MR. LLOYD GEORGE'S SERVICES TO JEWISH PEOPLE THROUGHOUT WORLD
COMMEMORATED BY TABLET SET UP IN WELSH MEMORIAL INSTITUTE:
PRIME MINISTER WHO SANCTIONED ISSUE OF HISTORIC BALFOUR
DECLARATION.

London, Mar. 27th. (Jewish Telegraphic Agency).

"In commemoration and grateful recognition of the services rendered by the Right Honourable David Lloyd George to Jews throughout the world, this Tablet was set up in the forty-first year of his representation of the Carnarvon District Boroughs in the House of Commons", says the inscription on a tablet which was quietly unveiled this week in the little mountain village of Glynceiriog, in the Vale of Ceiriog, in the county of Denbigh, in Wales. The Tablet has been placed in the Ceiriog Memorial Institute, a building erected to commemorate distinguished Welshmen and their services to humanity.

"As Prime Minister of the United Kingdom of Great Britain and Ireland", the inscription proceeds, "he sanctioned the issue of the historic Balfour Declaration of November 2nd, 1917, whereby a great European Power recognised and approved for the first time the claim of the Jewish people to establish a National Home in Palestine, which Declaration was, during his further period of office as Prime Minister of Great Britain, affirmed by the Conference of the Allied Powers on the 24th. day of April, 1920, when the Mandate for Palestine was conferred upon Great Britain".

Beneath, is the year 1931, and the words "Lest we Forget" with their equivalents in Welsh and Hebrew.

This tribute to Mr. Lloyd George, on the eve of the dinner which is to be given in his honour on April 11th. to inaugurate the "Ramat David", or Lloyd George Colony in Palestine, is the gift, it is understood, of a few Jews of all shades of opinion in this country and of some in Egypt. It will take its place in the institution in which it now stands beside the memorials to other Welsh worthies, such as Saint David, Bishop William Morgan, Sir Hugh Myddleton, and the poet Ceiriog.

The Ceiriog Memorial Institute was founded in 1911 and was recently enlarged at a cost of over £2,000, the opening ceremony on the latter occasion being performed by Lord Lloyd, formerly High Commissioner for Egypt. The president is Sir Alfred T. Davies, formerly Permanent Secretary to the Welsh Department of the Board of Education, who is an ardent friend of the Zionist movement.

Interest attaches to the fact that the commemorative tribute was made almost on the eve of Mr. Lloyd George's completion of his forty-one years of service as member of Parliament for the Carnarvon District Boroughs (he is the "Father" of the House of Commons, having held his seat for a longer continuous period than any other member of Parliament), his first election for the constituency having taken place on April 10th., 1890.

A GREAT MEDICAL CENTRE FOR PALESTINE: APPEAL FOR 100,000 DOLLARS MADE BY DR. MAGNES CHANCELLOR OF HEBREW UNIVERSITY AT DINNER GIVEN HIM BY AMERICAN JEWISH PHYSICIANS' COMMITTEE.

New York, Mar. 27th. (Jewish Telegraphic Agency).

A plan for the organization of a great medical centre in Palestine, embracing the hospital and school of medicine in connection with the Hebrew University in Jerusalem was put forward by Dr. J. L. Magnes, the Chancellor of the Hebrew University, at a dinner given in his honour here by the American Jewish Physicians' Committee, which was formed in 1921 in order "to build a medical college and hospital in connection with the Hebrew University in Palestine". 200 Jewish doctors belonging to the Committee were present at the dinner.

Dr. Magnes asked for a sum of 100,000 dollars as an endowment fund for the purpose, to be used for a period of five years. The American Jewish Physicians' Committee, he announced, has during the ten years of its existence contributed 350,000 dollars for the work of the medical and hygiene departments of the Hebrew University.

Funds for the first unit of the Medical Department of the Hebrew University, an Ophthalmic Institute for research and for clinical purposes, were announced in 1929 by Dr. Nathan Ratnoff, the President of the American Jewish Physicians' Committee and Chairman of the Hebrew University Hospital Committee, as the gift of Mr. Isidore D. Morrison, a prominent American Zionist. The building and equipment cost was estimated at about 100,000 dollars, in addition to which Mr. Morrison pledged himself to contribute 10,000 dollars annually towards the maintenance cost.

JEWISH AGRICULTURAL SCHOOL FOR PALESTINE: GOVERNMENT ANNOUNCES BUILDING STARTING NEXT MONTH ON KADOORIE BEQUEST INSTITUTE.

Jerusalem, Mar. 26th. Jewish Telegraphic Agency).

The plans for the farm buildings and dairy and for the general laying out of the proposed Jewish Agricultural School which is to be erected near Mount Tabor, in the Northern District, by the funds of the Kadoorie Bequest, have been completed, says an official statement, issued probably in reply to the recent Jewish criticism that the opening of the Jewish school had been unduly delayed, while the Arab school erected out of the funds bequeathed by the Jewish philanthropist is already functioning.

The road formation from the Mesha-Sejera track to the site of the farm has been already made and the site has been labelled, it is stated, and the construction of the farm buildings will begin in April, as soon as the track from Mesha becomes passable for transport. The Government Architect is now working on the designs for the school building. A bore was sunk in 1930 on the land of the School with satisfactory results. An adequate supply of water has been obtained and a pump is being installed.

The late Sir Ellis Kadocrie, a famous Jewish philanthropist of Bagdad, bequeathed £120,000 for Palestine educational purposes. The Palestine Government, after considering the terms of the bequest, issued a statement in 1924, when Sir Herbert Samuel was High

Commissioner, that it had come to the conclusion that the money should not be limited to Jewish educational purposes, but should be expended for the benefit of all sections of the population. The Palestine Jews protested that the money had been left by a Jew to promote Jewish culture in Palestine. Colonel Kisch and other representatives of the Zionist Executive intervened with the Government, and it was announced that in consequence it had been decided to establish two separate schools, one Jewish and one Arab. Sir Ellis bequeathed one-third of his estate to the British Government, an official statement explained, to be spent by it on the provision of schools in Palestine or Mesopotamia. Although several of the other bequests of the will were for institutions for the benefit of Jews, no such provision was made with respect to this particular gift.

IRAQ OIL PIPE LINES WILL BE BUILT BOTH TO SYRIA AND PALESTINE.

London, Mar. 27th. (Jewish Telegraphic Agency).

The Agreement between the Iraqi Government and the Iraq Petroleum Company, which was signed on Tuesday, the London "Times" states to-day, settles the question of pipe-lines, which will be built both to Tripolis and Haifa.

JEWS AND ARABS ON NEW SAFED MUNICIPAL COUNCIL.

Jerusalem, Mar. 26th. (Jewish Telegraphic Agency).

Four Arabs and three Jews constitute the new Municipal Council elected in Safed in place of the municipal Council which was dissolved when the administration of the town became practically impossible after the massacre of August 1929 and a British Officer was appointed to conduct its affairs.

The four Arabs are Salah-ed-Din Qaddura; Ali Rida Nahawi; Mohammed Salim Shamma, and Khalil Yusef Rustom; and the three Jews are David Bar, Yehuda Anteibi and Zindel Kahan.

ARE ORTHODOX JEWS IN PALESTINE PREPARED TO JOIN AGAINST ZIONISM WITH ARABS GRAND MUFTI'S ORGAN REPLIES TO RABBI SONNENFELD'S APPEAL FOR PEACE IN HOLY LAND: OTHERWISE BOTH ARABS AND JEWS WILL SUFFER BECAUSE OF ZIONISM.

Jerusalem, Mar. 26th. (Jewish Telegraphic Agency).

Are the Orthodox Jews of Palestine prepared to rise against Zionism, and to join with the Arabs in eradicating this vicious movement thus restoring peace to the Holy Land, the Grand Mufti's organ, the "Jamea el Arabia" replies to the appeal for peace between the various sections of the Palestine population issued by Rabbi Sonnenfeld, the head of the Agudath Israel Community in Palestine. Otherwise, the paper says, both Arabs and Jews are doomed to suffer for Zionism.

ARABS-MOSLEM OR CHRISTIAN ARE OUR BROTHERS MR. DIZENGOFF MAYOR OF TEL AVIV SAYS: DECLARES "FELESTIN'S" REPORT OF HIS SPEECH DESCRIBING ARABS AS ENEMIES WAS FALSE: BY ENEMIES I MEAN ALSO THOSE JEWS WHO TRY TO PROVOKE QUARRELS AS "FELESTIN" IS DOING HE SAYS.

Jerusalem, Mar. 26th. (Jewish Telegraphic Agency).

The Arabs, whether Moslem or Christian, are our brothers, and when I speak of enemies I mean also those Jews who are trying to make us quarrel, in the same way as the "Felestin" is doing, Mr. Mayer Dizengoff, the Mayor of Tel Aviv, writes in a reply to a warning issued to the Arab population by the Palestine Arab Executive, to take no part in the celebrations now being held in honour of Mr. Dizengoff's 70th. birthday. The Zionists will exploit any Arab participation in the celebrations for propaganda purposes, the Palestine Arab Executive said, in its statement. Mr. Dizengoff's reference to "enemies" is intended to correct the impression created by the "Felestin", which, in reporting his speech welcoming Dr. Weizmann to Tel Aviv, made him say that the Arabs were enemies.

ROUMANIAN CHIEF RABBI SAYS HE FEARS HIDDEN NUMERUS CLAUSUS IN NEW HIGH SCHOOL REGULATIONS.

Bucharest, Mar. 26th. (Jewish Telegraphic Agency).

I am afraid that the new regulations governing admission to the High Schools in Roumania by requiring students to sit for special entrance examinations apart from the matriculation examinations, which the law provides as the sole requirement for entrance to the Universities, are intended really for introducing a hidden numerus clausus, Chief Rabbi Senator Dr. Niemirower complained at the meeting of the Senate Commission examining the new regulations.

He could not see the need of these special entrance examinations, the Chief Rabbi said. Either the High Schools have room for all the students applying for admission, in which case all the children of the State are equally entitled to be admitted, or there is a lack of room, and in that case the matriculation examination should be made a more severe test of the students' capabilities, but the examination should be uniform and not left to the caprice of each University authority.

The Minister of Education, Professor Costacescu, rose to protest against Chief Rabbi Niemirover's use of the words "hidden numerus clausus". There can be no question, he declared, of any numerus clausus ever being introduced into Roumania. There is really a great deal of difficulty to find room for all students, he said, but there is no intention whatever to prejudice the Jewish students as against any other students.

Chief Rabbi Dr. Niemirover replied that the Minister's statement did not satisfy him and that he would probably raise the question at a plenary session of the Senate.

HITLERIST GOVERNMENT IN THURINGIA CENSURED: APPOINTMENT OF ANTISEMITIC PROFESSOR OF RACEOLOGY AT JENA UNIVERSITY UNJUSTIFIED SAYS BUDGET COMMISSION: NO SCIENTIFIC BASIS FOR THIS STUDY.

Berlin, Mar. 27th. (Jewish Telegraphic Agency).

Dr. Guenther, the leading authority on "scientific antisemitism", who was recently appointed as Professor of the antisemitic science of "Raceology" at the world-famous University of Jena, by the Hitlerist Minister of Education Dr. Frick, has been made the target for the attack the Thuringian Parliament is making against the Hitlerist regime, which is to face a vote of no confidence, assured of a safe majority by the People's Party, hitherto in alliance with the Hitlerists having now joined the Opposition.

The Diet, says a resolution adopted to-day by the Budget Commission, which is now going to the plenary session, disapproves the appointment of the Hitlerist race theoretician, Dr. Guenther, to the professorship of Raceology at Jena University, since no scientific need exists for such a branch of research and the setting up of such a Chair is therefore entirely unnecessary.

GERMAN HITLERISTS ACTIVE IN AMERICA: GERMAN LANGUAGE PAPER REVEALS ATTEMPT BY NEW YORK HITLERIST ORGANISATION TO DICTATE ITS POLICY.

New York, Mar. 26th. (Jewish Telegraphic Agency).

The German Hitlerists, whose organisation in the United States was disclosed by the J.T.A. recently, is getting active here, the "Freie-Zeitung", a German-language newspaper published in Newark, New Jersey, reveals in the course of an editorial article, in which it speaks of an attempt which the New York Hitlerist Organisation has been making to dictate its policy.

After writing about the group, the paper says, it received a visit from a number of its members, who then sent a letter, where they write: If it is distasteful to you to retract this article, which we can understand, we shall send you an article which you could publish as an editorial in your paper. We should regard this as perfectly satisfactory, and as for yourselves it would be a much better way of putting yourselves in the right.

We have not come to such a pass, the paper comments, that the Press here, German or any other foreign-language press, should have to submit to the dictatorship of any German party, least of all a party whose members enjoy the hospitality of this country, a hospitality which would be denied them if the programme of their own Party were applied to its members here by the United States Government. We hope, it concludes, that the leaders of the New York Hitlerist group will take back home to their clique in Germany at least something of American ways of behaviour.
