WILL HITLERISTS MARCH ON BERLIN?: DENIAL TO J.T.A.: REASSURANCE AMONG JEWS WHEN GERMAN BANKS REOPEN: JEWS HOWEVER FEAR DISSOLUTION OF PARLIAMENT.

Berlin, Aug. 2nd. (Jewish Telegraphic Agency).

Well-informed circles declared to-day to the J.T.A. that the reports of a possible march on Berlin by the Hitlerists, which caused anxiety among the Jews in Germany, are absolutely baseless.

Reassurance also prevailed to-day among the Jews in connection with the announcement made by the Government that the banks will re-open on Monday and that measures are being taken by the Government to avoid a run on the banks. If further financial upheaval is avoided, the Wing of the Hitlerist Party which favours legal matters will most likely retain the upper hand, and the extreme plans of those Hitlerists who are for a putsch are likely to be defeated.

Fear, however, is expressed that the referendum which will be taken on August 9th. to decide whether the Prussian Parliament is to be dissolved may lead to disastrous developments and that the Hitlerists and the Communists will both vote for such a dissolution. A new general election in Prussia at this critical period would probably lead to a strengthening of the extreme parties and considerably weaken the present Coalition Government.

JEWISH STUDENTS SERIOUSLY WOUNDED IN COLOGNE: ATTACKED BY HITLERISTS.

Berlin, Aug. 2nd. (Jewish Telegraphic Agency).

Three Jewish students were seriously wounded in Cologne to-day when attacked by 20 Hitlerist students.

The Hitlerist students attacked the Jews for appearing as witnesses in a trial against a Hitlerist leader. The attackers disappeared when the police arrived.

HITLERIST MEMBER OF PARLIAMENT EXPOUNDS UPON ALLEGATION THAT JEWS USE CHRISTIAN BLOOD: SAYS THEY USE IT ALSO FOR OTHER PURPOSES THAN RITUAL.

Berlin, Aug. 2nd. (Jewish Telegraphic Agency).

"The Jews use Christian blood not only for ritual purposes but also for the preservation of their race". This theory was preached openly to-day by Herr Ley, the Hitlerist member of Parliament, when he addressed a mass meeting in Cologne.

The Jews, Herr Ley said in his inciting speech, are divided into three categories, economic parasites, blood vampires, and seducers of Christian women. The chaotic and turbulent blood of the Jewish race compels the Jews to drink the blood of other races in order to preserve the continuity of their own people. This is why they drink Christian blood at other times than Passover, Herr Ley added.

JEWISH SCIENTIST IN NEW YORK DONATES VALUABLE SCIENTIFIC LIBRARY TO GERMANY.

Berlin, Aug. 2nd. (Jewish Telegraphic Agency).

Franz Boas, the Jewish anthropologist of Columbia University, in New York, has donated to Germany his famous scientific library for the erection of an ethnological museum in Hamburg, the Berlin press reports to-day.

He was the Assistant Director of the Royal Ethnographical Museum and Professor of Geography in the University of Berlin. Later he was one of the Directors of the Department of Anthropology at the Chicago Exposition, a Lecturer at Columbia University and Curator of the Department of Anthropology at the American Museum of Natural History. He is the author of many scientific works and a member of a number of Anthropological Societies in Berlin, Brussels, Florence, Moscow, Paris, Rome, Stockholm, and Washington.

CUZISTS INVADE JEWISH MILLS IN BUKOVINA: POLICE FAIL TO DISPERSE THEM.

Bucharest, Aug. 2nd. (Jewish Telegraphic Agency).

Fifty Cuzists invaded the Jewish mills in Neigratz, in Bukovina, and compelled the Jewish mill-owners to discontinue the running of their mills.

The police who were called could not disperse the Cuzists. The Jewish mill-owners, being afraid of serious consequences, decided to close down their mills. Thus several thousands of Jewish families will lose their means of livelihood.

10,000 JEWISH ILLEGAL ENTRANTS INTO PALESTINE LEGALISED BY
NEW LAW: ARABS ALSO BENEFITING.

Jerusalem, Aug. 2nd. (Jewish Telegraphic Agency).

A law permitting people in Palestine to register as capitalist immigrants, although in possession of less than the stipulated £1,000, is published in to-day's "Official Gazette". The issuing of such a law was foreshadowed by the Jewish Telegraphic Agency two weeks ago.

This amnesty is applicable to all persons in Palestine at the time the law is published and is valid only till December 31st., 1931.

About 10,000 Jewish and a considerable number of Arab illegal entrants will be legalised by this amnesty. This will greatly facilitate the new census which is to be taken shortly in Palestine.

The issuance of the new law is considered as the most liberal and most helpful measure for the Jews during the entire term of Sir John Chancellor's office as High Commissioner of Palestine.

ARAB CONFERENCE DECIDES TO ORGANISE ANTI-GOVERNMENT DEMONSTRATION IN PALESTINE: PROTESTS AGAINST ALLEGED ARMING OF JEWS.

Jerusalem, Aug. 2nd. (Jewish Telegraphic Agency).

Inflammatory speeches were delivered and threatening resolutions adopted at an Arab Conference in Nablus, which was called by the Young Men's Moslem Association for the purpose of protesting against the alleged arming of Jewish colonists in Palestine.

Only 60 delegates were present at this Conference. Among the resolutions adopted is one threatening a demonstration all over Palestine to be held on August 15th. "If the Government continues arming the Jewish colonists, we shall take all necessary steps against it", the resolution states.

Meanwhile, the Conference has appointed a Committee instructing it to demand from the Government the arming of Arab tribes and villagers and "to inform the whole Moslem world, including kings and princes, of the damage which the Palestine Government has done by arming the Jews".

Armed cars and lorries carrying machine-guns were sent by the Palestine Government from Jerusalem to Nablus in connection with the Arab Conference. Both Mufti and anti-Mufti forces from many towns were represented among the sixty delegates at the Conference, both sides, however, trying to excel in raising a new anti-Jewish agitation.

POLISH GOVERNMENT TAKES MEASURES TO PREVENT ANTI-JEWISH OUT-
BREAKS AT SPORTS PLACES: INVESTIGATION IN LUBLIN ESTAB-
LISHES NO JEWS WERE INJURED: SEVERE PUNISHMENT STIPULAT-
ED FOR THOSE RESPONSIBLE FOR ANTI-JEWISH RIOTS DURING
SPORT MATCHES.

Warsaw, Aug. 2nd. (Jewish Telegraphic Agency).

Measures to prevent sport games from becoming occasions for anti-Jewish outbreaks were taken to-day by the Polish Government in connection with the anti-Jewish incidents which took place recently in Radom, Lublin and Sosnowicz.

An investigation which was concluded to-day has established that only a few Jews were attacked in Lublin during the football match riot there, and no Jews were injured.

A circular was also issued to-day by the Association of Polish Sports Clubs regulating in detail the safety of sport games in the future. This circular was sent out to all the sports clubs in Poland. The Association of Polish Sports Clubs also decided on strong measures against the possible repetition of anti-Jewish riots during sport matches. Those who are responsible in the future for such riots will be severely punished, according to the regulations of the Association.

WARSAW MUNICIPALITY WITHDRAWS SUBSIDY FROM JEWISH SCHOOL
COLONIES: 500 JEWISH CHILDREN DEPRIVED OF FRESH AIR AND
SUNSHINE.

Warsaw, Aug. 2nd. (Jewish Telegraphic Agency).

The Municipality of Warsaw has notified the Central Yiddish School Association that it is unable to subsidise further the summer colonies where Jewish school children are maintained.

The Central Yiddish School Association maintains in the vicinity of Warsaw about 500 Jewish school children, most of whom are in need of fresh air and sunshine. The decision of the Municipality of Warsaw not to subsidise these summer colonies any longer will compel the Yiddish School Organisation to close the colonies if immediate funds are not obtained.

The Municipality of Warsaw, in its notice to the Yiddish School Organisation, says that the reason why it is compelled to stop the subsidising of the Jewish colonies is because of the shortage of funds which the Municipality is experiencing now, and which compels it to make cuts in the budget in every possible manner.

JEV KILLED AT COMMUNIST DEMONSTRATION IN WARSAW: 2 JEWISH
WORKERS SERIOUSLY WOUNDED.

Warsaw, Aug. 2nd. (Jewish Telegraphic Agency).

Two more Jewish workers were among the wounded. They are Nison Czarnogora and Pinchas Bornstein.

EINSTEIN APPEALS TO SCIENTISTS AGAINST NEW WAR: SAYS WAR DANGER
IS NOT OVER: ALL MEN AND WOMEN SHOULD REFUSE TO HELP THEIR
GOVERNMENTS IN WAR PREPARATIONS HE URGES.

Lyons, Aug. 2nd. (Jewish Telegraphic Agency).

World scientists were urged to-day by Professor Einstein to refuse to co-operate in creating new terrors for warfare, with a view to maintaining world peace.

In a message to the International Conference of war-resisters, which opened here to-day, Professor Einstein appeals to every scientist in the world to stop scientific research for war purposes.

3/8/31.

"Those who think that the danger of war is past are living in a fool's paradise", his message says. "We have to face to-day a militarism far more powerful and destructive than the militarism which brought the disaster of the World War.

"This is the achievement of Governments. But among the peoples of the world the idea of war resistance is spreading.

"I appeal to the intellectuals of the world, I appeal to my fellow-scientists to refuse to co-operate in research for war purposes. I appeal to all men and women to declare before the world disarmament conference meets at Geneva in February that they will refuse to give any further assistance to war or to preparation for war.

"I ask them to tell their Governments this in writing, and to register their decision by informing me that they have done so."

JEWISH AGENCY MUST BE REORGANISED MR. EFROIKIN DECLARES: ZIONIST ORGANISATION MUST HELP THE NON-ZIONISTS TO DEMOCRATISE THE AGENCY FOR THE SAKE OF PALESTINE HE SAYS.

Paris, Aug. 2nd. (Jewish Telegraphic Agency).

The democratisation of the Jewish Agency will be good for the non-Zionists as well as for the Zionists is the opinion expressed here to-day by Mr. Efroikin, the representative of the non-Zionists of France in the Jewish Agency Council.

In an interview with the Jewish Telegraphic Agency Mr. Efroikin stated that the debate with regard to the re-organisation of the Jewish Agency and its democratisation was the most important part of the last session of the Jewish Agency Council in Basle. All those who participated in this session, Mr. Efroikin said, are well aware that the continuation of the activities of the Jewish Agency in its present form is impossible. When the Jewish Agency consists of several individual personalities only, it can neither develop a wide scope of activities nor create for itself an important position in Jewish life. In these circumstances the existence of the Jewish Agency in its present constituent form is of no use to Palestine. When, however, the non-Zionist part of the Jewish Agency is re-organised, then it can be converted into an independent force which can create new possibilities for Palestine by attracting those great masses of the Jewish people which are not influenced by the Zionist Organisation.

Certain circles in the Zionist Organisation, Mr. Efroikin continued, are of the opinion that the democratisation of the Jewish Agency may lead to serious differences of opinion, and even to a conflict with the Zionist Organisation. The majority of the Zionist Organisation, however, does not share this opinion. It is perhaps not excluded that such results should follow. Should this, however, happen, party interests must be subordinated to Jewish patriotism. The Zionist Organisation must assist the Jewish Agency to interest the Jewish masses in a more concentrated effort for the development of Palestine, Mr. Efroikin concluded.

JEWISH TELEGRAPHIC AGENCY PRAISED IN SCIENTIFIC STUDY BY DR. ARTHUR RUPPIN: SAYS J.T.A. MADE IT EASIER FOR PRESS TO REPORT ON JEWISH AFFAIRS: EMPHASISES INTERNATIONAL IMPORTANCE OF SUCH SERVICE.

Berlin, Aug. 2nd. (Jewish Telegraphic Agency).

The important role which the Jewish Telegraphic Agency plays in broadcasting Jewish news throughout the world is pointed out by Dr. Arthur Ruppin in a two-volume work under the title of "Sociology of the Jews", which has appeared here this week, published by the Juedischer Verlag in Berlin.

In devoting a special chapter to the Jewish press, Dr. Ruppin in his valuable work emphasises that the Jewish press is highly instrumental in strengthening the international bond and interests among Jews in all parts of the world.

"The Jewish Telegraphic Agency, which was established just after the war and which maintains a service in every important country in the world, providing the press with reports on events of a Jewish nature, has made it easier for the Jewish newspapers to report on Jewish affairs", Dr. Ruppin declares.

If not for the supply to one Jewish community of news regarding the activities of other Jewish communities, it would have been impossible to maintain inner contact among the Jewish people under present circumstances, when the Jews are spread throughout many countries, Dr. Ruppin continues. This mission is being carried out by the Jewish press. The general press, naturally, can only devote a limited space to reporting Jewish affairs. It reports news of Jewish interest only from time to time, and in an unsystematic manner. The Jewish press, however, makes all possible efforts to report all events of the Jewish community in the land in which it is published, and also of the Jewish communities in other countries. It also takes up a definite attitude towards Jewish questions in other countries and takes up the interests, where they are in danger, of Jews in other countries.

500 Jewish Periodicals Now Published Throughout World: 300 of Them in Yiddish: Largest Centres For Jewish Press Are Poland America and Palestine.

There are now over 500 Jewish periodicals being published throughout the world, according to statistics in Dr. Ruppin's book. 300 of these are published in Yiddish, 70 in Hebrew, and the rest in various other languages. The largest centres where the Jewish press appears are in Poland, the United States and Palestine. In Poland there are 171 periodicals in Yiddish and 24 in Hebrew. In the United States there are 65 periodicals in English, 41 in Yiddish, 3 in Hebrew, and 2 in Spanish, including 8 dailies, 68 weeklies, and 18 monthlies. In Palestine there are 58 periodicals, of which 29 are in Hebrew. They include 4 daily newspapers in Hebrew and one in English.

3,477 Jewish publications have appeared in different countries since between 1667 and 1920, Dr. Ruppin reveals in his book. Of this number 217 were daily newspapers and 1,083 were weeklies.
