Minorities and Mandates Commission's Work Discussed by League Political Body

(Jewish Telegraphic Agency)

Geneva, Sept. 24.—Praise for the achievements of the Permanent Mandates Commission of the League of Nations and appreciation for the tact and devotion of its members was expressed by speakers at yesterday's session of the Assembly's sixth or political commission of the League.

Britain's great respect for the Mandates Commission was voiced by the British representative, Charles Roden Buxton, who stated that his country was following the work of the Mandates Commission with general approval and was cordially supporting the principles of the mandatory system as advanced by the Commission. He cited the Palestine question, recalling what the British representative, Arthur Henderson, Secretary of Foreign Affairs, had recognized in his reply to the report of the Mandates Commission on the riots of 1929 in Palestine that the Commission had every right and even the duty to criticize the conduct of a mandatory power. This statement, Buxton said, was a very significant one for the work of the Mandates Commission.

Recalling the events which occurred in Palestine in August 1929, the Italian representative stated that it was due to the efforts of the Mandates Commission that the situation has been completely changed. "The Commission occupied itself not only with the geographical and economic interests but also with memories dear to all Christians and the civilized world," he stated. "Thanks to the clever and energetic efforts of the Mandates Commission the situation in Palestine has been completely changed. This year the results are satisfactory," he said.

Von Hindenburg Reported Leaning Toward Fascists

(Jewish Telegraphic Agency)

Berlin, Sept. 24.—President von Hindenburg is said of late to be leaning toward the opinions of the Right Wing radicals and is desirous that Chancellor Bruening build a cabinet with the National Socialists (Fascists) because he sees no way for an alliance with the Socialists. This is expressed by M. von Gerlach, in an editorial in the Welt am Montag, of which he is the editor.

Basing his statement on the fact that President von Hindenburg has been influenced by his son and his military associates, von Gerlach says that Hindenburg feels that if a Right Wing coalition is not formed, the present cabinet will have to resign. Gerlach says if this is true he fears the danger of a crisis.

Convict 5 Lemberg Jews for Murder of Polish Soldiers

(Jewish Telegraphic Agency)

Lemberg, Sept. 24.—Three Jews were sentenced to six years' imprisonment each, two to five years' imprisonment and five others were freed following conclusion of a three-day trial here today in which the ten men were accused of the murder of two drunken Polish soldiers who had created a disturbance in a Jewish restaurant last November.

The defendants, all artisans and laborers, were arrested immediately after the crime was committed and have been imprisoned since. They were defended by Leib Landau, prominent Jewish attorney who successfully defended Stanislas Steiger several years ago. The sentence will be appealed, M. Landau declared.

Lipa and Jacob Denkberg and Chaim Klinger received the six year sentences; Joseph Acker and Hersch Leibmann, the five year sentences, and Joseph Askenazi, Moishe Zimmer, Moishe Knecht and Abraham Schweiger were ordered freed.

The trial aroused considerable interest among the Jewish population of Poland particularly in view of the possibility that there might have been provocation on the part of a Jewish secret service agent who was the chief witness against the accused men.

Palestine Government

Plans Tax on Incomes

(Jewish Telegraphic Agency)

Jerusalem, Sept. 24.—Anxious anticipations concerning the proposed income tax that the Palestine government is reported to be ready to put into effect are premature, but nevertheless are not unfounded. The Jewish Telegraphic Agency learns that the government is contemplating a tax of from 2.5 per cent to 5 per cent with incomes below \$1,500 exempt.

The government is also planning a unified land tax to replace the tithe which will be reduced from 10 per cent to 7.5 per cent. When the rumors of an income tax first became current several weeks ago, the Palestine industrialists held protest meetings and adopted resolutions condemning such a tax.

Jewish Parties Unite for Polish Elections

(Jewish Telegraphic Agency)

Warsaw, Sept. 24.—A united front for the coming parliamentary elections has been formed by the General Zionists, the Mizrahi, orthodox Zionist party and the Hitachduth, labor party. Deputy Isaac Gruenbaum and Deputy Henry Rosmarin, members of the Polish Sejm, were chosen to represent the General Zionists while Hersch Farbstein will represent Mizrahi and M. Loevi will represent Hitachduth.

Russian Anti-Religious Campaign Fails to Check Rosh Hashanah Celebration

(Jewish Telegraphic Agency)

Moscow, Sept. 24.—The anti-religious campaign of the Jewish Communists has passed absolutely unnoticed during both Rosh Hashanah days, during which the synagogues in Moscow and in other parts of Russia were crowded to a point where all who wished could not gain entrance. The anti-religious march which the Communists proclaimed for Rosh Hashanah was a total failure in Moscow as well as in the provinces.

"Our cultural brigades slept instead of marching," reports the Yiddish Communist daily, Der Shtern. The Emes, another Yiddish Communist paper, also admits that the march was a failure, but calls upon the Jewish Communists to prepare a successful anti-religious demonstration for Yom Kippur. The Emes urges each Jewish worker, employee and artisan to work on Yom Kippur and to contribute his earnings of that day for the building of a dirigible, Pravda, funds for which are now being collected all over Russia.

During the last days before Rosh Hashanah the non-Jewish Communist press tried to assist the Jewish Communists in their anti-religious campaign. Many of the non-Jewish papers published special Jewish pages, devoted especially to the so-called "cultural march." However, since the Communist press influences the Jewish

(Continued on Page 7)

Anti-Semite Disturbances

Mar Prague Rosh Hashanah

(Jewish Telegraphic Agency)

Prague, Sept. 24.—Anti-Semitic and anti-German demonstrations took place here during the Rosh Hashanah services. The demonstration occurred after a meeting of Czech nationalists which was called to protest against the exhibition of German talking pictures in Czech movie houses, the anti-Semites utilizing the opportunity for demonstrating against Jews, insulting individual Jewish passers-by and shouting, "Down with the Germans! Down with the Jews! Long live Czechoslovakia!" The police finally dispersed the demonstrators.

Passfield Declines to Send New Year's Message to Jews

(Jewish Telegraphic Agency)

London, Sept. 24.—Asked by the Jewish Telegraphic Agency for a New Year's message on the Palestine situation, Lord Passfield, British Colonial secretary, replied "in view of the fact that a statement as to the policy in Palestine is at present under consideration I regret that I cannot comply with your request."

Waldman, Back from Europe, Finds Anti-Semitism Result of Economic Depression and Vent for European Unhappiness

The unhappiness of the peoples of Europe is finding vent in anti-Semitism, and the Jew has again become the scapegoat of the world, declared Morris D. Waldman, secretary of the American Jewish Committee, who returned Monday on the Minnewaska from a four months' study of economic and political conditions in Europe, with particular attention to the problems of the Jews there. Mr. Waldman, who, off and on, has spent a considerable time, abroad since the War, largely in connection with relief work, declared that he found conditions in general less favorable than during the post-war period.

In an interview with the Jewish Telegraphic Agency, Mr. Waldman declared, "Ignoring the fact that the great mass of Jews is living in the most abject poverty and misery in these countries, self-seeking politicians there are exploiting the bigotry and prejudices of the age for their own ambitions. Even in Germany, or shall I say in view of the recent occurrences, especially in Germany, the Jews, constituting only one half of one per cent of the population, have made such notable contributions far in excess of their proportion in the population to the development of German civilization in every direction, science, art, literature and government as well as finance, commerce and industry, are condemned by their enemies as dangerous aliens. Even Christianity is repudiated by these bigots because it is of Jewish origin."

Anti-Semitism Chief Fascist Plank

"Anti-Semitism is the chief plank in the platform of the Fascist Party which has made such great gains in the recent elections. It is very improbable, however, that the German people as a whole will allow the country to be overwhelmed by the present wave of super-nationalism which has been made possible only by the general economic depression. With the return of economic prosperity class antagonisms and group hatreds are sure to diminish, including this medieval recrudescence of Jew-baiting."

Europe Not Yet Recovered from War

"Though in a physical sense much of what has been destroyed during the War has been rebuilt, Europe cannot yet be said to have recovered from its effects. The drastic changes in the map of Europe have resulted in economic devastation of these countries. The defeated countries are profoundly dissatisfied with the penalties imposed upon them by the Peace Treaties. The effects of all this shake up upon the Jews are direct and obvious. In Roumania anti-Semitism has assumed a violent form. The government is working it like a machine. In Poland, on the other hand, it is largely a situation of moral and economic distress. The burdensome taxation placed upon the Jew, the insidious repression he suffers bind him with hopelessness. However, there are no violent manifestations of the sort endured by Roumanian Jewry."

The lot of the Jew is not very different from that of other minority

groups, according to Mr. Waldman. He summed up this phase of the situation as follows:

Minority Rights Violated

"The rights of persons belonging to minority groups are being violated everywhere, sometimes flagrantly, more often insidiously, in spite of treaty obligations, constitutional guarantees and the guarantee of the League of Nations, which in this direction has proven effective in only a very limited degree. The transfer of millions of human beings to new states in which they constitute minorities has produced a profound unhappiness, a restlessness and a discontent, which in spite of peace pacts and the covenant of the League of Nations retard the assurance of peace in the world, and in addition to this, we find the so-called democratic governments being unduly influenced by voluntary reactionary bodies, such as the Heimwehr in Austria, the anti-Semitic organizations in Roumania, and the Hitlerites in Germany."

To Suppress Bessarabian

Anti-Semitic Agitation

(Jewish Telegraphic Agency)

Bucharest, Sept. 24—Orders to suppress dangerous anti-Semitic agitation in the Roumanian province, Bessarabia, have been issued today by the Bessarabian Home Ministry as a result of the intervention of the Jewish deputies in the provincial parliament.

During the past few weeks anti-Semitic propaganda in Bessarabia had reached alarming proportions, especially in the town of Baltza, as a result of which Jews were compelled to ask the Bessarabian government for urgent protection. The situation in Baltza is still tense.

Polish Rowdies Attack

Rabbi Carrying Torah

(Jewish Telegraphic Agency)

Warsaw, Sept. 24—Anti-Semitic rowdies attacked Rabbi Jehuda Freiberg of Wloclaw, a town near Lublin, while the latter was marching at the head of a procession carrying new Torah scrolls to the synagogue. As a result of the attack the rabbi was seriously wounded in the head, while two other Jews, Chaim Hoffman and Abraham Malkusman, were injured. During the panic which followed the attack several children who were participating in the procession were also injured.

Distribute Food Tickets at

Palestine Public Kitchen

(Jewish Telegraphic Agency)

Jerusalem, Sept. 24—Six hundred and thirty-eight tickets for food for the holidays were distributed at the Public Kitchen here by rabbis. Four hundred and eighty tickets were distributed for use outside of the institution while 280 were for meals in the Public Kitchen, and 78 were distributed among Jewish prisoners.

Arms Smuggling Into Palestine Unabated

Despite Precautions

(Jewish Telegraphic Agency)

Jerusalem, Sept. 24—The confiscation of 100 military rifles in the village of Hauran, in French-Syrian territory, today has again directed attention to the existence of great stores of unused arms and ammunition in practically all the villages of Palestine and Syria. Some arsenals date back to the days of the World War when the retreating Turks abandoned huge dumps, but the traffic in arms between Syria and Palestine and Palestine and Transjordan has continued since the War and many villages are constantly supplementing their stocks.

The Jewish Telegraphic Agency learns on good authority that the smuggling of arms across the Jordan is unabated despite police vigilance. The smugglers wade across the river at its shallow spots and are thus enabled to enter Palestine from a number of places. It is estimated that 5,000 rifles were brought into Palestine illegally in the past year from Transjordan, depleting the supply of that country where the carrying of arms is permitted, and helping to arm the Palestine Arabs who are not allowed to carry weapons. The police have just caught red-handed a group of Arabs who have been using an abandoned Jewish cemetery on the Mount of Olives as a base for arms-running and selling.

From time to time, the abandoned ammunition dumps in the various towns explode with fatal results while the armed smugglers are occasionally caught in trying to cross the Syrian or Transjordanian frontiers. That the situation is a menace to the peace and order of Palestine was recognized by the Mandates Commission at its last session on Palestine when a number of the Commissioners made pertinent inquiries as to what measures had been taken or were contemplated to put an end to the smuggling of arms.

Four Shot Leaving Chicago

Synagogue After Services

(Jewish Telegraphic Agency)

Chicago, Sept. 24—Three men and a woman, emerging from Congregation Anshe Knesset Israel, 3411 Douglas Boulevard, after attending Rosh Hashanah services, found themselves caught between a squad of police pursuing thieves attempting to escape in a speeding car, and were wounded in the ensuing gunfire.

Max Satyr, 33, of 1510 South Clinton Park Avenue was shot in both legs. Louis Wildbaum, 32, of 1520 South Ridgeway Avenue, was wounded in the left thigh. Joseph Kosloff, 20, of 3148 West 15th Street, was shot in the right thigh, and Mrs. Rose Katzman, 25, of 1406 South Turner Avenue, received a bullet wound in the left calf. They were removed to a hospital for treatment.

Raskob Fiancee Unworried by Religious Differences

(Jewish Telegraphic Agency)

New Haven, Conn., Sept. 24—"My family is not very Orthodox, so why worry?" was the reply Miss Minerva Aaronson gave to an inquiry as to the attitude of her family towards her forthcoming marriage to John Raskob, Jr., son of John Raskob, chairman of the National Democratic Committee and one of the most prominent Catholic laymen in the country.

In an interview with the Jewish Telegraphic Agency, Miss Aaronson, a tall, black-haired, thoroughly modern nineteen-year old miss and secretary to the head of a New Haven brokerage house, said that neither she nor young Raskob had decided whether they would be married by a Catholic priest, a rabbi or by a civil ceremony. It had earlier been reported that the marriage was to be consecrated by a Catholic priest.

Indicating that the religious differences between herself and her fiance are not bothering her, Miss Aaronson declared "the main thing is that we are in love and we want to get married." Miss Aaronson is the daughter of the late Abraham Aaronson, one-time assistant state attorney-general and a member of the state house of representatives for several terms. Her father was a graduate of Yale and a prominent member of the Connecticut bar.

Asked where she met young Raskob, Miss Aaronson said she believed it was at a dance about three years ago. The couple have been going together for about a year and since young Raskob's graduation from Yale last June he has been a frequent visitor in New Haven.

Professor Dubnow Celebrates Seventieth Birthday Quietly

(Jewish Telegraphic Agency)

Berlin, Sept. 24—The German press yesterday devoted considerable attention to Simeon Dubnow, noted Russian-Jewish historian, whose seventieth birthday is now being celebrated. Dubnow's achievements in the field of Jewish historical research are being praised everywhere.

At Dubnow's own wish no delegations called at his home yesterday, which was his birthday, since he preferred to spend the day in his family circle.

Man Firing Revolver Causes Panic Among Whitechapel Jews

(Jewish Telegraphic Agency)

London, Sept. 24—Jews in the Whitechapel district of London were thrown into a panic today when a man, as yet unidentified, suddenly appeared in a crowd of men, women and children leaving a synagogue and began to fire a revolver into the air.

Police arriving on the scene immediately after the disturbance began succeeded in disarming the man and took him into custody. They were unable to ascertain the cause of his action. He will be tried tomorrow.

Commission Negotiating Entry of Agudath Israel Into Agency Meets in November

(Jewish Telegraphic Agency)

Berlin, Sept. 24—Denying the press reports that the commission that is negotiating for the Agudath Israel's affiliation with the Jewish Agency for Palestine has met, the executive of the Agudath Israel, world Orthodox organization, announces that the commission will meet early in November. At the same time, the executive of the Agudath notes that, because Jewish education in Palestine is under the control of the Jewish National Council, the Agudath considers that the executive's chief condition for entering the Agency is unfulfilled so long as the financing of Jewish education in Palestine remains an Agency affair.

The Agudath executive also points out that cooperation between the Agudath Israel and the Jewish Agency is possible on political and economic questions without the Agudath joining the Jewish Agency.

Jews Jailed for Closing Stores on Saturday

(Jewish Telegraphic Agency)

Czernowitz, Roumania, Sept. 24—A number of Jews in the town of Zastavne, province of Bukovina, have been sentenced to jail for keeping their stores closed on Saturdays, which the government regard as being against the law. The local kehillah has lodged a protest with the Bukovinian ministry against these arrests, pointing out that compelling Jews to trade on the Sabbath is against the constitution which guarantees the freedom of the Jewish religion.

The Jewish Morgenblatt of this city also reports that several public schools in Czernowitz have installed the numerus clausus for Jewish children for the new school year. The paper protests against this discrimination, saying it violates the Jewish minority rights as guaranteed by the Versailles treaty.

Polish Jew Receives Decoration from Pope

(Jewish Telegraphic Agency)

Rome, Sept. 24—The Grand Cross of the Holy Sylvester was bestowed today upon Giuseppe Toelplitz, General Director of the Banca Commerciale Italiana by the Pope. M. Toelplitz, who is a Polish Jew who emigrated to Italy many years ago, was until recently the subject of anti-Semitic attacks published in some sections of the Italian press.

Dutch Jew Elected Head of Journalists' Federation

(Jewish Telegraphic Agency)

Rotterdam, Sept. 24—Dr. M. Van Blakenstein, editor of the Rotterdamse Courant, has been elected president of the International Journalists' Federation at the League of Nations. Dr. Blakenstein is a member of a Dutch Jewish family that has given Holland's Jewry many Zionist leaders.

Government Approves Plans for Haifa-Bagdad Railway

(Jewish Telegraphic Agency)

London, Sept. 24—The plan for the construction of a railway from Haifa, Palestine to Bagdad, Iraq, was officially approved of by the British Government in a statement issued yesterday by the British Colonial Office. A grant of assistance from the Colonial Development Fund towards the cost of a detailed survey to be undertaken in connection with this project was approved.

The approval by the British Government of the Haifa-Bagdad railway project serves to confirm the report to the Jewish Telegraphic Agency from an Egyptian source that a direct railroad connection between Egypt and British India by way of Haifa, the rapidly growing Palestine port, would be built in the near future. The report stated that the connection would result from the construction of the Syrian-Trans-desert-Haifa Bagdad railroad which would link up with the British controlled Port Fuad-India line by way of Persia and Iraq.

Pilgrims to Rachel's Tomb to Exceed 15,000 in Month

(Jewish Telegraphic Agency)

Jerusalem, Sept. 24—So many thousands of Jews have made pilgrimages to the Tomb of Rachel, on the road between Hebron and Jerusalem, this month so far, that the total for September is expected to reach more than 15,000. Despite the fact that only one Jewish and one Arab policeman are on duty the Jewish pilgrims have been completely free from any molestation.

This shrine is considered by archeologists as one of the few genuine ancient sites in Palestine.

Pica Gets Land Near Jaffa, Arab Paper Complains

(Jewish Telegraphic Agency)

Jerusalem, Sept. 24—The Palestine Colonization Association (PICA) has acquired 45,000 dunams of land in the village of Baraka, in the Jaffa district, from a well-known Arab merchant who is heavily indebted, the Arab paper El Hayat complains. The paper also notes that the Jews are planning to purchase about 35,000 additional dunams in the Southern district.

Mt. Sinai Hospital Deficit \$29,000

(Jewish Daily Bulletin)

Mt. Sinai Hospital spent \$1,727,977 during 1929 and received \$1,698,886, leaving a deficit of over \$29,000, according to the annual report just made public. The report also shows that the record-breaking number of 207,900 visits were made to the hospital's out-patient department, the average daily attendance at the clinics being 686. The cases handled by the hospital this year bring the total number handled since the institution was established in 1852 to 310,334.

The report also noted that plans for a new building have been completed and the foundations laid.

Jewish Theological Seminary to Dedicate New Buildings

Dr. Cyrus Adler, president of the Jewish Theological Seminary of America, announces that the group of buildings erected for the use of the Seminary on Broadway, from 122nd to 123rd Streets, are now complete and will be dedicated during the week of October 19 to 26. The group consists of the Jacob H. Schiff Memorial Library given by members of his family; the Unterberg Memorial Building, to house the Teachers' Institute of the Seminary, donated by Israel Unterberg, in memory of his parents, Joseph I. and Zipporah Unterberg, and the Louis S. Brush Memorial Dormitory Building, provided for by the will of the late Louis S. Brush. The Rabbinical Department of the Seminary will continue at the old seminary building.

The formal dedication of the Schiff Memorial Library and the Unterberg Memorial Building, will take place on the Seminary Quadrangle, Sunday, October 19, and the dedication of the Brush Memorial Dormitory and Seminary Convocation will take place on Sunday, October 26. During the dedication week an exhibition of the Library and Museum collections will be arranged by the Seminary and the American Jewish Historical Society, which will be open to the public. In connection with the dedication program, a number of celebrations are being planned by the alumni and students of the Rabbinical Department and the Teachers' Institute of the Seminary. With the opening of the new buildings, the Seminary Library will become the home of the largest collection of Hebrew books and manuscripts in the world.

Students Pledged to Jewish Sororities

(Jewish Telegraphic Agency)

Chicago, Sept. 24—Twenty-three Chicago girls attending the University of Illinois have been pledged to Alpha Epsilon Phi, Phi Sigma Sigma and Sigma Delta Tau, prominent Jewish sororities.

Rift Between Moslem and Christian Arabs Increasing

(Jewish Telegraphic Agency)

Jerusalem, Sept. 24—The rift between the Moslem and Christian Arabs which has steadily widened and was aggravated by the Government's sentencing Subhi Kahdra to a year's exile at Safed, has caused the Grand Mufti to seek the help of outsiders in an effort to heal the breach. Ryadh Solah, member of the Palestine-Syrian delegation, has been invited by the Mufti to come to Jerusalem to assist in bringing about a reconciliation.

Falastin, Arab paper, today criticizes the Mufti's part within the Arab Executive for instituting an inquiry regarding charges made against Omar Saleh, one of the three secretaries of the Arab executive, who was accused of divulging to the police the proclamation calling for a general strike on August 23, the first anniversary of the Palestine riots. For being the author of the proclamation Subhi Kahdra, manager of the Arab Executive's office, was exiled to Safed for a year and ordered to deposit a sum of money as security for his good behavior.

Falastin is demanding new elections to the Arab Executive, saying that the present Executive has failed to check the growing dissension in the Moslem-Christian Arab ranks. Al Yarmuk, on the other hand, urges the "best sons" to declare a holy war against Zionism and imperialism.

The trouble between the Moslem and Christian Arabs arose when Jamal Bakhr, editor of the Christian-Arab paper, Al Zamer, was killed in a street fight between Moslem and Christian Arabs over the possession of an old cemetery. Following this fatality the Haifa Y. M. C. A. decided to form a separate Al-Christian Union refusing all contact with the Moslems. The Christian Arab women seceded from the Haifa Arab Women's Association and formed their own group. Later the Christian Arabs repulsed all overtures of the Arab Executive, declined to receive a Moslem peace delegation and refused an offer of \$10,000 indemnity which the Haifa Waqf offered to the murdered man's family.

One Fined for Calling Man Jew; Another Unpunished

(Jewish Telegraphic Agency)

Budapest, Sept. 24—For alleging that a man is a Jew, one Jew in Hungary has just been fined, while another one's case has been dismissed. For alleging that the president of the Hungarian anti-Semitic organization, "Awakening Magyars," Buday, is a Jew who has employed Jews, who has dined with a Jew at the same table and who has permitted a Jew to pay for his coffee, Julius Kinczler was sentenced by a court here to pay fifty pengos.

On the other hand the case brought by Professor Veszely against the publisher of the Jewish Lexicon, Dr. Rudolf Seltman, for describing the former in the Lexicon as being of Jewish origin was dismissed. Seltman declared that he meant no offense.

High School Hebrew Classes in St. Louis Successful

(Jewish Daily Bulletin)

St. Louis, Mo., Sept. 24—With more than a hundred students registered for the elementary and advanced Hebrew courses added to the curriculum of two high schools here, Henry J. Gerling, Superintendent of Instruction in the St. Louis schools, expressed gratification today that Hebrew is taught in the schools as an accredited subject, and declared the experiment a success.

In a message to Dr. David Reiss, under whose supervision the Hebrew courses will be given, Mr. Gerling states that, what at the outset had the appearance of an experiment, already gives promise of a most encouraging success.

"The success of the courses is, for me, the consummation of an affectionate hope I have long cherished," Mr. Gerling wrote. After expressing his appreciation of the spiritual values derived from the Hebrew teachers, he declared, "Thinking thus and reflecting also on the unique cultural riches that have come to us through Israel, I felt that the recommendation I made to the Board to place Hebrew in our curriculum constituted, on the one side, a privilege which I had feared might not be given me and, on the other, an avowal of our indebtedness for the legacy that was bequeathed us by Israel as a nation and as the mother of the Prophets through whom Jehovah chose to speak to the world."

Judge Lewis Optimistic About Palestine's Future

Optimism regarding the future of Palestine and praise for the leaders of the Jewish Agency was expressed by Judge William M. Lewis, Grand Master of the Independent Order B'rith Sholom and one of the four national chairmen of the Allied Jewish Campaign, on his return from Berlin and London. While in Berlin, Judge Lewis attended the sessions of the Administrative Committee of the Jewish Agency.

"Palestine has become an integral part of the Jewish mind," Judge Lewis declared. "What is perhaps of equal importance is that the outside world is recognizing this fact. I feel more optimistic about the future of Palestine than I ever did before. With such men as Felix M. Warburg, Dr. Cyrus Adler, Herr Wasserman, of Germany, to mention only a few, we have reason to feel confident that the work of Palestine upbuilding is in proper hands."

Moslem Police, Alleged Slayers, Freed on Bail

(Jewish Telegraphic Agency)

Haifa, Sept. 24—The two Moslem policemen accused of aiding the murder of Jamal Bakhr, Christian-Arab editor who was killed a fortnight ago in a clash between Christian and Moslem Arabs over the possession of a Haifa cemetery, have been released on \$1,000 bail each. They have also been suspended from duty pending a hearing of the charges against them.

Problems and Questions Confronting World Jewry Subjects of Rosh Hashanah Sermons; Rabbis Call 5690 Poor Year for Jews

Jews throughout the country celebrated the advent of the year 5691 by taking stock of their accomplishments during the past year and by studying the problems and opportunities facing them during the next twelve months. The situation confronting Zionism at the present time, the growth of anti-Semitism throughout Europe, Jewish education and the unemployment problem were among the topics on which many of the leading rabbis dwelt in sermons preached from temples, synagogues and meeting-places impressed into service to care for the thousands who were unable to gain admission to the regular houses of worship.

Speaking from the pulpit of the Free Synagogue, Dr. Stephen S. Wise, dealing mainly with problems besetting the Jews in Palestine and the Zionist movement in general, characterized the past year as a discouraging one and dispiriting for the Jews. Reviewing the series of adverse occurrences in Palestine, commencing with the Arab uprisings he said, "This tragedy of it all was not that a weak Palestine administration was altogether accessory to sinister Arab leaders, but that in a very real sense the latter became confederates of Government House in its full purpose, whether or not at the dictate of Lawrence or Lawrenceism, to prove at home, in England, and abroad, that Britain could not redeem its sacred obligation to facilitate the establishment of the Jewish National Home in Palestine."

"And so disaster followed disaster,—not the least of the disasters being the report of the British Parliamentary Inquiry Commission, which will live as one of the saddest pages in the annals of British history—saved only from irremediable shame by the clear-visibility and manly dissent of Harry Snell."

"And the next disaster was the suspension of immigration permits about which much has been said by representatives of the British Government,—which suspension remains none the less an inexplicable breach of faith."

Of the League of Nations Mandates Commission report, Dr. Wise declared, "The Mandates Commission uttered a brave word truly, spoke such a word as the English government should have spoken long before this to the Palestine administration, which,—and the alternatives are woeful to consider,—has been either a far off instrument of a British policy of repudiation or else the disloyalty undermining and nullifying agency of a great purpose. The supreme value of the Mandates Commission's report lies for us in its setting forth of the truth, that the guilt has not been in us, but on the one hand in the failure of the Palestine administration to be even decently just to the Jewish rebuilders of Palestine."

What the new year will bring to Palestine, Dr. Wise concluded, must be determined by the Jews themselves, following leaders, "not beggars pleading for some thousands of acres in an alien

land, but representatives of a great people."

Rabbi Jacob Katz, at the Montefiore Synagogue, discussed the unemployment situation and the need for a social consciousness and concerted action by society to care for all its members. Rabbi Joseph Schick, of Congregation Beth Israel, also spoke of the unemployment situation and called for the adoption of a five-day week to provide jobs for the unemployed as "the first intelligent step in controlling machinery before it swallows us."

Rabbi Nathan Krass, at Temple Beth-El, declared, "The past year has been darkened by the shadow of persecution, suffering, and tragedy. The Jew in Russia is still seeking salvation from economic and spiritual misery. The Jew in Palestine is still looking for the milk and honey, fearful of his non-Jewish neighbor. The anti-Semitic wolf is heard again howling in Germany. Roumania still harbors hostile groups who outrage the Jew. In Eastern Europe complete readjustment is still in the future. Yet, despite these disheartening conditions, the Jew, classic sufferer, continues to hope. His enemies may batter and bar him. They may hurl obstacles in his upward path. With undaunted courage, he marches on."

Declaring that "we were once successful men, but bankrupt souls," Dr. Herbert S. Goldstein asserted that from the present financial and economic depression, Americans are emerging with richer and nobler souls. Rabbi Louis Finkelstein of Congregation Kehilath Israel, preached a sermon with the same viewpoint.

Rabbi Jonah B. Wise, at the Central Synagogue, called for more thorough organization of the Jews of the city for social service and the public good, and asked that the synagogue be open to new thought.

Rabbi Irving Frederick Reichert, who recently succeeded Rabbi Louis I. Newman at Temple Emanuel, San Francisco, speaking on how to express the soul of Israel, made a strong plea for Jewish education, religious loyalty and an enlightened attitude towards problems involving consideration of social justice.

Zionism is a doctrine unacceptable to the majority of American Jews, Dr. Reichert declared, although its humanitarian aspects arouse their sympathy. He deplored attempts to "whittle down" Judaism to a nationalist movement.

"Whether the Palestine experiment succeeds or fails, our course remains the same—to tend the ancient altars of our faith and make manifest in our lives the beauty of its teachings," he declared.

Other Faiths Participate

Christians, Mohammedans, Hindus and Sikhs participated along with Jews at a unique Rosh Hashanah celebration held at the Grace Episcopal Church in New York under the auspices of the Fellowship of Faiths. More than a thousand were present.

Speakers included Rev. Russell

Ask Jews to Mail Early So That Jewish Postal Employees Will Be Free on Yom Kippur

At the request of the New York Postal authorities, the American Jewish Congress, in cooperation with the Independent Order B'rith Abraham and B'nai B'rith District 1, has issued an appeal to the Jewish business houses, urging them to relieve the usual congestion in the mails on October 1 in order to permit Jewish Postal employees to be relieved from duty on Yom Kippur. Jewish business houses are requested to mail their monthly bills either on September 30 or October 3. Following is the text of the appeal to the Jewish public:

"In order to aid the Postmaster of New York in relieving Jewish Postal employees from service on the Day of Atonement, the cooperation of the Jewish public and commercial houses is required this year, due to the eve of the Holy Day falling on October 1. Usual commercial mail, bills, statements, etc., ordinarily mailed on the first of the month, will create a serious difficulty in the post office if the Jewish employees are away. By reducing the quantity of mail on October 1 you will make it easier to solve this difficulty, and at the same time permit the Jewish members of the post office service to be excused. To accomplish this, the undersigned Jewish organizations appeal to all Jewish business concerns, with the consent of the Postmaster, to either mail the usual monthly statements and all other mail on Sept. 30 or October 3. Business houses desiring to co-operate will favor the Postmaster by notifying him at once of their intention, so that the quantity of mail may be approximated in advance. Send notices to Joseph Willon, Superintendent Division of Delivery, Post Office, N. Y."

Russian Jewish Schools Lack Supplies and Teachers

(Jewish Telegraphic Agency)

Moscow, Sept. 24—A grave situation in the Jewish school front is revealed in today's issue of the Shtern which complains that the Jewish schools have not been provided with teachers, buildings or books. The Shtern terms the situation "catastrophic" for Jewish education throughout Ukraine, saying that the danger of Jewish children being absolutely unprovided with schooling is serious. The gravest point, says the Shtern is the fact that Jewish children have no clothes or shoes and are thus in any case unable to attend school.

Ten Jewish schools in the colonies of the Oktiaber Jewish region have been closed. The local Jewish communists today appealed to the central government of the Ukraine asking the government to take urgent measures to reopen the schools.

New York Yiddish Stage Prepares for New Season

The New York Yiddish stage, which last season made a weak and somewhat premature exit from Second Avenue, is this year assembling its forces in a final effort to revive the dying embers of what was once an exuberant and profitable art. All the theatres (with the exception of the 2nd Avenue Theatre) are dusting off and refurbishing old sets in an effort to give the Metropolitan city an opportunity to prove once and for all whether the Yiddish stage will receive sufficient sustenance in the way of patronage in dollars and cents to permit it to live, or whether it is kinder to allow it to die a peaceful and painless death. Not only is New York scheduled for performances, but Philadelphia, Chicago, Boston, Newark, Montreal, Toronto, Winnipeg and Cleveland will come in for a goodly share.

An almost complete shake-up, however, has changed the map of Second Avenue, so much so that the theatre that once housed the popular Molly Picon has now turned talkie with the result that it is catering to the Yiddish as well as Italian, Polish and Greek elements of the neighborhood. Molly Picon, on the other hand, can be found nightly disporting herself on the stage that was expressly built for Maurice Schwartz some years ago. Maurice Schwartz himself has just returned from a South American tour and is now at the Gibson Theatre in Philadelphia where he is organizing a new troupe. The Max Gabel-Jennie Goldstein enterprise, however, will take no active part this year, since the last season has had its fatal monetary effect. Instead, Ludwig Satz will be found in their place at the Publix Theatre, and Jennie Goldstein will play at the Hopkinson Theatre in Brooklyn.

The Adlers Uptown

In the meantime, Mark Schweid, who will be remembered for his emotional roles in the Maurice Schwartz presentations, has organized his own troupe and is planning an ambitious program in the Bronx Art Theatre. But it is to the Adler family — that ubiquitous and exuberant troupe — that the Yiddish world is looking forward to for a revival of spirit and life. Their collective performance of "The Wild Man" was a promising forerunner for "Millions" which they will present at the New Yorker Theatre on October 2nd. This will be remembered as "The Five Frankforters" presented in English a few years ago.

Thus, the Yiddish stage is taking a doubtful and hesitant curtain-call, with the Hebrew Actors' Union well organized for material and spiritual support for those ambitious troupers who are hopeful that this year at least they will fulfil the usual thirty-six weeks engagement, which fell somewhat short the season before.

Professor Meir Weissberg, Haskalah Leader, Dead

(Jewish Telegraphic Agency)

Stanislawow, East Galicia, Sept. 24.—Prof. Meir Weissberg died here at the age of 73. Prof. Weissberg was one of the last surviving leaders of the 19th century Haskalah movement, which advocated the abandonment of Jewish exclusiveness and the acquisition of the knowledge, manners and aspirations of the nations in which Jewry dwelt.

Frederick Leon Mandel

(Jewish Daily Bulletin)

Chicago, Sept. 24.—Arrangements are being completed here for the funeral of Frederick Leon Mandel, 60, chairman of the board and treasurer of Mandel Brothers department store, who died suddenly in Paris last Saturday. The body is due here shortly for burial. He was the oldest son of Leon Mandel, pioneer Chicago merchant and one of the founders of the concern in 1855. He had been connected with the firm since 1888.

Joseph Pines, Philanthropist

Funeral services were held this week for Joseph Pines, banker and philanthropist, who died Saturday at the age of 57. Mr. Pines, a retired rubber manufacturer, was a vice-president of the Judea Industrial Corporation, a director of several banks and of the Gan Chaim Corporation which was interested in the development of orange groves in Palestine. He was also a founder of the United Israel Zion Hospital, a former president of the Flatbush Jewish Center, a member of the national executive committee of the Z. O. A. and a director in Brooklyn Jewish organizations.

Mrs. George Blumenthal

The body of Mrs. George Blumenthal, who died in Paris Monday, will be shipped here for burial it was learned today. Mrs. Blumenthal, wife of George Blumenthal, art patron and philanthropist, was the founder of the American Foundation for French Art and Thought in Paris for which she established 12 annual prizes of \$1,000 each.

Together with her husband, who retired from business five years ago, she gave a million dollars to the Metropolitan Museum of Art in New York, donated a \$150,000 wing for Mt. Sinai Hospital and contributed \$500,000 to the Sorbonne. They were both honored by France with the Legion of Honor. Mr. Blumenthal has been president of Mt. Sinai Hospital for the last 20 years.

Ort Places 300 in Factory to Qualify as Mechanics

(Jewish Telegraphic Agency)

Moscow, Sept. 24.—Three hundred Jewish youths were placed by the Moscow Ort as apprentices in the largest Moscow truck factory, Amo. The Ort, which is the society for the promotion of technical trades and agriculture among the Jews, plans to qualify these youths as automobile mechanics in the space of three years.

Thuringian Prayers of Hate Toward Jews Discontinued

(Jewish Telegraphic Agency)

Berlin, Sept. 24.—The prayers of hatred toward Jews which had been ordered said in the Thuringian schools by Minister of Education Frick have been ordered withdrawn by the Minister himself. The order of withdrawal was issued after Frick was finally compelled to publish an official government paper which stated that such prayers are in violation of the constitution of the German republic.

Since they assumed the reins of government in the German state of Thuringia several months ago, Frick and the other anti-Semitic members of the Thuringian cabinet have been held responsible for the fierce anti-Jewish agitation which has been going on in that state. Besides introducing the anti-Jewish prayers in the schools, an anti-schechita law had been passed and other discriminations against Jews were planned by the Thuringian government. Public propaganda to beat, annihilate and kill the Jews was carried on openly in Thuringia a few months ago. The Jewish population of Thuringia, whose capital is Weimar, is very small.

Following discussion of the anti-Semitic prayer in the Reichstag and intervention by the German government, the High Court at Leipzig, last June, ruled the prayers were illegal, and should be withdrawn. Despite this decision Minister Frick insisted he would continue to use them.

Moravia and Silesia Faced

By Shortage of Rabbis

(Jewish Telegraphic Agency)

Prague, Sept. 24.—Thirty-seven out of 59 Jewish communities in Moravia and Silesia are without rabbis because the government, while refusing to admit foreign rabbis at the same time refuses to support the establishment of the rabbinical seminary in Czechoslovakia. This discrimination against Jews is particularly obvious since the Lutheran Church has been given permission to bring in clergymen from abroad merely by submitting them to an examination by a leader in the same church. This privilege has been refused the Jews.

A Correction

Through an unfortunate typographical error the sum contributed by American Jewry for philanthropies here and abroad during the last year was given as \$72,836,610 instead of the correct figure of \$72,189,610. This changes the other key figures. Thus \$37,135,000 was raised for specifically Jewish causes by the several national organizations while \$35,054,610 was given to Jewish and non-Jewish causes in individual benefactions, of which \$28,715,000 or 39 percent of the total for the year, was contributed by Jews to non-Jewish causes. The sum total given for Jewish causes was \$43,474,610.

Minorities and Mandates Commission's Work Discussed by League Political Body

(Continued from Page 1)

concluded, with the hope that the events would not be repeated.

Francois Poncet, French representative, voiced his agreement with the Italian representative, saying that France was happy that peace had been established in Palestine, firstly as neighbors who were not willing that a friend should have difficulties in an adjoining country, and secondly because of the historic memories which France attaches to the Palestine holy places.

The fact that the Mandates Commission studied so thoroughly the Palestine problem is of great interest, Koch Weser, German representative to the Assembly stated. He voiced the opinion that every League friend would thank Henderson for his declaration regarding the Mandates body. He hoped, he said, that a suitable solution conforming to the interests of both parts of the Palestine population would be arrived at as a result of the consultations of the Mandates Commission and the Council.

Stressing the interests of Poland in Palestine, M. Tarnowski, Poland's representative to the Assembly, stated that he hoped no obstacles would in the future prevent the development of the Jewish National Home in Palestine as well as the development of general prosperity.

The composition of today's session differed considerably from the session which discussed the minorities. Today's absentees included Aristide Briand, Augustus Zaleski, Dr. Edward Benes and M. Kurtins. Hjalmar Procope, rapporteur for the Assembly was replaced by M. Valvanne of Finland as M. Procope will be unable to remain in Geneva until the end of the sessions.

The rumor that the Catholic powers under the influence of the Vatican would raise the question of a commission to supervise the Palestine holy places at today's session proved unfounded.

Urges Response to Appeal of Jewish Consumptives' Relief Society

(Jewish Daily Bulletin)

Denver, Colo., Sept. 24—Leaders of various communities throughout the country are joining in asking the public to respond promptly and generously to the current Holy Day appeal of the Jewish Consumptives' Relief Society. Due to the business depression, the income of the Institution has fallen off sharply. As the Jewish Consumptives' Relief Society has always been supported by voluntary contributions, the curtailment in its income is a matter of grave concern.

The Jewish Consumptives' Relief Society, the largest institution of its kind in the world, has been established for over twenty-six years. In this period of time it has treated thousands of men and women stricken by tuberculosis. These patients have come from all parts of the country and have been treated without charge.

Question of Palestine Christian Shrines May Involve United States

(Jewish Telegraphic Agency)

Rome, Sept. 24—The United States may be involved in the question of the Christian holy places in Palestine which will come up for discussion at the present session of the Assembly of the League of Nations, the semi-official Roman Correspondent says. Differences between the Vatican and Great Britain over the creation of a proposed commission to deal with the holy places has kept the entire matter in abeyance since 1922.

The differences arise from the fact that while the Vatican seeks to have the permanent commission composed of all the consuls in Jerusalem with the representatives of the religious groups called in for consultation only, without the right to vote, England suggests that an American be appointed chairman of the commission which should consist of three sub-committees.

The Vatican has declined this offer because it fears that the Catholics will be in a minority if the British plan is adopted. The Vatican also turned down this offer because of the possibility that the American chairman might be a non-Catholic. The Correspondent also mentions the demand of the Italian government for certain of the holy places in Palestine, a demand believed to be inspired by the Vatican. The paper also reports that Italy will support the Vatican's demands at the League of Nations.

Recently the Vatican issued a communique on Palestine in which it voiced the hope that the favorable action by the League on the Mandates Commission's report would lead to a solution of the problem of the holy places in accordance with the Vatican's proposals.

Reduce Railway Fares for Chassidim Visiting Riga

(Jewish Telegraphic Agency)

Riga, Sept. 24—The Polish and Lithuanian governments have reduced the railway fares and the visa fees for hundreds of Chassidim who came to Riga to visit the famous Lubawitscher Rebbe on the occasion of the High Holidays. One hundred and fifty Chassidim were the Rebbe's guests at the table during Rosh Hashanah.

The Lubawitscher Rebbe recently returned to his home in Riga from a stay of several months in the United States.

Jewish Children Excused from Writing on Sabbath

(Jewish Telegraphic Agency)

Bucharest, Sept. 24—Jewish children in the government schools will be excused from writing on the Sabbath beginning with the commencement of the new school term, according to instructions issued today by the ministry of education. The instructions were issued following the appearance of Rabbi Senator Niemirover before the minister of education asking for a number of religious privileges for the Jewish chil-

Russian Anti-Religious Campaign Fails to Check Rosh Hashanah Celebration

(Continued from Page 1)

population but little, the campaign brought only meagre results.

Four brigades of Jewish writers, consisting mostly of unknown youngsters, left for the Jewish colonies to conduct a campaign that the colonists should work Yom Kippur day in the fields. "Yom Kippur each colonist should be at his post with his tractor," is the slogan which they took along. Thirty other anti-religious slogans for Yom Kippur which they have adopted include:

"Jewish peasants, join the shock brigades instead of the klai-kodesh (religious leaders)."

"Increased collectivization means the liquidation of religion."

"Drive out the balegnfim (bourgeoisie) and klai-kodesh from the collectives."

"Clean out the religious agents from our Socialist country."

Berlin Fascists Urge Pogrom at Secret Meeting

(Jewish Telegraphic Agency)

Berlin, Sept. 24—A pogrom on the Jews was urged at a secret meeting of the National Socialists called to discuss their political program in view of their recent political victory. A stenographic report of the speeches made at this meeting appears in the last edition of the Berlin newspaper, Tempo.

Tempo reports that the leader of the Berlin Hitlerites, M. Goebbels, recently fined for slandering President von Hindenburg, declared "we must control the government by getting the posts of the ministries of the interior and war. Should the doors, however, remain closed to us for a long time, we shall then break the doors forcibly. I am told that the Jews possess the only measures to prevent the success of some of our leaders. When a single Hitlerite leader falls we shall answer with a pogrom on the Jews."

Hitler Coup Disastrous to Germany, London Paper Says

London, Sept. 24—"A Hitlerite war on the Jews can only mean the breakdown of Germany's economic machinery," says the London Sunday Referee, analyzing the German situation. The paper expresses the fear that the planned march of the Hitlerites on Potsdam may become a bloody event during which the Jewish population will suffer first. "From an internal point of view a Hitlerite coup d'etat can only mean economic disaster to Germany while Hitler's anti-Jewish war will result in a breakdown in Germany's economic machinery because it is largely the Jewish elements that make the economic wheel go round in Germany," the paper says.

Other London papers are seriously discussing the alleged forthcoming march of the Hitlerites on Potsdam, and say that from every point of view such an advantage can be looked upon with apprehension.

Supreme Court Justice Butzel Praised in Detroit News

(Jewish Telegraphic Agency)

Detroit, Mich., Sept. 24.—The Detroit News, in an editorial entitled "One of Michigan's Finest Jurists," pays honor to the ability of Hon. Henry M. Butzel, Michigan State Supreme Court Justice, member of one of Detroit's leading Jewish families. The News editorial urges the Republican state convention to nominate him by acclamation in recognition of his worth as a jurist. The text of the editorial reads:

"All over Michigan the appointment of Justice Butzel was hailed as a recognition of unusual legal worth. For Justice Butzel was never a politician, had never sought office, and would certainly never raise a finger today to keep a position which he accepted out of a sense of duty to the people of his state, if a struggle for the nomination were necessary. In accepting a place on the Supreme Bench, he made large sacrifices; perhaps he has been repaid by the praise and confidence of the people. At any rate, he is too good a judge to be lost to the public service, and by nominating him unanimously the Republican convention will do much to retain the respect of the rank and file, will pay tribute to its own good sense, and will honor one of Michigan's finest jurists."

Library Jewish Division

Closed on Yom Kippur

In view of the observance of the Day of Atonement by the Jewish community, the Jewish Division of the New York Public Library will close on Wednesday, October 1, at 6 P. M., and reopen on Friday, October 3, at 9 A. M.

The catalogue of the Jewish Division will be available to the public, and books from the Jewish Division may be drawn for use in the Main Reading Room.

Exiled Russian Jews

Ill; Another Arrested

(Jewish Telegraphic Agency)

Riga, Sept. 24.—Rabbi Lazarev, chief rabbi of Leningrad, and M. Yasnogorodski, president of the Leningrad Jewish community, both of whom were exiled to Solovetsky Island, last April, have contracted tuberculosis since their exile. In June it was expected that Rabbi Lazarev would be released from exile and permitted to live anywhere in Russia except in Moscow, Leningrad and four other large cities. The ritual slaughterer of Homel, M. Kashdan, was arrested today.

Jewish Jurist Author of Study on Mandates

(Jewish Telegraphic Agency)

Paris (By Mail).—The question of the viewpoint of the Jewish Agency for Palestine toward the Permanent International Court at The Hague is discussed in a book issued recently in Paris, the author of which is Dr. N. Feinberg, prominent Jewish jurist of Palestine, who is also the author of a history of the minority question at the Peace Conference.

Dr. Feinberg's latest work deals with a series of questions relating to the interpretation of the Palestine Mandate. Particular emphasis is placed upon the question as to the extent of jurisdiction of the Hague Court with reference to the Mandatory Powers, and the duties of the Mandatories.

Dr. Feinberg also presents a thorough judicial analysis of the three verdicts pronounced by the Hague Court in the so-called Mavrommatis case in which the Greek citizen, Mavrommatis, tried to have annulled the electrification concession of Pincas Rutenberg, claiming that he himself had been awarded the concession before the war by the Turkish Government.

Jewish Women Exhibit at Women's Arts Exposition

A booth of the National Council of Jewish Women will be one of the features of the Exposition of Women's Arts and Industries, which will open in New York City on October 6th. The exposition will be held throughout that week.

Mrs. Jules Hart of Yonkers, N. Y., a national director of the National Council of Jewish Women, will be in charge of the booth, and will be assisted by a group of council officers and members in the east, in acquainting the thousands of daily visitors to the exposition with the program and activities of the National Council of Jewish Women in their international, national and local aspects. Its work for Jewish womanhood, as well as its service in civic, legislative, educational and philanthropic fields, will be explained to inquirers.

Rabbi Alstat Heads Temple Israel of Washington Heights

Rabbi Philip R. Alstat, formerly spiritual leader of Temple Beth Elohim and Temple Adath Israel, both in the Bronx, has accepted a call to Temple Israel of Washington Heights. He will assume his new duties with the Friday evening services. Rabbi Alstat is a graduate of the Jewish Theological Seminary of America and is a member of the executive committee of the Rabbinical Assembly.

In honor of his installation as the new leader of Temple Adath Israel in the Bronx, 250 members of the congregation attended a dinner Sunday night to pay their respects to Rabbi Henry A. Schorr. He was formally installed at services on Friday evening. Speakers at the dinner included Rabbi Stephen S. Wise, commissioner of plants and structures Albert Goldman and Rabbi Schorr.
