"JUDAISED CONSTITUTIONAL COURT": HOW VIENNA ANTISEMITIC STUDENTS AND PROFESSORS REACT TO COURT'S DECISION ANNULLING ANTISEMITIC STUDENTS' PRIVILEGES: MAJORITY OF PROFESSORS SIDE WITH ANTISEMITIC STUDENTS: UNIVERSITY CLOSED AS PROTEST AGAINST VERDICT: ATTACKS ON JEWISH STUDENTS CONTINUE: POSTERS PROCLAIMING "NO JEWS ADMITTED" TORN DOWN BY POLICE: GOVERNMENT DISTURBED AT ANTISEMITIC OUTBREAK OCCURRING IN MIDST OF FINANCIAL RECONSTRUCTION TALKS WITH MR. LIONEL DE ROTHSCHILD AND INTERNATIONAL ROTARY CONFERENCE MEETING IN VIENNA.

Vienna, June 23rd. (Jewish Telegraphic Agency).

"Judaised Constitutional Court" is the reaction of the antisemitic students and professors at Vienna University to the verdict of the Federal Constitutional Court (reported yesterday) that the regulation of the University Senate conferring student rights only on the antisemitic German race-students' body is unconstitutional and therefore void. No account is taken in this connection of the fact that there is not a single Jew among the members of the Constitutional Court.

The University and the Technical High School and the School of Agriculture have been closed, mainly as a protest against the verdict of the Constitutional Court. Most of the Professors are standing solid with the antisemitic students.

Posters reading "No Jews admitted" have been torn down by the police from the entrance to the University building. The police forces have been strengthened, and are showing vigour and firmness in preventing the antisemitic disturbances spreading to the streets. Attacks on Jewish students are continuing and so far eighteen Jewish students have had to be given medical attention for their injuries. The University Senate has had a consultation with the Minister of Education, Dr. Czermack with regard to measures being taken to maintain order.

The closing down of the University has created a great deal of dissatisfaction among the English and American students here, both Jewish and non-Jewish, and they intend to demand the repayment of their fees from the University authorities, declaring that they will not hesitate to go to court even, in order to protest against the University being closed before the end of the period for which they have paid their fees.

The new Buresch Government, which has just been constituted in succession to the Ender Government (practically unchanged except for Dr. Buresch replacing Dr. Ender as Premier and Dr. Joseph Redlich replacing Dr. Juch as Minister of Finance) is very much disconcerted by this antisemitic trouble occurring now when Mr. Lionel de Rothschild, the head of the London house of N. M. Rothschild and Sons (and President of the United Synagogue, the Jewish Memorial, and the League of British Jews) has arrived here to discuss with the Government the reconstruction of the Credit-Anstalt and the placing of Austrian treasury bonds on the London market, and when the International Rotary Conference has been opened here, with about 4,000 delegates present from all parts of the world, among them a considerable number of Jews and many important personages like Lord Cecil of Chelwood.

The new Minister of Finance, Dr. Joseph Redlich, who is himself of Jewish birth and known for his Jewish sympathies, is also not likely to sit by quietly and allow anti-Jewish disturbances to continue.

Professor Joseph Redlich, who was born in 1869, left the Jewish Community in 1903. He was a member of the Austrian Parliament in the days of the monarchy, and in 1918 he was Minister of Finance in the last Imperial Government. He is a man of liberal views and has retained many Jewish friendships. He was a friend of Dr. Theodor Herzl and was one of the signatories to the appeal issued in 1929 for the erection of a Herzl monument in Vienna.

Professor Redlich is a recognised authority on Parliamentary Government and constitutional administration, particularly in England, and his published works include "The Procedure of the House of Commons", "The Theory of English Local Administration", "The Rights and Procedure of British Parliamentarianism", and "The Common Law and The Case Method in American University Law Schools", as well as a number of books on the Austrian Constitution and Austrian local administration.

He has been for a number of years Professor at Harvard University, and returned to Vienna recently to accept the offer of the Ministry of Finance, which he has on several previous occasions refused.

ANTISEMITIC ROWDIES IN RADOM SENT TO PRISON.

Warsaw, June 23rd. (Jewish Telegraphic Agency).

Three persons who were tried to-day for participating in the anti-Jewish excesses at Radom recently have been sentenced to terms of imprisonment ranging from three to seven days. Four others who were put on trial with them have been acquitted, the prosecution being unable to prove that they had been concerned in the excesses, which all the accused strenuously denied.

A second batch will be put on trial next week on the same charge.

JEWISH SPORTS CLUB IN BERLIN BARRED FROM PARTICIPATION IN ENGLISH RUNNING MATCHES: TECHNICAL DELAY IN REGISTRATION GIVEN AS REASON BY GERMAN SPORTS FEDERATION BUT VIEW EXPRESSED DISQUALIFICATION PROMPTED BY FEAR OF JEWISH TEAM WINNING RECOGNITION.

Berlin, June 23rd. (Jewish Telegraphic Agency).

Following the recent suspension of the Jewish tennis champion Daniel Prenn, preventing him from playing in the present Davis Cup games in London, the Committee of the German Sports Federation, which has its seat in Munich, has disqualified the Berlin Jewish Sports Club Bar Kochba from competing in the running matches in England, although the Bar Kochba running team is considered to be one of the finest in the country. The reason given for the disqualification originally was that the Bar Kochba had applied for registration to compete in the matches after the expiry of the time limit, but when pressed, the Committee agreed that there were other reasons concerned with German sport which made it impossible for the Bar Kochba to go to England. The real reason, it is suggested in many athletic quarters, is that the Sports Federation is afraid of a Jewish team carrying off the German honours.

YOU HAVE SUCCEEDED IN YOUR WORK IN PALESTINE SAYS M. PAINLEVE
FAMOUS FRENCH STATESMAN.

Paris, June 23rd. (Jewish Telegraphic Agency).

In spite of calumnies, you have succeeded in your work in Palestine, and Palestine will become a centre of revival of the Jewish people, M. Painleve, the famous statesman and scientist, declared speaking to-night at a reception given in the Palestine Pavilion at the French Colonial Exhibition here. "Whenever your young men in Palestine defend themselves against attack, he went on, the aggressors start an outcry that the Jews are provocateurs, but we know that this is not true.

Ex-Minister Justin Godart, the President of the Palestine-France Committee, in introducing M. Painleve to the meeting, recalled the important part which France had played in the recognition of Jewish rights in Palestine. Baron Alfred de Gunzburg was among those present at the reception. The reception was preceded by a dinner, at which the guests included M. Painleve, M. Godart, and Mr. Jacob Landau, Managing Director of the Jewish Telegraphic Agency.

PALESTINE TRADE DEPRESSION REPORTED ON AT OTTOMAN BANK ANNUAL
MEETING IN LONDON.

London, June 23rd. (Jewish Telegraphic Agency).

In Palestine the trade depression continued throughout 1930 and general conditions were unsatisfactory, General Sir Herbert Lawrence said in presiding to-day at the annual general meeting of the Ottoman Bank held here.

The construction of Haifa Harbour progresses steadily, he went on, however, and a desert railway survey was taken in hand last November. He also reported on the signing of the conventions between the Iraq Petroleum Company for the construction of a pipeline from Iraq to Haifa and the Palestine and Transjordan Governments.

PALESTINE HAS LOWEST JEWISH MORTALITY RATE IN WORLD.

Jerusalem, June 23rd. (Jewish Telegraphic Agency).

The mortality rate among Jews in Palestine is the lowest in the world, amounting to 9.6 per thousand, the Health Secretariat of the National Council of Palestine Jews (Vaad Leumi) says in a statement issued here to-day.

Jewish infantile mortality in Palestine fell 50 per cent. during the past five years, the statement points out, and is now 69 per thousand lower than in Germany or in England. Infantile mortality in the Valley of Jezreel is 30 per thousand, and the lowest in the world.

The report of the Jewish Health Secretariat in Palestine presented to the last Zionist Congress in 1929 stated that there had been a decrease in the general death rate among Jews in the country from 13.4 per thousand of the population in 1927 to 12 per thousand in 1928. The death rate among the non-Jewish population had been increased, however, from 31.4 per thousand in 1927 to 33 per thousand in 1928.

The report also pointed to a steady decrease in the infantile death rate among Jews during the last few years. In 1925, it said, the number of deaths of Jewish infants under the age of one was 131 per thousand births; in 1926 it was 108 per thousand, in 1927 it was 103 and in 1928 it was 97. The death rate of infants among non-Jews, it stated, was 200 per thousand births in 1928.

GOLDEN BOOK OF JEWISH NATIONAL FUND ENTERS ON FIFTH VOLUME.

Jerusalem, June 23rd. (Jewish Telegraphic Agency).

The preparation of Volume Five of the Golden Book of the Jewish National Fund has been started. Mr. Hermann Struck, the well known artist, has undertaken the supervision of the new Volume, and Mr. Struck, Dr. Saul Tohernichovsky, the Hebrew poet, and Mr. S. A. Van Vriesland, Dutch Consul-General in Palestine, will constitute the jury for awarding a prize for the best competitive design for the cover.

The Jewish National Fund reports its receipt of a donation from an elderly Christian lady, who had intended to visit Palestine, but finding this impossible decided to contribute the amount which her visit would have cost to the upbuilding of the Jewish National Home. Recognising that land is the first essential, she sent the contribution to the Jewish National Fund.
