English Fascist Rally Ends in Broken Heads In Factional Battle

(Jewish Telegraphic Agency)

LONDON, Nov. 25.—Charges that the Fascist movement led by Sir Oswald Mosley was financed and controlled by Jews, which appeared in the Blackshirt, organ of the Imperialist Fascist League, which includes anti-Semitism as one of its basic planks, led to the riot here last night which broke up an Imperialist League meeting.

The Imperialist League organ also asserted that Mosley was related to Jews.

A free-for-all fight ensued when the Mosleyites descended on their rivals' meeting. Umbrellas, chairs and benches were used as weapons in a sanguinary fray in which ten men were knocked unconscious and scores of others suffered minor injuries. Among the injured were the Imperialist League's leader, Arnold Leese, and General Blankeney, the chief speaker at the meeting. The organization's flag, the British flag with a swastika mounted on it, was torn in the disorders.

Minister Seeks to End Anti-Jewish Strife in Hungarian Universities

(Jewish Telegraphic Agency)

BUDAPEST, Hungary, Nov. 25.—Steps are being taken by Professor Homan, Minister of Education, to mediate between the embattled students of the universities here who have been breaking the peace on the issue of anti-Semitism.

On Monday, a convention of leaders of the Jewish students and non-Jewish students will be called by Professor Homan, who is eager to settle once and for all the differences between them. By and large, the point of conflict is whether an unlimited number of Jews will be permitted to pursue higher studies, a situation which pro-Nazi nationalistic students do not relish.

In Debrecen, particularly, where Nazi sympathizers abound, the trouble has been rife, and the Minister is bending every effort to reopen the higher educational institutions and end the rioting.

Vaad Leumi Scores Palestine Government Drive on Jews "Illegally" in the Country

(Jewish Telegraphic Agency)

JERUSALEM, Nov. 25.—The Vaad Leumi, the Jewish National Council of Palestine, meeting today, denounced the Palestine administration's hunt for Jews illegally in the country as a "disgrace to any civilized government."

A resolution adopted by the Council calls on the Jews of Palestine for systematic opposition to the restrictive immigration policy of the government as not consonant with the actual absorptive capacity of the country.

Just prior to the recent Arab disturbances, the Palestine government rejected the request of the Jewish Agency for Palestine for 25,000 immigration certificates for Jews. The Agency had based its request on the labor needs of the country. The government allotted 5,500 certificates for a six months' period.

Following the riots, the government embarked on a series of stern measures to round up Jewish settlers in the country who had entered illegally. The harshness of the measures and the summary treatment accorded illegal immigrants has created much resentment among the Jewish population.

Berlin Says Law on Status Of Jews Still in the Making

(Jewish Telegraphic Agency)

BERLIN, Nov. 25.—No official information is available here regarding revelations in the London Daily Herald of the reported terms of the law fixing the status of the Jews in the Third Reich, the Jewish Telegraphic Agency was informed today. It was stated that the law is still in course of preparation.

The possibility is not excluded, it is believed here, that the information contained in the Daily Herald's dispatch, is correct and was deliberately allowed to leak out for dispatch abroad as a feeler to the reaction of public opinion abroad to the contemplated proposals of the law.

Cuban Terror Reign Perils Island's Jewish Population; Official Bar Feared Planned

(Jewish Telegraphic Agency)

HAVANA, Nov. 25.—Reports that the present Cuban government is projecting a new series of regulations governing immigration and activities of aliens are causing grave anxiety to the Jewish community in view of apparent official hostility to the Jews.

The restrictions, it is understood, will impose serious difficulties in the path of Jews and other aliens seeking employment here. A compulsory passport system under which the price of a passport will be virtually prohibitive for most of the Jewish community, and provisions expected to reduce the number of Jews allowed entry to the country to ten a year are also reported as to be enacted.

Added to these fears of official action, the Jews in Cuba have to put up with an increasing reign of terror, of robberies and hold-ups. Armed bands of soldiers, under the pretext of searching for arms, are holding up Jews and robbing their homes.

Elimination of Jews In Dental Profession Is Reich's New Plan

(Jewish Telegraphic Agency)

BERLIN, Nov. 25.—The intention of the German government to eliminate Jews from the dental profession within three years was revealed last night at a meeting of 2,000 dentists convened by the Reichs Ministry of the Interior in conjunction with the Nazi party.

It was officially announced at the meeting that every dentist will have to undergo new state examinations without consideration of his period of practice. By this device, the Jews will be exposed to a policy of complete elimination from the profession. The reexamination of all practicing dentists will be completed by December, 1936.

An order issued in conjunction with the reexamination decree forbids dentists to appoint their own apprentice practitioners without the

25 Jews Ordered Expelled From Santo Domingo

Twenty-five Jews who were ordered by the government of Santo Domingo to leave that country at once will be enabled to go elsewhere in safety with the aid of a sum of money appropriated for that purpose by the board of directors of HIAS in New York.

The Santo Domingan Jews were arrested on the charge that they engaged in business, which, as foreigners, they may not do. All were sentenced to deportation, but the government has no money for such purposes and the usual procedure in such cases is to escort the individuals to be deported to the Haitian border, where they are left to the mercy of the border-watch.

Connecticut Cities Form Anti-Defamation Groups

(Jewish Daily Bulletin)

NEW BRITAIN, Conn., Nov. 25—Special committees are being organized in this city, Hartford and Middletown to secure support for the activities of the B'nai B'rith Anti-Defamation League and the Hillel Foundations, following an address here by Judge Myron Sulzberger of New York at a combined meeting of the B'nai B'rith lodges of the three communities. Judge Morris D. Saxe of this city presided at the meeting.

Choice of Morgenthau Angers Anti-Semitic Group in Southwest

(Jewish Daily Bulletin)

OKLAHOMA CITY, Okla., Nov. 25—The appointment of Henry Morgenthau, Jr., as Under Secretary and Acting Secretary of the Treasury by President Roosevelt last week is described as a long step toward complete "control of the money of the world" by Jews, in the current issue of The Silver Legion Ranger, weekly newspaper published here by William Dudley Pelley, violent anti-Semitic leader.

A front page story in the four-page newspaper says that in Jewish circles "it is possible to hear comments concerning world dominion of the Jews in the field of finance or economics. They have wound around curves of a long long trail to reach this point."

The story quotes the notorious "Protocols of Zion," supposed international gospel for the Jewish people in which plans are laid for the complete domination of world monetary affairs by the Jews.

"The world control of gold," continues the story, "by Jews is explained in Protocol Number 22 of the Protocols of Wise Men of Zion, 'We hold in our hands the greatest modern power—gold; in two days we could free it from our treasuries in any desired quantity'."

Later in the article, the Silver Ranger writer says:
 "The German people came under the economic slavery of Jewish bankers. By a system of financial pyramiding, interlocking directorates, allocation of spheres of influence, credit extended through state-subsidized land banks, control of cooperative societies and the machinery of distribution and marketing, social insurance schemes, money inflation, the Jewish powers attempted to strangle the German people."

The leading story on the front page of The Silver Legion Ranger carries the headline "Russia Recognized; Gates Opened Wide to Red Invasion," and is followed with the announcement that "Facts About Jewish Russia Would Cause Revolt at President's Action Toward Recognition If Accurately Known to Americans."

More than a dozen columns are devoted to Russian recognition, and "Jewish Communistic plans to seize the food supply of the world." One story assails "simple-pated Americans" who expect "red terrorists" to be "nice."

"The most dastardly tragedy ever perpetrated upon the American people is being enacted in Washington in these fraught weeks, with malice a forethought, by a set of political

Economic Distress Among Polish Jews Described in Bid for Government Aid

(J.T.A. Special Correspondence)

WARSAW, Nov. 11—The Jewish Economic Committee has submitted a memorandum to the directors of the State Labor Fund, the Minister of Social Welfare and the Prime Minister's Office, describing the economic distress among the Jewish population, and demanding government assistance.

"The economic crisis has hit the Jewish population severely," says the memorandum, "and has ruined the opportunity for livelihoods of thousands."

"In many branches of industry as much as 80 percent of the Jewish workers are unemployed, and among Jewish artisans unemployment is between 60 and 80 per cent. Conditions in trading are almost as bad."

"About 200,000 Jewish families in Poland are living below the poverty line," the memorandum declares, "and more than 100,000 Jewish families are utterly destitute."

"The Jewish professional and intellectual classes are finding themselves increasingly deprived of all means of earning their livelihood."

"The public works started by the State Labor Fund for the relief of unemployment and by the various enterprises which it subsidizes do not employ Jewish workers," the memorandum complains.

"Taking into account the peculiar economic structure of the Jewish population," the memorandum proceeds, "we consider that it is essential that the Labor Fund should allocate funds specifically for the alleviation of the distress among the Jewish population."

"The Jewish Economic Committee therefore appeals to the Labor Fund (1) to insist that in all the enterprises subsidized by the Labor Fund there must be no religious or national discrimination in engaging workers; (2) to subsidize the employment relief work of the Jewish communities; (3) to grant credit aids to the Jewish productive co-operatives, Jewish industrialists and Jewish agriculturists; (4) to require the District Government offices to include Jews who are in distress in their first-aid economic relief activities, such as the provision of free meals, etc.; (5) to create new employment openings for those sections of the Jewish population that have

officials blithely entrusted by an adolescent electorate with the destinies of the American people," the Silver Shirt publication declares.

French Meet to Fight Anti-Semitism; Forty Provinces Represented

(Jewish Telegraphic Agency)

PARIS, Nov. 25—Three hundred delegates and a thousand guests attended the opening tonight of the fourth congress of the League to Combat Anti-Semitism. Delegates present represented forty French provinces, Tunis and Algiers. A message of greeting to the congress was received from Professor Albert Einstein, who is now in the United States.

Bernhard Lacache, presiding over the congress, in a moving speech opening the session, thanked France for giving refuge to fugitives from the Nazis. His expressions were received with an ovation by the delegates.

The congress will discuss development of the boycott against German goods and is expected to conclude its deliberations tomorrow.

Poles Press Compensation Demand for 200 Jewish Citizens Nazis Injured

(Jewish Telegraphic Agency)

WARSAW, Poland, Nov. 25—The claim for compensation is being pressed by the Polish embassy in Berlin on behalf of two hundred Polish Jews who were subjected to physical attacks by Nazis. The compensation claims were made upon the German government again today by the Polish embassy at Berlin.

They were advanced some two months ago but were ignored. The Poles are demanding that settlement be made at once.

Funeral Services Held For Rabbino, Civic Worker

Funeral services were held at noon yesterday at Temple Adath Israel, the Bronx, for Bernhard Rabbino, civic worker and former rabbi, who died Friday after an illness of two years. He was seventy-three years old. Interment was in Brith Abraham cemetery, Newark, N. J.

Born in Russia, Mr. Rabbino studied for the rabbinate and occupied pulpits in several American cities. He gave up the rabbinate to study law and engaged in practice on the East Side, where he became widely known for his legal and financial assistance to distressed families.

He was the first counsel for the Legal Aid Bureau of the Educational Alliance and one of the leaders in the movement to have domestic relations courts established.

He is survived by his widow, four daughters, a brother and two sisters.

Col. Emerson Called U. S. Agent of Nazis In Article in Nation

According to The Nation, which in its current issue describes Nazi activities in the United States, Colonel Edwin Emerson, long time affiliate with German newspapers and a well-known figure in Berlin, where he spent many months as a prisoner of war during the World War, is the representative of the Nazi Party interests in the United States. His appointment came on November 7, according to the article. Ludwig Lore is author of the article.

The Nation discloses a startling hook-up between the German diplomatic bodies in the United States and Heinz Spanknoebel, fugitive leader of the League of Friends of New Germany, and asserts that the German Consulate General furnishes both the brains and money for Nazi propaganda activities in this country. It is charged that Spanknoebel had negotiated with Dr. Rudolf Leitner, counselor for the German Embassy at Washington; the ambassador, Dr. Hans Luther; the present German consul general, Dr. Hans Borchers, and the former consul general, Dr. Otto Kiep.

It is asserted that the Silver Shirt movement, with William Dudley Pelley at its head, and the rapid growth of the Ku Klux Klan are due to cooperation with Nazi agents here.

Mentioned as Emerson's assistants are T. St. John Gaffney, former American Consul General in Munich; Frederick Franklin Schrader, war-time pro-German propagandist; Lt. Col. Henry W. Torney, Dr. John Hoving, M. E. Griswold, Joseph J. O'Donoghue, Poulney Bigelow, Ferdinand Hansen and others.

George Sylvester Viereck is stated to have made a trip to Germany recently to gain material for syndicated articles on the Hitler Government, while Carl Byoir, whose office is next to that of Viereck at 10 East 40th Street, is said to be distributing informative material on the New Germany.

Bar Jewish Firms at Trade Fair in Saxony

(Jewish Telegraphic Agency)

BERLIN, Nov. 25—All Jewish firms have been refused admission to the Brown Fair of Lower Saxony, which opened today at Hanover. The exclusion order was issued despite recent decrees of Minister of Economics Dr. Kurt Schmitt, that Jewish firms be not discriminated against in the interest of German trade.

U. S. Participation in 1936 Olympics Awaits Change of Nazi Treatment of Jews

The pressure being brought against the German Olympic Committee by the two outstanding American sports organizations to end its discrimination against German Jewish athletes, pressure which crystallized in a resolution threatening American withdrawal of its participation in the 1936 Olympiad, will reach a climax in February. At this time judgment will be passed on the behavior of the German body toward Jewish athletes, and upon the decision hinges the question as to whether the games will take place in Berlin.

Charles L. Ornstein, member of the executive committee of the American Olympic Committee and delegate of the Jewish Welfare Board, in an interview, said Saturday that the support of foreign sports bodies will undoubtedly be

Museum and University Send Joint Expedition to Explore Palestine Site

The Roman-Byzantine ruins of Esbeita, in southern Palestine, will be explored by a joint expedition of New York University and the Metropolitan Museum of Art, it was announced Saturday by Chancellor Harry Woodburn Chase of the university. The expedition, to be known as the Colt Archaeological Expedition, will be directed by H. Dunscombe Colt, who has been associated with Sir Flinders Petrie in work at Gaza.

Mr. Colt is now en route to Palestine. The other members of the expedition are to leave shortly.

Jews Turn to Catholicism In Antwerp and Elsewhere

Conversions to Catholicism among Jews include many in the city of Antwerp, Belgium, according to the Belgian correspondent of the National Catholic Welfare Conference News Service.

"The conversions among Jews now being recorded in many European countries, particularly in large cities, include many in this city, where the Ladies of Zion conduct a boarding and day school," he writes.

"The apostolate among the Jews here is similar to that being carried on in London by the Rev. Arthur Day, S. J., who cooperates with the Fathers of Zion, who have their headquarters at the convent of Our Lady of Zion, in London. The Catholic Guild of Israel was founded in London, in 1917, on the very day that Jerusalem was taken by the British troops."

given to the resolutions passed by the American Olympic Committee and the Amateur Athletic Union. Both resolutions in effect threaten withdrawal of American support of the Olympic games to be held in Berlin unless Jewish athletes are treated with the same regard extended other athletes.

Mr. Ornstein said that he is satisfied with the stand taken at the convention of the A.O.A. in Washington. The resolution passed there, based on the A.A.U. resolution, caused considerable dissension at the meeting when Brigadier-General Charles H. Sherrill warned that widespread anti-Semitism might result if the resolution were to threaten Germany. A special committee, including among its members both General Sherrill and Mr. Ornstein, reached a decision which had the support of the organization membership.

Mr. Ornstein said he is planning to visit Germany before the end of the year, and investigate personally the treatment accorded Jewish athletes.

Mr. Ornstein is a member of the housing committee of the A.O.A. and for twenty years has been engaged in athletic affairs.

a dealer in gold, is one of the latest victims of this practice. Harbin's home was raided by armed soldiers in the dead of night and he was robbed of \$8,000 after soldiers had threatened him with death.

David Ginzberg, a peddler, was "arrested" on the street during the day. Later, his house was searched, ten dollars hidden there stolen and he was released.

Three Jewish bakeries in the heart of the Jewish district were raided and robbed. The usual provocation for raids on business establishments is the government drive now under way to enforce observance of the decree giving native-born Cubans preference in employment and directing that at least fifty percent of the workers in any establishment must be native born.

in the past few weeks, has become very active in the provinces, particularly in the districts which have elected Jews to the House of Commons. Their latest meeting in the provinces was at the Isle of Ely, which James Rothschild represents in the House.

At that meeting, speakers repeated the well-known Nazi arguments and Leese, replying to questions from the floor, declared that a single state could not solve the Jewish question but asserted that Fascist states, working together, would be able to decide what to do with the Jews and where to send them.

In the meantime, he urged, citizenship should be withdrawn from British Jews. They should not be allowed to enter the government services, should be prohibited from owning land and "Jewish-controlled international finance" should be broken up.
