(Jewish Telegraphic Agency)

Geneva, Aug. 4.—The congress of Jewish youth organizations of Europe was opened last night in the auditorium of the University of Geneva. Rabbi Aime Palliere, noted French convert to Judaism, presided at the opening session.

Among those who greeted the congress at the opening session were Grand Rabbi Salizer; Mr. Popovitch, on behalf of the League of Nations; Victor Jacobson, on behalf of the World Zionist Organization, and several others. All of the speakers praised the work done by the Jewish youth organizations in various countries in strengthening and uplifting Jewish life and in creating good will and better understanding between young Jewish and Gentile groups everywhere.

## \$500,000 Export House to Be Established in Palestine

(Jewish Telegraphic Agency)

Jerusalem, Aug. 4.—An export house with a capital of \$500,000 will be established in Palestine by the noted exporters, Landau Brothers of London and South Africa, if Palestine industrialists comply with conditions which would make the proposed export house a profitable undertaking.

The proposal was reported during a meeting of industrialists at which M. Sheinkar described the interest which South African Jews have in products emanating from Palestine. At the same meeting it was resolved to send a message of thanks to Vladimir Jabotinsky, Revisionist leader, who on his recent tour through South Africa, urged the use of Palestine products.

Since 1912 he had been a member of the Reichstag and in 1918 was minister of the interior of Baden. During the war Haas was director of the Jewish department of the German civil administration of the occupied Polish territories.

## Alliance Universelle Israelite Protests Attacks on Jews in Letters to Premier Maniu

(Jewish Telegraphic Agency)

Paris, Aug. 4.—A letter protesting the attacks on the Jews in Roumania and the failure of the authorities to take adequate measures to suppress the disturbances was sent today to the Roumanian premier, Julius Maniu, by Sylvain Levy on behalf of the Alliance Universelle Israelite.

M. Levy's letter states, "The serious events which have taken place in the last weeks in different sections of Roumania, especially in Bukovina and Transylvania, have grievously harmed the life and fortunes of the Jewish population and are provoking deep concern in the Jewish world, especially in France.

"The surprise is still greater because when the King ascended the throne he solemnly declared that he would watch over the rights of all subjects equally, without regard to creed. The Borscha fire, the wild aggressions in Kimpolung, Suceava and elsewhere have caused a state of panic among Roumanian Jewry. On the other hand it is serious to notice that the authorities did not take preventive measures and are not repressing the disorders.

"This leniency leads to the impression that the Roumanian Jews are ex-

## Reports of Dr. Vayda Voevod's Resignation Again Bruited

(Jewish Telegraphic Agency)

Bucharest, Aug. 4.—Dr. Alexander Vayda Voevod, Roumanian minister of the interior, will resign within a few days if reports in today's Bucharest papers are true. It has several times before been rumored that he would resign because he was hurt that he alone was being held responsible for the anti-Semitic outbreaks.

One paper says, "Surprises may be expected in the next few days in the cabinet in connection with Vayda Voevod's recent mistakes. In quarters close to King Carol it is said that Vayda Voevod's recent tactless interview that he granted to the correspondent of the Jewish Telegraphic Agency has made a very bad impression. This and other similar tactless acts of his have weakened his position with the King."

In the meantime the sudden departure of King Carol from Bucharest for his vacation has resulted in the postponement of his proposed interview with the correspondent of the Jewish Telegraphic Agency, but his attitude is still emphatically against the anti-Semitic occurrences.

The newspaper, "Omnia Liber," commenting on Vayda Voevod's present position, says, "Vayda Voevod has

## Jewish Parliamentarians of 4 Nations, in Memo to Passfield, Express Hope Britain Will Act to Secure National Home

(Jewish Telegraphic Agency)

London, Aug. 4.—A memorandum pointing out that the Jewish National Home forms the central part of the Palestine Mandate and expressing hope and confidence that the British government will take action to secure the establishment of the Jewish National Home was submitted today to Lord Passfield, British colonial secretary, by the Jewish delegates to the conference of the Inter-Parliamentary Union.

The memorandum is signed by Congressman Sol Bloom of the United States; Henry Rosmarin, a member of the Polish sejm; Dr. M. Nurock, a deputy of the Latvian parliament, and Morris Kentridge, a labor member of the South African parliament.

Explaining that they represented at the conference countries containing 8,000,000 Jews, more than half of the Jews in the whole world, the four Jewish parliamentarians, declared that they "desire to take this opportunity to acquaint you with the views taken by world Jewry in the present Palestine situation."

### Jews Asked Mandate for Britain

The memorandum recalls that "in 1919 world Jewry unanimously asked that the Palestine Mandate be en-

trusted to Great Britain and in America a mass petition signed by half a million Jews also asked it. Confidence in Great Britain was based on her past attitude towards the Jewish people and the interest, which even long before the Balfour Declaration, Great Britain showed in the age-long Jewish idea of returning to Zion.

"By the Balfour Declaration this feeling of confidence was changed into enthusiasm and gratitude. We regret that recent events have seriously shaken the confidence of the Jews of our countries in Great Britain. The August disturbances came as a great blow because we never thought such incidents possible under the British flag. Least of all did we expect the disarmament of Jews by Britishers when they tried to defend their families from violence and murder.

### Not Reassured About Palestine

"Even now we do not feel reassured regarding the Palestine position. The police continue as a predominately Arab body and no steps have been taken to raise the Jewish contingent while no effective arms have been supplied for the self-defense of the ex-

## St. Louis Jew Will \$68,000 to Various Jewish Charities

(Jewish Telegraphic Agency)

St. Louis, Aug. 4.—Some \$68,000 in charitable bequests and gifts to relatives were left in the will of the late Julius Weil, insurance broker, who died last Thursday. The largest sum, \$20,000, was given outright to the Jewish Hospital.

Other charitable gifts include \$5,000 to the Shriners' Hospital, \$5,000 to the Young Men's Hebrew Association, \$5,000 to the Federation of Jewish Charities, \$2,000 each to the Jewish Sanatorium located in St. Louis County, the Jewish Orthodox Old Folks' Home and the Jewish Orphan Home of Cleveland. The Federation of Jewish Charities of Cincinnati will receive \$500 and the St. Louis branch of the Salvation Army \$200.

A \$10,000 trust fund was established for his cousin, Miss Fanny Weil. The principal of that sum will go to the St. Louis Jewish Orphan Home. The sum of \$16,500 was distributed to 15 other relatives and the residue of the estate to a sister and two brothers.

## Mrs. Brin Named to Board of Education in Minnesota

(Jewish Telegraphic Agency)

Minneapolis, Aug. 4.—Mrs. Arthur Brin of Minneapolis has been appointed by Governor Christianson of Minnesota as a member of the Board of the State Normal School. Mrs. Brin was formerly chairman of the Peace Committee of the National Council of Jewish Women and is now second vice-president of that organization.

Mrs. Brin was a classmate of the governor at the University of Minnesota, winning second prize in the Pillsbury oratorical contest when the governor won the first prize. She is the first woman in Minnesota to receive this honor.

## 10,000 Jews Attend Tisha B'Ab Services at Wailing Wall Despite Darkness, Restrictions

(Jewish Telegraphic Agency)

Jerusalem, Aug. 4.—Ten thousand Jews wended their way to the Wailing Wall after sundown Saturday evening despite the oppressive heat and the stringent prohibitions which the government had set down for the services. Owing to the ban on candles and the removal of the customary lamps which the Jews were wont to use during their services at the Wall the reader intoning the Lamentations of Jeremiah resorted to the use of a tiny flickering oil lamp set on a reading table while the crowds either squatted on the bare stones or stood around the reader straining to hear his chant which was more difficult to follow because of the darkness.

Orthodox worshippers, stockinged but without shoes, and hundreds of youthful visitors, some of whom customarily hatless had converted their handkerchiefs into the headgear which is arbitrary, stood patiently throughout the Tisha B'Ab ceremony. British constables, who regulated the movement to and from the Wall of the worshippers, stated that ten thousand had visited the Wall during the services, and added that the crowd despite its oppressive density, was the quietest that ever visited the shrine.

In the Old City the Jewish quarter was enveloped in darkness, the shops remained closed and all cafes and cinemas shut down to mark the first anniversary of the riots which occurred last Summer.

Members of the large crowd which thronged to the Wailing Wall did not tarry long because of the pressure of those behind who also wished to participate in the services. The procession to the Wall continued until after midnight. Arabs were not permitted to use the main lane leading to the Wall in order to leave it free for the worshippers.

(Jewish Telegraphic Agency)

Tel Aviv, Aug. 4.—As an expression of the national mourning on the day which marked both the opening of the riots last Summer and Tisha B'Ab, this all-Jewish city, which had recently been supplied with electric street lamps by the Rutenberg Power Company, remained shrouded in darkness Saturday evening while all amusement places and other shops were closed.

## Jew Running for U. S. Senate Nomination in West Virginia

(Jewish Daily Bulletin)

Wheeling, W. Va., Aug. 4.—Former Congressman Benjamin L. Rosenbloom of this city is one of the five candidates for the Republican nomination to the United States Senate. Mr. Rosenbloom, who was also a candidate in 1926, served in the House of Representatives for two terms and in the upper house of the West Virginia legislature from 1915 to 1918. The primaries will be held tomorrow.

## 2 Jews Figure in St. Louis Republican Party Primaries

(Jewish Daily Bulletin)

St. Louis, Aug. 4.—Judge Harry P. Rosecan, who now presides over the local Police Court, and Judge Moses Hartman, figure prominently in the local primaries that take place today. Judge Rosecan is a candidate on the Republican ticket for prosecuting attorney. If nominated and elected he will be the first Jew to occupy the position of prosecuting attorney in St. Louis.

He was appointed to the Police Court bench in 1925 and was reappointed in 1929. During his administration, he tried 217,000 cases.

Judge Hartman is president of a local Temple and received the highest vote from the members of the St. Louis Bar Association who endorsed him for a six year term for the Circuit Court. He is one of the prominent civic and Jewish leaders in the city. He is a member of the leading Jewish organizations of the city and has taken an interest in the work of the Zionist Organization. He presided over all the divisions of the Circuit Court and is recognized as an authority on Child Welfare, having had considerable experience with Juvenile Court work. He leads the ticket for the Circuit Court.

## Ukrainian Nationalists Revive Anti-Jewish Terrorism

(Jewish Telegraphic Agency)

Lemberg, Aug. 4.—Ukrainian nationalists have intensified their terrorist activities for the purpose of fighting Jewish villagers who are competing with the Ukrainian Consumers' Union.

In the village of Ruskowice, in the neighborhood of Przemyśl, the house of Sonia Metzger, Jewess, was fired. Inquiry has established that the instigator of the fire was Vladimir Dudka, member of the Ukrainian Sports Union, Sokol, and who has been arrested many times previously on similar charges.

## 17 Patients from St. Marks Shifted to Beth Israel

Seventeen patients from St. Marks Hospital, which closed last week because of lack of funds, have already been transferred to Beth Israel Hospital. The patients accepted by the Beth Israel Hospital will pay the same rates they had been accustomed to pay at St. Marks, and in some instances patients will receive free treatment and quarters. Altogether about 30 St. Marks patients are expected to go to Beth Israel during this week.

As a mark of friendship and neighborliness between the two down-town hospitals, Saul Singer, president of the Beth Israel Hospital, last week offered Philip Gosler, president of St. Marks Hospital, the facilities of his institution to provide accommodation and care for the patients of St. Marks Hospital, which has been compelled to close its doors. The Beth Israel Hospital is affiliated with the Federation for the Support of Jewish Philanthropic Societies.

## Epidemic of Disease Threatens 2,500 Borscha Jews as Fire Damage Is Still Unpaid

(Jewish Telegraphic Agency)

Bucharest, Aug. 4.—A serious epidemic of disease threatens 2,500 Jews of Borscha who are at present homeless following the fires which swept that city. Because of the government's delay in paying for the damage caused by the anti-Semites, the Jews are being forced to live in the ruins of their homes and are suffering from lack of food and clothing. They are without protection from cold or rain, they told the correspondent of the Jewish Telegraphic Agency, who made a special trip to Borscha to ascertain the conditions.

Despite Minister Vayda Voevod's statement to the correspondent that the government would speedily reimburse the Jews, there has been no word yet as to when such damages would be assessed. Well informed officials, on the other hand claim that Vayda Voevod is trying to back out of his promise on the ground that the fire may have been a pure accident for which the government would in no way be responsible as it would be if anti-Semites had been responsible.

The question of the government's attitude toward the payment of damages is agitating all Roumanian Jewry which demands that payment should be made early, if possible before autumn which brings with it severe rains and will cause the Jews who are homeless great misery.

posed to worse treatment than other subjects. We convey to the government our deepest regret at the unjustifiable violence committed against a peaceful population and we ask that an end be made to the propaganda of hatred which is also prejudicing Roumanian interests.

"We demand that measures be taken to guarantee life and property and also to recompense the victims. In view of the coronation declaration made last June we remain confident that the Roumanian authorities will do their duty."

## Richard Suto, Jewish Financier, Dies at 66

(Jewish Daily Bulletin)

Port Chester, N. Y., Aug. 4.—Richard Suto, prominent New York financier, for thirty-three years senior partner of Suto Bros. & Co., died here yesterday at the age of sixty-six after an illness lasting five months. He is survived by a wife and two daughters.

Mr. Suto was interested in railroad financing and fifteen years ago he aided in the reorganization of the Pittsburgh & West Virginia Railroad, of which he was a director and member of the executive committee at the time of his death. He was also interested in the production of copper and petroleum and was a director of many public service corporations.

## Trial of Codreanu Opens in Bucharest This Week

(Jewish Telegraphic Agency)

Bucharest, Aug. 4.—The trial of Zelea Codreanu, anti-Semitic leader charged with instigating riots, will take place this week in this city it was announced. The speediness with which the anti-Jewish leader is being brought to trial indicates the seriousness with which the ministry of justice is now regarding anti-Semitism, in contrast with its previous attitude which many regarded as conscious lenience toward anti-Semitic leaders. The usual policy was to arrest anti-Semitic leaders and release them a few days later, postponing their trials until everything was forgotten and then releasing them without punishment.

Even Vayda Voevod emphasized this policy when, talking to Victor Abersson, member of the Jewish investigation committee, he stated that the ministry of the interior was arresting the anti-Semites but the ministry of justice lacked firmness in handling the cases.

Another step indicating the new frame of mind of ministry of justice is shown in the appointment of attorney general Alexandru to conduct an investigation in Kimpulung, Bukovina. Jews of that section had complained that the regional officials are prejudiced.

Meanwhile the "Curierul Israelite," organ of the Union of Roumanian Jews, severely attacks the government for not punishing its state officials who have been proven guilty of conducting anti-Semitic agitation.

## Reports of Dr. Vayda Voevod's Resignation Again Bruited

(Continued from Page 1)

completely compromised himself on the Suceava events and now with the interview with the Jewish Telegraphic Agency. Political circles consider his remaining in the cabinet impossible."

The "Dreptatea," the official organ of the Maniu government, in an endeavor to weaken the impression made by the interview with the Jewish Telegraphic Agency, an interview that is still being talked about in political circles here, says, "All the attacks on Vayda Voevod are based upon the interview given to an American journalist who denatured Vayda Voevod's remarks." The paper forgets to add, however, that the correspondent of the Jewish Telegraphic Agency took the interview down in shorthand and informed the minister of the interior that it was being done to avoid misquotation.

The entire family of the Jewish merchant, Julius Greber, consisting of his aged father and mother and daughter, hung themselves today, giving economic ruin as the reason. Because the economic condition of the Jews of Bessarabia is getting worse daily the Joint Foundation in Berlin has decided to open a credit bank in Bessarabia to assist Jewish merchants there with credits.

## King to Hold Premier Maniu Responsible for Anti-Semitism; Danila Escapes Police Net

(Jewish Telegraphic Agency)

Bucharest, Aug. 4.—Premier Maniu has been declared by King Carol to be personally responsible for any further anti-Jewish outbreaks. This statement is considered to be very important, carrying with it the King's personal statement of his sincere desire that Jewish safety be guaranteed.

The president of the Jassy Chamber of Commerce, seat of the anti-Semitic student organizations, today issued an appeal against anti-Semitism, stating that every "Roumanian patriot should combat anti-Semitism because it ruins the economic life of the country."

In the meantime a bomb was thrown into the house of Menachem Rubinger, a Jew of Dorna, near Chernovitz. The bomb failed to explode. Authorities, who conducted a search for the assailants, discovered a number of members of the anti-Semitic Cuzist group, including the notorious Nicolai Totu and M. Danila, agitators against the Jews, for whom the police throughout the country have been searching. Leaving one policeman to guard the hotel where Danila and his confederates were located, the police declared them under arrest and proceeded to Rubinger's house to investigate the bomb-throwing.

Returning later to the hotel they found that Danila and his associates had disappeared, having forced their way past the single policeman. Their luggage was left behind and a search of it disclosed a French handbomb in Danila's luggage. The secret police, aroused by this discovery and the bomb throwing, are making every effort to locate Danila and Totu. The chief of the secret police left for Dorna with the assurance that Danila and his associates would be found within the next day or two.

In the memorandum submitted today by the Union of Roumanian Jews to Victor Cadere, chief of the secret police, the charge was made that the police in Cuvurliu, Old Roumania, are passive in combating the severe anti-Semitic agitation which is increasing there daily. M. Cadere immediately following the receipt of the memorandum, despatched his general inspector, Stenafanescu, to Cuvurliu to prevent any untoward events and to punish those local officials who have remained passive in the face of anti-Semitic agitation.

## Seman Named to White House Conference on Child Health

(Jewish Telegraphic Agency)

Chicago, Aug. 4.—Philip L. Seman, general director of the Jewish People's Institute of Chicago and newly elected president of the National Organization of Jewish Social Workers has just received an invitation from Dr. Lyman Wilbur, Secretary of the Interior, who is chairman of the White House Conference on Child Health and Protection, to become a member of the committee.

## Rose Schneiderman Named to Prison Labor Board

(Jewish Daily Bulletin)

Albany, Aug. 4.—Rose Schneiderman, prominent Jewish social worker and labor leader and president of the Women's Trade Union League, was yesterday appointed by Governor Roosevelt a member of a special committee to take up the subject of prison labor. This committee will work with the official Prison Commission.

Miss Schneiderman, who was one of the leading workers in the United Cloth Hat & Cap Makers' Union of America, has been active in the labor movement since 1906 when she was vice-president of the Women's Trade Union League. In the same year she was the Farmer-Labor Party's candidate for the United States Senate in New York.

posed agricultural colonies, although the need for self-defense is acknowledged.

"The Shaw Commission was a severe disappointment for us, especially the way in which counsel for the Palestine administration acted. He did not attempt to probe the right and wrong of the case but solely endeavored to attack the Jews, going so far as to sneer at our dead. The Commission's actions produced a state of uncertainty and alarm throughout the Jewish world such as is bound to seriously harm Jewish work in Palestine.

"The contributions of capital for further investments are naturally not forthcoming when the future and the very possibility of our work is drawn into question. The British government has repeatedly said that it means to carry out the Mandate. The Jewish National Home forms the central part of the Mandate and we look forward with confidence and hope to action by the British government to secure its establishment."

## N. Y. Talmud Torahs to Employ Licensed Teachers

A large number of Talmud Torahs of Greater New York, some of them the leading institutions of their kind, have informed the Jewish Education Association that they have adopted the policy of employing licensed teachers only, according to an announcement by Bernard Semel, honorary secretary of the association. The schools have acted on their own initiative and will, it is stated, inaugurate the new policy beginning with the approaching school year.

Licenses to qualified teachers of Hebrew schools are now being approved by the Board of License, recently organized, and will be issued shortly.

## Rabbi Seeks Financial Aid to Publish Jewish Law Treatise

(Jewish Telegraphic Agency)

Baltimore, Aug. 4.—An appeal to Jewish philanthropists to help him publish a treatise on Jewish law which was left by his great-grandfather, the "Yanover Gaon", has been issued by Rabbi M. N. Weisblatt of this city in the form of an advertisement in the Baltimore "Morning Sun." The appeal is endorsed by Congregations Anshe Sephard, Shomre Hadath, Anshe Kolk and Anshe Vohlin of Baltimore, and Wohlner Anshe Sephard of Washington. In the appeal Rabbi Weisblatt says:

"My great-grandfather, the sainted Rabbi Judah Leib Weisblatt, who was famed throughout the world as the 'Yanover Gaon', bequeathed to posterity a scholarly work of great merit. It is a treatise of Jewish law that, if published, would be of incalculable help to rabbis, schochtim and even to laymen. It was his devout wish to have the work printed in his lifetime, for the enrichment of Jewish learning. But unhappily it was not given to him to accomplish it. The manuscripts have been in my possession for many years. 'The act of gratifying the wish of a departed sage is of supreme importance, and I offer this opportunity to every Jewish philanthropist to share in the great Mitzvah. By subscribing in advance for the book you will be facilitating its early publication'.

## Charges Market Officials

### Mulct Kosher Butchers

For years supervisors of the New York City Department of Markets have been collecting thousands of dollars a month in petty graft from Jewish butchers and delicatessen dealers in Brooklyn and Queens, according to charges laid yesterday before Mayor Walker by Oscar Glassberg, who has been a butcher in Brooklyn for the past twenty-five years.

Mr. Glassberg stated that on four different occasions in the last few years supervisors of the Department of Markets have brought him to court on charges of violating the law applying to the sale of kosher and non-kosher meat, after he decided to discontinue periodical payments of \$5 or \$10. Glassberg alleges that his repeated arrests were the result of an announced determination on the part of the supervisors whom he names to "get him", and that Commissioner Thomas V. Dwyer himself appeared in court on the last occasion and told the justices that his department was very much interested in pressing the case against Glassberg.
