Asks Palestine Declare Moratorium on Private Debts

(Jewish Telegraphic Agency)

Jerusalem, Nov. 6.—An appeal to the Palestine government to declare a moratorium on the payment of private debts as was done recently in Syria is urged on the High Commissioner by Sidki Uejni, Arab leader, in an open letter in the Arab paper, Al Hayat. He points to the great number of bankruptcies among Arab merchants and adds that only a moratorium will save the Arab business men, many of whom are unable to meet their obligations.

Dwelling on the economic effects of the British White Paper, the Hebrew paper, Davar, says that the financial crisis from which Arab merchants are suffering is doing much to temper their rejoicing over the White Paper. "The Arabs distrust the British promise to improve economic conditions and the effendis occupying seats in the legislative council will not invest money, hence the only effect of the White Paper is to shut off the supply of Jewish money," the Davar points out.

Stimson to Make No Statement on Palestine Yet

(Jewish Telegraphic Agency)

Washington, Nov. 6.—Secretary of State Stimson again declined to make a statement of the attitude of the United States toward the Passfield White Paper on Palestine, when he was once more persistently questioned by newspaper correspondents at a press conference following a report that he had commenced to study the White Paper after having received the full text from London.

Yielding, however to persistent questioning by the correspondent as to what the American government has been called upon and intends to do in the present situation, Mr. Stimson said that only a few letters had been received calling for action but that pending further study of the situation there was nothing as yet before the American government justifying action.

His assertion that only a few letters had been received calling for action was an evident rejoinder to a press association dispatch alluding to "an outpouring of appeals for action from Jewish leaders in the United States".

Warsaw, Nov. 6.—Isaac Sliosberg, prominent composer, musician and conductor of the orchestra at the local Jewish theatre, died here today at the age of 53. He was well-known in Jewish theatrical circles throughout Europe.

Mack and Brandeis Join in Appeal to A. C. to Reject Resignation of Dr. Weizmann

(Jewish Telegraphic Agency)

London, Nov. 6.—A powerful appeal to the Zionist Actions Committee not to accept the resignation of Dr. Chaim Weizmann, who resigned the presidency of the World Zionist Organization and the Jewish Agency two weeks ago as a protest against the British White Paper, was made by Judge Julian W. Mack, honorary chairman of the Zionist Organization of America, at a specially convened session of the emergency meeting of the Committee just before he sailed for home.

Saying that Judge Louis D. Brandeis and Robert Szold, president of the Zionist Organization of America, joined him in his support of Dr. Weizmann, Judge Mack declared that Dr. Weizmann was not responsible for the present Zionist situation. The blame was on the entire Jewish people, he said, who were unable to build up Palestine at a more rapid pace.

Judge Mack's address, which followed sharp criticism of the Zionist administration by the opposition group and pleas for the retention of Dr. Weizmann by supporters of the present Zionist Executive, was followed by his reading of resolutions addressed to the Actions Committee by the Zionist Organization of America.

Resignation Would Lose Friends

The American Zionist leader warned that if Dr. Weizmann's resignation was accepted by the Actions Committee it would result in the loss of Zionist friends in the ranks of the Conservative, Liberal and Labor parties, one influential group having already intimated that this would be the effect of Dr. Weizmann's resignation.

Appealing to those who are pressing for Dr. Weizmann's resignation to realize that together with Dr. Weizmann they would lose the best members of the Zionist Executive as well as influential friends outside of the Zionist movement, he asked them to permit Dr. Weizmann to remain in office until the forthcoming Zionist Congress has time to look about for a suitable successor.

World Agudath, Palestine Branch Differ on Proposed Council

(Jewish Telegraphic Agency)

Jerusalem, Nov. 6.—Endeavoring to reconcile the attitude of the Palestine Agudath Israel, Orthodox organization unaffiliated with the Jewish Agency, with that of the World Agudath, which has deprecated the attitude of its Palestine branch in announcing that it backed the Jewish community in declining to have anything to do with the proposed legislative council, Rabbi Blau, Agudath leader, today denied that his organization's anti-British policy was the result of Zionist pressure.

While the World Agudath is not in favor of boycotting the legislative assembly it has written to its Palestine branch to express its deep disappointment at the British policy which "contravenes the Mandate rendering a farcical interpretation of the Balfour Declaration." Rabbi Blau declared that the Palestine Agudath was reluctant to break the unity of Palestine Jewry in face of the new British policy but it was also not desirous of breaking the Agudath unity.

Rabbi Blau pointed out that if his organization finally decided not to support the legislative council he and his associates would seek to convince the Agudath executive that it was in error and that the final decision does not rest with it.

Final Returns Show Goldstein Not Elected to Congress

(Jewish Telegraphic Agency)

Worcester, Mass., Nov. 6.—Completely tabulated election returns from the fourth congressional district overturned the early lead compiled by David Goldstein, Jewish attorney of this city, and elected his Republican opponent. Had Goldstein been elected he would have been the first Jew named to Congress from Massachusetts since 1887.

Baltimore, Md., Nov. 6.—Additional returns from Tuesday's elections show the election of six Jews to the state assembly in addition to those reported yesterday. Those elected were Isador Aaronson, Leon Abramson, Robert Benjamin, Louis Binder, Alexander Goodman and Emanuel Gorfine, all Democrats.

Boston, Mass., Nov. 6.—In addition to the Jews yesterday reported elected to the state legislature from Massachusetts final returns indicate that Joseph Grossman (R) of Quincy was elected despite the Democratic landslide.

American Jewry Continues to Protest British White Paper

Further reports of protest meetings held last Sunday by American Jewish communities against the new British policy in Palestine have been received by the Jewish Daily Bulletin from Minneapolis, Albany and Haverhill, Mass.

Twelve hundred Minneapolis Jews crowded the Beth-El Synagogue for the protest meeting, at which Governor Christianson of Minnesota spoke. Other speakers were Rabbi David Aronson and Gustav Loewinger of St. Paul. Amos Oenard, Minneapolis Zionist leader, presided. The resolution of protest was drawn up by a committee consisting of Dr. M. L. Lefkowitz, chairman; Dr. Moses Rahn, Rabbi S. Levin, Rabbi Albert Gordon and Rabbi Albert G. Minda. The meeting, sponsored by the Minneapolis Zionist District, was attended by representatives of the Jewish organizations in Minneapolis and St. Paul.

In Albany, New York, the protest meeting held at the Jewish Community Center last Sunday was declared to be the greatest Jewish meeting held in that city in many years. More than eight hundred people filled the auditorium. The meeting took place under the auspices of the Albany committee of the American Jewish Congress. Rabbi Shepherd Z. Baum, Rabbi Bamberger and Dr. Applebaum of New York were the speakers. Samuel Caplan was chairman.

At the protest meeting held in Haverhill, Mass., last Sunday, 300 Jews of that city heard speakers of prominence, including Assistant U. S. District Attorney H. C. Thompson, former Attorney General Albert Hurwitz of Boston and others.

The communities of Lynn and Lawrence, Mass., are planning monster mass meetings on Sunday in protest of the British White Paper. Elaborate prepa-

Arab Executive Sends Protests to Chancellor at Balfour Pledge

(Jewish Telegraphic Agency)

Jerusalem, Nov. 6.—Fearing that the expected explanation by the British government of its White Paper on Palestine will depart from the standpoint of the White Paper which is considered favorable by the Arabs, the Arab Executive today forwarded a resolution to High Commissioner Chancellor protesting against the continued existence of the Balfour Declaration as a "conflict with the rights of the Arab nation" and an "obstruction to their freedom."

It is understood that a similar resolution demanding the complete abrogation of the Balfour Declaration is to be sent to the Colonial Office. As a result of the reports from London that the government will shortly issue an explanatory declaration of its Palestine policy, a majority of the Arabs, hitherto prepared to participate in the proposed legislative council, are now reported to be assuming an uncompromising attitude.

Hebrew High School Opened in Bayonne

(Jewish Daily Bulletin)

Bayonne, N. J., Nov. 6.—For the first time in the history of Hudson County a Hebrew High School was opened this week in Beth Abraham Hebrew Free School headed by the principal, M. Mandelbaum. A special invitation was sent out to all the Hebrew schools of the county inviting their graduates to join this high school.

The program of higher Jewish studies including Talmud, Midrash, etc., was approved and accepted by the Board of Education, headed by Rabbi A. R. Charney.

Price Named President of Probus National Club

(Jewish Daily Bulletin)

New Haven, Nov. 6.—The annual convention of the Probus National Club was held this week, with about 75 members present from all parts of the east. The officers, all re-elected, except Judge Jacob Caplan of this city who was elected second vice-president, are: Allen E. Price of Worcester, Mass., president; Harry Schwartz of Hartford, first vice-president; Joseph Jaslowitz of Springfield, Mass., third vice-president; Harry I. Shapiro of Worcester, secretary; and Nathan Gruber of Hartford, treasurer.

The convention decided to hold the next quarterly meeting in Hartford, during the month of March.

rations are being made for one of the largest demonstrations ever held by these cities. Rabbi Wolf Gold of New York City will be the principal speaker at both meetings, together with Mrs. Archibald Silverman of Providence, R. I., Congressman William P. Connery of Lynn and other local leaders. The Lynn meeting will take place in the afternoon, and the Lawrence one in the evening.

Hadassah Pays Tribute to Mrs. Straus and Honors Miss Szold and Mrs. Warburg

"The Jews in Palestine are carrying on despite Mandates from Britain, despite anything. There were Jews in Palestine long before the Balfour Declaration. The Jew is so firmly rooted in Palestine that no external force can uproot him."

This was the statement made by Miss Henrietta Szold, founder of Hadassah and member of the Jerusalem Zionist Executive who is now in this country, at a tea given in her honor Wednesday at the Hotel Commodore by the New York Chapter of Hadassah. Mrs. Edward Jacobs, newly elected national president of Hadassah, referred to Miss Szold as "the great teacher" and asked her to remain in this country to breathe a new spirit into Hadassah.

The memory of Mrs. Nathan Straus, who was honorary vice-president of Hadassah, was eulogized by Dr. David de Sola Pool of the Spanish-Portuguese Synagogue, the oldest synagogue in the United States. In his eulogy of Mrs. Straus, Dr. Pool said that Mrs. Straus' devotion "came to its fullest expression and most concordant fulfillment in her labors for her Jewish people and its homeland."

Mrs. Felix Warburg was also lauded at the meeting for her services on behalf of Hadassah. In a letter to the organization, Mr. Nathan Straus regretted his inability to attend the meeting and expressed his appreciation for the services rendered to Hadassah by Miss Szold and Mrs. Warburg. In his letter Mr. Straus also declared that he will continue to devote his life to the work that Mrs. Straus and he had started.

Two thousand Hadassah members were present at the tea which was presided over by Mrs. David de Sola Pool. Mrs. Warburg received a certificate of the inscription of her name in the Golden Book of the Jewish National Fund. Among the speakers were Felix Warburg; Robert Szold, chairman of administration of the Zionist Organization of America; Mrs. Rebekah Kohut and the Rev. Dr. Louis I. Newman.

Referring to the British White Paper on Palestine, Mr. Szold declared that it "struck at the very heart of the Balfour Declaration." Mr. Szold attacked particularly the restriction placed on immigration to Palestine because of unemployment there.

Mr. Warburg struck a note of hope as far as the White Paper and the Simpson report are concerned. He felt sure, he said, that things will come right in the end.

Some time in the future Britain would be confronted by the united front of Arabs and Jews in Palestine, declared Rabbi Newman.

"Patience is the keynote of Zionism. The task of building up the Homeland is not a matter of one generation," declared Mrs. Edward Jacobs.

Sir Harry Gloster Armstrong, British Consul-General in New York, and Lady Armstrong, who were expected as guests of honor at the Hadassah tea, failed to attend.

Mack and Brandeis Join in Appeal to A. C. to Reject Resignation of Dr. Weizmann

(Continued from Page 1)

sion of the emergency meeting of the Zionist Actions Committee appealed to Dr. Chaim Weizmann, resigned president of the World Zionist Organization and of the Jewish Agency, to remain in office because his resignation was intended chiefly as a gesture for the outside world.

While the opposition was demanding the immediate resignation of the Zionist Executive as well as the resignation of the Zionist members of the Jewish Agency's Executive and the appointment of a provisional committee for political work, Harry Sacher, a member of the Palestine Zionist Executive, and one of the supporters of the present administration, declared that the tremendous political effect of Dr. Weizmann's resignation would be nullified if he was forced to resign from within the Zionist movement. Such action, Mr. Sacher said, would be construed as the failure of the Weizmann regime.

The opposition that urged the removal of the present Zionist administration was composed of the delegates from Poland, the Radicals, the Revisionists, Mayor Dizengoff of Tel Aviv and Isaac Naiditch. The spokesmen for the General Federation of Jewish Labor emphasized the importance of concentrating on ways and means of building up Palestine.

Sacher Makes Appeal

Discussion about the demand for the resignation of the Zionist Executive and on the resignation of Dr. Weizmann culminated in Harry Sacher's appeal to Dr. Weizmann to remain in office. Defending the administration, Mr. Sacher pointed out that the opposition had not offered a plan for future work nor had it proposed the membership of any provisional committee. Hence, Mr. Sacher said, the Executive, "conscious of its responsibilities was determined to carry on the fight in view of the fatefulness of the forthcoming few months for the entire Zionist cause."

Prof. Selig Brodetsky and S. Kaplan-sky, both supporters of the Zionist Executive, denied the allegation of the opposition spokesmen that the Executive was willing to accept the proposed legislative council in Palestine on condition that the Arabs recognize the Balfour Declaration and that the Jews be given fifty per cent of the seats in the council.

Meer Grossman, vice-president of the Zionist Revisionists, submitted a resolution in which he held the Zionist Executive responsible for the breakdown of its policy. The Zionist reply to the British White Paper must be to decline to recognize the government's policy as an infringement on the Mandate and hence as an illegal act, Mr. Grossman declared.

The reply must further be a refusal to participate in the legislative council and a protest to the League of Nations, he added. The Revisionist leader warned that if there was no change in the management of Zionist affairs the Revisionists would have to consider their

Leaders Appeal for Keren Hayesod in Its 10th Year

(Jewish Telegraphic Agency)

London, Nov. 6—"If every acre of land now in Jewish hands were brought under cultivation and if all economic and cultural efforts were rendered more fruitful then no power on earth could stay the further progress of the Jewish National Home," reads a manifesto of the Keren Hayesod, the chief financial instrument of the Jewish Agency, issued today in connection with the tenth anniversary of the Keren Hayesod.

Issued under the signatures of Oscar Wasserman, president of the Deutsche Bank and chairman of the board of directors of the Keren Hayesod, and Arthur Hantke and Leib Jaffe, the manifesto calls on the Jews of the world to renewed efforts on behalf of the Keren Hayesod as a reply to the British policy. The manifesto reads as follows:

"A grievous blow has been dealt by the British government's latest statement at Palestine Jews and at all Jews associated with the establishment of the Jewish National Home. But just as it has not caused a single Palestine Jew to falter for a moment in his faith and conviction because the reconstruction work is rooted in the profound yearning of our people for Zion, so it cannot weaken the bond that united the whole of Jewry in the sacrifice of achievement for Palestine.

"It is just ten years since the Keren Hayesod was established. It afforded the Jewish people an opportunity to manifest their spirit of sacrifice and their will to reestablish their ancient land. We appeal in this solemn hour to all friends and fellow-workers to remain strong and loyal. The guarantee of our success lies in our own hands. Our determination is proof before Jewry and the whole world that our hopes and actions are based on an unshakable foundation.

"The positions already won must be strengthened and fortified in Jewish towns, villages, schools and industries. If every acre of land now in Jewish hands were brought under cultivation and if all economic and cultural energies were rendered fruitful then no power on earth could stay the further progress and development of the Jewish National Home.

"Entering the second decade of the Keren Hayesod we call for help in our tremendous task for only with the united forces of our people can we hope for the fulfillment of our age-long hope."

position in face of the administration's action.

Dr. Nahum Goldman, Radical Zionist from Germany, warned against the danger of the Zionists' being satisfied with any possible concessions by the British government. Zionist energies must be concentrated on a complete rejection of the White Paper, he said.

Dr. Weizmann appeared at this afternoon's session, but when a photograph was being taken of the Executive table he expressed a desire to be omitted from the picture. Yesterday he declined to participate in the discussion after he had rendered his political report.

Passfield in Reply to Simon And Hailsham Defends White Paper, Challenges Interferences

(Jewish Telegraphic Agency)

London, Nov. 6—Replying point by point to the attack on the British government's White Paper on Palestine by Sir John Simon and Viscount Hailsham in a letter to the London Times, Lord Passfield, Colonial Secretary, in a statement to the same paper today defends his Palestine policy.

Saying that it is "reassuring to find that such high authorities as Viscount Hailsham and Sir John Simon do not indicate that there is anything in the White Paper inconsistent with the Balfour Declaration and the Mandate save that they seek to draw from the language used in paragraphs 15, 19 to 23, and 28 three inferences which are unjustified and made plausible only by inaccurate representation of the contents, not one of which is quoted verbatim," Lord Passfield launched into a detailed defense of the bitterly criticized White Paper.

Lord Passfield takes issue with the "first inference from paragraph 15 which is represented as meaning the impossibility of making unoccupied state lands available for Jewish settlement." There is no statement whatever in the document, he says, that "it is not possible to make these lands available for Jewish settlement nor do the words employed justify such an inference."

Says No Ban on Jewish Labor

He then seeks to break down the feeling that the White Paper demands that the Jewish Agency discontinue its practice of employing only Jewish labor. He says that the "second inference from paragraphs 19 to 23 is interpreted as meaning that the existing practice of the Jewish Agency of employing Jewish labor and stipulating in its leases that only Jewish labor must be employed 'must be brought to an end.' The paragraph does not contain such words, and only draws attention to the practice, to contrast it with the attitude of good-will toward the Arab people expressed in the declaration of the Zionist Congress of 1921, to give the Jewish leaders their own justification of the policy involved, and to indicate that the policy and arguments used in support of it take no account of the obligation under Article 6 of the Mandate to ensure that the rights and position of other sections of the population are not prejudiced."

Lord Passfield then turns to immigration and asserts that the inference from paragraph 28 has been interpreted as meaning that Jewish immigration will not be permitted as long as it might prevent any Arab from obtaining employment.

Denies Immigration Stoppage

"The intention of the White Paper," he says, "was to make the possibility of the suspension of Jewish immigration contingent upon unemployment upon such a scale as would have a serious effect in preventing the Arab population from obtaining the work necessary for its maintenance. There was, of course, no intention of suggesting that immigra-

(Continued from Page 3)

tion be suspended so long as "any Arab" remained without employment."

The Colonial Secretary then adds a few general observations pointing out there "was no intention or suggestion that state or other land available for settlement by irrigation or otherwise be reserved exclusively for the Arabs. On the contrary, it is hoped that an appreciable amount of land—it cannot yet be predicted how much—may eventually become available for Jewish settlement."

Lord Passfield also declares that "there is not a single word" in the White Paper "implying the prohibition or stoppage of any of the nine official categories of Jewish immigrants. Only one of these categories is so much as mentioned in the White Paper, namely the so-called Labor schedule which is determined each half year according to the absorptive capacity of the country at the time. The machinery for estimating the absorptive capacity is to be improved."

"Meanwhile the Labor schedule is actually being settled for the ensuing half year, due note being taken of existing unemployment, but also with full credit being given for prospective vacancies due to enlarging enterprises." Lord Passfield concludes by saying that the inferences drawn by Sir John Simon and Viscount Hailsham are unfounded and based upon a misconception of the declared intentions of the government.

Wailing Wall Commission Head Defends British White Paper

(Jewish Telegraphic Agency)

Stockholm, Nov. 6.—The new British policy in Palestine is defended today in a three column newspaper article by Judge Eliot Loeftgren, chairman of the Wailing Wall Commission. Charging the critics of the government with ignoring Great Britain's pledges to the non-Jewish population of Palestine, he says "we must not be astonished if the government which had no responsibility for the 'promise' but has to stand for it, in the first instance tries to find a solution or an interpretation to make both ends meet."

On the other hand, Judge Loeftgren pays tribute to the Jewish settlements in Palestine and the "remarkable results they produced for the moral and material improvement of the country." He concludes that if the Zionist movement is to be productive of happiness in the long run "even the Zionists must realize their limitations and the limitations of conditions."

Mrs. Geismar Heads District Jewish Women's Council

(Jewish Daily Bulletin)

Cincinnati, Nov. 6.—The tri-state conference of the Council of Jewish Women with delegates from Ohio, Michigan and West Virginia closed here this week with the reelection of Mrs. Siegfried Geismar of Cincinnati as president. Mrs. Julian Schwab of Cincinnati was named first vice-president, Mrs. Emil Brudno of Toledo, second vice-president, Mrs. Charles Bloom of Youngstown, secretary and Mrs. Alfred Haroon of Columbus, treasurer.

Subhi Khadra's Appeal from Exile Disallowed by Court

(Jewish Telegraphic Agency)

Jerusalem, Nov. 6.—The Palestine supreme court, composed of the chief justice and two Arab judges, today disallowed an appeal from the sentence against Subhi Al Khadra, former manager of the office of the Arab Executive, who was exiled to Safed for one year and ordered to deposit \$2,000 as a guarantee of good behavior.

Khadra was sentenced by Keith Roach, district commissioner of Jerusalem, as a "suspected person" within the meaning of the Prevention of Crimes Ordinance. The appeal, made by Abdul Auni Hadi and M. Moghanem was disallowed on the ground that no appeal was possible from sentences under the Prevention of Crimes Ordinance.
