## Fascism Not Anti-Jewish Mosley Declares; Blames German Inherent Qualities

(Jewish Telegraphic Agency)

LONDON, Aug. 2.—Fascism in Great Britain would mean a far different state of affairs from that produced by so-called Fascism in Germany, Sir Oswald Mosley, head of the British Union of Fascists, an organization which asserts it is not anti-Semitic, declared here in the course of an attack on Germany.

"I give my assurance that under Fascism, Great Britain's traditional policy of religious and racial tolerance would be preserved," Sir Oswald said. He stated that in his opinion the attacks against the Jews in Germany are not connected with Fascist principles but are "a manifestation of an inherent quality of the German character."

Mosley said it was foolish to blame Fascism for something due to the mentality of the mass of a people.

## Belgian Envoy Indicates German-Jewish Migration

There is a Possibility

(Jewish Telegraphic Agency)

BERLIN, Aug. 2.—The possibility that German Jews will migrate to Belgium was indicated here today by Dr. Anserotta, Belgian minister to Germany, in a public talk to foreign diplomats and journalists. Dr. Anserotta indicated that his government is ready to throw open the doors of its country to emigrants from Germany provided that the German Government negotiates with the Belgian government to effect this transfer.

"Scientists from Germany, and also artists, will be especially welcomed by our country," Dr. Anserotta emphasized.

## San Breslau Jewish Paper

(Jewish Telegraphic Agency)

BERLIN, Aug. 2.—The Breslauer Populärzeitung, of Breslau, was closed down yesterday following the arrest of the newspaper's editor last week by Nazi officials. The order shutting down the paper was issued by the state president "in the interest of public security."

## Jewish Legion Training For Invasion of Germany, Goebbels' Paper Reports

(Jewish Telegraphic Agency)

BERLIN, Aug. 2.—A fantastic story that Jews abroad are organizing themselves into military units and equipping themselves with arms and munitions "to attack Germany's borders at the first opportunity" was related in today's issue of Der Angriff, newspaper owned by Dr. Paul Josef Goebbels, Nazi minister of propaganda and public enlightenment. The newspaper gloated that it had obtained conclusive evidence from Nazi spies abroad to prove this allegation.

The name of Herr Hebebrand, allegedly residing in London at present, was given by Der Angriff as the commander-in-chief of these "Jewish Legionist" which the newspaper asserts exist everywhere in Europe outside Germany.

Arms and Uniforms

Der Angriff stated that these Jewish units are being carefully drilled in closed halls and armories, and that they possess a big quantity of arms. They even have specially designed uniforms, the newspaper declared.

The armies, according to Der Angriff, are being maintained by funds contributed by international Jewry, and the Jews have already succeeded in establishing military warehouses near the German frontier "to serve as a base for the projected invasion of Germany."

The paper, of course, forget to state specifically where these warehouses are located or where the supposed Jewish armies are concentrated, but it expressed surprise that "the different foreign governments, especially Holland, are tolerating such Jewish actions."

## Nazi Terror Continues In Austrian Provinces

(Jewish Telegraphic Agency)

VIENNA, Aug. 2.—Nazi attacks against Jews in the provinces of Austria are continuing unabated, a check-up today revealed. In provincial towns Nazis are cutting windows on the window fronts of Jewish shops and are writing the word "Jew" on some windows of Jewish families.

## Demand for New Boycott Against Jews of Germany Appears in Berlin Papers

(Jewish Telegraphic Agency)

BERLIN, Aug. 2.—Shopkeepers openly calling for another Jewish boycott in Germany are resurprising in the Nazi press and once again newspapers here have begun to carry big headlines stating: "Whoever buys from a Jew is a traitor to the German cause."

Another streamer declares: "Jews are Germany's misfortune."

A third banner reads: "Do not patronize Jewish doctors and Jewish lawyers!"

Simultaneously with the appearance of these headlines the Nazi press today carried the text of a leaflet which was printed in German and French with the heading: "French People Awake!" This leaflet allegedly is being distributed all through France, calling for Frenchmen to boycott Jews and refrain from buying any merchandise from Jewish stores.

At the same time the University of Berlin announced the dismissal of Professor William Stern, internationally known psychologist.

The ministry of justice also discharged Dr. Max Meyer from his post of president of the Land Court.

**Jew, Arab and Briton****In Palestine Radio Forum**

"Experts have shown that Palestine, including Trans-Jordan, in which is the historic home of the Jews, has room for some four or five million Jews. The Arabs in Palestine only number 1,000,000, therefore it is folly to say that the new Jewish immigration will dispossess the Arabs. The Arabs and the Jews, working together, can make Palestine one of the great centers of world civilization."

This statement was made by Morris Margolis, secretary of the Zionist Organization of America, in the course of a radio symposium on Palestine over Station WEVU, held Tuesday evening. The Arab viewpoint was represented by Dr. Foad Shatah, lecturer and writer on the subject of Arabic civilization. The British point of view was presented by Thomas Cook, of the department of Economics of Columbia.

Mr. Margolis also stated that American Jews would contribute \$100,000 under a four-year plan to a total of \$1,500,000 for Palestine settlement.

**Detroit German-Americans  
Disassociate Themselves  
From Hitler Leadership**

(Jewish Daily Bulletin)

DETROIT, Aug. 2.—Observance of "Deutscher Tag" here was marked by a declaration in which Detroit Germans declared themselves in opposition to racial and religious bigotry. The declaration stated that they look for political guidance to Washington and not to Berlin.

This sentiment, on which there was no division in the vast throng assembled at the Detroit Creamery Park, near Mt. Clemens, was expressed by John M. Harhoff, president of the Uffahauseniger Bürger-Bund (Independent Citizens League).

**Stand Behind Roosevelt**

"Whatever may be the political tendencies which today sweep over our dear Fatherland across the ocean, we, Detroiters of German descent, stand united politically on the general principles of democracy behind President Roosevelt. It is to Washington, not to Berlin, that we are looking up for political guidance and leadership," he declared.

"Neither do we, Americans of German descent, wish in any way to reflect the racial and religious conflicts of the old country. German societies in Detroit, now as in the past, extend membership alike to Protestants, Catholics and Jews; to Slovaks, Serbs and Magyars.

"We do not for a moment wish to forsake the German ideals. But it is the ideals of German philosophy, literature, music that we wish to uphold and pass on to our children. This is our heritage. It is the contribution of the German people to the civilization of the world, in return for what benefits us, as Germans, derive from the civilizations of other nations and races."

For Untermeyer, Returning  
From Boycott Conference**

Mr. Untermeyer will return on the French liner Paris which is expected to dock at Pier 57, North River, Sunday morning. **Sisterhood Will Publish  
Book on Youth of Race**

The first book to be published from the Sisterhood Publication Fund of \$4,000, which was set aside at the recent Convention of the National Federation of Temple Sisterhoods, in Chicago, will be "When the Jewish People Was Young" by Mordecai I. Soloff.

The fund was set aside for the publication of books to be used either by teachers or pupils in the Jewish Religious Schools. Mr. Soloff's book is a history of the Jewish people from its beginnings to the time of the Babylonian exile. It is intended for children in the sixth grade of the religious schools and was written in Chicago, while the author was serving as supervisor for the Board of Jewish Education in that city.

The book emphasizes social and religious life rather than mere political and chronological events. The lessons are simple and the language concrete. The writer gives suggestions for additional readings, discussions, and dramatizations. It will be published shortly.

The agenda was made public today at the offices of the World Zionist Organization here.

## Quakers Disavow Link With Friends of Germany Claimed in Prospectus

The foreign centers of the Society of Friends (Quakers) are in no way connected with Ethelä Emerson's Friends of Germany, it was stated in a letter received Wednesday by Bernard G. Richards, chairman of the Jewish Council of Greater New York, from Clarence C. Pickett, executive secretary of the American Friends Service Committee, Philadelphia.

"Without asking us, Colonel Emerson announced that he expected to use our foreign centers as his agents," Mr. Pickett wrote to Mr. Richards. "We have not been in any way involved in his organization and have cautioned our centers against such cooperation. I think Colonel Emerson is not intentionally dishonest, but he has little appreciation of the responsibilities cast upon him in the type of organization he is promoting."

Professor George B. McClellan, former mayor of New York; Professor Robert Morris Lovett, of Chicago, well-known liberal, and Colonel William J. Donovan, Republican candidate for governor of New York in the last election, all wrote to Mr. Richards last month disclaiming membership in the Friends of Germany, which has been accused of being pro-Hitlerite and anti-Semitic, despite the fact that their names were prominently featured on Emerson's organization's letterheads.

## Swastika Club Placards On Toronto Beaches

(Jewish Telegraphic Agency)

TORONTO, Aug. 2—Signs bearing swastikas and carrying the words "Hitl Hitler" recently appeared on several beaches within the boundaries of Toronto for the first time. An investigation by the authorities yesterday revealed that an organization known as the Swastika Club exists here, with a membership exceeding 400 persons.

The aims of the organization have not yet been discovered, as the leaders will not come out into the open. It is known, however, that members occasionally wear uniforms consisting of a brown shirt and a metal swastika emblem.

The League for the Defense of Jewish Rights, Toronto branch, is conducting an investigation of the Swastika Club.

## British Press Says Refuge For Jews Not Competing With Citizens in Possible

(J.T.A. Special Correspondent)

LONDON, July 25—The Home Office is inclined to take a helpful view of the position of the hundreds of Jews who are in this country at present as refugees from Germany, says a brief item appearing in a number of English dailies.

"The law is wholly against the admission of aliens to this country if they intend to take jobs in competition with British subjects," it continues. "But the case of these Jews, many of whom bear names famous over half the world, is recognized to be in many respects different from that of the casual immigrant, and the question arises whether some concession can be granted in their favor. So long as they do not earn their living here and are on holiday they can remain under the present law.

"It may be found possible, however, to permit these some means of making a livelihood while not interfering with the prior rights of our own people. I am assured that the Home Office is approaching the matter with every desire to help the victims of circumstances.

"It is important, however, that they should help themselves by not engaging in violent political activities and putting their would-be friends in a false position. I think the refugees understand. Their plight is very serious, and many of them are in great distress about their families left in Germany."
