## Would Oust Jacobs from Canadian Parliament Because He Is Jew

(Jewish Telegraphic Agency)

Montreal, June 11—The seeds sown by the local anti-Semitic publications are seemingly bearing fruit as shown by the announced plan of the Conservatives of the George Etienne Cartier division to oust S. W. Jacobs, sitting member of the Canadian parliament because he is a Jew.

At the nomination convention here a Conservative speaker pointed out that in the George Etienne Cartier division three quarters of the people were of French-Canadian origin and asked "if the Jews were a majority in this division do you think they would allow a French-Canadian to be elected?"

Recalling that the division bears the name of the greatest French-Canadian statesman, the same speaker said that Cartier "would be astounded were he to rise from the grave and see the division represented by a gentleman not of the same nationality." The speaker concluded with a warning to French-Canadians "if they do not want to be the servants of a people come here from elsewhere they must look out."

A meeting to choose an opponent against Mr. Jacobs will be held soon. The election will take place July 28.

## French Inquire in Mandates Body About Mufti's Agitation

(Jewish Telegraphic Agency)

Paris, June 11—The press here reports from Geneva that the French representative on the Mandates Commission had asked Dr. Drummond Shiels, British spokesman, how it happened that the Grand Mufti, arrested in 1920, was now drawing a salary from the British government. The French representative also inquired about the Mufti's agitation against France in Syria, indicating that the Mufti, supported by England was not considering French interests. This, the French representative pointed out, was a matter for the League of Nations.

Dr. Shiels explained that the Mufti had been sentenced for a political offence which could have been cancelled and in the second place the British government did not consider that the Mufti was being paid by the government.

## Yiddish Daily Confiscated for Article on Matteotti

(Jewish Telegraphic Agency)

Warsaw, June 11—Yesterday's issue of the "Volkszeitung", Yiddish Socialist daily, has been confiscated by the authorities for printing an article commemorating the sixth anniversary of the murder of Matteotti, the Italian Socialist deputy. The writer of the article had attacked in very strong terms the Italian Foreign Minister, Grandi, who is now in Poland.

As a result of the confiscation of the issue of the "Volkszeitung", the Warsaw Bundist Committee has issued a pamphlet in Yiddish and Polish, telling the story of the killing of Matteotti by Italian Fascists.

## Exodus of Jews from Hebron Creates Economic Depression

(Jewish Telegraphic Agency)

Jerusalem, June 11—Hebron is on the verge of complete economic ruin as a result of the exodus of the Jewish population following last Summer's riots. This was learned today by a delegation from the Jewish National Council visiting Hebron to investigate complaints that the Arabs had been desecrating the tombstones of the riot victims.

The British authorities in Hebron as well as leading Arabs declared that rents had fallen from twenty to fifty percent and trade was stagnant. The removal of the Slabodka Seminary was the biggest loss Hebron suffered because it is estimated that the students and faculty of the seminary had spent \$125,000 a year in Hebron.

The Arab papers report that the representative of the former Jewish residents had recently offered to return if the Arabs would apologize to the survivors of the riots. In the meantime it is reported that the Arabs are also leaving Hebron because of the trade depression.

## Mandates Commission Busy Preparing Palestine Report for Council of League

(Jewish Telegraphic Agency)

Geneva, June 11—With H. C. Luke, chief secretary of the Palestine government and acting-High Commissioner during the riots giving supplementary information the Mandates Commission today took up the 1929 report of the Palestine government. On the basis of its conclusions from this report and its own examination into the immediate and remote causes of the riots the Commission will formulate observations for submission to the Council of the League of Nations.

Mr. Luke answered many questions on the Palestine government's annual report, particularly on matters of the system of land tenure, administration, justice, economic equality, the harbor works at Haifa, the Dead Sea concession, public health, finance and drug traffic.

With the Commission now preparing its observations Mr. Luke is expected to leave Geneva tomorrow night.

The Mandates Commission has received an elaborate memorandum from the Jewish National Council in Jerusalem. It is learned that while the session on Palestine will end tomorrow the Commission's observations will not be finally formulated for a fortnight when the ordinary session of the Commission closes.

## Reject Nomination of Isaacs as Australian Governor-General

(Jewish Telegraphic Agency)

Canberra, Australia, June 11—The British government has rejected the nomination of Sir Isaacs, chief justice of Australia, for the governor-generalship of Australia, it was learned here today. The nomination of Sir John Monash, commander of the Australian forces in the World War, is also unlikely because the Labor Party is opposed to the appointment of a soldier. The matter of a new governor-general has been left in abeyance pending the arrival of Premier Scullin in London in August for a discussion of the matter.

## Dr. Wasserman Protests Ban on Immigration for German Agency

(Jewish Telegraphic Agency)

Berlin, June 11—Dr. Oscar Wasserman, leader of the German non-Zionists in the Jewish Agency, has presented a memorandum to the British ambassador in Berlin on behalf of the Jewish Agency of Germany protesting against the suspension of immigration to Palestine as "diminishing the entire interest of Jewry in the upbuilding of the Jewish National Home."

The rabbi was a member of the Mayor's Unemployment commission, appointed two years ago, which recommended the new commission.

Other members, designated by the Mayor at the time he announced the commission, include Siegmund B. Sonneborn and Simon E. Sobeloff. Mr. Sobeloff, who is Deputy City Solicitor, was elected temporary secretary of the commission.

## Philip Seman of Chicago Heads Jewish Social Service Group; Medical Centers Affiliated with Homes for Aged Urged

(Jewish Telegraphic Agency)

Boston, June 11—Philip Seman of Chicago was elected president of the National Conference of Jewish Social Service at the closing session here today. He succeeds the late Boris D. Bogen of Cincinnati who died in office last year. Mr. Seman is the general director of the Jewish People's Institute of Chicago and has for several years been a member of the advisory board of the Training School for Jewish Social Work.

Other officers elected included Dudley Sicher, Mary Boretz and Hyman Kaplan, vice-presidents, George W. Rabinoff of New York, secretary, and Ferdinand S. Bach of St. Louis, treasurer. The Conference's executive committee recommended that next year's meeting be held in Minneapolis during the conference week of the National Conference of Social Work with which the Jewish Conference is affiliated.

Homes for the aged should be affiliated with medical centers so that the departments of the hospital might be freely available for the old folks, Dr. E. M. Bluestone, director of the Montefiore Hospital for Chronic Diseases in New York, the largest non-municipal institution of its kind in the world, told welfare workers attending the sessions of the National Conference of Jewish Social Service.

Dr. Bluestone questioned the tradition which sets homes for the aged apart as independent institutions, pointing out that medical treatment is so much a part of the program of caring for the aged that only by using the most modern facilities of medicine can the inmates be expected to have their physical welfare given proper attention. He called attention to the tendency of institutions for the aged to plan for the building of a hospital department or annex so that the aged may receive what is considered adequate attention and added that this program of the small special hospital was inadequate along side of the plan which would make the institution one of the related groups for the medical care of all ages.

### Questioning Tradition Not Popular

"Questioning tradition," Dr. Bluestone said, "is not often a popular undertaking, but the task of supinely accepting without regard to their logical or humanitarian relationships the standards laid down by previous generations working under different social conditions is too great for the social worker who is intent on securing for his wards the full benefits of modern social service. We could begin by exclaiming against the thoughtlessness and inaction of communities apparently willing to accept for the aged dependent on their bounty standards of medical service that are out of date in the highly organized society whose vaunted objective is the scientific care of all those individuals who belong to the dependent class."

Fred M. Stein, president of the Montefiore Hospital for Chronic Diseases, presided at the session addressed by Dr.

Bluestone. Among those who participated in the discussion were Isidore Greenspan, Superintendent of the Hebrew Home and Hospital for the Aged, Brooklyn, and Sigmund Feinblatt, Superintendent of the Hebrew Home for the Aged and Infirmary, Baltimore.

### Place of Institution in Child Care

At a morning session, Elias Trotsky, Superintendent of the Marks Nathan Jewish Orphan Home, Chicago, discussed the place of the institution in the field of child care. Harry L. Lurie, Superintendent of the Jewish Social Service Bureau, Chicago, president at the session where Morris L. Lurie of the Cleveland Jewish Social Service Bureau read a paper on the presentation of case history. Maurice Taylor spoke on investigation of applicants to homes for the aged and the discussion was led by Mrs. William C. Lewi, of the Home for Aged and Infirmary, New York, and Frances Tausig, executive director of the Jewish Social Service Association, New York.

### Joint Fund-Raising Proposed

The National Appeals Information Service, also in session here, offered the services of its executive committee to the national agencies in the formation of a constitution to serve as the basis for a council of national Jewish agencies. Representatives of various national agencies have been meeting together for the purpose of considering an experiment in joint fund-raising in a limited territory. The result of this limited effort is intended to serve as a guide in any proposed extension of joint fund-raising.

## Sees Warburg's Protest at Ban on Immigration as Significant

In discussing the present Palestine situation the "Commonweal", American Catholic organ, in its issue of June 11 points out that it is natural that Jews, non-Zionists as well as Zionists, should protest against the suspension by the British Colonial Office of more than three thousand immigration certificates to Palestine after these had been approved by the Palestine Administration itself on economic grounds. With regard to the protest of non-Zionists, led by Felix M. Warburg, the "Commonweal" says:

"The opposition of Mr. Warburg is more significant. Mr. Warburg, as chairman of the Jewish Agency, speaks for Jews of every shade of opinion, and is himself distinguished by particularly liberal and benevolent views. When he pleads that further investigation cease 'because Palestine has already been overinvestigated', and urges that the immigration ban be lifted at once 'for suspense is very acute', one feels the real gravity of the situation, and the cruel definiteness of the Labor government's dilemma."

## N. Y. Allied Jewish Drive Announces \$602,601 Gifts from Various Trade Groups

Contributions of \$602,601 to the New York Allied Jewish Campaign were reported yesterday at a luncheon of chairmen of trade committees and representatives of trade groups in the "drive" to raise \$2,500,000 in this city toward \$6,000,000 which is being sought nationally for the 1930 budgets of the Joint Distribution Committee and the Jewish Agency for Palestine.

The reports were made at a luncheon at the Bankers' Club over which Felix M. Warburg, one of the honorary chairmen of the campaign presided. Sixty nine trades, industries and professions were represented.

The largest amount reported at the luncheon was by the Bankers and Brokers group which to date has secured \$440,580. The Lawyers and Judges committee reported \$68,350. Next in order was the Real Estate group with subscriptions of \$16,160. The Shirt industry committee reported \$13,000; the Department Stores and Specialty Shops committee, \$12,265; the Leaf Tobacco committee \$7,500 and the Accountants Committee \$4,272.

The remaining \$40,474 was reported by sixty-two committees most of which have been organized during the last fortnight.

The speakers, besides Mr. Warburg were Dr. Louis I. Harris, former health commissioner of New York City; Dr. Benjamin Veit, District Superintendent of the New York Board of Education, Jonah J. Goldstein, and Harry L. Glucksman, general director of the "drive".

Dr. Veit announced that the 6,000 Jewish men and women teachers in the New York public school system were being canvassed for subscriptions to the campaign.

It was also announced that principals and teachers of Hebrew schools and Talmud Torahs had organized a committee to canvass the 65,000 pupils of the 282 Jewish religious schools in the Greater City and their parents. The climax of the religious school drive will take place next Tuesday.

## Suspended "Doar Hayom" Again Appears Under New Name

(Jewish Telegraphic Agency)

Jerusalem, June 11—While the suspended Hebrew daily "Doar Hayom" again appeared under different name with the identical policy and management it is understood that the government contemplates the suppression in the future of camouflaged editions of suspended publications. Today the "Doar Hayom" appeared under the name "Hayishuv" which means The Jewish Community. The day after its suspension it was published under the name of "Jerusalem."

The publishers of the Arab daily "Falastin," which together with the "Jamal Al Arabia," was also suspended, propose to issue a new paper but the "Jamal Al Arabia" is making no attempt to publish.

## Public Opinion on the Allied Jewish Campaign

This is the twelfth of a series of letters from prominent leaders in the American Jewish community showing what they have to say about the \$6,000,000 Allied Jewish Campaign.

12.

NATHAN STRAUS, JR.

My dear Mr. Rosenberg:

The Allied Jewish Campaign has my unqualified approval, and I am giving it my utmost support. It is, in fact, difficult for me to understand the mind of the man or woman who will not help.

For all of us possession of wealth is largely accidental—a result of the accident that brought our fathers or ourselves to a country of boundless opportunity. Our wealth constitutes a social responsibility not properly discharged by using it to buy expensive clothes and more expensive jewelry for members of our family. The use of that wealth to give our brethren abroad a chance for life and some measure of happiness is a privilege for us, and an act of justice to them.

The Jews of America, made up of individuals differing in their places of origin, their political affiliations, even in their conception of the exact meaning of our religious heritage, are united today in that which has always united the Jewish people—the call of need. That unity of purpose for the relief of human suffering symbolizes our spiritual inheritance. The Allied Jewish Campaign comes as heartening evidence that in this material and selfish age the spirit of the Torah and the Prophets still lives in our people.

Sincerely yours,

Nathan Straus, jr.

## Cincinnati Reverses Self and Declines Permit for Mikveh in Exclusive Residence Area

(Jewish Telegraphic Agency)

Cincinnati, June 11—The Zoning Board of Appeals had a change of heart yesterday with regard to the Mikveh question and instructed its secretary to draft a resolution rescinding its previous action in granting the appeal of orthodox Jewish congregations here, headed by Bernard Pepinsky, to erect a Mikveh on Washington Avenue in the residential district of Cincinnati.

It was explained that the only difference would be the cost of land in the business district, as the Mikveh would cost the same, whether built in the residence or the business district. The resolution will be acted on next Tuesday.

Protests against the erection of the Mikveh in the exclusive Avondale section had been raised by several prominent Jews living there. They argued that it was a business, and not a religious matter, and should therefore be prohibited in accordance with the zoning laws. Last week the Board of Appeals had granted permission for the erection of the Mikveh, but yesterday it rescinded its action.

## League of Nations Unions Condemn Attempt to Change Palestine Mandate by Force

(Jewish Telegraphic Agency)

Geneva, June 11—A resolution proposed by the British League of Nations Union welcoming Dr. Drummond Shiels statement of June 4 that all obligations of the Palestine Mandate are reconcilable and must be reconciled and condemning any attempt to obtain by violence changes in the Mandate policy or in the method of its administration was unanimously adopted by the 14th annual congress of the Federation of League of Nations unions meeting here. The resolution also declared the Mandatory power's obligation for the close settlement of the Jews on the land, including state and waste lands not required for public and appealed to the leaders of the Palestine communities and also to all nations to use every means in their power to improve the relations between the sections of Palestine's population in order that the ideals of the Palestine Mandate might be realized.

Amadeo Gianini, the Italian delegate, abstained from voting on the resolution, maintaining that its tone was too strong. He suggested that the passages dealing with the past British obligations to the Jews be eliminated and the references to the complaints and condemnations be omitted. An amendment that he submitted to that effect was defeated.

The congress received a telegram from the Syrian-Palestine committee in Geneva saying that the resolution was unjust and harmful to the Palestine Arabs and "bears the marks of Jewish propaganda. In order to achieve the Jewish National Home in Palestine it will be necessary to transfer lands to the Jews which no resolution in the world will be able to carry into effect. No power in the world can rob Palestine from the Moslem and Christian Arabs after their living in the country for 1,400 years."

## Roumanian-Jewish Organizations Here Congratulate King Carol

Cablegrams of congratulation to King Carol II on the occasion of his ascension to the Roumanian throne have been sent by the United Roumanian Jews of America and by the Roumanian Jewish Committee of America. The cablegram by the United Roumanian Jews, signed by Leo Wolfson, president, and Herman Speier, secretary, reads as follows:

"His Majesty Carol II,  
King of Roumania,  
Bucharest, Roumania.

"The United Roumanian Jews of America respectfully greets Your Majesty on your ascension to the Roumanian throne. We note with pleasure the statement contained in the royal message addressed to the Roumanian people without distinction of religion. We wish your majesty a complete realization of a great country and nation, with the hope that our brethren will also be called upon to cooperate in freedom and equality to the prosperity of the country of our birth."

The Roumanian Jewish Committee sent its message of congratulation to the Roumanian Minister in Washington. It is signed by Sol S. Myers, president; Edward Herbert, secretary; Bennett E. Siegelstein, Solomon Sufirin, Leo Fischer and Herman Fischer. The message reads as follows:

"His Excellency Carol Davila,

"Kindly convey to His Majesty King Carol II and to the Roumanian nation the congratulations of the Roumanian Jewish Committee of America. Roumanian Jewry rejoices in the ascension of His Majesty to the throne of Roumania. Roumanian Jews in America sincerely look forward to the beginning of a peaceful life of brotherhood and understanding among all the inhabitants of Roumania. That His Majesty's regime may be crowned with an era of peace and prosperity to all the inhabitants of Roumania is our fervent prayer."

Mr. Sufirin, who knows King Carol well, having conducted the latter about New York when the young prince visited this country before the war, predicted in a statement to the press that Roumania will now, under King Carol, be full of peace and prosperity and harmony between Jew and Gentile.

"He is very democratic," said Mr. Sufirin, in speaking of the new king. "Carol was much more a European than a Balkan prince. He was educated in Berlin, Vienna and London. He began early to question the absolute control of the liberals under the Brataniu family which held sway for many years and among other things, subjected the Jews to ill treatment."

## New England Zionists See Brandeis Memo Not Leading to Creation of United Front

Through a regrettable typographical error the names of I. J. Lower, of Boston, Rabbi Harry Kaplan of Pittsfield and Joseph Schubow of Boston appeared in the story on the New England Zionist convention printed in the Bulletin of June 10 as urging the non-acceptance of the Brandeis memorandum unless changes were made in it. These three spoke in favor of accepting the memorandum. Those who spoke against accepting it in its present form were David Radovsky of Fall River, Benjamin Rablowsky of Boston and Benjamin Everts.

The full text of the resolution adopted by the New England Zionist convention on the Brandeis memorandum follows: "The annual New England Zionist Conference expresses its approval of the steps taken by the Administrative Committee of the Zionist Organization of America, aiming to unite all factions in the Zionist movement of America through the creation of a consolidated National Zionist administration, and especially endorses its action to that end in sending a delegation to consider this matter with Mr. Justice Brandeis."

"The Conference places on record its judgment that the proposal made by Mr. Justice Brandeis would not lead to the establishment of the desired united front, nor to the creation of harmony and co-operation in Zionist ranks, and therefore cannot be taken as a basis for action at the forthcoming Cleveland Zionist Convention, and urges the continuation of efforts to establish a united front which is so urgently needed."

## Gloversville Mourns Death of Ralph A. Moses

(Jewish Daily Bulletin)

Gloversville, N. Y., June 11—The Jewish community of Gloversville and Fulton County is mourning one of its ablest leaders in the death of Ralph A. Moses, who died last Monday in the Nathan Littauer Hospital at the age of 57. The deceased was a prominent glove manufacturer, as well as a civic and philanthropic worker.

In 1913 Mr. Moses was one of the three men who organized the first Jewish Community Center in Fulton County, whose new Community Center Building, the Lucius N. Littauer Building, was dedicated this year during the week of May 18. He was elected as trustee at the first business meeting of the organization and in 1923 was elected as second president.

Mr. Moses was national representative in Fulton County of many Jewish organizations. During the war he served as a member of the Draft Advisory Board, and later as chairman of the Welcome Home Committee of the soldiers of the 27th Division. In fraternal circles he won the high rank of Exalted Ruler of Gloversville Lodge 226 B. P. O. Elks. He was also chairman of the legislative committee of the National Association of Glove and Mitten Manufacturers.

## Judge Josiah Cohen, 2nd Oldest Jurist in U. S., Dies at 89

(Jewish Telegraphic Agency)

Pittsburgh, June 11—Judge Josiah Cohen, the oldest active jurist in Pennsylvania, and next to Justice Oliver Wendell Holmes the oldest in the country, died here today in his 90th year. Death was attributed to a heart attack that he suffered last Thursday. He was serving his third term on the Allegheny County court of common pleas.

Judge Cohen was born in Plymouth, England November 29, 1840 and came to the United States in 1859. Seven years later he was admitted to the bar in Pittsburgh. Together with Isaac M. Wise he was one of the founders of the Union of American Hebrew Congregations and a member of the executive committee since its inception.

In 1882 he was chosen chairman of the executive committee of the Republican party of Allegheny County and two years later he was a presidential elector for Pennsylvania. In 1901 he was elected a judge of the orphan's court and six years later he was chosen to the common pleas bench. He was reelected in 1917 and in 1927 for ten year terms.

Judge Cohen was a former member of the central board of education of Pittsburgh and for twelve years served as president of the Gusky Orphanage. He was a high official in the B'nai B'rith and a director of the Jewish Charities of Pittsburgh, of the Art Department of the Carnegie Institute and of the Y. M. H. A. For twenty years he was president of Congregation Rodef Shalom.

Despite his age he was one of the most active members of the court. Recently, together with his wife who survives him, he donated \$20,000 to the Allied Jewish Campaign, being one of the first four contributors to the \$6,000,000 campaign. Judge Cohen was an uncle of James N. Rosenberg, chairman of the New York division of the Allied Jewish Campaign.
