New Austrian Moves

Against Jews Noted

(Jewish Telegraphic Agency)

VIENNA, June 10—Revision of the Austrian citizenship of Galician Jews is announced today by the Bauerna-Buendler, official organ of Chancellor Engelbert Dollfuss, which assumes that the aristocratic Austrian Jews will agree in this action which is allegedly directed against the naturalized Jewish masses from Eastern Europe.

The announcement is arousing much concern among the Jews, who are becoming perturbed over this policy which provides for differences in citizenship grades and discrimination at home while assuring equality of citizenship abroad.

Chancellor Dollfuss, who promised to defend Jewish rights in exchange for Jewish support of his government, addressing a conference of artisans this week, unaware that Jewish artisans were also in his audience, proclaimed his intention of wiping out Jewish influence and the Jewish spirit.

The attitude now being revealed by the chancellor, in sharp contradistinction to his earlier stand, following a Government ban on the wearing of uniforms by the Hagana, government-supporting Jewish self-defense body, and the reports of Nazi-Dollfuss negotiations for a coalition government, has aroused much concern in Jewish circles.

Official Nazi Papers Resume

Their Anti-Semitic Attacks

(Jewish Telegraphic Agency)

INNSBRUCK, June 10—A renewal of violent anti-Semitic agitation in the Voelkische Beobachter, Adolf Hitler's newspaper, and in Der Angriff, the Goebbels publication, has been resumed contrary to the recent more moderate tactics employed by the Nazis in connection with the Jewish question. This has occasioned great surprise since both of the newspapers are virtually the official organs of the government.

The Voelkische Beobachter, in a special article, features the anti-Semitic opinions of Bismarck, von Moltke, Goethe, Wagner and Schopenhauer in order to show how Germany's illustrious men have always condemned the Jews. This feature appears only in the Munich issue of

(Continued on Page 4)

Tell World Jewry to End Protest, or You Will Pay, Reich Jews Are Warned

(Jewish Telegraphic Agency)

BERLIN, June 10—A warning to Jews the world over to discontinue anti-German propaganda on the threat that, otherwise, the position of the Jews in Germany will be made worse, appeared today in the Voelkische Beobachter, official organ of Chancellor Adolf Hitler, under the signature "A.R." believed to be that of Dr. Alfred Rosenberg, head of the Nazi party's foreign affairs department. Dr. Rosenberg is editor-in-chief of the paper.

"The situation of the German Jews may become worse in case world Jewry does not give up its plans for destroying German economy," the article declares. "We will watch this, therefore, during the forthcoming months."

The article admits that there are individual Jews in Germany who, it says, are honestly pro-German. "However, they must carry their fate just as the rest of the Germans are compelled to bear the common fate of 1918."

Palestine Government Considers Floating Loan For Land Development

(Jewish Telegraphic Agency)

JERUSALEM, June 10—The Palestine Government has under advisement and is contemplating shortly a loan of several million pounds for the development of Palestine partly on the basis of the plan submitted by Lewis French, Director of Development in the Palestine Administration, but also including funds for other purposes, it was learned yesterday.

Jewish circles, which believed that the French plan had been abandoned by the Government, are greatly excited at its reported revival at this time. The French report was never made public, but it was generally known to follow closely that of Sir John Simpson, which aroused a heavy storm of protest. The report is believed to point out that there are no state lands available for Arab and Jewish settlement and

Fear Germany Won't Keep Word on Olympic Games

(Jewish Telegraphic Agency)

INNSBRUCK, June 10—The International Olympic Games Committee, which voted to keep Berlin as the site of the 1936 Olympic Games after the German delegation pledged that no action would be taken to interfere with the participation of Jewish athletes, including German Jews, in the games, permitted itself to be duped, it is being charged.

Jews have been expelled from all German sports organizations under official orders and their participation, therefore, is practically impossible unless they are reinstated. This is not expected nor did the German delegation promise that this step would be taken.

Foreign diplomatic circles in Berlin express surprise that the conference at Vienna permitted itself to be misled by the German delegation regarding the Jewish question and this attitude is directed especially at the American delegation because its members must have been aware that the expulsion of Jewish members of the athletic associations of Germany was complete. It is believed that the national athletic bodies in the various countries will revive the question when their delegates return from Vienna to report on the action they took.

A Vienna dispatch to the Jewish

World Boycott Issue Up

At Jewish Groups Parley

(Jewish Telegraphic Agency)

LONDON, June 10—The Jewish world economic conference, convened at the behest of the British Council of Trades and Industries, in which Lord Melchett is an outstanding figure, will open definitely on July 15, according to an announcement made here today. The conference, originally scheduled to open on June 25, was postponed at the request of American boycott organizations in order to permit the attendance at the conference of Samuel Untermyer, noted attorney, who will represent the American League for the Defense of Jewish Rights.

Preparatory work for the sessions will commence on June 25 with dele-

B'rith Abraham Plans**Aid for German Jews****At Its 47th Convention**

(Jewish Daily Bulletin)

ATLANTIC CITY, June 10—The
vanguard of 1,200 delegates to the
three-day session of the 47th annual
convention of the Independent
Order of B'rith Abraham arrived
here today for the opening of conferences tomorrow.

The oppression of Jewish citizens
of Germany was to be the central
subject during the congress. Funds
will be raised to aid in financing the
enforced migration of Jews from
Germany to Palestine and other
sanctuaries.

Isadore Apfel of New York, who
finishes his second term as Grand
Master of the Order at the convention,
is to discuss the tragic plight
of Jews in Germany. He is to urge
the 100,000 members of his Order to
fight for the restoration and preservation
of German-Jewish rights.

Speakers include Harry Bachrach,
Mayor of Atlantic City; Justice
Joseph B. Perskie of the New Jersey
Supreme Court; Judge Gustave
Hartman of New York; former
Congressman Nathan D. Perlman;
and Rabbi Stephen S. Wise, honorary
president of the American Jewish
Congress. Judge Hartman and
former Congressman Perlman are
past grand masters of the Order.

By virtue of the third term rule,
Mr. Apfel terminates his services as
grand master with Tuesday's election
of officers. It is expected that
First Deputy Grand Master Louis
B. Siegel of New York will succeed
to the highest post.

**SOCIAL WORKERS CALL ON FEDERATIONS
NOT TO IGNORE JEWISH EDUCATION NEEDS**

(Jewish Daily Bulletin)

DETROIT, June 10—A prospective organization to champion the economic and professional interests of social workers was advocated by the New York delegation at the general session of the National Council of Jewish Social Service this afternoon. Discussing the feasibility of a national protective organization, a report on the subject, presented at the session, recommended that a committee of Jews and non-Jews lay the groundwork for such a movement.

At a joint session of the National Association of Jewish Center Executives and the National Council for Jewish Education, both of which are holding their annual meetings jointly with the National Council of Jewish Social Service, emphasis on adult education in the programs of both bodies was strongly urged. Albert Schoolman, president of the educational group, decried the indifference of the Federations to Jewish education.

A call to Jewish Federations to view their programs on a basis broader than philanthropy, and to include Jewish education in Federation programs on a status of equality with other phases of a communal endeavor, as a matter of right and not toleration, was sounded by the National Council for Jewish Education.

Jewish School a Barometer

This demand was explained in a statement prepared in behalf of the National Council by Dr. Alexander M. Dushkin and Dr. Leo L. Honor of Chicago. Pointing out that "the flux in American Jewish life is reflected in the Jewish school," it says in part:

"We consider the Federations of Jewish Charities and the Jewish Welfare Federations as the most effective available bodies to deal with the central needs in education. But we would posit two essentials in the relation between such Federations and Jewish education:

"1. The Federations must view their programs as broader than philanthropy in the specific sense of that term, and must recognize that the Jewish differential in all of their work makes education, both in the specific and general connotations, an integral element of their program.

Right, Not Toleration

"2. Jewish education must be included in the Federation programs on a status of equality both in principle and in affiliation with all other phases of communal endeavor; it must be in those programs as a matter of right and not of toleration, and there must be no discrimination

against it in theory or in practice. The recognition of the necessary place of education in the community program and its adequate support, will redound not only to the welfare of the school system, but will also give purposefulness to the work of the Federations themselves."

The National Council's statement also makes definite declarations on the question of synagogues sponsoring schools of their own.

The statement declares that "each congregation and institution must be responsible for the maintenance of its own school, and should be the final authority regarding the curriculum and spirit of instruction for its children. The central educational agency should do those things which the local schools are unable to do. It is through a co-operative partnership of parents, congregations and community that we may hope to achieve an adequate and worthy American Jewish school."

Views Exchanged at Dinner

The third day of the conference ended tonight with a joint session at dinner in the social hall of Temple Beth El.

Members of the National Conference of Jewish Social Service and the National Association of Jewish Center executives exchanged views over the dinner table in a discussion on Programs of Jewish Community Organization in the Light of Changing Trends.

With Fred M. Butzel, Chairman of the Executive Committee of the Jewish Welfare Federation, Detroit, in the chair, Dr. Solomon Lowenstein, Executive Director of the Federation for the Support of Jewish Philanthropic Societies, New York, led in an exhaustive review of the topic.

Others in Discussion

Others who took part in tonight's discussions were Dr. Alexander M. Dushkin, Director of the Board of Jewish Education, Chicago; Jacob Kepecs, Superintendent of the Jewish Home Finding Society, Chicago; William J. Shroder, of the Cincinnati Community Chest; and Mrs. Henry Wineman, Commissioner of Public Welfare, Detroit.

The social service conference Friday afternoon, adopted a resolution endorsing the \$2,000,000 campaign of the Joint Distribution Committee for the relief of German Jewry.

Dr. Maurice J. Karpf presided at this session and the relief action followed an address by Dr. Jonah B. Wise who described recent developments in Jewish life in Germany as "bleak and hopeless."

Poland Praised Here for Assisting German Jews

The attitude of the Polish Government in protecting the rights of Polish Jews in Germany was the subject of a high tribute paid by 450 delegates representing 50,000 members of the Federation of Polish Jews, at the 25th annual convention of the organization which opened at the Hotel Astor Saturday night.

Benjamin Winter, president of the Federation, and Rabbi Stephen S. Wise led a group of speakers who were unanimous in approving of the Polish action during the current crisis in Germany.

Mr. Winter declared that Jews throughout the world are grateful and civilization in general applauds Poland's attainment of "the highest standards of statesmanship".

Opened Doors to Refugees

"Poland," said Mr. Winter, "not only registered its sharp and effective protest with Germany, but had also in numerous instances opened its own doors to German-Jewish refugees."

Rabbi Wise, recalling the aid given by Poland to Jews following the Arab riots in Palestine four years ago, enumerated present Polish action as the second occasion in current history in which Poland has come to the aid of beleaguered Jews.

"The Polish republic will find that it shall gain a new place in life, if it, in contradistinction to the German Reich, observes equity and justice with regard to all its minority peoples and, most of all, to that racial and religious minority bound up through centuries of history with the happy and unhappy fortunes of Poland," he said.

Drift to Palestine

Mr. Winter described the recent influx of 2,000 Jews monthly into Palestine. He expressed hope that the development of this country will solve or at least salve the problems of Jewish exiles and called for help from the League of Nations on colonization plans.

Morris Rothenberg, president of the Zionist Organization of America, flayed Dr. Hans Luther, German Ambassador to the United States for the latter's efforts to sway American sympathies toward Nazi activities and policies by means of "inaccurate" statements.

Mr. Rothenberg described the change already effected in Palestine by German-Jewish refugees. He stated that where once only Russian, Polish and Hebrew were spoken, German now has become common.

Plight of Poland's Jewry

Z. Tygel, executive director, told of Jews in Poland. He said that of the unfavorable economic plight one-third of the 300,000 Jews in Warsaw are forced to appeal for

9 Nazi Prisoners Killed; No Jew Among Released; Cruelty Drive Believed On

(Jewish Telegraphic Agency)

INNSBRUCK, June 10—Nine prisoners of the Nazis in the concentration camp at Dachau, Germany, were shot and killed by their guards during the past week, it is reliably learned. A wave of cruelty and punishment of Jewish prisoners is sweeping camps throughout the country.

Non-Jews receive far more lenient treatment, since the Nazis hope to convert them to National Socialism. This, of course, does not apply to the Jews, for whom hope of release seems almost non-existent.

Many non-Jews are being released from the camps on their pledge not to remain in the communities in which they formerly made their homes and not to maintain their old associations. The Nazi press, in reporting these releases, always emphasizes that there are no Jews among them.

81st Annual Convention Of B'nai Brith District Lodge No. 2 Opens

(Jewish Daily Bulletin)

SOUTH BEND, Ind., June 11—The eighty-first annual convention of District Lodge No. 2 of the B'nai Brith opened here today in the Oliver Hotel, with fifteen hundred delegates and visitors present from 66 lodges in the states of Ohio, Indiana, Kentucky, Missouri, Kansas, Colorado, New Mexico and Wyoming. Sixteen lodges in Indiana were represented at the conclave which will continue through Tuesday.

Among the speakers at the convention are Sigmund Livingston, of Chicago, head of the Anti-Defamation Commission; Rabbi William M. Stern of Temple Beth-El; and Richard E. Gutstadt, of Chicago, national membership director of the order. Alfred M. Cohen, president of the B'nai Brith, heads a list of distinguished guests.

aid to the charities. Mr. Tygel told of the distress caused among the Jews of Poland by the government's "monopols" of industries and its refusal to employ Jews. He also said that although Jews constitute only 11 percent of the population, and most of these are poverty-stricken, they are forced to pay forty percent of the nation's taxes.

Other speakers were George I. Fox, Dr. Joseph Tenenbaum, Sol Rosenfeld, Herman B. Oberman, H. Wolfosky, and H. Tuch, vice-presidents of the Federation.

Los Angeles Opens Its Purse to Relief Plea

(Jewish Daily Bulletin)

LOS ANGELES, May 10—Thousands of dollars were added here to the fund of the United Jewish Appeal, which is cooperating with the Joint Distribution Committee and the Jewish Agency for Palestine for the relief of Jews in Germany, following an address by Lewis Browne, before six thousand in the Shrine Auditorium.

The author of "This Believing World" called upon his audience to boycott German goods in order to bring "the Hitlerite madmen" to their senses.

Mr. Browne, who was in Berlin six weeks ago, graphically described the intrigue prevalent in Germany. Jews are forced to proclaim in public that there are no atrocities, he said. Their private conversations belie these assertions, however. Mr. Browne stated that all Jews are closely watched by Brown Shirt agents, and on the slightest provocation are thrown in jail.

Books Nazis Burned Given W. Va. College

(Jewish Daily Bulletin)

MORGANTOWN, W. Va., June 10—Copies of books by German and American authors which were burned in Germany on May 10 were presented to the West Virginia University Library today by Jewish students in the name of the Hillel Foundation on the campus, as a gesture of protest against Nazi vandalism. Books by Heine, Lessing, Ludwig Feuchtwanger, Mann, Einstein, Helen Keller, Upton Sinclair, and many others were included in the gift.

In accepting the gift, L. D. Arnett, Librarian of the University, stated: "We are very glad to place the books in our Library, for we cannot but feel that this action of German students does not represent the best and sober mind of German scholars, and that the German people recognize the destruction of the works of such authors as a distinct loss of culture."

To Grill Latest Nazis On Jewish Affiliations

(Jewish Telegraphic Agency)

BERLIN, June 10—Examinations for all members of the Nazi party whose membership dates since January 30 of this year, on their association or relationship with Jews, has been announced by the Nazi party headquarters for Hesse. Any members found to have associated with Jews, having Jewish wives, interested in Jewish concerns or to have violated the anti-Jewish boycott will be expelled from the party.

Official Nazi Papers Resume Their Anti-Semitic Attacks

(Continued from Page 1)
the paper which is not intended for consumption abroad.

Der Angriff alleges that the Nazis are not alone in their hatred of the Jew. The Social Democrats, the paper charges, despised the Jews and only tolerated the Jewish workers in their ranks because of their fear of foreign criticism.

While the Nazi press in general is no longer agitating against the Jews on the score of alleged spreading of atrocity tales abroad, it is concentrating on the gospel of race purification and lets no day pass without injecting remarks to the effect that Jewish blood must be eliminated from German veins.

This continual agitation to keep the Jew isolated has resulted in a strengthening of the Jewish boycott. Germans are afraid to meet Jewish friends or to buy from Jews through fear of being denounced as being themselves of Jewish origin.

World Boycott Issue Up At Jewish Groups Parley

(Continued from Page 1)
gates from other countries participating in the outlining of the conference program.

The Jewish Economic Forum, organ of the British Council, in its current issue, says "The conference would have been worth while even for its own sake as the first Jewish economic conference in history, but under the present circumstances, the conference will have the most important task of coordination and direction of the world boycott of German goods. A centrally organized boycott of all trades for all countries will be a more powerful weapon than a boycott in each country.

"The immediate task of the conference," the publication states, "will be to establish the necessary machinery for coordination and direction with due regard to the special conditions prevailing in each country. In addition, the Jewish delegates from all over the world will lay the foundation for a new Jewish policy based on economic considerations which affect, not only the future existence of Jewry as a whole, but also every individual Jew.

"The conference will consist entirely of Jewish businessmen and will not only be decisive in shaping Jewish destinies, but will also serve the World Economic Conference in its efforts to solve the world economic problems."

Palestine Government Considers Floating Loan For Land Development

(Continued from Page 1)
that settlement of Jews by the Government is a remote possibility.

(Jewish Telegraphic Agency)

LONDON, June 10—The Colonial Office today declined to confirm or deny reports of a loan of several million pounds for the development of Palestine. It is learned reliably, however, that the form of the loan is not yet settled and that the sanction of Parliament will have to be obtained for it. In that case, the Government will have to acquaint Parliament with the exact nature and purposes to which the loan will be applied.

The assumption that the French report has been abandoned by the Government has not been substantiated. On the contrary, it was only recently reported that the British High Commissioner of Palestine had requested the Jewish Agency and the Arab Executive to submit their observations enabling the High Commissioner, on the basis of these observations, to submit a plan to the British Government which will issue a statement on policies for the development of Palestine.

An investigation by the Jewish Telegraphic Agency has established that the French report is not likely to be submitted at the forthcoming session of the League of Nations Mandates Commission, which is to be held June 19. It is improbable that the question of a Palestinian loan will be taken up at the meeting of the League body since the customary procedure calls for Parliamentary sanction of the proposal first.

Sir Arthur Grenfell Wauchope, High Commissioner of Palestine, has left to resume his duties in Jerusalem after a short visit in London occasioned by the death of his sister.

Mark Acheson Young, who is retiring as chief secretary of the Palestine Government to become governor of the Barbados Islands, will represent the Palestine Government at the Mandates Commission meeting. Several representatives of the Colonial Office will also attend the session.

Jewish Rapporteur Chosen

(Jewish Telegraphic Agency)

PARIS, June 10—Professor William Oualid, well-known Jewish communal worker, member of the Alliance Israelite and president of the Central Committee for Aid to Immigrants, has been appointed official rapporteur for the French delegation to the London World Economic Conference.

Fear Germany Won't Keep Word on Olympic Games

(Continued from Page 1)
Telegraphic Agency Friday reported it was learned from reliable sources that the German delegation had pledged the names of President Paul von Hindenburg and Chancellor Hitler that no moral or physical force would be exerted to prevent the participation of Jewish athletes in the Olympics.

Despatches in the past few weeks have revealed the almost complete exclusion of Jews from the sports bodies of the Reich. All Jewish members were ordered ousted from the Prussian sports body.

(Jewish Telegraphic Agency)

BUDAPEST, June 10—The German Sports Association has notified the committee supervising the international fencing competition due to begin here that it is opposed to the participation of two Germans because they are Jews. The two are Helene Meyer, international women's fencing champion a few years ago, who was roundly praised by the Nazi press at the time she won the championship, and Erwin Cazimir, one of the greatest German fencers in many years.

The Nazi effort to prevent Jewish athletes from entering competitions abroad has created a painful impression in international sporting circles.
