American Jewish Congress To Appeal to League to Aid Jews of Germany

A petition will be presented to the League of Nations by the American Jewish Congress, through Dr. Leo Motzkin, chairman of the Committee of Jewish Delegations, and Dr. Emil Margulies, Czechoslovakian Jewish leader, who presented the Bernheim petition to the League, requesting the League Council to extend its jurisdiction over anti-Semitic discriminations beyond Upper Silesia to include the whole of Germany.

The American Jewish Congress will also appeal to the British Government, requesting it to introduce the subject at the next session of the Council, which will be held in September.

The petition to the League of Nations will be based on the moral and legal grounds implicit in Article 4, section 5 of the League Covenant, empowering the League to act on "any matter within the sphere of action of the League or affecting the peace of the world".

No Jewish Attorneys For Berlin City Cases

(Jewish Telegraphic Agency)

BERLIN, June 8—Berlin city institutions must not be represented in the courts by Jewish lawyers, according to an order of the Nazi state commissar, Hafeman, made public yesterday. The order, issued in the name of the mayor of the city, declares that the list of approved attorneys compiled by the municipality officials for the guidance of city institutions, has been abolished. Any lawyer at all may now be retained, providing that he is "Aryan".

The list, the order explains, was aimed to take out of the hands of Jewish attorneys all municipal law cases, and to put them in the hands of "Aryans". This aim has now been accomplished.

Nazi Body Tries to Bring Hitlerism Into Canada

(Jewish Telegraphic Agency)

MONTREAL, June 8—"The Foreign Friends of Hitler Movement" today began efforts to rally 10,000 residents of Montreal under the Swastika flag.

Following meetings of the Nazi cell here, Nazi representatives in Canada are striving to inflate their ranks with thousands of new recruits to the Hitler movement and to coordinate operations of the Canadian units with those of mature Brown Shirt organizations in the United States.

Gilles Mousseau, chief of the Montreal District movement, boasts that 298 members have been enrolled already. He expects the roll to skyrocket to the 10,000 mark shortly.

A majority of the recently inducted members of the Friends of Hitler are English and French-speaking native Canadians. Efforts are being made to enlist the support of other (Continued on Page 4)

All Jewish Activities In Cuba Suspended by Police Ban on Meetings

(Jewish Telegraphic Agency)

HAVANA, June 8—The Jewish colony here is very much perturbed over the action of Brigadier Federico Rasco, military commandant of Havana, who prohibited all gatherings, conferences and even directors' meetings of the Jewish institutions here without any exceptions. At the same time permits are issued to non-Jewish organizations to hold public meetings.

The prohibition of Jewish meetings was first issued May 16, when the Jewish colony prepared to hold a protest meeting against the anti-Jewish persecutions in Germany. It later became known that that prohibition was a result of reported intervention by the German Minister in Cuba, who asked the government to suppress the protest demonstration.

Recently a number of Jewish institutions in Havana, among them (Continued on Page 4)

Toscanini's Name to Be In J. N. F. Golden Book

The name of Arturo Toscanini will be inscribed in the Golden Book of the Keren Kayemeth Le Israel (Jewish National Fund) for his refusal to direct the Wagnerian Festival at Beiruth later this month as an expression of protest against the discriminatory policies of the Hitler regime in Germany. One hundred pages in the Golden Book are devoted to inscriptions of the names of distinguished Jews and non-Jews who have rendered unusual services to the cause of humanity and the upbuilding of Palestine as a Jewish national home.

A message was sent to the famous maestro at Milan yesterday by the Jewish National Fund informing him of the decision to inscribe his name and applauding him for his action.

Social Worker's Duties

Stressing the duties of the social worker, Dr. Rubinow declared that "it is the duty of the Jewish social worker, the trained professional servant and spokesman of that community, to make for a healthy, intelligent, self-respecting Jewish community as a setting in which there can grow up a healthy, happy, integrated Jewish personality, and which as a whole can make its constructive contribution to the life of the American Nation of which we constitute an integral, permanent even though distant part."

The social worker must also assume the "role of competent interpreter of his own group to the surrounding macrocosm." Dr. Rubinow pointed out. He dare not avoid this duty, he said. "It is his because of his assumed training and competence in applications of social psychology. It is his because of his familiarity with the needs of the minority. It is his because of his contacts with the civic leadership of the community as a whole."

Klemperer Not German Spirited Says Nazi Press

(Jewish Telegraphic Agency)

BERLIN, June 8—Otto Klemperer, world-known Jewish conductor, who was ousted from his position as director of the Berlin State Opera yesterday by Minister of Education Bernhard Rust, is highly gifted, the German press declares, but is not fully German-spirited and hence, despite his acknowledged genius, cannot continue in the State Opera post.

Herr Klemperer received the news of his dismissal at Budapest, where he is acting as a guest conductor. His contract with the State Opera was to have expired in September, 1937.

Government Opponents May Base Their Fight On Anti-Jewish Program

(J.T.A. Special Correspondence)

SALONICA, May 27—M. Mayados, a candidate in the electoral division of Salonica, filed a protest against the results of the elections on March 5 in Salonica, immediately after the elections, basing his protest on the grounds that the separate electoral college for the Jews is unconstitutional. The electoral tribunal at Athens has now accepted the protest and has annulled the elections under article 4 of the Athenian Treaty of November, 1913, in accordance with which the Jews of Salonica acquired Greek nationality with all its attendant rights and obligations. The decision of the tribunal was by a vote of 7 to 3. It will be communicated to the Minister of the Interior, who will proclaim new elections in a month's time. Jews and Christians will then vote together.

A protest against the result of the elections of Sept. 25, 1932, based on the same arguments, was rejected by the tribunal.

The invalidity of the elections of Salonica have made a profound impression throughout the country.

The electoral battle, both legislative and electoral, which will take place at the same time at Salonica, has already begun. The opposition parties, the most important of which is the Venizelist party, are dissatisfied with the abolition of the separate electoral college. In certain circles of the opposition the idea has been entertained of conducting the battle on religious grounds. If this idea is adopted, the opposition bloc will form a Christian list and fight the Government candidates with an anti-Jewish program. No decision has as yet been taken, however, on this point.

The Government party will include three Jewish candidates in their lists.

the Zionist organization, the Jewish Center, the Jewish Women's Society, the Tuberculosis Committee and the Union of Representatives of all Jewish organizations, asked the government for permits to hold their annual elections of officers, but the military commandant refused to allow any Jewish gatherings without giving any reasons.

A Jewish delegation was told by the government that the Jewish meetings are prohibited because it was feared that they may be turned into anti-Hitler protests, which the Cuban government is determined to prevent.

The Cuban Minister of Foreign Affairs, Dr. Orestes Ferrara, who has often intervened in behalf of the Jews, is now on the way to London as Cuban representative to the world economic conference. Several Jewish leaders have appealed to General Herrera, Cuban War Minister and acting Foreign Minister, asking him that prohibitions of Jewish meetings be rescinded. General Herrera promised to intervene with the military commandant concerning the Jewish request.

Despite this promise, the military commandant, however, refused to allow the Tuberculosis Committee to meet to hold its annual elections of officers.

The Jewish population is concerned over the situation created. All contact between Jewish leaders for consultations are impossible because of the state of martial law according to which no three persons may gather without a special permit.

The correspondent of the J.T.A. was promised an interview with Brigadier Rasco in order to secure information concerning the new attitude toward the Jewish Community.

Under Hamburg Direction

Hans Nieland, directing the organization of Hitlerite bodies abroad, has wired instructions from Hamburg commanding the cooperation of Canadian and American cells of Nazi supporters on the continent.

Under the Swastika banner, which flies over their headquarters, "Die Ausländische Freunde Der Hitler Bewegung" is introducing the organization to this city.

The body will support all the principles enunciated by Adolf Hitler. The Magdenburg utterances that Jewish rights in Germany be proportionate to the numerical strength of Jews in that country are one of the basic principles of the organization in Canada.

Gilles Mousseau, "Orst Leiter", or District Leader, of this infant Nazi cell, announced that plans are being made for the reception of Hans Wiedemann, Nazi envoy to the Century of Progress, who is scheduled to visit Montreal soon.

German Envoy Attempts To Muzzle Greek Press

(J.T.A. Special Correspondence)

ATHENS, May 27—M. Einselehr, German Minister at Athens, has approached M. Maximos, Minister of Foreign Affairs, and has expressed his surprise that certain newspapers, in particular Jewish newspapers, have lately been employing unsuitable language against Chancellor Hitler of Germany. As a result of this, M. Maximos held a telephone conversation with the Governor General of Macedonia, who called together the directors of the Jewish papers and made certain recommendations to them with the purpose of avoiding injurious expressions about the Berlin government. Greece, he said, had a great interest in maintaining friendly relations with Germany. The representatives of the Jewish press replied that the situation was such in Germany, where efforts were being made to annihilate 600,000 innocent Jews, that they could not hide the facts from their readers nor refrain from joining the protests of the entire civilized world. Nevertheless, they undertook to do all in their power not to create difficulties for the Greek Government.

"This must be the next step of the League", the statement says. "It cannot, we maintain, as the arbiter of international law and morality, limit by territorial divisions within one and the same country the application of a principle which it condemns."
