## Palestine Authorities

### Start Drive to Halt

### Illegal Entry of Jews

(Jewish Telegraphic Agency)

JERUSALEM, Nov. 13.—A concerted effort on the part of British officials to end illegal immigration into Palestine tightened here today when a mass hunt, directed exclusively against Jewish newcomers, was started.

The campaign, which is assuming the proportions of a large-scale pursuit of violators, is in line with a pronouncement made in the British House of Commons by Sir Philip Cunliffe-Lister, Secretary of State for the Colonies in the Cabinet, last Thursday, that vigorous steps would be taken to prevent illegal immigration.

Special motorboat patrols were detailed in the vicinity of Haifa, while British and Arab constables, assisted by peasants, engaged themselves in scouring the coastwise territory

## Protest Settlement of

### Jewish Refugees in Cyprus

(Jewish Telegraphic Agency)

ATHENS, Greece, Nov. 13.—The threat that sixty thousand Jews will be forcibly expelled from Salonica if it is true that German-Jewish refugees, numbering approximately 50,000 persons, are to be settled in the isle of Cyprus, was made in Imerisios Kyrix, a daily newspaper published here.

The paper gave prominence to an article reporting that the World Conference for the relief of German-Jewish refugees held at London had adopted resolutions to this effect and warned that if the report were true, expulsion of Jews would follow any attempt to carry it out.

The article adds a proposal that the Greek claim to possession of the island should be seriously considered, since the majority of its population is Greek. (Four-fifths of the inhabitants of the island, which was annexed by Great Britain in 1914, are Greek Christians while the remainder are Turkish Mohammedans.)

The newspaper declares that the plan for settlement of refugees was initiated by Zionists. A warning is sounded that Zionist leaders "think twice" before proceeding.

## McDONALD AGREES TO EIGHT JEWISH

### REPRESENTATIVES ON REFUGEE COMMISSION

(Jewish Telegraphic Agency)

GENEVA, Nov. 13.—High Commissioner James G. McDonald today agreed to invite eight Jewish organizations to be represented in the League of Nations autonomous governing body for German refugees, in accordance with the decision of the London conference for the relief of German Jews. No opposition to this plan is expected from the governing body, composed of representatives of fifteen nations, including the United States.

The High Commissioner's decision is the result of negotiations between Dr. Chaim Weizmann and Dr. Nahum Goldman, representing the London conference, the High Commissioner, and the Secretariat of the League of Nations, which concluded today.

Tomorrow, Mr. McDonald leaves for Paris and London where he will discuss with the two governments details of the program for the German refugees and establish contacts.

Mr. McDonald's program consists broadly of raising a large fund with the help of Jewish and non-Jewish personalities, on whose support, Mr. McDonald believes he can count. Also with the support of the Jewish organizations as pledged by the London Jewish conference, and through the influence of certain countries, to secure the admission of a certain number of refugees into the various

countries of the world.

The first meeting of the autonomous governing body for refugees, it was officially announced here, will take place at the end of November, probably in Lausanne, Switzerland. The permanent office of the High Commissioner and the governing body have as yet not been fixed, although it is thought that it will be either in Geneva or Lausanne.

Mr. McDonald expressed his readiness to cooperate with the London Jewish conference and its permanent bodies.

Dr. Weizmann, in addition to conversing with Mr. McDonald and M. Joseph Avenol, Secretary-General of the League, also spoke with Arthur Henderson, head of the Disarmament Conference, and several members of the League Mandates Commission.

Dr. Weizmann left Geneva for Zurich, Switzerland, where he will address the presidium of the Swiss Jewish communities.

(Jewish Telegraphic Agency)

BUDAPEST, Hungary, Nov. 13.—Equality rights for all citizens, including those of the Catholic, Protestant and Jewish faiths, was proclaimed as a cardinal principle of the republican government by Premier Julius Goemboes in an address at a mass meeting held in Trabrennplatz.

He went on record as opposing religious discrimination, and insisted that every Hungarian citizen is entitled to similar treatment.

The police confiscated the Hungarian Nazi organ Nemzeti Szocialista, on the charge that it attempted to inflame religious hatred.

## Arrests Made in Debrecen

(Jewish Telegraphic Agency)

BUDAPEST, Hungary, Nov. 13.—Anti-Semitic disturbances broke out here today among the students of the Anatomical Institute at Debrecen. The rector of the Institute launched an immediate investigation which resulted in the arrest of several rioters.

## Organize National Group To Aid Hillel Foundation

Responding to an appeal from the president of the University of Michigan on behalf of the B'nai B'rith Hillel Foundation at Ann Arbor prominent Jewish alumni are making plans to form a national committee to support the work carried on by the foundation.

Under the leadership of Captain Charles A. Riegelman, the committee will endeavor to secure funds for current maintenance as well as for endowment purposes.

"While the Hillel Foundation was founded primarily to serve the cultural and social needs of the Jewish student body," Captain Riegelman pointed out, "this work is rendering a great and vital service in spreading true information throughout the entire university population with respect to Jewish culture, traditions and religion. It should be an effective method in helping to combat the growth of anti-Semitism."

The alumni committee for the B'nai B'rith Hillel Foundation at Michigan University is the first organization of this type in the field, according to Judge Myron Sulzberger, chairman of the B'nai B'rith National Service Appeal in the New York district. It is hoped similar committees will be formed among Jewish alumni of other universities which have Hillel Foundations.

## Milwaukee Germans Urged To Boycott Nazi Goods

(Jewish Daily Bulletin)

MILWAUKEE, Nov. 13—An endorsement given by the Socialist party of Milwaukee to the local Deutsche Zeitung, a German daily, has been withdrawn because of the paper's pro-Hitler sympathies, it was revealed here.

Organized about a year ago as a liberal newspaper, the Deutsche Zeitung was given Socialist support to help it in its drive for subscribers. The paper was sponsored largely by the various German-American societies of Milwaukee.

At a large anti-Fascist rally here under the auspices of the Socialist party, Heinrich Bartel, former editor of the Milwaukee Vorwaerts, a German Socialist weekly, belabored the Germans here who cling to a blind loyalty to "Das Vaterland" in spite of its present rulers. He called for a boycott by Germans of all German products as long as the Nazis remain in power. He attacked the entire German-American press as being almost completely pro-Nazi.

## Large Chicken Farm Planned for Palestine

(J.T.A. Special Correspondence)

JERUSALEM, Nov. 1—Elaborate plans for the establishment of a large poultry-raising settlement have been projected by Mr. Maniloff, an American Jew, to meet the large demand for poultry products.

It is estimated that the Jewish population consumes a hundred million eggs annually. Farmers are producing about one-tenth of the supply, the rest being obtained from foreign countries. Approximately £250,000 are expended on imported poultry products to this country.

The poultry settlement will be financed by loans floated for three years. Fruit and vegetable farms will supplement the chicken raising. A central marketing unit will distribute the products.

Mr. Maniloff will visit London shortly to obtain advice. Associated with him in the venture are David Trietsch, of Germany and Dr. Klumel, of Poland.

## Federation Raises \$250,000 in Week

Contributions to the annual campaign of the Federation for the Support of Jewish Philanthropic Societies, now in progress for a month, total \$1,924,802, an increase of more than \$250,000 in the past week, it was announced by Paul Adler and Benjamin J. Buttenwieser, campaign chairmen. The Federation drive seeks to complete a budget of \$4,200,000 for the support of its 91 affiliated charitable agencies.

The first public hearing will open at 10:30 A.M. tomorrow. The names of the witnesses to be called were not disclosed this afternoon.

## Rabbi Heller Elected To Education Board

(Jewish Daily Bulletin)

CINCINNATI, Nov. 13—Rabbi James G. Heller of Isaac M. Wise Center was elected to the Cincinnati Board of Education, polling 34,200 votes and running fourth on a list of six candidates.

There was much resentment here because pink slips urging Catholics to vote for three candidates were distributed in front of Catholic churches the Sunday before election.

Tabulation of first choice votes in Cincinnati's proportional representation election showed Willis D. Gradison, only Jew on the Republican ticket, running eleventh with 6,561 first choices; Julian A. Pollak, only Jew on the Charter ticket, running twelfth with 5,346, and Abraham Friedman, independent, was twenty-first in a list of 22 candidates with 393. It is possible for both Gradison and Pollak to be elected if they receive sufficient transfers from those who have a surplus and get enough second choices from those eliminated under the system. Pollak is a member of the present City Council.

## Untermeyer Fails to Attend Order B'nai B'rith Banquet Because of Boycott Stand

The ninetieth anniversary of the founding of the B'nai B'rith is being commemorated this week by celebrations of the various branches of the order. Plans for the week-long celebration include meetings by various lodges, addresses by Jewish notables, patriotic exercises and special religious services.

The commemoration of the B'nai B'rith anniversary began with a banquet Sunday night at the Hotel Roosevelt.

Samuel Untermeyer, president of the League for the Defense of Jewish Rights, who was to have been one of the main speakers, declined to attend the banquet because of an article against the boycott of Germany, reprinted in the B'nai B'rith Magazine.

Mr. Untermeyer was to have spoken on "World Jewry." His refusal to speak was made known by the chairman of the celebration committee, Dr. Harold Korn, who acted as toastmaster.

"A reply has been sent to Mr. Untermeyer, expressing keen disappointment at his decision not to speak here," declared Dr. Korn. "It has been made clear to him that the B'nai B'rith Magazine is an open forum for the free expression of opinion. Articles on both sides of controversial subjects, such as Zionism, have appeared in it without in any way being an expression of the Order. Had Mr. Untermeyer availed himself of the opportunity of speaking here, this audience would have welcomed hearing his views on the subject 'World Jewry'."

Speakers at the banquet, which was attended by 500 members of the B'nai B'rith, included Richard E. Gutstadt, Rabbi Abraham Burstein, Rabbi Herbert S. Goldstein, Dr. Harry G. Goldman, Frank Goldman, Horace R. Cohen and Louis Fabricant.

Mr. Aborn was seventy years old and had been on the stage for more than fifty years. Last May, he celebrated his theatrical golden jubilee. He is survived by his widow, Mrs. Marjorie P. Aborn and two daughters.

Mr. Aborn was a member of the Jewish Theatrical Guild.

## Recovery Assembly Votes Study Plan for New Leisure

To meet the new leisure created as a result of the NRA, the National Recovery Assembly convened by the United Synagogue Sunday decided to establish a central bureau which will seek the cooperation of institutions of higher learning. Formal study courses in the field of Bible, history and current events will be organized, seminars dealing with communal and individual problems will be held and courses conducted for leaders and aspirants to leadership of the synagogue and its affiliated institutions. In this way it is hoped that the problem of the new leisure will be met in every community. Credits for these courses will be given and certificates will be issued by the United Synagogue of America.

The assembly adopted a budget of \$50,000, submitted by Israel Silberman, treasurer of the United Synagogue. A campaign among the synagogues to raise this sum will begin at once.

Louis J. Moss, president of the United Synagogue, declared that the NRA is the dawn of a new era for countless thousands, not only economically but spiritually as well. "It represents the fulfillment of one of the chief aims of the socially minded," Mr. Moss said. "And it is the answer to the fervent prayers of religion. What was sought to be accomplished on broad and humanitarian grounds with but very little success has been brought about as an economic measure by governmental decree.

"All distinctions based on social and financial cleavage must be abolished in the synagogue. We must give greater recognition to those who serve and less to those who give," declared Mr. Moss.

A message of congratulation was received from General Hugh S. Johnson, administrator of the NRA, who declared that "the spiritual values incident to and part of such a program cannot be overlooked; and though primarily an economic rehabilitation, its social betterment aspect also is of moment and significance. So the purpose of your assembly to formulate plans for utilizing the greater leisure hours which are accruing to our people through the maximum hours schedule, which have been brought about by the NRA is very much in keeping with the general program."

Greetings were delivered to the assembly by Rabbi Elias Margolis, president of the Rabbinical Assembly of America. "Unless we sense the seriousness of the present situation and suit action to words, Judaism in America will face a great danger," said Rabbi Margolis.

## German-Jewish Groups to Plan Stand on German Day; German Vereins Aid Fete

Robert Rosenbaum, president of the Federation of German Jewish Societies, announced yesterday that a meeting of all German-Jewish vereins will take place the latter part of the week for the purpose of considering the Jewish attitude to be taken on the projected German Day celebration on December 6 at Madison Square Garden.

It is expected that the first guns of opposition to the affair, which will display the swastika emblem, will be sounded at the meeting.

Mr. Rosenbaum said that many leaders of Jewish societies have indicated an eagerness to take action on the matter and define their viewpoint on plans being set forth by the Steuben Society, sponsors of the affair.

### Vereins Aid Fete

While no definite plans for the program of the celebration have been completed as yet, the week-end saw additional support of German societies being swung to the Steuben Society.

The United Plattdeutsch Vereins on Sunday unanimously voted to take part in the celebration, and at the same time the Schwaben Verein of New York warmly applauded their president, Christian Schwarz, when he called upon them to present a united German front at the festivities and urged all Germans and those of German descent to "fight for a place in the sun" for their fatherland. Mr. Schwarz's plea was made at the church fest of the vereins Sunday night at Ebling's Casino.

At the meeting of the Plattdeutsch Vereins, the president, William G. Fust, demanded that the various organizations represented be present at the German Day celebration. One thousand tickets for the affair were distributed among those attending the Sunday session in the German Free Mason Temple.

President Fust was granted special powers of calling the vereins together at a later date in the event of incidents which might affect the celebration.

The vereins adopted a resolution proposed by Gustav Wieboldt, chairman of the New York State Council of the Steuben Society, that all Ger-

mittees into which the assembly was divided were delivered by Dr. Elias Solomon, Harry H. Gochel, Dr. I. David Cohen, and Dr. Israel Goldfarb.

Other speakers were Dr. Samuel Schulman, Rabbi Ira Eisenstein, Rabbi Ario S. Hyams, Rabbi B. Leon Hurwitz, Judge Hyman J. Reit and Rabbi Benjamin Plotnick.

mans and German-Americans be invited to attend the celebration to honor their forebears, who had contributed to the welfare of the United States for the past 250 years.

Steuben Society representatives explained that the assistance of the United German Societies, sponsors of the first German Day celebration, which was suspended by the mayor when it was decided the occasion would be utilized for the dissemination of Nazi propaganda, and the Plattdeutsch societies of Brooklyn had already been secured. They asked that New York Plattdeutsch societies fall in line.

### Luther Expected to Speak

In the meantime the committee in charge of plans for the Steuben Society's German Day celebration has announced that no invitations have been issued to address the German Day gathering. It is generally admitted, however, that Ambassador Hans Luther will be invited to speak in accordance with the tradition of the day, which for many years has featured the German ambassador at Washington as principal spokesman at these affairs.

## Warsaw Rabbinate Asks Pres. Roosevelt to Permit Woman to See Son in U. S.

(J.T.A. Special Correspondence)

WARSAW, Oct. 27.—A letter from the rabbinate of Warsaw to President Roosevelt may be the means of uniting a Jewish mother in Poland with her only son, whom she left with her mother-in-law twenty years ago. The young man is now a student in Cleveland, Ohio.

In 1913, Zeshe Rusne, a widowed seamstress, left her four-year-old son with her mother-in-law in the town of Lomza and went to Warsaw to earn her living. She did not correspond with her mother-in-law, with whom she had quarreled, so that in a short time she lost all contact with her son. When a fit of longing for the child finally seized her, she returned to Lomza, only to find that the mother-in-law had left for the United States and had taken the boy with her.

Zeshe Rusne's desire to see her son grew, and she toiled hard and long to earn passage to the Argentine. The United States would not admit her, but she consoled herself with assurances that being in the Argentine brought her nearer the child.

Twenty years passed, yet the mother found no way to see her son. As a last resort she inserted an advertisement in a New York Jewish newspaper, asking for information about her child. A few months later, the advertisement having brought no answer and Zeshe's second husband, whom she had married in the interim, having also died, the disappointed mother gave up hope of ever seeing her son and returned to Poland.

A few days ago she received a message from the Argentine to the effect that eight days after her departure for Poland, her son had arrived in the Argentine. He had seen the advertisement in the newspaper. Of course, when the young man did not find his mother, he returned very much disappointed to the United States.

Zeshe Rusne, her hope of seeing her son once more aroused, appealed to the rabbinate here to get her a tourist passport to Cleveland. The rabbinate forthwith sent a letter containing the story to President Roosevelt, in the hope that he will take action so that mother and son may meet again.

for smuggling of Jewish immigrants. A reward was announced by the government for the capture of culprits.

Along the northern frontier of the Holy Land, control of traffic was tightened, but only passports held by Jews were carefully examined.

The new regulations governing immigration require a deposit of sixty pounds as surety from Jewish tourists coming from certain countries. This is intended to preclude the possibility that they will overstay.

Tourists now in Palestine are to be questioned, while prospective visitors will be obliged henceforth to undergo examinations. Legal immigration by means of certificates is not to be affected.
