## Hungarian Jewry Planning Its Own Political Party

(Jewish Telegraphic Agency)

Budapest, Sept. 11—Hungarian Jewry is taking what for that Jewry is considered an extremely novel step, the creation of a separate Jewish political party comprising all Jewish groups in the country. The new party will have its own program in the Hungarian parliament and in the municipal councils and will represent the interests of a united Jewry. In Budapest the Jews have developed a new found unity which is seeking expression in the plan to organize a new middle class party that will include all the provincial Jewish organizations.

At the same time the Joint Reconstruction Foundation, which is composed of the Jewish Colonization Association and the Joint Distribution Committee, is beginning its activity in Hungary by providing credits to save thousands of Jews whose livelihoods are threatened, especially the middle class Jews and those engaged in small industry. The entry of the Joint Reconstruction Foundation into Hungary as well as the plans for a Jewish party is traced to the recent understanding between Hungarian Jewry and foreign Jewries by means of which Hungarian Jewry again resumes its relations with the foreign Jews.

To aid in this there has recently been organized a Hungarian Jewish Union. The resumption of relations between the Jews of Hungary and those of other countries was consummated recently with the signing of an agreement between a number of prominent Hungarian Jews, among them Baron Kohner, president of the Budapest Jewish community, and the representatives of the various international Jewish organizations in Paris, Berlin, London and New York.

## 10 Injured as Police Clash With Squatters at Hawareth

(Jewish Telegraphic Agency)

Jerusalem, Sept. 11—Ten people were injured, four Arab women, two policemen, and two Jewish cultivators, when a squadron of police clashed with the Arab squatters on the Wadi Hawareth lands of the Jewish National Fund, according to a report in the Arab paper, the Falastin. Nineteen British police and 12 Palestinian police had been sent to remove the squatters from the land.

Despite a ruling of the land court at Tulkarem that the government was entitled to sell the 4,500 dunams of land at Wadi Hawareth to the Jewish National Fund, a handful of squatters have persistently defied court orders and remained on the land in face of liberal compensation by the Jewish National Fund. Most of the Arab tenants on the land have long since vacated.

## Protestant School Board Will Not Oppose Separate Jewish School System in Montreal

(Jewish Telegraphic Agency)

Montreal, Sept. 11—The Protestant School Board of Montreal will, on principle, interpose no objections to the creation of a separate Jewish school system in Montreal, the Rev. Dr. James Smythe, chairman of the Protestant School Board, announced in the course of an address to a local gathering. Dr. Smythe pointed out that no agreement has yet been reached between the Protestants and the Jewish school commission that was appointed last April to negotiate with the Protestants and, failing that, to establish a separate Jewish school system.

Dr. Smythe said that "if despite all we have done and what we still stand ready to do, our Jewish fellow citizens decide to withdraw their children from our schools and set up a school system of their own, the Protestant School Board of Montreal, on principle, is not opposed to such action provided the rights of the Protestants are not prejudiced thereby. As Canadian citizens, however, we will deplore it for we believe that the self-segregation of the Jews would not be in the best interest of this province, of the country, as a whole or of the Jews themselves." Dr. Smythe also gave out some statistics.

## Hebrew Press Disappointed at Results of Berlin Meetings

(Jewish Telegraphic Agency)

Jerusalem, Sept. 11—The Hebrew press here is disappointed at the Berlin meetings of the Zionist Actions Committee and of the Administrative Committee of the Jewish Agency. The Ha'Aretz is dissatisfied because the Berlin meetings laid too much stress on the political importance of London just when "Geneva was defending us. We need Geneva and Berlin ought to have discussed a way of increasing Geneva's influence on the Palestine administration."

The Doar Hayom characterizes the meeting of the Actions Committee as "a liquidation session" and attacks Dr. Chaim Weizmann for having been "converted to the policy of the B'rith Shalom." The paper also declares that the real Zionist meeting was at Prague where the Zionist Revisionists met. The Davar, organ of the Laborites, voices disappointment at the smallness of the budget adopted by the Administrative Committee. The Davar feels that this budget will make it impossible to achieve many necessary works, particularly in agriculture. In view of that, the Davar is of the opinion that the Jewish Agency "has no right to prevent the Zionists from finding additional means for these works."

## 2 Russian Pogromists Shot; 3 Others Get Prison Terms

(Jewish Telegraphic Agency)

Moscow, Sept. 11—Donzov and Shevika, the right-hand men of the pogromist Attaman Klimenko, who carried out many pogroms against the Jewish population in Ukraina during the civil war period, have been shot by order of the Soviet court at Kiev. Three other members of the Klimenko bands who were tried at the same time have been sentenced to terms of imprisonment ranging from three to eight years.

In Uman alone, over 3,000 Jewish families were massacred by the Klimenko bands. Donzov and Shevika, Klimenko's adjutants, were also the chiefs of his cheka which tortured all persons arrested on suspicion of Communism or sympathy with the Soviet regime. When the Soviet authority was established in Ukraina, Donzov and Shevika were among those members of the Klimenko bands who covered up their traces and obtained Soviet posts. Donzov was connected with the commissariat of agriculture where he was responsible for considerable sabotage in the early years of Jewish land settlement in Ukraina.

When the Soviet government began to "cleanse" its personnel their anti-Semitism was revealed and inquiries were made which led to the disclosure of their previous activities. They were thereupon tried, found guilty and ordered executed.

## Dr. Drummond Shiels to Leave for Palestine September 19

(Jewish Telegraphic Agency)

London, Sept. 11—Dr. Drummond Shiels, British under-secretary for the Colonies, is expected to leave for Palestine, September 19, to make a study of local conditions. While in Palestine Dr. Shiels will meet the representatives of the different sections of the populace and will be the guest of Sir John Chancellor, the High Commissioner.

It is expected that in light of Sir John Simpson's report on problems of immigration, land settlement and development in Palestine and the information that Dr. Shiels may obtain during his tour it may be possible to work out a policy that will result in the establishment of more harmonious relations between the Jews and the Arabs.

## 2 Bohemian Synagogues Robbed of Much Valuable Property

(Jewish Telegraphic Agency)

Prague, Sept. 11—A gang of thieves specializing in synagogue robbing has been active in Bohemia this week. The synagogues in Neuschloss and Kleindarmot were entered and much valuable property stolen. Police investigating the thefts have thus far found no trace of the burglars.

## U. S. Consuls to Confer on Ban Tightening Immigration

(Jewish Telegraphic Agency)

Washington, Sept. 11.—American consuls in European countries will soon hold a series of conferences with regard to stricter enforcement of the immigration laws, according to a statement issued by the State Department. These conferences are a result of the policy approved by President Hoover, according to which immigrants who may not be able to support themselves in the present unemployment crisis are to be barred from the country.

The first conference of the consuls will take place in London on Sept. 22 and 23. The second conference will take place on Sept. 26 and 27 in Stuttgart, Germany, and will be attended by consuls from Germany, France, Switzerland, Austria, Czechoslovakia, Sweden, Hungary, Italy and Yugoslavia. The third conference will take place Oct. 1 and 2 in Warsaw with consuls from Poland, Finland and Latvia participating. Wilbur J. Carr, Assistant Secretary of State, and A. Dana Hodgson, Chief of the Visa Department, will participate in the European conferences. Conferences of American consuls in Canada will also take place on Sept. 15 in Winnipeg and during the beginning of October in Vancouver.

## Isaac Gilbert, Communal Worker in Detroit, Dead

(Jewish Telegraphic Agency)

Detroit, Sept. 11.—Isaac Gilbert, former president of Temple Beth El and a leader in Detroit Jewish activities for two decades, is dead here at the age of 62. He was vice-president of the Webster Cigar Company and treasurer of the Kleiner Cigar Manufacturing Company.

Born in New York City, he moved with his parents in early youth to Kalamazoo and came to Detroit in 1909. He was a former president of the B'nai B'rith district grand lodge No. 6 and a leader in the Union of American Hebrew Congregations.

## 3,000 Young Jews Will Be

### Enlisted for Work in Coal Mines of the Donetz Basin

(Jewish Telegraphic Agency)

Moscow, Sept. 11.—A great campaign to enlist 3,000 young Jews for work in the coal mines of the Donetz Basin in Ukraine, the largest coal field in the Soviet Union, has been started on the initiative of the Shtetn, the Yiddish newspaper published in Charkov, Ukraine, in order to right the failure of the coal industry to live up to the program laid down for it in the Five Year Plan, a failure largely due to a scarcity of workers.

The campaign had encountered much resistance in certain quarters where it was argued against it that there have been failures to live up to the Five Year Plan's schedule not only on the "coal front" but also on other "fronts," and if young Jews are to be enlisted for all the "fronts" there will not be enough of them to go round, and it will only mean the disruption of the work of the Comzet. It was also claimed that the young Jews are incapable of the physical work demanded in the coal mines.

All of these arguments, however, were declared to be opportunistic at a special conference held to consider the question, and the Jewish enlistment campaign was approved. Among the economic and social organizations that are participating in the campaign is the Young Communist League which instructed its branches throughout the Union to include at least 1,000 young Jewish Communists among the 15,000 young Communists who are to be mobilized for the work in the coal mines of the Donetz Basin.

This 1,000 will be counted as part of the 3,000 young Jews who are to be mobilized among the entire Jewish working class youth. Party discipline will make it an easy matter to obtain the 1,000 young Jewish Communists, it is pointed out, but it is less likely that the 2,000 non-Communist Jews will be found to agree voluntarily to go into the coal mines, both because of the

## Henry Behrendt Will Be Next Sheriff of Detroit

(Jewish Telegraphic Agency)

Detroit, Sept. 11.—Former United States Marshal Henry Behrendt will be the next sheriff of Wayne County, which includes Detroit. In Tuesday's primaries Mr. Behrendt defeated the incumbent for the Republican nomination and since there is no Democratic nominee the nomination is tantamount to election. Mr. Behrendt was chief of police of Lansing, the capital of Michigan, for many years.

In 1914 he was appointed Federal marshal for Eastern Michigan by President Wilson. From 1922 until last Fall he served on the Federal Jury Commission. A veteran of the Spanish-American War and associated for many years with the International Association of Police Chiefs, Mr. Behrendt was the only Jew to win in the primaries.

## Government Gets 3 Reports on Arab Executive's Manager

(Jewish Telegraphic Agency)

Jerusalem, Sept. 11.—The Arab paper, Meraat Al Shark, published three reports that have reached the government concerning the activities of Subhi Al Khadra, manager of the Arab Executive's office, against whom a court sentence is expected shortly. The first report shows that on April 8, Al Khadra, contrary to the desires of the Arab Executive, arranged with a group of Arabs in Northern Palestine to create disturbances on the day the Arabs found guilty of killing Jews during the riots were to be executed.

The second report indicates that on July 28, speaking at a meeting of the Arab Executive, Al Khadra declared, "We must prove to the government that we are not cowards for if we forget those who have been executed we will be considered cowards." The third report shows that at a meeting of the Arab Executive on August 12, Al Khadra and others were elected a committee to tour the country to discuss non-cooperation with the Jews with local Arab notables.

## 4 Jews Named to Conduct New Bira Bidjan Administrative Unit

(Jewish Telegraphic Agency)

Moscow, Sept. 11.—Four Jews, three Russians and one Korean have been appointed members of the organization bureau charged with conducting the new administrative region that has been established at Bira Bidjan, Far Eastern Republic, by the presidium of the Union Central Executive Committee of the Soviet Union. The four Jewish members are M. Robinson, M. Kashkes, the former Ozet settler, M. Skolnik and the acting chairman of the bureau, M. Gendlin.

The administrative unit consists of the territory originally set aside for the establishment of a Jewish Republic. This has now been abandoned as a result of the many reports emanating from Bira Bidjan that the management was not satisfactory, and from the recent recommendation of the land commissariat that Bira Bidjan be made an independent administrative and economic unit with its own district committee supervising.

## Harris Library Goes to Jewish Institute and Hebrew University

Announcement was made today by Dr. Stephen S. Wise, president of the Jewish Institute of Religion, that Mrs. Maurice H. Harris, wife of the late Dr. Harris, rabbi for nearly half a century of Temple Israel, New York, had donated his library to the Jewish Institute of Religion and the Hebrew University. A special collection of books was first presented to Temple Israel.

Dr. Harris was one of the founders of the Jewish Institute of Religion, a member of its Board of Trustees since its founding, and it was through him that the hospitality of Temple Israel was enjoyed by the Institute during its first term in 1922.

## Wilkesbarre Law Regulating Meat Slaughtering Illegal

(Jewish Daily Bulletin)

Wilkesbarre, Pa., Sept. 11.—The Wilkesbarre city ordinance which regulates the slaughtering of fowl and cattle is an unlawful exercise of police power and kosher butchers of that city are lawfully entitled to protection from the enforcement of this ordinance. This is the decision handed down last week by Judge C. D. Coughlin in the suit of Louis Hafetz, a kosher butcher of Wilkesbarre, and the Congregation Anshe Emeth against the city of Wilkesbarre and James F. Mundy, superintendent of public safety.

In the complaint it was stated that Louis Hafetz, the butcher for the congregation, had complied with all conditions of the ordinance, yet the superintendent of public safety refused to grant a permit for the killing of fowl on his premises. In issuing his decision the Judge orders:

"That the defendants be restrained from interfering with the members of the Congregation Anshe Emeth in having their fowl killed by the said Louis Hafetz upon his premises, under the supervision of their rabbi in accordance with the regulations of their church, provided the same is not done in a manner constituting a public nuisance."

## 2 Percent of Jewish Children in City Attend Parochial Schools

Two percent of the total of the Jewish child population of elementary school age in the city of New York attend Jewish parochial schools, commonly known as Yeshivahs, it was disclosed in a report issued by the United Yeshivah Chest, a federation of Jewish parochial schools in the metropolitan area. The report, made public by Judge Max S. Levine of the Court of General Sessions, president of the organization, gives registration figures for the ten schools affiliated with the Chest.

The school year opened in the Jewish parochial schools last Monday simultaneously with the New York public school system. More than 5,000 pupils were registered in the following schools: Yeshivah of Boro Park, Yeshivah Torah V'Duth, Yeshivah Chaim Berlin, Yeshivah Torath Emeth, Yeshivah of Flatbush, Yeshivah Solomon Kluger, Yeshivah Tifereth Jerusalem, Yeshivah Rabbi Jacob Joseph, Yeshivah d'Harlem, Yeshivah d'Bronx.

This constitutes 2% of the Jewish child population of elementary school age in New York, which numbers about 250,000. The percentage rises, however, in relation to the number of Jewish children in the city who receive a systematized Jewish religious training in other than parochial schools. A recent survey made by a citizens' committee of the Jewish educational system in New York showed that approximately 70,000 Jewish children are enrolled in the 410 Jewish afternoon and Sunday schools of various types.

## B'nai B'rith Names 3 New Hillel Foundation Chiefs

(Jewish Daily Bulletin)

Cincinnati, Sept. 11.—The B'nai B'rith Hillel Foundation Commission, created by action of the Constitution Grand Lodge Convention of April, 1930, held its organization meeting here this week, and named Alfred M. Cohen chairman and Dr. I. M. Rubinson secretary of the Commission and ratified new directors for three of the Hillel Foundations.

Rabbi Bernard Heller, spiritual leader of Temple Anshe Chesed of Scranton, Pa., was named director of the Foundation at the University of Michigan to succeed Rabbi Adolph Fink who resigned last spring. Rabbi Heller will assume his new duties the latter part of this month. Rabbi Samuel H. Baron, formerly director of the Hillel Foundation at the University of West Virginia, was approved as director of the Foundation at the University of Texas. He succeeds Rabbi Jacob Weinstein who last year resigned to accept a pulpit in San Francisco. Rabbi Henry Kagan, formerly of Johnstown, Pa., will succeed Rabbi Baron as director at the University of West Virginia. He will also occupy the pulpit of Temple Israel at Uniontown.

Directors of the five other Hillel Foundations who continue from last year are: Prof. A. L. Sachar, University of Wisconsin; Rabbi Lee J. Levinger, Ohio State University; Rabbi Max J. Merritt, University of California; and Rabbi Isidor B. Hoffman, Cornell University.

## Have \$130,000 Budget

B'nai B'rith, which established and maintains these Foundations, has budgeted some \$130,000 for the Hillel Foundation movement this year. Over 7,000 Jewish students at the eight universities having Foundations will be given Jewish religious, cultural and social contact through the activities sponsored at these Foundations.

## Newark Honors Victims of Palestine Outbreaks

(Jewish Daily Bulletin)

Newark, Sept. 11.—A public memorial service was held here last night to honor the memory of the 133 Jewish victims of the Palestine riots a year ago. The service was held under the auspices of the Jewish National Fund Council of Newark.

The principal address was delivered by Captain Abraham Tulin, member of the Administrative Committee of the Zionist Organization of America. Other speakers were Rabbi Kook, of Afula, Palestine, and a brother of Chief Rabbi Kook, of Jerusalem; Samuel Kriss, a Palestinian resident, now visiting here; and Rabbi Leon S. Lang and Herman L. Kahan, of this city. Rabbi Lang is president of the Newark Zionist district, and Rabbi Kahan was in Palestine while the riots occurred.

A similar memorial service will be held at the Hoboken Jewish Center Friday, with Rabbi Leon Spitz delivering the principal address.

## Jewish Protest Bars Passion Play Performance in Savannah

(Jewish Daily Bulletin)

Savannah, Ga., Sept. 11.—Following a vigorous protest by the Jewish community, the Savannah Opera Association has decided to give up its plan to bring the Freiburg Passion Play here for several local performances. The Board of the Association had previously voted to authorize the president to sign the necessary contracts and when the committee called on the president he was about to attach his signature to the document calling for five performances.

As a result of the protest the committee was given the opportunity to appear before a special meeting of the Board where it effectively demonstrated that the Freiburg Passion Play would arouse anti-Jewish feelings, that it was purely a commercial undertaking and had not received any too good treatment at the hands of American critics and that the claims of the Pass-nachts' representative that the Jews in other cities gave the company their assistance were easily controverted.

Rabbi George Solomon, of Congregation Mickve Israel; Morton H. Levy, president of the same congregation and William Pinsker, executive director of the Jewish Educational Alliance, led the fight against the presentation of the Passion Play and were assisted by a committee composed of representatives of both local congregations.

## 14 Jews Win Nominations in Maryland Primaries

(Jewish Daily Bulletin)

Baltimore, Sept. 11.—Fourteen Jews having been victorious in the state primary, their names will appear on the ballot in the general election in November. Among the Jews is a woman—Mrs. Rose L. Loeffler—who was one of the Republican nominees for the House of Delegates of the Maryland General Assembly from the Fifth district in Baltimore.

In a spirited contest to represent the Democrats for State Senate from the Fourth district, E. Milton Altfield won out over two other Jews. In the general election Altfield will oppose another Jew, Paul Berman, the Republican choice.

Three judges of the Orphans' Court of Baltimore will be elected in November. Philip L. Sykes, incumbent, is a Democratic nominee, while Joseph Allen, also a Jew, will appear as a Republican for one of the posts.

Other Jews whose names will appear on the ballot in Baltimore city follow:

House of Delegates (Fourth district) Democrats: Isador Aaronson, Leon Abramson, Robert Benjamin, Louis Binder, Alexander Goodman, Emanuel Gorfine; Republican: Melvyn L. Fine; House of Delegates (Fifth district) Republican: Daniel E. Klein. One of the Republican candidates for the House of Delegates from Anne Arundel county is Louis Straus.

hard physical labor entailed, and also because of the hard conditions of life to which the new-comers in the coal mines must submit.

Instructions are being sent to the workers of the coal miners' unions in the Donetz Basin that they are to give a friendly reception to the Jewish youths arriving in the coal mines, the administrator of the All-Ukrainian Miners' Union announced. This assurance is regarded as of great importance because there have been cases of new Jewish arrivals in the coal mines being met with hostility by the non-Jewish workers. In some instances there has even been undisguised anti-Semitic agitation aiming to force the Jewish youths out of the mines, and many young Jews who went into the mines have actually left on this account.

### Adlers to Open Yiddish Season on Broadway Oct. 2

On Thursday, October 2nd, at the New Yorker, formerly the Gallo Theatre, George Jessel will present the Adlers in their first season on Broadway in Yiddish, in a repertoire of three plays. The cast of the Adlers, the foremost acting family on the Yiddish stage, is composed of Mrs. Jacob P. Adler, and the sons and daughters of the Jewish tragedian, the late Jacob P. Adler. The first production, "Miltons," by Carl Roessler, a romantic comedy, dealing with the House of Rothschild, was produced on the English stage some dozen years ago under the title of "The Five Frankforters."

The Adlers, playing as an acting unit for the first time at the tail end of last season, scored a tremendous success both in New York and on the road in Jacob Gordin's "The Wild Man." Joseph Schoengold, son-in-law of Jacob P. Adler, and distinguished Yiddish director and actor, has been engaged by Mr. Jessel to stage and appear in the productions.

### Religious Bias Seminar to Be Held at Dickinson College

(Jewish Daily Bulletin)

Baltimore, Sept. 11—Religious discrimination and remedies for it will be the topic of a two-day seminar in November at Carlisle, Pa., it was announced here today. The announcement was made by the Rev. A. W. Gottschall, pastor of the First Christian Church, Baltimore, and secretary of the Religious Education Association's Middle Atlantic Area regional committee.

Rabbi Louis Wolsey, of the Rodef Shalom Congregation, Philadelphia; Dr. D. A. Robertson, recently appointed president of Goucher College here, and Dr. George S. Bull, S. J., of Woodstock (Md.) College, will lead the two-day discussion of the problem of the "extent of discrimination and what we can do about it."

The conference, to be held at Dickinson

### U. S. Consuls to Confer on Ban Tightening Immigration

(Continued from Page 2)

The consuls will be asked to enforce more strictly than heretofore that clause in the immigration law which forbids the entry of those immigrants who may become a burden upon the community. Consuls and immigration officials have always enforced this clause. In the future, however, they will demand that immigrants not only possess more money, but that they have prospects of getting employment in America. According to President Hoover's order, consuls in the future will have more power to judge whether an immigrant may become a burden upon the community and to refuse immigrants visas if they think this to be the case. Such rejected immigrants will not, however, lose their place in the quota and will receive their visas when the unemployment situation in the United States will again become normal.

### Non-Quota Immigrants Included

Consuls will be able to enforce the new restrictions even against non-quota immigrants, such as wives and minor children of American citizens. It is not expected, however, that the new policy will hit the immigrant relatives of American citizens very hard, since these will always be in a position to bring sufficient proof that they will not become a burden upon the community and will be able to put up bonds if necessary.

The coming conference of American consuls will probably decide what are to be the financial demands upon prospective immigrants to this country. Even if consuls abroad will have granted them visas, prospective immigrants will also be exposed to the possibility of being barred by immigration inspectors in American ports, if the latter will be convinced that a European consul had made an error in the granting of a visa.

The New York office of the HIAS has sent telegraphic instructions to the HIAS offices in various European countries to see to it that, because of the new immigration restrictions which have been ordered by President Hoover, American consuls should not put such difficulties in the way of prospective immigrants as are not in accordance with the law. This was revealed yesterday to the Jewish Telegraphic Agency by Isaac Assofsky, general manager of the HIAS, who stated that HIAS offices abroad have been asked to report any cases of discrimination to the American HIAS, which will take up these cases with the State Department in Washington.

son College, will open Sunday, November 2, and conclude with morning and afternoon sessions the next day. It is being planned jointly by the Religious Education Association and the National Conference of Jews and Christians.

concerning the school population of Montreal, showing that out of approximately 31,000 pupils in the Protestant schools about 10,000 are Jewish.

The Jewish school commission will issue a statement on the situation after its meeting next Monday night. The commission, which consists of Edgar M. Berliner, A. Z. Cohen, Nathan Gordon, Rabbi H. Abramovitch, Dr. Max Wiseman, Michael Garber, and Samuel Livingstone, the latter being chairman, is the result of a bill passed by the Quebec provincial legislature permitting the Jews to establish a separate Jewish school system on the island of Montreal.

### Savannah Mourns for Mrs. Grace Sarah Mendes

(Jewish Daily Bulletin)

Savannah, Ga., Sept. 11—The entire population of Savannah, Ga., non-Jewish as well as Jewish, mourned this week the sudden death of Mrs. Grace Sarah Mendes, who died of a heart attack. Mrs. Mendes had been ill for several months but was lately thought to be on the road to recovery.

Mrs. Mendes was the widow of Dr. Isaac P. Mendes, for many years rabbi of the Congregation Mickve Israel of Savannah, and has been a resident of Savannah for more than fifty years, taking an active part in many Jewish and communal undertakings. She was organizer of the Temple Sisterhood and of the local section of the Council of Jewish Women, of both of which organizations she was for many years the active head, was first president of the local Hadassah and a Board member of the Ladies' Hebrew Benevolent Society, one of the oldest benevolent societies in the country. She was largely instrumental in organizing the Woman's Club of the Jewish Educational Alliance. She was also active in the United Daughters of the Confederacy, the Federation of Women's Clubs and other non-Jewish organizations. When she celebrated her 75th anniversary in December the entire community paid her tribute.

### Newark Jewish Women Plan Vocational Guidance Board

(Jewish Daily Bulletin)

Newark, Sept. 11—The Newark section, Council of Jewish Women, is undertaking what is being regarded as a very constructive activity, namely the establishment of a Bureau of Vocational Guidance and Placement, the need for which was shown by a survey recently conducted by several Jewish organizations. According to the announcement, the Council, through its own initiative, has managed to raise sufficient funds to establish such a bureau. A special committee will assist a trained worker in advising young people seeking employment and in helping them obtain work for which they are best suited, both by choice and training.
