Valparaiso communities and succeeded in organizing an immigrant aid society in each.

Jewish Historical Society Meets in Boston June 7

(Jewish Telegraphic Agency)

Boston, May 22—The American Jewish Historical Society will hold its 37th annual session in Temple Israel on June 7 and 8, with Dr. A. S. Rosenbach, president, in the chair. The convention will start on Saturday evening at 7 o'clock with additional sessions held on Sunday at 10:30 and another in the afternoon at 2:30.

Brandeis-Mack Group Defines Terms on Which Zionist Organization Work Will Be Resumed

(Continued from Page 1)

to return to an active participation in the Z. O. A., a participation they relinquished in 1921 when the Brandeis administration was ousted at the Cleveland convention of that year.

The statement emphasizes that no propaganda will be put forward by the Brandeis group to secure the adoption of its proposals at the convention.

The statement, which is the first Zionist document on which Justice Brandeis' signature appears since 1921 reads as follows:

May 22, 1930

Dr. Nathan Ratnofsky, Chairman
Mr. David Freiburger
Dr. Israel Goldstein
Dr. James Heller

Dear Sirs:

We have made a careful study of the papers setting forth the present condition of the Z. O. A. transmitted by Mr. Freiburger for the Committee under date of April 22nd; have considered the present condition in the light of our knowledge of the past and the needs of the movement; and have reached definite conclusions. To preclude the possibility of any misunderstanding, we deem it appropriate, to state these conclusions in writing at our conference.

First—Your Committee has courteously suggested that our group resume in some way, and to some extent at least, the active participation in the work of the Z. O. A. which terminated in 1921, through the action of the Cleveland Convention.

Economic Development Paramount

The experience of the last ten years has confirmed the views, expressed on July 14, 1920 in the Zealand Memorandum, that the efforts of the Zionists should be directed primarily to the economic development of Palestine. In our judgment the best guarantee which we can create for the realization of our national aspirations in Palestine is widespread cooperation in a carefully devised plan of economic development, which will make practical immediate increased settlement by Jews in Palestine.

We believe that the Z. O. A. can, through such activities, be an important instrument in strengthening the spiritual and intellectual ideals of the movement in America, as well as in the practical aspects of national economic effort. We believe the Jewish Agency will welcome the cooperation of a Z. O. A. not only alive to the many problems that press upon it, but earnestly devoted to their solution. To this end we deem it essential that there be complete reorganization of the Z. O. A. in methods of control, in methods of management, in personnel and in finances.

Conditions Must Be Changed

Second—We are clear that none of the men whom we should deem competent and worthy to be entrusted with

the serious responsibility of management would be willing to undertake the task under the existing conditions of the organization; and that none should be approached by us until these conditions shall have been changed fundamentally. When these men are to be approached, the conditions should be such that we may be able to assure them that, if they will assume the duties, the conditions within the organization will be such as, in our opinion, will make a successful administration of the Z. O. A. affairs possible.

Conditions Necessary for Success

Among conditions indispensable to success are: (1) Complete control by the new management after December 31, 1930 for a period long enough to affect a thorough re-organization of the Z. O. A. and to energize it, among other things, by establishing a membership at least as large as that of 1920, besides the Hadassah members. (2) A board of management consisting of members in complete accord as to the ends to be pursued and generally in accord as to the means to be adopted. (3) The assurance of effective cooperation by the body of Zionists. (4) Freedom from financial pressure during the period reasonably required for the reorganization and rehabilitation of the Z. O. A. and (5) Before assuming control, that full knowledge of the then existing conditions which have been obtained only through free access to the books and files of the organization and familiarity with the problems arising from day to day.

Unless these conditions are complied with, we think we can best serve the cause by continuing the efforts which we are now making in various ways for Palestine development. If all of the conditions are satisfied, we shall be willing to make the attempt to find the men needed for worthy and adequate management and to secure their consent to serve.

Third—Certain action can be taken at the forthcoming Z. O. A. Convention and if it is the wish of the delegates that the attempt as above stated be made by us, such action is indispensable. What we have in mind is this:

Interim Regime

a. That the convention in June elect an Administration of Zionists (consisting of not more than 9 members) which shall be vested during the term for which it is created (and the extension hereafter provided for) with all the powers of control and management of the Z. O. A.—thus superseding, during the life of the Administration, including the extended term, all other organs of government and management and all existing officers and officers, including committees.

b. The term of the Administration shall be six months, that is until January 1, 1931, with power in the Administration to extend this term for a

further period of not exceeding two years, provided it shall, before December 31, 1930 have concluded, in its discretion, to elect as members of the Administration the persons to be nominated by us, and approved by not less than two-thirds of the members of the Administration chosen by the Convention; and provided further that the financial conditions hereinafter set forth shall then have been complied with.

Present Executive Barred

c. The members of the Administration to serve for the original period ending not later than December 31, 1930 shall be elected by the Convention; shall consist of persons none of whom is, or recently has been, an Executive officer of the Z. O. A. or closely affiliated with the present administration; and none of whom is in any way connected with our group. In other words, the members of the Administration to be elected at the Convention are to be such as may be described as neutrals—persons in whose judgment the Zionist membership will have complete confidence and with whom our group may freely negotiate in the effort to secure for the organization a worthy and adequate management.

d. We are to be free to nominate to the Administration as members for the extended period such of the persons elected to that office by the Convention as we may deem advisable—and every Administrator shall be free, for himself or any other person elected to the Administration at the Convention, on our nomination, to vote as Administrators, for the extended period for such persons.

Serve Without Compensation

e. No member of the Administration nominated by us shall receive a salary or other compensation from the Z.O.A.

f. The Administration to serve until December 31, 1930, as well as that to serve for the two year period thereafter, would have power to organize itself, to make its own rules and regulations for the conduct of its business, to appoint Committees, to call conferences and take such other measures as may be deemed by them desirable for the purpose of ascertaining the opinion and securing the support of the general body of Zionists in the United States.

Power to End Term

Fourth—The Administration shall have power to end either the original or the extended term at any time by surrender of its powers to the membership, at a convention called for the purpose.

If the term of the Administration is extended beyond December 31, 1930, as above provided, it shall be its duty to prepare and submit for the consideration of the Z.O.A. members at a Convention held at least one month before the expiration or earlier termination of the extended term, a draft of a new constitution and by-laws, embodying its views as to the most desirable plan for the control and management. If the new constitution, or some amendment thereof, is not adopted by the Convention, the elec-

University of Michigan Accepts Hebrew as a Language Admission Subject

(Jewish Daily Bulletin)

Ann Arbor, Mich., May 22—The University of Michigan will accept Hebrew toward fulfilling the foreign language requirement for admission.

Frank Eggleston Robbins, assistant to Dr. Alexander G. Ruthven, president of the university, made this statement to the representative of the Jewish Telegraphic Agency, who inquired regarding college recognition of Hebrew in consequence of a statement made by Frank Cody, superintendent of Detroit Public Schools, who said that one of the conditions upon which Hebrew would be introduced in Detroit high schools would be that colleges recognize Hebrew as constituting a proper substitute for Greek, Latin, German or Spanish.

Mr. Robbins made the following statement to the Jewish Telegraphic Agency representative:

"Hebrew, if presented for admission, would at the present time be acceptable at the University of Michigan toward fulfilling the foreign language requirement for admission. This is on the assumption, of course, that we are speaking of the Classical Hebrew and that the work offered by the prospective student is in all respects comparable in grade to our standards for admission generally. For purposes of comparison I may say that quite frequently Polish is offered by applying students and is acceptable, provided the work has been well done in an accredited high school. Chinese and Japanese have, I believe, been accepted on a few occasions."

Congressman Golder Heads Philadelphia Allied Drive

(Jewish Daily Bulletin)

Philadelphia, May 22—Congressman Benjamin M. Golder will head the Allied Jewish Campaign in this city, Morris Wolf announced at a meeting of leaders of the community held in the library of the Locust Club. Mr. Wolf was chairman of a committee appointed several weeks ago by Judge Horace Stern charged with the task of selecting a chairman for the Allied Jewish Campaign in this city. The quota for Philadelphia and vicinity has been set at \$60,000.

At the suggestion of Congressman Golder, Dr. Cyrus Adler and Judge Wm. M. Lewis were elected Honorary Chairmen of the Campaign. Harry J. Sundheim was elected Treasurer and David J. Galter, Secretary. Judge Horace Stern was made Chairman of the Executive Committee and Mr. Morris Wolf, Chairman of the Committee on Teams, assisted by Judge Horace Stern, Rabbi Max D. Klein, Albert H. Lieberman, Robert M. Bernstein and Benj. L. Rubinsohn. It was agreed to set the date for the opening of the campaign for Sunday evening, June 15th, in the hope that the campaign would not extend beyond a week or ten days.

Dr. Bernard Revel Heads Hebrew Education Board

Dr. Bernard Revel, president of the faculty of the Rabbi Isaac Elchanan Theological Seminary and the Yeshiva College, was elected president of the Board of Education, recently created at a conference of Jewish educators of New York City, called for the purpose of organizing the forces of orthodox Jewry who are fostering a maximum program in the Jewish religious schools. The conference came into being on the initiative of the Yeshiva College authorities.

Rabbi M. S. Margolies and B. Hirsch were chosen vice-presidents; Dr. P. Churgin, principal of the Teachers' Institute of the Yeshiva College, chairman of the executive board; I. Z. Fishberg, treasurer and Professor I. Ginsburg, secretary. Other members of the board are: Dr. Simon Ginsburg, Hebrew poet and educator; M. Fuerst, I. Konovitz and A. Sawyer.

The Board of Hebrew Education, at a meeting held last week at the Yeshiva College, decided to call a conference of Jewish communal leaders, active in the field of Jewish education, to be held early in the Fall.

Rubenstein, Noted Charity and Religious Worker, Dies at 82

(Jewish Telegraphic Agency)

Montreal, May 22—Israel Rubenstein, brother of Louis Rubenstein, Montreal alderman, died here today at the age of 82. He came here from Poland 80 years ago and was one of the founders of the Baron de Hirsch Institute of which he was treasurer for 20 years. He was also an active member of many charitable and religious organizations as well as being a noted art collector.

Survey Reveals Progress of Liberal Judaism in U. S.

Liberal Judaism in America has made progress during the past year, according to a survey made by the "American Hebrew" of the numbers which are to be confirmed in the Reform Temples of the country on the festival of Shevuoth, which occurs on Monday, June 2. In its current issue, this publication reports and lists the approaching confirmation of 198 classes with a total of 5,121 children, the largest in the history of American Judaism.

Says No Discrimination Between Political and Other Prisoners

(Jewish Telegraphic Agency)

London, May 22—There is no reason for discrimination between political and other prisoners in Palestine since no such discrimination exists in England, declared Dr. Drummond Shiels, under-secretary for the Colonies in the House of Commons. He denied that Hannah Millstein, youthful Jewish Communist, had died as a result of a hunger-strike. According to Dr. Shiels she had not taken part in the hunger strike and died from heart disease three months after she was released from prison.

tion of officers shall then be held under the existing constitution.

Provisions for Administration

Fifth—In order that the Administration, after December 31, 1930 may be free to devote itself to the task of reorganization and rehabilitation and to the development of its plan for future usefulness, provision must be made, before it assumes office for the extended term for:

a. Payment of all the then existing indebtedness of the Z.O.A.; and the discharge of all financial obligations, legal or moral, arising out of the past.

b. A fund deemed by us sufficient to defray the reasonably administrative expenses for the year beginning January 1, 1931, including in such administrative expenses the cost of a necessary publication.

Will Cooperate If Conditions Accepted

If the Convention adopts the proposal contained in articles First, Second, Third, and Fourth above, we shall be willing to cooperate with the Administration elected by the Convention and other Zionists in raising funds required by (a) and (b) of this article, the latter for use by the Administration during the extended period.

Sixth—If the Administration plan proposed is adopted it must be by the act of others than the members of our group.

We shall not put forth any propaganda to secure its adoption by the Convention, or to influence the action of the Convention with respect to the continuance of the present method of control, management or personnel.

Jewish Groups Wins Chicago Drama Contest

(Jewish Daily Bulletin)

Chicago, May 22—For the first time in its history, the Institute Players' Guild of the Jewish People's Institute won the coveted Edith Rockefeller McCormick Cup in the Greater Chicago Drama League Contest with the play, "The Tenth Man," by Elma Ehrlich Levinger, which it presented for the contest. The largest single award of the contest also went to the Institute Players' Guild when Ralph Schoorman took the first prize for diction offered by Mortimer Singer, head of the Orpheum Circuit.

Jewish Fraternity Installed at Detroit Jesuit College

(Jewish Daily Bulletin)

Detroit, May 22—Alpha Epsilon Pi, a national Jewish fraternity, installed its twentieth chapter at the University of Detroit, the first Jewish Greek letter society at this Jesuit college, by accepting the petition of the Sigma Lambda local fraternity. The local group was established five years ago.
