Jews and Non-Jews Here and Abroad Mourn Lee K. Frankel; Body Leaves for U.S. Tomorrow

(Jewish Telegraphic Agency)

LONDON, July 27—O. E. d'Avigdor Goldsmid, president of the Board of Deputies of British Jews and chairman of the Council of the Jewish Agency, today deplored the death of Dr. Lee K. Frankel, who died suddenly in Paris Saturday night. Dr. Frankel had been elected joint chairman of the Council at the same time that Mr. Goldsmid was chosen chairman.

"I deeply deplore the loss of a highly valued colleague who throughout life rendered great and distinguished service to American and world Jewry," Mr. Goldsmid said.

(Jewish Telegraphic Agency)

ATLANTIC CITY, July 27—Speaking at the 39th annual meeting of the Jewish Seaside Home here, Rabbi William Fineshriber, rabbi of Keneseth Israel Temple, Philadelphia, characterized Dr. Lee K. Frankel, who was active in the congregation as a young man as "the outstanding Jewish layman in this country."

Rabbi Fineshriber said: "Dr. Frankel never was a professional Jew. He was a simple, reassuring, talented man, one of the greatest humanitarians in this country. It is hard to lose a man of this kind. American Jewry will miss him."

Joseph Hagedorn, president of Keneseth Israel Temple and a life-long friend of Dr. Frankel, told of his early days in Philadelphia and of his last visit to attend the annual meeting of the American Philosophical Society in

Seek Probe in Disappearance Of Two Palestine Jews

(Jewish Telegraphic Agency)

JERUSALEM, July 27—The Polish and German consuls here were urged today by relatives of the two missing young Jews, Johannan Stahl and Saliah Zohar, German and Polish citizens respectively, to intervene with the Palestine government for more effective search for the young Jews. Stahl and Zohar disappeared about a month ago in Tel Aviv while on an excursion.

Their strange disappearance has excited the Jewish community. Foul play is feared. Zohar lived in Ben Shemen and Stahl came from the settlement of Kiryat Brenner. They were last seen on the promenade in Tel Aviv on June 29. The Jewish press, expressing the belief that they were murdered, has also urged the Palestine police department to take immediate and vigorous steps to clear up the mystery.

Shaw Sees Inter-marriage as Solution to Jewish Problem

(Jewish Telegraphic Agency)

MOSCOW, July 27—The conviction that ultimately intermarriage will end the distinction between Jew and Christian was expressed here today by George Bernard Shaw, world famous critic and playwright, in an interview with the Jewish Telegraphic Agency, his first public expression of his views on the ultimate solution of the Jewish problem.

Mr. Shaw made his statement after a week of observation, among other things, of race matters in Moscow. Having said that much in all seriousness, Mr. Shaw added jestingly that the other prerequisite for the solution of the Jewish question is for the Jews to lose their superiority complex. "The Jews must discontinue believing themselves superior to other races, even if sometimes they have justification for thinking themselves so," he declared.

Having seen the statement in which Stalin recently declared anti-Semitism to be a remnant of the man-hating customs characteristic of the era of

Ludwig Singer, President of Czech Jewish National Council, Parliament Member, Dead

(Jewish Telegraphic Agency)

PRAGUE, July 27—Dr. Ludwig Singer, member of the Czechoslovakian parliament, president of the Jewish National Council of Czechoslovakia and one of the outstanding Jews of Czechoslovakia, died here today of a heart attack. He was 55 years old.

Born in Kolin, Bohemia, Dr. Singer was educated at the Universities of Prague and Jena. Shortly after his graduation he entered the service of the Austro-Hungarian government, being stationed at Reichenberg, Hohenelbe and Prague. He left the government service in 1909 to open a law office. Two years earlier he had associated himself with the Zionist movement.

As chairman of the Zionist district committee, Dr. Singer led the negotiations in 1917 with the leaders of the newly-formed Czechoslovakian government, including Dr. Thomas Masaryk and Dr. Eduard Benes, regarding the regulation of Jewish national questions in the future Czechoslovak republic. As the outcome of these negotiations Jewish minority rights became an integral part of the Czechoslovakian constitution following the break-up of the Austro-Hungarian Empire.

When the Jewish National Council was formed in 1918, Dr. Singer was elected president, an office he has held ever since. As president of the Council he participated on the Versailles peace treaty parleys, serving as a mem-

Weizmann Chair of Peace And International Law to Be Founded at Hebrew U.

(Jewish Telegraphic Agency)

ZURICH, Switzerland, July 27—The Chaim Weizmann chair of international law and peace is to be established at the Hebrew University in Jerusalem, according to a decision reached today at the closing session of the annual conference of the board of governors and the academic council of the Hebrew University held here under the chairmanship of Prof. Leonard S. Ornstein, rector of the University of Utrecht.

The chair, which is named for Dr. Chaim Weizmann, former president of the World Zionist Organization, has been endowed to the extent of \$75,000 by Sir Montague Burton, prominent British Zionist and merchant. Sir Montague, who was recently knighted, has also established an endowment fund of \$375,000 for five chairs of peace in English universities.

Dr. Judah L. Magnes, chancellor of the Hebrew University, in submitting his report on the University's development in the last two years, declared that the institution had been hampered by a lack of funds. He submitted to the board of governors a budget of \$175,000, as compared with last year's budget of \$215,000.

The conference resolved to request Dr. Magnes, in cooperation with the Jewish Agency, to make representations to the Palestine government, to facilitate the entry of Jewish students into Palestine.

Dr. Cyrus Adler, president of the Jewish Theological Seminary of America and of the American Jewish Committee; Judge Julian W. Mack, Mrs. Sol Rosenbloom of Pittsburgh, Dr. Maurice Hexter, member of the Jewish Agency Executive, and Joseph Hyman, secretary of the American Jewish Joint Distribution Committee, were the Americans who participated in the conference.

Montreal Moves to Repatriate Its Unemployed Foreigners

(Jewish Telegraphic Agency)

MONTREAL, July 27—The City Council today adopted a motion by Alderman B. Schwartz for the voluntary repatriation of unemployed foreigners and asked the federal government to make the plan effective.

Among the reasons given by Alderman Schwartz for the scheme was a desire to avoid a recurrence of last year's protest against giving work to foreigners. It is therefore better to give the latter a chance to go home at the government's expense if they wish, Mr. Schwartz said.

**Mid-West Orthodox Rabbis Urge
Orthodox Congregations Union**

(Jewish Daily Bulletin)

CHICAGO, July 27—"American Jewry is divided not as the result of varying intellectual convictions, but on grounds of social standing and personal convenience. This is a passing phase, the result of the unstable condition existing in our midst. It is unthinkable that this condition should crystallize into permanency. The battle for supremacy will eventually be fought on the intellectual battlefield. Traditional Jewry and its leaders must therefore continue to place greater and greater emphasis on scholarship and intellectual attainments."

This was the statement made by Rabbi Uri Miller of Terre Haute, Indiana, president of the Rabbinical Association of the Hebrew Theological College, at the seventh annual conference of the association, which took place at the Hebrew Theological College building in Chicago. Rabbi Miller deplored the prevalence of the "quack-rabbi" and suggested a federation of Orthodox congregations as a means of curbing this evil. The creation of an endowment and pension fund was also recommended.

The convention was addressed by Rabbi Ch. Korb, head of the Talmudic department, who spoke concerning interpretations of various Talmudic conceptions. Dr. Meyer Waxman delivered a lecture on "Types of Schisms in Judaism." A paper was read by Rabbi Jacob Greenberg, dean of the Hebrew Theological College, on "The Lunar Calendar in Jewish Law." Current vital problems confronting world Jewry were discussed by Rabbi Saul Silber, president of the college.

Resolutions were passed endorsing the five-day week; all movements promoting world peace; the organization of federated charities; condemning racial discrimination and prejudice in employment and educational institutions; against any change in the calendar affecting the fixity of the Sabbath, and urging support of Jewish education.

**P. O. W. Hears Call for Parley
Of All Fraternal Groups to
War on Alien Registration**

(Jewish Telegraphic Agency)

ST. LOUIS, July 27—A budget of \$40,500 for the coming year's activities of the Progressive Order of the West was adopted yesterday at the 27th biennial convention of the Order at the Jefferson Hotel here. The convention opened in the presence of three hundred delegates and alternates from all parts of the United States. The sessions will continue until Tuesday.

The contest for Grand Master is now on in full swing. With the retirement of Grand Master Joseph Schiller, who served four years, A. D. Bearman of Memphis, Louis Jaffie of Chicago and J. D. Barnett of Chicago are the leading candidates for the office of Grand Master.

A feature of the morning session was the rendition of reports by Grand Master Schiller of Chicago, who presided at the sessions, and Grand Secretary Morris Shapiro, both of whose reports were adopted.

Max Schulman, Zionist leader of Chicago, urged the calling of a national conference by all fraternal bodies to wage war on the alien registration bill, and to discuss national Jewish issues. He also made a strong appeal to the Order to support the upbuilding of a Jewish National Home in Palestine and the Palestine drive, now going on in this country.

Morris Rothenberg, national chairman of the American Palestine Campaign, who was to be the principal speaker at the convention, sent a message that was warmly received. In urging the convention to support the Jewish Agency drive, Mr. Rothenberg declared that in spite of all obstacles placed in the path of the Palestine upbuilding work, Jews must be "steadfast in their purpose and give the pioneers who have shown such unconquerable spirit that loyal support in their labors which they so richly deserve."

City Registrar Jack Gross extended greetings to the convention on behalf of Mayor Miller. Rabbi C. H. Epstein, Leon Gellman, Dr. Alex. S. Wolf, Prof. Gustave Klausner and Mendel N. Fisher also greeted the convention. A dinner was given in honor of the delegates on Sunday night.

The convention voted to carry on an intensive membership in the future and a large sum was included in the budget for the Order's propaganda work. William H. Goldman of St. Louis reported on behalf of the credential committee. Louis Jaffie of Chicago was named chairman of the resolutions committee; Emil Friedman of Chicago, chairman of the nominations committee and A. D. Bearman of Memphis, chairman of the budget committee.

Nearly one thousand guests attended the opening session of the convention yesterday. The Progressive Order of the West is now one of the largest Jewish fraternal organizations in the United States, having a membership of more than 10,000.

In his report to the convention Grand

**Part of Arab Press Urges
Development Plan Boycott**

(Jewish Telegraphic Agency)

JERUSALEM, July 27—One section of the Palestine Arab press today came out with a call for an Arab boycott of the Palestine land development scheme, alleging that it is a device to fructify the land for Jewish immigration. The scheme provides for a registry of Arabs made landless by their holdings passing to the Jews and on the basis of this registry a scheme for the resettlement of these Arabs is to be drawn up. The plan also provides for an investigation into methods of making available state or other lands for close settlement of Jews within the funds available.

In the meantime keen competition has developed between the two Arab factions, the Husseinis and the Nashashibis, for the position of Arab advisor to Lewis French, the director of development. The Husseinis are boosting Jamal Hussein, secretary of the Arab Executive and former director general of the Moslem Waqf, while the Nashashibis favor Elias Moghannem, prominent attorney.

**Lay Cornerstone for London's
\$500,000 Jewish Center**

(Jewish Telegraphic Agency)

LONDON, July 27—Many notables were present today at the ceremony of laying the foundation stone for the half-million dollar Jewish Community Center in London. The center will house all religious, educational, philanthropic, political and social Jewish institutions, including the Jews' College, the Board of Jewish Deputies and the United Synagogue.

The building will be ready for occupation at the end of this year.

**Cantor Blumenfeld Found
Dead in Montreal Cemetery**

(Jewish Telegraphic Agency)

MONTREAL, July 27—Missing for two days, Cantor Mendel Blumenfeld was found dead today among the graves of the local Jewish cemetery, a victim of suicide by poison. Cantor Blumenfeld was well known in Montreal, having officiated at numerous births and marriages and having conducted high holiday services for a number of years.

His suicide was attributed to failing health and straitened circumstances. He was 64 years old.

Master Joseph Schiller recommended the inauguration of a certificate plan of \$2,000, in order to give the members of the Order the benefit of additional insurance at a small cost. To overcome the criticism of various insurance commissioners as to the high mortality of the Order, he recommended stricter medical examinations and urged that a higher rate of compensation be paid to the medical examiners.

Grand Secretary Morris Shapiro in his message to the convention recommended that in the future conventions should be held once every three years as the cost of each convention in the past has averaged nearly \$10,000.

Jews and Non-Jews Here and Abroad Mourn Lee K. Frankel; Body Leaves for U.S. Tomorrow

(Continued from Page 1)

whose deliberations he took a leading part.

(Jewish Telegraphic Agency)

ST. LOUIS, July 27—Dr. Lee K. Frankel was mourned here today by the delegates to the 27th biennial convention of the Progressive Order of the West.

The death of Dr. Lee K. Frankel was characterized yesterday as "overwhelming" by Leroy A. Lincoln, vice-president of the Metropolitan Life Insurance Company, who had been an associate of Dr. Frankel. "Dr. Frankel was an international figure in health work and disease prevention," Mr. Lincoln declared.

Julius Simon, president of the Palestine Economic Corporation, of which Dr. Frankel was one of the founders, wired Mrs. Mark Rafalsky, Dr. Frankel's daughter, that he was "shocked and grieved over the death of your dear father. His fine public spirit, his great experience and his deep interest in the affairs of our company made him one of its foremost leaders and his untimely death will leave a gap which will be painfully felt."

In a statement issued yesterday by the Zionist Organization of America, the passing of Dr. Frankel was mourned "as a severe blow to the manifold endeavors in Jewish communal life in which he was a leading spirit. Trained as a chemist and endowed with the vision of the true social worker, it was perhaps inevitable that he became vitally concerned with the synthesis in Jewish life that is arising out of the recreation of the Jewish National Home in Palestine."

"He was chairman of the American section of the Joint Palestine Survey Commission and was a leading factor in the acceptance of that commission's report which led directly to the creation of the Council of the enlarged Jewish Agency for Palestine in Zurich two years ago. Only eight days before his death he was elected co-chairman of that Council at its second meeting held in Basle."

"His vision, his wisdom and his great ability will be sorely missed."

Dr. Lee Kaufer Frankel who died Saturday after a sudden heart attack at the Hotel Bristol, Paris, achieved world-wide distinction as a health authority and a leader in social service. In the Jewish world he was known for a lifetime of devotion to activities that culminated in his vigorous association with the Jewish Agency for Palestine.

Dr. Frankel was born in Philadelphia on August 13, 1867, the son of Louis and Aurelia Lobenberg Frankel. He studied at the University of Pennsylvania where he obtained his degree of bachelor of science and, in 1891, the degree of doctor of philosophy. From

(Continued on Page 4)

Shaw Sees Inter-marriage as Solution to Jewish Problem

(Continued from Page 1)

cannibalism and his further statement that under Soviet laws militant anti-Semitism is unishable by death, Mr. Shaw expressed complete approval of Stalin's characterization of anti-Semitism.

"The Soviet policy toward race discrimination is the only logical policy," Shaw said. "There is no reason why two people when talking and dealing with one another should be thinking in terms of the race to which each belongs. The normal man ought not to be conscious of such things. If I were running the G. P. U. (Soviet secret police) and I saw two proletarians arguing with one another over questions of race, I would imprison both. It seems to me that the Communist regime in Russia is taking the right approach to the solution of the Jewish question for it not only makes persecution of the Jew criminal but it also makes it possible for the Jew to forget he is a Jew, which is a great attainment."

It was at this point that Shaw remarked that the Jew was no less a problem to the world than the world was to the Jew. "I have never shared the viewpoint that Jews suffer from an inferiority complex," he asserted. "On the contrary, Jews suffer from a superiority complex. This is very detrimental for them and the cause of great annoyance to others. The world has long made peace with the Jews but the Jews won't make peace with the world."

As if fearing that his words might be misunderstood, Shaw illustrated his point by reference to his own Irish race. "I understand the Jews better than many others because I am an Irishman and the Irish are even more race proud and arrogant than the Jews," he declared. "Such arrogance is incongruous in the proletarian world in which we live. In the solution of the Jewish question it must be for the Jews to rid themselves of the feeling of superiority over other nations."

Board of Deputies Approves British Non-Zionists' Stand

(Jewish Telegraphic Agency)

LONDON, July 27—The action of the British Non-Zionists at the Basle meeting of the Jewish Agency for Palestine was approved today by the board of Jewish Deputies at its last summer session after listening to a report submitted by Rabbi Israel Daiches.

Promising to lend support to the Jewish Agency, the Board of Jewish Deputies expressed satisfaction with the Agency's reiterated desire for cooperation with the British government in the Palestine work and with the fact that the president of the Board of Jewish Deputies, d'Avigdor Goldsmid, now occupies the position of chairman of the Council of the Jewish Agency. "The Agency will be a great power for good," Rabbi Daiches reported.

British Catholic Priest Calls For Boycott on Movies Until "Jewish Filth" Is Swept Away

(Jewish Telegraphic Agency)

LONDON, July 27—A call to "exercise a rigid boycott against all movies until Jewish filth has been swept away," issued yesterday by the Catholic priest, Canon Palmer, has aroused the great indignation of many Englishmen and the intervention of the Board of Jewish Deputies.

The call was part of a notice read by the priest at all the morning services in the Roman-Catholic Church of Peter and Paul at Ilford, a London suburb. The action was a result of the showing of a film at the Ilford Cinema to an audience of a thousand children on the occasion of a visit of Princess Mary to Ilford.

The film in question is "So Like a Woman" and was approved as a Universal movie by the British Board of Film Censors. Father Palmer himself had not seen the movie, but being informed that there are cabaret and love scenes in it, he posted the notice in the church. Besides that, he also said: "Such films are disgusting. It is a Jewish endeavor to destroy the morality of our nation, because most cinemas are owned by Jews."

This amazing anti-Jewish outburst from a Catholic priest during church sermons resulted in many protests by Jewish and non-Jewish residents. The Board of Jewish Deputies is making a special inquiry into the priest's action. The Ilford English newspapers and the London press criticize the priest severely, especially because of his preaching anti-Semitism when he has not seen the movie.

"This is not an attack against the film. It is an attack against the Jews," Brooke Wilkinson, secretary of the British Board of Film Censors, stated today.

Urges Joint Local Drives For All Jewish National And International Causes

(Jewish Daily Bulletin)

CINCINNATI, July 27—Joint local campaigns for all Jewish national and international purposes are urged by Dr. I. M. Rubinow in an article entitled "Let's Organize" in the August-September issue of the B'nai Brith Magazine, which will appear August 15. Dr. Rubinow is secretary of the B'nai Brith, as well as an authority on Jewish social work, statistics and social insurance.

Pointing out the inevitable waste and inefficiency of the present methods of collecting money for Jewish causes, Dr. Rubinow declares in his article that one drive after another requires a large overhead, taxes the patience of individual givers and literally "kills the goose that lays the golden eggs," and the result is chaos.

Dr. Rubinow himself has been conducting the campaign for the support of the B'nai Brith Hillel Foundation and other important activities connected with the Wider Scope campaign.

Jews and Non-Jews Here and Abroad Mourn Lee K. Frankel; Body Leaves for U.S. Tomorrow

(Continued From Page 3)

1888 until 1893 he also taught at his alma mater as an instructor in the department of chemistry. For the following six years he was a consulting chemist and an associate (and later president) of the chemical section of the Franklin Institute.

Health Authority

Subsequently his activities in charity organization and with the Russell Sage Foundation led to his connection with the Metropolitan Life Insurance Company. His widespread educational campaigns for the promotion of health and the extension of the life span won him a general recognition as an outstanding authority in the field. By the time he became second vice-president of the Metropolitan Life Insurance Co. his fame as an international authority was secure.

Dr. Frankel participated in numerous activities of a public character. In 1903 he was appointed by President Roosevelt to membership in the Ellis Island Commission. Another official appointment came to him as commissioner of the State Board of Charities; and still another as welfare director of the Post Office Department. Recently President Hoover selected him for the White House Conference on Child Health and Welfare.

Dr. Frankel was a leading figure and frequently an officer in numerous health welfare associations such as the National Association for the Study and Prevention of Tuberculosis, the American Public Health Association, the Life Extension Institute, the New York State Conference of Charities and Correction, the Survey Associates, the National Health Council and the National Conference of Social Work. These were in addition to his activities in Jewish welfare work that constitute a chapter of special distinction in his life story.

Dr. Frankel wrote several books and numerous brochures on welfare work and health promotion. He was the author of an *Encyclopedia of Health*, and books on *The Health of the Worker*, *The Human Factor in Industry* and *Workingmen's Insurance in Europe*. On his trip to Europe which was destined to be his last, he was engaged in a study of social insurance for the Metropolitan Life Insurance Company.

Active in Jewish Welfare Work

Dr. Frankel's first important association with the Jewish world came in 1899 when he was called to act as manager of the United Hebrew Charities of New York. In 1912 he was president of the National Conference of Jewish Charities. After the War when the American Jewish Relief Committee was carrying on its heroic program of rehabilitation for the Jewish sufferers in the war-ravaged districts of Eastern

Ludwig Singer, President of Czech Jewish National Council, Parliament Member, Dead

(Continued From Page 1)

ber of the Committee of Jewish Delegations in Paris. Dr. Singer was also president of the Jewish Welfare Federation, a member of the Prague city council and president of the Prague Jewish community.

Two years ago he was elected to parliament on a combined Jewish and Polish ticket. It was at his behest that the government took prompt steps to suppress the anti-Jewish and anti-German riots which broke out in Prague last September. When a sensational blood ritual libel against the Jews of Carpatho-Russia rose, it was Dr. Singer who raised the question in parliament and fought for a government investigation which eventually cleared the Jew involved.

Dr. Singer also played a leading role in the fight for an amendment to the new citizenship law which solved the naturalization problem of thousands of Jewish war refugees in Slovakia and Carpatho-Russia. When the National Jewish Party was founded recently, he pledged it his support, but preferred to remain a member of the Social Democratic party.

Europe, Dr. Frankel was made chairman of a special European Commission. Before leaving for Europe on his last trip Dr. Frankel concluded a review of the medical work of the American Jewish Joint Distribution Committee that had saved untold lives in the Jewish communities in Central and Eastern Europe.

Dr. Frankel's most important as Jewish endeavors came when he was drawn into the group cooperating with Dr. Chaim Weizmann, at that time President of the World Zionist Organization, in an effort to establish a union of Zionists and non-Zionists in a Jewish Agency for Palestine. In 1927 he was chairman of a commission of experts sent to report on Palestine conditions and opportunities to the leaders of the Jewish Agency. At the Zurich meeting that launched the Jewish Agency he emerged as a spokesman and leader of the American non-Zionists. He therefore participated in proposals for the economic development of Palestine and was one of the founders of the Palestine Economic Corporation. Last year he was one of the leaders of the Allied Jewish Campaign. In July of this year, he was elected Joint Chairman of the Council of the Jewish Agency, then in convention in Basle.

In 1928 the Hebrew Union College conferred upon him the honorary degree of Doctor of Hebrew Laws in recognition of his considerable services to Jewish causes.

Dr. Frankel is survived by his widow the former Miss Alice Reizenstein of Philadelphia, his daughter, Mrs. Richard Rafalsky and his son Lee K. Frankel, Jr. The body is being brought to this country on the S.S. Olympic which leaves Cherbourg tomorrow.

Kisch, Retiring from Zionist Executive, Feted by Yishuv

(Jewish Telegraphic Agency)

JERUSALEM, July 27—Col. Frederick Kisch retired today as a member of the Zionist Executive and the Jewish Agency Executive after nine years of service. His retirement was marked by a reception tendered him by the Jewish National Council over which Miss Henrietta Szold, American member of the Council's administration, presided.

In his farewell address, Colonel Kisch said that in his nine years in Palestine he had seen "the Jewish community double, shared with it grief and danger, had witnessed the large immigration of 1926, the rise of the Emek settlements, and the opening of the Hebrew University."

Pointing out that while he had not always fully agreed with the Jewish community, he declared he had always found its instincts sound. He thanked Miss Szold and Isaac Ben Zwi, secretary of the Jewish Federation of Labor, for their cooperation. Speakers at the reception included Meyer Dizengoff, mayor of Tel Aviv, M. Levin of the Haifa Jewish community, M. Golum of the Jewish Federation of Labor, M. Meltzer of the Mizrahi and M. Schtemper of Petach Tikvah, one of the pioneer colonies.

Shortly after the opening of the recent Zionist Congress, Colonel Kisch informed the Congress' steering committee that he did not want to be a candidate, although he hoped it would be possible for him to serve the Zionist cause in a private capacity. Colonel Kisch, who has had a distinguished career in the British military and diplomatic service beginning in 1907, resigned from the British army in 1922 in order to devote himself to Zionist work in Palestine where he has made his permanent home.

Elected to the Zionist Executive by the 13th Congress in 1923, he has been reelected at each biennial Congress except the last. When the enlarged Jewish Agency was created in August, 1929, he was elected a member of the Agency's Executive. In his nine years of service he has been in charge of the Executive's relations with the Palestine government.

Colonel Kisch, who is 43, is a nephew by marriage of Sir Herbert Samuel, the first High Commissioner of Palestine.
