Dr. Rubinow Makes Plea For Help of German Jews At B'nai B'rith Convention

(Jewish Daily Bulletin)

CHICAGO, July 3—Dr. I. M. Rubinow, secretary of the executive committee of B'nai B'rith, delivered a stirring address at this morning's session of the 65th convention of the Sixth District, B'nai B'rith, at La Salle Hotel here.

Discussing the plight of German Jewry, he declared that immediate relief is necessary there, as thousands are reduced to absolute starvation. Money must be raised and dispatched without delay, he asserted. The next important thing, he said, is to find a place which could be used as a haven for refugees.

In the latter connection Dr. Rubinow suggested that efforts be made to extend the German immigration quota to this country to permit the entry of German Jewish refugees.

Marco Nadler, a confectioner, from Alexandria, Egypt, who is in Chicago to attend the Century of Progress Exposition, made an impassioned plea before the convention for an economic boycott against Germany.

Nadler stated that in Egypt such

Exodus of German Jews Intensifies Border Control; Thousands Seek Zion Permits

In Many Western Towns Not a

(Jewish Telegraphic Agency)

BERLIN, July 3—The exodus of Jews from Germany has assumed such proportions that in many western German cities and towns not a single eastern European Jew can be found, it was reliably reported from Essen yesterday.

The Jewish Agency Office in Berlin has announced that it cannot accept new applications for immigration to the Jewish homeland because it is already flooded with thousands of requests with which it is unable to deal in view of the limited number of certificates received from the authorities in Jerusalem. New applications cannot be

Equal Share in Naming Delegates

(Jewish Daily Bulletin)

CHICAGO, July 3 — A coalition ticket of delegates to the World Zionist Congress in Prague this August, with half of the delegates named by the Zionist Organization of America and the other half named by Hadassah, appeared a certainty here today as the nominations and other committees of the American Zionist Convention met in preparation for the resumption of plenary sessions and elections tomorrow.

Dr. Weizmann Honor Guest At Jewish Day Luncheon; 6,200 Perform in Pageant

BULLETIN

(Jewish Daily Bulletin)

CHICAGO, July 3—"Romance of a People", the history of the Jews up to the present time, was strikingly presented this evening in Soldiers' Field, before an enthusiastic audience of 150,000. Four months work had been required to weld into a smoothly working unit the 6,200 performers. From the opening scene, which was delayed until darkness fell, until the closing tribute to America, the pageant unfurled in a kaleidoscopic whirl of color and imagery, accentuated by the sonorous traditional Hebrew music. Among the noted singers who took part were Adolph Muhlmann, formerly of the Metropolitan, Isidore Mishkan, and Clara Platt.

CHICAGO, July 3—Dr. Chaim Weizmann was guest of honor today at a luncheon given by Rufus Dawes, president of the Century of Progress Exposition, commemorating Jewish Day. Dr. Weizmann will be the guest of honor tonight at a spectacular pageant, "The Romance of a People," which will be presented at Soldiers' Field before an estimated capacity audience of 150,000 persons.

More than 50,000 Jewish visitors

While the agreement of the Zionist Organization of America permitting Hadassah to fill half of the mandates apparently seems a victory for the latter group, which for a long time has been demanding equal voice with the former group on the strength of its numbers and contributions for the rebuilding of Palestine, it is understood that Hadassah has agreed to include on its ticket outstanding leaders of American Zionism, who otherwise would have been named by the Zionist Organization of America.

Brandeis-Mack Group

It is likely that a number of leaders representing the Brandeis-Mack group therefore will be named on the Hadassah slate.

Morris Rothenberg, president of the American Zionists, will be number one on the coalition ticket, it is understood.

BERLIN, July 3—Sweeping dismissals of Jews from business posts marked the last two days in this country, following July 1, which was the first day on which the recently-passed law excluding all Jews from German labor unions was enforced.

Taking advantage of the fact that Jewish employees are no longer protected by unions, numerous firms in Berlin and the provinces summarily dismissed Jewish workers. The Bank of Dresden dismissed many Jews. Wilhelm Kleeman, who was president of the Jewish community in Dresden, and

a boycott within the first year would result in a reduction in the consumption of German goods from one-half to two-thirds of Germany's past trade.

Alexander E. Cantor, of Winnipeg, told the convention how the B'nai B'rith in his city brought about the defeat of the Canadian Fascist anti-Semitic group being formed there.

Richard E. Gutstadt, secretary of the Anti-Defamation League, will deliver the main address before the convention at tomorrow morning's session.

Henry M. Toch, Manufacturer And Social Service Worker, Dead; His Funeral Today

Henry M. Toch, president of Toch Brothers, paint manufacturers, and chairman of the board of Standard Varnish Works, died Sunday morning after an illness of two years at his home 1111 Park Ave. He was 71 years old.

Mr. Toch was treasurer of Temple Emanu-El and had served on its board of trustees for the last twenty years, having been a member of the Temple Emanu-El board before the merger with Beth-El in May 1927.

Mr. Toch was deeply and actively interested also in patriotic and civic movements. He is survived by his widow, Mrs. Dora Magnus Toch, two sisters and two brothers.

The funeral will be held at Temple Emanu-El at two o'clock this afternoon. Burial will be in the Toch private mausoleum in Cypress Hills Cemetery.

142 AMERICAN COLLEGE PRESIDENTS AND 77 SOCIAL SCIENTISTS SEND GERMAN COLLEAGUES PROTEST AGAINST INTOLERANCE

In a "statement of belief," addressed to the heads of every institution of higher learning in Germany, 142 presidents of colleges and universities and 77 of this country's leading social scientists in every section of the United States have signed a declaration inspired by the recent political developments in Germany affecting Jewish and other minority elements, which is today being forwarded to the German educators by the National Conference of Jews and Christians.

Accompanying the statement, which was characterized as being "in no sense a protest but rather a scientific approach to a problem and an appeal for common sense," are individual expressions of opinion from a number of the signers, as well as a declaration from Newton D. Baker, co-chairman of the National Conference, "It looks now as though attention had turned away from the Jews to the Catholics. After a while, it will be against some other group until those who are generating the hatreds will be in a minority. Then all of the victims will get together, constitute a majority, and the episode will end with the bitter being bitten until he cries for mercy."

The statement, originally worked out and signed by the social scientists and later concurred in by the college and university presidents, notes that minorities are suppressed and discriminated against to some degree in every land. It then proceeds, "But the growing interdependence of the world makes it appropriate that individuals far from Germany should express their concern about the intense anti-Jewish campaign. As different cultural and racial groups come into close contact with one another, conflict is a frequent result. There are always those who want to destroy, or render impotent those who greatly differ from them. Such an effort is likely to be an emotional and not a rational reaction, and is diametrically opposed to principles of sound statecraft.

"A poverty stricken world cannot afford bitter hostility and the denial of civil and religious rights. We believe that the general welfare of Germany—as of every other nation—will best be served by a friendly policy toward all minorities. Indeed modern society is discovering that civilization means the increasing provision for minorities. The world is too small for persecution. Intolerance in every nation is a world concern."

Among the signers who made individual expressions of opinion to the National Conference:

President Henry Noble MacCracken of Vassar College, who said: "We must not be party to a dishonest education, a liberty of lies, a religion rotten at the core. There is no quarantine against passion. The world has become a social unit and, if we want to live honestly in America, we must make our stand known throughout the world."

The social scientists who drafted and those who signed the statement, are:

Edward J. Allen, Nels Anderson, William L. Bailey, Walter G. Beach, Howard Becker, W. S. Bittner, Herbert Blumer, Emory S. Bogardus, Neva L. Boyd, Henry M. Busch, William F. Byron, J. German Citizenship Denial For Jews Seen in Forecast (Jewish Telegraphic Agency)

BERLIN, July 3.—German Jews will undoubtedly lose their German citizenship if the project outlined at Dresden by the Reichstag Deputy Stiehler, at a mass meeting attended by 70,000 Nazis, materializes.

Stiehler, who is the chief of Saxony's Labor Front, in which both labor unions and employers are included, declared that only the producing elements, to which the Jews as a matter of course cannot belong, can be included in the Labor Front, only members of which are eligible to German citizenship.

Not Even Roosevelt Can Make Us Change Our Ways, Asserts Nazi Paper in Attack

Anti-German Attitude, Says Deutsche Nachrichten, Forcing Luther Out

(Jewish Telegraphic Agency)

BERLIN, July 3—Nobody—not even Franklin D. Roosevelt, president of the United States—can induce Germany to change its attitude toward the Jews, declared Berlin's *Deutsche Nachrichten* today in an article attacking President Roosevelt.

Attacking the American president as an outspoken friend of the Jews, and as an anti-German, the newspaper hinted that the atmosphere in Washington of late has been unfriendly to the German ambassador, Dr. Hans Luther. Due to this unfriendliness, the paper said, Dr. Luther will soon be compelled "to return to Germany for a prolonged stay."

The appointment of Jesse I. Straus as ambassador to France was also remarked upon by the *Deutsche Nachrichten* as additional proof of President Roosevelt's anti-German and pro-Jewish orientation.

Anglo-Jewish Association Hears Hindenburg Criticized For Ignoring Jews' Plight

(Jewish Telegraphic Agency)

LONDON, July 3—Criticism of President Hindenburg for intervening with Chancellor Hitler on the question of Nazi interference with the Evangelical Church and yet passing over in silence the persecution of German Jews was expressed here yesterday by Leonard Stein, presiding over a meeting of the Anglo-Jewish Association.

Describing the deepening gloom and anxiety felt by German Jewry over Nazi aggressiveness in anti-Semitic work, Mr. Stein pointed out that at present the Hitlerites are avoiding the conducting of their anti-Jewish activities with the publicity they delighted in giving it a few months ago, but instead are preferring to do their destructive work in silence and secrecy. Therefore, he declared, the most effective and irresistible weapon of Jewry would be to force the public opinion of the civilized world to prevail upon the Nazis to stop their anti-Semitic campaign.

A heated discussion developed at the meeting in connection with the proposed march from the East End to Hyde Park on July 20 to help win adherents to the anti-German Boycott Association. Some members expressed the fear that if the march were held there would be re-

Sephardic Jew's Arrest Leads to Rumor He Has Clue to Murder of Arlosoroff

(Jewish Telegraphic Agency)

JERUSALEM, July 3—The arrest here yesterday of a humble Sephardic Jew on unknown charges caused a rumor in the press here that he was connected with the search for the murderer of Dr. Chaim Arlosoroff. One paper said it has information that the Sephardic resembled the description of the assassin given by Mrs. Arlosoroff.

Police here, however, informed the Jewish Telegraphic Agency that the rumor was without foundation. In any case, they hinted, it would be difficult to imagine what connection an obscure Sephardic Jew who has no political connections would have with Dr. Arlosoroff's slaying.

Authorities are still continuing their quest for the man or men who were responsible for the tragic death of the young Zionist leader.

Greek "Political Ghetto" Ended, But No Jews Wins In Parliamentary Election

(Jewish Telegraphic Agency)

SALONICA, Greece, July 3—Jewry's fight in Greece for a franchise in parliamentary voting resulted today in not one single Jew being elected to the Greek Parliament. Previously, under the separate electoral college system, Jews were sure of a representation of two delegates.

Eleutherios Venizelos, who vigorously opposed the abolition of a separate Jewish electoral college in Salonica even though proportionate representation was introduced the country over, came out victorious in this city's voting today. Since not one Jew was included on his lists, not one will go to parliament.

The election here, which was held yesterday, was caused by the annulment of the previous election by the Tsaldarists, who on coming into power in March declared Salonica's separate elections illegal and ordered another to be held.

In spite of Jewry's failure to secure parliamentary representation this time, leaders are satisfied with the principle, which gives Jewish voters a chance to exercise their influence on the results of the general election. In addition, the new ruling gives Jews a status of equality with all Greek citizens and practically abolishes the "political Jewish ghetto."

perussions against the Jews in Germany. Jews living in Germany, it was asserted, are anxious to see the march abandoned.

U.S. Jewish War Veterans Thank Gentile Fighters Against Nazi Terrorism

In Convention, Resolve to War on German Trade and Commerce Until Hitler Goes Down

(Jewish Daily Bulletin)

ATLANTIC CITY, N. J., July 3—Delegates to the annual encampment of Jewish War Veterans in session here today passed a resolution thanking Charles M. Schwab, Arturo Toscanini, James W. Gerard, General Charles R. Sherrill and Chancellor Dollfus of Austria for their fight against Hitlerism.

The delegates also approved the committee's decision to seek the endorsement of Samuel Untermyer as representative of all American veterans at the forthcoming conference in Geneva.

A resolution was approved asking General Sherrill to withdraw American participation from the Olympics in 1936 unless they are held outside of Germany.

Resolving to wage an unremitting and relentless war on German trade and commerce until the Hitler government is overthrown, the delegates also condemned American fascists.

Other resolutions passed were: To cooperate in the formation of an allied veterans' council to help needy or disabled veterans; to demand that congress plug tax holes; to abolish tax exemption securities; and to oppose cancellation of war debts.

Nazi Ordinance Seen to Aim At Extinction of Communal Life of Jews of Germany

(Jewish Telegraphic Agency)

BERLIN, July 3—The Jewish community here, which has had a recognized official status, is in danger of losing that status, with the implied right of collecting taxes and applying them to social and communal purposes.

This is expected to result from the authoritative opinion expressed today in connection with this morning's official ordinance providing that statutory religious institutions must not employ Jews. In view of the fact that the Jewish community is such an institution, it is feared that the next step will be to declare the Jewish community a private organization, which would entail the loss of its public rights.

Today's press, in featuring the ordinance in the official gazette, declares it an intensified application of the Aryan paragraph in the Nazi code, but refrains, however, from more extended comment.

who was a director of the Bank of Dresden, recently escaped to Switzerland following persecution.

A firm in Karstadt controlling many department stores fired all their Jewish workers. In Leipzig, Kottbus and Dortmund even Jewish employees occupying managerial positions in businesses were told their services were no longer required.

All these dismissed workers were left without the possibility of applying for compensation, to which they were entitled until the new law went into effect on July 1.

(Jewish Telegraphic Agency)

BERLIN, July 3—A compromise regarding the Jewish question need not be expected in Germany, Chancellor Hitler indicated yesterday when addressing the first meeting of leaders of the storm troopers and steel helmets at Bad Reichenhall, Bavaria, near the Austrian border.

The race principle must be taken as the basic principle for the success of the German revolution, and it must be strictly adhered to, Hitler declared.

(Jewish Telegraphic Agency)

BERLIN, July 3—Julius Brodnitz, president of the Central Union of German Jews, and a well-known legal counsel, has been expelled from his profession, the Hitler government announced yesterday.

A list of 61 other Jewish lawyers practicing in Berlin also was released, and they too were officially banned from doing any law work in Germany hereafter.

(Jewish Telegraphic Agency)

BERLIN, July 3—Germans married to Jewish women or women of Jewish origin, or German women married to men of Jewish origin, must not be appointed government officials and should be dismissed from their posts if already engaged, according to an official government ordinance published in this morning's Reichs Gesetzblatt.

In the future, said the ordinance, persons of non-Aryan origin must not be employed in Reich, federal, communal or municipal enterprises. The ordinance further declared that railroads, the Reichsbank and religious bodies having public relations must not engage Jews. Further details regulating these categories would be released at a later date, the ordinance concluded.

are reported to be in Chicago for Jewish Day today. Included among the visitors is a contingent of 300 persons from Toronto who arrived on a special train last night.

There will be a cast of 6,200 persons in the pageant, which begins with the story of creation and dramatically traces the course of history, ending with a tribute to American civilization. Following this story there will be shown episodes relating the history of the Jews.

Athletic drills and races were being held all day today at the Court of Honor in the fair grounds. Thousands of young Jewish men and women from all parts of the United States were competing in the athletic events.

Pro-Palestine Federation Sends Weizmann Greeting

In a message to Dr. Chaim Weizmann at the American Zionist convention now going on in Chicago, the Pro-Palestine Federation of America, whose membership includes some of the leading Gentiles in the United States, said:

"Our sincerest wishes to the Zionist Congress for a fruitful session. Christian America is following your deliberations with sympathy and understanding. We fondly hope that the mandatory power will co-operate, lifting its restrictions so that Palestine may become a haven of refuge for the persecuted German Jews as well as for all others seeking admission. As Christians and Americans we rejoice in the knowledge of the economic and cultural progress Palestine is making, the speedy upbuilding of a Jewish commonwealth in Palestine should receive the unreserved support of civilized mankind."

The message was signed by Charles Edward Russell, Wendell P. Stafford, Frederick B. Robinson and George Gordon Battle.

Exodus of German Jews Intensifies Border Control; Thousands Seek Zion Permits

considered until the autumn, it was stated.

In spite of the fact that most exits are blocked for Jews, immigration has increased five-fold since three months ago, according to the official government immigration department. Yesterday the Hitlerites announced that hereafter stricter control will be enforced along the frontiers of Germany to prevent Jews from leaving.

U. S. Hadassah and Zionists Expected to Put Coalition Ticket into World Congress

(Continued from Page 1)

far has not been brought up in the open sessions of the convention it has quietly occupied the attention of the leaders for a long time.

It is generally realized that, considering the present state of affairs, the Zionist Organization of America has little alternative but to accede to the Hadassah demands for fuller voice in American Zionist councils.

The chief opposition to the coalition ticket, it was learned, came from the group supporting Dr. Chaim Weizmann, who sought a full delegation to the world congress favoring his return to the presidency of the organization.

They Want Weizmann

The resolutions committee at its meeting today is expected to produce for tomorrow's session resolutions calling for the return of Dr. Weizmann to the presidency of the world organization. However, the tone of the committee's demand may be modified in view of recent events.

The resolutions committee also is expected to make a definite proposal for a new agreement concerning the relationship of the Zionist Organization of America with affiliated bodies, especially Hadassah and the Sons of Zion.

The proposal is likely to follow the outlines suggested by Morris Margulies, which embody the idea of the opinions of a majority ruling the administration.
