Coty Declaration on Jews Denies Race Bias, Poses Stand as Against Socialism

(Jewish Telegraphic Agency)

PARIS, Sept. 12.—The declaration of Francois Coty, millionaire perfumeur and publisher, that he is not anti-Semitic, was prominently featured here in L'Ami du Peuple, one of his newspapers, and drew the observation from the Paris Hainst, influential Yiddish newspaper, that it was not to be taken seriously in view of "the unpopularity at the present moment, of anti-Semitism in France."

M. Coty, who recently lost a libel suit brought against him by a group of Jewish veterans of the French Army, has decided to continue his campaign in altered form, according to belief. The Hainst points out that M. Coty "never had (Henry) Ford's earnestness, either in his anti-Semitism or in his repentance, of which we still see very little."

Fight Against Socialism

In his declaration published in L'Ami du Peuple, M. Coty asserts that his fight is against socialism, "whether Jewish or Christian."

"Our doctrine is unalterable," he states in explanation. "The entire Coty press will maintain the same policy and the same principles, and with the same vigor combat socialism."

General Goombos Warns Against Swastika Use

(Jewish Telegraphic Agency)

BUDAPEST, Sept. 12.—A warning against the significance of the swastika for Hungary, was issued yesterday by the Hungarian Premier, General Julius Goombos, on the occasion of the inauguration of the flag of the United Party. General Goombos declared, "These undesirable foreign politics are unattainable to the Hungarian soul."

Franz K. Fischer, Minister of the Interior, declared that the Hungarian authorities had ordered a fine of two hundred pengos for anyone carrying the swastika sign, even if they were Hungarian Germans.

All Jewish Brokers Ousted From German Exchanges, Reich Association States

(Jewish Telegraphic Agency)

BERLIN, Sept. 12.—The Reich Association of German Stockbrokers announces that all Jewish members have been forced to resign. The announcement comes shortly after a denial by the authorities in which it was stated that no action had been taken against the Jews on the stock exchanges but only against "strangers", the men without citizenship in any country.

The expulsion of the Jews from the stock exchanges was conducted secretly and the announcement of the association was made only after the expulsions had been fully accomplished.

Jewish Agency Asks for 24,700 Certificates, Report

(Jewish Telegraphic Agency)

JERUSALEM, Sept. 12.—The Jewish Agency for Palestine has requested 24,700 immigration certificates for the half-year from October to March, from the investigation department of the Palestinian government, it was learned here today, although it was impossible to obtain any confirmation of the report.

The memorandum which was submitted stated the fullest details on which the demands for the labor immigration certificates were based.

The demand for labor certificates from the Palestinian government has been a source of constant dispute between the Agency and the Palestinian government. In the report of the Executive to the Eighteenth World Zionist Congress, this was aired and strongly condemned by the Executive, and a new system of determining the number of immigrants was urged. The report stated that in one case where a thousand certificates were asked for, the government granted only four hundred. Similar instances were given, in every case the government granting only a fraction of the certificates asked for.

Status of Converted Jews Subject for Negotiations Between Vatican and Nazis

(Jewish Telegraphic Agency)

BERLIN, Sept. 12.—While the question of the reinstatement of equality for baptized German Jews or German Christians of Jewish origin will be negotiated shortly between the German government and the Vatican, the demand of the latter that non-converted German Jews be treated by the Nazi government in accordance with the principles of Christian charity has been flatly rejected, it was learned today.

A semi-official announcement by the German government emphasizes its refusal to discuss with any foreign power the status of the Jews in the Reich.

The insistence of the Vatican, contained in a memorandum submitted in connection with the concordat, regarding the rights of baptized Jews, will form the subject for negotiations which will open shortly, although it is vigorously opposed by the Nazi party which considers that any exemption made for the baptized Jews undermines the racial theory on which the persecutions and discriminations are based.

New Ban on Jewish Doctors Anticipated in Germany

(Jewish Telegraphic Agency)

BERLIN, Sept. 12.—A new law which will make the right of the German Jewish doctors to practice medicine altogether impossible, may be expected shortly, in accordance with the official announcement stating that new regulations will be issued to establish which of the doctors of Germany will be permitted to practice in the future.

In connection with the dismissal of the Jewish doctors from the six-fold panels, the announcement declares that the process of dismissals of the Jewish doctors is officially considered as having been completed on Sept. 1, and a new law concerning the right of all doctors to practice will be promulgated soon.

Argentine Zionist Laborers Hold First Convention

(Jewish Telegraphic Agency)
BUENOS AIRES, Sept. 12.—The first convention of the Argentine League for Working Palestine closed here yesterday. The convention was addressed by the Argentine Socialist, Congressman Dickmann, Senators Bravo and Palacios and the representatives of the Palestinian Labor Fund, I. Kaslik.

The convention resolved to invite Argentine Jewish colonists to visit Palestine as a manifestation of unity with the Palestinian workers.

The League has twenty-five sections all over Argentina with a membership of 1,200. More than half of the sections were formed recently through the efforts of Mr. Kaslik.

A number of the sections of the League are in the colonies, and the membership is composed in the main of the second and third generations of the local immigrant group. The older colonists are sympathetic to Labor Palestine and take great pride in the nationalist activities of their children.

Each year the colonists allocate certain stretches of land for sowing for national purposes. This year the Palestine Labor Fund was included and 118 acres were assigned to the Fund.

He is president of the American Jewish Committee, the Jewish Theological Seminary, the Provisional Committee of the American Members of the Administrative Committee of the Jewish Agency for Palestine, and Dropsie College. For twenty years he was president of the American Jewish Historical Society.

As an educator, Dr. Adler is very well-known. When he was twenty-one years old he became a teacher in Johns Hopkins University. He was one of the editors of the "Jewish Encyclopedia" and of the English translation of the Bible issued by the Jewish Publication Society of America.

For many years he held positions in the Smithsonian Institution and the United States National Museum in Washington. He has made many visits to Jewish communities in Europe, Africa and Asia, including Palestine.

Dr. Adler belongs to the Conservative wing of American Jewry. As one of the founders of the United Synagogue of America, he believes that Judaism in this country must strike a happy medium between atomists on both sides. For to Dr. Adler, the Synagogue offers a noble opportunity for reverence and service. "It should be," he says, "a congregation rather than an audience."

Hearst, famous American newspaper publisher.

In a telegram to Morris Margolis, secretary of the Zionist Organization of America, Mr. Hearst expressed the hope that "the day would never come when we will close our doors to the peoples whose courage and idealism and progressivism have marked them for persecution under the reactionary governments of other and alien lands."

(Jewish Daily Bulletin)

C., Sept. 12.—The semi-annual meeting of the executive committee of the Seaboard Zionist organization here, went on record as endorsing the German relief campaign; asking for unity between the Zionist Organization of America and the Hadassah and endorsing efforts to help defray the deficit of the Zionist Organization.

The meeting was presided over by Rabbi Edward L. Israel of Baltimore.

Earlier in the day at the meeting of the youth groups, a Young Judea regional organization was founded, headed by Dr. Sidney I. Enterson of Baltimore. The Zionist Youth region is headed by Leon Rivkin of Baltimore.

Farley to represent him on Thursday evening at the Polo Grounds. Montreal's Jewish Aldermen Will Fight Move Against Entry of German Refugees

(Jewish Telegraph Agency)

MONTREAL, Sept. 12—The three Jewish Aldermen of this city are preparing to battle vigorously at the next meeting of the council, against the resolution introduced by the anti-Semitic alderman, Auger, requesting the Minister of Immigration to oppose any attempt to bring German refugees into Canada. Action on the resolution was postponed yesterday until the next meeting.

The resolution stated that such immigrants are "mostly Christians and propagandists for anti-Christian ideas. The entry of these people undermines countries with a Christian tradition."

The Jewish aldermen on the Montreal City Council are Joseph Schwartz, Max Scigler and B. Schwartz.

Ohio Zionist Region Ends Two-Day Session

(Jewish Daily Bulletin)

CLEVELAND, Sept. 12—The two-day convention of the Ohio Zionist region closed with a banquet at which Nathan Straus, Jr., of New York, was the principal speaker.

More than three hundred Ohio Zionists representing twenty-six Jewish communities in the state gathered in Cleveland for the convention.

After listening to a number of speakers, the convention went on record as welcoming the return of Dr. Chaim Weizmann to a position of leadership; pledging loyalty to the newly-elected executive of the World Zionist Organization; greeting Louis Lipsky on his election to the world executive, and urging the establishment of a Jewish National Fund Council in each community in Ohio.

Isaac Carmel, executive secretary of the Ohio Zionist organization, reported that membership had grown more than fifty percent in the last year, both in the senior and youth groups.

Nazi Press Lashes Einstein, Laski, Zionists; Warns Britain Against Boycott

(Jewish Telegraph Agency)

BERLIN, Sept. 12—Striking back at Professor Albert Einstein, Adolf Hitler's Voelkischer Beobachter today termed the famous scientist and his English host, Commander Oliver Locker-Lampson, "cheap publicity seekers" and at the same time accused the Zionists of inciting world boycott of German goods.

"It is clear that Zionists are responsible for the boycott resolution presented to Geneva," the newspaper declared. "With Rabbi Wise and other Geneva boycott leaders being directly drawn from the Zionist organization, it could not be otherwise."

Featuring the report that Nazi assassins had set a price on the head of Einstein, the Voelkischer Beobachter neither confirmed nor denied assertions that the famous scientist had been "put on the spot." In large type, the subheading of the article declared, "Jew Einstein Plays Martyr."

In reply to Professor Einstein's recent warning to conscientious objectors in France and Belgium to waive objections to war in view of the growth of militarism in Central Europe, the newspaper accused Einstein of urging France and Belgium to prepare for war. Prof. Einstein's declaration has been given prominence by the French press.

Einstein in Seclusion Until Departure for U. S.

(Jewish Telegraph Agency)

LONDON, Sept. 12—Professor Albert Einstein will remain in seclusion in England for a month when he will sail for the United States to take up his duties at Princeton, N. J., at the Institute for Advanced Studies, it was learned yesterday.

Professor Einstein is staying at the country estate of his intimate friend, Commander Oliver Locker-Lampson, where he is concentrating on studies which he hopes may lead to important discoveries.

Because of Mrs. Einstein's nervousness since the assassination of Professor Theodor Loening, and Professor Einstein's wish to be undisturbed in his work, Commander Locker-Lampson has closed the estate to visitors and is protecting the scientist from interviewers and visitors.

Embassy Shows Baltimore German Celebration Because Swastika Is Not Displayed

(Jewish Daily Bulletin)

BALTIMORE, Sept. 12—Representatives of the German Reich discussed the German Day celebration here at Carlin's Park, although in all the thirty-two years that the day has been celebrated here, either the German Ambassador or his representative had been present.

No Swastika flag, no official German recognition, was the dictum of the Embassy at Washington. As there was no such flag, there was no recognition.

The absence was not mentioned on the platform, however, and few persons present remarked upon it. The annual outdoor gathering of the Independent Citizens' Union of Maryland and the United Singing Societies of Baltimore jammed their (Continued on Page 4)

Religion on Tax-Cards Nazis' Latest Innovation

(Jewish Telegraph Agency)

unbaptized Jew, while exempting the convert from Judaism, would give the Nazi program a religious character. This the Nazis do not wish it to have, preferring to keep the question on the plane of "Aryan" supremacy and on racial lines.

Whether or not a compromise regarding the Christians of Jewish origin will be reached, it is certain that the Nazis are not appreciable to drifting away from their present stand regarding the German Jews who still profess the faith of their fathers.

Recent statistics estimated that the number of converted Jews or German Christians of Jewish origin does not exceed 300,000.

It was a stinging, marching, caroling, beer-drinking and eating crowd, and most of the speakers remarked upon its good humor and gaiety.

The black, white and red flag of the republic was the emblem carried in the procession beside the Stars and Stripes. In Germany at present the Swastika flag is carried with the black, white and red banner. Officials of the Independent Citizens' Unions decided recently, however, that they would not fly the two flags together, and gave as the reason their opinion that the Swastika flag is political and not national.

The speakers included Governor Albert C. Ritchie, Mayor Howard W. Jackson and State's Attorney Herbert R. O'Connor.

**Asks That Judgment Be Withheld
(Jewish Daily Bulletin)**

ST. PAUL, Minn., Sept. 12—A plea to withhold judgment on the Hitler regime in Germany, was made by Dr. Karl Eisebach, Professor of German at Augsburg College in Minneapolis, before several thousand persons of German descent gathered in Como park here, to commemorate the 25th anniversary of the founding of Germantown, Pa., the first German settlement in America.

Professor Alfred W. Gross of Duluth, president of the Minnesota council of the German society, told of the part the Germans have played in the upbuilding of the United States, and challenged any racial group to equal the record of the Germanic peoples in this country.

Laski allegedly expressed favor toward the international boycott of German goods, in a speech delivered at Manchester and, according to the paper, meant for the ears of Premier MacDonald.

"Boycott of this sort would be equivalent to a declaration of war" the Völkischer Beobachter asserts. "The Board of Deputies is playing a double game with Germany. With

Hess Warns Nazis Against Molesting Foreigners

(Jewish Telegraphic Agency)

BERLIN, Sept. 12—An order warning all Nazis against molesting foreigners who do not give the Nazi salute when the Nazi flag is borne by was issued yesterday by Rudolf Hess, minister to Hitler. The order was issued after a number of incidents occurred in which Americans and other foreigners, particularly Jewish-looking American citizens, were assailed by Nazi hooligans.

The order issued by Hess states that these attacks complicate Germany's relations with foreign countries, but insists that Communist and Socialist agents have been the provocateurs, stirring up storm troopers to make these attacks. In the future all Nazis who insult foreigners will be severely punished and expelled from the Nazi party.

one hand it is holding in check the boycott movement and with the other is inciting the British Government to act against Germany.

"There is no doubt that Jews as a whole are conducting this systematic war propaganda against Germany," the article concludes.
