AS DISTINGUISHED AMERICANS, INCLUDING STRAUS, ADLER,  
ROSENBERG, YOUNG, CRAVATH, LAUD JEWISH AGENCY CHIEF**

President Hoover, former President Coolidge, Secretaries Wilbur and Stimson, Governor Roosevelt, Cardinal Hayes and Dr. Chaim Weizmann were among the distinguished personalities who joined in a tribute last night to Felix M. Warburg, chairman of the Joint Distribution Committee and, also, chairman of the Administrative Committee of the Jewish Agency for Palestine, for his outstanding services in the fields of philanthropy and civic responsibility.

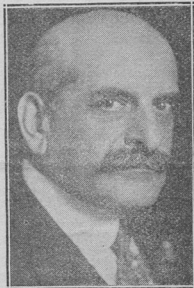

Other distinguished men who participated in the tribute to Mr. Warburg at Town Hall, which opened the New York Campaign, were Lieutenant Governor Lehman, Mayor Walker, Owen D. Young, Paul Cravath, Nathan Straus, Dr. Cyrus Adler and fifteen hundred men and women, representing every phase of Jewish communal and philanthropic activity in this city, including Orthodox, Reform, Conservative, Zionists and non-Zionists. The meeting was presided over by James N. Rosenberg, chairman of the New York Allied Jewish Campaign for \$2,500,000 toward the \$6,000,000 which is being raised nationally for the 1930 budgets of the Joint Distribution Committee and the Jewish Agency for Palestine. Mr. Warburg is a national honorary chairman of the campaign.

### A. R. A. Gives \$50,000

One of the striking features of last night's tribute to him was the announcement by Edgar Rickard, Director-General of the American Relief Administration, of which Mr. Hoover is chairman, of a contribution of \$50,000 from the children's fund of that great life-saving organization to the Allied Jewish Campaign. "It is in keeping with the policy governing appropriate

tions from this fund," Mr. Rickard said, "that we should attest our approval of your work by joining in this tribute to our friend and colleague,

### Good Harvest Expected in Russian Jewish Colonies

(Jewish Telegraphic Agency)

Moscow, May 27—A good harvest which will exceed the returns in previous years is expected in the Jewish colonies this year, declared Dr. Joseph Rosen, director of the work of the Agro-Joint in Russia, who has just returned from a tour of the colonies in Crimea and Ukraina. The only exception to the good harvest report is in the Kalinindorf region where the local Jewish Communists have reduced the Jewish colonists to such a condition during the enforced collectivization period that a considerable time will elapse before the impoverished colonists there can return to normality.

### Document Indicates Jesse Seligman Sought Vatican Aid in Czarist Persecution of Jews

(Jewish Telegraphic Agency)

Moscow, May 27—A secret document from the archives of the Czarist government, revealing the part played by the Vatican in the anti-Semitic persecutions in Czarist Russia is published in today's "Isvestzia", the official government organ. Last week the same paper published a document from a similar source indicating the role of the Vatican in the famous Beilis case.

The second document is a report dated April 19, 1892 from the Czarist ambassador in Rome, M. Yizvalsky, to the Russian foreign minister in St. Petersburg, wherein M. Yizvalsky points out that the Jewish banker, Seligman, from the United States, had come to Rome in order to induce the Vatican to use its influence with the Czar to raise the restrictions against the Jews in Russia.

M. Yizvalsky also reported that Seligman had brought a number of letters of introduction from high and influential persons.

### Z. O. Executive's Political Committee Meets in June to Discuss Special Congress

(Jewish Telegraphic Agency)

London, May 27—The political committee of the World Zionist Organization will meet in London in the middle of June to consider among other things the advisability of calling an early World Zionist Congress. While the regular seventeenth Congress is not due until 1931 there have been reports that as a result of the present situation in Palestine and due to the demands from various Zionist groups a special Zionist Congress would be called this Summer.

No definite date has yet been set for the session of the political committee and no decision will be made as to a special Zionist Congress pending the session of the political committee. The Zionist Executive here today denied the rumor that the Actions Committee of the Zionist Organization had been convened for June 4.

### Palestine Zionists Debate Ban on Immigration, Brith Shalom

(Jewish Telegraphic Agency)

Tel Aviv, May 27—The attitude of the general Zionists of Palestine to the immigration ban and the activities of the Brith Shalom Society was discussed at an all night session of the All-Palestine conference of General Zionists. Col. Frederick Kisch, chairman of the Palestine Executive of the Jewish Agency, and Rabbi Meer Berlin attended.

### Gets Prison Term for Spreading Blood Ritual Tale

(Jewish Telegraphic Agency)

Moscow, May 27—For spreading a ritual murder tale against Jews last Passover, Sofia Katchan was today sentenced by a court at Paltova to three years imprisonment. The wife of a Communist, she went from house to house during Passover saying that her Jewish neighbor, Shloime Gribow, had attempted to kill her seven-year-old son to use the blood for matzoth. She was immediately arrested and her trial opened today. The courtroom was crowded when the verdict was announced.

## Roumanian Deputy Asks Why No Measures Taken Against Paper Spreading Anti-Semitism

(Jewish Telegraphic Agency)

Bucharest, May 27—A question as to why no measures have been taken against the incitement of the official Cuzist organ in Constanza, the "Stralucidoro," which has been urging the peasants "to kill the Jews and burn their synagogues" was raised today in Parliament by the Social-Democratic Deputy Lutchan. Minister of Industry Madgearu replied that the matter was within the jurisdiction of the Constanza district attorney but that he would nevertheless draw the matter to the attention of the Minister of Justice.

Quoting M. Lutchan's interpellation, the Bucharest daily, "Dimineatra," says that while it does not desire to draw an analogy in the attitude towards the Jews between the Constanza district Attorney and the Jassy police "the happenings of last week do not justify any optimistic expectations as a result of the Minister's intervention."

The Jewish paper "Unser Zeit," published in Kishinev, states that the report of Inspector Coma, who investigated the Targuromos affair recommended the removal of the Jassy police inspector, M. Ganya for his maltreatment of the arrested Jews who were stood in line and photographed with sticks in their hands in order to incite the peasants.

In a number of Bessarabian villages in the vicinity of Kishinev "Unser Zeit" has been confiscated by the authorities. An editorial in "Unser Zeit" vigorously protests against the confiscation declaring that the reason given by the local authorities was that it was not permissible to write anything about Prince Carol. Protesting against this "limited view," the editorial emphasizes that while it realizes that the confiscation was undertaken at the behest of the local authorities it is regrettable that the government permits such action.

## Dreyfus Asks Publication of Documents in His Case

(Jewish Telegraphic Agency)

Berlin, May 27—Captain Alfred Dreyfus, the Jewish officer in the French army who was the central figure in the famous Dreyfus Affair two generations ago, on his recent visit here to Bruno Weil, author of a book on the Dreyfus Affair, declared that he had demanded the publication of all the documents in his case by the French Foreign Office but the government had given him an unsatisfactory reply.

M. Weil said today that the French League for Human Rights is bringing the matter to the attention of the French Parliament. M. Weil describes Captain Dreyfus as a friendly old officer, optimistic and with no signs of bitterness. Madame Dreyfus, he says, is supporting 350 indigent families.

## Jewish Members of Polish Sejm Appeal to British Parliament Against Ban

(Jewish Telegraphic Agency)

Warsaw, May 27—A memorandum of protest from the Jewish Deputies Club of the Polish Parliament protesting against the stoppage of immigration to Palestine has been sent to the House of Lords and House of Commons of the British Parliament. The memo points out that the Jewish deputies represent three million Jews who are vitally concerned in the stoppage order and appeal to the highest instances of the British Parliament to consider the facts presented in the memorandum.

The memorandum recalls that Great Britain was entrusted with the Palestine mandate at San Remo, April 24, 1920, and that it was confirmed at London July 24, 1922. It points out that according to article 2 of the Mandate the Mandatory power has undertaken to create political, administrative and economic conditions enabling the creation of a Jewish National Home. The memorandum then expresses regret that up to the present the Mandatory power "has not taken steps to realize its obligations but on the contrary, the British administration has prevented the development of the Jewish National Home."

The memorandum, copies of which have been sent to leaders of the various parties in the British Parliament, the Jewish National Council and the Zionist Executive, concludes with an appeal to "the oldest parliament in the world to use its influence on the British government for the abolition of the suspension order and to help the Jewish people in the upbuilding of the Jewish National Home."

## Papal Legate in Jerusalem May Be Asked to Resign

(Jewish Telegraphic Agency)

Rome, May 27—The possibility of the resignation of Monsignor Louis Barlassina, Papal Legate in Jerusalem, is admitted by the Italian press here. An American news agency recently reported that the British Colonial Office had made a formal request to the Cardinal for Foreign Affairs of the Vatican asking that he be retired from his post because of his alleged activities in hampering a rapprochement between Jews and Arabs in Palestine.

Although agreeing that Monsignor Barlassina's recall is possible the Italian papers deny that the request, if one was made, of the British Colonial Office has anything to do with it. In the meantime the Catholic newspapers utilize the news as an opportunity for attacking the Zionists, accusing them of using their influence in British government circles.

## Jew Elected to Polish Senate

(Jewish Telegraphic Agency)

Warsaw, May 27—Abraham Cherniakov, Jewish artisan leader, engineer and Folkist, was today elected to the Polish Senate in supplementary elections in the Rovno district.

## Holy Land Watches Plans for Constitutional Changes in Neighboring Lands

(Jewish Telegraphic Agency)

Jerusalem, May 27—Agitation concerning the constitutional changes in neighboring territories are being eagerly followed in Palestine. The prospect in Syria, where the leaders of all political parties agreed at an all-party conference, to decide at the earliest moment what attitude to take towards the French offer of a constitution is being watched with particular interest. The French offered a constitution with reservations concerning France's international obligations as the mandatory power.

Simultaneously in Transjordan the opposition, a self-styled national congress, has just adopted a resolution urging non-recognition of the legislative assembly and of the acts it passed, thereby demanding a newly constituted constitutional government.

## First Woman Judge in Bukhara Is Jewish Girl

(Jewish Telegraphic Agency)

Old Bukhara, May 27—The first woman judge in a Soviet court at Bukhara is a Jewish girl from Samarkand. She has been appointed as judge in a Jewish court specially opened for the Bukharian Jews. Jewish women in Bukhara under the Soviet rule are permitted to go about unveiled, something not allowed under the previous regime. While many Moslem women here continue to cover their faces the Jewish women have abandoned the veil.

Over 500 Jewish women occupy important posts in social and cultural works in Bukhara under the Soviets, according to official information obtained here. A certain percentage of them have left the Jewish religion but a majority of them have remained Jews-esses according to traditional Judaism.

The Bukharian Jewish girls do not yet know anything about Soviet marriages for in Bukhara marriages are still performed according to the old Bukharian Jewish customs and traditional orthodoxy.

## British Sergeant Murdered by Stranger Who Called Him "Jew"

(Jewish Telegraphic Agency)

Jerusalem, May 27—Sergeant William Singleton of the British division of the Palestine police force was murdered last night in Haifa on the shores of Acre Bay. Sergeant Singleton was one of the oldest members of the British section of the police and was originally a member of the Irish constabulary.

He was accompanied by a Jewish girl when accosted by a stranger who called him a Jew. The stranger, returning about twenty minutes later, shot him dead. The culprit has not yet been apprehended. No political motive is attributed to the crime by the police who have instituted an investigation.

## Parade and Mass Meeting Plan of N. Y. Zionists as Protest on British Policy

A huge street demonstration and parade was selected as the means of expressing the protest of New York Jewry against the British policy in Palestine and a committee appointed to make the necessary arrangements and plans at a conference of delegates from the thirty-nine Zionist districts of the city, held Monday night at the Pennsylvania Hotel. The committee was also empowered to arrange a mass meeting to be held in conjunction with the demonstration if it saw fit.

The protest will not be directed solely against the recent action of the British Colonial office in cancelling immigration permits, a number of speakers declared, but against the British policy in general as not being consonant with the spirit and letter of the Balfour Declaration.

### Jewish Workers Protest

Nearly 1,500 men and women gathered at a demonstration held at Cooper Union Monday evening to applaud the sharp criticism levied against the British Labor government for its recent order suspending immigration to Palestine and to approve unanimously a resolution protesting against the order which will be forwarded to Prime Minister MacDonald, Lord Passfield, the Colonial Secretary, the British Labor Party and the General Federation of Jewish Labor in Palestine.

The meeting was held under the auspices of the National Workers' Committee for Palestine, the Central Committee of the Poale Zion and of the Zeire Zion, general executive of the Jewish Workers' National Alliance and the Pioneer Women's Organization.

### Judge Rosenblatt Chairman

Judge Bernard A. Rosenblatt, chairman of the conference and principal speaker, declared it was necessary to remind Great Britain forcefully to give consideration to the first as well as the second part of the Balfour Declaration.

"The Balfour Declaration is a contract," he said. "We have fulfilled our part and it is now up to Great Britain to fulfill hers. Our plea to Great Britain is to stay in Palestine and perform her contract but, in any event, to stay only on that basis."

The meeting was marked by severe criticism of the British policy by many taking part in the discussion, but a suggestion that Great Britain be asked to resign the mandate to a five-power commission was not accepted.

Zionist-Revisionists and Legionnaires who had previously determined on a protest demonstration, announced through M. Danzis and other spokesmen, their willingness to cooperate in a united demonstration, and a number of the group were placed on the arrangement committee.

A resolution introduced by Mr. Danzis instructing the committee to communicate with Zionist organizations throughout the country to ask them to organize simultaneous demonstrations, was also adopted unanimously.

Plans for the demonstration will be

## Public Opinion on the Allied Jewish Campaign

This is the third of a series of letters from prominent leaders in the American Jewish community showing what they have to say about the \$5,000,000 Allied Jewish Campaign.

### SOLOMON LOWENSTEIN

James N. Rosenberg, Chairman  
Allied Jewish Campaign  
Hotel Biltmore  
New York City

Dear Mr. Rosenberg:

Because I believe in the unity of Israel and because I believe that unity and membership in the House of Israel carry with them peculiar obligations to promote the well-being of every member of that household to the extent of one's ability, I believe in the Allied Jewish Campaign and hope for its success.

Because American Jews have on the whole been favored in high degree by the fortunate conditions under which they live, I believe they have a peculiar responsibility to do whatever lies in their power to better the lot of their less fortunate brethren who by accident of nativity are compelled to live under circumstances so much inferior.

Because the Jews of Eastern Europe suffer dire distress because of the economic, political and social changes resultant from the World War and because the Jews of Palestine are making a most gallant effort to rebuild that ancient home of our people, I believe they must all have the help which the Jews of America are in a position to give so abundantly.

Ties of kinship and self-respect alike compel heed to the imperative call that comes to us from overseas to bind up the wounds and satisfy the needs of our brethren abroad, to help them in their efforts for rehabilitation and self-support and to enable them once more to resume their proper place in the Household of Israel.

Faithfully yours,

Solomon Lowenstein.

## Jewish Student Resigns from Harvard to Aid Socialism

(Jewish Daily Bulletin)

Cambridge, Mass., May 27—Lawrence B. Cohen, Jr., a Harvard freshman, who was arrested recently for distributing handbills and other socialist propaganda at the Boston Garden, resigned from the college last Tuesday, of his own accord, it was announced yesterday.

Cohen, who is a New Yorker, was well known on the campus for his socialist activities, though upon inquiries it was learned that the University authorities made no effort to force his resignation. On the contrary, Cohen informed them that he was leaving college to devote himself and his time to promote Socialism.

announced within a few days by the committee of which Judge Rosenblatt is chairman; Harry J. Kahn, secretary, and Joseph Weiss, treasurer.

## Criticizes Hoover, Coolidge, and Harding for Failure to Name Cardozo to Supreme Court

Praise for Chief Judge Benjamin N. Cardozo of the New York State Court of Appeals on the occasion of his sixtieth birthday and criticism of the last three presidents for their failure to appoint Cardozo to the United States Supreme Court bench, is contained in an editorial in yesterday's "New York Telegram", which characterizes Judge Cardozo as "the most adroit and enlightened juristic guidance available in the country today."

"Cardozo has been the leader among active jurists in the United States in the effort to see law as a product of social opinions and institutions", says the editorial. "He has shown that there can be no sound conception of law which is not based upon a full knowledge of man, human nature and social institutions. His 'Nature of the Judicial Process' and 'The Growth of the Law' have influenced legal thinking in America more than any other two treatises of their type in the whole history of our legal publications.

"We may well congratulate Judge Cardozo and New York State. But we cannot say as much for the United States of America. The fact that he is sixty years of age and is not yet on the bench of the Supreme Court of the United States is but a reminder of what we have lost through the negligence of our Chief Executives during the last decade. This failure to appoint Judge Cardozo would in itself alone be a sufficient proof of the lack of vision and statesmanship on the part of Harding, Coolidge and Hoover."

## Cincinnati Seeks \$100,000 for Allied Jewish Campaign

(Jewish Telegraphic Agency)

Cincinnati, May 27—The Jewish Community Council here voted to seek \$100,000 as Cincinnati's quota next Fall for the \$5,000,000 Allied Jewish Campaign. This drive will be part of the first joint campaign ever scheduled in Cincinnati for all Jewish fund-raising organizations not eligible to the Cincinnati community chest. In addition to this \$100,000 another \$100,000 or \$125,000 will probably be needed for other organizations expected to participate in the joint campaign.

**Warburg and Baker Speak  
as Cleveland Temple Marks  
Its Eightieth Jubilee**

(Jewish Telegraphic Agency)

Cleveland, May 27—The two day celebration of the 80th jubilee of Temple Tifereth Israel, the spiritual leader of which is Rabbi Abba Hillel Silver, was concluded here with a dinner at the Cleveland Hotel where more than 1,500 people applauded addresses by Felix M. Warburg and Newton D. Baker, former secretary of war. Mr. Baker spoke on the part "The Temple" played in Cleveland in the last 80 years while Mr. Warburg discussed the status of Reform synagogues in America.

Mr. Warburg, touching on the situation in Palestine, assured Cleveland Jewry that there are no reasons to despair and expressed the wish that the recently created united front in American Jewish life might remain. He appealed to the Jews of Cleveland to make the \$6,000,000 Allied Jewish Campaign a success and he discussed this matter with leading Jews of the city.

The celebration, which was in the nature of a tribute to Rabbi Silver, was featured by the unveiling of a bronze bust of Rabbi Silver which was presented to "The Temple". A warm greeting from President Hoover as well as from other men prominent in religious and civic life were read.

The first day of the celebration opened with a sermon by Rabbi Silver. Later in the afternoon Mr. Warburg in an address at the Men's Club of "The Temple", appealed to the Jews of Cleveland to assist in the upbuilding and development of the Hebrew University.

Among the members of the Education Committee representing the Jewish organizations appointed at the annual meeting are Rabbi Maxwell H. Dubin and Rabbi Mayer Winkler. Mr. I. Irving Lipshitch, Executive Secretary of the Federation of Jewish Welfare agencies, was appointed member of the Publicity Committee. Ben R. Meyer and Irving Hellman are the Jewish representatives on the business and building committee which consists of some of the most prominent citizens of all denominations in Los Angeles.

**South African Zionists See  
Stoppage Breach of Declaration**

(Jewish Telegraphic Agency)

Capetown, May 27—Zionists from all parts of South Africa met here today to protest against the immigration ban in Palestine. The resolution that was adopted pointed out that the non-admission of the immigrants, particularly since the Palestine government had granted permission for their entrance after it had satisfied itself that economic conditions justified it, is a breach of the Balfour Declaration.

The South African Zionists consider that the interests of Palestine were fully justified by the action of the Palestine administration in approving the admission of the immigrants and that the Colonial Office's veto "tends to weaken the administration and encourage further massacres". The resolution pledged the South African Zionists to continue their work for Palestine but appealed for "the upholding of promises made by successive English governments since 1917".

**Polish Rabbis Call Fast to  
Protest Immigration Ban**

(Jewish Telegraphic Agency)

Warsaw, May 27—A call for a fast, similar to the one on Yom Kippur (the Day of Atonement) has been issued to the Jews of Poland by a conference of 109 rabbis meeting in the border states under the leadership of the Chofetz Chaim (Rabbi Israel Meyer Cohen) one of the most famous Polish rabbis. The call for a fast day is in protest against the immigration stoppage in Palestine.

**"Pravda" Did Not Call  
Alex Gumberg "Deserter"**

A dispatch from the Moscow correspondent of the J. T. A. published in the Bulletin of April 9th, regarding a letter printed in the Moscow "Pravda" from Alex Gumberg, a Director of the American-Russian Chamber of Commerce, had a statement that Mr. Gumberg denied that he gave up Soviet citizenship for American citizenship. A copy of the "Pravda" of April 7th has been received in New York since then, and shows that Mr. Gumberg's letter contains no such statement or any statement that can be so interpreted.

Mr. Gumberg's letter was written in reply to an article signed by L. Ninin, published in the "Pravda" of February 8th, which Mr. Gumberg characterized in his letter in the "Pravda" as absolutely false and entirely lacking of foundation. Mr. Gumberg's "Pravda" letter also contains the following statement: "My reputation in the business circles in America and in the U. S. S. R., and my many years of work in connection with the development of economic relations between the United States and the U. S. S. R., make it unnecessary for me to make any further reply to misleading insinuations contained in Ninin's article."

Ninin's article, however, had no statement which called Mr. Gumberg a "deserter", as was reported in the J. T. A. dispatches.

**Orthodox Union Forms  
Vaad Ha-Chinuch**

(Jewish Daily Bulletin)

Chicago, Ill., May 27—The Union of Orthodox Hebrew Congregations of Chicago, responsive to the fact that only 9 per cent of the Jewish children of Chicago receive a Hebrew education and that many of the independent Talmud Torahs are in financial straits has organized a Vaad Ha-Chinuch with N. H. Bolotin as chairman, B. Morris and A. Gerstein as vice chairmen and A. Shapiro as secretary.

An appeal will be made on the second day of Shavuoth in the synagogues, when the aims and aspiration of the Vaad for Jewish education will be explained. Arrangements are also being made by the women's auxiliaries for a \$25 luncheon at which one thousand women are expected to attend. Mrs. L. Cohen will be chairman of this affair.

The Vaad Ha-Chinuch is to consist of representatives of the Kehillah, representatives of the Misrad Horabonim and a representative of each Talmud Torah. The Vaad Ha-Chinuch will introduce a common curriculum of study in all its constituent Talmud Torahs. The Vaad will also attempt to stabilize the financial conditions of the Talmud Torahs.

The slogan of the Vaad is "A Jewish education for every Jewish child in Chicago." Up to date, thirteen Talmud Torahs have been affiliated with the Vaad.

## TRIBUTES TO WARBURG BY AMERICAN AND EUROPEAN STATESMEN FEATURE OPENING OF NEW YORK ALLIED JEWISH CAMPAIGN

(Continued from Page 1)

dren's Fund desires to join in this testimonial by subscribing \$50,000 toward the funds now being raised."

### \$750,000 Given to Campaign

The contribution by the American Relief Administration was one of a large number of contributions of \$1,000 and more to the Allied Jewish Campaign totalling \$750,000. The signatures of the donors to these subscriptions constituted the second part of a volume presented to Mr. Warburg on behalf of a group of his most active co-workers in the fields of philanthropy.

### Many Notables in Volume

The first part of the volume, which was presented to Mr. Warburg last night by James N. Rosenberg, contained letters from President Hoover, former President Coolidge, Cardinal Hayes, Dr. Cyrus Adler, Dr. Chaim Weizmann, president of the World Zionist Organization; Lieut.-Gov. Lehman, Nathan Straus, Owen D. Young and Paul Cravath, attesting their high regard for him personally and for his leadership in Jewish and non-Jewish philanthropy.

### Coolidge Lauds Warburg

Former President Coolidge wrote the following:

My dear Mr. Warburg:

Some of your friends have advised me that they are to pay you some deserved honors on the evening of May 27, 1930, and have invited me to be present. I regret that I am unable to accept the invitation because I should be pleased to make some public declaration of my appreciation of the service you have rendered to your country and of the satisfaction that I feel in seeing some appropriate recognition made of it.

Your work in Finance and Philanthropy with all that these include is recognized in both America and Europe.

I sincerely trust that you will find the evening one of enjoyment for yourself as it will be one of inspiration for all who are able to be present.

With kindest regards, I am

Very truly yours,

Calvin Coolidge.

### Cardinal Hayes Pays Tribute

Following is the tribute to Mr. Warburg from Cardinal Hayes:

"A lively sense of the responsibilities and privileges of American citizenship, a staunch belief in the abiding mercy of God and a deep appreciation of the stewardship of God's gifts to man, and an intellect gifted with far-reaching vision of the needs of the Community together with splendid resourcefulness in marshalling the resources of the community to meet these needs—here is the basis of leadership that will command the respect and affection of all.

Such leadership has Felix M. Warburg given to us, citizens of New York.

P. Card. Hayes,

Archbishop of New York.

### Terms Warburg Humanitarian

The message from Dr. Chaim Weizmann, who is president of the Jewish Agency for Palestine, as well as president of the World Zionist Organization, and which he cabled from London for inclusion in the testimonial volume, reads:

"The united strength of the sons of Israel in the great American Republic is mobilizing itself for a notable effort of Jewish service. It is an effort unlike any other ever made for it brings together all sections of American Jewry and it envisages the whole problem of Jewish need. The sacred union of hearts and minds which was established on that memorable Summer day last year in Zurich is flowering into unity of action. At such a moment success or failure depends on the will, on the spirit, on the personality of leaders.

"American Jewry is fortunate in having found a leader worthy of whole-hearted support. He is a leader, designated by the conviction, by the devotion, by the affections of a community composed of many elements, but unanimous in its appreciation of devoted service to the cause of our common brotherhood. That service has been given with a whole-heartedness, a sincerity and a concentration not exceeded in our day. It has sprung from devotion to the cause of our people whenever and wherever in need, and it is in intimate association with a humanitarianism and an idealism that have found active and creative expression in many spheres beyond that of Jewry.

"The European section of the Jewish Agency greets Felix Warburg as the acclaimed leader of American Jewry in the great reconstructive effort it has undertaken. May he lead you to victory.

"Chaim Weizmann."

### Straus Urges Funds as Tribute

Referring to Mr. Warburg and the Allied Jewish Campaign, Nathan Straus, venerable philanthropist, wrote in his message:

"Praise, mere words of adulation, would, I am sure, leave him cold. In his long and fruitful career he has acquired a great deal of wisdom, and consequently he will not attach too much value to words that do not result in deeds. But a tribute in the form of a large fund, which is intended to take care of the two noblest tasks confronting American Jewry today is bound to give him, as well as his friends, a great deal of real satisfaction."

### Lehman Stresses Rebuilding

The necessity of rebuilding the economic foundations of East European Jewry and of aiding in the upbuilding of Palestine as a Jewish homeland was mentioned by Lieutenant Governor Lehman in his testimonial letter. "Because of the high purposes of the under taking and with the splendid leadership under which we are working, I am confident that the campaign must and will be a great success from

every point of view," declared the Lieutenant-Governor.

"You, who have done so much for the alleviation of suffering and the reconstruction of lives in Europe; you, who have done so much for the rehabilitation of the Holy Land and have been instrumental in uniting these two efforts, deserve a special word of thanks and acknowledgment upon the occasion of the inauguration of the Allied Jewish Campaign; I give it to you with all my heart," wrote Dr. Cyrus Adler in his tribute.

Other tributes to Mr. Warburg included in the testimonial book were from Secretary of State Henry L. Stimson, Secretary of Labor John W. Davis, Owen D. Young and Paul Cravath. Secretary Stimson wrote:

"I should be appreciative if you would convey my heartiest greetings to Mr. Warburg and assure him that I am happy to be associated with his friends in paying tribute to him for his truly splendid work in ministering to suffering humanity both at home and abroad."

"My regard for Mr. Warburg as a man and philanthropist is so great I think this tribute is more than justified," wrote John W. Davis.

### Governor Speaks from Georgia

Governor Roosevelt addressed the meeting by telephone from Warm Springs, Ga., and Secretary of the Interior Ray Lyman Wilbur from Washington. Those who addressed the meeting from the platform besides Mr. Rickard and Mr. Rosenberg, who presided, were Mayor Walker, Hon. Joseph M. Proskauer, David M. Bressler, Morris Rothenberg, Mrs. Rebekah Kohut and Judge Otto A. Rosalsky. Dr. David de Sola Pool made the opening prayer, and Rev. Dr. Maurice Harris pronounced the benediction.

### Warburg Gets Ovation

A tremendous ovation greeted Mr. Warburg when he rose to accept the testimonial volume from the hands of Mr. Risenberg. After uttering a few words in reply to the tributes paid him personally, Mr. Warburg spoke of the objectives of the campaign, the work of the Joint Distribution Committee and of the Jewish Agency, saying in part:

"Through famine, through the absolute destruction of their villages, through pogroms, through financial collapse, through government collapse, the Joint Distribution Committee has nursed thousands and hundreds of thousands of people back to more or less normalcy. That holds good in Lithuania, Russia, Poland, Galicia, Austria, Roumania, Turkey and Palestine—all together, in forty-two countries. The main work we are doing in most of these countries now is not the handing out of doles, but constructive work such as would be done in this country, through credits from banks and credit institutions. In this country, however, capital is available and most institutions are unprejudiced, so

that with proper safeguards a struggling person can obtain credit. Abroad, capital is scarce and the financial institutions with state affiliation or control discriminate against Jews in industry and commerce.

### Relief Must Be Continued

"You will find people who are tired of giving, who do not believe that America should continue to be the dispenser of philanthropy in European countries, that these countries existed before the War without our help and should do so again. Some of us have felt that way too, but when you see the struggles that they have to make in contrast to the life over here, when you see the handicaps and the conditions put into their way, you feel that our efforts ought to be continued for a few more years. And it is not true that before the War the Jews in these countries stood entirely on their own feet. At that time innumerable small societies existed who spent money collected in their own little groups through people who went over there and dispensed it in a haphazard fashion, well-meaning though they were. Today we get these contributions for our efforts and we may truthfully say that no soft-hearted, poorly directed spending of charity funds takes place any more.

"If you have traveled in these different countries, you know you still find the children born in the years of the War and during the aftermath suffering from rickets and tuberculosis. You would want to assist these medical efforts which as you know have to be of longer duration and are expensive. Even countries like Germany, though they have made a brave struggle since the War and have asked for mighty little, are not blessed by nature with altitude and mountain air such as is needed for tubercular care.

"Russia's troubles are known to some of us in detail. That struggle is so big that no private effort could make any great impression, but the 200,000 and more Jews who live on the farm today are not struggling as they did in the famine. They are bringing up their children under their eyes as strong, healthy citizens and, notwithstanding the many new and unproven theories surrounding them, these children are brought up with reverence for home life and the knowledge of what Jewish home ideals mean. I have been in their villages. I have seen their grateful smiles for the opportunities which we have given them and I shall never forget them.

### Palestine Modus Vivendi Possible

"The Palestine problems have been much handled by the press. I feel confident that with conservative, constructive ideas on all three sides—among the Government group, the Arab population and the Jewish group—a modus vivendi can be worked out and will be worked out. People who have taken untenable attitudes must not be con-

sidered as expressing the feeling of the rank and file. In Palestine, as everywhere else, the people want peace and are willing to work to build up their property and their country.

"The amounts which we ask are not fantastic. For the Joint Distribution Committee we collected during the last few years between six and seven millions dollars and the Zionist Organization collections, we are told, amounted to two and three million dollars. We ask for \$6,000,000 this time for both these budgets together and we are paring down right and left because some of these budget applications are not only for the present year, but for obligations which were undertaken quite some time ago."

### \$125,000 Given in Sixteen Years

In his opening remarks Chairman James N. Rosenberg said that over \$125,000,000 had been disbursed overseas by the Jews of America during the past sixteen years for relief and reconstructive work, but that the time to stop sending funds abroad had not yet arrived. "Our efforts in Eastern Europe have raised our people there to their feet, but they must be helped awhile further lest they totter. In Palestine too we have a sacred and thrilling task," Mr. Rosenberg said. "The upbuilding of the Holy Land is a portion of the responsibility we have assumed in this effort."

The statement in the testimonial volume signed by the contributors is as follows:

### Testimonial Statement

"To Felix M. Warburg,  
"Friend and Fellow Worker:

"We believe in the causes for which the Allied Jewish Campaign has been organized, and to which for many years you have given yourself. We recognize that through the labors and through the service, both in men and means, which the Jews of America have given under your leadership during the past sixteen years, an historic task has been performed toward the restoration of the life of Jews overseas who were racked by war, revolution, pogroms, pestilence and famine. We share your conviction that while much of the task has been performed, the work is not yet done. We believe in the efforts which under the leadership of Louis Marshall and yourself have unified the forces of American Israel in the Allied Jewish Campaign for the restoration of Jewish life in Eastern Europe and for the upbuilding of Palestine.

"Believing as we do in the purposes of this campaign, we have sought through our enthusiastic support of these causes to pay you the only tribute which you are willing to accept. In token of our faith in the work and in you, our leader, we sign this book and present it to you with the subscriptions in the amounts set forth. Your lifetime of service to all humanitarian

## Jersey Y. M.'s Condemn Use of Word "Jewish" in Names of Political Clubs

(Jewish Daily Bulletin)

Newark, May 27—The use of the words "Jewish" or "Hebrew" by political organizations was roundly condemned here today at a meeting of the executive board of the New Jersey Federation of Y. M.—Y. W. H. A.'s. The members were unanimous in their condemnation and designated a committee to arouse Jewish public opinion against the formation of such groups.

Philip Dimond, of Paterson, president of the Federation, declared: "Let us inform the public that Jews cannot be herded by political parties or groups. We vote as citizens and not as Jews. Our name has no place among the names of political groups."

The action of the executive board is synonymous with the action taken last October, at the Federation's annual convention, held in Jersey City, when a resolution was unanimously adopted condemning the practice of using the terms "Jewish" or "Hebrew" in connection with political bodies. The late Felix Fuld, who was president of the Federation for more than six years, was known to be strongly opposed to the use of the racial terms by the political bodies.

An oratorical contest, reports of camping and other activities and decision to hold the next state convention in Elizabeth, in October, were among the other business of the board meeting.

## Inquiry Shows Vienna Jews Do Not Aid Anti-Semitic Party

(Jewish Telegraphic Agency)

Vienna, May 27—Open letters in the Vienna press to Jewish industrialists charge that the latter in their anxiety to hamper the Social-Democratic party are supporting the bourgeois Heimwehr, the private army, which of late has shown anti-Semitic tendencies. The Christian Socialist Party, which is the influential bourgeois party, is anti-Semitic and Heimwehr officials have of late begun open propaganda for this party, particularly minor leaders who have preached anti-Semitism at meetings in Vienna.

Some of the letters to the Jewish industrialists ask whether they and Jewish merchants "pay for anti-Jewish agitation through their subventions to the Heimwehr." Investigation showed that the charges are applicable only to a few wealthy Jews and they are not active in the Jewish community. Few Jews give financial aid to the Heimwehr and such prominent Jewish firms as Rothschild and Guttman have never supported it.

fluent persons, thanks to which he was received by Cardinal Rampolo, but the latter refused to present him at the Vatican, declaring it was hopeless to expect the highest Catholic officials to intervene in internal Russian affairs.

Inquiries in New York indicate that the Seligman referred to was Jesse M. Seligman, financier, philanthropist and one of the founders of the banking firm of Seligman Brothers. He died in 1892. Mr. Seligman was for many years the outstanding Jew of the United States and during his lifetime was to American Jewry of that day what Jacob Schiff was to his generation and Felix Warburg is to the present generation.
